PROXY STATEMENT

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation by the board of directors of MoSys, Inc., a Delaware corporation (the "Company"), of proxies, in the accompanying form, to be used at the 2009 Annual Meeting of Stockholders (the "Annual Meeting") to be held at the Company's corporate headquarters located at 755 N. Mathilda Avenue, Sunnyvale, California 94085 on June 2, 2009, at 9:30 a.m., and any adjournments of the Annual Meeting. Unless the context otherwise requires, the "Company," "MoSys," "we," "us" and similar terms refer to MoSys, Inc.

If you need directions to the location of the Annual Meeting in order to attend and vote in person, please contact the Company at (408) 731-1800.

This Proxy Statement and the accompanying proxy card are being mailed on or about April 23, 2009 to all stockholders entitled to notice of and to vote at the Annual Meeting.

SOLICITATION AND VOTING PROCEDURES

Shares represented by valid proxies in the form enclosed, received in time for use at the Annual Meeting and not revoked at or prior to the Annual Meeting, will be voted at the Annual Meeting, as discussed below. The presence, in person or by proxy, of the holders of a majority of the outstanding shares of our common stock is necessary to constitute a quorum at the Annual Meeting. Holders of our common stock are entitled to one vote per share on all matters. To vote in person, a stockholder must attend the Annual Meeting, and then complete and submit the ballot provided at the meeting. To vote by proxy, a stockholder must mark, sign and date the enclosed proxy card and mail it to the Company's transfer agent or submit voting instructions electronically by using the telephone or Internet following the instructions provided on the proxy card. An automated system administered by the Company's transfer agent tabulates stockholder votes submitted by proxy, and an officer of the Company will tabulate votes cast in person at the Annual Meeting.

Stockholders of record who are present at the meeting in person or by proxy and who abstain from voting on a proposal, including brokers holding customers' shares of record who cause abstentions to be recorded at the meeting, will be included in the number of stockholders present at the meeting for purposes of determining whether a quorum is present.

Brokers holding shares in street name for customers generally have the authority to vote on certain routine matters when they have not received instructions from the beneficial owners of shares. Generally, brokers that do not receive instructions from the beneficial owners are entitled to vote on Proposal No. 1 (the election of directors) and Proposal No. 2 (the ratification of appointment by the Audit Committee of Burr, Pilger & Mayer LLP as the Company's independent registered public accounting firm for the 2009 audit).

The voting requirements for the proposals that we will consider at the Annual Meeting are:

Election of Directors. Directors are elected by a plurality, and the six directors who receive the most votes will be elected to our board of directors. Votes withheld will not affect the election of directors.

Ratification of Appointment of Burr, Pilger & Mayer LLP as Independent Registered Public Accounting Firm. An affirmative vote of the holders of a majority of the shares present or represented by proxy and entitled to vote at the Annual Meeting is necessary for approval of this proposal. Abstentions will have the same effect as voting against the proposal.

Edgar Filing: MoSys, Inc. - Form DEF 14A

All proxies will be voted as specified on the proxy cards submitted by stockholders, if the proxy is properly executed or electronically submitted and is received by the Company prior to the close of voting at the Annual Meeting or any adjournment or postponement of the Annual Meeting. Our chief executive officer, Leonard Perham, has been designated as the proxy for the Annual Meeting. If no choice has been specified, a properly completed and timely returned or electronically submitted proxy card will be voted for our board of directors' nominees under Proposal No. 1 and, for Proposal No. 2, which are described in detail elsewhere in this Proxy Statement. In addition, all properly completed and timely returned or electronically submitted proxy cards will be voted by the proxy in his discretion for any other matters properly and timely submitted for a vote at the Annual Meeting.

Only holders of our common stock at the close of business on April 9, 2009, the record date, will be entitled to notice of and to vote at the Annual Meeting. As of that date, we had 31,197,798 shares of common stock outstanding and entitled to vote. Each share of our common stock is entitled to one vote per share.

The cost of soliciting proxies, including expenses in connection with preparing and mailing of this Proxy Statement and the proxy card will be borne by the Company. Copies of solicitation material will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners of our common stock and maintaining the Internet access for such materials and the submission of proxies. The Company will reimburse brokerage firms and other persons representing beneficial owners of common stock for their expenses in forwarding proxy material to such beneficial owners. Solicitation of proxies by mail may be supplemented by telephone, telegram, electronic facsimile transmission and other electronic means, and personal solicitation by the directors, officers or employees of the Company. No additional compensation will be paid to directors, officers or employees for such solicitation. The Company has retained Wells Fargo Shareowner Services to assist in the distribution of proxies for a fee estimated to be approximately \$5,000 plus reasonable out-of-pocket expenses.

