NOTICE OF ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD MAY 18, 2016

TO THE SHAREHOLDERS OF GULF ISLAND FABRICATION, INC.:

The annual meeting of shareholders of Gulf Island Fabrication, Inc. (the “Company”) will be held at 11:00 a.m., local time, on Wednesday, May 18, 2016, at the office of Gulf Island Shipyards, LLC located at 111 Bunge St., Hwy. 90 East, Jennings, LA, 70546, for the following purposes, more fully described in the accompanying proxy statement:

1. To elect three Class I director nominees;
2. To approve, on an advisory basis, the compensation of our named executive officers;
3. To ratify the appointment of the Company’s independent registered public accounting firm; and
4. To transact such other business as may properly come before the annual meeting and any adjournments thereof.

The Board of Directors has fixed the close of business on April 4, 2016 as the record date for the determination of shareholders entitled to notice of and to vote at the annual meeting and all adjournments thereof.

Your vote is important regardless of the number of shares of the Company’s common stock you own. Whether or not you plan to attend the annual meeting, please complete, date and sign the enclosed proxy card and return it promptly in the enclosed stamped envelope. Furnishing the enclosed proxy will not prevent you from voting in person at the annual meeting should you wish to do so. To obtain directions to attend the annual meeting and vote in person, please contact Jeffrey M. Favret at (713) 714-6100.

By Order of the Board of Directors

Jeffrey M. Favret
Secretary

Houston, Texas

PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD MAY 18, 2016

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

Q: Why am I receiving this proxy statement?

A: Our Board of Directors (our "Board") is soliciting your proxy to vote at the 2016 annual meeting of shareholders and at any adjournment thereof because you owned shares of our common stock at the close of business on April 4, 2016, the record date for determining shareholders entitled to vote at the annual meeting. The proxy statement, along with a proxy card or a voting instruction card, and our 2015 annual report are being mailed to shareholders on or about April 14, 2016. We have also made these materials available to you on the internet. This proxy statement summarizes the information you need to know to vote at the annual meeting. You do not need to attend the annual meeting to vote your shares of our common stock.

Q: When and where will the annual meeting be held?

A: The annual meeting will be held at 11:00 a.m., local time, on Wednesday, May 18, 2016, at the office of Gulf Island Shipyards, LLC located at 111 Bunge St., HWY. 90 East, Jennings, LA, 70546.

Q: Who is soliciting my proxy?

A: Our Board, on behalf of Gulf Island Fabrication, Inc. (the "Company"), is soliciting your proxy to vote your shares of our common stock on all matters scheduled to come before the 2016 annual meeting of shareholders, whether or not you attend in person. By completing and returning the proxy card or voting instruction card, you are authorizing the proxy holder to vote your shares of our common stock at our annual meeting as you have instructed.

Q: On what matters will I be voting? How does the Board of Directors recommend that I cast my vote?

A: At the annual meeting, our shareholders will be asked to elect the three Class I director nominees named in this proxy statement, approve, on an advisory basis, the compensation of our named executive officers, ratify the appointment of our independent registered accounting firm, and consider any other matter that properly comes before the annual meeting.

Our Board unanimously recommends that you vote:

FOR the election of the three Class I director nominees;

•

FOR the approval, on an advisory basis, of the compensation of our named executive officers (the “say-on-pay proposal”); and

FOR the ratification of the appointment of our independent registered public accounting firm.

Q: How many votes may I cast?

A: You may cast one vote for every share of our common stock that you owned on April 4, 2016, the record date for the annual meeting.

Q: How many shares are eligible to be voted?

A: As of the record date, we had 14,630,686 shares of our common stock outstanding, each of which is entitled to one vote.

Q: How many shares must be present to hold the annual meeting?

A: Under Louisiana law and our By-laws, the presence, in person or by proxy, of a majority of the outstanding shares of our common stock is necessary to constitute a quorum at the annual meeting. As of the record date, 7,315,344 shares constitute a majority of our outstanding stock entitled to vote at the annual meeting. The inspector of elections will determine whether a quorum is present at the annual meeting. If you are a beneficial owner (as defined below) of shares of our common stock and you do not instruct your broker, bank, or other nominee how to vote your shares on any of the proposals, your shares of our common stock will be counted as present at the annual meeting for purposes of determining whether a quorum exists. In addition, if you are a shareholder of record present at the annual meeting in person or by proxy, your shares of our common stock will be counted as present at the annual meeting for purposes of determining whether a quorum exists, whether or not you abstain from voting on any or all of the proposals.

Q: What is the difference between holding shares as a shareholder of record and as a beneficial owner?

A: If your shares of our common stock are registered directly in your name with our transfer agent, American Stock Transfer and Trust Company, LLC, you are considered, with respect to those shares, the “shareholder of record.” The proxy materials have been mailed to such shareholders of record by us.

If your shares of our common stock are held in a stock brokerage account or by a bank or other nominee, you are considered the “beneficial owner” of shares held in “street name.” The proxy materials have been forwarded to such beneficial owners by the organization that holds your shares of our common stock, which is considered, with respect to those shares, the shareholder of record. As the beneficial owner, you have the right to instruct your broker, bank or other nominee how to vote your shares by completing and returning the voting instruction card included in their mailing or by following the voting instructions you received from your broker, bank or other nominee.

Q: What happens if I don't vote for a proposal? What is discretionary voting? What is a broker non-vote?

A: If you properly complete and return a proxy or voting instruction card, your shares will be voted as you specify.

Shareholders of Record

If you are a shareholder of record and you sign and return your proxy card without giving specific voting instructions on some or all of the proposals, then the proxy holders will vote your shares of our common stock in the manner recommended by our Board on all matters presented in this proxy statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the annual meeting.

Beneficial Owners of the Shares Held in Street Name

If you are a beneficial owner of shares held in street name and do not provide specific voting instructions to the broker, bank or other nominee that holds your shares of our common stock, the organization that holds your shares of our common stock has discretion to vote on routine matters but cannot vote on non-routine matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, such organization will inform the inspector of elections that it does not have the authority to vote on this matter with respect to your shares of our common stock. This is generally referred to as a “broker non-vote.”

Q: Which proposals are considered “routine” and which are considered “non-routine”?

A: The proposal relating to the ratification of the appointment of our independent registered public accounting firm is the only routine matter being considered at the annual meeting. The proposal relating to the election of directors and the say-on-pay proposal are non-routine matters. A broker, bank or other nominee cannot vote without instruction on non-routine matters, in which case there would be broker non-votes on such proposals. Shares subject to broker non-votes will not be counted as votes for or against and will not be included in calculating the number of votes necessary for approval of such non-routine matters to be presented at

2

the annual meeting; however, such shares will be considered present at the annual meeting for purposes of determining the existence of a quorum.

Q: What vote is required to approve each item?

A: The election of directors will be decided by plurality vote, that is, the three nominees receiving the highest number of affirmative votes will be elected. The say-on-pay proposal and the ratification of the appointment of our independent registered public accounting firm will be decided by a majority of votes actually cast. All other matters properly brought before the annual meeting for a vote of shareholders will be decided by a majority of the votes actually cast.

Abstentions and broker non-votes will have no effect on the voting calculations for any of the proposals.

Q: How do I vote?

A: You may submit your proxy and/or voting instructions for your shares of our common stock by using any of the following methods:

• Proxy card or voting instruction card: Be sure to complete, sign and date your proxy card or voting instruction card and return it in the prepaid envelope provided.

• By telephone or Internet: Shareholders of record cannot vote by telephone or Internet. The availability of telephone and Internet voting for beneficial owners will depend on the voting processes of your broker, bank or other nominee.

