2009 ANNUAL MEETING OF STOCKHOLDERS

PROXY STATEMENT

GENERAL INFORMATION

This Proxy Statement is furnished to holders of Royal Gold, Inc. (the "Company") common stock, in connection with the solicitation of proxies on behalf of the Board of Directors of the Company, to be voted at the Annual Meeting of Stockholders of the Company (the "Annual Meeting") to be held on Wednesday, November 18, 2009, at 9:30 a.m. MST.

Internet Availability of Proxy Materials

We are pleased to take advantage of the Securities and Exchange Commission, or the SEC, e-proxy rules allowing us to furnish proxy materials through a "notice and access" model via the Internet. We believe the use of the SEC e-proxy rules will expedite stockholders' receipt of this 2009 Proxy Statement and Form 10-K and lower the costs and reduce the environmental impact of our Annual Meeting. On or about October 9, 2009, we will furnish a Notice of Internet Availability to our stockholders containing instructions on how to access the proxy materials and to vote online. In addition, instructions on how to request a printed copy of these materials may be found on the Notice. For more information on voting your stock, please see "Voting Your Shares" below.

Stockholders Entitled to Vote

All voting rights are vested exclusively in the holders of the Company's common stock, par value per share \$0.01 ("common stock"). Only stockholders of record of the common stock at the close of business on September 29, 2009 (the "record date"), are entitled to vote at the Annual Meeting and at any and all postponements and adjournments thereof. As of the record date, there were 40,763,195 shares of common stock outstanding and entitled to vote.

Voting Your Shares

Each share of Royal Gold common stock that you own entitles you to one vote. Your proxy card shows the number of shares of Royal Gold common stock that you own. You may elect to vote in one of three methods:

By Phone or Internet You may vote your shares following the instructions on your notice card or proxy card. If you vote by telephone or via the Internet, you do not need to return your proxy card.

By Mail If you requested a Proxy Statement to be mailed to you, you may vote your shares by signing and returning the proxy card or voting instruction form. If you vote by proxy card or voting instruction form, your "proxy" (each or any of the individuals named on the proxy card) will vote your shares as you instruct on the proxy card. If you sign and return the proxy card,

Table of Contents

but do not give instructions on how to vote your shares, your shares will be voted as recommended by the Board of Directors: (1) "FOR" the election of directors as described herein under "Proposal 1-Election of Directors," and (2) "FOR" ratification of the appointment of the Company's independent registered public accountants described herein under "Proposal 2-Ratification of Appointment of Independent Registered Public Accountants."

In Person You may attend the Annual Meeting and vote in person. We will give you a ballot when you arrive. If your stock is held in the name of your broker, bank or another nominee (a "Nominee"), you must present a proxy from that Nominee in order to verify that the Nominee has not already voted your shares on your behalf.

Revocation of Proxy or Voting Instruction Form

You may revoke your proxy at any time before the proxy is voted at the Annual Meeting. This can be done by either submitting another properly completed proxy card with a later date, sending a written notice of revocation to the Corporate Secretary of the Company with a later date or by attending the Annual Meeting and voting in person. You should be aware that simply attending the Annual Meeting will not automatically revoke your previously submitted proxy; rather you must notify a Company representative at the Annual Meeting of your desire to revoke your proxy and vote in person. Written notice revoking a proxy should be sent to the Corporate Secretary, Royal Gold, Inc., 1660 Wynkoop Street, Suite 1000, Denver, Colorado 80202.

Quorum and Votes Required to Approve Proposals

A majority of the outstanding shares of the Company's common stock entitled to vote, represented in person or by proxy, will constitute a quorum at a meeting of the stockholders. Abstentions and "broker non-votes" will be counted as being present in person for purposes of determining whether there is a quorum.

With respect to Proposal 1, in an uncontested election of directors the election of a director nominee will require an affirmative vote of the majority of the votes cast with respect to that director nominee at a meeting at which a quorum is present. This means that the number of votes cast "FOR" a director nominee must exceed the number of votes cast "AGAINST" that director nominee. Abstentions and "broker non-votes" will not be counted as votes "FOR" or "AGAINST" this proposal.

With respect to Proposal 2, the affirmative vote of a majority of the shares that are represented and entitled to vote at a meeting at which a quorum is present shall be the act of the stockholders. This means that in order to approve Proposal 2, the number of votes cast "FOR" Proposal 2 must exceed the number of votes cast "AGAINST" Proposal 2, with abstentions and "broker non-votes" having the same effect as a vote "AGAINST" Proposal 2.

If a stockholder does not give a proxy to his or her broker with instructions as to how to vote the shares, the broker has authority under New York Stock Exchange rules to vote those shares for or against "routine" matters, such as the uncontested election of directors and the ratification of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm. If a broker votes shares that are unvoted by its customers for or against a "routine" proposal, those shares will be counted for the purpose of determining the outcome of such "routine" proposal. If a broker chooses to leave these shares unvoted, they are considered "broker non-votes" and, as indicated above, such "broker non-votes" will have no effect on Proposal 1 and the same effect as a vote "AGAINST" Proposal 2.

Cumulative voting is not permitted for the election of directors. Under Delaware law, holders of common stock are not entitled to appraisal or dissenters' rights with respect to the matters to be considered at the Annual Meeting.

Tabulation of Votes

Votes at the Annual Meeting will be tabulated and certified by Broadridge Financial Solutions, Inc.