Copies of the Company's 2008 Annual Report on Form 10-K are being mailed to stockholders with this Proxy Statement and these documents can also be viewed on the investors section of the Company's website, www.mosys.com. Additional copies of the Company's 2008 Annual Report on Form 10-K, excluding exhibits, may be obtained by any stockholder, without charge, by sending an e-mail to ir@mosys.com or by written request addressed to: Investor Relations, MoSys, Inc., 755 N. Mathilda Avenue, Sunnyvale, California 94085.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE STOCKHOLDER MEETING TO BE HELD ON JUNE 2, 2009

This Proxy Statement, the proxy card and our 2008 Annual Report on Form 10-K are available at www.mosysinc.com/proxy/proxymaterials.html.

REVOCABILITY OF PROXIES

You can revoke your proxy at any time before the voting at the Annual Meeting by sending a properly signed written notice of your revocation to the Secretary of the Company, by submitting another proxy that is properly signed and bearing a later date, by following the specified procedures for submitting a proxy electronically and changing your vote or by voting in person at the Annual Meeting. Attendance at the Annual Meeting will not itself revoke an earlier submitted proxy. You should direct any written notices of revocation and related correspondence to MoSys, Inc., 755 N. Mathilda Avenue, Sunnyvale, California 94085, Attention: Secretary.

Dr. Hu received his B.S. degree in electrical engineering from National Taiwan University and M.S. and Ph.D. degrees in electrical engineering from the University of California at Berkeley.

CORPORATE GOVERNANCE

Director Independence

Our board of directors has determined that Carl E. Berg, Tommy Eng, Chi-Ping Hsu, James D. Kupec and Chenming Hu are "independent," as defined by Marketplace Rule 4200(a)(15) of the listing rules of the NASDAQ Stock Market ("NASDAQ") and Securities and Exchange Commission ("SEC") rules and regulations. Our board of directors has standing Audit and Compensation Committees, each of which is comprised solely of independent directors in accordance with the NASDAQ listing rules. No director qualifies as independent unless the board of directors determines that the director has no direct or indirect material relationship with the Company. The Company independently reviews the relationship of the Company to any entity employing a director or on whose board of directors he is serving currently. The board of directors also has considered share ownership of the directors or their family members and determined in the case of Mr. Berg that the ownership of approximately 7% of our outstanding stock by his daughter's trust does not interfere with his exercise of independent judgment in carrying out the responsibilities of a director.

Audit Committee

Our board of directors established the Audit Committee for the purpose of overseeing the accounting and financial reporting processes and audits of our financial statements. The Audit Committee also is charged with reviewing reports regarding violations of our Code of Ethics and complaints with respect thereto, and internal control violations under our whistleblower policy are directed to the Chairman of the Audit Committee. The responsibilities of our Audit Committee are described in the Audit Committee Charter adopted by our board of directors, a current copy of which can be found on the investors section of the Company's website, www.mosys.com.

Messrs. Berg, Eng and Kupec are the current members of the Audit Committee. All are "independent," as defined by Marketplace Rule 4350(d) of the NASDAQ listing rules. Mr. Berg serves as chairman and has been designated by the board of directors as the "audit committee financial expert," as defined by Item 407(d)(5)(i) of Regulation S-K under the Securities Act of 1933 and the Securities Exchange Act of 1934. That status does not impose on him duties, liabilities or obligations that are greater than the duties, liabilities or obligations otherwise imposed on him as a member of the Audit Committee and the board of directors, however. The Audit Committee has delegated authority to Mr. Berg for review and approval of non-audit services proposed to be provided by our independent auditors.

Compensation Committee

Messrs. Berg, Hsu and Kupec are the current members of the Compensation Committee, with Mr. Kupec serving as the chairman.

Our Compensation Committee does not have a charter; rather, its duties and obligations have been specified by the board of directors. The Compensation Committee is responsible for reviewing, recommending and approving our compensation policies and benefits, including the compensation of all of our executive officers. Our Compensation Committee also has the principal responsibility for the administration of our stock option and stock purchase plans.

Technology Strategy Committee

Our board of directors established the Technology Strategy Committee in August 2004 to oversee the development, planning and implementation of our long-term intellectual property strategy. Messrs. Eng, Hsu and Kupec are the current members of the Technology Strategy Committee. Mr. Eng is chairman of this committee. This committee does not meet regularly but confers with management informally from time to time.

Nominations Process

We do not have a nominating committee. Instead of having such a committee, our board of directors has appointed Messrs. Berg, Eng, Hsu, Hu and Kupec, who are the independent directors, to search for and evaluate qualified individuals to become nominees for director and board committee members. The independent directors recommend candidates for nomination for election or reelection for each annual meeting of stockholders and, as necessary, to fill vacancies and newly created directorships, and evaluate candidates for appointment to and removal from committees. The independent directors operate by resolution of the board of directors, rather than by charter.

