Dear Stockholder:

We cordially invite you to attend the 2014 annual meeting of stockholders of Intrepid Potash, Inc. The meeting will be held on Wednesday, May 28, 2014, at 10:00 a.m. local time, at the Denver Marriott City Center, 1701 California Street, Denver, CO 80202.

You will find important information about the matters to be voted on at the meeting in the accompanying Notice of Annual Meeting of Stockholders and Proxy Statement. We are sending most of our stockholders a one-page notice regarding the Internet availability of these materials and our 2013 Annual Report on Form 10-K instead of sending them a full set of printed materials. This notice tells you how to access and review on the Internet all of the important information contained in the proxy materials. This notice also tells you how to vote on the Internet or by phone and how to request to receive a printed copy of our proxy materials.

Your vote is important. Whether or not you plan to attend the meeting, we hope that you will vote as soon as possible. You may vote on the Internet or by telephone as described in the attached proxy materials. You also may vote by mail if you timely request to receive printed copies of these proxy materials in the mail.

Very truly yours,

Robert P. Jornayvaz III
Executive Chairman of the Board

PROXY STATEMENT

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

Why did I receive these proxy materials?

We are providing these proxy materials to you in connection with the solicitation by the Board of Directors of Intrepid Potash, Inc., a Delaware corporation, of proxies to be voted at our 2014 annual meeting of stockholders.

The meeting will be held on Wednesday, May 28, 2014, at 10:00 a.m. local time, at the Denver Marriott City Center, 1701 California Street, Denver, CO 80202.

We will begin furnishing these proxy materials to stockholders on or about April 11, 2014.

When we use the term "Intrepid," "us," "we," or "our," we mean Intrepid Potash, Inc. and its consolidated subsidiaries, unless the context otherwise requires.

What matters will be voted on at the annual meeting?

We will ask stockholders to vote on the following matters at the annual meeting:

- (1) To elect two Class III directors nominated by our Board to serve three-year terms expiring at our 2017 annual meeting of stockholders
- (2) To ratify the appointment of KPMG LLP, or KPMG, as our independent registered public accounting firm for 2014
- (3) To approve, on an advisory basis, our executive compensation
- (4) To transact any other business that properly comes before the meeting and any adjournment or postponement of the meeting

Table of Contents

Why did I receive a one-page notice about the Internet availability of these materials instead of printed materials?

Under rules of the Securities and Exchange Commission, or the SEC, we have elected to furnish proxy materials to our stockholders on the Internet. This means that most of our stockholders will receive a one-page Notice of Internet Availability of Proxy Materials instead of printed copies of the proxy materials. If you receive this notice, you will not receive printed copies of the proxy materials unless you specifically request them. The notice provides instructions on how to access and review the proxy materials on the Internet, how to request

to receive a printed set of the proxy materials by mail, and how to vote your shares.

The notice also provides instructions on how to elect to receive all future proxy materials electronically by email or in printed form by mail. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email or printed form by mail will remain in effect until you terminate it.

What is the difference between a stockholder of record and a beneficial holder?

Most of our stockholders hold their shares through a stockbroker, bank, or other nominee rather than directly in their own name. There are some important distinctions between shares held of record and those owned beneficially.

Stockholder of Record

If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., or Computershare, you are the stockholder of record for those shares and are receiving proxy materials directly from us. As the stockholder of record, you have the right to grant your voting proxy directly to us or to vote in person at the meeting.

Beneficial Holder

If your shares are held in a stock brokerage account or by a bank or other nominee (commonly referred to as being held in "street name"), you are the beneficial holder of those shares. Your broker, bank, or nominee is the stockholder of record and has forwarded proxy materials to you as beneficial holder. As the beneficial holder, you have the right to direct your broker, bank, or other nominee how to vote your shares and are also invited to attend the meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you obtain a signed proxy from your broker, bank, or nominee giving you the right to vote the shares.

Who can vote?

Only stockholders of record at the close of business on the record date of March 31, 2014, are entitled to receive notice of, and to vote at, the annual meeting. As of March 31, 2014, there were 76,078,700 shares of common stock issued and outstanding. Each share is entitled to one vote on each item voted on at the annual meeting.

A list of stockholders entitled to vote at the meeting will be available for inspection by any stockholder at the annual meeting and during normal business hours for the ten days prior to the annual meeting at our corporate headquarters located at 707 17th Street, Suite 4200, Denver, CO 80202.

Table of Contents

How do I vote?

Stockholder of Record

If you are a stockholder of record, you can vote over the telephone or on the Internet by following the instructions you received from us in the mail or by email. If you requested to receive a full set of proxy materials in the mail, you also can vote by mail using the proxy card included with the materials. Finally, you can vote in person at the meeting.

Beneficial Holder

If you are a beneficial holder, you can vote over the telephone or on the Internet by following the instructions you received from your bank, broker, or nominee in the mail or by email. If you requested to receive a full set of proxy materials in the mail, you also can vote by mail using the voting instruction card included with the materials. If you have not received this information from

your broker, bank, or other nominee, please contact them as soon as possible. You can vote in person at the meeting only if you obtain a signed proxy from your broker, bank, or nominee giving you this right.

If you do not give your bank, broker, or nominee instructions as to how to vote, under the rules of the New York Stock Exchange, or NYSE, your bank, broker, or nominee may not vote your shares on the election of directors, the advisory vote to approve executive compensation, or other non-routine items of business without your instructions. Please be sure to return your voting instructions to your bank, broker, or nominee so that your vote is counted.

Multiple Holdings

If you hold shares both as a stockholder of record and as a beneficial holder, **you must vote separately** for each set of shares.

Can I change or revoke my vote?

If you are a stockholder of record, you may change your vote at any time prior to the vote at the annual meeting by taking any of the following actions:

submitting a new proxy with a later date using any of the available methods described above

providing a written revocation to our Corporate Secretary

voting in person at the meeting

If you are a beneficial holder, you may change your vote by submitting new voting instructions to your bank, broker, or nominee following the instructions they provided.

Your attendance at the meeting will not automatically revoke your proxy.

What is the quorum requirement for the meeting?

A quorum of stockholders is necessary for any action to be taken at the meeting (other than adjournment or postponement of the meeting). Our bylaws provide that a quorum exists if stockholders holding a majority of the outstanding shares of our common stock are present at the meeting in person or by proxy. If you submit a properly completed proxy, even if you abstain from

Edgar Filing: Intrepid Potash, Inc. - Form DEF 14A

voting, your shares will be counted for purposes of determining the presence of a quorum. Broker non-votes (described below) also will be counted for purposes of determining the presence of a quorum provided that the bank, broker, or nominee uses its discretionary authority to vote on at least one routine matter.

2014 Proxy Statement

Table of Contents

How will my shares be voted at the meeting?

Your shares will be voted in accordance with your properly submitted instructions.

Stockholders of Record

If you are a stockholder of record and you submit a proxy but do not include voting instructions on a particular matter, your shares will be voted **FOR** each of the nominees named in Proposal 1 and **FOR** each of Proposals 2 and 3 in accordance with the recommendations of our Board. If any other matters are properly presented for a vote at the meeting or any adjournment or postponement of the meeting, your shares will be voted in the discretion of the named proxies.

Beneficial Holders and Broker Non-Votes

If you are a beneficial holder and you do not provide voting instructions to your bank, broker, or nominee, that organization will determine if it has the discretionary authority to vote your shares on the particular matter. Under NYSE rules, these organizations have the discretion to vote your shares on routine matters, such as the ratification of the appointment of KPMG as our independent registered public accounting firm for 2014 (Proposal 2). However, they do not have the discretion to vote your shares on non-routine matters, such as the election of directors and the advisory vote to approve executive compensation (Proposals 1 and 3). The unvoted shares are called "broker non-votes." Shares that constitute broker non-votes are considered present for purposes of determining a quorum but are not considered entitled to vote or votes cast on the particular matter.

What are the voting requirements for each matter?

| Proposal | Vote Required | Broker Discretionary Voting Allowed |
|---|------------------------|-------------------------------------|
| (1) Election of each Class III director | Majority of votes cast | No |
| (2) Ratification of appointment of KPMG | Majority of votes cast | Yes |
| (3) Advisory vote to approve executive compensation | Majority of votes cast | No |

For a proposal to receive a majority of the votes cast, the number of shares voted "for" that proposal must exceed the number of votes cast "against" that proposal. Abstentions and broker non-votes will not count as votes cast on any of the proposals.

With respect to the election of Class III directors, each director nominee has tendered a contingent, irrevocable resignation to the Board that will become effective only if he fails to receive the required majority vote and the Board accepts the resignation. In the event a director does not receive a majority of the votes cast, the Nominating and Corporate Governance Committee of the Board (sometimes referred to as the

Governance Committee) will make a recommendation to the Board as to whether to accept or reject the resignation or whether some other action should be taken. The Board will act (taking into account the recommendation of the Governance Committee) and publicly disclose its decision and the rationale behind it within 90 days after the date of the certification of the election results.

Although the advisory vote to approve executive compensation is non-binding, as provided by law, our Board and its Compensation Committee will review the results of the vote and will consider the results in making future decisions on executive compensation.

Table of Contents

Who will count the votes?

A representative or designee of Computershare will act as inspector of election and tabulate the votes.

Who will pay the costs of soliciting votes for the meeting?

We will pay all costs of soliciting proxies. We have retained Alliance Advisors, LLC to assist in the solicitation of proxies. We expect to pay Alliance Advisors, LLC \$3,000, plus reimbursement of reasonable expenses. The solicitation may be made personally or by mail, telephone, email, or other electronic means of communication. In addition, our officers, directors, and employees, without additional compensation, may also solicit

proxies using any of these methods. We will send proxy materials or additional soliciting materials to banks, brokers, other institutions, nominees, and fiduciaries, and these organizations will then forward the materials to the beneficial holders of our shares. On request, we will reimburse these organizations for their reasonable expenses in forwarding these materials.

PROPOSAL 1 ELECTION OF CLASS III DIRECTORS

Our Board consists of six directors who are divided into three classes, designated as Class I, Class II, and Class III. In accordance with our bylaws and certificate of incorporation, the number of directors constituting the entire Board is fixed exclusively by the Board from time to time. The directors are divided as evenly as possible into the three classes. If the number of directors is not evenly divisible by three, the remaining positions are allocated first to Class III and then to Class II. The classes of directors serve for staggered three-year terms, with their current terms ending at the annual meeting of stockholders in the following years: Class I directors 2015; Class II directors 2016; and Class III directors 2014.

The Class III directors elected at the 2014 annual meeting will serve until the 2017 annual meeting. Our nominees for these Class III directorships are Robert P. Jornayvaz III and Hugh E. Harvey, Jr. Each nominee is currently serving on our Board and was most recently elected by stockholders at our 2011 annual meeting. In making these nominations, our Board and Governance Committee considered each nominee's specific experiences, qualifications, and skills as described below. In addition, Messrs. Jornayvaz and Harvey were nominated in accordance with a Director Designation and Voting Agreement that we entered into in 2008 with certain of their affiliated entities. You can find more information about this agreement below under the heading "*Corporate Governance Director Designation and Voting Agreement*." Each nominee has consented to serve as a director if elected. However, if either or both nominees are unable to serve, or for good cause will not serve, the persons named in the proxy intend to vote in their discretion for one or more substitutes who will be designated by the Board.

To be elected, each nominee must receive a majority of the votes cast. Specifically, the number of shares voted "for" the nominee must exceed the number of votes cast "against" that nominee. Abstentions and broker non-votes will not count as votes cast. Each nominee has tendered to the Board a contingent, irrevocable resignation that will become effective only if the nominee fails to receive the required majority vote and the Board decides to accept the resignation. In the event a nominee does not receive a majority of the votes cast, the Governance Committee will make a recommendation to the Board whether to accept or reject the resignation or whether some other action should be taken. The Board will act (taking into account the recommendation of the Governance Committee) and publicly disclose its decision and the rationale behind its decision within 90 days after the date of the certification of the election results.

Table of Contents

Our Corporate Governance Guidelines provide that the Governance Committee is responsible for identifying and recommending directors for nomination by the Board for election as members of the Board. The Governance Committee performed its evaluation and nominating committee functions in early 2014. The Governance Committee seeks independent directors who represent a mix of backgrounds and experiences that it believes will enhance the quality of the Board's deliberations and decisions. When searching for new candidates, the Governance Committee considers the evolving needs of the Board and searches for candidates to fill any current or anticipated future gaps. The Governance Committee selects each nominee based on the nominee's skills, achievements, and experience. The Governance Committee does not have a formal policy with respect to diversity; however, the independent directors seek to promote through the nomination process an appropriate diversity on the Board. The Governance Committee also believes that each nominee should have the highest level of personal and professional ethics, integrity, and values together with expertise that is useful to Intrepid and complementary to the background and expertise of other members of the Board. Additionally, nominees are expected to have a willingness and ability to devote the time necessary to carry out the duties and responsibilities of membership on the Board and a desire to ensure that our operations and financial reporting are effected in a transparent manner and in compliance with applicable laws, rules, and regulations.

The Governance Committee evaluates each potential nominee individually and in the context of the Board as a whole. The objective is to recommend a group that will contribute to our long-term success and effectively represent stockholder interests. With respect to the nomination of continuing directors for re-election, the individual's contributions to the Board are also considered.

When seeking candidates for a new director, the Governance Committee may solicit suggestions from incumbent directors, management, stockholders, and others. The Governance Committee has authority under its charter to retain a search firm for this purpose. If the Governance Committee believes a candidate would be a valuable addition to the Board, it recommends his or her candidacy to the full Board.

