QUESTIONS AND ANSWERS

When is the Annual Meeting, and why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials this year instead of a full set of printed proxy materials?

The Board of Directors of Isle of Capri Casinos, Inc., a Delaware corporation, seeks your proxy for use in voting at our 2014 Annual Meeting or at any postponements or adjournments of the Annual Meeting. The Board of Directors is soliciting proxies beginning on or about August 18, 2014. Our Annual Meeting will be held at 600 Emerson Road, St. Louis, Missouri on Wednesday, October 8, 2014, at 9:00 a.m., Central Time. All holders of our common stock, par value \$0.01 per share, entitled to vote at the Annual Meeting, will receive a one-page notice in the mail regarding the Internet availability of proxy materials. Table of Contents

On what am I being asked to vote?

At the Annual Meeting, the Company's stockholders will be asked to vote on the following proposals:

- (1) To elect three Class I persons to the Board of Directors to hold office until 2017.
- (2) To vote, on a non-binding, advisory basis, on executive compensation.
- (3) To ratify the Audit Committee's selection of Ernst & Young, LLP as our independent registered public accounting firm for the 2015 fiscal year.

The stockholders may also transact any other business that may properly come before the meeting.

Who is entitled to vote at the Annual Meeting?

The record date for the Annual Meeting is August 11, 2014, and only stockholders of record at the close of business on that date may vote at and attend the Annual Meeting.

What constitutes a quorum for the purposes of voting?

A majority of the shares of the Company's common stock outstanding, represented in person or by proxy at the Annual Meeting, will constitute a quorum for the purpose of transacting business at the Annual Meeting. Abstentions and "broker non-votes" (explained below) are counted as present for the purpose of determining the presence or absence of a quorum for the transaction of business. As of the record date, August 11, 2014, there were 39,929,573 shares of the Company's common stock outstanding and entitled to vote, which excludes 2,136,575 shares held by us in treasury.

What if a quorum is not present at the Annual Meeting?

If a quorum is not present during the meeting, we may adjourn the meeting. In addition, in the event that there are not sufficient votes for approval of any of the matters to be voted upon at the meeting, the meeting may be adjourned in order to permit further solicitation of proxies.

How many votes do I have?

Each outstanding share of the Company's common stock entitles its owner to one vote on each matter that comes before the meeting. Your proxy card indicates the number of shares of the Company's common stock that you owned as of the record date, August 11, 2014.

How many votes are needed to approve each item?

Provided a quorum is present, directors will be elected by the affirmative vote of a plurality of the shares of our common stock present at the Annual Meeting, in person or by proxy, and entitled to vote on the proposal. Withheld votes, if any, and broker non-votes, if any, will have no effect on the vote for the proposal. Stockholders are not allowed to cumulate their votes for the election of directors.

The vote on executive compensation is advisory in nature, and therefore the results will not be binding on us. It will be up to the Compensation Committee and the Board of Directors to determine how such votes will impact compensation decisions. The vote on executive compensation requires the affirmative vote of at least a majority of the shares of our common stock present at the Annual Meeting, in person or by proxy, and entitled to vote on the proposal. Abstentions will have the same effect as a vote against this proposal on executive compensation.

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form DEF 14A

Broker non-votes, if any, will have no effect on the vote of this proposal.

Ratification of the Audit Committee's selection of Ernst & Young, LLP as our independent registered public accounting firm for the 2015 fiscal year requires the affirmative vote of at least a

Table of Contents

majority of the shares of our common stock present at the Annual Meeting, in person or by proxy, and entitled to vote on the proposal. Broker non-votes, if any, will have no effect on the vote for this proposal. Abstentions will have the same effect as a vote against this proposal. If this selection is not ratified by our stockholders, the Audit Committee may reconsider its selection.

What if my stock is held by a broker?

If you are the beneficial owner of shares held in "street name" by a broker, your broker, as the record holder of the shares, must vote those shares in accordance with your instructions. Certain matters submitted to a vote of stockholders are considered to be "routine" items upon which brokerage firms may vote in their discretion on behalf of their customers if such customers have not furnished voting instructions within a specified period prior to the meeting, so called "broker non-votes." For those matters that are considered to be "non-routine," brokerage firms that have not received instructions from their customers will not be permitted to exercise their discretionary authority. Each of the items listed above is a "non-routine" item.

How do I vote?

Stockholders of record can choose one of the following ways to vote:

- (1) By mail:

Isle of Capri Casinos, Inc.
c/o Broadridge
51 Mercedes Way
Edgewood, NY 11717
- (2) By Internet: www.proxyvote.com
- (3) By telephone: 1-800-690-6903
- (4) In person at the Annual Meeting.

By casting your vote in any of the four ways listed above, you are authorizing the individuals listed on the proxy to vote your shares in accordance with your instructions.

If you hold our voting securities in "street name," only your broker or bank can vote your shares. If you want to vote in person at our Annual Meeting and you hold our voting securities in street name, you must obtain a proxy from your broker and bring that proxy to our Annual Meeting.

How do I vote using the proxy card?

If the proxy is properly signed and returned, the shares represented by the proxy will be voted at the Annual Meeting according to the instructions indicated on your proxy. If the proxy does not specify how your shares are to be voted, your shares represented by the proxy will be voted:

1. For the election of the three Class I directors recommended by the Board of Directors;
2. To vote, on a non-binding, advisory basis, on executive compensation;

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form DEF 14A

3. To ratify the Audit Committee's selection of Ernst & Young, LLP as our independent registered public accounting firm for the 2015 fiscal year; and
4. In the discretion of the Board of Directors, upon such other business as may properly come before the meeting.

Table of Contents

Can I change my vote after I have submitted my proxy?

Yes, a stockholder who has submitted a proxy may revoke it at any time prior to its use by:

1. Delivering a written notice to the Secretary;
2. Executing a later-dated proxy; or
3. Attending the Annual Meeting and voting in person.

A written notice revoking the proxy should be sent to the Company's Secretary at the following address:

Edmund L. Quatmann, Jr.
Chief Legal Officer and Secretary
Isle of Capri Casinos, Inc.
600 Emerson Road
St. Louis, Missouri 63141

How will the votes be tabulated at the meeting?

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the election inspectors appointed for the Annual Meeting, and such election inspectors also will determine whether or not a quorum is present.

Will the Company solicit proxies in connection with the Annual Meeting?

Yes, the Company will solicit proxies in connection with the Annual Meeting. We will bear all costs of soliciting proxies including charges made by brokers and other persons holding stock in their names or in the names of nominees for reasonable expenses incurred in sending proxy material to beneficial owners and obtaining their proxies. In addition to solicitation by mail, our directors, officers, and employees may solicit proxies personally and by telephone, facsimile and email, all without extra compensation. We may retain a proxy solicitation firm to assist in the solicitation of proxies. If we retain such a firm, the fee to be paid for such services will be borne by us and is not expected to exceed \$7,500 plus reasonable expenses.

ELECTION OF CLASS I DIRECTORS

General

Pursuant to our Certificate of Incorporation, the members of our Board of Directors are elected to serve staggered terms and are divided into three classes, with each class consisting, as nearly as may be possible, of one-third of the total number of directors constituting our entire Board of Directors, and with the term of office of one class of members of our Board of Directors expiring at each annual meeting of stockholders.

Additionally, pursuant to an agreement dated as of January 19, 2011 (the "Goldstein Governance Agreement"), among the Company, Robert S. Goldstein, our Chairman, Jeffrey D. Goldstein and Richard A. Goldstein, two of our directors, and GFIL Holdings, LLC, a Delaware limited liability company ("GFIL"), the Company agreed that until the Nomination Expiration Date (as defined below), it will take all action reasonably necessary for the Board of Directors to nominate and recommend for election by the Company's stockholders each of Jeffrey D. Goldstein, Robert S. Goldstein and Richard A. Goldstein (the "Goldstein Directors") (or, in the event that any of them dies or becomes legally incapacitated, another descendant of Bernard Goldstein (including a person legally adopted before the age of five) who is suitable to serve as our director pursuant to applicable Nasdaq requirements and other applicable law and designated by the remaining Goldstein Directors, who then are competent; provided, however, if our Board of Directors reasonably objects to such designee, another descendant reasonably acceptable to our Board of Directors may so be designated by the remaining qualified Goldstein Directors) at any annual meeting at which their respective directorship terms are scheduled to expire.