All of our director nominees have expressed their willingness to continue to serve as directors of the Company. When new candidates for our board of directors are sought, the independent directors evaluate each candidate for nomination as director within the context of the needs and the composition of the board as a whole. The independent directors conduct any appropriate and necessary inquiries into the backgrounds and qualifications of candidates. When evaluating a candidate for nomination as director, the independent directors consider the candidate's business experience and skills, independence, judgment and ability and willingness to commit sufficient time and attention to the activities of the board. At a minimum, candidates recommended for nomination must possess the highest personal and professional ethics, integrity and values and be committed to representing our long-term interests and those of our stockholders. To date, all new candidates have been identified by members of our board of directors, and we have not paid any fee to a third party to assist in the process of identifying or evaluating director candidates.

Our independent directors will consider candidates for nomination as director who are recommended by a stockholder and will not evaluate any candidate for nomination for director differently because the candidate was recommended by a stockholder. To date, we have not received or rejected any suggestions for a director candidate recommended by any stockholder or group of stockholders owning more than 5% of our common stock. When submitting candidates for nomination to be elected at the Company's annual meeting of stockholders, stockholders must also follow the notice procedures and provide the information required by the Company's bylaws. To consider a candidate recommended by a stockholder for nomination at the 2010 Annual Meeting of Stockholders, the recommendation must be delivered or mailed to and received by the Company's Secretary between February 2, 2010 and March 4, 2010 (or, if the 2010 annual meeting is not held within thirty calendar days of the anniversary of the date of the 2009 annual meeting, within 10 calendar days after the Company's public announcement of the date of the 2010 annual meeting). The recommendation must include the information specified in the Company's bylaws for stockholder nominees to be considered at an annual meeting, including the following:

The stockholder's name and address and the beneficial owner, if any, on whose behalf the nomination is proposed;

The stockholder's reason for making the nomination at the annual meeting, and the signed consent of the nominee to serve if elected;

The number of shares owned by, and any material interest of, the record owner and the beneficial owner, if any, on whose behalf the record owner is proposing the nominee;

A description of any arrangements or understandings between the stockholder, the nominee and any other person regarding the nomination; and

Information regarding the nominee that would be required to be included in the Company's proxy statement by the rules of the Securities and Exchange Commission, including the nominee's age, business experience for the past five years and any other directorships held by the nominee

Edgar Filing: MoSys, Inc. - Form DEF 14A

The information listed above is not a complete list of the information required by the bylaws. The secretary will forward any timely recommendations containing the required information to our independent directors for consideration.

Stockholder Communications with the Board

Stockholders who desire to communicate with the board, or a specific director, may do so by sending the communication addressed to either the board of directors or any director, c/o MoSys, Inc., 755 N. Mathilda Avenue, Sunnyvale, California 94085. These communications will be delivered to the board, or any individual director, as specified.

Annual Meeting Attendance

The Company has a policy of encouraging each director to attend the Annual Meeting, but attendance is not required. Mr. Perham, our president and chief executive officer, attended the 2008 Annual Meeting of Stockholders.

Meetings of the Board and Committees

During 2008, there were six meetings of the board of directors, four meetings of the Audit Committee and five meetings of the Compensation Committee. Each current director attended at least 75% of the total number of meetings of the board held in 2008 during his tenure on the board and the meetings of each committee on which he served. The board of directors and the Compensation Committee also acted at times by unanimous written consent, as authorized by our bylaws and the Delaware General Corporation Law.

Compensation Committee Interlocks and Insider Participation

During 2008, none of our executive officers served as a member of the board of directors or compensation committee of any entity that had one or more of its executive officers serving as a member of our board of directors or Compensation Committee. Messrs. Berg, Hsu and Kupec, the Compensation Committee members, were not officers or employees of ours during 2008 or at any other time.

The Amended 2000 Plan also provides that the board of directors, in its discretion, may authorize additional shares to be awarded or granted under stock options to committee chairs and other non-employee directors for extraordinary service on the board of directors. There were no such additional grants or awards in 2008.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview of Compensation Program

The Compensation Committee of the board of directors has responsibility for establishing, implementing and monitoring adherence to the Company's compensation philosophy. The board of directors has delegated to the Compensation Committee the responsibility for determining our compensation policies and procedures for senior management, including the named executive officers, periodically reviewing these policies and procedures, and making recommendations concerning executive compensation to be considered by the full board of directors, when such approval is required under any of our plans or policies or by applicable laws. The Compensation Committee also has the principal responsibility for the administration of our stock plans, including the approval of stock option grants to the named executive officers.