The Governance Committee will consider suggestions by stockholders of possible future nominees. The Governance Committee does not intend to alter its criteria for evaluating potential director candidates, including the criteria described above, in the case of director candidates recommended by stockholders. Stockholders may nominate persons for election to the Board only in accordance with our bylaws. You can find more information about the requirements for submitting stockholder proposals, including proposals relating to director nominees, below under the heading "*Stockholder Proposals*."

Below is biographical and other information about our Class III director nominees and continuing directors. We also provide for each director the specific experience, qualifications, and skills that helped lead our Board to conclude that he should serve as a director.

PROPOSAL 2 RATIFICATION OF THE APPOINTMENT OF KPMG AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2014

The Audit Committee of our Board has selected KPMG to serve as our independent registered public accounting firm for the year ended December 31, 2014, and our Board is asking stockholders to ratify this selection. Stockholder approval or ratification is not required to appoint KPMG; however, our Board believes that submitting the appointment of KPMG to stockholders for ratification is good corporate governance. If stockholders do not ratify this appointment, the Audit Committee will reconsider whether to retain KPMG. If the selection of KPMG is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time it decides that a change would be in the best interest of us and our stockholders.

Edgar Filing: Intrepid Potash, Inc. - Form DEF 14A

Table of Contents

KPMG has served as our independent registered public accounting firm since 2007. To our knowledge, neither KPMG nor any of its members has any direct or material indirect financial interest in Intrepid or any connection with Intrepid in any capacity other than as independent public accountants. A representative of KPMG is expected to be present at the meeting and will have an opportunity to make a statement if he or she desires to do so and to respond to appropriate questions.

We paid the following fees to KPMG for the audit of our consolidated financial statements and for other services provided in the years ended December 31, 2013, and 2012. All of these services and fees were pre-approved by the Audit Committee.

| | 2013 | 2012 |
|--------------------|-------------------|-------------------|
| Audit Fees | \$ 709,920 | \$ 708,199 |
| Audit-Related Fees | | \$ 5,720 |
| Tax Fees | | \$ 72,888 |
| All Other Fees | | |
| Total Fees | \$ 709,920 | \$ 786,807 |

Audit fees include fees associated with the annual audit of our consolidated financial statements and internal control over financial reporting; the review of our periodic reports; accounting consultations; services related to, or required by, statute or regulation, such as consents; and other audit services related to SEC and other regulatory filings. Audit-related fees for 2012 represent fees associated with the review of a universal shelf registration statement. Tax fees for 2012 include fees for assistance with technical and compliance tax research. The Audit Committee has concluded that the provision of these non-audit services is compatible with maintaining the independence of KPMG.

Audit Committee Pre-Approval Policy and Procedures

Under its charter, the Audit Committee is responsible for approving the fees and any other significant compensation paid to our independent accountants and pre-approving any non-audit services to be performed by our independent accountants. The pre-approval requirement may be waived only if the non-audit services meet a *de minimis* exception allowed by law. In carrying out this responsibility, the Audit Committee follows the following general procedures:

If applicable, each year the Audit Committee reviews and pre-approves a schedule of the particular services and estimated fees for proposed audit and non-audit services to be provided by the independent accountants during the next annual audit cycle.

Actual amounts paid to the independent accountants are monitored by management and reported to the Audit Committee.

Any services proposed to be provided by the independent accountants and the related fees that have not been pre-approved during the annual review by the Audit Committee must be pre-approved by the Audit Committee in advance of any work performed.

Incremental fees for previously approved services that are expected to exceed the previously approved fee estimate must also be pre-approved by the Audit Committee.

PROPOSAL 3 ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

We are asking stockholders to approve, on an advisory basis, the compensation of our executives as disclosed in this proxy statement in accordance with the Securities Exchange Act of 1934, as amended, or the Exchange Act, and SEC rules. This proposal is commonly called a "say-on-pay" vote. We encourage you to read the Compensation Discussion and Analysis, or CD&A, section of this proxy statement and the summary compensation and other tables that follow the CD&A. These sections provide detailed information about our compensation objectives, the design and operation of our executive compensation program, and the 2013 compensation of our executives.

We believe that our executive compensation program is aligned with the long-term interests of our stockholders. Specifically, our executive compensation program is designed to meet the following goals:

To provide compensation opportunities that attract, retain, motivate, and reward talented executives

To emphasize pay for performance by linking a substantial portion of the compensation of our executives to individual and corporate performance

To encourage stock ownership by our executives to align their interests with the interests of our other stockholders

We are asking stockholders to approve the following non-binding resolution:

RESOLVED, that the compensation paid to Intrepid's executives, as disclosed pursuant to the compensation disclosure rules of the SEC, including in the Compensation Discussion and Analysis, compensation tables, and related narrative discussions, is hereby APPROVED.

The say-on-pay vote gives our stockholders the opportunity to express their views on the compensation of our executives. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our executives and the principles, policies, and practices described in this proxy statement. As an advisory vote, the outcome of the vote is not binding on us, our Board, or the Compensation Committee. Our Board and Compensation Committee will consider the outcome of the vote when making future executive compensation decisions. At our 2013 annual meeting, our stockholders expressed support for the compensation of our executives, with 97% of the votes cast for advisory approval of our executive compensation.

At our 2011 annual meeting, our stockholders supported, on an advisory basis, holding the say-on-pay vote on an annual basis. After the 2011 annual meeting and taking into consideration stockholder support for an annual say-on-pay vote, our Board determined to hold the say-on-pay vote annually. Accordingly, the next say-on-pay vote will occur at our 2015 annual meeting. The next advisory vote on the frequency for the say-on-pay vote will occur at our 2017 annual meeting.

Recommendation of our Board of Directors

Our Board recommends a vote "for" Proposal 3. Proxies will be voted in favor of the proposal unless you specify otherwise in your proxy.

CORPORATE GOVERNANCE

Director Independence

Our Board is comprised of a majority of independent directors. Our Board has determined that each of Terry Considine, Chris A. Elliott, J. Landis Martin, and Barth E. Whitham is an independent director under the rules of the SEC and NYSE and does not have any material relationship with us other than his position as a director and stockholder. In making these determinations, our Board considered past employment, remuneration, and all other relationships with Intrepid, as well as the specific independence tests set forth in the NYSE's director independence rules. Our Board also considered the relationships described below among directors and in each case concluded that the relationship did not compromise the director's independence.

Messrs. Martin and Considine Each of Messrs. Jornayvaz, Harvey, and Considine has an investment in an investment fund controlled by Mr. Martin. Our Board considered among other things that each of these investments constitutes less than 1% of the total amount of the fund.

Messrs. Considine and Whitham Each of Messrs. Jornayvaz, Considine, and Whitham has made investments in companies that were created to acquire and own residential apartment properties and that are managed and controlled by Mr. Considine's son. Our Board considered among other things the size and characteristics of each of these investments.

Mr. Whitham Enduring Resources, LLC and BH Holdings LLC have entered into an Aircraft Dry Lease Agreement and Crew Services Agreement relating to an aircraft owned by BH Holdings. Mr. Whitham is the Chief Executive Officer and President of Enduring Resources, and BH Holdings is indirectly owned by Messrs. Jornayvaz and Harvey. Our Board considered among other things the monetary value of the proposed transactions and nature of the agreement. Enduring Resources did not use the aircraft owned by BH Holdings during 2013.

Board Leadership Structure

We currently do not have a position entitled chief executive officer. We have one individual serving as our principal executive officer and chairman of our Board. Specifically, our Board has appointed Mr. Jornayvaz to serve as our Executive Chairman of the Board and our principal executive officer for SEC and NYSE reporting purposes. Our Board believes that Mr. Jornayvaz is best situated to serve as Executive Chairman of the Board because he is the director most familiar with our business and industry and is most capable of effectively identifying strategic priorities and leading the discussion and execution of strategy. We believe that independent directors and management have different perspectives and roles in strategy development. Our independent directors bring experience, oversight, and expertise from outside the company and from different industries, while Mr. Jornayvaz brings company- and industry-specific experience and expertise. In addition, Mr. Jornayvaz is our largest stockholder, holding approximately 14% of our outstanding common stock as of March 15, 2014. Consequently, Mr. Jornayvaz's interests are generally aligned with the interests of our other stockholders.

At this time, our Board believes that the combined role of Executive Chairman of the Board and principal executive officer promotes strategy development and execution and facilitates information flow between management and our Board, each of which is essential to effective corporate governance. One of the key responsibilities of our Board is to develop strategic direction and to hold management accountable for the execution of strategy once it is developed. Our Board believes the combined role of Executive Chairman of the Board and principal executive officer, supported by an independent lead director having the duties described below, is in the best interest of stockholders because it provides the appropriate balance between strategy development and independent oversight of management.

Table of Contents

Independent Lead Director

Our Board has selected Mr. Martin to serve as its independent lead director. Our lead director has the following responsibilities:

Serves as the principal liaison between non-management directors and the Executive Chairman of the Board and between the Board and our stockholders

Presides over regularly scheduled executive sessions of non-management directors and meetings of independent directors

Presides at all Board meetings at which the Executive Chairman of the Board is not present

Together with the Executive Chairman of the Board, approves meeting agendas for the Board and reviews any materials, as so desired by the lead director, that will be distributed to the Board; the lead director also may request that additional materials be distributed to the Board

Approves meeting schedules to ensure that there is sufficient time for discussion of all agenda items

At his or her discretion, calls meetings of the non-management directors

If requested by major stockholders, ensures that he or she is available for consultation and direct communication

Performs any other duties as may from time to time be delegated to the lead director by the Board

Risk Management

We are exposed to a number of risks, and at least annually we undertake a risk management review to identify and evaluate risks throughout our company and to develop plans to manage them effectively. We have established an enterprise risk management program to assist in this process. Our Executive Vice President of Human Resources and Risk Management is directly responsible for our risk management functions, and, in this role, he periodically updates the Board regarding ongoing assessment and mitigation of our risks and works closely with members of senior management, mine general managers, and others within Intrepid to identify and design programs or procedures to mitigate potential risks where possible. We also have established a compliance program, including our Code of Business Conduct and Ethics and ancillary statements and policies, and have appointed a Chief Compliance Officer to manage the compliance program. In this capacity, our Chief Compliance Officer reports directly to the Audit Committee.

Our Board has an active role, as a whole and at its committee level, in overseeing management of our risks. Our Board regularly reviews information about our liquidity, capital expenditures, cost of goods sold, inventory, product pricing, and sales, as well as the associated risks in the potash market. The Compensation Committee is responsible for overseeing the management of risks relating to our compensation plans and arrangements. The Audit Committee oversees the management of accounting, financial reporting, and financial risks and the management of our compliance program. The Governance Committee manages risks associated with director independence and potential conflicts of interest. Our Board oversees management of risks associated with operations, environmental, health, and safety. While each committee is responsible for evaluating certain risks and overseeing the management of those risks, the entire Board is regularly informed about those risks through committee reports.

We have concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on us. You can find more information about our assessment of risks arising from compensation policies and practices below under the heading "*Risks Arising from Compensation Policies and Practices.*"

Communication with Directors

Stockholders and other interested parties who wish to communicate with our Board, including our independent or non-management directors as a group, our lead director, or any other individual director, may do so by submitting a written communication to our lead director at the following address:

Lead Director
c/o Intrepid Potash, Inc.
707 17th Street, Suite 4200
Denver, CO 80202

Communications can be made anonymously and confidentially using this method. A copy of communications will be forwarded to our legal counsel and retained for a reasonable period of time. Our lead director may discuss these communications with our legal counsel, independent advisors, non-management directors, or management and may take other action or no action as he determines in good faith, using reasonable judgment and discretion.

The Audit Committee oversees our procedures for the receipt, retention, and treatment of complaints received by us regarding accounting, internal accounting controls, or audit matters. We have established a toll-free telephone number for employees to use to report, on a confidential and anonymous basis, any concerns regarding questionable accounting, internal accounting controls, or auditing matters.

Stock Ownership Guidelines

We believe that stock ownership by our directors and senior management better aligns their interests with those of our other stockholders. Our Board has established stock ownership guidelines that encourage these individuals to own meaningful amounts of our common stock. After a specified phase-in period, each covered individual is expected to own Intrepid common stock with a minimum average value equal to a specified multiple of his then-current annual salary or annual cash retainer. If the individual has not achieved this ownership level by the end of the phase-in period, the individual is expected to retain ownership of at least 50% of the total number of shares of our common stock received from the exercise of stock options, excluding any shares withheld to cover taxes and any shares sold or netted to pay the exercise price, until the ownership level has been achieved. In addition, after the phase-in period, the individual may not enter into any transaction that would result in non-compliance, excluding the withholding of shares to cover taxes due upon the vesting of restricted stock or performance stock units.

The table below summarizes our stock ownership guidelines:

| Individual | Multiple of Annual Salary or Cash Retainer | Phase-In Period |
|--|--|---|
| Chief Executive Officer or Principal Executive Officer (CEO) | 6 | 5 years after first becoming CEO (or February 2016 if later) |
| Senior Vice Presidents and above (Senior Employees) | 2 | 5 years after first becoming a Senior Employee (or March 2014 if later) |
| Non-employee Board members | 5 | 5 years after first becoming a Board member (or February 2016 if later) |

All of our directors and executives are in compliance with the stock ownership guidelines, or are within the applicable phase-in period.