Solicitation Costs

In addition to solicitation of proxies by mail or by electronic data transfers, the Company's directors, officers or employees, without additional compensation, may make solicitations by telephone, facsimile, or personal interview. All costs of the solicitation of proxies will be borne by the Company. The Company will also reimburse the banks and brokers for their reasonable out-of-pocket expenses in forwarding proxy materials to beneficial owners of shares of common stock.

PROPOSAL 1.

ELECTION OF CLASS I DIRECTORS

The Company's Board of Directors consists of three classes of directors, with each class of directors serving for a three-year term ending in a successive year. The Company's current Class I Directors are Messrs. Dempsey, Goth and Jensen; the Class II Directors are Messrs. Hayes, Marcus and Stuckert; and the Class III Directors are Messrs. Haase, Howell and Worth. John W. Goth will serve as a Class I director until his retirement from the Board of Directors at the end of his current term, which expires upon the election of directors at the Annual Meeting.

If the proxy is properly completed and received in time for the Annual Meeting, and if the proxy does not indicate otherwise, the represented shares will be voted **FOR** Stanley Dempsey and Tony Jensen as Class I Directors of the Company. Mr. Goth is retiring and will not stand for re-election, and upon his retirement the size of the Board of Directors will be reduced to eight directors. If either of the nominees for election as a Class I Director should refuse or be unable to serve (an event that is not anticipated), the proxy will be voted for a substitute nominee who is designated by the Board of Directors. Each Class I Director elected shall serve until the 2012 Annual Meeting, or until his successor is elected and qualified.

Vote Required for Approval

The Company's Amended and Restated Bylaws ("bylaws") require that each director be elected by the majority of votes cast at a meeting at which a quorum is present with respect to such director in uncontested elections (the number of shares voted "for" a director nominee must exceed 50% of the votes cast with respect to that director). In a contested election (a situation in which the number of nominees exceeds the number of directors to be elected), the standard for election of directors would be the person receiving a plurality of the shares represented in person or by proxy at any such meeting and entitled to vote on the election of directors. This year's election is expected to be an uncontested election, and the majority vote standard is expected to apply. If a nominee who is serving as a director is not elected at the Annual Meeting, Delaware law provides that the director would continue to serve on the Board of Directors as a "holdover director." Under the Company's bylaws, each director nominee who is serving as a director that is not elected shall offer to tender his or her resignation to the Board of Directors. In that situation, the Compensation, Nominating and Governance Committee would make a recommendation to the Board of Directors on whether to accept or reject the resignation, or whether to take other action. The Board of Directors will act on the Compensation, Nominating and Governance Committee's recommendation and publicly disclose its decision and the rationale behind it within 90 days from the date of the certification of the election results. The director who tenders his or her resignation will not participate in the Board of Directors decision. If a nominee who was not already serving as a director fails to receive a majority of votes cast at the Annual Meeting, Delaware law provides that the nominee does not serve on the Board of Directors as a "holdover director." Each of the Class I director nominees are currently serving on the Board of Directors.

Information concerning the nominees for election as directors is set forth below under "Directors and Officers."

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR"
EACH OF THE CLASS I DIRECTOR NOMINEES.**

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

During the fiscal year ended June 30, 2009 ("fiscal year 2009"), the Board of Directors held four regular meetings, each of which included executive sessions of the independent directors, and eight special meetings. Each director attended, in person or by telephone, at least 75% of the aggregate number of meetings of the Board of Directors and of the Committee(s) of the Board of Directors on which he served. It is the Company's policy that each director attends each Annual Meeting. All directors attended last year's Annual Meeting.

Independence of Directors

The Board of Directors has determined that each director, except for Mr. Jensen, who is the President and Chief Executive Officer of the Company, and Mr. Dempsey, who resigned as Executive Chairman of the Company effective January 1, 2009, and remains as Chairman of the Board of Directors, is "independent" under the NASDAQ listing standards. The Board of Directors has determined that the directors designated as "independent" have no relationship with the Company that would interfere with the exercise of their independent judgment in carrying out the responsibilities of a director.

Lead Director

The Board of Directors has elected a lead, independent director who presides over executive sessions of the independent directors scheduled at each regular meeting of the Board of Directors. This lead director position is a rotating position on a yearly basis. The lead director chairs the executive sessions of the independent directors and serves as liaison between the Chairman of the Board of Directors and the President and Chief Executive Officer, and the other independent directors. Mr. M. Craig Haase currently serves as lead director.

Mr. Goth will simultaneously resign from his position on the Audit Committee upon his retirement from the Board of Directors at the end of his current term, which expires upon the election of directors at the Annual Meeting. The Board of Directors has determined that James Stuckert is an "audit committee financial expert" as that term is defined in Item 407(d) of Regulation S-K. ("Taranis Resources"), a Colorado-based resource company listed on the Toronto Stock Exchange, to pursue exploration opportunities in Finland. In January 2006, in support of the Company's strategic exploration alliance agreements, Mr. Dempsey, Chairman of the Company's Board of Directors, became a director of Taranis Resources. As a director of Taranis Resources, Mr. Dempsey is awarded stock options under Taranis Resources' stock option plan. Mr. Dempsey was awarded 100,000 incentive stock options at a price of Cdn\$0.35 per share in January 2006; 41,000 incentive stock options at a price of Cdn\$0.55 per share in November 2007; and 100,000 incentive stock options at a price of Cdn\$0.20 per share in October 2008. Pursuant to the agreement, the Company may require Mr. Dempsey to exercise the stock options granted to him by Taranis Resources at any time or from time to time during the exercise period and under the terms of the Taranis Resources stock option agreement. If the Company requires Mr. Dempsey to exercise the stock options, it will pay Mr. Dempsey the amount necessary to exercise the stock options. DIRECTOR COMPENSATION

Royal Gold's compensation for non-employee directors is designed to reflect current market trends and developments with respect to compensation of board members. The Company does not have a retirement plan for non-employee directors. Executive officers who are also directors are not paid additional compensation for their services on the Board of Directors. Therefore, Mr. Jensen, as President and Chief Executive Officer, does not receive any compensation as a director, and Mr. Dempsey, who was Executive Chairman until December 31, 2008, did not receive compensation as a director for the first half of fiscal year 2009 that he served as Executive Chairman.