In person at the annual meeting: All shareholders may vote in person at the annual meeting. You may also be represented by another person at the annual meeting by executing a proper proxy designating that person as your representative. If you are a beneficial owner of shares of our common stock, you must obtain a legal proxy from your broker, bank or other nominee and present it to the inspectors of election with your ballot when you vote at the annual meeting.

Q: Can I revoke or change my voting instructions after I deliver my proxy?

A: Yes. Your proxy may be revoked or changed at any time before it is exercised by filing with our Secretary an instrument revoking it or a duly executed proxy bearing a later date, or by attending the annual meeting and voting in person. Your attendance alone at the annual meeting will not be enough to revoke your proxy.

Q: Who pays for soliciting proxies?

A: We pay all expenses incurred in connection with the solicitation of proxies for the annual meeting. We will also request banks, brokers, and other nominees holding shares of our common stock beneficially owned by others to send these proxy materials and 2015 annual report to, and obtain voting instructions from, the beneficial owners and will reimburse such shareholders of record for their reasonable expenses in so doing. Solicitation of proxies by mail may be supplemented by telephone, email and other electronic means, advertisements and personal solicitation by our directors, officers and employees. No additional compensation will be paid to directors, officers or employees for such solicitation efforts.

Q: Could other matters be decided at the annual meeting?

A: Our Board does not expect to bring any other matter before the annual meeting, and it is not aware of any other matter that may be considered at the annual meeting. In addition, the time has passed for any shareholder to properly bring a matter before the annual meeting. The enclosed proxy will, however, confer discretionary authority with

respect to any other matter that may properly come before the annual meeting or any adjournment thereof. It is the intention of the person(s) named in the enclosed proxy to vote any shares of our common stock for which he has a proxy to vote at the annual meeting in accordance with his best judgment on any such matter.

Q: What happens if the annual meeting is postponed or adjourned?

A: Unless a new record date is fixed, your proxy will be valid and may be voted at the annual meeting, whether postponed or adjourned. You will still be able to change or revoke your proxy until your shares of our common stock are voted.

Q: I share an address with another shareholder, and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

A: Some banks, brokers and other nominees are “householding” our proxy materials for their customers. This means that only one copy of our proxy materials may have been sent to multiple shareholders in your household. We will promptly deliver a

separate copy of any of these proxy materials and the 2015 annual report to you if you call us at (713) 714-6100 or write to us at: Gulf Island Fabrication, Inc., 16225 Park Ten Place, Suite 280, Houston, Texas 77084.

If you would like to receive separate copies of our annual report and proxy statement in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker, or other nominee or you may contact us at the above address and telephone number.

Our Board of Directors and Its Committees

Our Board currently consists of nine members. Our Board met seven times during 2015. Our Board has established three standing committees: the Corporate Governance and Nominating Committee, the Audit Committee, and the Compensation Committee. Each committee operates under a written charter adopted by our Board, and such charters are available on our website at www.gulfisland.com under Investors—Corporate Governance. The composition of each committee is reviewed annually by our Board of Directors. During 2015, each of our incumbent directors attended at least 75% of the aggregate of the total number of meetings of our Board and the total number of meetings held by all committees of our Board on which he served during the periods of his Board membership and committee service.

Board Leadership Structure

Jack Laborde serves as Chairman of our Board and Kirk Meche serves as President and Chief Executive Officer. Our Board determined that separation of these roles would maximize management's efficiency by allowing the Chief Executive Officer to focus on our day-to-day business and the Chairman of our Board to lead the Board of Directors in its fundamental role of providing guidance to and oversight of management. While our By-laws and corporate governance guidelines do not require the Chairman of the Board and Chief Executive Officer positions to be separate, our Board believes that having separate positions is the appropriate leadership structure for the Company at this time. Our Board, however, periodically reviews the leadership structure and may make such changes in the future as it deems appropriate.

Our Board believes that the independent directors provided effective oversight of management. Moreover, in addition to feedback provided during the course of meetings of our Board, the independent directors are given the opportunity to meet in executive session after each regular meeting of our Board or more frequently, as needed. During 2015, Mr. J. Laborde served as Chairman for all of the executive sessions of independent directors and acted as the liaison between the independent directors and the Chief Executive Officer. Our three standing committees are composed entirely of independent directors, and have the power and authority to engage legal, financial and other advisors as they may deem necessary, without consulting or obtaining the approval of the full Board or management.

Board's Role in Risk Oversight

Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. We face a number of risks, including economic, environmental and regulatory risks, as well as risks associated with the impact of competition and weather conditions. Management is responsible for the day-to-day management of risks we face, while our Board, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, our Board has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed.

The Board conducts certain risk oversight activities through its committees, which oversee specific areas and provide reports to the full Board regarding such committee's considerations and actions. The Audit Committee reviews and considers financial, accounting, internal controls and regulatory compliance risks, including those that could arise from our accounting and financial reporting processes. The Audit Committee also reviews and monitors risks through

various reports presented by our internal auditors and our registered public accounting firm (external auditors). The Compensation Committee reviews and considers risks related to our compensation policies, including incentive plans, to determine whether those plans subject the Company to material risks. Senior management attends the quarterly meetings of our Board and is available to address any questions or concerns raised by our Board on risk management topics and any other matters.

Board Independence

Our Board determined that all of our directors who served during 2015 are “independent” as such term is defined in the NASDAQ Stock Market LLC (“NASDAQ”) listing standards, except for Mr. Meche. In making this determination, our Board evaluated responses to a questionnaire completed by each director regarding relationships and possible conflicts of interest between each director, the Company and management. In its review of director independence, our Board considered all commercial, industrial, banking, consulting, legal, accounting, charitable, and familial relationships any director may have with the Company

or management. Kirk J. Meche, President and Chief Executive Officer during 2015, was not independent as defined by NASDAQ's listing standards.

Corporate Governance and Nominating Committee

During 2015, our Board authorized the formation of the Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee currently consists of the following three directors: Michael A. Flick (Chairman), John P. (Jack) Laborde and Murray W. Burns. Each of these directors is "independent" as such term is defined in the NASDAQ listing standards. The Corporate Governance and Nominating Committee met one time during 2015.

The Corporate Governance and Nominating Committee will regularly assess the appropriate size of our Board, and whether any vacancies on our Board are expected due to retirement or otherwise and whether such vacancies should be filled. In the event that any vacancies are anticipated, or otherwise arise, the Corporate Governance and Nominating Committee will consider various potential candidates for director who may come to the attention of our Board through current members of our Board, professional search firms, shareholders or other persons. Each candidate brought to the attention of our the Corporate Governance and Nominating Committee is considered on the basis of the criteria set forth below.

In evaluating the suitability of nominees for membership on our Board, the Corporate Governance and Nominating Committee considers many factors, including accounting and financial expertise, capital markets and banking experience, energy and energy service industry experience, environmental compliance and corporate responsibility expertise, senior corporate executive experience, industrial construction / fabrication management experience, legal and regulatory compliance expertise, marine industry experience and public company board experience. The Corporate Governance and Nominating Committee evaluates each individual in the context of our Board as a whole, with the objective of nominating persons for election to our Board who can best perpetuate the success of our business, be an effective director in conjunction with our full Board, and represent shareholder interests through the exercise of sound judgment.

Our Board has decided that nominations of directors and related matters will be voted upon by all of the independent directors while meeting in executive session. In this manner, should the proposed slate of directors be elected, all but one of the current directors will have been involved in the nominations process.

