BECAUSE OF THE SIGNIFICANCE OF THESE PROPOSALS TO THE COMPANY AND ITS STOCKHOLDERS, IT IS VITAL THAT EVERY STOCKHOLDER VOTE AT THE ANNUAL MEETING IN PERSON OR BY PROXY.

These proposals are fully set forth in the accompanying Proxy Statement, which you are urged to read thoroughly. For the reasons set forth in the Proxy Statement, your Board of Directors recommends a vote "FOR" Proposals 1 - 4. PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of eMagin Corporation (“eMagin” or the “Company”) to be voted at the Annual Meeting of Stockholders (“Annual Meeting”) which will be held at the offices of Sichenzia Ross Friedman Ference LLP at 61 Broadway, New York, New York 10006 on Friday, May 17, 2013, at 10:00 a.m. Eastern Time, and at any postponements or adjournments thereof. The proxy materials will be furnished to stockholders on or about April 1, 2013. If you require directions to the Annual Meeting please call (212) 930-9700.

REVOCABILITY OF PROXY AND SOLICITATION

Any stockholder executing a proxy that is solicited hereby has the power to revoke it prior to the voting of the proxy. Revocation may be made by attending the Annual Meeting and voting the shares of stock in person, or by delivering to the Secretary of the Company at the principal office of the Company prior to the Annual Meeting a written notice of revocation or a later-dated, properly executed proxy. Solicitation of proxies may be made by directors, officers and other employees of the Company by personal interview, telephone, facsimile transmittal or electronic communications. No additional compensation will be paid for any such services. This solicitation of proxies is being made by the Company which will bear all costs associated with the mailing of this proxy statement and the solicitation of proxies.

INTERNET AND ELECTRONIC AVAILABILITY OF PROXY MATERIALS

Under rules adopted by the Securities and Exchange Commission (the “SEC”), the Company is making this Proxy Statement and the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2012 available on the Internet instead of mailing a printed copy of these materials to each stockholder. Stockholders who received a Notice of Internet Availability of Proxy Materials (the “Notice”) by mail will not receive a printed copy of these materials other than as described below. Instead, the Notice contains instructions as to how stockholders may access and review all of the important information contained in the materials on the Internet, including how stockholders may submit proxies by telephone or over the Internet.

If you received the Notice by mail and would prefer to receive a printed copy of the Company's proxy materials, please follow the instructions for requesting printed copies included in the Notice.

RECORD DATE

Stockholders of record at the close of business on March 21, 2013, will be entitled to receive notice of, attend and vote at the meeting.

INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Why am I receiving these materials?

eMagin Corporation has made these materials available to you on the Internet or, upon your request, has delivered printed versions of these materials to you by mail, in connection with the Company's solicitation of proxies for use at the Annual Meeting of Stockholders to be held on May 17, 2013, at 10:00 a.m. local time at 61 Broadway, 32nd Floor, New York, New York 10006. These materials describe the proposals on which the Company would like you to vote and also give you information on these proposals so that you can make an informed decision. We are furnishing our proxy materials on or about April 1, 2013 to all stockholders of record entitled to vote at the Annual Meeting.

What is included in these materials?

These materials include:

- this Proxy Statement for the Annual Meeting;
- the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2012; and
- if you requested printed versions of these materials by mail, these materials also include the proxy card or vote instructions for the Annual Meeting.

What is the proxy card?

The proxy card enables you to appoint Andrew Sculley, our Chief Executive Officer, and Paul Campbell, our Chief Financial Officer, as your representatives at the Annual Meeting. By completing and returning a proxy card, you are authorizing these individuals to vote your shares at the Annual Meeting in accordance with your instructions on the proxy card. This way, your shares will be voted whether or not you attend the Annual Meeting.

What is the purpose of the Annual Meeting?

At our Annual Meeting, stockholders will act upon the matters outlined in the Notice of Annual Meeting on the cover page of this Proxy Statement, including (i) the election of eight persons named herein as nominees for directors of the Company, to hold office subject to the provisions of the bylaws of the Company, until the next annual meeting of stockholders and until their successors are duly elected and qualified, (ii) approval of the eMagin Corporation 2013 Incentive Stock Plan, (iii) ratification of the appointment of McGladrey, LLP as the Company's independent auditors for the fiscal year ending December 31, 2013, and (iv) to conduct an advisory vote on executive compensation. In addition, management will report on the performance of the Company during fiscal year 2012 and respond to questions from stockholders.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of the number of shares of common stock and Series B Convertible Preferred Stock (on an as-converted basis with the common stock) issued and outstanding on the record date will constitute a quorum permitting the meeting to conduct its business. As of the record date, there are 23,687,196 shares of eMagin common stock and 5,659 shares of Series B Convertible Preferred Stock, convertible into 7,545,333 shares of common stock, issued and outstanding. Each share of Series B Convertible Preferred Stock is entitled to voting rights equal to the number of shares of common stock issuable upon conversion of

the Series B Convertible Preferred Stock. Thus, the presence of the holders of common stock and Series B Convertible Preferred Stock (on an as-converted basis with the common stock) representing at least 15,616,265 votes will be required to establish a quorum.

What is the difference between a stockholder of record and a beneficial owner of shares held in street name?

Most of our stockholders hold their shares in an account at a brokerage firm, bank or other nominee holder, rather than holding share certificates in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially in street name.

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials this year instead of a full set of proxy materials?

Pursuant to rules adopted by the SEC, the Company has elected to provide access to its proxy materials over the Internet. Accordingly, the Company is sending the Notice to the Company's stockholders of record and beneficial owners. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. The Company encourages you to take advantage of the availability of the proxy materials on the Internet.

What does it mean if I receive more than one Notice?

You may have multiple accounts at the transfer agent and/or with brokerage firms. Please follow directions on each Notice to ensure that all of your shares are voted.

How can I get electronic access to the proxy materials?