The Compensation, Nominating and Governance Committee is responsible for evaluating and recommending to the independent members of the Board of Directors the compensation for non-employee directors. The independent members of the Board of Directors make final compensation decisions. Director compensation was reviewed and modified in August 2007, based on an August 2006 study conducted by Frederic W. Cook & Co., Inc. ("Frederic W. Cook"). No further modifications have been made since August 2007.

Compensation Discussion and Analysis

Overview

The Compensation, Nominating and Governance Committee (the "Committee") is responsible for, among other things, setting and administering the policies that govern the compensation for the executive officers of the Company. The Committee evaluates the performance of management and recommends to the full Board of Directors the compensation level for all officers and key employees. The Committee also administers the Company's 2004 Omnibus Long-Term Incentive Plan and recommends levels of equity awards such as stock options, SARs, restricted stock and performance stock awards to executive officers and key employees to the full Board of Directors. The Committee is composed entirely of "independent outside directors," as defined under Section 162(m) of the Internal Revenue Code, and each member is independent under the applicable NASDAQ listing standards. Final compensation decisions are

Table of Contents

made by the independent members of the Board of Directors following discussion and consideration of the recommendations of the Committee.

Compensation Philosophy and Objectives

Royal Gold's general compensation philosophy is focused on paying a competitive salary and providing attractive long-term incentives to reward growth and to link management interests with stockholder interests. The Committee believes that bonus and long-term incentives are critical to the sustainability and continuity of the Company's business and that such incentives support executive retention and avoid short-term windfalls.

The Committee specifically believes that the compensation philosophy and programs of Royal Gold should:

link rewards to individual performance, business results and stockholder returns;

encourage creation of long-term stockholder value and achievement of strategic objectives;

target management salary range structures and award opportunities at or slightly above the market median, with opportunity to receive total direct compensation in the upper quartile for superior results;

maintain an appropriate balance between base salary, annual bonuses and long-term incentives; and

attract and retain the highest caliber personnel on a long-term basis.

Royal Gold employs seventeen employees and places primary importance on the talent of those employees to manage and grow the Company. Based on the small number of employees, Royal Gold's executives are required to be multi-disciplined, self-reliant, and highly experienced. The Committee feels the loss of Royal Gold's executive talent would be a significant threat to the Company's future success. To avoid the loss of talent, the Company believes it is required to target total direct compensation near the 75th percentile of its peer group companies in the United States and Canada engaged in either the mining of or exploration for precious metals or in the acquisition or management of interests in mining operations. In determining specific compensation amounts for executives, the Committee considers such factors as (1) experience; (2) individual performance; (3) tenure; (4) role in achieving corporate objectives; and (5) compensation compared to the Company's other officers and to the Company's peer group.

Role of Management

Corporate goals and objectives are established by the Committee with recommendations by the President and Chief Executive Officer and reviewed annually with the Board of Directors. Each executive officer completes annually a self-assessment of his or her individual performance and contributions to the Company's corporate goals and objectives, which is reviewed with Royal Gold's President and Chief Executive Officer. Based on such annual reviews and the Company's compensation objectives, the President and Chief Executive Officer recommends annual bonus awards and long-term incentive awards to the Committee. The Committee considers those recommendations in making annual bonus and long-term incentive award recommendations to the Board of Directors. The Committee conducts an annual review of the President and Chief Executive Officer's performance and all recommendations relating to the President and Chief Executive Officer's compensation are made by the Committee independent from members of management.

Role of Compensation Consultants and Evaluation of Compensation Package

The Committee has sought and received advice from independent compensation and benefits consultants as necessary or useful to conduct a review of the Company's compensation package. The

Table of Contents

Committee's goal in utilizing compensation and benefits consultants is to maintain total direct compensation near the 75th percentile and base salary above the 50th percentile of a benchmark peer group of companies in the United States and Canada in the mining industry, as discussed below. The Committee also reviews cost of living increases as a separate factor in salary increases, and utilizes the United States Department of Labor, Bureau of Labor Statistics Consumer Price Index to determine the level salaries should be increased to reflect cost of living increases.

In July 2007, the Committee engaged Frederic W. Cook to conduct a study of the Company's compensation package. Frederic W. Cook was asked to use a benchmark peer group of companies in the United States and Canada engaged in either the mining of or exploration for precious metals or in the acquisition and management of interests in mining operations that excluded the largest market-capitalized companies. In response to the Committee's request, Frederic W. Cook used a benchmark peer group consisting of 10 companies: Agnico-Eagle Mines, Meridian Gold, Yamana Gold, IAMGOLD, Silver Wheaton, Pan American Silver, Coeur d'Alene Mines, Golden Star Resources, Hecla Mining and International Royalty Corporation.