Audit Committee

The Audit Committee currently consists of the following five directors: Gregory J. Cotter (Chairman), John P. (Jack) Laborde, Michael A. Flick, Michael J. Keefe and Christopher M Harding. Each of these directors is "independent" as such term is defined in the NASDAQ listing standards, and also satisfies the additional requirements applicable to an audit committee member under Rule 10A-3(b)(1) under the Securities and Exchange Act of 1934. Our Board has determined that Mr. Flick and Mr. Keefe are "audit committee financial experts" as such term is defined within the applicable rules of the SEC.

The Audit Committee met five times during 2015. The Audit Committee's primary function is to assist our Board in fulfilling its oversight responsibilities by monitoring (i) the continued development and performance of our system of financial reporting, accounting, auditing, disclosure controls and procedures and internal control over financial reporting and financial reporting practices, (ii) the operation and integrity of our financial reporting system, (iii) the performance and qualifications of our independent registered public accounting firm (external auditors) and internal auditors, (iv) the independence of our independent registered public accounting firm (external auditors), and (v) risk assessment with respect to the Company's financial statements and related controls.

Compensation Committee

The Compensation Committee currently consists of the following five directors: Michael A. Flick (Chairman), John P. (Jack) Laborde, Jerry D. Dumas, William E. Chiles and Murray W. Burns. Each of these directors is “independent” as such term is defined in the NASDAQ listing standards, and also satisfies the additional requirements applicable to a compensation committee member under Rule 166-3 under the Securities and Exchange Act of 1934. The Compensation Committee met three times during 2015. The Compensation Committee (i) reviews, approves and recommends to our Board goals and objectives relating to the compensation of our executive officers and other key employees (including the specific relationship of corporate performance to such officers’ compensation), (ii) evaluates at least annually the performance of our executive officers and other key employees in light of these goals and objectives, (iii) recommends to our Board the compensation of our executive officers and other key employees based on such evaluations, (iv) grants awards under our incentive compensation plans and programs, (v) otherwise administers our incentive compensation plans and programs, (vi) recommends to our Board the compensation of our directors, and (vii) performs such other functions as may be prescribed by our Board.

The Compensation Committee seeks the input of our Chief Executive Officer in connection with performance evaluations and compensation decisions for our executive officers; however, our Chief Executive Officer is not present when the Compensation Committee meets to evaluate his performance nor when our Board determines his compensation. The terms of our stock incentive plans permit the Compensation Committee to delegate to appropriate personnel its authority to make awards to employees other than those subject to Section 16 of the Exchange Act. However, the Compensation Committee has not delegated this authority to any individual.

Consideration of Shareholder Recommended Director Nominees

As set forth in our Corporate Governance Guidelines, our Board will consider director candidates recommended by our shareholders on candidates for nomination for election to our Board. Any shareholder may suggest a nominee by sending the following information to our Board: (i) the proposing shareholder's name, address and telephone number, (ii) the number of shares of our common stock beneficially owned by the proposing shareholder and the suggested nominee, (iii) the suggested nominee's name, age, business and residential addresses and telephone number, (iv) a statement whether the suggested nominee knows that his or her name is being suggested by the proposing shareholder, and whether he or she has consented to being suggested and is willing to serve, (v) the suggested nominee's résumé or other description of his or her background and experience, and (vi) the proposing shareholder's reasons for suggesting that the individual be considered. The information should be sent to the Corporate Governance and Nominating Committee of our Board addressed as follows: Chair,am - Corporate Governance and Nominating Committee of Gulf Island Fabrication, Inc., 16225 Park Ten Place, Suite 280, Houston, Texas 77084.

Our Amended and Restated Articles of Incorporation also permit shareholders to directly nominate directors for election at an annual shareholder meeting. In general, to be timely, a shareholder's notice must be received by our Secretary at our principal executive office no less than 45 days or more than 90 days prior to the shareholder meeting and the notice must be in writing and must include certain specified information about the nominee and the shareholder making the nomination.

Communications with our Board

Any shareholder may communicate with our Board (or with any individual director) by sending a letter by mail addressed to the Chairman of the Board of Directors of Gulf Island Fabrication, Inc., 16225 Park Ten Place, Suite 280, Houston, Texas, 77084. The Chairman of our Board will forward the shareholder's communication directly to the appropriate director or directors.

Our Board has adopted a policy that recommends that all directors personally attend each annual and special meeting of our shareholders. At the last annual meeting of shareholders held on April 23, 2015, all nine of the members of our Board at the time were in attendance.

Ethics and Business Conduct Policies

We have adopted a Code of Ethics for our Chief Executive Officer and senior financial officers and a Code of Business Conduct and Ethics, which applies to all employees and directors, including our Chief Executive Officer and senior financial officers. These codes are posted on our website at www.gulfisland.com under Investors—Corporate Governance. Any substantive amendments to the Code of Ethics or any waivers granted under the Code of Ethics will be disclosed within four business days of such event on our website.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of ownership and changes in ownership with the SEC. Officers, directors and greater than 10% shareholders are required by the regulations of the SEC to furnish the Company with copies of all Section 16(a) reports they file. Based solely on our review of copies of such reports and written representations from our officers and directors that no other reports were required for those persons, we believe that all of our officers, directors and greater than 10% shareholders complied with the filing requirements applicable to such persons for the fiscal year ended December 31, 2015.

Compensation Committee Interlocks and Insider Participation

During 2015, none of Messrs. Michael A. Flick, John P. (Jack) Laborde, Jerry D. Dumas, Sr., William E. Chiles and Murray W. Burns, who comprised the Compensation Committee, were officers or employees of the Company or any of its subsidiaries or had any relationships requiring disclosure in this proxy statement under “Certain Transactions,” and none of our executive officers served as a member of the compensation committee of another entity or as a director of another entity, one of whose executive officers served on the Compensation Committee or our Board. No member of the Compensation Committee is a former officer of the Company.

PROPOSAL 1: ELECTION OF DIRECTORS

Our Amended and Restated Articles of Incorporation provide for a Board of Directors consisting of three classes, with the number of directors to be set forth in our By-laws. Our By-laws allow for the number of directors constituting the entire Board of Directors to be a range of not less than three nor more than twelve, with the exact number of directors to be fixed by a duly adopted resolution of the Board of Directors. The size of our Board is currently set at nine directors. The term of office of the Class I directors will expire at this annual meeting, and, in accordance with the recommendations of the independent directors, our Board has nominated the three persons listed as the Class I director nominees in the table below for election to our Board for a term expiring in 2019.

Proxies cannot be voted more than one time for each of the three director nominees named in this proxy statement. In the unanticipated event that any nominee is unavailable as a candidate for director, the persons named in the accompanying proxy will vote your shares of our common stock for a substitute candidate nominated by our Board.

Under our By-Laws, directors are elected by a plurality vote, with the three Class I director nominees who receive the most votes being elected.

Our Board recommends that shareholders vote FOR the election of the three Class I director nominees named in this proxy statement.

Information about the Directors, Director Nominees and Executive Officers

The following table sets forth, as of April 6, 2016, for each director nominee, each other director of the Company whose term will continue after the annual meeting, and each of our executive officers, the age, any positions with the Company, and principal occupations and employment during the past five years, any family relationships among such persons, and, if a director nominee or a director, each such person's directorships in other public corporations during the past five years and the year that such person was first elected a director of the Company. We have also included information about each director and director nominee's specific experience, qualifications, attributes, or skills that led the independent directors of our Board to conclude that such person should serve as one of our directors at the time we file this proxy statement, in light of our business and structure. All executive officers serve at the pleasure of our Board.