The "Nomination Expiration Date" means the earlier to occur of (1) the tenth anniversary of the date of the Goldstein Governance Agreement and (2) such time as the sum of (i) and (ii) below do not equal in the aggregate at least 22.5% of the then outstanding shares of the Company's common stock, not including any shares of Class B common stock or shares of common stock issued upon conversion of any preferred stock: (i) the total number of Physical Shares of the Company's common stock directly owned by members of the Goldstein family (the "Goldstein Group"), including the Goldstein Directors, GFIL, spouses, children and grandchildren of certain members of the Goldstein family and entities associated with certain members of the Goldstein family, (other than GFIL) in the aggregate; and (ii) the total number of Physical Shares of the Company's common stock owned by GFIL multiplied by a fraction, the numerator of which is equal to the total number of Physical Shares of the membership interests of GFIL directly owned by members of the Goldstein Group and the denominator of which is equal to the then total outstanding membership interests of GFIL. "Physical Shares" means shares, units or interests of a corporation or other entity (such as a limited liability company, limited partnership or trust) beneficially owned by any person as to which such person directly or indirectly has voting and investment power and which are held either of record by such person or through a broker, dealer, agent, custodian or other nominee who is the holder of record of such shares.

Recent Developments

On July 25, 2014, James B. Perry, a Class III director, retired from his position as a member of our Board of Directors. The retirement of Mr. Perry was not the result of any disagreement with us. In addition, Scott E. Schubert, a Class I director, is not standing for reelection to our Board of Directors. Accordingly, Mr. Schubert's term on our Board of Directors and committees thereof will not continue after the Annual Meeting.

As a result of the departures of Messrs. Perry and Schubert, our Board of Directors would have been unbalanced as it would have consisted of two directors with terms expiring in 2014, four directors with terms expiring in 2015 and two directors with terms expiring in 2016. Accordingly, on August 11, 2014, our Board of Directors set the total number of directors constituting our entire Board of

Table of Contents

Directors at eight (8), reflecting its present intent not to fill the vacancies created by the departures of Messrs. Perry and Schubert. In addition, and in order to ensure that each class of our Board of Directors consists, as nearly as may be possible, of one-third of the total number of directors constituting our entire Board of Directors, on August 11, 2014, Lee S. Wielansky, a Class II director with a term expiring in 2015, resigned from our Board of Directors and all committees thereof. Immediately thereafter, our Board of Directors elected Mr. Wielansky as a Class I director with a term expiring at the Annual Meeting. Mr. Wielansky was also reappointed to the Nominating, Leadership Development and Corporate Governance Committee, which is the standing committee of our Board of Directors on which Mr. Wielansky had been serving prior to his resignation. As a result of Mr. Wielansky's resignation and reelection, our Board of Directors now consists of three directors with terms expiring in 2014, three directors with terms expiring in 2015 and two directors with terms expiring in 2016. Mr. Wielansky, along with the other two Class I directors with terms expiring this year, is standing for reelection at this year's Annual Meeting.

Mr. Wielansky's resignation and reelection were effected solely to reclassify our Board of Directors in order to ensure that each class of our Board of Directors consists, as nearly as may be possible, of one-third of the total number of directors constituting our entire Board of Directors. For all other purposes, including director compensation matters, Mr. Wielansky's service on our Board of Directors is deemed to have continued uninterrupted since his initial election to our Board of Directors in February 2007.

Class I Director Nominees for Election for Terms Expiring at the 2017 Annual Meeting of Stockholders

At the Annual Meeting, stockholders will vote on the election of nominees listed below to serve as our Class I directors for three-year terms to expire at the annual meeting of stockholders in 2017 or until their respective successors, if any, have been elected and qualified. All nominees are currently serving on the Company's Board of Directors.

The Company does not know of any reason why any nominee would be unable or unwilling to serve as a director. If any nominee is unable or unwilling to serve, the shares represented by all valid proxies will be voted for the election of such other person as the Company's Board may nominate.

The Board of Directors recommends that you vote "FOR" each of the following nominees for three-year terms expiring in 2017:

Richard A. Goldstein, age 53, has been a director since October 2009. Mr. Goldstein has held various leadership positions with Goldstein Group, Inc., a private family owned holding company, since 1981 and he currently serves as a director and Executive Vice President of Goldstein Group, Inc. Mr. Goldstein also currently serves as a board member and Executive Vice President of Alter Trading Corporation and Alter Company, subsidiaries of Goldstein Group, Inc. and companies engaged in the business of scrap metal recycling, and has been associated with these companies since 1981. Additionally, since April 2006, Mr. Goldstein has worked on new developments for Goldstein Group, Inc. Mr. Goldstein is the brother of Jeffrey D. Goldstein and Robert S. Goldstein.

The Board of Directors supports and approves Mr. Goldstein's nomination because he has extensive experience as an entrepreneur and in management of operations, corporate governance and strategic planning and brings to the Board of Directors invaluable perspectives on all aspects of the Company's business. Moreover, as a member of the Goldstein family the largest beneficial owner of the Company's common stock Mr. Goldstein's interests are uniquely and significantly aligned with the Company's efforts to grow long-term stockholder value.

Alan J. Glazer, age 73, has been a director since November 1996 and in October 2009, was named Lead Director. He is currently a Senior Principal of Morris Anderson & Associates, Ltd., a national

management consulting firm, where he has worked since 1984. The Board of Directors has designated Mr. Glazer as an "audit committee financial expert" as that term is defined in the SEC's rules adopted pursuant to the Sarbanes-Oxley Act of 2002.

The Board of Directors supports and approves Mr. Glazer's nomination because he has extensive experience in corporate reorganizations (including structuring mergers, acquisitions, divestitures and balance sheet recapitalizations), crisis management, development and implementation of strategic business plans, operations management, financial transactions and succession planning. Mr. Glazer brings to the Board of Directors a deep understanding of financial statements, which is necessary to serve as chairman of our Audit Committee, and an extensive knowledge of the financial and accounting issues facing public companies. Mr. Glazer has served as a member of the Board of Directors for more than 14 years and brings to the Board of Directors an in-depth understanding of the Company's business, history, culture and organization.

Lee S. Wielansky, age 63, has been a director since February 2007. Since March 2003, Mr. Wielansky has served as Chairman and Chief Executive Officer of Midland Development Group, Inc., a commercial real estate development company with locations in St. Louis, Missouri and Jacksonville, Florida. From November 2000 to March 2003, Mr. Wielansky served as President and Chief Executive Officer of JDN Development Company, Inc., a wholly owned subsidiary of JDN Corporation, a publicly traded real estate investment trust engaged in the development of retail shopping centers. From 1998 to 2000, Mr. Wielansky was a Managing Director of Regency Centers Development Group, Inc. and served as Chief Executive Officer of Midland Development Group, Inc. from 1983 until 1998 when the Company was acquired by Regency Centers Corporation. Mr. Wielansky serves as Chairman of the Board of Directors for Pulaski Financial Corp., a holding company for Pulaski Bank, and serves as director of Acadia Realty Trust, a real estate investment trust.

The Board of Directors supported and approved Mr. Wielansky's nomination in 2012 because of his extensive experience in management of operations, real estate investments and management, corporate governance, corporate finance and accounting. Mr. Wielansky brings to the Board of Directors important perspectives with respect to real estate and development.

CORPORATE GOVERNANCE

Corporate Governance Principles

The Board of Directors developed and adopted Corporate Governance Principles in January 2010 as a general guide to assist the Board in carrying out its responsibilities and to promote the effective functioning of the Board and its committees. The Corporate Governance Principles sets forth the following principles, among other things:

The role of the Board of Directors is to govern the affairs of the Company for the long-term benefit of the Company's stockholders. The Board also considers, when appropriate, the interests of other constituencies including the Company's employees, customers, suppliers and the communities in which it does business. The Board strives to promote the success of the Company's business through the election of qualified executive officers.

The Board does not maintain a policy with regard to a mandatory or target retirement age.

Directors are expected to attend all Board meetings and meetings of committees on which they serve and are strongly encouraged to attend the Company's annual meetings of stockholders.

To ensure free and open discussion and communication among the independent directors, executive sessions of independent directors shall generally be held at regular meetings of the Board or otherwise upon the request of the Lead Director, if one has been elected.

Each director is expected to inform the Chairman of the Board and the chairman of both the Nominating, Leadership Development and Corporate Governance Committee and the Audit Committee of any public company or large private company (other than civic or charitable boards) directorship that the director has been offered before accepting that directorship.

Each director shall at all times exhibit high standards of integrity and ethical behavior, and shall at all times comply with the rules and requirements of all regulatory and licensing authorities (including gaming authorities) having jurisdiction over the Company and its business. The Audit Committee reviews related party transactions and potential conflict of interest situations and directors are expected to carry out their fiduciary obligations to the Company. Each director must disclose to the rest of the members of the Board any potential conflict of interest the director may have with respect to a matter under discussion and, if appropriate, refrain from voting on a matter on which the director may have a conflict.

The Board and each of its committees shall annually conduct a self-evaluation, which shall address the Board's (and each committee's) effectiveness in fulfilling its obligations.