The study reviewed the Company's base salaries, annual bonuses, benefits, non-cash compensation, and long-term incentives in comparison with the benchmark group and provided a review of the competitiveness, fairness, and effectiveness of each component of compensation and an evaluation of individual total compensation. The results of the July 2007 study showed that executive officer salaries were in the 32nd percentile, salaries plus bonuses were in the 45th percentile, long-term incentives were near the 83rd percentile, and total direct compensation (salary, bonus, and long-term incentives) was in the 69th percentile of the benchmark peer group.

Subsequent Evaluation

In April 2009, the Committee again engaged Frederic W. Cook to update the July 2007 study of the Company's compensation package, review compensation practices and provide input on broader compensation trends. Frederic W. Cook used a revised benchmark peer group consisting of 10 companies: Agnico-Eagle Mines, Yamana Gold, IAMGOLD, Silver Wheaton, Franco-Nevada, Pan American Silver, Coeur d'Alene Mines, Hecla Mining, Golden Star Resources and International Royalty Corporation. The study reviewed the Company's base salaries, annual bonuses, benefits, non-cash compensation, and long-term incentives and provided a review of the competitiveness, fairness, and effectiveness of each component of compensation and an evaluation of individual total compensation. The study found that the salaries of the named executive officers were in the 20th percentile of the benchmark group, salaries plus bonuses were at the 36th percentile, long-term incentives averaged in the 79th percentile, and total direct compensation (salary, bonus, and long-term incentives) were in the 63rd percentile.

Based on the 2009 study, the Committee concluded that the Company's total direct compensation package had declined relative to the benchmark peer group. Therefore, salary adjustments were appropriate in order to reinforce the key objectives of attracting and retaining key executives and to reflect average salary levels paid to mining executives and officers in the benchmark peer group. The Committee felt that methodical salary adjustments should be made over the next few years, instead of a lump sum catch-up, for those individuals whose salaries fall below the 50th percentile. The Committee also consulted the United States Department of Labor, Bureau of Labor Statistics Consumer Price Index which stated that consumer prices for all goods nationwide have increased 3.0% from March 2008 to March 2009.

The Committee approved and recommended base salary increases for the named executive officers of 13% on average for fiscal year 2010, which includes a 3.0% adjustment for cost of living increases. Based on this, the Committee recommended, and the independent members of the Board of Directors approved, an increase in base salary of \$74,500, \$28,000, \$8,000, \$28,000, and \$18,000 for Messrs. Jensen, Heissenbuttel, Kirchhoff, Wenger, and Ms. Gross, respectively, for fiscal year 2010.

Table of Contents

Components of Executive Compensation

Royal Gold's compensation program consists of base pay, annual cash bonuses, long-term incentives and benefits. The Company believes perquisites for executives should be extremely limited in scope and value and, therefore, generally does not provide perquisites or other special benefits to executive officers. The Committee attempts to pay competitively in the aggregate as well as deliver an appropriate balance between fixed compensation (base salary, bonuses and benefits) versus variable compensation (long-term incentives). Consistent with the Company's philosophy of attracting and retaining excellent executive talent, the Committee emphasizes long-term incentives over fixed compensation as components of the executive compensation package. The relative portions of fixed compensation and long-term incentives varies for each named executive officer, but generally is intended to provide a significant portion of the executives' compensation through long-term incentives.

Employment Agreements

Royal Gold has entered into employment agreements with Messrs. Jensen, Kirchhoff, Wenger, and Ms. Gross. Each employment agreement is for a one-year term, which will automatically renew for four consecutive one-year periods unless either the Company or the executive timely elects not to renew the term of the Agreement. As described below, each of the employment agreements provides for severance compensation in the event of a termination by the Company without "Cause," a voluntary termination by the executive for "Good Reason," or if the Company elects not to renew the term of the employment agreement during the four-year renewal period. The executive receives no severance compensation in the event of a termination by the Company for "Cause," a voluntary termination by the executive without "Good Reason," or if the executive elects not to renew the term of the employment agreement during the four-year renewal period. Mr. Dempsey's employment agreement terminated January 1, 2009, without payment of severance, upon his retirement as Executive Chairman.

Pursuant to Mr. Jensen's employment agreement, Mr. Jensen will receive severance compensation upon an involuntary termination of employment without "Cause," a voluntary termination of employment for "Good Reason," or if the Company elects not to renew the employment term during the four-year renewal period. If such termination or non-renewal does not occur within two years after a "Change of Control," then Mr. Jensen will be entitled to one times his then base salary. If such termination or non-renewal occurs within two years after a "Change of Control," Mr. Jensen will be entitled to two and one-half times his then base salary, two and one-half times his average annual cash incentive bonus for the prior three fiscal years and continued employee benefits for twelve months.

Pursuant to the employment agreements with Mr. Kirchhoff, Mr. Wenger and Ms. Gross, each such executive will receive severance compensation upon an involuntary termination of his or her employment without "Cause," a voluntary termination of his or her employment for "Good Reason," or if the Company elects not to renew his or her employment term during the four-year renewal period. If such termination or non-renewal does not occur within two years after a "Change of Control," then the executive will be entitled to one times his or her then base salary. If such termination or non-renewal occurs within two years after a "Change of Control," the executive will be entitled to one and one-half times his or her then base salary, one and one-half times his or her average annual cash incentive bonus for the prior three fiscal years and continued employee benefits for twelve months.

