FONEFRIEND, INC.

NOTES TO FINANCIAL STATEMENTS December 31, 2002

NOTE 1 - DESCRIPTION OF BUSINESS

A. Background

FoneFriend, Inc. ("FoneFriend" or the "Company") was incorporated on April 24, 2001, under the laws of the State of Nevada, and on November 21, 2002, was merged with and into Universal Broadband Networks, Inc. (UBNT), a Delaware corporation, which subsequently changed its name to FoneFriend, Inc. The Company maintains a corporate office at 2722 Loker Avenue, Suite G, Carlsbad, California 92008. The Company's telephone number is: (760) 607-2330.

The Company is a development stage enterprise and has not generated any revenue during its brief history. The primary business of the Company is to market an Internet telephony device and related services to customers worldwide, called the "FoneFriend". The underlying technology of FoneFriend has been licensed by the Company from FoneFriend Systems, Inc. and will enable the Company's subscribers to make and receive unlimited long distance telephone calls over the Internet, using only their standard residential telephone set (without the need for a computer), for a low monthly fee of \$15.00 or less. Due to the small cost of transmitting calls over the Internet, the Company anticipates that it will realize significant profit margins, well in excess of the traditional telecommunications industry.

B. Basis of Presentation

The accompanying financial statements have been prepared in accordance with Generally Accepted Accounting Principles ("GAAP") which contemplates continuation of the Company as a going concern. Management is attempting to raise additional capital.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Edgar Filing: FONEFRIEND INC - Form 10-Q

A. Fiscal Year

The Company's fiscal year is March 31 (after the above-described merger of FoneFriend, Inc. of Nevada with and into FoneFriend, Inc. of Delaware). The accompanying unaudited financial statements are for December 31, 2002 and September 30, 2002 and the respective three month periods then ended.

B. Significant Estimates

In the process of preparing its financial statements in accordance with GAAP, the Company estimates the carrying value of certain assets and liabilities that are subjective

7

FONEFRIEND, INC.

NOTES TO FINANCIAL STATEMENTS - Continued

in nature. The primary estimates included in the Company's financial statements include capitalized development costs and the ongoing value of its purchased technology license.

C. Cash and Cash Equivalents

Cash and cash equivalents consist of cash and highly liquid investments with maturity dates of three months or less at the date of purchase. These items are carried at cost, which approximates fair value due to their short-term maturity dates.

D. Prepaid Expenses and other Current Assets

The Company has cash outlays in advance of expense recognition for items such as rent, interest, financing fees, and service contracts. All amounts identified as prepaid expenses that will be utilized during the next twelve months are identified as current assets, while any portion that will not be utilized during the next twelve months are classified as non-current assets. Certain of such expenses are paid for by the Company through the issuance of consultancy shares. Such shares are valued at the current net book value.

E. Furniture and Equipment

Furniture and equipment are carried at cost and depreciated over the estimated useful lives of the individual assets.

F. Capitalized Development Costs

Capitalized development costs consist of expenditures made by the Company to improve the product and develop marketing channels for the product, and which are deemed by management to have future value to the Company. Such capitalized development costs will be amortized over the estimated useful life once product sales begin.

G. Technology Rights, FoneFriend License

The Company purchased a license to use the FoneFriend technology for a period of ten years from FoneFriend Systems, Inc. under a license agreement dated April 30, 2001. This license agreement allows the Company to manufacture, market and utilize a proprietary technology referred to as FoneFriend. During the development stage operations, the Company is carrying the asset at cost and will

Edgar Filing: FONEFRIEND INC - Form 10-Q

begin amortization over the remaining life of the license when product sales begin. The remaining value to the Company will be reviewed quarterly and if management determines that impairment of the asset has occurred, the carrying value will be adjusted accordingly.

8

FONEFRIEND, INC.

NOTES TO FINANCIAL STATEMENTS - Continued

H. Stock in FoneFriend Systems, Inc.

The Company purchased stock in FoneFriend Systems, Inc. as a long-term investment. Such investment is carried at cost and will be evaluated periodically by management to determine whether impairment has occurred. Should management determine that the value has been impaired, the carrying value will be adjusted accordingly.