Director Compensation

We use a combination of cash and equity-based incentive compensation to attract and retain qualified candidates to serve on our Board. In setting director compensation, we consider the significant amount of time directors dedicate in fulfilling their duties as directors, as well as the skill-level required by the Company to be an effective member of our Board. For 2015, the form and amount of director compensation was reviewed by our full Board, which includes Mr. Meche, our President and Chief Executive Officer. During 2015, the Board reaffirmed stock ownership guidelines and established an anti-hedging policy for all directors.

Cash Compensation

For service as a director during 2015, each non-employee director, except Messrs. Cotter, Keefe, Laborde and Flick, received an annual fee of \$54,000 for his services as a director. Mr. Cotter, as a director and Chairman of the Audit Committee, received an annual fee of \$66,000 and Mr. Keefe, as a director and the Audit Committee Financial Expert for nine months during 2015, received an annual fee of \$63,000. Mr. Flick, as a director, the Audit Committee Financial Expert for three months during 2015, Chairman of the Compensation Committee, and Chairman of the Corporate Governance and Nominating Committee for three months during 2015, received an annual fee of \$72,000. Mr. J. Laborde received an annual fee of \$120,000 for serving as a director

and Chairman of the Board. All directors are reimbursed for reasonable out-of-pocket expenses incurred in attending meetings of our Board and its committees.

Equity-Based Compensation

Each non-employee director also received equity-based compensation under our stock incentive plans, which were approved by our shareholders. On April 23, 2015, each of our non-employee directors was granted 2,000 restricted stock units ("RSUs"), which vested on October 23, 2015, six months after the date of grant. Upon vesting, each RSU entitled the non-employee director, at his sole option, to receive either (i) one share of our common stock or (ii) in lieu of a share of our common stock, up to fifty percent (50%) of the fair market value of the share of our common stock in cash. We expect to continue to make an annual grant of RSUs to our non-employee directors. Under our stock ownership guidelines, as of the end of fiscal 2018, directors are required to maintain a minimum of 5,000 shares.

The table below summarizes compensation paid in 2015 to each person serving as a director during 2015, with the exception of Mr. Meche. Mr. Meche did not receive any compensation as a director and his compensation as an executive of the Company is fully reflected in the 2015 Summary Compensation Table on page 19.

Name	Fees Earned or Paid in Cash (1)	Stock Awards (2)	Total
Murray W. Burns	\$54,000	\$30,680	\$84,680
William E. Chiles	54,000	30,680	84,680

Jerry D. Dumas, Sr.	54,000	30,680	84,680
Michael A. Flick	72,000	30,680	102,680
Christopher M. Harding	54,000	30,680	84,680
Michael J. Keeffe	63,000	30,680	93,680
John P. Laborde	120,000	30,680	150,680

(1) Reflects fees earned by the directors during 2015 for their service on our Board and its committees, as applicable.

Reflect the aggregate grant date fair value of RSUs. RSUs are valued on the date of grant at the closing sale price (2) per share of our common stock. On April 23, 2015, each of our non-employee directors was granted 2,000 RSUs, with a grant date fair value of \$15.34 per RSU.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary

Introduction

This section of the proxy describes and analyzes our executive compensation philosophy and program in the context of the compensation paid during the last fiscal year to our chief executive officer, our chief financial officer, and our chief operating officer (our "named executive officers"), our only executive officers during 2015. Our fiscal 2015 named executive officers are:

✠ Kirk J. Meche, President and Chief Executive Officer;
✠ Jeffrey M. Favret, Executive Vice President, Chief Financial Officer, Treasurer, and Secretary;
✠ Todd F. Ladd, Executive Vice President and Chief Operating Officer.

In this Compensation Discussion and Analysis, we first provide an Executive Summary of our actions and highlights from 2015. We next explain the principles that guide our Compensation Committee's (the "Committee") executive compensation decisions and recommendations and the process we follow when setting executive compensation. Finally, we discuss each component of executive compensation, including the actual results yielded for each named executive officer in fiscal 2015. You should read this section of the proxy statement in conjunction with the advisory vote that we are conducting on the compensation of our named executive officers (see Proposal 2), as it contains information that is relevant to your voting decision.

2015 Company Performance

As more fully discussed in "Management's Discussion and Analysis of Financial Condition and Results of Operations" contained in our Annual Report on Form 10-K for the years ended December 31, 2015 and 2014, the Company recorded net income (loss) of \$(25.4) million and \$15.3 million on revenue of \$306.1 million and \$506.6 million for the years ended December 31,

2015 and 2014, respectively. Decreases in year-over-year results are primarily a result of loss provisions on certain projects and the downturn in the oil & gas industry.

During the year ended December 31, 2015, we incurred contract losses of \$24.5 million related to a decrease in the contract price due to final weight re-measurements and our inability to recover certain costs on disputed change orders for a large deepwater project. In addition, we accrued contract losses of approximately \$9.4 million resulting from increases in our projected unit labor rates of our fabrication facilities. Our increases in unit labor rates were driven by our inability to absorb fixed costs due to decreases in expected oil and gas fabrication activity.

The current industry downturn, resulting from crude oil price volatility, has created significant uncertainty in global equity prices and overall market fundamentals within the energy industry. This uncertainty is the result of several factors including a global supply/demand imbalance for oil and an oversupply of natural gas in the United States; robust non-OPEC supply growth led by expanding unconventional production in the United States; weakening growth in emerging markets; and the decision by OPEC to maintain its current production ceiling. We anticipate that crude oil prices will increase in the future, as continued growth in demand and a slowing in supply growth should bring global markets into balance; however, the timing of any such increase is unknown.

The downturn in the energy sector presents challenges in the near term, especially as it relates to Gulf of Mexico activity. The further reductions in capital spending by our customers in the global oil and gas industry, relative to the already reduced spending levels in the prior year for offshore exploration and production in particular, introduces additional uncertainty to short- and long-term demand in offshore oil and gas project activity. The result of these actions have had an adverse effect on our overall backlog levels and has created challenges with respect to our ability to operate our fabrication facilities at desired utilization levels.

We are responding to decreases in capital spending by our customers by reducing our own capital spending, adjusting our overall cost structure, and adjusting the level of our workforce commensurate with expected near-term work in our facilities. Our recent acquisition of LEEVAC provides us with assets and operations that are complementary to our existing marine fabrication business while at the same time allowing us to diversify our marine product offering away from traditional upstream oil & gas fabrication and add significant additional backlog at an attractive value.

We believe that our strong balance sheet, levels of cash, and access to capital provides us with the strength to persevere through the current down cycle.

Pay Philosophy

The Compensation Committee is responsible for designing, implementing, and administering a compensation program for executive officers that ensures appropriate linkage among pay, Company performance, and results for shareholders, while at the same time avoiding the encouragement of unnecessary or excessive risk-taking. The Compensation Committee seeks to increase shareholder value by rewarding performance with cost-effective compensation and ensuring that we attract and retain the best executive talent available. While our executive officer compensation program is simple in design, we believe it serves the Company well by providing a mix of annual cash compensation, including base salary and performance based annual incentive awards, with long-term awards.

2015 Compensation Program Highlights

Annual Incentive Program Payout Based on Performance. Our named executive officers annual incentive awards for 2015 were based on specific targeted metrics related to our level of pre-tax earnings, operating margins, safety metrics, and individual performance. Based on our safety results for 2015, our named executive officers received annual cash payouts equal to 50% of their target annual cash incentive awards.

Long-Term Incentive Programs Now Incorporates Performance Awards. Executive officer annual incentive awards are based on specific targeted metrics. The Compensation Committee introduced performance share units to the long-term incentive mix in 2015 to better align pay opportunities with Company performance, shareholder interests, and emerging best practices.