The employment agreements, and benefits payable thereunder, with each of Messrs. Jensen, Kirchhoff, Wenger and Ms. Gross are described in further detail in the section titled "Potential Payments Upon Termination or Change-in-Control" on page 34.

Base Salary

Base salary is the fixed cash amount paid to an officer on a fiscal year cycle. Increases in cost of living are considered and will be added to the base salary levels at the prevailing rate, if appropriate. Actual

Table of Contents

salaries vary by individual and are based on sustained performance toward achievement of the Company's goals and objectives, experience and current salary. The Committee believes that salaries should be adjusted as necessary in order to maintain the Company's competitiveness within the mining industry. Due to the Company's emphasis on long-term incentives, individual salaries are intended to be around the 50th percentile of the Company's benchmark peer group for each position, including the position of the President and Chief Executive Officer.

Based on the April 2009 study, the Committee determined that base salary compensation, which was in the 20th percentile of the benchmark peer group for 2008, required adjustment for fiscal year 2010. The Committee also felt that methodical salary adjustments should be made over the next few years, instead of a lump sum catch-up, for those individuals whose salaries fall below the 50th percentile. Over the last few years, the Company's total direct compensation has fallen in percentile rank and is currently at the 63rd percentile which is outside of the targeted 75th percentile. Base salary figures for each of the named executive officers are shown in the Summary Compensation Table. The independent members of the Board of Directors approved salaries for fiscal year 2010 for each of Messrs. Jensen, Wenger, Kirchhoff, Heissenbittel, and Ms. Gross in the amount of \$450,000, \$210,000, \$245,000, \$210,000, and \$200,000, respectively.

Annual Cash Bonuses

Annual cash bonus awards are discretionary and are based on individual and corporate performance, returns to shareholders, the Company's ability to pay, and general practices in the mining industry. Bonuses are designed to balance rewards for exceptional performance and personal contributions as well as to tie accountability with actual performance. Annual bonuses are recommended to the Committee by the Company's President and Chief Executive Officer based on annual reviews of each executive officer's performance and contribution to the Company's corporate goals and objectives. The Company does not utilize a formula to determine the amount of bonus awards or the amount of bonus awards as a percentage of base salary, but instead looks to qualitative considerations in evaluating each executive. The Committee reviews the recommendations and the individual performance of each executive officer and recommends bonus awards to the independent members of the Board of Directors in November following the end of the prior fiscal year. Bonuses are paid either at the end of the calendar year or at the beginning of the next calendar year. At this time, the amount of annual cash bonuses for fiscal year 2009 for each of the named executive officers is not determinable, but in fiscal year 2008, annual cash bonus awards for the named executive officers ranged from 53 percent to 77 percent of base salary.

Long-Term Incentives

The Company's 2004 Omnibus Long-Term Incentive Plan ("LTIP") permits the award of various types of stock-based incentives. Grants are typically in the form of incentive and non-qualified stock options, SARs, shares of restricted stock and performance stock awards that vest based on the achievement of performance objectives. The LTIP is designed to balance short-term performance with the need for sustainable results, to align the interests of management with stockholders, and to provide each executive officer with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. The LTIP compensation is intended to drive future performance of employees by potentially delivering a significant portion of each executive officer's total compensation at a future date. The amount of each incentive award is driven primarily by the Company's interest in retaining the individual as an employee, an individual's relative level in the Company, and his or her ability to impact corporate goals. With respect to equity awards made in fiscal year 2009, the Committee looked to the individual's contribution across six elements to determine the amount and form of equity awards: (1) the Company's financial growth, (2) cost containment, (3) financial strength, (4) protection of assets, (5) governance, and (6) marketing. The amount and form of equity awards were determined based on each named executive officer's contributions to each of these six elements.

Table of Contents

The amount and form of equity awards for each named executive officer are determined by the Committee based on recommendations by the President and Chief Executive Officer and recommended by the Committee to the independent members of the Board of Directors in November and awards are granted at that time. The Company does not utilize predetermined levels of LTIP awards as a percentage of base salary, but instead evaluates each executive's contribution to the six elements stated above, or other elements that the Committee may utilize to evaluate executives in the future. Members of Royal Gold's management do not have authority to make off-cycle or ad-hoc equity grants. In the event of a new hire grant, concurrence is obtained prior to any grant being made either through approval at a regularly scheduled Board of Directors meeting or by unanimous written consent of the Board of Directors.

Stock Options

The Company grants stock options as part of its LTIP. Stock options are considered long-term awards that are intended to drive shareholder value and align management with stockholders with regard to share price appreciation. Stock options are granted once a year in November as recommended by the Committee to the independent members of the Board of Directors. The exercise price of options is based on the closing price of the Company's common stock on the NASDAQ Global Select Market on the date of grant. Options have ten-year terms. For all of the named executive officers, other than Mr. Dempsey and Ms. Gross, stock options vest in equal annual increments over three years. Stock options granted to Mr. Dempsey, when he was an officer of the Company, and Ms. Gross vest one year from the grant date. The Committee recommended and the independent members of the Board of Directors approved a shorter vesting schedule for Mr. Dempsey and Ms. Gross to reward their long standing service with the Company that has continued for more than 20 years and because both Mr. Dempsey and Ms. Gross have exceeded the stock ownership levels determined for each of them pursuant to the Company's stock ownership program described below. Since his retirement as Executive Chairman, Mr. Dempsey will no longer receive stock options and did not receive stock options during fiscal year 2009.