Directors shall preserve the confidentiality of confidential material given or presented to the Board and of deliberations of the Board.

Absent unusual circumstances determined by the Board, the Company's management, as opposed to individual directors, provides the public voice of the Company.

Directors shall at all times maintain good standing with all regulatory agencies and shall comply with all requests on a timely and accurate basis.

Table of Contents

The Company shall provide each director with complete access to the Company's management, subject where applicable to reasonable advance notice to the Company and reasonable efforts to avoid disruption to the Company's management, business and operations.

New directors shall receive an orientation to be conducted by the Company's management to assist them in assuming their roles as Board and, as applicable, committee members. The orientation shall include such matters as Board governance and operation, as well as the Company's history, strategic plans, business operations, financial position and legal and regulatory environment. In addition, the Company's management shall provide further information on an ongoing basis to assure that directors are aware of the business and other developments necessary to fulfill their role, and directors are encouraged, but not required, to periodically pursue or obtain appropriate programs, sessions or materials as to the gaming industry and the responsibilities of directors of publicly traded companies.

The Board shall from time to time consult with the Nominating, Leadership Development and Corporate Governance Committee, the Chief Executive Officer and others regarding management succession.

Board Leadership Structure

Mr. Robert Goldstein, our Chairman, leads the Board of Directors and provides independent oversight of senior management. In addition, the Chairman provides guidance to the Chief Executive Officer, sets the agenda of the Board of Directors in consultation with the Chief Executive Officer and presides over meetings of stockholders and the Board. Mr. Robert Goldstein is "independent" as defined in Nasdaq Rule 5605(a)(2). Ms. McDowell, our President and Chief Executive Officer, has general charge and management of the affairs, property and business of the Company.

The Board of Directors elected Mr. Glazer as its Lead Director when Mr. Perry was Executive Chairman. He has, in addition to the powers and authorities of any member of the Board of Directors, the power and authority to chair executive sessions and to work closely with the Chairman in determining the appropriate schedule for the Board of Directors meetings and assessing the quality, quantity and timeliness of information provided from our management to the Board of Directors. The Lead Director position is at all times held by a director who is "independent" as defined in Nasdaq Rule 5605(a)(2). In light of Mr. Robert Goldstein (an "independent" director as defined in Nasdaq Rule 5605(a)(2)) becoming Chairman of the Board on June 24, 2014, the Board of Directors will consider whether it needs a Lead Director position going forward.

The Board of Directors believes that the leadership structure is appropriate at this time based on the Board's understanding of corporate governance best practice. The Board of Directors does not have a policy specifying a particular leadership structure as it believes that it should have the flexibility to choose the appropriate structure as circumstances change. Our independent directors meet in regular executive sessions without management being present. Additionally, each of the Compensation Committee, Audit Committee and Nominating, Leadership Development and Corporate Governance Committee is composed entirely of independent directors.

Board of Directors' Role in Risk Oversight

The Board of Directors recognizes that, although risk management is primarily the responsibility of the Company's management team, the Board of Directors plays a critical role in the oversight of risk, including the identification and management of risk. The Board of Directors believes that an important part of its responsibilities is to assess the major risks we face and review our strategies for monitoring and controlling these risks. The Board of Directors' involvement in risk oversight involves the full Board of Directors, the Compensation Committee, the Audit Committee, the Nominating, Leadership Development and Corporate Governance Committee and the Compliance Committee. The

Table of Contents

Compensation Committee considers the level of risk implied by our compensation programs, including incentive compensation programs in which the Chief Executive Officer and other employees participate. The Audit Committee regularly considers major financial risk exposures and the steps taken to monitor and control such exposures, including our risk assessment and risk management policies. The Audit Committee also reviews risks associated with our financial accounting and reporting processes, litigation matters, and our compliance with legal and regulatory requirements. The Nominating, Leadership Development and Corporate Governance Committee monitors potential risks to the effectiveness of the Board of Directors, notably Director succession and Board of Directors composition. The Compliance Committee reviews potential regulatory compliance risks with various jurisdictions and evaluates the Company's risks with potential business transactions.

Independence

The Board of Directors has determined that, other than Ms. McDowell, all of the current and continuing directors and nominees are independent as defined in Nasdaq Rule 5605(a)(2).

Meetings

During the fiscal year ended April 27, 2014, which we refer to as "fiscal 2014," the Board of Directors met in person or telephonically twelve times. During fiscal 2014, each of our incumbent directors attended at least 75% of the aggregate of (i) the total number of meetings of the Board of Directors (held during the period for which he severed as a director) and (ii) the total number of meetings held by all committees of the Board of Directors during which period he served. Directors are expected to attend each Annual Meeting of Stockholders. Each member of the current Board of Directors attended last year's Annual Meeting of Stockholders.

Committees

The Board of Directors has three full-time standing committees: the Compensation Committee, the Audit Committee and the Nominating, Leadership Development and Corporate Governance Committee. Additionally, the Board of Directors has the authority to establish such other committees as it deems appropriate from time to time. The Board of Directors currently has a Strategic Committee that acts as an advisory committee to the full Board in carrying out the Board's oversight responsibilities relating to the Company's strategic plan as well as potential mergers, acquisitions, divestitures and other key strategic transactions outside the ordinary course of the Company's business.

During fiscal 2014, the standing committees of the Board of Directors met as follows:

Committee	Number of Meetings in Fiscal 2014
Compensation Committee	8
Audit Committee	9
Nominating, Leadership Development and Corporate Governance Committee	1 (plus informal meetings)

Audit Committee. Messrs. Glazer, Richard A. Goldstein and Schubert, whose term on the Board of Directors and committees will not continue after October 8, 2014, are members of the Audit Committee. Mr. Glazer is the Chairman of the Audit Committee and Mr. Schubert is the Vice Chairman. The Audit Committee's responsibilities include selecting our independent registered public accounting firm, reviewing the plan, scope and results of the independent audit, reviewing the fees for the audit services performed, reviewing and pre-approving the fees for the non-audit services to be performed and reviewing all financial statements. Information regarding the functions performed by the Audit Committee during the fiscal year is set forth in the "Audit Committee Report," included in this proxy statement. Each member of the Audit Committee is "independent" as defined in Nasdaq Rule 5605(a)(2). The Board of Directors has determined that each member of the Audit Committee is free from any relationship that would interfere with the exercise of independent judgment as a committee member. Mr. Glazer has been designated as our "audit committee financial expert" under the SEC Rules. The Audit Committee is governed by a written charter approved by the Board of Directors. The Audit Committee Charter is posted on the Company's website at www.islecorp.com under Investor Relations Corporate Governance.

Nominating, Leadership Development and Corporate Governance Committee. Messrs. Richard A. Goldstein, Robert S. Goldstein, Kozicz and Wielansky are members of the Nominating, Leadership Development and Corporate Governance Committee (the "Nominating Committee"). Mr. Wielansky is the Chairman of the Nominating Committee. As set forth in the Corporate Governance Principles, the Nominating Committee considers and makes recommendations concerning the size and composition of the Board of Directors, the number of non-executive members of the Board of Directors, and membership of committees of the Board of Directors. As a policy, the Nominating Committee generally does not consider nominees recommended by the Company's stockholders. The Nominating Committee is responsible for developing and periodically reviewing Board of Directors membership criteria. As set forth in the Corporate Governance Principles, the Nominating Committee believes that each director must:

have strength of character, high professional and personal ethics and values consistent with the longstanding values of the Company;

have the capacity to respectfully challenge one another's beliefs and assumptions with respect to Company decisions;

have business or other experience that will increase the overall effectiveness of the Board of Directors and allow insight based on experience;

be committed to enhancing total stockholder value; and

have sufficient time to carry out the director's duties.

The Nominating Committee also believes that diverse and inclusive leadership is essential to capitalizing on the growing talent pool and propelling the Company to success. Accordingly, the Nominating Committee believes that it is important to incorporate diversity of experience, skills, cultures and education on the Board of Directors. In addition, the Nominating Committee takes into account issues of judgment, independence, potential conflicts of interest, financial literacy, succession planning, related industry experience and the extent to which a particular candidate would fill a present need on the Board of Directors. The Nominating Committee shall establish and adhere to its charter in performing its duties. In accordance with Nasdaq Rule 5605(e)(1)(B), each member of the Nominating Committee is "independent" as defined in Nasdaq Rule 5605(a)(2). The Nominating Committee

EXECUTIVE COMPENSATION
Compensation Discussion and Analysis

For purposes of the following Compensation Discussion and Analysis, the terms "executives" and "executive officers" refer to the named executive officers of the Company as set forth in the Summary Compensation Table, which appears on page 34 of this proxy statement, and the term the "Committee" refers to the Compensation Committee.

