**CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS**

This prospectus and the documents incorporated by reference herein contain forward-looking statements within the meaning of the "safe harbor" provisions of the Private Securities Litigation Reform Act of 1995. Such statements can be identified by the use of forward-looking terminology such as "believe," "expect," "may," "will," "should," "seek," "on-track," "plan," "project," "forecast," "intend" or "anticipate," or the negative thereof or comparable terminology, or by discussions of strategy or outlook. You are cautioned that our business and operations are subject to a variety of risks and uncertainties, many of which are beyond our control, and, consequently, our actual results may differ materially from those projected.

Factors that could cause our actual results to differ materially from those projected include, but are not limited to, the following:

the possibility that companies that we have acquired or may acquire, in our specialty business or otherwise, including NES Rentals Holdings II, Inc. ("NES") and Neff Corporation ("Neff"), could have undiscovered liabilities or involve other unexpected costs, may strain our management capabilities or may be difficult to integrate;

the cyclical nature of our business, which is highly sensitive to North American construction and industrial activities; if construction or industrial activity decline, our revenues and, because many of our costs are fixed, our profitability may be adversely affected;

our significant indebtedness (which totaled \$8.4 billion at September 30, 2017) requires us to use a substantial portion of our cash flow for debt service and can constrain our flexibility in responding to unanticipated or adverse business conditions;

inability to refinance our indebtedness on terms that are favorable to us, or at all;

incurrence of additional debt, which could exacerbate the risks associated with our current level of indebtedness;

noncompliance with financial or other covenants in our debt agreements, which could result in our lenders terminating the agreements and requiring us to repay outstanding borrowings;

restrictive covenants and amount of borrowings permitted in our debt instruments, which can limit our financial and operational flexibility;

overcapacity of fleet in the equipment rental industry;

inability to benefit from government spending, including spending associated with infrastructure projects;

Edgar Filing: UNITED RENTALS INC /DE - Form 424B3

fluctuations in the price of our common stock and inability to complete stock repurchases in the time frame and/or on the terms anticipated;

rates we charge and time utilization we achieve being less than anticipated;

inability to manage credit risk adequately or to collect on contracts with a large number of customers;

Table of Contents

inability to access the capital that our businesses or growth plans may require;

incurrence of impairment charges;

trends in oil and natural gas could adversely affect the demand for our services and products;

the fact that our holding company structure requires us to depend in part on distributions from subsidiaries and such distributions could be limited by contractual or legal restrictions;

increases in our loss reserves to address business operations or other claims and any claims that exceed our established levels of reserves;

incurrence of additional expenses (including indemnification obligations) and other costs in connection with litigation, regulatory and investigatory matters;

the outcome or other potential consequences of regulatory matters and commercial litigation;

shortfalls in our insurance coverage;

our charter provisions as well as provisions of certain debt agreements and our significant indebtedness may have the effect of making more difficult or otherwise discouraging, delaying or deterring a takeover or other change of control of us;

turnover in our management team and inability to attract and retain key personnel;

costs we incur being more than anticipated, and the inability to realize expected savings in the amounts or time frames planned;

dependence on key suppliers to obtain equipment and other supplies for our business on acceptable terms;

inability to sell our new or used fleet in the amounts, or at the prices, we expect;

competition from existing and new competitors;

risks related to security breaches, cybersecurity attacks and other significant disruptions in our information technology systems;

the costs of complying with environmental, safety and foreign law and regulations, as well as other risks associated with non-U.S. operations, including currency exchange risk;

## Edgar Filing: UNITED RENTALS INC /DE - Form 424B3

labor disputes, work stoppages or other labor difficulties, which may impact our productivity, and potential enactment of new legislation or other changes in law affecting our labor relations or operations generally; and

increases in our maintenance and replacement costs and/or decreases in the residual value of our equipment; and

other factors discussed in the section titled "*Risk Factors*" of this prospectus and the section titled "*Item 1A Risk Factors*" and elsewhere in our most recent Annual Report on Form 10-K (the "Annual Report").

For a more complete description of these and other possible risks and uncertainties, please refer to our Annual Report, as well as to our subsequent filings with the SEC. **Optional Redemption**

URNA may, at its option, redeem some or all of the New Notes at any time on or after January 15, 2023 at the redemption prices listed under "*Description of the New Notes - Optional Redemption*," plus accrued and unpaid interest, if any, to the redemption date.

At any time prior to January 15, 2023, URNA may redeem some or all of the New Notes at a price equal to 100% of the aggregate principal amount of the New Notes to be redeemed, plus a "make-whole" premium and accrued and unpaid interest, if any, to the redemption date.

	<p>In addition, at any time on or prior to January 15, 2021, URNA may, at its option, on one or more occasions, redeem up to 40% of the aggregate principal amount of the New Notes with the net cash proceeds of certain equity offerings, at a price equal to 104.875% of the aggregate principal amount of the New Notes redeemed plus accrued and unpaid interest, if any, to the redemption date. <b>Change of Control</b>	<p>If we experience specific kinds of change of control events, we must offer to repurchase the New Notes at a price of 101% of the principal amount thereof, plus accrued and unpaid interest, if any, to the purchase date. <b>Certain Covenants</b>	<p>The indenture governing the New Notes contains certain covenants applicable to URNA and its restricted subsidiaries, including limitations on: (1) liens; (2) mergers, consolidations and sale of assets; and (3) dividends and other distributions, stock repurchases and redemptions and other restricted payments. The indenture governing the New Notes also contains requirements relating to additional subsidiary guarantors. Each of these covenants is subject to important exceptions and qualifications. In addition, certain of the restrictive covenants will not apply to us during any period when the New Notes are rated investment grade by both S&amp;P and Moody's or, in certain circumstances, another rating agency selected by us, provided at such time no default under the indenture has occurred and is continuing. **RISK FACTORS**