Stock-Settled Stock Appreciation Rights ("SARs")

SARs are granted as part of the Company's LTIP. SARs are similar to stock options and are considered long-term awards that are intended to achieve stockholder value by aligning management's interests with stockholders' interests. SARs are granted once a year in November as recommended by the Committee to the independent members of the Board of Directors. The exercise price of SARs is based on the closing price of the Company's common stock on the NASDAQ Global Select Market on the date of grant. SARs have ten-year terms. For all of the named executive officers, other than Mr. Dempsey and Ms. Gross, SARs vest in equal annual increments over three years. SARs granted to Ms. Gross vest one year from the grant date. SARs have not been granted to Mr. Dempsey.

Restricted Stock

The Company's LTIP also allows for the issuance of restricted stock awards. Restricted stock awards are focused on retention and long-term commitment of executives. Restricted stock awards are granted to officers and certain other employees. Shares of restricted stock are granted once a year in November as recommended by the Committee to the independent members of the Board of Directors. Shares of restricted stock are considered issued and outstanding with respect to which executives may vote and receive dividends paid in the ordinary course to other Royal Gold stockholders. Royal Gold has paid a cash dividend on its common stock for each fiscal year beginning in fiscal year 2000, on a calendar year basis, subject to the discretion of the Board of Directors.

Restricted stock awards vest in equal one-third increments beginning on the fourth anniversary of the restricted stock grant date, with full vesting six years from the date of grant. The Committee believes that delaying the vesting of restricted stock awards until the fourth anniversary of the grant date encourages employee retention.

Table of Contents

Performance Awards

The Company also grants performance awards under the LTIP. Performance awards, which are also referred to as performance shares or performance stock awards in this Proxy Statement, are intended to provide significant incentive to obtain long-term, non-dilutive growth performance. The portion of each executive officer's total compensation in the form of performance shares varies for each officer. In awarding performance shares to any executive officer, the Committee considers the executive officer's responsibilities within the Company and the executive officer's ability to influence or meet the performance objectives. Performance shares can only be earned if either multi-year performance goals are met within five years of the date of grant. If the performance goals are not earned by the end of the five year period, the performance shares will be forfeited. Performance shares granted may vest upon meeting one of two defined performance goals: (1) growth of free cash flow per share on a trailing twelve-month basis; and (2) growth of royalty ounces in reserve per share on an annual basis. The Committee believes that free cash flow per share is an important indicator of the Company's financial health and growth. The Company defines free cash flow, a non-GAAP financial measure, as operating income plus depreciation, depletion and amortization, non-cash charges and any impairment of mining assets, less minority interest in operating income of consolidated subsidiaries. The Committee strives to establish performance goals that are challenging to meet and would provide significant stockholder value, if achieved. Performance shares may vest in 25% increments upon meeting 25%, 50%, 75% and 100% of performance goals. Performance shares will vest upon the Committee's determination that such 25% increment of the performance goals has been met.

Performance shares are not considered issued and outstanding shares with respect to which executives may vote or receive dividends. Performance shares are settled with shares of the Company's common stock when they vest.

As of the record date, 75% of the performance targets set for the performance shares awarded in fiscal year 2007 were met and, as a result, 75% of the performance shares vested and were settled with common stock. None of the performance shares awarded in fiscal year 2008 or fiscal year 2009 have vested. Solely for purposes of SFAS 123R recognition of compensation expense, as of June 30, 2009, management determined that it is probable that the remaining 25% of the performance shares granted in fiscal year 2007 and 25% of the performance shares granted in fiscal year 2008 will vest. However, performance shares will not vest until performance objectives are actually met as determined by the Committee.

Benefit Programs

Benefit programs for the executive officers are generally common in design and purpose to those for the broad-base of employees in the United States. The Company also maintains a Simplified Employee Pension Plan, known as a Salary Reduction/Simplified Employee Pension Plan ("SARSEP Plan") in which all employees are eligible to participate. This plan was chosen because of regulatory compliance simplicity, avoidance of significant administrative expense, availability of tax-advantaged investment opportunities, and relative freedom from significant vesting or other limitations. The SARSEP Plan allows employees to reduce their pre-tax salary, subject to certain limitations, and to put this money into a tax deferred investment plan. This is a voluntary plan. Individuals may make contributions of up to the lesser of (i) 25% of their aggregate annual salary and bonus, or (ii) \$16,500, or if the employee is over age 50, \$22,000, for calendar year 2009. The Company will match 100% of the individual's contribution, up to 7% of an individual's annual salary and bonus. Those that do not participate in the SARSEP Plan will receive a 3% employer contribution in accordance with the Plan. Employer contributions are immediately 100% vested. Total employee and employer contributions may not exceed the lesser of \$49,000 for calendar 2009 or 25% of aggregate annual salary and bonus for any individual.

Table of Contents

Perquisites

The Company believes perquisites for executives should be extremely limited in scope and value and, therefore, generally does not provide perquisites or other special benefits to executive officers.

Executive Stock Ownership

Royal Gold has adopted a stock ownership program to encourage its executive officers to achieve and maintain a minimum investment in the Company's common stock at levels set by the Committee. The program provides incentives for these officers to focus on improving long-term shareholder value and linking the interest of management and stockholders. Royal Gold's executive stock ownership program requires each of the Company's executive officers to own a number of shares that is valued at a multiple of his or her base salary. Unexercised stock options and SARs, unvested shares of restricted stock and unearned performance shares are not considered owned for purposes of the program. The multiple for the President and Chief Executive Officer is four times base salary, and the multiple for all other executive officers is two times base salary. There is no time frame in which the executive officers must meet ownership targets. The program requires each executive officer to hold an aggregate of fifty percent (50%) of the shares of stock acquired after the required tax withholdings, pursuant to any option grant, SARs grant, restricted stock grant, or performance share grant until such executive officer reaches his or her ownership target.