Table of Contents**Insider Trading Policy and Hedging and Pledging Transactions**

Our directors and executives are subject to various trading restrictions under our insider trading policy. These individuals may enter into transactions involving our securities or derivative securities only during regular quarterly trading periods and must receive our permission before entering into these transactions. Derivative transactions may allow a person to own our securities without the full risks and rewards of ownership and, as a result, the person may no longer have the same objectives as other holders of our securities. Accordingly, we approve transactions in derivative securities only when they do not involve this risk. Directors and executives are prohibited from engaging in short sales relating to our securities. They are also prohibited from pledging our securities as collateral for a loan, including holding our securities in a margin account (except under special circumstances as approved by us).

None of our directors or executives is involved in any hedging or pledging transactions relating to our securities.

Committees and Meetings

Our Board met six times in 2013. In 2013, each director attended in person or by phone 75% or more of the aggregate of the total number of meetings of the Board held while he was a director and of each committee on which he served during the period in which he served as a member of that committee. Each director is expected to attend our annual meetings. All but one of our directors attended our 2013 annual meeting in person or by telephone. Our independent and non-management directors meet regularly in executive session without management present.

Our Board has an Audit Committee, a Nominating and Corporate Governance Committee, and a Compensation Committee. Each of these committees is comprised solely of independent directors. The charters for these committees are available on our website at www.intrepidpotash.com. Each of these committees meets regularly in executive session without management present.

The following table sets forth the chairperson and members of each committee and the number of meetings held in 2013.

| Name of Director | Audit Committee | Nominating and Corporate Governance Committee | Compensation Committee |
|-----------------------------------|--------------------|---|---------------------------|
| Terry Considine | X | Chair | X |
| Chris A. Elliott | X | X | X |
| J. Landis Martin | Chair | X | X |
| Barth E. Whitham | X | X | Chair |
| Number of Meetings in 2013 | 8 | 3 | 7 |

Audit Committee

The Audit Committee assists the Board in fulfilling its responsibilities to us and our stockholders relating to the accounting and financial reporting processes and the audit of our financial statements. The Audit Committee oversees management's processes and activities related to maintaining the reliability and integrity of our accounting policies, financial reporting practices, and financial statements; the assessment of the independent auditor's qualifications and independence; and compliance with laws and regulations and the requirements of the NYSE. The Audit Committee is solely responsible for the engagement and discharge of independent auditors and reviews the quarterly and annual financial results. The committee reviews the audit plan and the results of the audit with the independent auditors and reviews the independence of the auditors, the range of audit fees, the scope and adequacy of our system of internal accounting controls, and our risk management policies. The Audit Committee also has oversight

responsibility for our internal audit function. Our Director of Internal Audit reports directly to the Audit Committee.

Audit Committee members are prohibited from serving on more than two other audit committees of public companies.

Our Board has determined that each member of the Audit Committee is financially literate in accordance with the rules of the NYSE and is independent under the NYSE's director independence standards applicable to audit committee members, including the heightened independence requirements under the SEC's rules. In addition, the Board has determined that each of Messrs. Martin, Considine, and Whitham qualifies as an "audit committee financial expert" as defined by SEC rules.

Nominating and Corporate Governance Committee

The Governance Committee reviews the overall composition of our Board, identifies individuals qualified to become members of our Board, and recommends to our Board the director nominees for the next annual meeting. The Governance Committee also oversees the evaluation of our Board and management succession plans, reviews from time to time our policies and practices on corporate governance including our Corporate Governance Guidelines, and recommends to our Board any changes it may deem necessary. Additionally, the Governance Committee is responsible for the periodic review and recommendation to the Board of the compensation structure for the non-employee directors for Board and committee service.

Our Board has determined that each member of the Governance Committee is independent under the NYSE's director independence standards.

Compensation Committee

The Compensation Committee assists the Board in discharging its responsibilities relating to compensation of our executives; administers our equity incentive plans; and has overall responsibility for evaluating and approving (or recommending for approval to the Board) all compensation plans, policies, and programs that affect our executives. You can find more information about the Compensation Committee's role in setting executive compensation below under the heading "*Compensation Discussion and Analysis*." The Compensation Committee may form and delegate responsibility to subcommittees as it deems necessary or appropriate; provided that any subcommittee must meet all applicable independence requirements. In addition, the Compensation Committee may not delegate to persons other than independent directors any functions that are required, under applicable NYSE rules or federal securities laws, to be performed by independent directors.

Our Board has determined that each member of the Compensation Committee is independent under the NYSE's director independence standards applicable to compensation committee members, including the heightened independence requirements under new rules recently adopted by the SEC.

Director Designation and Voting Agreement

Intrepid, Intrepid Production Corporation (or IPC), and Harvey Operating and Production Company (or HOPCO) are parties to a Director Designation and Voting Agreement that was entered into in 2008. Mr. Jornayvaz is the sole owner of IPC, and Mr. Harvey is the sole owner of HOPCO. IPC and HOPCO, together with Messrs. Jornayvaz and Harvey, in the aggregate own approximately 26% of our outstanding common stock as of March 15, 2014. Under this agreement, each of IPC and HOPCO has agreed to designate one candidate for nomination and election to our Board and to vote their shares in favor of the other's candidate. We have agreed to use our best efforts to ensure that the designees are included in the slate of nominees to the Board and recommended for election. We have also agreed not take any action

Table of Contents

to change the size of the Board to exceed seven members, without the prior consent of IPC and HOPCO, subject to any limitations imposed by the rules of the NYSE. The directors currently serving on our Board under this agreement are Mr. Jornayvaz (nominated by IPC) and Mr. Harvey (nominated by HOPCO). Each of Messrs. Jornayvaz and Harvey is serving as a Class III director and has been nominated for reelection at our 2014 annual meeting.

Each of IPC and HOPCO has also agreed, except in the case of a transfer to each other or their affiliates or a public tender offer, to not knowingly sell shares of its common stock to any person if the result of that sale would be that the purchaser of the shares would own, directly or indirectly, 5% or more of our outstanding common stock. The rights and obligations under this agreement are not transferable upon sale or other transfer of common stock by IPC or HOPCO except to any affiliate of IPC or HOPCO. The agreement will terminate with respect to either stockholder party and its affiliates when their collective beneficial ownership falls below 5% of our outstanding common stock.

Other than the Director Designation and Voting Agreement, there are no arrangements or understandings between any director and any other person pursuant to which that director was or is to be elected.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2013, Messrs. Whitham, Considine, Elliott, and Martin served on our Compensation Committee. None of our executive officers currently serves, or served during 2013, on the compensation committee or board of directors of any other entity that has one or more executive officers serving as a member of our Board or Compensation Committee. No member of our Compensation Committee has ever been an executive officer or employee of Intrepid.

COMPENSATION DISCUSSION AND ANALYSIS

This section describes our executive compensation program as it relates to the following individuals:

Robert P. Jornayvaz III Executive Chairman of the Board

David W. Honeyfield President and Chief Financial Officer

Martin D. Litt Executive Vice President, General Counsel, and Secretary

John G. Mansanti Senior Vice President of Operations

Kelvin G. Feist Senior Vice President of Sales and Marketing

When we refer to our "executives" throughout this proxy statement, we mean the five individuals named above.

Executive Summary

We believe that a strong executive team is critical to our long-term success. One of the key goals of our executive compensation program is to attract, motivate, and retain a talented team of executives who will provide leadership for our success in dynamic and competitive markets. We seek to accomplish this goal in a way that rewards performance and is aligned with our stockholders' long-term interests. We believe the design of our executive compensation program is effective and is in the best interests of our stockholders.

Table of Contents

2013 Performance

We are the largest producer of potash in the United States supplying approximately 9% of the country's annual consumption. Our financial results for 2013 included the following:

We invested a total of \$256 million in capital projects that are designed to increase our production and lower our per-ton production costs. Our major capital projects are substantially complete with 2013 accomplishments including the following:

We harvested and produced the first tons of potash at our newly constructed HB Solar Solution mine, which, over time, has the ability to meaningfully increase our potash production and lower our per ton cash operating costs.*

We finished commissioning the first and second compaction lines at our newly built North facility and we expect the third and final line to be completed in the first half of 2014. This facility gives us the capacity to granulate 100% of our New Mexico potash production, thereby enhancing our marketing and sales flexibility.

We continued to install and tie-in new equipment at our West processing facility with the goal of increasing potash production through improved recoveries.

We completed drilling and began injecting brine into the third cavern system at our Moab facility, thereby enhancing these operations and allowing for incremental production of low-cost solar solution potash tons.

We had sales of \$336 million, down from \$451 million in 2012 due to both lower sales volumes and lower prices. Sales volumes declined primarily due to unseasonable spring weather patterns and general cautiousness in the global potash market. Potash pricing continued to come under pressure due to uncertainty surrounding increased global potash supply and North American inventory levels above five-year averages.

We earned net income of \$22 million, or \$0.30 per diluted share, down from \$87 million, or \$1.16 per diluted share, in 2012. Net income was impacted by the pricing pressures described above and increased per-ton costs primarily due to lower recoveries and ore grades at some of our facilities.

You can find more information about our 2013 financial performance in our Annual Report on Form 10-K for the year ended December 31, 2013.

*

Cash operating costs is a financial measure not calculated in accordance with GAAP and is calculated as total of cost of goods sold divided by the number of tons of potash sold and then adjusted to exclude per-ton abnormal production, royalties, depreciation, depletion, and amortization.

Pay for Performance

Our executive compensation program is designed to reward performance and align our executives' interests with the long-term interests of our stockholders. We emphasize pay for performance in several ways:

2013 Executive Compensation Summary

Below are key features of our 2013 executive compensation program. Each of these items is described in more detail later in this CD&A.

Executive Chairman Compensation and Stock Ownership Mr. Jornayvaz has had the same \$100,000 salary from 2010 through 2013. Under his employment agreement, Mr. Jornayvaz is entitled to a target bonus of \$500,000 and a target equity award of \$750,000. However, before the Compensation Committee approved the 2013 cash bonuses for executives, Mr. Jornayvaz requested that the Compensation Committee reduce his 2013 bonus to zero. Mr. Jornayvaz is our largest stockholder, holding approximately 14% of our outstanding common stock as of March 15, 2014. Consequently, a meaningful portion of Mr. Jornayvaz's long-term returns from Intrepid continues to be tied to his ownership stake. As our largest stockholder, Mr. Jornayvaz's interests are generally aligned with the interests of our other stockholders.

2014 Proxy Statement

Table of Contents

Market Adjustments to Compensation In January 2013, the Compensation Committee approved increases to the targeted total direct compensation for our executives other than Mr. Jornayvaz. The increases were effected through changes in salary and, in some cases, target equity awards. In approving the changes, the Compensation Committee set targeted total direct compensation approximately at or slightly below the market median.

Annual Cash Bonuses Executives received cash bonuses equal to 49.4% of target under our Short-Term Incentive Plan based on our 2013 financial and operational performance as compared to pre-established performance goals under the plan. We did not pay any discretionary bonuses for 2013.

Performance Stock Units For 2013, we granted performance stock units tied to our relative TSR and production tons performance. The performance stock units tied to relative TSR will pay out at zero because our relative TSR in 2013 did not meet the threshold level established under the awards. The performance stock units tied to production tons will pay out at 78.5%, subject to three-year time vesting, based on our 2013 production results as compared to the pre-established performance goals under the awards.

Stock Ownership Guidelines We maintain stock ownership guidelines that encourage our executives and other key employees to own meaningful amounts of our common stock, thereby better aligning their interests with those of our other stockholders.

Limited Use of Employment Agreements None of our executives has an employment agreement other than Messrs. Jornayvaz and Harvey. All executives are expected to demonstrate strong personal performance in order to continue serving as a member of our executive team.

2014 Executive Compensation Preview

In January 2014, we announced that we had implemented a number of cost-savings initiatives to better align our cost structure with the current business environment. As part of these initiatives, our executives proposed, and the Compensation Committee approved, reductions in executive compensation for 2014. Mr. Jornayvaz's salary was reduced by 50% as compared to 2013 (from \$100,000 to \$50,000) and his target annual bonus for 2014 was reduced to zero. The salaries of our other executives were reduced by 20% as compared to 2013. Because target bonuses for these executives are set as a percentage of salary, the salary changes also reduce their target bonuses for 2014 by 20%. The salary changes were effective on February 1, 2014. For 2014, the value of each executive's annual equity award remained unchanged as compared to 2013; however, the 2014 awards were granted entirely in the form of restricted stock.

Impact of 2013 Say-on-Pay Advisory Vote

At our 2013 annual meeting, stockholders expressed support for the compensation of our executives, with 97% of the votes cast for advisory approval of our executive compensation. When the Compensation Committee conducts its annual review of executive compensation during the first part of each year, it considers a variety of factors as discussed in this CD&A, including the results of the previous year's advisory vote to approve executive compensation. While the Compensation Committee has considered the results of the 2013 advisory vote, it did not make any changes to our executive program or policies as a result of the vote in light of the strong stockholder support.