The Notice will provide you with instructions regarding how to:

- view the Company's proxy materials for the annual meeting on the Internet;
- request hard copies of the materials; and
- instruct the Company to send future proxy materials to you electronically by email.

Choosing to receive future proxy materials by email will save the Company the cost of printing and mailing documents to you and will reduce the impact of the Company's annual meetings on the environment. If you choose to receive future proxy materials by email, you will receive an email message next year with instructions containing a link to those materials and a link to the proxy voting website. Your election to receive proxy materials by email will remain in effect until you terminate it.

Stockholder of Record

If on March 21, 2013, your shares were registered directly in your name with our transfer agent, Continental Stock Transfer & Trust Company, you are considered a stockholder of record with respect to those shares, and the Notice of Annual Meeting and Proxy Statement was sent directly to you by the Company. As the stockholder of record, you have the right to direct the voting of your shares by returning the proxy card to us. Whether or not you plan to attend the Annual Meeting, if you do not vote over the Internet, please complete, date, sign and return a proxy card to ensure that your vote is counted.

Beneficial Owner of Shares Held in Street Name

If on March 21, 2013, your shares were held in an account at a brokerage firm, bank, broker-dealer, or other nominee holder, then you are considered the beneficial owner of shares held in "street name," and the Notice of Annual Meeting & Proxy statement was forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As the beneficial owner, you have the right to direct that organization on how to vote the shares held in your account. However, since you are not the stockholder of record, you may not vote these shares in person at the Annual Meeting unless you receive a valid proxy

from the organization.

How do I vote?

Stockholders of Record. If you are a stockholder of record, you may vote by any of the following methods:

- Via the Internet. You may vote by proxy via the Internet by following the instructions provided on the enclosed Proxy Card.
- By Telephone. You may vote by calling the toll free number found on the Proxy Card.
- By Mail. You may vote by completing, signing, dating and returning your proxy card in the pre-addressed, postage-paid envelope provided.
- In Person. You may attend and vote at the Annual Meeting. The Company will give you a ballot when you arrive.

6

Beneficial Owners of Shares Held in Street Name. If you are a beneficial owner of shares held in street name, you may vote by any of the following methods:

- Via the Internet. You may vote by proxy via the Internet by following the instructions provided on the enclosed Proxy Card.
- By Telephone. You may vote by proxy by calling the toll free number found on the vote instruction form.
- By Mail. You may vote by proxy by filling out the vote instruction form and returning it in the pre-addressed, postage-paid envelope provided.
- In Person. If you are a beneficial owner of shares held in street name and you wish to vote in person at the Annual Meeting, you must obtain a legal proxy from the organization that holds your shares.

Abstentions and broker non-votes

While the inspectors of election will treat shares represented by Proxies that reflect abstentions or include "broker non-votes" as shares that are present and entitled to vote for purposes of determining the presence of a quorum, abstentions or "broker non-votes" do not constitute a vote "for" or "against" any matter and thus will be disregarded in any calculation of "votes cast." However, abstentions and "broker non-votes" will have the effect of a negative vote if an item requires the approval of a majority of a quorum or of a specified proportion of all issued and outstanding shares.

Brokers holding shares of record for customers generally are not entitled to vote on "non-routine" matters, unless they receive voting instructions from their customers. As used herein, "uninstructed shares" means shares held by a broker who has not received voting instructions from its customers on a proposal. A "broker non-vote" occurs when a nominee holding uninstructed shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that non-routine matter. In connection with the treatment of abstentions and broker non-votes, the proposed ratification of McGladrey, LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013 is considered a "routine" matter. Accordingly, brokers are entitled to vote uninstructed shares with respect to this proposal.

What happens if I do not give specific voting instructions?

Stockholders of Record. If you are a stockholder of record and you:

- indicate when voting on the Internet or by telephone that you wish to vote as recommended by the Board of Directors, or
- sign and return a proxy card without giving specific voting instructions,

then the proxy holders will vote your shares in the manner recommended by the Board of Directors on all matters presented in this proxy statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting.

Beneficial Owners of Shares Held in Street Name. If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, under the rules of various national and regional securities exchanges, the organization that holds your shares may generally vote on routine matters, such as the ratification of McGladrey, LLP as the Company's independent registered public accounting firm

for the year ending December 31, 2013, but cannot vote on non-routine matters, such as the election of directors.

What are the Board's recommendations?

The Board's recommendation is set forth together with the description of each item in this Proxy Statement. In summary, the Board recommends a vote:

- for election of the eight (8) directors nominated by the Company to hold office subject to the provisions of the Bylaws of the Company, until the next annual meeting of stockholders and until their successors are duly elected and qualified;

- for ratification of the eMagin Corporation 2013 Incentive Stock Plan; and

- for ratification of the appointment of McGladrey, LLP as the Company's independent auditors for fiscal year 2013; and
- for approval of executive compensation disclosed in this Proxy Statement of the Company's executive officers who are named in this Proxy Statement's Summary Compensation Table,

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion.

Dissenters' Right of Appraisal

Holders of shares of our Common Stock or Series B Convertible Preferred Stock do not have appraisal rights under Delaware law or under the governing documents of the Company in connection with this solicitation.

How Are Proxy materials delivered to households?

Only one copy of the Company's 10-K for the fiscal year ending December 31, 2012 and this Proxy Statement will be delivered to an address where two or more stockholders reside with the same last name or who otherwise reasonably appear to be members of the same family based on the stockholders' prior express or implied consent.

We will deliver promptly upon written or oral request a separate copy of the Company's 10-K for the fiscal year ending December 31, 2012 and this Proxy Statement upon such request. If you share an address with at least one other stockholder, currently receive one copy of our Annual Report and Proxy Statement at your residence, and would like to receive a separate copy of our Annual Report and Proxy Statement for future stockholder meetings of the Company, please specify such request in writing and send such written request to eMagin Corporation, 3006 Northrup Way, Suite 103, Bellevue, WA 98004; Attention: Corporate Secretary.