Post-Termination Compensation

The Company does not provide pension or other retirement benefits apart from the SARSEP Plan described above. The Company provides certain post-termination benefits pursuant to the terms of employment agreements and the LTIP, described above under "Employment Agreements" on page 22 and below under the section titled "Potential Payments Upon Termination or Change-in-Control" on page 34.

elects not to renew the employment term during the four-year renewal period. If such termination or non-renewal does not occur within two years after a "Change of Control," then Mr. Jensen will be entitled to one times his then base salary. If such termination or non-renewal occurs within two years after a "Change of Control," then Mr. Jensen will be entitled to two and one-half times his then base salary, two and one-half times his average annual cash incentive bonus for the prior three fiscal

years and continued employee benefits for twelve months. The employment agreement restricts Mr. Jensen from competing against the Company or soliciting the Company's employees, customers or business relationships for a period of twelve months following termination of his employment with the Company.

Pursuant to individual employment agreements, Mr. Wenger, Mr. Kirchhoff and Ms. Gross will continue to serve as the Company's Chief Financial Officer and Treasurer, Vice President and General Counsel and Vice President and Corporate Secretary, respectively. Each employment agreement has a one-year term, which will automatically renew for four consecutive one-year periods unless either the Company or the executive timely elects for non-renewal. Pursuant to each employment agreement, the executive will receive severance compensation upon an involuntary termination of employment without "Cause," a voluntary termination of employment for "Good Reason," or if the Company elects not to renew the employment term during the four-year renewal period. If such termination or non-renewal does not occur within two years after a "Change of Control," then the executive will be entitled to one times his or her then base salary. If such termination or non-renewal occurs within two years after a "Change of Control," the executive will be entitled to one and one-half times his or her then base salary, one and one-half times his or her average annual cash incentive bonus for the prior three fiscal years and continued employee benefits for twelve months. The employment agreement restricts each executive from competing against the Company or soliciting the Company's employees, customers or business relationships for a period of twelve months following termination of his or her employment with the Company.

Pursuant to the employment agreements with Messrs. Jensen, Wenger, Kirchhoff, and Ms. Gross, an executive receives no severance compensation in the event of a termination by the Company for "Cause," a voluntary termination by the executive without "Good Reason," or if the executive elects not to renew the term of the employment agreement during the four-year renewal period.

Under the employment agreement with Messrs. Jensen, Wenger, Kirchhoff and Ms. Gross, "Cause" is defined as a (i) guilty verdict of fraud, theft, embezzlement or misappropriation against the Company; (ii) guilty verdict of a felony or any other crime involving moral turpitude; (iii) compromise of Company proprietary and confidential information or gross or willful misconduct that causes substantial and material harm to the Company; or (iv) material uncured breach of the employment agreement. "Good Reason" is defined as the timely noticed and uncured occurrence of any of the following circumstances: (i) any material adverse change in the executive's title or responsibilities with the Company; (ii) any material reduction in the executive's base salary; (iii) receipt of notice of relocation of more than 50 miles from the job-site immediately prior to the effective date of the employment agreement; or (iv) if a Change of Control has occurred, failure to provide for the executive's participation in compensation plans that are not less than those provided by the Company to similarly situated executive officers and those provided for under any plans in which the executive was participating immediately prior to the date on which a Change of Control occurs. "Change of Control" means any of the following: (i) the dissolution or liquidation of the Company or a merger, consolidation, or reorganization of the Company in which the Company is not the surviving entity; (ii) a sale of substantially all of the assets of the Company to another person or entity; (iii) any transaction which results in any person or entity (other than persons who are stockholders or affiliates immediately prior to the transaction) owning fifty percent (50%) or more of the combined voting power of all classes of stock of the Company; or (iv) during any period of two consecutive years, a change in the majority membership on the Board of Directors, except as approved by the majority of directors then still in office who were directors at the beginning of such period.

2004 Omnibus Long-Term Incentive Plan

The Company's restricted stock agreement, performance share agreement, and stock option agreements, for incentive stock options, non-qualified stock options, and SARs, under the LTIP provide that in the event of an "Involuntary Termination" within one year in connection with a "Corporate Transaction," all outstanding shares of restricted stock, performance shares and stock options will be immediately vested. "Corporate Transaction" means (i) the dissolution or liquidation of the Company or a merger,

Table of Contents

consolidation, or reorganization of the Company in which the Company is not the surviving entity, (ii) a sale of substantially all of the assets of the Company, or (iii) any transaction which results in any person or entity (other than persons who are stockholders or Affiliates immediately prior to the transaction) owning 50% or more of the combined voting power in the Company. "Involuntary Termination" means involuntary discharge for reasons other than "Cause" or voluntary resignation from the Company following (i) a material adverse change in the executive's title or responsibilities with the Company, (ii) a material reduction in the executive's base salary, or (iii) relocation of more than 50 miles. The Company's restricted stock agreement under the LTIP also provides that all unvested shares of restricted stock will become immediately vested upon a termination, other than for "Cause," after 15 years of service.