For fiscal 2014, the named executive officers of the Company and title held as of the last day of fiscal 2014 are the following:

Virginia McDowell	President and Chief Executive Officer
Dale R. Black(1)	Chief Financial Officer
Arnold L. Block	Chief Operating Officer
Edmund L. Quatmann, Jr.	Chief Legal Officer and Secretary
John G. Wilson	Chief Development Officer

(1) After fiscal 2014, on July 10, 2014, Mr. Black left the Company.

Executive Summary

The Committee remains committed to its executive compensation philosophy and key objectives, including pay for performance. Although fiscal 2014 was a very challenging operating environment, the Company continued to make significant progress in its efforts to implement cost efficiencies at its properties and corporate office. The Committee believes that the compensation paid to the executive officers in fiscal 2014 takes into account both of these factors.

Although the Company did not meet the threshold level of financial performance established by the Committee in the fiscal 2014 short-term cash incentive plan, the executives did meet expectations with respect to the non-financial measures established by the plan. Therefore, the executives received a payout of 30% of target under the Company's short-term incentive plan. Because the Committee established cumulative three-year target long term incentive awards for each named executive officer beginning in fiscal 2013, the Committee did not make any long-term incentive awards to named executive officers in fiscal 2014.

Company Performance

In a challenging operating environment, the Company continues to focus on matching its costs to revenue levels. Compared to fiscal 2013, net revenue increased approximately 3.4% in fiscal 2014 and consolidated adjusted EBITDA decreased approximately 1.5% in fiscal 2014. During fiscal 2013, the Company opened a new casino in Cape Girardeau, Missouri, and during fiscal 2014, the Company opened a new casino at the Nemaocolin Woodlands Resort in Farmington, Pennsylvania. Excluding Cape Girardeau and Nemaocolin from both fiscal 2013 and fiscal 2014, on a same-store basis, the Company's net revenues and consolidated Adjusted EBITDA declined 1.6% and 1.6%, respectively. Management focused in particular on reducing corporate costs during fiscal 2014, which declined 8.7% year over year on an adjusted basis.

For a complete discussion of the Company's performance in fiscal 2014, reference should be made to Management's Discussion and Analysis of Financial Condition and Results of Operations in the Company's Annual Report on Form 10-K for the fiscal year ended April 27, 2014, a copy of which is included in the Annual Report to Stockholders delivered in connection with this Proxy Statement.

Executive Compensation Philosophy

The primary goal of the Company's executive compensation philosophy is to attract and retain experienced and superior executive talent through competitive pay programs that focus our executives on driving profitable growth and incremental long-term value for our stockholders.

Key tenets of our executive compensation philosophy include:

Providing total compensation opportunities comparable to those of our peer group for similar responsibilities and performance;

Relating a significant portion of total compensation to the Company's financial performance and the sustained creation of shareholder value, both in absolute terms and in comparison to our peers;

Recognizing and rewarding for organizational effectiveness and progress against key strategic initiatives;

Linking incentive opportunity to fair but challenging performance objectives; and

Fostering ownership of Company stock among the executive team

Our executive compensation philosophy is supported and executed through the following principles and processes:

Peer group development

For purposes of competitively benchmarking executive compensation and to provide a relative context for evaluating Company performance, the Committee, with the assistance of the Company's independent compensation consultant, Farient Advisors, has identified a group of companies that reflect the size, business characteristics, geographic focus, and challenges of the Company.

It is the Committee's opinion that regional gaming and racetrack operators comprise the most applicable peer group in terms of the pool of executive talent available to the Company due to the high degree of experience and specialized knowledge required to provide effective oversight of multiple gaming properties in various jurisdictions. Also, many of the Company's executive officers are required to submit to extensive investigations conducted by the state police or an equivalent investigatory agency of their personal financial records, their character and their competency in order to be found "suitable" to serve in their respective capacities in each of the jurisdictions in which the Company operates. Accordingly, the pool of executives capable and willing to serve in an executive capacity in a publicly traded, multi-jurisdictional gaming company tends to consist mostly of individuals who are already working within the gaming or racing industry.

While the Committee believes that a primary focus on gaming and racing organizations is appropriate for benchmarking the Company's executive compensation, it also recognizes that the Company's business is continually evolving to also include significant restaurant and hospitality operations, which expands the universe of organizations with which the Company competes for business and talent. In addition, the number of comparable regional gaming companies is limited, which requires the Company to look beyond its primary competitors for suitable peers.

At the request of the Committee, in May 2013 Farient Advisors re-evaluated the peer group and assessed its continued suitability for competitive pay comparisons. Farient Advisors continued to apply the following philosophy with respect to the peer group:

Suitable peers should be comparable to the Company in terms of size, geographic orientation, business focus, management challenge, and talent needs

Table of Contents

Publicly-traded companies with revenues between \$350 million and \$3 billion (~1/3x to ~3x the Company's revenue)

Companies with operations largely focused in the U.S.

Companies similar in terms of business model and customer base

Companies that best fit the above model fall within two primary categories

Regional gaming organizations

U.S. based hospitality and leisure organizations (restaurants, hotel companies, and potentially cruise lines)

In its evaluation, Farient Advisors identified three companies included in the fiscal 2013 peer group (Ameristar Casinos, Inc., Gaylord Entertainment Company, and P. F. Chang's China Bistro, Inc.) that no longer were appropriate peers due to actions that resulted in those companies no longer being independent, publicly-traded entities. Farient Advisors proposed replacing these organizations with Norwegian Cruise Lines Holdings and The Marcus Corp., both of which fit within the peer group criteria for size, business and geographic focus, and customer base.

The Committee considered the recommendations of Farient Advisors and, in June 2013 recommended and the Board approved removing Ameristar Casinos, Inc., Gaylord Entertainment Company and P. F. Chang's China Bistro, Inc. from the peer group and adding Norwegian Cruise Lines Holdings and The Marcus Corp.

It is the Committee's belief that the revised peer group listed below continues to provide an appropriate benchmark for fiscal 2014 that reflects the Company's size, skill base, management challenge, domestic focus, and the evolution of its industry:

Boyd Gaming Corporation
Cheesecake Factory, Inc.
Choice Hotels International, Inc.
Churchill Downs, Inc.
Marriott Vacations Worldwide Corporation
MTR Gaming Group, Inc.
Norwegian Cruise Lines Holdings
Penn National Gaming, Inc.
Pinnacle Entertainment, Inc.
The Marcus Corp.
Vail Resorts, Inc.

Target total compensation opportunity

The Committee establishes a target total compensation opportunity and target mix of individual program elements for each named executive officer relative to practices of the peer group, and where appropriate, to general survey data for companies of comparable size. Actual pay may differ from targeted levels depending on Company and individual performance and the impact of such performance on payouts under the Company's short and long-term incentive programs.

A number of factors are considered when establishing targeted pay levels, including value to our stockholders, future leadership potential, level of job responsibility, critical experience/skills, the level of sustained performance, and the market demands for a particular type of talent. In general, it is the Company's policy to position target total compensation for its executive team at median peer group levels, with the potential to earn significantly more or less than target subject to Company and individual performance. The Committee engages Farient Advisors, an independent compensation

consulting firm, to provide guidance regarding competitive compensation practices, peer analysis, and recommendations.

Stockholder alignment

To align with shareholder interests, total compensation opportunities for the Company's executives are tied to quantifiable Company performance metrics that closely relate to shareholder value, and through the use of equity awards, directly to the Company's stock price both in absolute terms and relative to our peers.

Mix of pay elements

Compensation for the Company's executives is delivered through a mix of pay elements that is heavily performance based. The degree of "at risk" compensation increases with an executive's responsibility level to reflect the fact that executives at higher organizational levels are more likely to directly influence the Company's results.

Overview of Executive Compensation Elements

The use of multiple compensation elements enables the Company to reinforce its pay for performance philosophy as well as to strengthen its ability to attract and retain high performing executive officers. The Company believes that its combination of programs provides an appropriate mix of fixed and variable pay, balances short-term operational performance with long-term shareholder value creation, and facilitates executive recruitment and retention in a high-performance culture.

The principle elements of the Company's executive compensation program are described below. Please see "Analysis of Fiscal 2014 Compensation" below for a discussion of the specific actions taken with respect to executive compensation for fiscal 2014.

Base Salary. Base salary compensates executives for competence in their roles. The base salary of each executive reflects a combination of factors, including market pay levels, the executive's experience and tenure, internal pay equity, the need to attract and retain excellent management talent, the Company's overall annual budget for merit increases, and the executive's individual performance. The primary comparative reference point used by the Committee when setting salaries is the median peer group salary for similar positions.

