Item 1.01 Conflict Minerals Disclosure and Report

Conflict Minerals Disclosure

With respect to products manufactured by or contracted to be manufactured by the Registrant and for which the Registrant believes conflict minerals (as defined in Item 1.01(d)(3) of Form SD) are necessary to the functionality or production of the product, the Registrant has conducted a reasonable country of origin inquiry to determine whether any of the conflict minerals originated in the Democratic Republic of the Congo or an adjoining country, or are from recycled or scrap sources. Based on that inquiry, the Registrant is unable to determine that (i) all necessary conflict minerals did not originate in the Democratic Republic of the Congo or an adjoining country, (ii) there is no reason to believe that any necessary conflict minerals may have originated, in the Democratic Republic of the Congo or an adjoining country, or (iii) all necessary conflict minerals came from recycled or scrap sources. Accordingly, the Registrant has completed a Conflict Minerals Report, which is filed herewith as Exhibit 1.01, and is available at <http://cdn.media.thewaltdisneycompany.com/cdnmedia/corporatecitizenship/documents/conflictmineralsreport2014.pdf>.