Interest of Officers and Directors in Matters to Be Acted Upon

Except for the election to our Board of the eight nominees set forth herein, none of our officers or directors has any interest in any of the matters to be acted upon at the Annual Meeting.

** Beneficial Ownership is determined in accordance with the rules of the SEC and generally includes voting or investment power with respect to securities. Shares of common stock subject to options, warrants, or preferred shares exercisable or convertible within 60 days of March 21, 2013 are deemed outstanding for computing the percentage of the person holding such option or warrant. Percentages are based on a total of 35,957,791 shares: 23,687,196 shares of common stock outstanding on March 21, 2013 and 12,270,595 shares issuable upon the exercise of options, warrants exercisable and preferred shares convertible on or within 60 days of March 21, 2013, as described below.

(1) This figure represents: (i) 5,316,826 shares of common stock owned by Stillwater Holdings LLC (f/k/a Stillwater LLC), which includes 4,250,000 shares of common stock placed with Flat Creek Fiduciary Management LLC as trustee of a trust for the benefit of minor beneficiaries of the sole member of Stillwater Holdings LLC, in which the sole member of Stillwater Holdings LLC has investment control, and 783,325 shares of common stock owned by Rainbow Gate Corporation of which the sole member of Stillwater Holdings LLC is the investment manager; (ii) warrants held by Stillwater Holdings LLC to purchase 1,000,000 shares of common stock and (iii) 6,314,666 shares of common stock underlying convertible preferred shares which includes 937,333 shares of common stock underlying convertible preferred shares held by Rainbow Gate Corporation of which the sole member of Stillwater Holdings LLC is the investment manager. Stillwater Holdings LLC (f/k/a Stillwater LLC) and Ginola Limited are beneficially owned by separate parties and therefore do not exert voting control over one another. However, Stillwater LLC does include the shares held by Rainbow Gate Corporation as “beneficially owned” since the sole member of Stillwater Holdings LLC is investment manager and sole director of Rainbow Gate Corporation and exerts voting control over such shares but Stillwater Holdings LLC disclaims beneficial ownership of such shares. During 2012, the Compensation Committee held 6 meetings in person or through conference calls.

Governance and Nominating Committee

The Governance and Nominating Committee is responsible for considering potential Board members, nominating Directors for election to the Board, implementing the Company's corporate governance policies, and for all other purposes outlined in the Governance and Nominating Committee Charter, which is posted on our Corporate Governance landing page, under the tab labeled "Investors" on our website at <http://www.emagin.com>. The

current members of the Governance and Nominating Committee are Claude Charles (Chairman), Paul Cronson, Stephen Seay and Christopher Brody. During 2012, the Governance and Nominating Committee held 5 meetings in person or through conference calls.

Strategy Committee

The primary purpose of the Strategy Committee is to be responsible to the Board of Directors for the oversight of the Company's Strategic Plan. The Strategy Committee will maintain an on-going, cooperative, interactive strategic planning process with the Company's executive management, including the identification, setting and maintenance of strategic goals and expectations as well as the review of potential acquisitions, joint ventures, and strategic alliances. The Strategy Committee held 11 meetings in person or through conference calls. Its current members are Leslie Polgar (Chairman), Jill Wittels and Stephen Seay.

Nomination of Directors

As provided in its charter, the Governance and Nominating Committee is responsible for identifying individuals qualified to become directors. The Governance and Nominating Committee seeks to identify director candidates based on input provided by a number of sources, including (1) the Governance and Nominating Committee members, (2) our other directors, (3) our stockholders, (4) our Chief Executive Officer or Chair of the Board, and (5) third parties such as service providers. In evaluating potential candidates for director, the Governance and Nominating Committee considers the entirety of each candidate's credentials.

Qualifications for consideration as a director nominee may vary according to the particular areas of expertise being sought as a complement to the existing composition of the Board of Directors. However, at a minimum, candidates for director must possess:

- high personal and professional ethics and integrity;
- the ability to exercise sound judgment;
- the ability to make independent analytical inquiries;
- a willingness and ability to devote adequate time and resources to diligently perform Board and committee duties; and
- the appropriate and relevant business experience and acumen.

The Governance and Nominating Committee will consider nominees recommended by stockholders if such recommendations are made in writing to the committee. The Governance and Nominating Committee does not plan to change the manner in which the committee evaluates nominees for election as a director based on whether the nominee has been recommended by a stockholder or otherwise.

The Governance and Nominating Committee does not have a formal policy relating to diversity among directors. In considering new nominees and whether to re-nominate existing members of the Board, the committee seeks to achieve a Board with strengths in its collective knowledge and a broad diversity of perspectives, skills and business and professional experience. Among other items, the committee looks for a range of experience in strategic planning, sales, finance, executive leadership, industry and similar attributes.

At least a majority of the directors on the Board must be independent directors as defined in the rules of the NYSE MKT LLC.

Board Leadership Structure and Role in Risk Oversight

The Company has separated the positions of Chair of the Board of Directors and Chief Executive Officer. Given the demanding nature of these positions, the Board believes it is appropriate to separate the positions of Chair and Chief Executive Officer. Our Chair presides over all meetings of the Board of Directors, including executive sessions of the independent directors, which are held at each Board meeting. She briefs the Chief Executive Officer on issues arising in executive sessions and communicates frequently with him on matters of importance. She has responsibility for shaping the Board's agendas and consults with all directors to ensure that the board agendas and board materials provide the Board with the information needed to fulfill its responsibilities. From time to time she may also represent the Company in interactions with external stakeholders, at the discretion of the Board.