Table of Contents

Objectives of Compensation Program

Our executive compensation program has three primary objectives:

Elements of Compensation

The primary elements of our 2013 executive compensation program are described below:

| Element | Purpose | Intrepid Practice |
|-------------------------|--|---|
| Salary | To provide a fixed amount of pay for an executive's primary duties and responsibilities | Salaries are reviewed annually and are set based on market competitiveness and individual performance. |
| Annual Cash Bonus | To incentivize the achievement of near-term financial and operational corporate goals and individual objectives | Target bonus amounts are reviewed annually and set based on market competitiveness and individual performance. Payout amounts vary relative to corporate and individual performance. |
| Long-Term Equity Awards | To support our goals of retaining our critical talent and aligning management interests with the interests of our other stockholders | For 2013, we granted a combination of restricted stock and performance stock units. The value of any equity award is inherently linked to the longer-term performance of our stock. Both the restricted stock and performance stock units are subject to a three-year vesting period, meaning that the value of these awards becomes potentially realizable over the long term. In addition, the value of performance stock units is tied to our 2013 performance as compared to pre-established goals relating to production and relative TSR. |

2014 Proxy Statement

Table of Contents

We also provide the following other compensation elements to our executives:

| Element | Purpose | Intrepid Practice |
|----------------------------|--|--|
| Employee Benefits | To provide basic employee benefits that are generally consistent with the benefits provided to our other employees and with benefits provided by other companies of our size | Our employees, including our executives, receive basic health, life, and disability insurance and 401(k) benefits. Executives are also entitled to the payment or reimbursement of supplemental long-term disability insurance premiums. |
| Perquisites | To provide benefits that are designed to keep our executives in good health and to increase their time and travel efficiencies | Executives are eligible for a gym membership allowance and paid parking, which are benefits that are generally consistent with the benefits provided to all of our Denver-based employees. Executives are also eligible for an executive physical allowance and for personal use of corporate aircraft, subject to the explicit approval from our Executive Chairman of the Board or Executive Vice Chairman of the Board. |
| Change-in-Control Benefits | To preserve executive productivity and encourage retention in an actual or potential change in control | These benefits are carefully tailored to our company and are generally competitive with benefits offered by similarly situated companies. |

Role of the Compensation Committee, Compensation Consultants, and Management

The Compensation Committee retains Frederic W. Cook & Co., Inc., or F.W. Cook, as its independent compensation consultant. F.W. Cook helps the Compensation Committee collect and analyze market data to provide a competitive reference on pay levels, structure, and performance alignment for executives and directors. F.W. Cook also advises the Compensation Committee on a variety of executive and director compensation matters and provides information about general compensation trends.

Outside of its role as independent compensation consultant, F.W. Cook does not provide any other services to us or our management and does not have any other direct or indirect business relationships with us or our management. The Compensation Committee has assessed the independence of F.W. Cook and concluded that its work does not raise any conflicts of interest.

While market data provided by an independent compensation consultant can be a useful guide in setting executive compensation, the Compensation Committee believes that a successful compensation program also requires that the Compensation Committee apply its own judgment and subjective determination to reconcile the program's objectives with the realities of rewarding and retaining our valued executives and to measure the individual performance of our executives. In this regard, the Compensation Committee asks Messrs. Jornayvaz and Honeyfield to make recommendations about the compensation to be paid to executives. While the Compensation Committee is solely responsible for the appointment of the independent compensation consultant and for approving executive compensation, management supports the work of the Compensation Committee and the independent compensation consultant. In addition, at the request of the Compensation Committee, Messrs. Jornayvaz and Honeyfield and other members of our

Table of Contents

executive management team meet periodically with the Compensation Committee regarding the design of our compensation programs and other compensation matters. The Compensation Committee meets regularly in executive sessions without management present.

Role of Peer Groups and Benchmarking

In setting 2013 executive compensation, the Compensation Committee reviewed market data collected by F.W. Cook in 2012. The data consisted of information about the compensation paid in 2011 to executives at our peer companies, as reported in these companies' 2012 proxy statements. For each executive position, the data showed salary, target bonus, target total cash compensation (which includes salary and target bonus), target equity compensation, and target total direct compensation (which includes salary, target bonus, and target equity compensation) for similarly situated executives at the 25th, 50th, and 75th percentiles.

With assistance from F.W. Cook and our management, the Compensation Committee approves the makeup of our peer group and reevaluates the group annually. In general, our peer group consists of companies with which we may compete for business, capital, or executive talent. Specifically, our peer group is made up of natural resource, diversified metal and mining, and fertilizer companies that are based in the U.S. and that had revenues and market capitalizations ranging from about 0.25 times to 4.0 times our revenue and market capitalization (or a revenue range from \$175 million to \$1.810 billion and a market capitalization range from \$487 million to \$5.236 billion). Our revenue and market capitalization were at approximately the median as compared to the peer group at the time the group was chosen and at the time the market data was reviewed by the Compensation Committee. Our 2013 peer group consisted of the following companies:

| | |
|-------------------------------------|------------------------------------|
| Allied Nevada Gold Corp. | H.B. Fuller Company |
| AMCOL International Corporation | Hecla Mining Company |
| Balchem Corporation | Minerals Technologies Inc. |
| Bill Barrett Corporation | Natural Resource Partners L.P. |
| Calgon Carbon Corporation | Rosetta Resources Inc. |
| Cheniere Energy, Inc. | Royal Gold, Inc. |
| Clayton Williams Energy, Inc. | Spectra Energy Corp. |
| Coeur d'Alene Mines Corporation | Stillwater Mining Company |
| Compass Minerals International Inc. | Thompson Creek Metals Company Inc. |
| Globe Specialty Metals, Inc. | Venoco, Inc. |

Our 2013 peer group was the same as our 2012 peer group, except that we removed SM Energy Company because its revenue no longer fell within the range described above.

At the direction of the Compensation Committee, management analyzed the market data collected by F.W. Cook and provided the results of its analysis, together with the recommendations of Mr. Honeyfield, to the Compensation Committee. The Compensation Committee made its 2013 executive compensation decisions for executives other than Mr. Jornayvaz, as described in more detail below under the heading "*2013 Compensation Decisions*," after considering the market data, management recommendations, and the executives' individual experience and responsibilities. In general, the intent was to set targeted total cash compensation at the market median and to set targeted total direct compensation at or slightly below the market median reflecting the heavier weighting within equity compensation towards restricted stock over performance stock units.

Table of Contents

The Compensation Committee did not review market data with respect to Mr. Jornayvaz's 2013 compensation in light of his request, and our agreement, to reduce his compensation in connection with his May 2010 employment agreement, as discussed in more detail below under the heading "*2013 Compensation Decisions Salary*."

2013 Compensation Decisions**Salary**

Mr. Jornayvaz's current employment agreement sets his salary at \$100,000, subject to annual review by the Compensation Committee. When we entered into this agreement with Mr. Jornayvaz in May 2010, he requested that we reduce his salary to \$100,000 in connection with the reallocation of day-to-day responsibilities to other executives, including Mr. Honeyfield. The Compensation Committee did not make any changes to Mr. Jornayvaz's salary for 2013.

In January 2013, the Compensation Committee conducted its annual review of salaries for our other executives. Taking into account market data and the recommendations of Mr. Honeyfield, the Compensation Committee approved the following salary changes:

| Name | 2012 Salary | Increase | 2013 Salary | |
|-------------------------|-------------|----------|-------------|--------------------|
| | | | (Increases | Effective 1/22/13) |
| Robert P. Jornayvaz III | \$ 100,000 | | \$ | 100,000 |
| David W. Honeyfield | \$ 400,000 | 6% | \$ | 425,000 |
| Martin D. Litt | \$ 315,000 | 3% | \$ | 325,000 |
| John G. Mansanti | \$ 295,000 | 8% | \$ | 320,000 |
| Kelvin G. Feist | \$ 250,000 | 18% | \$ | 295,000 |

In making these changes, the Compensation Committee generally set salaries at amounts that resulted in targeted total cash compensation at approximately the market median, as described above under the heading "*Role of Peer Groups and Benchmarking*."

Annual Cash Bonus**Background**

We have adopted a Short-Term Incentive Plan that allows for the payment of annual bonuses based on the attainment of pre-established annual performance goals. The plan was most recently approved by our stockholders in 2012 and is intended to allow us to grant awards that qualify as "performance-based compensation" within the meaning of Section 162(m). You can find more information about Section 162(m) below under the heading "*Accounting Impact and Tax Deductibility of Compensation*."

The Compensation Committee administers the plan. Within the first 90 days of each year, the Compensation Committee selects the executive officers and other key employees who are eligible to participate in the plan, establishes their target bonus amounts, and sets the performance goals for the year in accordance with the plan. In determining annual bonuses for executives, we use the same performance measures and goals as we use for non-executive employees. The target bonus amounts and performance goals are then communicated to plan participants. Shortly after the end of each year, the Compensation Committee certifies the bonus payments to be made for the year, if any, based on actual performance as compared to the pre-established goals. Bonuses are paid in cash or stock no later than March 15 of the following year. Our Board can amend or terminate the plan at any time, subject to any restrictions under Section 162(m).

Table of Contents**2013 Bonus Calculation**

The following table shows the calculation of 2013 cash bonuses to executives under our Short-Term Incentive Plan:

| Name | Salary | x | Target Bonus | | Performance Payout Percentage | = | 2013 Cash Bonus |
|-------------------------|---------------|---|------------------------------------|---------------------------|-------------------------------|---|-----------------|
| | | | Target Bonus Amount / Target Bonus | as a Percentage of Salary | | | |
| Robert P. Jornayvaz III | (1) | | \$ 500,000(1) | | 49.4% | | \$ 0(1) |
| David W. Honeyfield | \$ 425,000(2) | | 75% | | 49.4% | | \$ 157,463 |
| Martin D. Litt | \$ 325,000(2) | | 50% | | 49.4% | | \$ 80,275 |
| John G. Mansanti | \$ 320,000(2) | | 50% | | 49.4% | | \$ 79,040 |
| Kelvin G. Feist | \$ 295,000(2) | | 50% | | 49.4% | | \$ 72,865 |

- (1) Under his employment agreement, Mr. Jornayvaz is entitled to a target bonus of \$500,000. This amount is not tied to his annual salary of \$100,000. Before the Compensation Committee approved the 2013 cash bonuses for executives, Mr. Jornayvaz requested that the Compensation Committee reduce his 2013 bonus to zero from \$247,000, which is the amount that he otherwise may have been entitled to under our Short-Term Incentive Plan. The Compensation Committee approved the reduction.
- (2) These amounts represent the executives' salary, as approved by the Compensation Committee on January 22, 2013. We do not prorate salary changes for purposes of determining bonuses under our Short-Term Incentive Plan. As a result, these amounts differ from the actual 2013 salary amounts reported below under the heading "*Executive Compensation 2013 Summary Compensation Table*."

Target Bonuses

Mr. Jornayvaz's current employment agreement provides that his target annual bonus is generally intended to be \$500,000; provided that his actual target bonus for any year will be determined by the Compensation Committee in its sole discretion. This amount was negotiated between the Compensation Committee and Mr. Jornayvaz when the agreement was entered into in May 2010. As noted in the table above, before the Compensation Committee approved the 2013 cash bonuses for executives, Mr. Jornayvaz requested that the Compensation Committee reduce his 2013 bonus to zero.

In January 2013, the Compensation Committee established the target bonuses for our other executives. Target bonuses are stated in terms of a percentage of salary, as shown in the table above. The Compensation Committee did not make any changes to these percentages as compared to the percentages used in 2012. When combined with the adjustments to salaries described above, the target bonuses resulted in targeted total cash compensation at approximately the market median.

Performance Payout Percentage

The actual bonus paid to each executive under our Short-Term Incentive Plan could have ranged from 0% to 200% of the executive's target bonus based on the achievement of pre-established performance goals.

In February 2013, taking into account management's recommendations, the Compensation Committee approved the 2013 performance measures, goals, and weightings under the plan. In general, for each measure, the Compensation Committee set threshold, target, and maximum levels of performance that corresponded to payouts within the range of 0% to 200%. The performance measures and weightings used

for 2013 were the same as those used for 2012; however, the specific goals under each measure were updated for 2013.

In January 2014, the Compensation Committee reviewed actual performance in 2013 as compared to the pre-established goals and approved a performance payout percentage of 49.4% for 2013 under the Short-Term Incentive Plan calculated as follows:

| Measure | Weight | Resulting Payout on the Measure Based on Actual Performance | Contribution to Total Performance Payout Percentage |

We include below more information about our reasons for selecting each of these measures and the calculations used to determine the resulting payout for each measure. Overall, management recommended, and the Compensation Committee approved, these measures, goals, and weightings because we believe they appropriately focus our executives and employees on the most important elements of our business.

Safety Safety is a core value and operating requirement for us. We believe this measure is the most inclusive way to promote and assess our commitment to a safe work environment and to drive a culture of risk identification and mitigation. Over the past few years, we have had solid improvement in our safety measures; however, we believe there is always room for more improvement. We include employee and contractor hours in our safety calculations to emphasize that our culture of dedicated safety programs applies to all people who perform work on our work sites.

sales tons as the total number of tons of potash and Trio® sold less the number of tons sold on which we provided a quality adjustment to our customers for product that did not meet specifications. As a result, this measure is also intended to drive a quality requirement. Taking into account management's recommendation, the Compensation Committee set the goal for a 100% payout on this metric at the Board's forecasted amount for the year. Our net sales tons did not meet the threshold level required for payout on this measure primarily due to lower sales volumes as a result of unseasonable spring weather patterns and general cautiousness in the global potash market.

Adjusted Cash Operating Costs Per Ton of Potash Cash operating costs per ton of potash is largely a function of the operating rates at our facilities and our ability to manage costs associated with production. This measure is a financial measure not calculated in accordance with GAAP. For this purpose, cash operating costs are calculated as total of cost of goods sold divided by the number of tons of potash and Trio® sold and then adjusted to exclude per-ton abnormal production, royalties, depreciation, depletion, and amortization. We also adjusted cash operating costs to include the impact of lower-of-cost-or-market adjustments during the year. Taking into account management's recommendation, the Compensation Committee set the goal for a 100% payout on this metric at the Board's forecasted amount for the year. As shown below, higher-than-expected cash operating costs correlate to a lower-than-target payout on this metric. In 2013, we had higher-than-expected cash operating costs primarily due to lower volumes and production challenges associated with lower recoveries and ore grades at some of our facilities.