NOTE 3 - DEPRECIATION AND AMORTIZATION

The Company's management has estimated the useful lives of furniture, equipment and certain organization costs. The following tables show the gross asset amounts and the accumulated depreciation and amortization:

A. Furniture and Equipment

	2002	
	December 31,	September 30

NOTE 4 - MERGER AND CAPITAL STOCK

The merger of FoneFriend, Inc. of Nevada with and into FoneFriend, Inc. of Delaware was consummated on November 21, 2002 wherein the assets of FoneFriend, Inc. of Nevada were acquired by Universal Broadband Networks, Inc. ("UBNT") in a tax-free reorganization pursuant to IRC 368 (the "Merger"). The Merger was effectuated as a "C" type reorganization whereby UBNT issued stock in exchange for all of the assets FoneFriend, Inc. of Nevada, after which that corporation was dissolved. UBNT was the surviving corporation and changed its name to FoneFriend, Inc. (a Delaware corporation) immediately subsequent to the Merger.

FONEFRIEND, INC.

NOTES TO FINANCIAL STATEMENTS - Continued

Pursuant to the express terms of the Fourth Amended Plan of Reorganization, as approved by the U.S. Bankruptcy court (the "Plan"), the Merger was accomplished as follows:

1. All of UBNT's issued and outstanding shares of capital stock were cancelled and extinguished and the stockholders of UBNT prior to the Merger have no further interest or rights in UBNT.
2. UBNT issued 2,200,000 shares of newly created common stock in favor of FoneFriend, Inc. (Nevada corporation) in exchange for all of FoneFriend, Inc.'s assets and 115,750 of newly created common stock in favor of a Liquidating Trust for the benefit of UBNT's creditors. As a result, the merged entity had a total of 2,315,750 shares of newly created common stock issued and outstanding, of which former shareholders of the dissolved Nevada corporation owned 95%, and J. Michael Issa, Esq., as Trustee of the Liquidating Trust (which was created under the Plan for the benefit of creditors), owned 5%.
3. The issuance of stock pursuant to the Plan, as filed within the U.S. Bankruptcy Court, was ordered by the Court to be exempt from all applicable Federal, State and local securities law pursuant to 11 U.S.C. ss.1145 (a).
4. The dissolved Nevada corporation's management distributed the newly issued 2,200,000 shares of FoneFriend, Inc. (Delaware corporation) to its former shareholders, on a pro-rata basis. Each of such former shareholders received one share of stock in FoneFriend, Inc. (Delaware corporation) for every four shares held in the dissolved Nevada corporation.
5. Immediately subsequent to the Merger, the Company authorized the issuance of 821,361 shares of an newly created Series A Preferred Stock (each share of which is convertible into one share of common stock) to be issued to shareholders of preferred stock in the dissolved Nevada corporation prior to the Merger.
6. The Company then issued 4,600,000 shares of common stock to various management personnel and consultants in order to hire or retain their services. The Company also issued 423,000 shares of common stock to Dennis H. Johnston, Esq. as compensation for his services in connection with the Merger. Additionally, the company issued 307,250 shares of common stock to the Liquidating Trust so as to be in compliance with the Anti-Dilution Protection provisions of the Plan.

ITEM 2 - MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

RESULTS OF OPERATIONS

REVENUES

Edgar Filing: FONEFRIEND INC - Form 10-Q

Revenues: The Company has not yet realized any revenues. The Company's business goal is to exploit its licensed technology, which is a small, inexpensive and easy to use device that will enable any consumer with a standard single line telephone to place calls both domestically and internationally using the Internet and passing through substantial discounts to the consumer.

During the quarter ended, the Company has negotiated contracts with third party suppliers to provide the operating infrastructure and customer relationship management software necessary to support the marketing of the Company's product.