The compensation received by our named executive officers in fiscal year 2008 is set forth in the Summary Compensation Table, below. In the fourth quarter of 2007, we experienced significant changes in our senior management as our board of directors decided that we needed a change in direction. In November 2007, we hired Leonard Perham to be our president and chief executive officer. During 2008, under the direction of Mr. Perham, we hired three new executive officers. In January 2008, we hired James Sullivan to be our chief financial officer and vice president of finance. In February 2008, we hired Didier Lacroix to be our vice president of worldwide sales; Mr. Lacroix resigned his employment with the Company in October 2008. In August 2008, we hired David DeMaria to be our vice president of business operations. For 2008, the named executive officers included Mr. Perham, Mr. Sullivan, Mr. DeMaria and Mr. Lacroix. All of our named executive officers for 2008 are still executive officers with the exception of Mr. Lacroix.

Compensation Philosophy

In general, our executive compensation policies are designed to recruit, retain and motivate qualified executives by providing them with a competitive total compensation package based in large part on the executive's contribution to our financial and operational success, the executive's personal performance and increases in stockholder value as measured by the price of our common stock. We believe that the total compensation paid to our executives should be fair, reasonable and competitive.

We seek to have a balanced approach to executive compensation with each primary element of compensation (base salary, variable compensation and equity incentives) designed to play a specific role. Overall, we design our compensation programs to allow for the recruitment, retention and motivation of the key executives and high-level talent required in order for us to:

supply high-value and high-quality intellectual property content solutions to our customer base;

achieve or exceed our annual financial plan and be profitable;

make continuous progression towards achieving our long-term strategic objectives to be a high-growth company with growing profitability; and

increase our share price to provide greater value to our stockholders.

Role of Executive Officers in Compensation Decisions

The chief executive officer ("CEO") makes recommendations based on guidelines for equity and non-equity compensation for executives that have been approved by the Compensation Committee. The Compensation Committee reviews these guidelines annually. The CEO annually reviews the performance of our executives (other than himself) and presents his recommendations for proposed salary

adjustments, bonus awards and option grants to the Compensation Committee once a year. In its discretion, the Compensation Committee may accept, modify or reject the CEO's recommendations. Only the Compensation Committee and the board of directors are authorized to approve the compensation for any named executive officer. Compensation of new executives is based on hiring negotiations between the individuals and our CEO and/or Compensation Committee.

Elements of Compensation

Consistent with our compensation philosophy and objectives, we offer executive compensation packages consisting of the following three components:

base salary;

annual incentive compensation; and

stock option grants.

In each fiscal year, the Compensation Committee determines the amount and relative weighting of each component for all executives, including the named executive officers.

Base Salary

Because our compensation philosophy stresses performance-based awards, base salary is intended to be a smaller portion of total executive compensation. Therefore, we target executive base salary at the median level of the compensation guidelines that have been approved by the Compensation Committee. In addition, the Compensation Committee takes into account the executive's scope of responsibility and significance to the execution of our long-term strategy, past accomplishments, experience and personal performance and compares each executive's base salary with those of the other members of senior management. The Committee may give different weighting to each of these factors for each executive, as it deems appropriate. The Committee did not retain a compensation consultant or determine a compensation peer group for 2008.

Annual Incentive Compensation

The Compensation Committee did not adopt an executive bonus plan for 2008 because the Compensation Committee believed that such a plan should be based on pre-tax profit. To date, the Compensation Committee has not adopted an executive bonus plan for 2009 for the same reason. As soon as we achieve profitability on a pre-tax basis, the Compensation Committee intends to implement a bonus plan for our executives. Mr. DeMaria's employment offer letter provided for an incentive bonus of up to \$25,000 for fiscal year 2008 with such bonus to be determined based on the achievement of certain objectives mutually agreed upon between him and Mr. Perham. Based on the achievement of those objectives, Mr. DeMaria earned a bonus of \$20,000, which was paid February 2009.

Stock Options

Although we do not have a mandated policy regarding the ownership of shares of common stock by officers and directors, we believe that granting stock options to executives and other key employees on an ongoing basis gives them a strong incentive to maximize stockholder value and aligns their interests with those of other stockholders on a long-term basis. Our Amended 2000 Plan enables us to grant stock options, as well as other types of stock-based compensation. By delegation from the board of directors, the Compensation Committee reviews and approves all stock option grants to named executive officers under the Amended 2000 Plan. Typically, these options vest with respect to one-fourth of the total number of shares subject to the grant on the first anniversary of the grant date and with respect to 1/48th of the shares monthly thereafter. Our general policy is to grant the options with an exercise price equal to

Edgar Filing: MoSys, Inc. - Form DEF 14A

fair market value, which currently is the closing price of the common stock on the Nasdaq GM on the grant date.

We intend to grant equity awards to achieve retention and motivation:

upon the hiring of these key executives and other personnel;

annually, when we review progress against corporate and personal goals; and

when we believe that competitive forces or economic conditions are causing our key executives to lose their motivation and/or where retention of these key executives is in jeopardy.