Adjusted EBITDA Adjusted earnings before interest, taxes, depreciation, and amortization (or adjusted EBITDA) is a measure of our core profitability. This measure is widely used by investors, analysts, and others to measure performance excluding the effects of items that do not affect core operations. Adjusted EBITDA is a financial measure not calculated in accordance with GAAP.

2014 Proxy Statement

Table of Contents

Adjusted EBITDA is calculated as net income adjusted to add back interest expense, income tax expense, depreciation, depletion, amortization, and accretion related to our asset retirement obligation. In some cases, we may adjust EBITDA for non-cash, unusual, or non-recurring items. Taking into account management's recommendation, the Compensation Committee set the goal for a 100% payout on this metric at the Board's forecasted amount for the year. Our adjusted EBITDA did not meet the threshold level required for payout on this measure primarily due to the lower sales and higher cash operating costs, as described above.

Capital Investment The execution of capital projects on budget and on time is critical to our success. We measured performance separately for major and non-major capital projects, with each category contributing to the capital investment measure in proportion to its relative contribution to total capital investment for the year. For non-major capital projects, which represented 16% of our total capital investments, we evaluated our ability to deliver against the estimated costs and timelines set forth in the original authorizations for expenditure, or AFEs, relating to projects completed in 2013.

Long-Term Equity Awards

Background

We have adopted an Equity Incentive Plan that is designed to provide long-term equity incentives to attract, retain, and motivate eligible employees, directors, and consultants and to align their interests with the interests of our stockholders. The plan was most recently approved by our stockholders in 2012.

Table of Contents**2013 Annual Equity Awards****Target Award Amounts**

The following table shows the 2013 target annual equity awards for our executives and any changes to these amounts from 2012:

| Name | Target Annual Equity Award (Percentages Represent Target as a Percentage of Salary) | | 2013 Target Annual Equity Award (After Applying Percentage of Salary)* |
|-------------------------|---|------------|--|
| | 2012 | 2013 | |
| Robert P. Jornayvaz III | \$ 750,000 | \$ 750,000 | \$ 750,000 |
| David W. Honeyfield | 175% | 175% | \$ 743,750 |
| Martin D. Litt | 100% | 100% | \$ 325,000 |
| John G. Mansanti | 100% | 115% | \$ 368,000 |
| Kelvin G. Feist | 70% | 90% | \$ 265,500 |

*

These amounts differ from the amounts reported below under the heading "*Executive Compensation 2013 Summary Compensation Table*," as described in that section.

Mr. Jornayvaz's current employment agreement provides that his annual equity award is generally intended to have a grant date fair value of \$750,000; provided that his actual equity awards for any year will be determined by the Compensation Committee in its sole discretion. This amount was negotiated between the Compensation Committee and Mr. Jornayvaz when the agreement was entered into in May 2010.

In January 2013, the Compensation Committee conducted its annual review of target annual equity awards for our other executives. Taking into account the recommendations of Mr. Honeyfield, the Compensation Committee increased the target annual equity awards for Messrs. Mansanti and Feist, as shown in the table above. In approving target annual equity awards for executives other than Mr. Jornayvaz, the Compensation Committee targeted total direct compensation at or slightly below the market median reflecting the heavier weighting within equity compensation towards restricted stock over performance stock units, as described more fully above under the heading "*Role of Peer Groups and Benchmarking*."

Form of Awards and Vesting

The 2013 annual equity awards to executives consisted of the following:

2013 Equity Awards

Table of Contents

The restricted stock vests in three equal annual installments beginning on February 25, 2014, subject to the executive's continued employment with us. The awards also vest in the event of death, disability, or a qualifying change in control.

Each performance unit initially represented the equivalent of one share of our common stock. The performance stock units vest in three equal annual installments beginning on February 25, 2014, subject to the executive's continued employment with us. The performance stock units also vest in the event of death, disability, or a qualifying change in control. Upon vesting, each performance unit is settled in a number of shares of our common stock ranging from 0% to 150% of the performance unit depending on our 2013 performance on one of two applicable performance measures. These measures were production tons and relative TSR.

Performance under the production tons measure was based on our total production tons of potash and langbeinite for 2013 as compared to forecasted amounts.

Performance under the relative TSR measure was based on our relative TSR for 2013 as compared to the Dow Jones U.S. Basic Materials Index and a group of four peer companies in the potash industry. These peer companies were Potash Corporation of Saskatchewan Inc., The Mosaic Company, Agrium Inc., and Compass Minerals International, Inc. TSR was calculated generally as the average of the daily increase or decrease in the closing share price for each trading day during 2013 for the applicable company or index, adjusted for the reinvestment of dividends. The peer group we used for purposes of determining payout under the performance stock units is different from the peer group we used for setting 2013 executive compensation, which is described above under the heading "*Role of Peer Groups and Benchmarking.*" For executive compensation purposes, we chose a peer group that is focused on companies with which we may compete for business, capital, or executive talent. On the other hand, in choosing the peer group for purposes of determining payout under the performance stock units, we focused on companies with which we compete for a share of the potash equity market and which our stockholders may view as relatively similar investments.

The overall structure of executives' annual equity compensation was generally the same in 2013 as it was in 2012. For 2013, we chose a mix of awards, and vesting and payout terms, that we believed would provide additional balance and diversity to our executive compensation packages. The three-year vesting schedule for restricted stock is designed to encourage executive retention and incentivize executives to act in our longer-term interests, while also providing some inherent value even if the value of our stock remains stable. In addition, the performance stock units were intended to further support our pay-for-performance goals as part of the blend of at-risk compensation. First, the value of each performance unit is tied to our shorter-term performance through the one-year performance goals relating to production tons and relative TSR. Second, the value of each performance unit is tied to our longer-term performance through the three-year vesting schedule.

Payout under Performance Stock Units

In January 2014, the Compensation Committee reviewed actual performance in 2013 as compared to the pre-established goals under the performance stock units. For the relative TSR performance stock units, our performance did not meet the threshold payout level, so no payouts will be made under the awards.

For the production tons performance stock units, our performance resulted in a payout level of 78.5%, subject to the vesting and other terms of the awards. As noted above, these awards are scheduled to vest and pay out in shares of our common stock in three equal annual installments beginning on February 25, 2014, subject to the executive's continued employment with us.

The tables below summarize the payout calculations under these awards:

Executive-Specific Award Amounts and Potential Payouts

You can find executive-specific information about the 2013 annual equity awards, and the number of shares of common stock underlying performance stock units based on our actual 2013 performance, below under the headings "*Grants of Plan-Based Awards in 2013*" and "*Outstanding Equity Awards at the End of 2013*."

Employee Benefits

Our employees, including executives, are eligible for various employee benefits, including medical and dental insurance, group life insurance, accidental death and disability insurance, health and dependent care flexible spending accounts, a 401(k) plan, and paid time off. We generally match 100% of an employee's 401(k) deferrals up to a specified percentage of compensation or as limited by law. In addition, executives are entitled to the payment or reimbursement of supplemental long-term disability insurance premiums. In some cases, we also provide an executive with a tax reimbursement relating to this benefit.

These benefits are generally consistent with the benefits provided by other companies of our size and help us remain competitive in attracting and retaining our executive talent.

Perquisites

We have adopted an aircraft use policy under which Messrs. Jornayvaz and Harvey, and other executives explicitly approved by Messrs. Jornayvaz or Harvey, are allowed personal use of aircrafts that we own or lease. We believe these benefits provide increased travel efficiencies, thereby allowing executives to use their time more productively and to focus more time on business-related activities.

Our executives are eligible for a gym membership allowance and paid parking. These benefits are generally consistent with the benefits we provide to all Denver-based employees. Executives are also eligible for an allowance for regular physical examinations. We believe that these benefits are appropriate and help us retain and reward our executive talent. We also believe that it is in our best interests for our executives and other employees to be in good health.

Table of Contents

Change-in-Control Benefits

We have entered into change-in-control severance agreements with our executives and other key employees. These agreements are intended to meet the following objectives:

To reduce the distraction of the executives that would result from the personal uncertainties caused by a change in control

To encourage the executives' full attention and dedication to us during a change in control

To provide the executives with compensation and benefit arrangements upon a change in control that are competitive with those of similarly situated companies

To retain key talent

We tailored these agreements to provide a mix of benefits that we believe support the objectives described above. Specifically, the agreements provide that unvested equity awards will vest immediately upon a change in control, but that no cash severance or other benefits will be paid unless there also is a qualifying employment termination event within 24 months after the change in control. You can find more information about these agreements below under the heading "*Termination and Change-in-Control Payments*."

Equity Award Practices

Our current practice is to grant equity awards to executives on an annual basis using a grant date that occurs in the first quarter of each year following the release of the prior year's earnings. We also periodically grant equity awards in connection with certain management events, such as the hiring or promotion of an executive or the achievement by an executive of extraordinary personal performance objectives. Each equity award granted to our executives since the beginning of 2013 has a grant date that was on or after the date on which the Compensation Committee approved the award. It is possible that the Compensation Committee may possess material nonpublic information when it approves awards. However, awards are granted only at certain times of the year or in connection with certain management events, and the Compensation Committee does not try to achieve more advantageous grant dates in connection with the timing of the release of material nonpublic information.

Accounting Impact and Tax Deductibility of Compensation

The Compensation Committee periodically reviews projections of the estimated accounting and tax impacts of material elements of our executive compensation program. These factors alone rarely drive our compensation decisions, but rather they are considered along with other factors such as the cash and non-cash impact of the program and whether the program is consistent with our compensation objectives.

Section 162(m) generally provides that a publicly held corporation may not deduct in any one taxable year compensation in excess of \$1 million to its chief executive officer and three other most highly compensated named executive officers employed at the end of the year other than its chief financial officer, unless certain specific and detailed criteria are satisfied. Certain awards granted under our Equity Incentive Plan and Short-Term Incentive Plan are designed to comply with Section 162(m) such that compensation paid pursuant to awards granted under the plans may be deductible by us, provided additional requirements are satisfied. We believe that it is in our best interests, and the best interests of our stockholders, to comply with the tax law while still preserving the flexibility to reward executives consistent with our compensation objectives as discussed above. On occasion, it may not be possible to satisfy all of the conditions of Section 162(m) for deductibility and still meet our compensation needs. In some circumstances, compensation that we pay may not satisfy all of the requirements for deductibility under Section 162(m). Accordingly, we may pay compensation in excess of the Section 162(m) limitation from time to time.

Table of Contents**EXECUTIVE COMPENSATION****2013 Summary Compensation Table**

The following table sets forth the total compensation earned for services rendered during 2013, 2012, and 2011 by our principal executive officer, principal financial officer, and three other most highly compensated executive officers for 2013.

Bonus (Column d)

The amounts in this column represent discretionary cash bonuses. Annual cash bonuses paid under our Short-Term Incentive Plan are reported as Non-Equity Incentive Plan Compensation (column g).

Stock Awards (Column e)

The amounts in this column represent the grant date fair value of awards of restricted stock and performance stock units.

The following table describes each component of the 2013 amounts in this column:

| Name | Grant Date Fair Value of Annual Award of Restricted Stock on | | Grant Date Fair Value of Annual Award of Performance Stock Units on February 25, 2013 | | Total |
|-------------------------|--|---------|--|---------|------------|
| | February 25, 2013 | | February 25, 2013 | | |
| Robert P. Jornayvaz III | \$ | 499,990 | \$ | 203,656 | \$ 703,646 |
| David W. Honeyfield | \$ | 495,829 | \$ | 201,961 | \$ 697,790 |
| Martin D. Litt | \$ | 216,656 | \$ | 88,240 | \$ 304,896 |
| John G. Mansanti | \$ | 245,315 | \$ | 99,914 | \$ 345,229 |
| Kelvin G. Feist | \$ | 176,999 | \$ | 72,080 | \$ 249,079 |

We calculated the amounts in this column in accordance with financial statement reporting rules using the same assumptions used for financial statement reporting purposes. You can find information about these assumptions below under the heading "Grants of Plan-Based Awards in 2013" and in Note 10 to our financial statements contained in our Annual Report on Form 10-K for the year ended December 31, 2013.

Table of Contents

These amounts are lower than the 2013 target annual equity awards shown above under the heading "*Compensation Discussion and Analysis 2013 Compensation Decisions Long-Term Equity Incentive 2013 Annual Equity Awards.*" For administrative purposes, when awards are granted, we use the closing market price of our common stock on the grant date to calculate the number of shares of restricted stock and performance stock units to grant. For purposes of the Summary Compensation Table, we are required to report these awards at their grant date fair values calculated in accordance with financial statement reporting rules. For the performance stock units relating to relative TSR, we estimated for financial statement purposes each performance unit's grant date fair value to be \$12.12 using a Monte Carlo simulation model. This value was lower than the \$19.26 closing market price of our common stock on the grant date in part because, on the grant date, our year-to-date TSR was already lower than the TSR of the comparator group.