Short-Term Cash Incentive Plan. The short-term cash incentive plan is designed to encourage profitable annual performance and to reward and recognize individuals who directly influence and contribute to the achievement of operational and strategic initiatives that drive Company performance. The Committee believes that, by linking incremental annual incentive compensation to Company performance over which plan participants have a substantial degree of influence, the plan will promote higher levels of productivity and substantial additional value for the Company's stockholders. In order to accomplish these objectives, the plan is designed to meet the following criteria:

The short-term cash incentive opportunity available to key corporate personnel, including the named executive officers, is directly related to specific financial goals as well as to defined strategic initiatives and/or individual performance goals.

Outstanding achievement will result in outstanding rewards, i.e. the better the performance relative to the performance goals, the larger the incentive that participants will receive, subject to overall plan limitations. Conversely, poor achievement will result in no reward, or a payout substantially below target levels.

Participants in the plan have a specific target incentive opportunity defined as a percentage of their base salary that is consistent with median peer group practices and the Company's internal

Table of Contents

organizational structure. The plan provides that the Committee, in its sole discretion, will establish performance goals for each fiscal year against which short-term cash incentive awards will be calculated using: (1) achievement of pre-determined Company financial goals and (2) a discretionary assessment of executive performance by the Committee. Each of these factors is independent of each other, and weighted in the bonus calculation. The Committee sets a threshold level of financial performance that must be achieved for a participant to earn any bonus for the applicable fiscal year under the financial component of the plan.

The payout for financial performance is calculated by determining the variance from the pre-established target performance objectives. The payout for the financial performance component can range between 50% of the target opportunity, assuming that a threshold level of performance is achieved, and 150% of the target opportunity assuming achievement of the maximum performance goals.

For the portion of the bonus based on the assessment of executive performance, general performance criteria are identified at the beginning of each fiscal year. These performance criteria may include Company performance, functional area performance, performance against key strategic initiatives, or individual performance, as approved by the Committee. During the fiscal year the Committee periodically reviews performance against the established criteria. At the end of the fiscal year, the level of payout earned based on performance relative to the established criteria is determined by the Committee. The payout for the discretionary performance component can range between 50% of the target opportunity, assuming a threshold level of performance is achieved, and 150% of the target opportunity based on the maximum achievement of the performance goals.

The portion of the short-term cash incentive for any fiscal year based on the financial performance goals shall be paid if the financial performance goals are achieved (i.e., there is no discretion). The portion of the short-term cash incentive for any fiscal year based the Committee's assessment of executive performance may be paid at the discretion of the Committee, regardless of whether the financial performance goals were achieved.

Long-Term Incentive/Equity Plan. The Isle of Capri Casinos, Inc. Amended and Restated 2009 Long-Term Incentive Plan provides the Committee with a variety of vehicles (including stock options, restricted stock and restricted stock units) through which it can reward and incent long-term Company performance. In fiscal 2013, the Committee awarded the executive officers performance-based restricted stock units (RSUs). Each RSU represents a contingent right to receive one share of Company common stock at the end of the measurement period. The current measurement period began on the first day of fiscal 2013 and ends on the last day of fiscal 2015. The number of RSUs that may be earned shall be determined at the end of the measurement period based on the average of the closing market prices of the Company's common stock for the ninety (90) calendar-day period ending on the last day of measurement period, and is further contingent upon the Company achieving a threshold level of total shareholder return over the measurement period relative to certain other regional gaming companies.

If the Company's share price does not reach the threshold level, none of the RSUs will be earned and such unearned RSUs will expire at the end of the measurement period. Assuming that the participant remains employed at the end of the measurement period, fifty percent (50%) of any earned RSUs shall become immediately vested as of the last day of the measurement period and the remaining fifty percent (50%) of the earned RSUs shall become vested one-year thereafter. All RSUs that have vested shall be issued within sixty (60) days of vesting. Other provisions apply in the event of death, disability, retirement, termination without cause and change of control.

The Committee believes that this long-term incentive program directly promotes the interests of shareholders by both providing a strong retention tool and by focusing executive management on the strategies and tactics required to materially boost the Company's share price over the measurement period.

Deferred Compensation. The Company does not maintain any defined benefit pension programs for its executives. Instead, consistent with the competitive practices of the Company's peer group, the Company maintains an elective non-qualified deferred compensation plan for executives. None of the executives participated in this plan in fiscal 2014.

Benefits and Perquisites. The Committee believes that executives should be offered customary benefits and perquisites that are reasonable relative to the benefits provided to all employees and consistent with competitive practices among the Company's peer group. The standard benefits offered to all of the Company's employees include medical, dental and vision insurance, group life insurance, short and long-term disability, and a 401(k) with certain contributions matched by the Company. In addition, through October 2013, all executives were enrolled in the Medical Executive Reimbursement Plan (the "MERP") in which an allocation in amount up to 5% of each executive's base salary aids with payment of certain medical expenses other than premiums. All such supplemental benefits and perquisites are subject to applicable federal, state and local taxation. The benefit paid under the MERP is grossed-up for taxes. The MERP was suspended in October 2013.

Role of Executive Officers and Board of Directors in Compensation Decisions

The Chief Executive Officer assists the Committee in making compensation decisions for the Company's executives, including the named executive officers, primarily by making recommendations and evaluating day-to-day performance of the executives. The Chief Executive Officer and other executives do not play a role in determining their own compensation, and are not present at the executive sessions of the Committee in which their pay is discussed.

The Committee's analysis and determinations are recommended to the Board of Directors for approval.

Role of Compensation Consultant

Since October 2011, the Committee has engaged Farient Advisors as its independent compensation consultant. Generally, the Committee's independent compensation consultant performs the following duties for the Committee:

Annual review of the Company's compensation philosophy, peer group and competitive positioning in terms of reasonableness and appropriateness;

Annual review of the Company's pay program and incentive plan design in terms of good governance, regulatory compliance, peer practices, effectiveness, and support of shareholder value;

Providing ongoing updates and advice to the Committee on compensation trends and best practices;

Review of the Compensation Discussion and Analysis and compensation tables;

Annual risk assessment of the Company's compensation programs; and

Periodic review of the Company's Board of Director compensation.

In 2013, as required by rules adopted by the Securities and Exchange Commission under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, the Committee re-selected Farient Advisors to serve as its independent compensation consultant only after assessing the firm's independence, including taking into consideration the following factors, among others:

1. the fact that the firm does not provide any other services to the Company;
2. the fees received by the firm as a percentage of its total revenues;

Table of Contents

3. the firm's policies and procedures designed to prevent conflicts of interest;
4. the absence of any significant business or personal relationships between the firm and members of the Committee;
5. the fact that the firm does not own any Company stock; and
6. the absence of any business or personal relationships between the firm and any executive officer of the Company.

Based upon this assessment, the Committee determined that the engagement of Farient Advisors does not raise any conflicts of interest or similar concerns.

Results of Say-on-Pay Vote

At our annual meeting in October 2011, we held an advisory, non-binding vote on the compensation of our named executive officers and frequency of submitting executive compensation for stockholders. Our stockholders approved, on an advisory, non-binding basis, a resolution approving executive compensation and a three-year frequency. Although such advisory vote on executive compensation was non-binding, the Committee considered the outcome of this vote when making compensation decisions for our named executive officers for fiscal 2012, fiscal 2013 and fiscal 2014. The Committee has not made any changes to our executive compensation program expressly as a result of such vote.

At our Annual Meeting, we are holding an advisory, non-binding vote on the compensation of our named executive officers as disclosed in this proxy statement in accordance with Item 402 of Regulation S-K, which is the SEC's rule setting forth executive compensation disclosure requirements.

Analysis of Fiscal 2014 Compensation

Executive Compensation Review. In early fiscal 2014, at the Committee's request, Farient Advisors performed a comprehensive competitive analysis of the Company's executive compensation program design and pay levels. Farient Advisors assessed the Company's compensation program design and policies relative to its peer group, "best" practices, regulatory trends and regulatory compliance. It also competitively assessed the Company's fiscal 2013 executive compensation positioning for key positions. Set forth below are the key findings of Farient Advisor's analysis:

The Company's executive compensation program emphasizes pay for performance by linking opportunity to financial and strategic results and improvement in shareholder value.

The Company's pay program design is generally consistent with its peers and general market practices.

Overall, the Company has a strong governance profile.

As part of its review, Farient Advisors benchmarked the Company's fiscal 2013 executive compensation against the Company's peer group (discussed above) and survey data derived from appropriate and reputable sources. Set forth below are the key findings of Farient Advisors analysis:

In terms of trends, both competitive target and actual compensation among companies comparable to the Company increased by about 9% over the prior year, driven largely by increases in both short and long-term compensation.

With respect to base salaries, the Company's fiscal 2013 executive salaries were close to the market median, with only minor variation by individual.

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form DEF 14A

With respect to short-term incentive targets, the Company's fiscal 2013 short-term incentive targets for the executives were close to the market median.

