Item 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

As previously disclosed, on December 29, 2004, the Board of Directors of Chordiant approved a change in Chordiant's fiscal year end from December 31st to September 30th. In the course of preparing the 2004 financial results for the new fiscal year ended September 30, 2004, the Company identified certain errors in the financial statements for the quarters ended March 31, 2004, June 30, 2004 and September 30, 2004. The Company evaluated the errors in accordance with the quantitative and qualitative guidance set forth in Staff Accounting Bulletin No. 99.

On March 8, 2005, management concluded that the Company should restate the Company's financial statements for the quarters ended March 31, 2004, June 30, 2004 and September 30, 2004 due to the aggregate number of errors identified in the previously issued interim financial statements and the relative percentages represented by certain of those errors in the quarters to be restated. These errors are primarily related to expense and revenue timing errors, valuation of guarantee and errors related to pre-paid account balances.

On March 10, 2005, senior management of the Company met with the Audit Committee of the Board of Directors of the Company to discuss management's conclusion. The Audit Committee concurred with management's conclusion to restate the Company's financials for the quarters ended March 31, 2004, June 30, 2004 and September 30, 2004. The Company's Audit Committee and management discussed this conclusion with the Company's independent registered public accounting firm. Accordingly, the previously issued financial statements for such interim periods should no longer be relied upon.

The Company's preliminary assessment of the impact of the errors for the quarters ended March 31, 2004, June 30, 2004, September 30, 2004 and the year ended September 30, 2004 is expressed in the estimated percentage ranges of adjustments (other than EPS) identified in the table below. The restated results will be reflected in the Company's Transition Report on Form 10-K for the year ended September 30, 2004, subject to completion of reviews by management and the Company's independent registered public accounting firm.