No Salary Increases for 2015. Given the economic environment of the oil and gas industry, the Compensation Committee elected not to increase base salaries for our named executive officers in 2015.

“Double Trigger” Equity Awards. Beginning with the equity awards made under our long-term incentive program in 2015, in connection with a change of control, vesting of the awards will only accelerate upon the recipient’s actual or constructive termination of employment within one year following a the change of control.

All of our named executive officers are at-will employees. The Compensation Committee does not believe employment agreements provide any appreciable retentive or motivational value. Except for limited benefits available to certain executives in connection with a termination due to a change of control, we do not provide severance or retirement benefits to our executive officers other than those provided to all of our employees generally.

Strong Historical Support of Say-on-Pay

At our 2015 annual meeting, we held a non-binding shareholder advisory vote on executive compensation (“say-on-pay”). Similar to results in the previous year, our shareholders approved our fiscal 2014 executive compensation, with more than 98% of voting shareholders casting their vote in favor of the say-on-pay resolution, excluding abstentions and broker non-votes which are not considered votes cast. The Compensation Committee considered the results of the 2015 say-on-pay vote relating to fiscal 2014 executive compensation as affirmation of shareholder approval of our executive compensation program.

Nevertheless, the Compensation Committee continues to monitor our executive compensation program in the context of current and emerging market practice, and the latest thinking on sound corporate governance. For example, effective for 2016, the company adopted share ownership guidelines and an anti-hedging policy to further align our executive compensation program with emerging “best practice.”

Compensation Decision-Making Process

The Compensation Committee engaged Aon Hewitt in 2015 as its independent compensation consultant to review compensation practices and policies. Consistent with our Compensation Committee’s policy, Aon Hewitt does not provide, and has not provided, any services to the Company’s management. As required by SEC rules, the Compensation Committee has assessed the independence of Aon Hewitt and concluded that Aon Hewitt’s work did not raise any conflicts of interest. A representative of Aon Hewitt attends meetings of our Compensation Committee when requested by the Compensation Committee chairman and communicates with our Committee chairman between meetings; however, our Compensation Committee makes all recommendations regarding the compensation of our executive officers to the Board of Directors for its approval. Aon Hewitt provides various executive compensation services to our Committee, including advising our Compensation Committee on our annual and long-term incentive programs, selection of an appropriate peer group, evolving industry practices and providing market information and analysis regarding the competitiveness of our program design.

Although we have not formally benchmarked our compensation to the compensation paid by our peers and competitors, the Compensation Committee uses peer compensation data prepared by Aon Hewitt to evaluate whether the executive compensation levels, including base salary and annual and long-term incentive targets, are in line with our energy and marine construction industry peers.

This data included a comparison of named executive officer compensation against similar positions in companies with comparable revenues to the Company from published oil and gas industry surveys. In addition, the Committee also reviewed comparisons of named executive officer compensation against compensation levels published in the proxy statements of 15 peer companies listed below:

McDermott International Inc.
Atwood Oceanics, Inc.
Helix Energy Solutions Group, Inc.

Matrix Service Company
W&T Offshore Inc.
Pioneer Energy Services Corp.

Parker Drilling Co.
TETRA Technologies, Inc.
Hornbeck Offshore Services, Inc.
Tesco Corporation
ENGlobal Corp

Hercules Offshore, Inc.
Dril-Quip, Inc.
Cal Dive International Inc
Orion Marine Group, Inc

The Committee considered both sets of data, but generally relied on the peer company proxy data as the primary source for the Chief Executive Officer and Chief Financial Officer positions. Since not all peer companies have Chief Operating Officer positions, the Committee relied on the published survey data as the primary source for that position.

Our Chief Executive Officer attends the Compensation Committee's meetings, assists in the Compensation Committee's evaluation of Company and executive officer performance (other than himself), and recommends the specific elements and amounts of compensation to be paid to the other executive officers. Our Chief Executive Officer is not present or otherwise involved when the Compensation Committee reviews his performance and develops recommendations regarding his compensation.

The Compensation Committee typically meets following the end of each fiscal year to review the performance of the Company and its executives. This meeting is generally scheduled approximately one year in advance, and at this meeting, all compensation recommendations are made, including recommendations regarding adjustments to the annual base salaries of the executive officers, the adoption of a cash incentive program for the following fiscal year, and whether any equity awards will be made. The Compensation Committee has not delegated authority to any officer to grant equity awards. The Board of Directors typically makes compensation decisions based on the Compensation Committee's recommendations at a separate meeting of the Board of Directors following the Compensation Committee meeting.

Components of Executive Compensation

Our executive officer compensation program for 2015 included salaries, annual cash incentive bonuses, and long-term incentive compensation. The Compensation Committee reviewed and quantified all components of our named executive officers' compensation, including salary, non-equity and equity incentive plan compensation, the current value of outstanding equity awards, and the incremental cost to the Company of all perquisites and other benefits for 2015, and determined that such officers' total compensation in the aggregate is reasonable and not excessive.

Salaries. The base salaries of each of our named executive officers for 2015 were as follows: Mr. Meche—\$500,000, Mr. Favret—\$340,000, Mr. Ladd—\$350,000. Our philosophy is that base salaries, which provide fixed compensation, should meet the objective of attracting and retaining the executive officers needed to manage our business successfully. The actual salaries of our named executive officers are based on their individual levels of responsibility and the Compensation Committee's general knowledge of the competitive compensation levels in the energy and marine construction industry. With respect to the relevant base salaries of our peer or survey groups referenced above, our executive base salaries are below the 25th percentile range of the comparative groups. While the Compensation Committee does not formally benchmark our executives' compensation, its goal is to move our executives' base salaries toward the median of comparison groups over time in order to help retain and attract key executives. However, given market conditions within the oil and gas industry, the Committee elected not to recommend increases to our named executive officers' base salaries for 2015 and the Board agreed. In addition, given the sustained downturn within the oil and gas industry, our named executive officers did not receive base salary increases for 2016.

Annual Cash Incentives. In early 2015, the Committee recommended and the Board approved the performance measures and targets applicable to the annual cash incentive program for 2015 for our named executive officers, which are described in the table below. The Compensation Committee believes that these metrics are appropriate measures on which to base our annual bonus because they are directly tied to management's success in growing our business and will drive our executives in improving operational efficiencies. Each executive has a target annual incentive (expressed as a percent of base salary), with threshold equal to 50% of target, and maximum equal to 200% of target. If actual results fall between performance standards, awards are determined by using straight-line interpolation. Notwithstanding the Company's performance, the Committee retains the right to reduce or eliminate the payments prior to payout. The table below summarizes the determination of annual cash incentives paid for 2015 performance to all of our named executive officers:

Performance Measures, Weights, Standards, and Payout Opportunities

Performance Measure	Weighting	Threshold Performance	Target Performance	Maximum Performance	Actual Performance	Payout
Pre-Tax Earnings	30%	75% of Budget	100% of Budget	125% of Budget	-517% / Below Threshold	0% of Target
Gross Profit Margin	30%	6.5%	8%	10%	-4.1% / Below Threshold	0% of Target
Lost Time Incident Rate	12.5%	0.75	0.67	0.62	0.20 / Maximum	25% of Target
Total Recordable Time Incident Rate	12.5%	2.0	1.5	1.0	0.95 / Maximum	25% of Target
Individual Performance	15%	*	*	*	*	0% of Target*
Total Earned:						50% of Target

* Notwithstanding the results of individual performance appraisals, the Compensation Committee determined that the individual performance element of the plan should not pay out, given the results on earnings and gross profit margin measures, and the decreased share price experienced by the Company.