The Board of Directors has determined that each of our current directors, except for Mr. Sculley, is an "independent director" as that term is defined in the listing standards of the NYSE MKT LLC. The Board of Directors has also determined that each member of the Audit Committee, Compensation Committee and Governance and Nominating Committee meets the independence standards applicable to those committees prescribed by the NYSE MKT LLC and

the SEC. In making this decision, the Board considered all relationships between the Company and the directors, including Dr. Wittels' role as (and compensation related to) a consultant to the Company from April through July of 2011. The Board determined each such relationship, and the aggregate of such relationships, to be immaterial to the applicable director's ability to exercise independent judgment.

Our Board has overall responsibility for risk oversight. The oversight is conducted primarily through committees of the Board of Directors, as disclosed in each of the descriptions of each of the committees above and in the charters of each of the committees, but the full Board of Directors has retained responsibility for general oversight of risks.

Stockholder Communications

Stockholders requesting communication with directors can do so by writing to eMagin Corporation, c/o Corporate Secretary, 3006 Northup Way, Suite 103, Bellevue, WA 98004, or emailing to pcampbell@emagin.com. At this time we do not screen communications received and would forward any requests directly to the named director. If no director was named in a general inquiry, the Secretary would contact either the Chair of the Board of Directors or the chairman of a particular committee, as appropriate. We do not provide the physical address, email address, or phone numbers of directors to outside parties without a Director's permission.

Code of Ethics and Business Conduct

We have adopted a Code of Ethics and Business Conduct that applies to all of our directors, officers and employees, including our Chief Executive Officer, Chief Financial Officer and principal accounting officer. The Code of Ethics and Business Conduct is posted on our website at <http://www.emagin.com>.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

In 2012, we achieved a number of milestones while navigating through a challenging environment with increased competition while working to bring up our new OLED deposition machine. We achieved solid results in 2012. We secured new R&D contracts, won new programs and new customers on the display side and continued to develop key new displays and technologies. The work on the new OLED deposition machine, which will help to significantly increase capacity, was challenging as several repairs had to be made after it was put into production. At the same time, while our revenues increased over 2011, operating income declined from 2011. As a result of not achieving all of our goals, the size of the bonus pool decreased from 2011 and our named executive officers earned smaller incentive payments in 2012 than in 2011. The exercise price of stock option awards granted in 2012 was generally below the market price of our common stock by the end of 2012 and the value of executive stock holdings decreased overall. In 2011, the Compensation Committee engaged a compensation consultant to assist in reviewing and adjusting the compensation programs for the executive officers and the directors, as well as certain company-wide programs. We made some changes to our compensation policies, including changes to director compensation, the reduction of the percentage of executives' salary bonus potential, adoption of a clawback policy, the decision to contribute to the Company's 401(k) plan or to grant company-wide options in 2013. The Company committed to cap stock option grants at 4.5% of outstanding shares annually. The Compensation Committee continues to review the Company's incentive plans and employment arrangements to ensure that pay is aligned with performance.

Executive Compensation Objectives

The objectives of our compensation program are as follows:

- Attract, hire and retain well-qualified executives.
- Reward performance that drives substantial increases in shareholder value, as evidenced through both future operating profits and increased market price of our common shares.

Compensation Setting Process

Role of Compensation Committee. The role of the Compensation Committee is to oversee the Company's executive compensation strategy, oversee the administration of its executive compensation and its equity based compensation plans, review and approve the compensation of the Company's CEO, and oversee the Company's compensation plan for the Board of Directors. The Compensation Committee is comprised exclusively of independent outside directors and includes members with executive level experience in other companies who bring a perspective of reasonableness to compensation matters with our Company. In addition, the Compensation Committee compares executive

compensation practices of similar companies at similar stages of development.

Role of Compensation Consultant. The Compensation Committee has the authority to engage its own advisors to assist in carrying out its responsibilities. In October 2011, the Compensation Committee engaged Towers Watson, a global professional services company with strong compensation and awards expertise, to provide a share usage analysis, in part so that the Compensation Committee had information to better understand issues raised by stockholders voicing concerns on the proposed 2011 Incentive Stock Plan. Then, in December of 2011, the Compensation Committee again engaged Towers Watson to assist in the identification and selection of peer companies for purposes of comparing compensation practices, to provide guidance regarding the amount and types of compensation that we provide to our executives and board of directors, and other compensation-related matters. Towers Watson reports directly to the Compensation Committee and provides no services to management, although Towers Watson meets with members of management for the purpose of gathering information. Towers Watson provided its analysis of board and executive compensation to the Compensation Committee in March 2012. The Compensation Committee anticipates continuing to improve our compensation program through implementation of agreed upon policies going forward.

Role of Management. In setting compensation for 2012, our CEO worked closely with the Compensation Committee and attended its meetings of the Compensation Committee. Our CEO made recommendations to the Compensation Committee regarding compensation of our executive officers other than him. No executive officer participated directly in the final deliberations regarding his or her own compensation package.

Use of Comparative Market Data. The Compensation Committee approved a benchmark peer group of companies based on the analysis and advice of Towers Watson in January of 2012. The companies were selected as peers based on their being in a similar industry, primarily manufacturers of electronic components or electronic equipment and instruments, and of a generally similar size, based mainly on revenue. Our peer group consists of the following 17 companies:

Advanced Photonix Inc.	Microvision Inc.
Clearfield, Inc.	NVE Corporation
Digital Ally Inc.	Photonic Products Group Inc.
Intricon Corp.	RF Monolithics Inc.
Kopin Corp.	Solar Power, Inc.
LightPath Technologies Inc.	Supertex Inc.
LRAD Corporation	The LGL Group, Inc.
Micronetics Inc.	Universal Display Corp.
Micropac Industries Inc.	