For performance stock units, the grant date fair value reported in the tables above is based on the probable outcome of the underlying performance conditions, measured as of the grant date. The table below shows the potential value of these awards on the grant date assuming achievement of the highest level of performance conditions:

| Name | Potential Value of Performance Stock Units on Grant Date Assuming Maximum Performance Level |
|---------------------------------|--|
| Robert P. Jornayvaz III | \$ 374,992 |
| David W. Honeyfield | \$ 371,872 |
| Martin D. Litt | \$ 162,477 |
| John G. Mansanti | \$ 183,972 |
| Kelvin G. Feist | \$ 132,701 |
| Option Awards (Column f) | |

The amounts in this column represent the grant date fair value of awards of nonqualified stock options. We calculated these amounts in accordance with financial statement reporting rules using the same assumptions used for financial statement reporting purposes. You can find information about these assumptions in Note 10 to our financial statements contained in our Annual Report on Form 10-K for the year ended December 31, 2013.

We did not grant any awards of nonqualified stock options in 2013 or 2012.

Non-Equity Incentive Plan Compensation (Column g)

The amounts in this column represent annual cash bonuses paid under our Short-Term Incentive Plan. You can find more information about the 2013 amounts above under the heading "*Compensation Discussion and Analysis.*" Discretionary cash bonuses are reported under the table heading "*Bonus.*"

Table of Contents**All Other Compensation (Column h)**

(1)

For Mr. Jornayvaz, the amount represents payments for office parking of \$1,783 and an executive physical of \$4,430 and an aggregate incremental cost to us of \$17,517 for his personal use of aircraft that we own or lease. The aggregate incremental cost to us for personal use of aircraft was determined by multiplying (a) the total variable costs incurred by us in operating the aircraft in 2013 by (b) a fraction, the numerator of which was the total number of miles allocated to Mr. Jornayvaz for personal use of the aircraft by him or his guests in 2013, including miles relating to any applicable deadhead or other positioning flights, and the denominator of which was the total number of miles flown in 2013. Variable costs include fuel costs, travel expenses of the flight crew, landing fees, airport taxes and similar assessments, in-flight food and beverage costs, landing and ground handling fees, and maintenance and repair costs. The aggregate incremental cost to us does not include fixed costs that would be incurred regardless of any personal use of the aircraft. Fixed costs include, for example, aircraft purchase or lease costs, hangar lease costs, insurance premiums, flight crew compensation and benefits, and monthly fees paid to our aviation management company.

For Messrs. Honeyfield and Litt, the amounts represent payments for office parking, reimbursements for gym membership fees and wellness event entrance fees, and the value of service or participation awards received by the executives. For Mr. Mansanti, the amount represents payments for office parking. For Mr. Feist, the amount represents payments for office parking and reimbursements for gym membership fees.

(2)

Amounts represent payments for group life insurance premiums for coverage in excess of \$50,000.

(3)

Amounts represent payments or reimbursements for supplemental long-term disability insurance premiums.

(4)

Amounts represent matching contributions made by us under our 401(k) plan.

(5)

The amounts represent tax reimbursements relating to service or participation awards received by the executives and, for Mr. Honeyfield, tax reimbursements relating to our reimbursement of supplemental long-term disability premiums that Mr. Honeyfield pays directly to the insurance provider.

Estimated Possible Payouts under Non-Equity Incentive Plan Awards (Columns d, e, and f)

Amounts in these columns represent the estimated possible payouts that could have occurred for 2013 performance under our Short-Term Incentive Plan. Payout could have been zero if specified performance goals were not met. The actual payout that each executive received under this plan is reported above under the heading "2013 Summary Compensation Table" in the column entitled "Non-Equity Incentive Plan Compensation."

Estimated Possible Payouts under Equity Incentive Plan Awards (Columns g, h, and i)

Amounts in these columns represent the estimated possible payouts that could have occurred for 2013 performance under performance stock units granted under our Equity Incentive Plan. Payout could have been zero if specified performance goals were not met at threshold levels. The actual payout that each executive will be entitled to receive on the vesting dates, subject to continued employment, is zero for the performance stock units relating to relative TSR and 78.5% for the performance stock units relating to production tons. You can find more information about how these payouts were calculated above under the heading "Compensation Discussion and Analysis."

Edgar Filing: Intrepid Potash, Inc. - Form DEF 14A

The performance stock units vest in three equal annual installments beginning on February 25, 2014, subject to the executive's continued employment with us on the applicable vesting date. Under the change-in-control severance agreements that we have entered into with our executives, the performance stock units also vest in full upon a qualifying change in control of Intrepid. about these agreements below under the heading "*Termination and Change-in-Control Payments*." In addition, the performance stock units vest in the event of death or disability. The Compensation Committee may provide for the accelerated vesting of any performance unit in its discretion at any time. Prior to vesting, the performance stock units may not be sold, assigned, or transferred in any way, other than by will or the laws of descent and distribution.

Except as described above, upon an executive's termination of service for any reason, any unvested performance stock units held by the executive will be immediately forfeited.

All Other Stock Awards (Column j)

The amounts in this column represent shares of restricted stock granted under our Equity Incentive Plan. The shares were granted on February 25, 2013, and vest in three equal annual installments beginning on February 25, 2014, subject to the executive's continued employment with us on the applicable vesting dates. Under the change-in-control severance agreements that we have entered into with our executives, the shares also vest in full upon a qualifying change in control of Intrepid. You can find more information about these agreements below under the heading "*Termination and Change-in-Control Payments*." In addition, the shares vest in the event of death or disability. The Compensation Committee may provide for the accelerated vesting of any shares of restricted stock in its discretion at any time. Prior to vesting, the shares may not be sold, assigned, or transferred in any way, other than by will or the laws of descent and distribution.

Except as described above, upon an executive's termination of service for any reason, any unvested shares of restricted shares held by the executive will be immediately forfeited.

Holders of restricted stock generally have all of the same voting, regular dividend, and other rights as holders of our common stock. With respect to any dividends to which holders are entitled under their award agreements, the dividend payment or distribution will be withheld and accrued by us and will be subject to the same vesting schedule as is applicable to the restricted stock and will be forfeited if the underlying restricted stock is forfeited.

Grant Date Fair Value of Stock Awards (Column k)

The amounts in this column represent the grant date fair value of the restricted stock or performance unit award as calculated for financial statement reporting purposes.

For restricted stock and performance stock units relating to production tons, we estimated each award's grant date fair value using the closing market price of our common stock on the grant date.

For performance stock units relating to relative TSR, we estimated each award's grant date fair value using a Monte Carlo simulation model. This model simulates TSR for us, our peers, and the Dow Jones U.S. Basic Materials Index using market data for a period equal to the term of the performance period, correlates the simulated returns within the peer group and index, estimates a probable payout value, and discounts the probable payout value using a short-term risk-free rate of 0.16% (the yield of U.S. Treasury Securities at a one-year constant maturity).

- (9) Award vests in three equal annual installments beginning on February 25, 2013, subject to continued employment.
- (10) Represents shares of common stock that will be paid out upon the vesting of awards of performance stock units production that were granted in 2012. In January 2013, the Compensation Committee certified that, based on our performance in 2012 as compared to the pre-established goals under the awards, the payout under the awards is 61.2%.
- (11) Award vests in three equal annual installments beginning on December 20, 2012, subject to continued employment.

Option Exercises and Stock Vested in 2013

The following table provides information about restricted stock and performance stock units that vested in 2013 for each of our executives. None of our executives exercised stock options in 2013.

| Name | STOCK AWARDS | |

- (2) Value was calculated by multiplying the number of shares that vested by the closing market price of our common stock on the vesting date.

Pension Benefits for 2013

None of our executives participates in, or has any accrued benefits under, any qualified or non-qualified defined benefit plans sponsored by us. We do not currently intend to provide pension benefits to our executives, although we may decide to do so in the future if we determine that it would be in our best interests.

Non-Qualified Deferred Compensation for 2013

None of our executives participates in, or has any account balances in, non-qualified defined contribution plans or other deferred compensation plans maintained by us. We do not currently intend to provide deferred compensation benefits to our executives, although we may decide to do so in the future if we determine that it would be in our best interests.

Employment Agreement with Robert P. Jornayvaz III

We have entered into an employment agreement with Mr. Jornayvaz. In February 2013, the Compensation Committee approved an amendment to the agreement to extend its term for three years until April 18, 2016.

Under the agreement, Mr. Jornayvaz is entitled to an annual salary of \$100,000, subject to annual review by the Compensation Committee. The agreement also provides that the general intent is for Mr. Jornayvaz to receive a target annual bonus of \$500,000 and an annual equity award with a target grant date fair value of \$750,000; provided that his actual target bonus and equity award for any year will be determined by the Compensation Committee in its sole discretion. Mr. Jornayvaz is entitled to personal use of aircraft that we own or lease to the extent that it does not interfere with our use of the aircraft for business purposes, and the right to use the aircraft under a time-sharing arrangement pursuant to which he reimburses us the cost of the use up to the limits allowed by Federal Aviation Administration regulations. Mr. Jornayvaz also is entitled to all other benefits offered generally to our senior management.

Table of Contents

If Mr. Jornayvaz's employment is terminated for any reason, he would be entitled to the following benefits:

Payment of any salary, bonus, or other compensation earned but not yet paid to him through the date of termination

Rights to continued healthcare coverage as required by law

Payment of any amounts due as of the date of termination under any equity-based, welfare, or retirement plan or of any other amounts or benefits under these plans that, by their specific terms, extend beyond the date of termination

Rights with respect to D&O insurance

Rights under any separate change-in-control severance agreement or other relevant agreement between us and him

He would not be entitled to severance, except as provided under his change-in-control severance agreement, which is described below under the heading "*Termination and Change-in-Control Payments.*"

Mr. Jornayvaz has agreed that during the term of his employment and for a period of 24 months after termination, he will not solicit our employees or compete with us in the potash business and any other business in which we are engaged during the term or at his termination date.

Termination and Change-in-Control Payments

This section describes and quantifies potential payments that may be made to each of our executives at, following, or in connection with the termination of his employment or as a result of a change in control of Intrepid. We did not make any changes in 2013 to the potential termination and change-in-control payments described in this section.

Employment Agreement

We have entered into an employment agreement with Mr. Jornayvaz that provides for certain benefits upon a termination of his employment. You can find more information about this agreement above under the heading "*Employment Agreement with Robert P. Jornayvaz III.*"

Change-in-Control Severance Agreements

We have entered into change-in-control severance agreements with all of our executives. These agreements do not include any excise tax gross-up provisions.

Under these agreements, executives are entitled to the benefits described below.

Change in Control

Upon a change in control, each executive would receive full vesting on all of his outstanding equity awards.

Qualifying Termination Following a Change in Control

If an executive's employment is terminated by us without "Cause" or by him for "Good Reason" within 24 months of a change in control, the executive would be entitled to the following additional termination benefits:

Edgar Filing: Intrepid Potash, Inc. - Form DEF 14A

A lump sum cash payment equal to (a) two times the executive's salary, plus (b) two times the average of the actual annual bonus paid to him for the two preceding fiscal years

Edgar Filing: Intrepid Potash, Inc. - Form DEF 14A

Table of Contents

If the executive has not been employed through two full bonus cycles, the bonus portion of the calculation uses the average of the actual bonus paid for the most recently completed cycle and the current year target bonus

If the executive has not been employed through one bonus cycle, the bonus portion of the calculation is based on the current year's target bonus amount

A lump sum cash payment equal to the current year's target annual bonus/short-term incentive, pro-rated for the length of time the executive was employed during the year prior to termination

Continuation of standard health and welfare benefits for up to two years

Individual outplacement services up to a maximum of \$5,000

The executive is not entitled to these benefits upon termination of employment for any other reason following a change in control, including a termination for "Cause," or as a result of death or disability.

To receive the benefits described above, the executive is bound by non-solicitation provisions that prohibit the executive from hiring our employees or soliciting our business relations for a period of one year following the date of termination.

A "change in control" occurs if any one of the following events occurs:

Any individual, entity, or group (other than Messrs. Jornayvaz, Harvey, or Martin or their affiliates) becomes the beneficial owner of more than 30% of our voting securities.

The directors on our Board on the date on which the agreement was entered into, or directors nominated by those directors, cease to constitute at least two-thirds of the Board.

There is a merger, consolidation or other direct or indirect sale of Intrepid or its assets that will result in the voting securities of the successor entity being owned 30% or less by our voting security holders prior to the transaction.

Our stockholders approve a complete plan of liquidation or dissolution.

"Cause" means any (a) conviction of (or pleading *nolo contendere* to) a felony; (b) engaging in theft, fraud, embezzlement, or willful misappropriation of our property; (c) violation of any of our policies or practices regarding discrimination or harassment that would be grounds for termination of one of our employees in general; or (d) willful failure to perform substantially the executive's material duties that is not cured within 30 days.

"Good Reason" means (a) a reduction in the executive's salary or annual bonus opportunity; (b) a material diminution in the executive's responsibility or authority; (c) a change of more than 30 miles in the location at which the executive primarily performs his services; or (d) any material failure by us to comply with any material term of the executive's change-in-control severance agreement. The executive is required to notify us of any of these events or conditions within 90 days.

Post-Employment or Change-in-Control Payments

The tables below describe generally and quantify the post-employment and change-in-control payments to which our executives would be entitled upon the occurrence of the specified trigger events. For Mr. Jornayvaz, these benefits are provided under his employment agreement, his

Edgar Filing: Intrepid Potash, Inc. - Form DEF 14A

change-in-control severance agreement, and his equity award agreements. For our other executives, these benefits are provided under their change-in-control severance agreements and equity award agreements. All calculations assume that the termination of employment occurred on December 31, 2013.

(1) Amount is calculated by multiplying the number of shares of restricted stock or unvested performance stock units, as applicable, held on December 31, 2013, by the closing market price of our common stock on that date (\$15.84).