The annual incentive awards received by our named executive officers as compared to their incentive target for 2015 were as follows:

Named Executive Officer	Base Salary	Target Annual Incentive (% of base salary)	Target Annual Incentive	Earned Incentive - see table above (% of target)	Earned Incentive
Mr. Meche	\$500,000	100.0%	\$500,000	50.0%	\$250,000
Mr. Favret	340,000	75.0%	255,000	50.0%	127,500
Mr. Ladd	350,000	80.0%	280,000	50.0%	140,000

Long-Term Incentive Awards. Historically, the Compensation Committee utilized restricted stock as the sole equity-based incentive awarded to our executives. During 2015, the Committee worked with its compensation consultant to revise the program and incorporate more Performance elements. Under our new long-term incentive program, executive officers were awarded equity-based grants in the form of time-vested restricted stock units and performance shares. Performance shares granted in 2015 had a target grant date value of \$1,000,000 for Mr. Meche, \$400,000 for Mr. Favret, and \$500,000 for Mr. Ladd.

Restricted stock units vest 1/3 per year over three years.

Performance share unit awards have a two-year performance period and pay out in shares of common stock at between 0% and 150% of the target value following the end of the performance period based on our total stockholder return relative to a group of peer companies as follows

Relative TSR Performance	Payout (% of target award earned) *
Threshold / <25 th %	—%
Threshold / 25 th %	50%
Target / 50 th %	100%
Maximum / 75 th % or higher	150%

* Payouts for performance between performance standards shown above determined using straight-line interpolation.

The peer companies used to determine relative TSR performance for the 2015 grants are as follows: Helix Energy Solutions Group, Inc., McDermott International Inc., Oceaneering International, Inc., Subsea 7 SA, Technip SA, Tetra Technologies, Inc., and Cal Dive International, Inc.

Perquisites. We also provide very limited perquisites and personal benefits to certain of our named executive officers, consisting of automobile related expenses and benefits. However, the aggregate value of these benefits for our named executive officers did not exceed \$10,000 for any executive during 2015.

Post-Employment Compensation

We maintain a retirement plan qualified under Section 401(k) of the Internal Revenue Code that is available to all qualified employees. Our named executive officers participate in this retirement plan under the same terms as eligible employees. In addition, we currently have change of control agreements with all of our named executive officers. We believe that severance protections, when provided in the context of a change of control transaction, can play a valuable role in attracting and retaining key executives. The occurrence, or potential occurrence, of a change of control transaction can create uncertainty regarding the continued employment of our executive officers, in particular those officers whose primary functions relate to management of the parent company. This uncertainty occurs because many change of control transactions result in significant organizational changes, particularly at the senior executive level. In order to encourage our executive officers to remain employed with the Company during a critical time when their prospects for continued employment following the transaction are often uncertain, we have elected to provide severance benefits if their employment is terminated by the Company without cause or, in limited circumstances, by the executive for good reason in connection with a change of control. Because we believe that a termination by the executive for good reason may be conceptually the same as a termination by the Company without cause, and because we believe that in the context of a change of control, potential acquirers would otherwise have an incentive to constructively terminate the executive's employment to avoid paying severance, we believe it is appropriate to provide severance benefits in these circumstances. We do not provide excise tax gross-up protections in change of control arrangements.

The benefits provided to our named executive officers in connection with a termination following a change of control are described below under "Potential Payments upon Termination or Change of Control." We do not believe that our executive officers should be entitled to receive cash severance benefits merely because a change of control transaction occurs. The payment of cash severance benefits is only triggered by an actual or constructive termination of employment following a change of control (i.e. a "double trigger"). Under their respective long-term incentive agreements granted prior to 2015, however, our named executive officers would be entitled to accelerated vesting of their outstanding time based equity awards automatically upon a change of control of the Company, whether or not the officer's employment is terminated. In addition, Performance share units are converted to time-based units at their targeted amounts immediately upon a change of control. Beginning with awards granted in 2015, the accelerated vesting of long-term incentive awards in connection with a change of control is only triggered by an actual or constructive termination of employment following a change of control. This treatment of the equity awards in connection with a change of control applies to all award recipients, not just our named executive officers.

Section 162(m)

Section 162(m) of the Internal Revenue Code limits the tax deduction to \$1 million for compensation paid to certain highly compensated executive officers. Qualified Performance compensation is excluded from this deduction limitation if certain requirements are met. The Compensation Committee does not expect the base salary, annual cash incentive or the restricted stock granted to executive officers, as discussed above, to qualify for the exclusion from the deduction limitation under Section 162(m); however, the level of compensation currently paid to our executive officers does not often implicate the Section 162(m) limit. The new performance share awards were generally designed to qualify as Performance compensation under Section 162(m). The Compensation Committee intends to continue to establish executive officer compensation programs that will maximize our income tax deduction, assuming the Compensation Committee determines that such actions are consistent with its philosophy and in the best interest of the Company and our shareholders.

Compensation Committee Report

The Compensation Committee of our Board has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management, and based on such review and discussions, the Compensation Committee recommended to our Board that the Compensation Discussion and Analysis be included in this proxy statement.

Submitted by the Compensation Committee on April 6, 2016.

	2013	137,506	217,100	82,177	940	437,175

(1) There were no increases in base salary during 2015.

Amounts shown reflect the aggregate grant date fair value of time-vested restricted stock units and performance awards granted during the applicable fiscal year. The grant date fair value of restricted stock units is the closing

(2) price of our common stock on the date of the grant. The grant date fair value of performance awards was determined using a Monte-Carlo simulation model. The maximum amounts that may be earned under the 2015 Performance share awards were as follows: Mr. Meche \$1.5 million, Mr. Favret \$0.6 million, and Mr. Ladd \$0.8 million, respectively. Refer to table on next page for further details.

(3) See “Annual Cash Incentives” at page 16 for a description of our annual incentive compensation program.

For 2015, includes (i) matching and profit-sharing contributions to our 401(k) plan and (ii) premium payments

(4) under a long-term disability insurance plan, which premium payments are attributable to benefits in excess of those benefits provided generally for other employees, as set forth below:

Name	401(k) Plan Contributions	Disability Insurance Premiums
Mr. Meche	\$9,275	\$940
Mr. Favret	9,275	940
Mr. Ladd	9,275	940

Prior to Mr. Favret’s appointment as Executive Vice President, Chief Financial Officer, Treasurer and Secretary on (5) February 26, 2015, Mr. Favret served as the Company’s Vice President—Finance, Chief Financial Officer, Treasurer and Secretary.

Prior to Mr. Ladd’s appointment as Executive Vice President, Chief Operating Officer on February 26, 2015,

(6) Mr. Ladd served as the Company’s Chief Operating Officer. Prior to Mr. Ladd’s appointment as Chief Operating Officer on February 27, 2014, Mr. Ladd served as the Company’s Vice President of Operations and General Manager.

	29,238	33% on February 25, 2016 and each of the two subsequent anniversaries thereof

Stock Vested

The following table sets forth certain information regarding the vesting of restricted stock and restricted stock units during the fiscal year ended December 31, 2015 for each of the named executive officers.

Name	Stock Awards	
	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting (1)
Kirk J. Meche	6,040	\$63,905
Jeffrey Favret	1,600	17,952
Todd F. Ladd	2,000	20,620

(1) Value Realized is determined by reference to the closing market price of the shares of our common stock on the vesting date.

Potential Payments upon Termination or Change of Control

Under their respective long-term incentive agreements granted prior to 2015, our named executive officers would be entitled to accelerated vesting of their outstanding time based equity awards automatically upon a change of control of the Company, whether or not the officer's employment is terminated. In addition, Performance share units are converted to time-based units at their targeted amounts immediately upon a change of control. Beginning with awards granted in 2015, the accelerated vesting of long-term incentive awards in connection with a change of control is only triggered by an actual or constructive termination of employment following a change of control.