The peer group was established after Mr. Sculley's new employment contract was entered into in June of 2011, but the Compensation Committee compared the total direct compensation of the Company's executive officers with the total direct compensation paid to the top executive officers at the companies in the peer group, as well as to compensation levels revealed in survey data provided by Towers Watson, for purposes of establishing 2012 salaries for executives other than Mr. Sculley. The Compensation Committee set Mr. Sculley's base salary under his new employment contract at \$384,000, which represents a 20% increase over the salary of \$320,000 that he had been earning since mid-2009. The Compensation Committee evaluated Mr. Sculley's performance prior to the Company entering into the new employment contract and recognized his achievements since joining the Company as CEO in 2008 and the progress made. These achievements were documented in the 2012 proxy statement.

Mr. Campbell's employment contract expired in May, 2012 and a new employment contract was executed. The Compensation Committee set Mr. Campbell's base salary under his new employment contract at \$318,000, which represents a 3.9% increase over the salary of \$306,000 that he had been earning since 2011. The Compensation Committee evaluated Mr. Campbell's performance prior to the Company entering into the new employment contract and recognized his achievements since joining the Company as CFO in 2008 and the progress made. During his four year tenure from 2008 to 2012, the Company's stock price had increased from a low of \$0.37 to a high of \$9.50. Mr. Campbell had arranged gravely needed financing in August, 2008 allowing the Company to continue operations. In December 2008, he was instrumental in completing a financing to pay off the Company's \$6 million of toxic debt. The remaining revolving debt was paid off in 2009. Mr. Campbell helped manage the Company's results and qualified the Company to improve its listing from the OTC market to list its stock on a major exchange, the NYSE Market. The Compensation Committee reviewed CFO salaries of companies that they identified as comparable, based on their being competitive firms or in similar industries and of generally the same size, measured both in revenue and market capitalization as of early 2011. In setting Mr. Campbell's compensation the Committee considered compensation levels for CFOs of the following companies: QuikLogic Corporation, RAE Systems, Lime Energy, Co., Microvision, RadiSys Corporation, Spectrum Control, Herley Industries, Kopin Corporation and Planar Systems, Inc. Additional information on Mr. Campbell's employment agreement is described below in the "Employments Agreement" section.

Elements of Executive Compensation

The compensation level of our executives generally reflects their level of experience and is designed to provide an incentive to positively affect our future operating performance and shareholder value.

Salary. Base salary is the primary fixed element in the Company's compensation program and is intended to provide an element of certainty and security to the Company's executive officers on an ongoing basis. Most of the executive officers have employment agreements with the Company and their initial salaries are set by contract. Messrs. Prache and Ghosh, the two executive officers who have been employed the longest, do not have contracts. The Compensation Committee is currently assessing the desirability of continuing to enter into employment contracts with executives. Salaries are based on the executive's level of experience, specialty and responsibility. Executive salaries are reviewed on an annual basis by the Compensation Committee. Any increases in salary are based on an evaluation of the individual's performance, level of responsibility and, when such information is available, the level of pay compared to the salaries paid to persons in similar positions in the Company's peer group or as shown in survey data.

In 2012, the base salaries of our executive officers were modestly increased over the prior year. The increases were primarily merit based and intended to reward our executive officers for their overall performance on behalf of the Company in 2011.

Equity. Part of the compensation paid to our executives is in the form of equity, which to date has been exclusively through stock option grants. The stock option exercise price is generally the fair market value of the stock on the date of grant. Therefore, a gain is only recognized if the value of the stock increases, which promotes a long term alignment between the interests of the Company's executives and its stockholders. In 2012, the Compensation Committee determined future stock option grants would be more modest and the aforementioned 4.5% cap on stock options would continue indefinitely. In 2013, for the first time in several years, the Company will not award all employees annual stock option grants.

The Compensation Committee approves all option grants with input and recommendations from the Chief Executive Officer, with the exception that the Chief Executive Officer and Chief Financial Officer have been delegated authority to approve initial grants made to newly hired employees. New employees typically receive a stock option grant when hired in order to immediately align their interests with the new company and are eligible for additional option grants going forward.

In 2012, significant option grants were made to Mr. Campbell, in connection with his new employment contract. Smaller grants were made to the other named executive officers reflected in the grant to all employees which in 2012 the Compensation Committee set at 5.7% of salary based on Company performance in 2011.

Bonus. The executive officers' cash incentive awards are tied to achieving performance metrics established by the Compensation Committee at the beginning of each year, with input from the Chief Executive Officer, which are not re-set during the year, regardless of Company performance or economic conditions. The program creates incentive for the executive officers to direct their efforts toward achieving specified company goals and individual goals. To measure our 2012 performance, the Compensation Committee established goals related to the Company's financial performance and attainment of strategic milestones and approved individual goals for executives. In 2012, we fell short of reaching the Company's financial performance goals. Other strategic milestones related to the development of certain technologies and attaining certain production milestones and certain individual milestones were achieved. The program was funded by establishing a pool based on a percentage of annual EBITDA, which was then adjusted by an overall company performance modifier based on company performance to reach the final bonus pool. The individual goal attainment resulted in a score for each executive and a percentage of their potential bonus was derived. Potential bonus is based on a certain percentage of salary for each level within the Company. The sum of the individual executive bonus results and the bonuses earned by all other employees resulted in a 2012 bonus total of \$340,000, of which \$131,000 was earned by named executive officers.

Anti-Hedging Policy

Our insider trading policy prohibits directors and employees from engaging in short-term or speculative transactions such as trading in eMagin stock on a short-term basis, purchasing eMagin stock on the margin or engaging in short sales.

Clawback Policy

Our Clawback Policy provides that the Company will seek to recover, under the direction of the Compensation Committee, any compensation paid to an executive officer of the Company which is subject to recovery under any law, government regulation or stock exchange listing requirement, through such deductions or clawback as may be required to be made pursuant to such law, government regulation or stock exchange listing requirement.

Compensation Committee Interlocks and Insider Participation

None of the members of our Compensation Committee has been an officer or employee of eMagin during years ending December 31, 2010, 2011 and 2012. In addition, during the most recent fiscal year, no eMagin executive officer served on the Compensation Committee (or equivalent), or the Board, of another entity whose executive officer(s) served on our Compensation Committee or Board.