(2) Each unvested option held by the executive was "out of the money" on December 31, 2013, meaning that the closing market price of our common stock was less than the exercise price of the option. As a result, we did not attribute any value to an accelerated vesting of the option.

(3) Health and welfare benefits continue until the earlier of two years from the date of termination or when the executive obtains coverage under another employer's medical plan. Values are based on the average actual per-employee cost to us of providing these benefits.

Table of Contents**Benefits on Death or Disability**

Our salaried employees, including executives, are eligible for group life, accidental death, and disability insurance benefits upon a termination of employment due to death or disability. In addition, executives and other senior employees who receive equity awards receive partial or full accelerated vesting on their unvested equity awards and all vested stock options remain exercisable for 12 months following the termination of employment due to death or disability. Assuming a termination of employment due to death or disability on December 31, 2013, and using the same calculations as are described in footnotes (1) and (2) to the tables immediately above, the value of this accelerated vesting for each of our executives would have been as follows:

| Name | Accelerated Vesting of Equity Awards |
|-------------------------|---|
| Robert P. Jornayvaz III | \$ 692,842 |
| David W. Honeyfield | \$ 728,260 |
| Martin D. Litt | \$ 365,571 |
| John G. Mansanti | \$ 387,573 |
| Kelvin G. Feist | \$ 223,249 |

Executives other than Mr. Jornayvaz are also eligible for supplemental disability and long-term care insurance benefits upon a termination of employment due to disability. In general, the executive could receive up to approximately \$15,000 to \$20,000 per month in supplemental disability and long-term care insurance benefits for the duration of the disability.

RISKS ARISING FROM COMPENSATION POLICIES AND PRACTICES

The Compensation Committee is responsible for overseeing the management of risks relating to our compensation policies and practices. We performed, and the Compensation Committee reviewed, an assessment to determine whether the risks arising from any of our compensation policies or practices are reasonably likely to have a material adverse effect on us. We reviewed material elements of both executive and non-executive employee compensation. We concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on us.

We believe that we have created a balanced and diverse compensation program that does not encourage excessive or unnecessary risk taking. Below is a summary of some of the more significant risk-mitigating factors that apply to our compensation programs:

Mix of total compensation is balanced among fixed components like salary and benefits, annual bonuses that reward corporate performance, and equity awards with an emphasis toward rewarding long-term performance.

Annual bonuses and performance stock units use multiple performance metrics that are closely aligned with our strategic business goals.

We have the discretion to reduce annual bonus payments, or pay no bonus, based on individual performance or any other factors we may determine to be appropriate in the circumstances.

Annual bonuses are capped at 200% of target and performance unit payouts are capped at 150% of target.

We maintain internal controls and auditing procedures around most financial and operating information used to evaluate corporate performance for purposes of annual bonuses and performance unit payouts.

Table of Contents

We periodically benchmark our programs to ensure that they are consistent with industry and general public company practices.

Executives are subject to stock ownership guidelines that are designed to promote a long-term perspective in managing the business and to help align the interests of executives with those of stockholders.

DIRECTOR COMPENSATION**Director Compensation Table**

The table below sets forth the compensation paid to or earned by our directors, other than Mr. Jornayvaz, whose compensation is reported above under the heading "*Executive Compensation 2013 Summary Compensation Table*." For Mr. Harvey, the amounts reported in the table below represent compensation paid to or earned by him for his role as our Executive Vice Chairman of the Board. Neither of Messrs. Jornayvaz or Harvey receives any additional compensation for his service on the Board. For all other directors, the amounts reported in the table below represent compensation paid to or earned by them in accordance with our non-employee director compensation policy, which is described below the table.

| Name | Fees Earned or Paid in Cash | Stock Awards(1) | All Other Compensation | Total |
|------------------------|-----------------------------------|--------------------|---------------------------|------------|
| Hugh E. Harvey, Jr.(2) | | \$ 703,646 | \$ 106,980 | \$ 810,626 |
| Terry Considine | \$ 92,500 | \$ 84,997 | | \$ 177,497 |
| Chris A. Elliott | \$ 85,000 | \$ 84,997 | | \$ 169,997 |
| J. Landis Martin | \$ 100,000 | \$ 84,997 | | \$ 184,997 |
| Barth E. Whitham | \$ 95,000 | \$ 84,997 | | \$ 179,997 |

(1)

For Mr. Harvey, the amount in this column includes the following: \$499,990 representing the grant date fair value of his annual restricted stock award granted on February 25, 2013; and \$203,656 representing the grant date fair value of his annual award of performance stock units granted on February 25, 2013. For each of Messrs. Considine, Elliott, Martin, and Whitham, the amount in this column represents the grant date fair value of his annual common stock award on May 29, 2013. We calculated the amounts in this column in accordance with financial statement reporting rules, using the same assumptions as we used for financial statement reporting purposes. For awards of common stock, restricted stock, and performance stock units relating to production tons, the grant date fair value equals the number of shares granted multiplied by the closing market price of our common stock on the grant date. For awards of performance stock units relating to relative TSR, we estimated the grant date fair value using a Monte-Carlo simulation model. You can find information about this calculation and the underlying assumptions above under the heading "*Grants of Plan-Based Awards in 2013*."

Mr. Harvey held a total of 42,097 shares of restricted stock, 55,919 vested options, and 4,254 unvested options on December 31, 2013. He also held unvested performance stock units representing 7,202 shares of common stock on December 31, 2013.

None of Messrs. Considine, Elliott, Martin, and Whitham held any shares of restricted stock, performance stock units, or options on December 31, 2013.

(2)

You can find additional details about Mr. Harvey's compensation below under the heading "*Hugh E. Harvey, Jr.'s Employee Compensation*."

Table of Contents**Non-Employee Director Compensation Policy**

In March 2013, the Governance Committee conducted its annual review of director compensation. The Compensation Committee, on behalf of the Governance Committee, engaged F.W. Cook to assist with this review. As part of the review, the Governance Committee reviewed general industry data collected by F. W. Cook showing that our non-employee director compensation was below the median compensation for non-employee directors of companies of comparable size to us.

Taking into account the recommendations of F.W. Cook, the Governance Committee recommended and the Board approved the changes to our non-employee director compensation described below:

| | January- March 2013 | April- December 2013 |
|--|------------------------|-------------------------|
| Annual cash retainer | \$ 55,000 | \$ 65,000 |
| Annual grant of common stock | \$ 75,000 | \$ 85,000 |
| Additional annual cash retainer to each committee chairperson: | | |
| Audit Committee | \$ 15,000 | \$ 15,000 |
| Compensation Committee | \$ 10,000 | \$ 10,000 |
| Governance Committee | \$ 7,500 | \$ 7,500 |
| Additional annual cash retainer to each committee member: | | |
| Audit Committee | \$ 6,000 | \$ 10,000 |
| Compensation Committee | \$ 5,000 | \$ 10,000 |
| Governance Committee | \$ 4,000 | \$ 5,000 |

All cash retainers are paid in quarterly installments. The annual stock grant is made at the first Board meeting after the annual meeting.

In December 2013, our non-employee directors decided to waive their cash compensation beginning for the first quarter of 2014 and until further notice in light of the cost-savings initiatives announced by us in January 2014. Non-employee directors will continue to receive their annual grants of common stock. Our Board approved this change.

Hugh E. Harvey, Jr.'s Employee Compensation***Stock Awards***

Mr. Harvey's current employment agreement provides that his annual equity award is generally intended to have a grant date fair value of \$750,000; provided that his actual equity award for any year will be determined by the Compensation Committee in its sole discretion. For 2013, the value of this award was split among time-vested restricted stock (two-thirds), performance stock units production (one-sixth), and performance stock units relative TSR (one-sixth). These awards generally have the same terms as the awards granted to our executives, which are described above under the heading "*Compensation Discussion and Analysis*."

Non-Equity Incentive Plan Compensation

Mr. Harvey's current employment agreement provides that his target annual bonus is generally intended to be \$500,000; provided that his actual target bonus for any year will be determined by the Compensation Committee in its sole discretion. Before the Compensation Committee approved Mr. Harvey's 2013 cash bonus, Mr. Harvey requested that the Compensation Committee reduce his 2013 bonus to zero from \$247,000, which is the amount that he otherwise may have been entitled to based on corporate performance under our Short-Term Incentive Plan. The Compensation Committee approved the

Table of Contents

reduction. You can find more information about our Short-Term Incentive Plan above under the heading "*Compensation Discussion and Analysis.*"

All Other Compensation

The following table provides details about other compensation paid to or earned by Mr. Harvey for 2013 in connection with his employment with us. Although Mr. Harvey is allowed personal use of aircraft that we own or lease, he did not have any personal use in 2013.

| Name | Salary for Employee Position as our Executive Vice Chairman(1) | Group Life Insurance Premiums(2) | Company Contributions to 401(k) Plan(3) | Total |
|---------------------|--|----------------------------------|---|------------|
| Hugh E. Harvey, Jr. | \$ 100,000 | \$ 1,980 | \$ 5,000 | \$ 106,980 |

- (1) Mr. Harvey's current employment agreement sets his salary at \$100,000, subject to annual review by the Compensation Committee.
- (2) Amount represents group life insurance premiums for coverage in excess of \$50,000.
- (3) Amount represents matching contributions made by us under our 401(k) plan.

As described above under the heading "*Compensation Discussion and Analysis,*" in January 2014, we announced that we had implemented a number of cost-savings initiatives to better align our cost structure with the current business environment. As part of these initiatives, our executives and certain other key employees including Mr. Harvey proposed, and the Compensation Committee approved, reductions in their compensation for 2014. Mr. Harvey's salary was reduced by 50% as compared to 2013 (from \$100,000 to \$50,000) and his target annual bonus for 2014 was reduced to zero.

Employment and Change-in-Control Severance Agreements

On May 18, 2010, we entered into our most recent employment agreement with Mr. Harvey in connection with his employment as our Executive Vice Chairman of the Board. The original term of the agreement was for 18 months, and the term automatically extends by 12 months on the last day of the initial 18-month term and on each anniversary of that date thereafter, unless one party provides written notice of non-renewal to the other party at least 90 days prior to the effective date of an automatic extension. The other terms of this agreement are substantially similar to the terms of our employment agreement with Mr. Jornayvaz, which is described above under the heading "*Employment Agreement with Robert P. Jornayvaz III.*" We also have entered into a change-in-control severance agreement with Mr. Harvey, pursuant to which he is entitled to severance benefits in connection with the change in control of Intrepid. The terms of this agreement are substantially similar to the terms of our change-in-control severance agreement for our executives, which is described above under the heading "*Termination and Change-in-Control Payments.*"

Table of Contents**EQUITY COMPENSATION PLAN INFORMATION**

The following table sets forth information as of December 31, 2013, regarding our equity compensation plan:

| Plan Category | (a) Number of securities to be issued upon exercise of outstanding options, warrants, and rights | (b) Weighted-average exercise price of outstanding options, warrants, and rights | (c) Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) |

| Equity compensation plans not approved by security holders | | | |
| Total | 434,955 \$ | 26.24 | 3,650,710 |

-
- (1) Includes (a) 337,587 shares issuable upon the exercise of outstanding nonqualified stock options issued under our Equity Incentive Plan and (b) 97,368 shares potentially issuable upon the vesting of performance stock units issued under our Equity Incentive Plan. For performance stock units granted in 2013, we calculated the number of potentially issuable shares based on a maximum payout of 150% because the Compensation Committee had not yet certified final performance and payout amounts under the awards as of December 31, 2013. You can find more information about performance stock units granted to our executives above under the heading "*Compensation Discussion and Analysis*."
- (2) Represents the weighted-average exercise price of outstanding options. Performance stock units do not have an exercise price and therefore are not taken into account in the calculation of weighted-average exercise price.
- (3) Represents shares available for future issuance under our Equity Incentive Plan.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The table below sets forth information regarding the beneficial ownership of our common stock as of March 15, 2014 (except where another date is indicated), by the following persons:

each person or group who is known by us to own beneficially more than 5% of our common stock;

each member of our board of directors and each of our executives who is named in the Summary Compensation Table above; and

all members of our board of directors and our executive officers as a group.

Edgar Filing: Intrepid Potash, Inc. - Form DEF 14A

The table is based on information that we received from the nominees, other directors, and executive officers and information disclosed in filings made with the SEC. Beneficial ownership is determined in accordance with the rules of the SEC and generally includes any shares over which a person exercises sole or shared voting or investment power. Shares of common stock subject to options that are exercisable as of March 15, 2014, or will be exercisable within 60 days of that date, are considered outstanding and beneficially owned by the person holding the options for the purpose of computing the total and percentage ownership of that person but are not treated as outstanding for the purpose of computing the percentage ownership of any other person.

None of our directors or executive officers has pledged as security any of the shares that they beneficially own. Unless otherwise noted, each of the stockholders listed below has sole voting and

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Policy on Transactions with Related Persons

Our Board has adopted a written policy with respect to related person transactions. Under this policy, the Audit Committee must review and approve or ratify any transaction, arrangement, or relationship (including any indebtedness or guarantee of indebtedness) or series of similar transactions, arrangements, or relationships in which (a) we are a participant, (b) the aggregate amount involved will or may be expected to exceed \$120,000, and (c) a related person has or will have a direct or indirect material interest. For purposes of this policy, a "related person" means (a) any of our directors, executive officers, or nominees for director, (b) any stockholder that beneficially owns more than 5% of the outstanding shares of our common stock, (c) any immediate family member of the foregoing, and (d) any firm, corporation, or other entity in which any of the foregoing persons is employed or is a partner or other principal or has a substantial ownership interest (more than 10%) or control of the entity. The Audit Committee approves or ratifies only those transactions that it determines in good faith are in, or are not inconsistent with, the best interests of us and our stockholders.