With the Compensation Committee's approval, we grant options to purchase shares of common stock when we initially hire executives and other employees, as a long-term performance incentive. The Compensation Committee has determined the size of the initial option grants to newly hired executives with reference to existing guidelines and hiring negotiations with the individual, in addition to other relevant information regarding the size and type of compensation package considered necessary to enable us to recruit, retain and motivate the executive. In January 2008, the Compensation Committee authorized the grant of an option to purchase 190,000 shares of common stock to Mr. Sullivan when he became our chief financial officer. In February 2008, the Compensation Committee authorized the grant of an option to purchase 262,500 shares of common stock to Mr. Lacroix when he became our vice president of worldwide sales. In August 2008, the Compensation Committee authorized the grant of an option to purchase 275,000 shares of common stock to Mr. DeMaria when he became our vice president of business operations. There were no other equity incentive awards made to any of our named executive officers in 2008.

No employee is eligible for an annual performance grant until the employee has worked for us for at least 12 months. Annual performance reviews are generally conducted in the second quarter of each fiscal year. Our CEO conducts the performance review of the other executives and advises the Compensation Committee of any recommended new option grants. In addition to reviewing the CEO's recommendations for other executives, the Compensation Committee also reviews the CEO's annual performance and determines whether he should be granted an option to purchase additional shares. Aside from option grants in connection with annual performance reviews, we do not have a policy of granting additional options to executives and, consequently, the board of directors and the Compensation Committee have not adopted a policy with respect to granting options in coordination with the release of material non-public information.

In determining the size of stock option grants in connection with the annual performance reviews of our executives, the Compensation Committee takes into account the executive's current position with and responsibilities to the Company along with the Compensation Committee-approved guidelines. In 2008, there were no annual performance option grants to executives due to the short length of service for some executives and because our performance during 2008 fell short of the performance goals set by the board of directors.

Only the board of directors or the Compensation Committee may approve options or other equity-based compensation to our executives. However, the board of directors has authorized the CEO to approve option grants to employees at the senior director level and below for the purchase of not more than 100,000 shares by any employee during any calendar year. All such grants must be consistent with stock option guidelines approved by the Compensation Committee. The exercise price for such grants must be equal to the closing price of a share of the common stock on the Nasdaq GM on the date of grant.

Going forward, we intend to continue to evaluate and consider equity grants to our executives on an annual basis. We expect to consider potential equity grants for executives at the same time as we annually review our employees' performance and determine whether to award grants for all employees.

Accounting and Tax Considerations

Our Compensation Committee has reviewed the impact of tax and accounting treatment on the various components of our executive compensation program. We endeavor to award compensation that will be deductible for income tax purposes. Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to publicly-held companies for compensation paid to "covered" executive officers, to the extent that compensation paid to such an officer exceeds \$1 million during the taxable year. None of the compensation paid to our covered executive officers for the year ended December 31, 2008 that would be taken into account in determining a Section 162(m) limitation exceeded the \$1 million limit. Our employee stock option plans and option grants to executives have been structured so that any compensation deemed paid to an executive officer in connection with the exercise of options with an exercise price equal to the fair market value of the shares on the grant date will qualify as performance-based compensation that will not be subject to the \$1 million limitation. The Compensation Committee does not expect to take any action at this time to modify cash compensation payable to the executive officers that would result in the application of Section 162(m).

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis provisions to be included in this proxy statement. Based on this review and discussion, the Compensation Committee has recommended to the board of directors that the Compensation Discussion and Analysis be included in this Proxy Statement and in the Company's Annual Report on Form 10-K for the year ended December 31, 2008.

OPTION EXERCISES AND STOCK VESTED

None of the named executive officers or other executives exercised any stock options or acquired any shares upon stock award vesting in 2008.

EMPLOYMENT AND CHANGE-IN-CONTROL ARRANGEMENTS AND AGREEMENTS

We have entered into agreements with each of Messrs. Perham, Sullivan and DeMaria that provide for benefits in the event of a "Change-in-Control," which is defined as:

an acquisition of 45% or more of the Company's common stock or voting securities by any "person" as defined under the Securities Exchange Act; or

Edgar Filing: MoSys, Inc. - Form DEF 14A

consummation of a complete liquidation or dissolution of the Company or a merger, consolidation, reorganization or sale of all or substantially all of the Company's assets (collectively, a "Business Combination") other than a Business Combination in which (A) the stockholders of the Company receive 50% or more of the stock of the corporation resulting from the Business Combination and (B) at least a majority of the board of directors of such resulting corporation were incumbent directors of the Company immediately prior to the consummation of

Edgar Filing: MoSys, Inc. - Form DEF 14A

the Business Combination, and (C) after which no individual, entity or group (excluding any corporation or other entity resulting from the Business Combination or any employee benefit plan of such corporation or of the Company) who did not own 45% or more of the stock of the resulting corporation or other entity immediately before the Business Combination owns 45% or more of the stock of such resulting corporation or other entity.