The Company is now seeking financing of approximately \$3 to \$5 to cover the cost of manufacturing and marketing its Internet telephony product, the FoneFriend. The Company has identified several possible sources of financing and is presently evaluating the terms and conditions of each financing source.

EXPENSES

The Company's expenses decreased slightly from \$211,316 in the three months ending September 30, 2002, to \$189,474 for the three months ending December 31, 2002. The decrease was due primarily to: the cessation of commission based fund-raising activities, leading to a decrease of \$18,888; a decrease in salaries and payroll expense of \$20,160; lower travel expenses; lower advertising expenses and lower automobile expenses. These lower expenses were partially offset by increases in: consulting fees by \$19,371; legal fees by \$6,694 and accounting fees by \$18,670.

NET INCOME (LOSS)

The Company's net loss decreased from \$211,316 in the three months ended September 30, 2002 to \$189,474 for the three months ended December 31, 2002, due to the reduction in expenses as discussed above.

LIQUIDITY AND CAPITAL RESOURCES

At December 31, 2002, the Company had limited working capital and the Company had no material unused sources of liquid assets. Also at December 31, 2002, the Company had no existing credit facility. As a result, the Company paid general and administrative expenses but had a shortage of cash to pay certain of its accounts payable.

11

The Company has had no revenues to date. A part of the Company's financial strategy is to seek external financing to pursue its business purpose. The company's operating capital has been provided primarily through the sale of corporate securities and cash advances from its shareholders. While the company intends to generate working capital from the marketing of its products and services, at least \$1 Million of additional operating capital will be required during fiscal year 2003, assuming that operations are maintained at their current level. The Company may not be able to obtain the required financing, or such financing may not be available on acceptable terms. Due to the Company's historical operating losses, there can be no assurance that capital requirements will not substantially exceed current and future capital resources.

Additional working capital needs of the Company may require issuance of equity securities, either on a public or private basis. Such issuances would, if consummated, affect the ongoing capital structure of the Company and may result in substantial dilution to shareholders. If additional funds are raised through the issuance of equity, convertible debt, or similar securities of the Company,

Edgar Filing: FONEFRIEND INC - Form 10-Q

the percentage of ownership of the Company's current shareholders will be reduced, and such new securities may have rights or preferences senior to those of the common stock held by current shareholders. No agreement with respect to any such financing has been entered into, and such issuance may not be consummated. In the event that funding sources are not available as and when needed by the Company, it could have a severe adverse impact on the combined business and results of operations of the Company and could result in the Company being unable to continue as a going concern. Management is continually monitoring and evaluating the financing sources available to achieve the Company's goals.

Due to the losses sustained by the Company and its lack of working capital, the Company's ability to remain a going concern depends upon its ability to generate sufficient cash flow to meet its obligations and to obtain additional financing as may be required.

FORWARD LOOKING INFORMATION: CERTAIN CAUTIONARY STATEMENTS: "SAFE HARBOR" STATEMENT UNDER THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995:

Statements contained in this Management's Discussion and Analysis of Financial Condition and Results of Operations which are not historical facts are forward looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Examples of such forward looking statements include the Company's expectations regarding its start-up venture, the Company's planned financing of this venture and the sufficiency of the Company's available liquidity for working capital, the Company's belief that its technology-based business will grow and result in profitability, that it is positioned to take advantage of new opportunities, and that it will focus on strengthening and growing its business and commercializing new innovative technologies. Actual results may differ materially from those stated or implied in the forward looking statements. Further, certain forward looking statements are based upon assumptions of future events which may not prove to be accurate and are subject to risks and uncertainties that could cause actual results to differ materially from those set forth or implied by forward looking statements. These risks and uncertainties include but are not limited to those referred to in the Company's Proxy Statement dated September 12, 2001, including the Company's entry into a new commercial business, its ability to access the capital markets and obtain working capital, risks associated with technological changes in the market for video and audio interactive telecommunications through personal computers, risks of competition in the personal computer industry, and other risks described in the Company's Securities and Exchange Commission filings.