This report is provided by the following independent directors, who comprise the Committee:

RECOMMENDATION OF THE BOARD FOR PROPOSAL NO. 1:

THE BOARD RECOMMENDS A VOTE FOR THE ELECTION OF ALL THE NOMINEES DESCRIBED ABOVE.

PROPOSAL NO. 2:

APPROVAL OF THE EMAGIN CORPORATION 2013 INCENTIVE STOCK PLAN

At the Annual Meeting, the Company's stockholders are being asked to approve the eMagin Corporation 2013 Incentive Stock Plan (the "Plan"). The following is a summary of principal features of the Plan. The summary, however, does not purport to be a complete description of all the provisions of the Plan. A copy of the Plan is attached hereto as Appendix A.

General

The Board of Directors has reserved One Million Five Hundred Thousand (1,500,000) shares of the issued and outstanding shares of Common Stock for issuance under the Plan together with all of the Company's other previously established stock option plans or grants.

As used below, "Options" shall mean either an Incentive Stock Option, in accordance with Section 422 of the Internal Revenue Code of 1986 (the "Code"), as amended, or an option designated as a "nonstatutory option".

Administration

The Plan, when approved, will be administered by the Company's Board of Directors, provided however the Board may delegate such administration to the Compensation Committee or such other committee of the Board as the Board shall designate to administer the Plan, as the Board of Directors may be composed from time to time. All questions of interpretation of the Plan are determined by the Board, and its decisions are final and binding upon all participants. Any determination by a majority of the members of the Board of Directors at any meeting, or by written consent in lieu of a meeting, shall be deemed to have been made by the whole Board of Directors.

Eligibility

Under the Plan, Options and stock awards may be granted to employees, officers, directors or consultants of the Company or any of its subsidiaries.

Terms of Options

The term of each Option granted under the Plan shall be contained in a stock option agreement between the Optionee and the Company and such terms shall be determined by the Board of Directors consistent with the provisions of the Plan, including the following:

- (a) **PURCHASE PRICE.** The purchase price of the Common Shares subject to each Option shall not be less than the fair market value (as set forth in the Plan).
- (b) **VESTING.** The dates on which each Option (or portion thereof) shall be exercisable and the conditions precedent to such exercise, if any, shall be fixed by the Board of Directors or the Compensation Committee, in its discretion, at the time such Option is granted.
- (c) **EXPIRATION.** Unless the Board or the committee administering the Plan shall determine otherwise, any Option granted to an employee of the company shall become exercisable over a period of no longer than five years and no less than twenty percent of the shares covered thereby shall become exercisable annually. In no event shall any

Option be exercisable after the expiration of ten years from the date it is granted and no Incentive Stock Option granted to a Ten Percent Holder shall, by its terms, be exercisable after the expiration of five (5) years from the date of the Option.

- (d) TRANSFERABILITY. No Option shall be transferable, except by will or the laws of descent and distribution.
- (e) OPTION ADJUSTMENTS. Subject to any required action of shareholders, the number of shares of stock covered by each outstanding Option, and the exercise price per share thereof set forth in each such Option, shall be proportionately adjusted for any increase or decrease in the number of issued shares of Stock of the Company resulting from a stock split, stock dividend, combination, subdivision or reclassification of shares, or the payment of a stock dividend, or any other increase or decrease in the number of such shares affected without receipt of consideration by the Company; provided, however, the conversion of any convertible securities of the Company shall not be deemed to have been " effected without receipt of consideration " by the Company.

Terms of Stock Grants

All or part of any stock award under the Plan may be subject to conditions established by the Board or the committee administering the plan, and set forth in a stock award agreement, which may include, but are not limited to, continuous service with the Company, achievement of specific business objectives, increases in specified indices, attaining growth rates and other comparable measurements of Company performance, in which case it may be referred to as “restricted stock”. Such awards may be based on fair market value or other specified valuation. All stock awards will be made pursuant to the execution of a stock award agreement in such form and substance as the Board or committee administering the plan shall from time to time approve.

Federal Income Tax Consequences of Issuance and Exercise of Options

The following is a summary of the principal U.S. federal income tax consequences generally applicable to option awards under the Plan. This summary does not purport to consider all of the possible U.S. federal tax consequences of the awards and is not intended to reflect the particular tax position of any award recipient. This summary is based upon the U.S. federal tax laws and regulations now in effect and as currently interpreted and does not take into account possible changes in such tax laws or such interpretations, any of which may be applied retroactively. Award recipients are strongly advised to consult their own tax advisors for additional information.

Grant of an Option. The grant of an option is not expected to result in any taxable income for the recipient as of the date of the grant, except that in the event non-statutory options are granted with an exercise price lower than the then-current fair market value of the Common Stock, the difference between the exercise price and the then-current fair market value may be treated as deferred compensation income recognized as of the date the non-statutory options are granted.

Exercise of Incentive Stock Option. The holder of an incentive stock option generally will have no taxable income upon exercising the option (except that a tax liability may arise pursuant to the alternative minimum tax), and the Company will not be entitled to a tax deduction.

Exercise of Nonqualified Stock Option. Generally, subject to Code Section 409A, upon exercising a nonqualified stock option, the award recipient must recognize ordinary income equal to the excess of the fair market value of the shares of Common Stock acquired on the date of exercise over the exercise price. The income will be treated as compensation income subject to payroll and withholding tax obligations. The Company would be entitled to a compensation deduction in the amount of income recognized by the award recipient.

Disposition of Shares Acquired Through an Option. The tax consequence to a holder of an option upon a disposition of shares acquired through the exercise of an option will depend on how long the shares have been held and upon whether such shares were acquired by exercising an incentive stock option or by exercising a nonqualified stock option.