Change of Control Agreement—Mr. Meche. In February 2015, we entered into a change of control agreement with Mr. Meche. This agreement entitles Mr. Meche to receive additional benefits in the event of the termination of his employment under certain circumstances following a change of control. The agreement provides that if, during the 24-month period following a change of control, the Company or its successor terminates Mr. Meche other than by reason of death, disability or cause, the executive will receive:

- any accrued but unpaid salary and a pro-rata bonus for the year in which he was terminated;
- a lump-sum cash payment equal to 2.0 times the sum of (a) Mr. Meche's base salary in effect at the time of termination and (b) the highest annual bonus awarded to Mr. Meche during the three fiscal years immediately preceding the termination date; and
- continuation of insurance and welfare benefits until the earlier of (a) December 31 of the first calendar year following the calendar year of the termination or (b) the date Mr. Meche accepts new employment.

Change of Control Agreement—Messrs. Favret and Ladd. In February 2015, we entered into change of control agreements with Mr. Favret and Mr. Ladd. These agreements entitle each executive to receive additional benefits in the event of the termination of his employment under certain circumstances following a change of control. Each agreement provides that if, during the 18-month period following a change of control, the Company or its successor terminates the executive other than by reason of death, disability or cause, the executive will receive:

- any accrued but unpaid salary and a pro-rata bonus for the year in which he was terminated;
- a lump-sum cash payment equal to 1.5 times the sum of (a) the executive's base salary in effect at the time of termination and (b) the highest annual bonus awarded to the executive during the three fiscal years immediately preceding the termination date; and
- continuation of insurance and welfare benefits until the earlier of (a) December 31 of the first calendar year following the calendar year of the termination or (b) the date the executive accepts new employment.

In addition, all of the above described agreements also provide that if the executive terminates his employment during the respective protected period following a change of control by reason of death, disability or retirement, the Company or its successor shall pay to the executive any accrued but unpaid salary and a pro-rata bonus for the year in which he was terminated. The pro-rata bonus shall be calculated based on the average of the annual bonuses received by the executive in the three most recently completed fiscal years prior to the termination date, and multiplying such amount by the fraction obtained by dividing the number of days in the year through the date of termination by 365. Also, all of the above described agreements provide that any payments under such agreement may be offset by any damages owed to the Company for the executive's breach of his nondisclosure and proprietary rights covenant contained in such agreement.

The benefits provided under the agreements are in addition to the value of any shares of restricted stock or restricted stock units, the vesting of which is accelerated pursuant to the terms of the restricted stock or restricted stock unit agreement, and any other incentive or similar plan adopted by the Company.

Performance share units are converted to time-based shares at their targeted amounts and vest only by an actual or constructive termination of employment following a change of control.

If any part of the payments or benefits received by the executive in connection with a termination following a change of control constitutes an excess parachute payment under Section 4999 of the Internal Revenue Code, the executive will receive the greater of (1) the amount of such payments and benefits reduced so that none of the amount constitutes an excess parachute payment, net of income taxes, or (2) the amount of such payments and benefits, net of income taxes and net of excise taxes under Section 4999 of the Internal Revenue Code.

The following table quantifies the potential payments to our named executive officers under the contracts, arrangements or plans discussed above, for a change of control or termination of employment of each of our named executive officers, assuming a December 31, 2015 termination date, and where applicable, using the closing price of our common stock of \$10.46 (as reported on the Nasdaq as of December 31, 2015). The table does not include amounts that may be payable under our 401(k) plan, or amounts that are not accelerated as a result of the termination or change of control, such as accrued salary or pro-rata bonus payments.

Name	Lump Sum Severance Payment	Restricted Stock (Unvested and Accelerated)(1)	Health Benefits	Total
Kirk J. Meche				
Termination w/o Cause/For Good Reason after Change of Control (2)	\$ 1,607,822	\$1,562,413	\$13,690	\$3,183,925
Jeffrey Favret				
Termination w/o Cause/For Good Reason after Change of Control (2)	\$ 819,989	\$747,293	\$13,690	\$1,580,972
Todd F. Ladd				
Termination w/o Cause/For Good Reason after Change of Control (2)	\$ 844,107	\$868,589	\$13,690	\$1,726,386

(1) The restricted stock will vest upon a change of control alone regardless of subsequent termination. The value of the restricted stock and restricted stock units that would have vested for each of our named executive officer is based on the closing market price on December 31, 2015. Performance share awards are deemed to be converted to time-based awards.

(2) Pursuant to the terms of the executive's change of control agreement, the total payments may be subject to reduction if such payments result in the imposition of an excise tax under Section 280G of the Internal Revenue Code.

Certain Transactions

In accordance with the provisions of our Audit Committee Charter, any transaction which would require disclosure under Item 404(a) of Regulation S-K of the rules and regulations of the SEC, with respect to a director or executive officer, must be reviewed and approved, or ratified, annually by the Audit Committee of our Board. Any such related party transactions will only be approved or ratified if the Audit Committee determines that such transaction will not impair the involved person's service to, and exercise of judgment on behalf of, the Company, or otherwise create a conflict of interest that would be detrimental to the Company.

PROPOSAL 2: ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

The Dodd-Frank Wall Street Reform and Consumer Protection Act, enacted in July 2010, requires that we provide our shareholders with the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the rules of the SEC. This vote is not intended to address any specific item of compensation but rather the overall compensation of our named executive officers and our compensation philosophy

23

and practices as disclosed under the “Executive Compensation” section of this proxy statement. This disclosure includes the Compensation Discussion and Analysis and the executive compensation tables and accompanying narrative disclosures.

At last year’s annual meeting, we provided our stockholders with the opportunity to cast a non-binding advisory vote regarding the compensation of our named executive officers as disclosed in our proxy statement for our 2015 annual meeting of stockholders. Our stockholders approved the “say-on-pay” proposal, with approximately 98% of the total votes cast voted for the proposal. We are again asking our stockholders to vote on the following resolution: RESOLVED, that the shareholders of Gulf Island Fabrication, Inc. (the “Company”) approve, on an advisory basis, the compensation of the Company’s named executive officers as disclosed in the proxy statement for the Company’s 2015 annual meeting of shareholders pursuant to Item 402 of Regulation S-K of the rules of the Securities and Exchange Commission.

We understand that executive compensation is an important matter for our shareholders. Our core executive compensation philosophy and practice continue to be based on pay for performance, and we believe that our compensation program is strongly aligned with the long-term interests of our shareholders. In considering how to vote on this proposal, we encourage you to review all the relevant information in this proxy statement—our Compensation Discussion and Analysis (including its Executive Summary), the executive compensation tables, and the rest of the narrative disclosures regarding our executive compensation program.

While this advisory vote, commonly referred to as a “say-on-pay” vote, is not binding, our Board and the Compensation Committee value the opinion of our shareholders and will consider the outcome of the vote when making future compensation decisions for our named executive officers. Following the recommendation of our stockholders at our 2011 annual meeting, we will hold a “say-on-pay” vote at each annual meeting until the next required vote of our stockholders regarding the frequency of “say-on-pay.” We invite shareholders who wish to communicate with our Board on executive compensation or any other matters to contact us as provided under “Corporate Governance—Communication with our Board.”

Approval of this proposal requires the affirmative vote of at least a majority of the votes cast at the annual meeting. See “Questions and Answers about the Annual Meeting and Voting.”

Our Board unanimously recommends that you vote to approve the compensation of our named executive officers as disclosed in this proxy statement by voting FOR this proposal.