Table of Contents

Due in part to rising market long-term incentive grant levels, the Company's fiscal 2013 long-term incentive compensation targets fell between the 25th percentile and the market median.

The Company's target total direct compensation opportunity for its executive team was approximately the 40th percentile of the market, driven largely by its below median long-term incentive targets.

The Company's fiscal 2013 short-term incentive payouts resulted in actual short-term compensation (base salary plus short-term incentive bonus) that was below the 25th percentile of the market for most executives.

This pay positioning was generally consistent with the Company's fiscal 2013 financial performance relative to its peers.

Based on these findings, Farient Advisors concluded that, overall, the Company's pay programs are aligned with competitive norms and sound governance practices and provide a solid link to long-term value creation.

2014 Compensation Decisions

Based on the above analysis and recommendation of Farient Advisors, the Committee determined to leave the base salaries and incentive compensation targets for the executives unchanged from fiscal 2013. Accordingly, set forth below are the fiscal 2014 base salaries and targets for the named executive officers:

Executive	Base Salary(\$)	Target Short-Term Incentive Opportunity as Percentage of Base Salary (%)	Target Long-Term Incentive Opportunity as Percentage of Base Salary (%)
Ms. McDowell	775,000	100%	258%
Mr. Black	500,000	70%	100%
Mr. Block	500,000	70%	60%
Mr. Quatmann, Jr.	400,000	60%	75%
Mr. Wilson	375,000	60%	80%

Assuming target performance, set forth below is the total annualized target compensation for each of the named executive officers for fiscal 2014:

Executive	Base Salary(\$)	Target Short-Term Cash Incentive(\$)	Target Long-Term Equity Incentive\$(1)	Target Total Compensation(\$)
Ms. McDowell	775,000	775,000	2,000,000	3,550,000
Mr. Black	500,000	350,000	500,000	1,350,000
Mr. Block	500,000	350,000	300,000	1,150,000
Mr. Quatmann, Jr.	400,000	240,000	300,000	940,000
Mr. Wilson	375,000	225,000	300,000	900,000

(1)

Target long-term equity incentive values represent annualized target value of three-year front-loaded performance-based RSU grant made in fiscal 2013. Awards made under the three-year front-loaded performance-based RSU grant will be awarded, if at all, at the end of fiscal 2015. No awards were made for fiscal 2014.

Table of Contents

In keeping with the Committee's belief that the compensation of its executives should be weighted toward "at risk," performance-based elements, set forth below is the percentage of fiscal 2014 target total compensation for the Company's named executive officers that is performance-based:

Executive	Percentage of Total 2014 Target Compensation that was Performance-Based (%)
Ms. McDowell	78%
Mr. Black	63%
Mr. Block	57%
Mr. Quatmann, Jr.	57%
Mr. Wilson	58%

For fiscal 2014, the Committee determined that 70% of each named executive officer's annual short-term cash incentive bonus would be determined based on the Company's financial performance, and 30% based on the Committee's evaluation of the achievement of team-based milestones and objectives contained in the Company's strategic plan. As previously discussed, each component is independent of the other. The Committee determined that this weighting provided the most appropriate balance between quantitative measurement of Company financial performance and the performance of each individual executive and the executive team as a whole.

With respect to the financial component, the Committee determined that the appropriate measure of the Company's performance for fiscal 2014 would be reported earnings before income, taxes depreciation and amortization, as adjusted for non-cash charges, write-offs and the impact of other one time or unusual items and equity issuances ("Adjusted EBITDA"). The Committee selected Adjusted EBITDA because it believes that this measure most closely aligned the participating executives with sustained shareholder value creation.

For fiscal 2014, the Committee established the following relationship between payout and performance for the financial component of the short-term cash incentive plan:

Performance (Approx. % of Target)	Short-Term Cash Incentive Plan Payout (% of Target)
< 90%	No Payout
90%	50%
100%	100%
110%	150%
>110%	150%

For performance between the defined payout points, the earned incentive is interpolated on a straight-line basis (e.g., performance equal to 95% of target will result in a payout of 75% of target).

For fiscal 2014, the Company achieved less than 90% of the Adjusted EBITDA target established by the Committee, which resulted in no payout for the financial component of the short-term cash incentive plan.

With respect to the executive performance component of the plan, the Committee and the executive team established team-based milestones and objectives derived from the Company's strategic plan. At the conclusion of the fiscal year, the Committee evaluated the executive team's performance against the previously established milestones and objectives. The Committee concluded that the executive team had met expectations in fiscal 2014 and awarded the executive team 100% of the executive performance component of the plan.

Table of Contents

Based on performance in terms of the financial and executive performance components of the plan, amounts paid to the named executive officers under the Company's short-term cash incentive plan for fiscal 2014 were as follows:

Executive	Percent of Target Opportunity	Actual Payment(\$)
Ms. McDowell	30%	232,500
Mr. Black	30%	105,000
Mr. Block	30%	90,000
Mr. Quatmann, Jr.	30%	72,000
Mr. Wilson	30%	67,500

The Committee did not make any long-term incentive awards to the named executive officers for performance in fiscal 2014. For the three-year period beginning in fiscal 2013, the Committee established cumulative three-year target long-term incentive awards for each named executive officer as follows:

Executive	Three-Year Target Long-Term Incentive Award(\$)
Ms. McDowell	6,000,000
Mr. Black	1,500,000
Mr. Block	900,000
Mr. Quatmann, Jr.	900,000
Mr. Wilson	900,000

The above targets were developed after considering both long-term incentive grant practices of the peer group and internal equity, and represent three years of typical competitive awards to account for the three-year frontloaded nature of the grants. It is the intention of the Committee not to grant additional long-term incentive opportunity to participants who received three-year front-loaded grants until the end of the three-year performance measurement period, except possibly to respond to a material increase in a participant's responsibilities or a material increase in the size of long-term incentive grants among the peer group.

In fiscal 2013, the Committee awarded performance-based RSUs which reflect the above target values to Ms. McDowell and Messrs. Black, Block, Quatmann and Wilson as follows:

Executive	Number of Performance-Based RSUs(#)		
	Threshold	Target	Maximum
Ms. McDowell	187,500	545,455	857,143
Mr. Black	46,875	136,364	214,286
Mr. Block	28,125	81,818	128,571
Mr. Quatmann, Jr.	28,125	81,818	128,571
Mr. Wilson	28,125	81,818	128,571

As described above in " Overview of Executive Compensation Elements Long-Term Incentive Plan", each RSU represents a contingent right to receive one share of Company common stock at the end of the measurement period (May 7, 2012 to April 26, 2015). The number of RSUs that may be earned shall be determined at the end of the measurement period based on the average of the closing market prices of the Company's common stock for the ninety (90) calendar-day period ending on April 26, 2015, and is further contingent upon the Company achieving a threshold level of total shareholder return over the measurement period relative to certain other regional gaming companies.

Table of Contents

If the share price does not reach the threshold level, none of the RSUs will be earned and such unearned RSUs will expire at the end of the measurement period. Assuming that the participant remains employed at the end of the measurement period, fifty percent (50%) of any earned RSUs shall become immediately vested as of the last day of the measurement period (April 26, 2015), and the remaining fifty percent (50%) of any earned RSUs shall become vested one-year thereafter (April 26, 2016). All RSUs that have vested shall be issued within sixty (60) days of vesting. Other provisions apply in the event of death, disability, retirement, termination without cause and change of control.

Actual awards earned under the plan depend on future stock price performance through the end of fiscal 2015.

Employment Agreements

Consistent with gaming industry practice, the Company generally enters into employment agreements with its vice presidents and above, and with the general manager of each of its gaming properties. The Company seeks to minimize the number of individuals to whom it provides employment agreements, while at the same time achieving the objectives set forth below. Relevant to this approach, the Company considers the standard competitive practices in the gaming industry.

There are a number of strategic objectives that the Company expects to achieve by entering into employment agreements with certain key employees, including:

Attracting and retaining talented executives;

Limiting potential liability from the termination of executives, including the total severance that may be paid to an executive in the event that the Company elects to terminate the executive without cause;

Providing an effective retention mechanism; and

Providing the Company with effective and comprehensive protection of its strategic plans, intellectual property, and human capital.

Some of the key terms of the Company's employment agreements with executives are:

Term. With the exception of Ms. McDowell, the Company's President and Chief Executive Officer whose employment agreement had an initial three-year term, the initial term of employment agreements covering the Company's named executive officers is one year. The employment agreements renew for successive one-year terms unless notice is provided or the agreement is terminated earlier. The Company believes that the term of each employment agreement represents a reasonable period for which the Company and the executive to mutually commit to maintain the employment relationship. For the Company, the term provides for stability and predictability among its leadership ranks. For the executive, the term provides a reasonable but limited assurance of job security designed to foster an environment of entrepreneurial risk taking where the executive can focus on building long-term stockholder value.