In the event such benefits are triggered by a Change-in-Control, each of the named executive officers will be entitled to:

any base salary earned but not yet paid through the date of termination;

payment in lieu of any unused vacation;

any annual or discretionary bonus earned but not yet paid to him for any calendar year prior to the year in which his termination occurs;

any compensation under any deferred compensation plan of the Company or deferred compensation agreement with the Company then in effect;

any other compensation or benefits, including without limitation any benefits under long-term incentive compensation plans, any benefits under equity grants and awards and employee benefits under plans that have vested through the date of termination or to which he may then be entitled in accordance with the applicable terms of each grant, award or plan;

reimbursement of any business expenses incurred by him through the date of termination but not yet paid; and

acceleration of vesting of stock options:

Mr. Perham will be entitled to the immediate and unconditional vesting of the unvested portion of the 800,000 share option grant awarded to him on November 8, 2007; and

Mr. Sullivan will be entitled to:

During the first year of his employment, immediate and unconditional vesting of 50 percent of the then unvested option shares previously granted to him; and

Subsequent to his first year of employment, immediate and unconditional vesting of one year of the remaining then unvested option shares previously granted to him.

Mr. DeMaria will be entitled to the immediate and unconditional vesting of one year of the remaining then unvested option shares previously granted to him.

If a Change-in-Control occurred on December 31, 2008, under the agreements entered into by the Company and the named executive officers, the following numbers of option shares would have vested immediately as a result of acceleration on December 31, 2008:

Name	Number of Accelerated Option Shares
Leonard Perham	384,000

Edgar Filing: MoSys, Inc. - Form DEF 14A

James Sullivan	95,000
David DeMaria	68,750

No amounts would be payable to the names executive officers with regard to the stock options under the Change-in-Control provisions described above, as there was no value at December 31, 2008. The value is calculated as the intrinsic value per share, multiplied by the number of shares that would become fully vested upon the Change-in-Control. The intrinsic value per share would be calculated as the excess of the closing price of the common stock on the Nasdaq GM of \$2.10 on December 31, 2008 over the

exercise price of the option. If the value is less than zero, as it was for the named executive officers because their options have exercise prices in excess of \$2.10, it is deemed to be zero for the purposes of these calculations.

Employment Agreements

In addition to the agreements containing the Change-in-Control provisions summarized above, we have entered into a mutual agreement to arbitrate and the Company's standard form of employment, confidential information and invention assignment agreement with each of the named executive officers.

The Company also has entered into agreements to indemnify its current and former directors and executive officers, in addition to the indemnification provided for in the Company's certificate of incorporation and bylaws. These agreements, among other things, provide for indemnification of the Company's directors and executive officers for many expenses, including attorneys' fees, judgments, fines and settlement amounts incurred by any such person in any action or proceeding, including any action by or in the right of the Company, arising out of such person's services as a director or executive officer of the Company, any subsidiary of the Company or any other company or enterprise to which the person provided services at the Company's request.

	(a)	(b)	(c)
Equity compensation plans approved by security holders	4,802,543	6.38	2,571,274
Equity compensation plans not approved by security holders(2)	2,106,650	4.99	

(1) Consists of 2,071,274 shares of common stock available for future issuance under the Amended 2000 Plan and 500,000 shares of common stock available for future issuance under the 2000 Employee Stock Purchase Plan (the "ESPP"). The Amended 2000 Plan provides for an annual increase of 500,000 shares on January 1 of each year or a lesser amount determined by our board of directors. Pursuant to authorization by the Compensation Committee, the Company's ESPP is currently inactive.

(2) This reflects stock options granted in accordance with Marketplace Rule 4350(i)(1)(A)(iv) of the NASDAQ listing rules to new employees as inducements material to their entering into employment with the Company. Such options have terms ranging from six to ten years. Except for the options granted to Mr. Perham in November 2007, as disclosed elsewhere in this proxy statement, all such options vest at the rate of 25% of the shares subject to the option after the first anniversary of the grant date, and as to 1/48th of the total number of shares each month thereafter, subject to continued employment (or service as a director or consultant). The exercise price of all of the outstanding options was equal to the closing price of a share of common stock on the Nasdaq GM on the grant date.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information as of March 31, 2009, concerning the ownership of our common stock by:

each stockholder known by us to be the beneficial owner of more than 5% of the outstanding shares of our common stock (currently our only class of voting securities);

each of our directors;

each of the named executive officers; and

all directors and executive officers as a group.