In addition, our Board-adopted Code of Business Conduct and Ethics provides that no director, officer, or employee may pursue for his or her own account a business or investment opportunity if he or she has obtained knowledge of the opportunity through his or her affiliation with us.

Our Board or the Audit Committee approved each of the arrangements described below under the heading "*Related Person Transactions*" when we originally entered into or agreed to it.

Director Designation and Voting Agreement

You can find more information about this agreement above under the heading "*Corporate Governance Director Designation and Voting Agreement.*"

Registration Rights Agreement

Intrepid, IPC, and HOPCO are parties to a Registration Rights Agreement that was entered into in 2008. As noted previously, Mr. Jornayvaz is the sole owner of IPC, and Mr. Harvey is the sole owner of HOPCO. Under this agreement, each of IPC and HOPCO has the right, in certain circumstances, to require us to register for sale some or all of the shares of common stock held by it. Subject to the terms and conditions of the agreement, each of IPC and HOPCO will have the right to make three "demands" for registration, one of which may require a shelf registration statement. In addition, in connection with future registered offerings by us, whether pursuant to a "demand" registration or otherwise, IPC and HOPCO will have the ability to exercise certain "piggyback registration rights" and have some or all of their shares included in the registration statement. We will bear all costs of registration pursuant to the registration rights provided under this agreement.

Aircraft Use Policy

We have adopted an aircraft use policy under which Messrs. Jornayvaz and Harvey, and other executives explicitly approved by Messrs. Jornayvaz or Harvey, are allowed personal use of aircrafts that we own or lease. Additionally, Messrs. Jornayvaz and Harvey may use these aircrafts under time sharing agreements that require them to reimburse us for the lesser of the actual cost of the usage or the maximum amount chargeable under Federal Aviation Administration rules.

In 2009, we entered into an aircraft dry-lease agreement with Intrepid Production Holdings LLC (or IPH), which is indirectly owned by Mr. Jornayvaz. The agreement allows us to use an aircraft owned by IPH for Intrepid business purposes. The term of the agreement is for one year beginning on January 9, 2009, and automatically renews for successive one-month terms. Either party may terminate the agreement upon 30 days' written notice to the other party. We have agreed to pay \$5,950 per flight hour for the use of the aircraft. We are also responsible for taxes and insurance deductibles relating to our use of the aircraft. For 2013, we paid \$418,880 to IPH under this dry-lease agreement.

During 2013, we were also a party to an aircraft dry-lease agreement with BH Holdings LLC (or BH), which is indirectly owned by Messrs. Jornayvaz and Harvey. We entered into our most recent dry-lease agreement with BH in June 2013, and we terminated this agreement effective as of January 1, 2014. This agreement allowed us to use an aircraft owned by BH for Intrepid business purposes. The term of the agreement was for one year beginning on January 1, 2013, and automatically renewed for successive one-year terms. On a monthly basis, we paid \$3,000 per flight hour and half of the fixed costs for the use of the aircraft. At the end of each calendar year, these amounts were adjusted upwards or downwards to reflect the actual costs attributable to our use of the aircraft during the year. We were also responsible for taxes and insurance deductibles relating to our use of the aircraft. For 2013, we paid \$635,469 to BH under this dry-lease agreement.

Sublease of Hangar Space from Rare Air Limited, LLC

In 2012, we entered into an agreement with Rare Air Limited, LLC, or Rare Air, to sublease hangar deck and storage space from this entity. Rare Air is indirectly owned in part by Mr. Jornayvaz. We previously subleased hangar deck and storage space from an unaffiliated company that provides aircraft maintenance services to us. In 2012, that company moved its operations to the Rare Air facility. As a result, we decided to enter into the sublease agreement with Rare Air in part so that we could continue to receive aircraft maintenance services from the same company we had been using in the past. For 2013, we paid \$51,984 to Rare Air under this agreement.

Transition Services Agreement

In 2008, we entered into a Transition Services Agreement with Intrepid Oil & Gas, LLC (or IOG). IOG is owned in equal parts by IPC and HOPCO. In April 2013, we and IOG entered into an amendment to this agreement to extend the term of the agreement to April 24, 2015. Under this agreement, IOG may request specified employees of Intrepid or its subsidiaries (other than Messrs. Jornayvaz and Harvey) to provide a limited amount of geology, land title, and engineering services in connection with IOG's oil and gas ventures with payment by IOG to Intrepid for these services at cost plus 10%.

IOG is obligated to reimburse us for an amount equal to the sum of the following amounts:

The number of hours our employees spend performing services under the agreement for a month, multiplied by a cost per hour for each employee that takes into account actual gross wages, salaries, bonuses, incentive compensation and payroll taxes of that employee, employee benefit plans attributable to the employee and other benefits directly attributable to the employee, plus an amount equal to 10% of the employee cost per hour to ensure fairness of the arrangements to us

All reasonably documented out-of-pocket costs and expenses incurred by us during the month

The aggregate time spent by any employee of Intrepid or its subsidiaries on projects under the agreement is limited to 15%. This limit may be exceeded only with the prior approval of our Board.

In addition, the parties to the Transition Services Agreement (a) acknowledge that IOG owns the rights that permit IOG to drill an oil and gas well at an agreed location near our Moab, Utah, mine; and (b) consent to and authorize the drilling of the well by IOG at its own expense, provided that the drilling does not interfere with our operations. If and to the extent any costs are incurred by us in connection with IOG's drilling of the well, those costs will be reimbursable. If IOG determines in its sole discretion that the well is noncommercial for oil and gas production, and we agree that the well should be converted for use in its potash production, we will buy the well from IOG for a specified amount not to exceed \$750,000 or IOG's actual out-of-pocket cost for the drilling and related costs and expenses incurred by IOG to drill the well to the base of the potash zones. IOG has agreed to indemnify us for any damage to the Moab mine that is caused by the drilling of the well. For 2013, IOG paid us \$4,296 for services under this agreement.

Surface Use Easement Agreement

In 2009, we entered into a Surface Use Easement and Water Purchase Agreement with IOG in connection with oil and gas rights owned by IOG that exist below the surface of land owned by us. Under the agreement, we have granted IOG an easement across a portion of our land to access a drilling site for one of its wells. The easement continues for so long as oil or gas is produced in paying quantities from the well or from any unit or communitized area that includes the well. As consideration for the easement, IOG paid us \$9,500 and has agreed to pay us \$7,500 (plus an administrative fee) on July 2 of each year during the term of the easement. Among other things, we have agreed to sell IOG water or salt brine to

the extent that we have excess water or salt brine available that we may legally sell. For 2013, IOG paid us \$8,250 under this agreement.

LIMITATION OF LIABILITY AND INDEMNIFICATION

As permitted by the Delaware General Corporation Law, or DGCL, our certificate of incorporation contains provisions that limit or eliminate the personal liability of our directors and officers for monetary damages for a breach of their fiduciary duty of care as a director or officer. The duty of care generally requires that, when acting on behalf of the corporation, directors and officers exercise an informed business judgment based on all material information reasonably available to them. Consequently, a director or officer will not be personally liable to us or our stockholders for monetary damages for breach of fiduciary duty as a director or officer, except for liability for the following:

Any breach of the person's duty of loyalty to us or our stockholders

Any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law

Any act related to unlawful stock repurchases, redemptions or other distributions or payment of dividends

Any transaction from which the person derived an improper personal benefit

These limitations of liability do not generally affect the availability of equitable remedies such as injunctive relief or rescission.

As permitted by the DGCL, our certificate of incorporation and bylaws provide that we will indemnify our current and former directors and officers and anyone who is or was serving at our request as the director, officer, employee or agent of another entity, and may indemnify our current or former employees and other agents, to the fullest extent permitted by the DGCL, subject to limited exceptions. In addition, we may purchase and maintain insurance on behalf of our current or former directors, officers, employees or agents against any liability asserted against them and incurred by them as a result of their positions with Intrepid. We have obtained liability insurance for our directors and officers.

Our certificate of incorporation requires us to advance expenses to our directors and officers in connection with a legal proceeding, subject to receiving an undertaking from the director or officer to repay advanced amounts if it is determined he or she is not entitled to indemnification. Our bylaws provide that we may advance expenses to our employees and other agents, upon any terms and conditions as we deem appropriate.

We have entered into separate indemnification agreements with each of our directors and officers, which may be broader than the specific indemnification provisions contained in the DGCL. These indemnification agreements require us, among other things, to indemnify our directors and officers against liabilities that may arise by reason of their status or service as directors or officers. These indemnification agreements also require us to advance any expenses incurred by the directors or officers as a result of any proceeding against them as to which they could be indemnified and to obtain directors' and officers' insurance, if available on reasonable terms.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under Section 16(a) of the Exchange Act, our directors and executive officers, and certain persons who own more than 10% of our common stock, must report their initial ownership of our common stock and any changes in that ownership in reports filed with the SEC. These individuals and entities are required to furnish us with copies of all of these reports. Based solely on a review of reports furnished to us, and written representations from our directors and executive officers that they were not required to file any

other reports during 2013, we believe that all of our directors, executive officers, and 10% owners timely filed all reports required to be filed for 2013 under Section 16(a) of the Exchange Act.

AUDIT COMMITTEE REPORT

The following report of the Audit Committee is not "soliciting material," will not be deemed "filed" with the SEC, and will not be incorporated by reference into any of our filings under the Securities Act or the Exchange Act, except to the extent we specifically incorporate it by reference therein.

The Audit Committee is appointed by the Board to assist the Board in fulfilling its oversight responsibilities with respect to (a) the integrity of Intrepid's financial statements and financial reporting process and systems of internal controls regarding finance, accounting, and compliance with legal and regulatory requirements, (b) the qualifications, independence, and performance of Intrepid's independent accountants, (c) the performance of Intrepid's internal audit function, and (d) other matters as set forth in the charter of the Audit Committee approved by the Board.

Management is responsible for Intrepid's financial statements and the financial reporting process, including the systems of internal controls and disclosure controls and procedures. The independent accountants are responsible for performing an independent audit of Intrepid's financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

In connection with these responsibilities, the Audit Committee reviewed and discussed with management and the independent accountants the audited consolidated financial statements of Intrepid for the fiscal year ended December 31, 2013. The Audit Committee also discussed with the independent accountants the matters required to be discussed by Auditing Standard No. 16, Communications with Audit Committees, as adopted by the Public Company Accounting Oversight Board (which superseded Statement on Auditing Standards No. 61, as amended). In addition, the Audit Committee received the written disclosures and the letter from the independent accountants required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountants' communications with the Audit Committee concerning independence and has discussed with the independent accountants the independent accountants' independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the audited consolidated financial statements of Intrepid be included in Intrepid's Annual Report on Form 10-K for the fiscal year ended December 31, 2013, that was filed with the SEC.

HOUSEHOLDING

We have adopted a practice called "householding." This practice allows us to deliver only one copy of certain of our stockholder communications (including proxy-related materials, annual reports and information statements) to stockholders who have the same address and last name and who do not participate in email delivery of these materials, unless one or more of these stockholders notifies us that he or she would like to receive an individual copy. If you share an address with another stockholder and receive only one set of proxy-related materials and would like to request a separate copy for this year's

Table of Contents

annual meeting or for any future meetings or stockholder communications, please send your written request to Intrepid Potash, Inc., 707 17th Street, Suite 4200, Denver, CO 80202, Attention: Secretary, or call us at (303) 296-3006. Upon request, we will promptly deliver a separate copy to you. Similarly, you may also contact us through either of these methods if you receive multiple copies of proxy-related materials and other stockholder communications and would prefer to receive a single copy in the future.

STOCKHOLDER PROPOSALS

A stockholder who would like to have a proposal considered for inclusion in our 2015 proxy statement must submit the proposal so that it is received by us no later than December 12, 2014. SEC rules set standards for eligibility and specify the types of stockholder proposals that may be excluded from a proxy statement. Stockholder proposals should be addressed to the Secretary, Intrepid Potash, Inc., 707 17th Street, Suite 4200, Denver, CO 80202.

For stockholder proposals submitted outside of the SEC proposal rules, our bylaws require that advance written notice in proper form of stockholder proposals for matters to be brought before an annual meeting be received by our Secretary not less than 90 days or more than 120 days before the first anniversary date of the immediately preceding annual meeting. Accordingly, notice of stockholder proposals for the 2015 annual meeting must be received by us between January 28, 2015, and February 27, 2015.

ANNUAL REPORT ON FORM 10-K AND OTHER SEC FILINGS

If you request, we will provide you with a copy of our Annual Report on Form 10-K for the year ended December 31, 2013, without charge. You should send your written requests to Secretary, Intrepid Potash, Inc., 707 17th Street, Suite 4200, Denver, CO 80202. The exhibits to the annual report are available upon payment of charges that approximate our cost of reproduction.

You can also obtain copies of the annual report and exhibits, as well as other filings that we make with the SEC, on our website at investors.intrepidpotash.com or on the SEC's website at www.sec.gov.

OTHER MATTERS

Management does not know of any other matters to be brought before the 2014 annual meeting. If any other matters not mentioned in this proxy statement are properly brought before the meeting, the individuals named in the enclosed proxy intend to use their discretionary voting authority under the proxy to vote the proxy in accordance with their best judgment on those matters.