Termination and Restrictive Covenants. The Company offers certain additional payments to its executives if the Company elects to terminate the executive's employment without "cause" or as a result of death or total disability. Each employment agreement contains a set of restrictive covenants designed to provide the Company with a reasonable degree of protection of its strategic plans, intellectual property and human capital. Generally, each employment agreement contains prohibitions on (i) competition, (ii) solicitation of employees, and (iii) disclosure and use of confidential information, which remain in place for one year following termination. The Board selected this time period based on its determination of the extent to which each individual's tenure with, and knowledge of, the Company might be used to adversely impact the Company's strategic plans, intellectual property or human capital.

Change in Control. In the event of a change in control, each executive officer is entitled to receive certain additional payments if their employment is terminated. The Company believes that these payments provide an effective retention mechanism and continuity of leadership during a change in control.

For a detailed discussion of the terms contained in each executive's employment agreement, please refer to page below.

Other Compensation Policies

Equity Awards Policy

The Committee's procedure for timing of equity awards helps to provide assurance that grants are never manipulated or timed to result in favorable pricing for executives. Generally, equity awards are awarded by the Committee as a dollar value from which the number of shares awarded is determined based on the prior 20-day average stock price. The Company schedules Board of Directors and Committee meetings in advance. Meeting schedules and award decisions are made without regard to the timing of Company SEC filings or press releases. Equity awards are generally granted on the date approved by the Committee or, in the case of new hires, pursuant to the terms of an employment agreement.

Stock Holding Policy

The Committee encourages executives to manage from an owner's perspective by having and maintaining an equity stake in the Company. To that end, all of our executives are also stockholders of the Company. In January 2009, the Board of Directors adopted the Isle of Capri Casinos, Inc. Stock Holding Policy. The Stock Holding Policy provides that members of the Board of Directors and certain members of management, including the named executive officers, are required to hold a certain percentage of the shares of our common stock received by them upon lapse of the restrictions on restricted stock and upon exercise of stock options (net of any shares utilized to pay for tax withholding and the exercise price of the option). The percentage ranges from 20% for our general managers to 50% for members of our Board of Directors, our chief executive officer and her or his direct reports.

Impact of Prior Compensation

Amounts realized from prior compensation grants did not serve to increase or decrease fiscal 2014 compensation grants or amounts. The Company's and the Committee's primary focus is competitive pay opportunities on an annual basis.

Risk Management Practices and Risk-Taking Incentives

As previously noted, the Committee engages its independent compensation consultant, Farient Advisors, on an annual basis to assess material risks relating to the Company's compensation practices and policies for all employees to identify and address compensation plan features that could trigger material harm to the company by inducing:

Excessive risk taking

Misstatement of financial results

Fraud or misconduct

The most recent risk assessment performed by Farient Advisors determined that the Company has a balanced executive compensation program that does not induce excessive risk taking. Accordingly, the Committee concluded that the Company's compensation policies enhance the Company's business interests by encouraging innovation and appropriate levels of risk taking.

Table of Contents

Tax Deductibility of Compensation Programs

Section 162(m) of the Code limits our deduction for compensation paid to the executives to \$1 million unless certain requirements are met. The policy of the Committee with regard to Section 162(m) of the Code is to establish and maintain a compensation program that will optimize the deductibility of compensation. The Committee reserves the right to use its judgment, where merited by the Committee's need for flexibility to respond to changing business conditions or by an executive's individual performance, to authorize compensation that may not, in a specific case, be fully deductible.

Fiscal 2015 Compensation Actions

The Committee has taken the following actions with respect to fiscal 2015 executive compensation:

Peer Group

At the request of the Committee, in April 2014 Fariet Advisors re-evaluated the peer group and assessed its continued suitability for competitive pay comparisons. In doing so, Fariet Advisors applied similar criteria to prior reviews:

Suitable peers should be comparable to the Company in terms of size, geographic orientation, business focus, management challenge, and talent needs

Publicly-traded companies with revenues between \$300 million and \$3 billion (~1/3x to ~3x the Company's revenue)

Companies with operations largely focused in the U.S.

Companies similar in terms of business model and customer base

Companies that best fit the above model fall within two primary categories

Regional gaming organizations

U.S. based hospitality and leisure organizations (restaurants, hotel companies, and potentially cruise lines)

In its evaluation, Fariet Advisors noted that MTR Gaming Group, Inc., a member of the fiscal 2014 peer group, has agreed to merge with Eldorado HoldCo LLC and form Eldorado Resorts, Inc. Accordingly, Fariet Advisors recommended that, pending consummation of the merger, Eldorado Resorts, Inc. be added to the peer group for fiscal 2015 to replace MTR Gaming Group, Inc. The Committee considered the recommendations of Fariet Advisors and, in April 2014 recommended and the Board approved adding Eldorado Resorts, Inc. to the peer group, pending consummation of the merger between MTR Gaming Group, Inc. and Eldorado HoldCo LLC.

Table of Contents

It is the Committee's belief that the revised peer group listed below continues to provide an appropriate benchmark that reflects the Company's size, skill base, management challenge, domestic focus, and the evolution of its industry:

- Boyd Gaming Corporation
 - Cheesecake Factory, Inc.
 - Choice Hotels International, Inc.
 - Churchill Downs, Inc.
 - Marriott Vacations Worldwide Corporation
 - MTR Gaming Group, Inc. (to be replaced by Eldorado Resorts, Inc. upon consummation of merger with Eldorado HoldCo LLC)
 - Norwegian Cruise Lines Holdings
 - Penn National Gaming, Inc.
 - Pinnacle Entertainment, Inc.
 - The Marcus Corp.
 - Vail Resorts, Inc.
- Base Salary*

In early fiscal 2015, the Committee reviewed the fiscal 2014 base salaries for the named executive officers compared to the peer group. Based on this review and the recommendation of Fariant Advisors, the Committee determined to leave the base salaries unchanged for the second consecutive fiscal year. Accordingly, set forth below are the named executive officer base salaries for fiscal 2015:

Executive	Base Salary(\$)
Ms. McDowell	775,000
Mr. Black	500,000
Mr. Block	500,000
Mr. Quatmann, Jr.	400,000
Mr. Wilson	375,000

Chief Financial Officer

On July 10, 2014, Mr. Black left the Company and was succeeded as Chief Financial Officer by Eric L. Hausler, our then Chief Strategic Officer. The Committee recommended, based on analysis performed by Fariant Advisors, and the Board approved, an increase in Mr. Hausler's compensation. Accordingly, on August 11, 2014, the Company and Mr. Hausler entered into the First Amendment to Employment Agreement providing for the following compensation for Mr. Hausler's effective July 11, 2014, and pro-rated for fiscal 2015:

Executive	Base Salary(\$)	Target Short-Term Cash Incentive Opportunity as Percentage of Base Salary (%)
Mr. Hausler	450,000	70%

Except as set forth above, Mr. Hausler's employment agreement remains unchanged.

(1) The amounts in this column relate to the cash component of awards granted under the long-term incentive plan. See discussion of the long-term incentive plan on page 23.

(2) The amounts in this column represent the aggregate grant date fair value of awards computed in accordance with FASB ASC Topic 718, Compensation - Stock Compensation. The assumptions used in the calculation of these amounts are disclosed in the footnotes to our Consolidated Financial Statements included in our Annual Report on Form 10-K for the relevant fiscal year, with the exception that for the employees no forfeiture rate is applied. No stock awards were made for performance in fiscal 2014. For fiscal 2013, the amounts in this column reflect the aggregate grant date fair value of each executive's three-year front-loaded award of restricted stock units containing market performance conditions which will determine the ultimate number of RSUs, if any, to be awarded. Because no additional long-term incentive grants are contemplated for the Named Executive Officers until 2015 (except to possibly reward exceptional individual performance or promotions), the fiscal 2013 amount represents three times the target annualized award value. No payouts will be made under these performance-based RSU grants until the end of the performance measurement period following year-end fiscal 2015. The executives did not actually realize any compensation in fiscal 2013 from the performance-based RSU award. Included for fiscal 2012 are restricted stock awards made in fiscal 2013 for performance in fiscal 2012. See discussion of the long-term incentive plan on page 23.

(3) The amounts in this column relate to cash awards granted under the annual short-term cash incentive bonus plan. See discussion of the annual short-term cash incentive bonus plan on page 22.

The aggregate market value of the shares of stock that have not vested was computed by multiplying \$6.75 (the closing market price of a share of Company common stock on April 25, 2014) by the number of unvested shares outstanding as of April 27, 2014, for such executive.