Beneficial ownership is determined in accordance with Rule 13d-3 of the Exchange Act, and includes all shares over which the beneficial owner exercises voting or investment power. Shares that are issuable upon the exercise of options, warrants and other rights to acquire common stock that are presently exercisable or exercisable within sixty days are reflected in a separate column in the table below. These shares are taken into account in the calculation of the total number of shares beneficially owned by a particular holder and the total number of shares outstanding for the purpose of calculating percentage ownership of the particular holder. We have relied on information supplied by our officers, directors and certain stockholders and on information contained in filings with the SEC. Except as otherwise indicated, and subject to community property laws where applicable, we believe, based on information provided by these persons, that the persons named in the table have sole voting and investment power with respect to all shares of common stock shown as beneficially owned by them. The percentage of beneficial ownership is based on 31,197,798 shares of common stock outstanding as of March 31, 2009.

TRANSACTIONS WITH RELATED PERSONS

Our Audit Committee Charter requires that the members of our Audit Committee, all of whom are independent directors, review and approve all related party transactions as defined in Item 404 of Regulation S-K promulgated by the SEC.

Mr. Kupec, a director and the chairman of our Compensation Committee, previously served as chief operating officer of eSilicon Corporation ("eSilicon") a licensee of the Company. In 2008, the Company recorded \$229,000 of revenue from eSilicon. The transaction was reviewed and approved by our Audit Committee in accordance with its charter and was approved by a majority of the disinterested directors on our board of directors. The terms of our agreement with eSilicon were negotiated at arm's length and are similar to the terms of license agreements and transactions with customers at which no related person is an executive officer or member of the board of directors.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, executive officers and persons who own more than 10% of a registered class of the Company's equity securities to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other equity securities of ours. Directors, executive officers and greater than 10% holders are required by SEC regulation to furnish us with copies of all Section 16(a) reports they file. Based solely on our review of Forms 3 and 4 received during 2008 and Forms 5 (or any written representations) received with respect to fiscal year 2008, we believe that all directors, executive officers and 10% stockholders complied with all applicable Section 16(a) filing requirements during 2008.

AUDIT COMMITTEE REPORT

The Audit Committee reviews, acts on and reports to the board of directors with respect to various auditing and accounting matters. The Audit Committee also monitors the performance of the Company's independent registered public accounting firm, and reviews the audit report on the consolidated financial statements following completion of the audit and the accounting practices of the Company with respect to internal accounting and financial controls. Management has primary responsibility for the Company's financial statements and the overall reporting process, including the Company's system of internal control over financial reporting. The Company's independent registered public accounting firm audits the financial statements prepared by management, expresses an opinion as to whether those financial statements fairly present the financial position, results of operations and cash flows of the Company in conformity with accounting principles generally accepted in the United States and discusses with the Audit Committee any issues they believe should be raised with us. The Audit Committee's responsibilities under the Audit Committee charter adopted by the board of directors effective August 15, 2000 and amended as of February 1, 2006 and February 8, 2008, include the selection or dismissal of the Company's independent registered public accounting firm, review of the scope of the annual audits, and approval of fees to be paid to the Company's independent registered public accounting firm.

The Audit Committee charter, as amended to date, can be found through the investors section of our website, www.mosys.com.

Edgar Filing: MoSys, Inc. - Form DEF 14A

During the fiscal year ended December 31, 2008, Messrs. Berg, Eng and Kupec served on the Audit Committee for the entire year and are independent directors as determined in accordance with Marketplace Rule 4200(a)(15) of the NASDAQ listing rules and Rule 10A-3 of the Securities Exchange Act of 1934.

The Audit Committee reviewed and discussed the audited financial statements of the Company for fiscal year 2008 with management and Burr, Pilger & Mayer LLP ("BPM"), the Company's independent registered public accounting firm. The Audit Committee has discussed with BPM matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standard, Vol. 1, AU section 380). BPM has provided to the Audit Committee the written disclosures and letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountants' communications with the Audit Committee regarding independence, and the Audit Committee has discussed BPM's independence with members of that firm. BPM did not provide non-audit services to the Company during 2008. The Audit Committee has determined that the rendering of audit and audit-related services by BPM is compatible with maintaining the auditors' independence.

Based on the discussions with management and BPM concerning the audit, the independence discussions and the financial statement review, and such other matters deemed relevant and appropriate by the Audit Committee, the Audit Committee recommended to the board of directors that the Company's financial statements for the year ended December 31, 2008 be included in its Annual Report on Form 10-K filed with the SEC.

At the Annual Meeting, six directors (constituting our entire board of directors) are to be elected to serve until the next annual meeting of stockholders and until a successor for such director is elected and qualified, or until the death, resignation or removal of such director. There are six nominees, all of whom are currently directors of the Company.

