ITEM 8.01. OTHER EVENTS

On May 25, 2005, the State of California Court of Appeal for the Fourth Appellate District affirmed a March 26, 2003 Superior Court judgment in the matter of US Ecology, Inc. v. State of California regarding the formerly proposed Ward Valley low-level radioactive waste disposal facility. Specifically, the Court of Appeal affirmed the trial court's ruling that US Ecology failed to establish causation and was not entitled to monetary recovery. The Company does not plan further appeals.

Edgar Filing: AMERICAN ECOLOGY CORP - Form 8-K

The Company wrote off a \$20,951,000 deferred site development asset for the formerly proposed project on March 31, 2003 following the adverse trial court ruling. The Company's subsequent, unsuccessful appeal was undertaken on a fixed fee (plus contingency) basis that was expensed at the time counsel was engaged for the appeal in July 2003. Consequently, the March 25, 2005 appeal disposition and the Company's decision to decline further appeals has no significant financial impact on the Company.