Generally, the disposition of shares which were acquired by exercise of an incentive stock option will be taxable as long-term capital gain or loss if the award recipient disposes of the shares more than two years after the option was granted and at least one year after exercising the option. If the award recipient fails to satisfy the holding period requirements for treatment as an incentive stock option, a disposition will result in any gain being treated as compensation income subject to ordinary tax rates. If the award recipient is still an employee of the Company at the time of the disposition, the amount of gain treated as compensation will also be subject to payroll and withholding taxes.

If an award recipient disposes of shares acquired through the exercise of a nonqualified option, any gain or loss will be treated as a capital gain or loss. To the extent such shares have been held for at least one year after exercise of the nonqualified option, the gain or loss will be treated as long-term capital gain or loss.

Generally, there will be no tax consequence to the Company in connection with the disposition of shares acquired under an option, except that the Company may be entitled to a tax deduction in the case of the disposition of shares acquired under an incentive stock option before the applicable incentive stock option holding periods set forth in the Code have been satisfied.

The grant by the Board of other stock-based awards may have varying tax consequences to award recipients. Grants made pursuant to the Plan may be subject to Code Section 409A and plan administration may have to conform to Code Section 409A. Failure to comply with Code Section 409A, if applicable, will result in acceleration of income and imposition of penalties and interest to award recipients.

Application of Section 16 of the Securities Exchange Act of 1934. Special rules may apply in the case of individuals subject to Section 16 of the Securities Exchange Act of 1934, as amended. In particular, unless a special election is made pursuant to the Code, shares received pursuant to the exercise of a stock option may be treated as restricted as to transferability and subject to a substantial risk of forfeiture for a period of up to six months after the date of exercise. Accordingly, the amount of any ordinary income recognized, and the amount of the Company's tax deduction, are determined as of the end of such period.

Delivery of Shares to Satisfy Tax Obligation. Under the Plan, participants may deliver shares of Common Stock (either shares received upon the receipt or exercise of the award or shares previously owned by the holder of the option) to the Company to satisfy federal and state tax obligations unless the Board provides to the contrary in the award agreement.

Restrictions on Resale

Certain officers and directors of the Company may be deemed to be "affiliates" of the Company as that term is defined under the Securities Act. The Common Stock acquired under the Plan by an affiliate may be reoffered or resold in the United States only pursuant to an effective registration statement or pursuant to Rule 144 under the Securities Act or another exemption from the registration requirements of the Securities Act.

RECOMMENDATION OF THE BOARD FOR PROPOSAL NO. 2:

THE BOARD RECOMMENDS A VOTE FOR APPROVAL OF THE EMAGIN CORPORATION 2013
INCENTIVE STOCK PLAN.

PROPOSAL NO. 3

RATIFICATION OF THE APPOINTMENT OF INDEPENDENT AUDITORS

McGladrey, LLP (“McGladrey”), our independent auditors, audited our financial statements for the 2012 fiscal year. The Audit Committee selected McGladrey as the independent auditors of the Company for the fiscal year ending December 31, 2013. Representatives of McGladrey are not expected to attend the 2013 Annual Meeting of Stockholders. McGladrey was first engaged by us on June 15, 2011.

On June 13, 2011, eMagin Corporation dismissed EisnerAmper LLP (“EisnerAmper”) as its independent registered public accounting firm. The decision to dismiss EisnerAmper was approved by the Audit Committee of the Company’s Board of Directors. The decision was based on a desire to significantly reduce the Company’s audit fees and to retain a firm with an office located in the same region of the country as the Company’s executive offices. Representatives of EisnerAmper are not expected to attend the 2013 Annual Meeting of Stockholders.

EisnerAmper’s audit reports on the Company’s financial statements for the fiscal years ended December 31, 2010 and 2009 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. During the Company’s 2009 and 2010 fiscal years and in the subsequent interim period from January 1, 2011 through June 13, 2011, there were (i) no disagreements between the Company and EisnerAmper on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of EisnerAmper, would have caused EisnerAmper to make reference to the subject matter of the disagreements in their reports on the financial statements for such years, and (ii) no reportable events (as that term is defined in Item 304(a)(1)(v) of Regulation S-K.) The Company provided EisnerAmper with a copy of this disclosure and requested that EisnerAmper furnish it with a letter addressed to the SEC stating whether or not EisnerAmper agrees with the above statements. That letter is attached as exhibit 16.1 to our current report on Form 8-K filed on June 15, 2011.

During the years ended December 31, 2012 and 2011, neither the Company nor anyone acting on its behalf consulted with McGladrey regarding any of the matters or events set forth in Item 304(a)(2) of Regulation S-K, nor did McGladrey receive any fees for any services during that time period.

Audit Fees

McGladrey served as eMagin’s independent auditors for the years ended December 31, 2011 and 2012. For the years ended December 31, 2011 and 2012, the fees for audit services associated with the annual audit and review of the Company’s quarterly reports on Form 10-Q totaled approximately \$166,000 and \$155,000, respectively.

Tax Fees

No fees were billed for the years ended December 31, 2011 and 2012 for professional services rendered by McGladrey for tax compliance, tax advice, and tax planning.

All Other Fees

For the years ended December 31, 2011 and 2012, fees related to audit services related to the Company’s statutory and regulatory filings totaled approximately \$64,000 and \$9,000, respectively, from McGladrey.

Pre-Approval Policies and Procedures

The Audit Committee pre-approves all audit and non-audit services performed by the Company's auditor and the fees to be paid in connection with such services in order to assure that the provision of such services does not impair the auditor's independence.

Required Vote

The ratification of the appointment of the Company's independent auditors requires the receipt of the affirmative vote of a majority of the shares of the Company's common stock and Series B Preferred Stock (on an as converted basis with the Common stock) present in person or by proxy and voting at the Annual Meeting.

RECOMMENDATION OF THE BOARD FOR PROPOSAL NO. 3:

THE BOARD RECOMMENDS A VOTE FOR RATIFICATION OF APPOINTMENT OF MCGLADREY, LLP AS OUR INDEPENDENT AUDITORS FOR THE YEAR ENDED DECEMBER 31, 2013.