(4)

During fiscal 2013, the Company granted restricted stock units containing market performance conditions which will determine the ultimate amount of RSUs, if any, to be awarded. Any RSUs earned will vest 50% on April 26, 2015 and 50% on April 26, 2016. The shares reflected in the above tables represent the target number of shares. The potential maximum number of shares assuming the highest performance condition would be achieved is: Ms. McDowell 857,143; Mr. Black 214,286; Mr. Block 128,571; Mr. Quatmann Jr., 128,571 and Mr. Wilson 128,571. The aggregate market value of the performance-based restricted stock units was computed in accordance with (3) above.

Table of Contents**Potential Payments Upon Termination or Change of Control**

The information below describes and quantifies compensation that would become payable under existing arrangements in the event of a termination of each Named Executive Officer's employment under several different circumstances or a change in control. The amounts shown assume that such termination or change in control was effective as of April 27, 2014, and thus include amounts earned through such time and are estimates of the amounts that would be paid to the Named Executive Officers upon their termination or a change in control. The actual amounts to be paid can only be determined at the time of such Named Executive Officer's separation from the Company or a change in control.

The following tables quantify the amounts payable to each of the Named Executive Officers under the described termination circumstances and upon a change in control.

AUDIT COMMITTEE REPORT

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the Company's internal control over financial reporting. In fulfilling its oversight responsibilities, the Committee reviewed and discussed with management the audited consolidated financial statements in the Annual Report on Form 10-K for the fiscal year ended April 27, 2014, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the consolidated financial statements.

The Committee reviewed with our independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of those audited consolidated financial statements with U.S. generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under the standards of the Public Company Accounting Oversight Board (United States). In addition, the Committee has discussed with our independent registered public accounting firm the accounting firm's independence from management and the Company, including the matters in the written disclosures and the letter required by the Public Company Accounting Oversight Board, considered the compatibility of non-audit services with the independent registered public accounting firm's independence and discussed matters required under SAS 61, as amended (AICPA, Professional Standards, Vol. 1, AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Company's management is responsible for the preparation and integrity of the Company's financial statements, establishing and maintaining adequate internal control over financial reporting, and for management's report on internal control over financial reporting. The Company's independent registered public accounting firm is responsible for attesting to the effectiveness of the Company's internal control over financial reporting. The Committee's responsibility in this regard is to oversee the Company's financial reporting process and internal control over financial reporting. Throughout the year the Audit Committee monitored the Company's compliance with Section 404 of the Sarbanes Oxley Act of 2002, and was satisfied that the Company would conclude that internal control over financial reporting would be effective as of April 27, 2014. Management, in fact, concluded that the Company's internal control over financial reporting was effective as of April 27, 2014. The independent registered public accounting firm provided an attestation that the Company maintained effective internal control over financial reporting in all material respects as of April 27, 2014.

The Committee discussed with the Company's internal auditors and independent registered public accounting firm the overall scope and plans for their respective audits. The Committee meets with the internal auditors and the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal control, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referenced above, the Committee recommended to the Board of Directors (and the Board of Directors has approved) that the audited consolidated financial statements be included in the Annual Report on Form 10-K for the fiscal year ended April 27, 2014 for filing with the Securities and Exchange Commission. The Committee also appointed, subject to stockholder ratification, the Company's independent registered public accounting firm for this fiscal year ended April 26, 2015.

**PROPOSAL 1
ELECTION OF CLASS I DIRECTORS**

The Board of Directors has nominated the following persons, each of whom is currently serving as a director of the Company, to be elected at the Annual Meeting to serve as our Class I directors to serve three-year terms to expire at the annual meeting of stockholders in 2017, or until their respective successors, if any, have been elected and qualified:

Richard A. Goldstein
Alan J. Glazer
Lee S. Wielansky

In addition to the qualifications of each nominee for director set forth above in the section entitled "Election of Class I Directors," Richard A. Goldstein, Alan J. Glazer and Lee S. Wielansky are each standing for re-election based upon the judgment, financial acumen and skill they have previously demonstrated as members of the Board of Directors, as well as their commitment to service on the Board of Directors.

Each nominee has consented to being named in this proxy statement and to serve if elected. Unless otherwise instructed on such proxy, the persons named as proxies intend to vote the shares represented by each properly executed proxy for each of the nominees standing for election. If a proxy is executed in such a manner as to withhold authority to vote for one or more nominees for director, such instructions will be followed by the persons named as proxies. While it is not anticipated that any of the nominees will be unable or unwilling to serve, if any should be unable or unwilling to serve, the persons named as proxies reserve the right to substitute any other person, in accordance with applicable law and our governing documents.

Election of the three Class I director nominees requires the affirmative vote of a plurality of the shares of our common stock present at the Annual Meeting, in person or by proxy, and entitled to vote on the proposal. Withheld votes, if any, will have no effect on the proposal. Broker non-votes, if any, will have no effect on the proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE ELECTION OF EACH OF THE CLASS I NOMINEES TO THE BOARD OF DIRECTORS.

**PROPOSAL 2
ADVISORY VOTE ON EXECUTIVE COMPENSATION**

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables our stockholder to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with Item 402 of Regulation S-K, which is the SEC's rule setting forth executive compensation disclosure requirements. At the 2011 Annual Meeting, our stockholders determined, on a non-binding, advisory basis, that the frequency of a non-binding advisory approval of the compensation of the named executive officers vote should be triennially every three years. After consideration of these voting results and other factors, the Board of Directors determined that we will hold future Say-on-Pay votes triennially, every three years. In accordance with this determination, this year, the Board of Directors is asking the stockholders to approve, on a non-binding advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with SEC rules. The next vote will occur at the 2017 Annual Meeting.

This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we ask our stockholders to vote "FOR" the following resolution:

"RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the compensation discussion and analysis, the compensation tables and any related material disclosed in the proxy statement, including the "Executive Compensation Compensation Discussion and Analysis", compensation tables and narrative discussion therein is hereby APPROVED."

As described in detail under the heading "Executive Compensation Compensation Discussion and Analysis," and highlighted in the "Executive Summary" of such section, our executive compensation program is designed to attract, motivate, and retain talented executives who possess the skills required to formulate and drive the Company's strategic direction and achieve annual and long-term performance goals necessary to create stockholder value. The program seeks to align executive compensation with stockholder value on an annual and long-term basis through a combination of base pay, annual incentives and long-term incentives. The Stock Option and Compensation Committee continually reviews the compensation programs for our named executive officers to ensure they achieve the desired goals of aligning our executive compensation structure with our stockholders' interests and current market practices.

We believe that our executive compensation programs are structured in the best manner possible to support the Company and our business objectives. We believe stockholders should approve of our executive compensation program because it heavily weighs towards performance-based compensation and the Company's prior performance supports the compensation paid to executives.

The say-on-pay vote is advisory, and therefore not binding on the Company, the Stock Option and Compensation Committee or the Board of Directors. However, the Board of Directors and the Stock Option and Compensation Committee value the opinions of our stockholders and will review the voting results carefully.

The say-on-pay vote requires the affirmative vote of at least a majority of the shares of our common stock present at the Annual Meeting, in person or by proxy, and entitled to vote on the proposal. Abstentions will have the same effect as a vote against this proposal. Broker non-votes, if any, will have no effect on the vote for this proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE APPROVAL OF EXECUTIVE COMPENSATION.

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected Ernst & Young, LLP to serve as our independent registered public accounting firm for the fiscal year ending April 26, 2015, and has recommended to the Board of Directors that the stockholders ratify such selection. Although stockholder ratification of the Audit Committee's action in this respect is not required, the Board of Directors considers it desirable for stockholders to pass upon the selection of our independent registered public accounting firm and, if the stockholders do not ratify the selection, may reconsider its selection.

Ratification of the appointment of an independent registered public accounting firm requires the affirmative vote of at least a majority of the shares of our common stock present at the Annual Meeting, in person or by proxy, and entitled to vote on the proposal. Abstentions from voting will have the same effect as voting against the proposal and broker non-votes, if any, will have no effect on the vote for this proposal.

Representatives of Ernst & Young, LLP, who are expected to be present at the Annual Meeting, will have an opportunity to make a statement if they so desire, and will be available to respond to appropriate questions from stockholders.

Any pre-approval given by the Chairman of the Audit Committee pursuant to this delegation is presented to the full Audit Committee at its next regularly scheduled meeting. fees for the non-audit services, whether the non-audit services are permissible under applicable law or regulation, and the likely impact of the non-audit services on the principal accountant's independence.

The Audit Committee pre-approved each engagement of the Company's independent registered public accounting firm to perform non-audit related services during fiscal year 2014.

The Audit Committee has considered whether the provision of non-audit services is compatible with maintaining the principal accountant's independence and believes the provision of the services referenced above is compatible.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE RATIFICATION OF THE AUDIT COMMITTEE'S SELECTION OF ERNST & YOUNG, LLP AS ISLE OF CAPRI CASINOS, INC. INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.