Pursuant to the Award Modification Agreements entered into with Messrs. Dempsey, Jensen, Wenger, Kirchhoff, and Ms. Gross, each executive will be entitled to accelerated vesting of stock options, shares of restricted stock and performance stock awards that were granted prior to the effective date of the Award Modification Agreements upon an involuntary termination of employment without "Cause," a voluntary termination of employment for "Good Reason," or if the Company elects not to renew the employment term during the four-year renewal period under the employment agreement with each Grantee. If such termination or non-renewal does not occur within two years after a "Change of Control," then upon such termination or non-renewal (i) all stock options will become immediately exercisable, (ii) a pro-rated portion of each grant of shares of restricted stock will vest based on the period of employment from the date of grant to the date of termination or non-renewal, and (iii) all or a portion of the performance stock awards will fully vest based on the number of performance stock awards to which the executive would have been entitled, taking into account the Company's performance through the last day of the fiscal quarter in which the termination or non-renewal takes place, determined in accordance with the Company's practices with respect to performance stock awards. If such termination or non-renewal occurs within two years after a "change of control," then upon such termination or non-renewal all stock options will become immediately exercisable and all shares of restricted stock and performance stock awards will fully vest. "Cause," "Good Reason," and "Change of Control" are as defined under the executive's employment agreement and are described further above under the section titled "Employment Agreements."

The Company's Audit Committee is comprised of four members who are "independent" within the meaning of such term under the NASDAQ listing standards and the meaning of such term under the Sarbanes-Oxley Act of 2002 and the rules and regulations promulgated under the Act. Each member of the Audit Committee is able to read and understand fundamental financial statements and at least one member has past employment experience in finance or accounting or other comparable experience. The Audit Committee actively oversees the Company's financial condition and results of operations. The main function of the Audit Committee is to ensure that effective accounting policies are implemented and that internal controls are put in place in order to deter fraud, anticipate financial risks and promote accurate, high quality and timely disclosure of financial and other material information to the public markets, the Board of Directors and the stockholders. The Audit Committee also reviews and recommends to the Board of Directors the approval of the annual financial statements and provides a forum, independent of management, where the Company's independent registered public accounting firm can communicate any issues of concern.

The independent members of the Audit Committee believe that the present composition of the Committee accomplishes all of the necessary goals and functions of an audit committee as recommended by the Blue Ribbon Committee on Improving the Effectiveness of Corporate Audit Committees and adopted by the United States stock exchanges and the Securities and Exchange Commission. The Audit Committee Charter is available on the Company's website at www.royalgold.com. The Audit Committee Charter specifies the scope of the Audit Committee's responsibilities and how it should carry out those responsibilities.

The Audit Committee has discussed with PricewaterhouseCoopers LLP, the Company's independent registered public accountants, the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees), as amended by Statement on Auditing Standards No. 90 (Audit Committee Communications). The Audit Committee has also received the written disclosures and the letter from PricewaterhouseCoopers LLP required by the applicable requirements of the Public Company Accounting Oversight Board regarding its communications with the Company's Audit Committee concerning independence and the Audit Committee has discussed the independence of PricewaterhouseCoopers LLP with the Company.

Based on the review and discussions with the Company's auditors, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2009, for filing with the United States Securities and Exchange Commission.

The Audit Committee and the Board of Directors are seeking stockholder ratification of its appointment of PricewaterhouseCoopers LLP, an independent registered public accounting firm, to audit the consolidated financial statements of the Company for the fiscal year ending June 30, 2010.

The ratification of the appointment of PricewaterhouseCoopers LLP is being submitted to the stockholders because the Audit Committee and the Board of Directors believes this to be good corporate practice. Should the stockholders fail to ratify this appointment, the Audit Committee will review the matter.

Representatives of PricewaterhouseCoopers LLP are expected to attend the Annual Meeting. They will have an opportunity to make a statement, if they so desire, and will have an opportunity to respond to appropriate questions from the stockholders.

Fees for services rendered by PricewaterhouseCoopers LLP for the fiscal years ended June 30, 2009 and June 30, 2008 are as follows:

Audit Fees. Fees were \$702,148 and \$495,668 for the fiscal years ended June 30, 2009 and 2008, respectively. Included in this category are fees associated with the audit of the Company's annual financial statements and review of quarterly statements, issuance of consents, comfort letter and procedures, and review of documents filed with the Securities and Exchange Commission. Audit fees also include fees associated with the audit of management's assessment and operating effectiveness of the Sarbanes Oxley Act, Section 404, internal control reporting requirements.

Tax Fees. There were no tax fees for the fiscal years ended June 30, 2009 and 2008.

All Other Fees. There were no other fees for the fiscal years ended June 30, 2009 and 2008.

Pre-Approval Policies and Procedures

The Audit Committee has adopted a policy that requires advance approval for all audit, audit-related, tax and other services performed by the independent registered public accounting firm. The policy provides for pre-approval by the Audit Committee of specifically defined audit and non-audit services. Unless the specific service has been previously pre-approved with respect to that year, the Audit Committee must approve the permitted service before the independent auditor is engaged to perform such service. The Audit Committee has delegated to the Chairman of the Audit Committee authority to approve certain permitted services, provided that the Chairman reports any such decisions to the Audit Committee at its next scheduled meeting. The Audit Committee pre-approved all of the services described above for the Company's 2009 fiscal year.

Vote Required for Approval. The affirmative vote of a majority of the shares that are represented and entitled to vote at a meeting at which a quorum is present is required to ratify the appointment of PricewaterhouseCoopers LLP.