PROPOSAL NO. 4

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”) requires the Company’s stockholders to have the opportunity to cast a non-binding advisory vote regarding the approval of the compensation disclosed in this Proxy Statement of the Company’s executive officers who are named above in the Summary Compensation Table (the “named executive officers”). The Company has disclosed the compensation of the named executive officers pursuant to rules adopted by the SEC.

Please read the “Compensation Discussion and Analysis” beginning on page 16 for additional details about our executive compensation program, including information about the fiscal year 2012 compensation of our named executive officers. We believe that our compensation policies for the named executive officers are designed to attract, motivate and retain talented executive officers and are aligned with the long-term interests of the Company’s stockholders. This advisory stockholder vote, commonly referred to as a “say-on-pay vote,” gives you as a stockholder the opportunity to approve or not approve the compensation of the named executive officers that is disclosed in this Proxy Statement by voting for or against the following resolution (or by abstaining with respect to the resolution):

“RESOLVED, that that the compensation paid to the Company’s named executive officers, as disclosed in the Company’s 2013 Proxy Statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.”

Because your vote is advisory, it will not be binding on either the Board of Directors or the Company. However, the Company’s Compensation Committee will take into account the outcome of the stockholder vote on this proposal at the Annual Meeting when considering future executive compensation arrangements. In addition, your non-binding advisory votes described in this Proposal 3 will not be construed: (1) as overruling any decision by the Board of Directors, any Board committee or the Company relating to the compensation of the named executive officers, or (2) as creating or changing any fiduciary duties or other duties on the part of the Board of Directors, any Board committee or the Company.

Required Vote

Adoption of the resolution requires the receipt of the affirmative vote of a majority of the shares of the Company’s common stock and Series B Preferred Stock (on an as converted basis with the common stock) present in person or by proxy and voting at the Annual Meeting.

RECOMMENDATION OF THE BOARD FOR PROPOSAL NO. 4:

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE TO APPROVE THE COMPENSATION DISCLOSED IN THIS PROXY STATEMENT OF THE COMPANY’S EXECUTIVE OFFICERS WHO ARE NAMED IN THIS PROXY STATEMENT’S SUMMARY COMPENSATION TABLE.

OTHER MATTERS

The Board of Directors knows of no other business which will be presented at the Annual Meeting. If any other matters properly come before the meeting, the persons named in the enclosed Proxy, or their substitutes, will vote the shares represented thereby in accordance with their judgment on such matters.

3. Eligibility.

- (a) General: The persons who shall be eligible to receive Grants shall be directors, officers, employees or consultants to the Company. The term consultant shall mean any person, other than an employee, who is engaged by the Company to render services and is compensated for such services. An Optionee may hold more than one Option. Any issuance of a Grant to an officer or director of the Company subsequent to the first registration of any of the securities of the Company under the Exchange Act shall comply with the requirements of Rule 16b-3.
- (b) Incentive Stock Options: Incentive Stock Options may only be issued to employees of the Company. Incentive Stock Options may be granted to officers or directors, provided they are also employees of the Company. Payment of a director's fee shall not be sufficient to constitute employment by the Company.

The Company shall not grant an Incentive Stock Option under the Plan to any employee if such Grant would result in such employee holding the right to exercise for the first time in any one calendar year, under all Incentive Stock Options granted under the Plan or any other plan maintained by the Company, with respect to shares of Stock having an aggregate fair market value, determined as of the date of the Option is granted, in excess of \$100,000. Should it be determined that an Incentive Stock Option granted under the Plan exceeds such maximum for any reason other than a failure in good faith to value the Stock subject to such option, the excess portion of such option shall be considered a Nonstatutory Option. To the extent the employee holds two (2) or more such Options which become exercisable for the first time in the same calendar year, the foregoing limitation on the exercisability of such Option as Incentive Stock Options under the Federal tax laws shall be applied on the basis of the order in which such Options are granted. If, for any reason, an entire Option does not qualify as an Incentive Stock Option by reason of exceeding such maximum, such Option shall be considered a Nonstatutory Option.

- (c) Nonstatutory Option: The provisions of the foregoing Section 3(b) shall not apply to any Option designated as a "Nonstatutory Option" or which sets forth the intention of the parties that the Option be a Nonstatutory Option.

4. Stock.

- (a) Authorized Stock: Stock subject to Grants may be either unissued or reacquired Stock.
- (b) Number of Shares: Subject to this Section and to adjustment as provided in Section 5(i) of the Plan, the total number of shares of Stock which may be purchased or granted directly by Options, Stock Awards or purchased indirectly through exercise of Options granted under the Plan shall not exceed One Million Five Hundred Thousand (1,500,000) shares. If any Grant shall for any reason terminate or expire, any shares allocated thereto but remaining unpurchased upon such expiration or termination shall again be available for Grants with respect thereto under the Plan as though no Grant had previously occurred with respect to such shares. Any shares of Stock issued pursuant to a Grant and repurchased pursuant to the terms thereof shall be available for future Grants as though not previously covered by a Grant.
- (c) Reservation of Shares: The Company shall reserve and keep available at all times during the term of the Plan such number of shares as shall be sufficient to satisfy the requirements of the Plan. If, after reasonable efforts, which efforts shall not include the registration of the Plan or Grants under the Securities Act, the Company is unable to obtain authority from any applicable regulatory body, which authorization is deemed necessary by legal counsel for the Company for the lawful issuance of shares hereunder, the Company shall be relieved of any liability with respect to its failure to issue and sell the shares for which such requisite authority was so deemed necessary unless and until such authority is

obtained.

- (d) Application of Funds: The proceeds received by the Company from the sale of Stock pursuant to the exercise of Options or rights under Stock Purchase Agreements will be used for general corporate purposes.
- (e)