Audit Committee Report

The Audit Committee of the Board of Directors of Gulf Island Fabrication, Inc. (the “Company”) is composed of five directors and operates under a written charter adopted by the Board of Directors, which is posted on the Company’s website at www.gulfisland.com under Investors—Corporate Governance. The current members of the Audit Committee, Gregory J. Cotter (Chairman), John P. (Jack) Laborde, Michael A. Flick, Michael J. Keefe and Christopher M Harding are independent as such term is defined under the NASDAQ listing standards.

We review the Company’s financial reporting process on behalf of the Board of Directors. We are responsible for monitoring this process, but we are not responsible for preparing the Company’s financial statements or auditing those financial statements. Those are the responsibilities of management and the Company’s independent registered public accounting firm, respectively.

During 2015, management assessed the effectiveness of the Company's system of internal control over financial reporting in connection with the Company's compliance with Section 404 of the Sarbanes-Oxley Act of 2002. We reviewed and discussed with management, PricewaterhouseCoopers LLP (the Company's internal auditors) and Ernst & Young LLP ("E&Y") (the Company's independent registered public accounting firm) management's report on internal control over financial reporting and E&Y's report on their audit of the Company's internal control over financial reporting, both of which are included in the Company's annual report on Form 10-K for the year ended December 31, 2015.

Appointment of the Company's Independent Registered Public Accounting Firm; Financial Statement Review

In April 2015, in accordance with the Audit Committee's charter, we appointed Ernst & Young LLP as the Company's independent registered public accounting firm for 2015. We have reviewed and discussed the Company's audited financial statements for the 2015 fiscal year with management and E&Y. Management represented to us that the audited financial statements fairly present, in all material respects, the financial condition, results of operations and cash flows of the Company

as of and for the periods presented in the financial statements in accordance with accounting principles generally accepted in the United States, and E&Y provided an audit opinion to the same effect.

We have received from E&Y the written disclosures and the letter required by Rule 3526 of the Public Company Accounting Oversight Board, Communication with Audit Committees Concerning Independence and we have discussed with them their independence from the Company and management. We have also discussed with E&Y the matters required to be discussed by PCAOB Auditing Standard No. 16—Communication with Audit Committees and other applicable auditing standards.

In addition, we discussed with E&Y the overall scope and plans for their audit, and we have met with E&Y and management to discuss the results of E&Y's examination, E&Y's understanding and evaluation of the Company's internal controls as E&Y considered necessary to support its opinion on the financial statements for the 2015 fiscal year, and various factors affecting the overall quality of accounting principles applied in the Company's financial reporting. E&Y also met with the Audit Committee without management being present to discuss these matters.

In reliance on these reviews and discussions, we recommended to the Board of Directors, and the Board of Directors approved, the inclusion of the audited financial statements referred to above in the Company's annual report on Form 10-K for the year ended December 31, 2015.

Internal Audit

We also review the Company's outsourced internal audit function, and discuss with the internal auditors the scope of their audit plan, and have met with the internal auditors to discuss the results of their reviews, their review of management's documentation, testing and evaluation of the Company's system of internal control over financial reporting, any difficulties or disputes with management encountered during the course of their reviews and other matters relating to the internal audit process. The internal auditors were also given the opportunity to meet with the Audit Committee without management being present to discuss these matters.

Independent Registered Public Accounting Firm

Fees and Related Disclosures for Accounting Services

The following table discloses fees billed to us for services provided by our independent registered public accounting firm, Ernst & Young LLP, for each of the last two fiscal years:

	2015	2014
Audit Fees	\$613,149	\$660,497
Audit-Related Fees	—	—
Tax Fees	—	—
All Other Fees	—	—

The Audit Committee has considered and determined that the provision of the above services is compatible with maintaining the independence of our independent registered public accounting firm.

Pre-Approval Policies and Procedures. The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by our independent registered public accounting firm. The Audit Committee will generally pre-approve a list of specific services and categories of services, including audit, audit-related and tax services, for the upcoming or current fiscal year, subject to a specified cost level. Any service that is not included in the approved list of services must be separately pre-approved by the Audit Committee in increments of \$10,000. In addition, if fees for any service exceed the amount that has been pre-approved, then payment of additional fees for such service must be specifically pre-approved by the Audit Committee.

At each regularly-scheduled Audit Committee meeting, management updates the Audit Committee on the scope and anticipated cost of any service pre-approved by the Audit Committee since the last meeting of the Audit Committee, as well as the projected fees for each service or group of services being provided by our independent registered public accounting firm.

Since the May 6, 2003 effective date of the SEC rules stating that an auditor is not independent of an audit client if the services it provides to the client are not appropriately approved, each service provided by our independent registered public accounting firm was approved in advance by the Audit Committee, and none of those services required use of the de minimis exception to the pre-approval requirement contained in the SEC's rules.

PROPOSAL 3: RATIFICATION OF THE APPOINTMENT OF OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Ernst & Young LLP has served as our independent registered public accounting firm providing auditing and financial services since their engagement in 1997. Our Board has ratified the decision of the Audit Committee to appoint Ernst & Young LLP to serve as our independent registered public accounting firm to audit our financial statements for the year ending December 31, 2016. Although we are not required to seek shareholder approval of this appointment, we have decided to do so. No determination has been made as to what action the Audit Committee and our Board would take if our shareholders fail to ratify the appointment. Even if the appointment is ratified, the Audit Committee retains discretion to appoint a new independent registered public accounting firm at any time if the Audit Committee concludes such a change would be in the best interests of the Company. We expect that representatives of Ernst & Young LLP will be present at the annual meeting and will have the opportunity to make a statement if they desire to do so. They will also be available to respond to appropriate questions.

Approval of this proposal requires the affirmative vote of at least a majority of the votes cast at the annual meeting. See “Questions and Answers about the Annual Meeting and Voting.”

Our Board unanimously recommends that you vote for the ratification of the appointment of our independent registered public accounting firm.

Shareholder Proposals and Nominations for 2017 annual meeting

Any shareholder who wishes to bring a matter, other than shareholder nominations of directors, before the 2017 annual meeting must notify our Secretary, in writing at the address shown on the first page of this proxy statement, no later than February 28, 2017. However, if the date of the 2017 annual meeting is changed by more than 30 calendar days from the date of the anniversary of the 2016 annual meeting, the notice must be received by our Secretary a reasonable time before the date we intend to distribute our proxy materials with respect to the 2017 annual meeting. If a shareholder does not provide such notice timely, proxies solicited on behalf of our Board for the 2017 annual meeting will confer discretionary authority to vote with respect to any such matter, as permitted by the proxy rules of the Securities and Exchange Commission (the “SEC”).

Shareholders intending to nominate a director for consideration at the 2017 annual meeting of shareholders may do so if they comply with our Amended and Restated Articles of Incorporation by furnishing timely written notice containing specified information concerning, among other things, information about the nominee and the shareholder making the nomination. See “Corporate Governance—Consideration of Director Nominees” for more information. To be timely, any shareholder who wishes to nominate a director for consideration at the 2017 annual meeting must notify our Secretary, in writing at the address shown on the first page of this proxy statement, no later than April 3, 2017, unless we provide less than 55 days’ notice of the 2017 annual meeting then the shareholder must provide notice to our Secretary no later than ten days following the date on which such notice of the 2017 annual meeting was given.

Any shareholder who desires to submit a proposal for inclusion in our proxy materials for the 2017 annual meeting must forward the proposal in writing to our Secretary at the address shown on the first page of this proxy statement in time to arrive no later than December 15, 2016, and the proposal must comply with applicable federal proxy rules.
