AMENDMENT TO OUR ARTICLES OF INCORPORATION TO INCREASE OUR AUTHORIZED SHARES OF COMMON STOCK

General

On August 1, 2011, the Board of Directors of the Company unanimously approved an amendment to our Articles of Incorporation to increase the number of authorized shares of Common Stock from two hundred million (200,000,000) shares to one billion (1,000,000,000) shares, par value \$0.001 per share.

The Board of Directors of the Company believes it is desirable to do so in anticipation of adopting an incentive stock option plan and having recently converted four promissory notes to shares of Common Stock. Also, the increase in the authorized number of shares of Common will enable us to engage in (i) possible future financings and (ii) such other corporate purposes as the Board of Directors determines in its discretion. Currently, we have no plans to issue any additional shares of Common Stock other than to fund our incentive stock option plan which will be funded with 50,000,000 shares of Common Stock.

Approval of the amendment required the consent of the holders of a majority of the outstanding shares of our common stock, as of the Record Date. David Saltreli, one of our is our Majority Stockholder who owns approximately 54.32% of the outstanding shares of our common stock as of the Record Date and has given its consent to the amendment, and, accordingly, the requisite stockholder approval for this action was obtained by the execution of the Majority Stockholder's written consent in favor of the action. We do not intend to seek additional stockholder approval prior to the effectiveness of this action. This Information Statement is being mailed to you solely for your information. We are not providing you with a proxy and you are not requested to send a proxy.

The names of those approving the name change appear below:

AMENDMENT TO ARTICLES OF INCORPORATION

Approximately twenty (20) days after this Information Statement has first been sent or given to stockholders, our Articles of Incorporation

REASONS FOR THE AMENDMENTS

We are currently authorized to issue 200,000,000 shares of Common Stock. Currently, there are 198,839,513 shares of Common Stock outstanding. After the increase in the authorized number of shares of Common Stock, there will be available for issuance, 801,160,487 shares of our Common Stock. The terms of the additional shares of Common Stock will be identical to those of the currently outstanding shares of Common Stock. The Share Increase Amendment will not alter the current number of issued shares. The relative rights and limitations of the shares of Common Stock would remain unchanged under the Share Increase Amendment.

The availability of additional authorized shares of Common Stock will enable us to engage in (i) possible future financings and (ii) such other corporate purposes as the Board of Directors determines in its discretion, and (iii) fund our proposed incentive stock option plan with 50,000,000 shares of Common Stock. These corporate purposes may include future stock splits, stock dividends or other distributions, future financings, acquisitions and stock options and other equity benefits under our employee benefit plans. Currently we have no plans to issue shares for the foregoing other than the incentive stock option plan.

CERTAIN AFFECTS OF THE AMENDMEN TO INCREASE OUR AUTHORIZED CAPITAL

The increase in authorized shares of Common Stock is not being proposed as a means of preventing or dissuading a change in control or takeover of us. However, use of these shares for such a purpose is possible. Authorized but unissued or unreserved Common Stock, for example, could be issued in an effort to dilute the stock ownership and voting power of persons seeking to obtain control of us or could be issued to purchasers who would support the Board of Directors in opposing a takeover proposal. In addition, the increase in authorized shares of Common Stock, if approved, may have the effect of discouraging a challenge for control or make it less likely that such a challenge, if attempted, would be successful. The Board of Directors and our executive officers have no knowledge of any current effort to obtain control of us or to accumulate large amounts of shares of our Common Stock.

The holders of shares of our Common Stock are not entitled to preemptive rights with respect to the issuance of additional shares of Common Stock or securities convertible into or exercisable for shares of Common Stock. Accordingly, the issuance of additional shares of our Common Stock or such other securities might dilute the ownership and voting rights of stockholders.

The proposed amendment to the Articles of Incorporation does not change the terms of the Common Stock. The additional shares of Common Stock for which authorization is sought will have the same voting rights, the same rights to dividends and distributions and will be identical in all other respects to the Common Stock now authorized.

If approved by stockholders, it is anticipated that the amendment to the Articles of Incorporation will become effective upon the filing of the Amended Articles of Incorporation with the Secretary of State for the State of Nevada, which filing is expected to occur 20 days after this Information Statement is mailed to shareholders.

STOCK OWNERSHIP

The following table sets forth certain information concerning the number of shares of our common stock owned beneficially as of August 22, 2010 by: (i) each person (including any group) known to us to own more than five percent (5%) of any class of our voting securities, (ii) each of our directors, (iii) each of our named executive officers; and (iv) officers and directors as a group. Unless otherwise indicated, the shareholder listed possesses sole voting and investment power with respect to the shares shown.

Title of Class	Name of Beneficial Owner	Amount and Nature of Beneficial Ownership	Percentage of Common Stock(1)
DIRECTORS AND EXECUTIVE OFFICERS			
Common Stock	David Saltrelli President and Director	108,000,000 Direct	54.32%
Common Stock	Peter Schuster Secretary, Treasurer and Director	0	0%
Common Stock	All Directors and Executive Officers as a Group (2 people)	108,000,000	54.32%

- (1) Based on 198,839,523 shares of our common stock issued and outstanding as of August 22, 2011, Under Rule 13d-3, certain shares may be deemed to be beneficially owned by more than one person (if, for example, persons share the power to vote or the power to dispose of the shares). In addition, shares are deemed to be beneficially owned by a person if the person has the right to acquire the shares (for example, upon exercise of an option) within 60 days of the date as of which the information is provided. In computing the percentage ownership of any person, the amount of shares outstanding is deemed to include the amount of shares beneficially owned by such person (and only such person) by reason of these acquisition rights. As a result, the percentage of outstanding shares of any person as shown in this table does not necessarily reflect the person's actual ownership or voting power with respect to the number of shares of common stock actually outstanding on August 22, 2011.

MARKET FOR OUR COMMON STOCK

Our shares of common stock are traded on the Bulletin Board operated by the Financial Industry Regulatory Authority (the “Bulletin Board”) under the trading symbol “NSAV.”