NOMINEES

Set forth below is information regarding the nominees for election to our board of directors:

Name	Position(s) with the Company	Year First Elected Director
Leonard Perham	Chief Executive Officer, President and Director	2007
Carl E. Berg	Director	1992
Tommy Eng	Director	2004
Chi-Ping Hsu	Director	2004
James D. Kupec	Director	2004
Chenming Hu	Director	2005

Each person nominated has agreed to serve if elected, and our board of directors has no reason to believe that any nominee will be unavailable or will decline to serve. In the event, however, that any nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee who is designated by the current board of directors to fill the vacancy.

Our board of directors unanimously recommends that the stockholders vote FOR the election of all of the above nominees.

**PROPOSAL NO. 2:
RATIFICATION OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM FOR 2009**

The Company is asking stockholders to ratify and approve the appointment of Burr, Pilger & Mayer LLP ("BPM") as the Company's independent registered public accounting firm for the year ending December 31, 2009. BPM was the Company's independent registered public accounting firm for each of the two fiscal years ended December 31, 2008 and 2007. Pursuant to the Audit Committee's determination, on May 9, 2007, BDO Seidman LLP ("BDO"), the independent registered public accounting firm previously engaged as the principal accountant to audit the financial statements of the Company, was dismissed by the Audit Committee. The engagement of BPM was approved by the Audit Committee on May 9, 2007.

The report of BDO with respect to the Company's consolidated financial statements for the fiscal year ended December 31, 2006 contained no adverse opinion or disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope or accounting principles. In connection with the audit of the Company's consolidated financial statements for the fiscal year ended December 31, 2006 and through May 9, 2007, the Company had no disagreements with BDO on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of BDO would have caused them to make reference to the subject matter of the disagreements in their reports on the consolidated financial statements of the Company for such years.

During the Company's two most recent fiscal years and through March 31, 2009, the Company has had no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K.

The reports of BPM with respect to the Company's consolidated financial statements for the fiscal years ended December 31, 2008 and 2007 contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. In connection with the audits of the Company's consolidated financial statements for each of the two fiscal years ended December 31, 2008 and 2007, the Company had no disagreements with BPM on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of BPM would have caused them to make reference to the subject matter of the disagreements in their reports on the consolidated financial statements of the Company for such years.

During the fiscal year ended December 31, 2006 and for the period from January 1, 2007 through May 9, 2007, the Company did not consult with BPM regarding either (i) the application of accounting principles to a specified transaction, either completed or proposed; (ii) the type of audit opinion that might be rendered on the Company's financial statements; or (iii) any matter that was either the subject of a disagreement, as that term is defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K, or a reportable event as described in Item 304(a)(1)(v) of Regulation S-K.

The Audit Committee meets with the Company's independent registered public accounting firm at least four times a year. At such times, the Audit Committee reviews both audit and non-audit services performed by the independent registered public accounting firm, as well as the fees charged for such services. The Audit Committee has delegated its authority to the Chairman of the Audit Committee to pre-approve requests for audit and non-audit services. Among other things, the Audit Committee or the Chairman of the Audit Committee examines the effect that performance of non-audit services may have upon the independence of the auditors. The following table shows the fees billed (in thousands of dollars) to the Company by BPM for the audit and other services provided for fiscal 2008 and 2007.

	2008	2007
Audit Fees(1)	\$ 527	\$ 616
Audit-Related Fees(2)	4	5
Tax Fees(3)		17
 Total(4)	 \$ 531	 \$ 638

-
- (1) Audit fees were attributable to the annual audit of our consolidated financial statements and internal control over financial reporting in compliance with regulatory requirements under the Sarbanes-Oxley Act and reviews of condensed consolidated financial statements included in quarterly reports on Forms 10-Q.
- (2) Audit-related fees consisted primarily of accounting consultations.
- (3) Tax fees consisted primarily of income tax compliance and related tax services.
- (4) BPM did not provide any non-audit services to the Company during 2007 or 2008 other than those reported under "Audit Fees," "Audit Related Fees" and "Tax Fees."

In the event the stockholders fail to ratify and approve the Audit Committee's appointment of BPM, the Audit Committee will reconsider its selection. Even if the appointment is ratified and approved, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the Company's and the stockholders' best interests.

Edgar Filing: MoSys, Inc. - Form DEF 14A

Representatives of BPM are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

Our board of directors unanimously recommends that the stockholders vote FOR the proposal to ratify the Audit Committee's appointment of Burr, Pilger & Mayer LLP to serve as our independent registered public accounting firm for the year ending December 31, 2009.

In no event will the public announcement of an adjournment of an annual meeting of stockholders commence a new time period for the giving of a stockholder's notice as provided above. A stockholder's notice to the Company's secretary must set forth the information required by the Company's bylaws with respect to each matter the stockholder proposes to bring before the annual meeting. A copy of the full text of the Company's bylaws, including the provisions dealing with stockholder proposals and stockholder nominations, is available to stockholders upon written request to MoSys, Inc., Attn: Secretary, 755 N.