Investing in the New Notes involves risks. You should carefully consider the risks described below and the risk factors incorporated by reference herein, as well as the other information included or incorporated by reference in this prospectus, before you invest in the New Notes. Certain risks related to us and our business are contained in the section titled "*Item 1A Risk Factors*" and elsewhere in our Annual Report, which is incorporated by reference in this prospectus. See "*Where You Can Find More Information*" for information about how to obtain a copy of these documents. The risks and uncertainties described below and incorporated by reference into this prospectus are not the only ones facing our company. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also impair our business operations. If any of these risks actually occurs, our business, financial condition and results of operations could be materially affected. In that case, the value of the New Notes could decline substantially.

**Risks Relating to the Exchange Offer**

***An active trading market for the New Notes may not develop, which could make it difficult to resell the New Notes at their fair market value or at all.***

The New Notes are securities for which there currently is no public market. We do not intend to list the New Notes on any national securities exchange or automated quotation system. Accordingly, no market for the New Notes may develop, and any market that develops may not be sustained. To the extent that an active trading market does not develop or is not sustained, you may not be able to resell your New Notes at their fair market value or at all.

***Late deliveries of Old Notes and other required documents could prevent a holder from exchanging its Old Notes.***

Holders are responsible for complying with all Exchange Offer procedures. The issuance of New Notes in exchange for Old Notes will only occur upon completion of the procedures described in this prospectus under "*The Exchange Offer*." Therefore, holders of Old Notes who wish to exchange them for New Notes should allow sufficient time for timely completion of the Exchange Offer procedures. Neither we nor the Exchange Agent are obligated to extend the Exchange Offer or notify you of any failure to follow the proper procedures or waive any defect if you fail to follow the proper procedures.

***If you are a broker-dealer, your ability to transfer the New Notes may be restricted.***

A broker-dealer that purchased the Old Notes for its own account as part of market-making or trading activities must comply with the prospectus delivery requirements of the Securities Act when it sells the New Notes. Our obligation to make this prospectus available to broker-dealers is limited. Consequently, we cannot guarantee that a proper prospectus will be available to broker-dealers wishing to resell their New Notes.

***The liquidity of any trading market that currently exists for the Old Notes may be adversely affected by the Exchange Offer, and holders of Old Notes who fail to participate in the Exchange Offer may find it more difficult to sell their Old Notes after the Exchange Offer is completed.***

To the extent that Old Notes are tendered and accepted for exchange pursuant to the Exchange Offer, the trading markets for the remaining Old Notes will become more limited or may cease to exist altogether. A debt security with a small outstanding aggregate principal amount or "float" may command a lower price than would a comparable debt security with a larger float. Therefore, the market price for the unexchanged Old Notes may be adversely affected. The reduced float may also make the trading prices of the remaining Old Notes more volatile.

**Risks Relating to Our Indebtedness**

*Our significant indebtedness exposes us to various risks.*

At September 30, 2017, our total indebtedness was \$8.4 billion. Our significant indebtedness could adversely affect our business, results of operations and financial condition in a number of ways by, among other things:

increasing our vulnerability to, and limiting our flexibility to plan for, or react to, adverse economic, industry or competitive developments;

making it more difficult to pay or refinance our debts as they become due during periods of adverse economic, financial market or industry conditions;

requiring us to devote a substantial portion of our cash flow to debt service, reducing the funds available for other purposes, including funding working capital, capital expenditures, acquisitions, execution of our growth strategy and other general corporate purposes, or otherwise constraining our financial flexibility;

restricting our ability to move operating cash flows to Holdings. URNA's payment capacity is restricted under the covenants in the indentures governing its outstanding indebtedness;

affecting our ability to obtain additional financing for working capital, acquisitions or other purposes, particularly since substantially all of our assets are subject to security interests relating to existing indebtedness;

decreasing our profitability or cash flow;

causing us to be less able to take advantage of significant business opportunities, such as acquisition opportunities, and to react to changes in market or industry conditions;

causing us to be disadvantaged compared to competitors with less debt and lower debt service requirements;

resulting in a downgrade in our credit rating or the credit ratings of any of the indebtedness of our subsidiaries, which could increase the cost of further borrowings;

requiring our debt to become due and payable upon a change in control; and

limiting our ability to borrow additional monies in the future to fund working capital, capital expenditures and other general corporate purposes.

A portion of our indebtedness bears interest at variable rates that are linked to changing market interest rates. As a result, an increase in market interest rates would increase our interest expense and our debt service obligations. At September 30, 2017, we had \$1.1 billion of indebtedness that bears interest at variable rates, representing 13 percent of our total indebtedness.

*To service our indebtedness, we will require a significant amount of cash and our ability to generate cash depends on many factors beyond our control.*

## Edgar Filing: UNITED RENTALS INC /DE - Form 424B3

We depend on cash on hand and cash flows from operations to make scheduled debt payments. To a significant extent, our ability to do so is subject to general economic, financial, competitive, legislative, regulatory and other factors that are beyond our control. We may not be able to generate sufficient cash flow from operations to repay our indebtedness when it becomes due and to meet our other cash needs. If we are unable to service our indebtedness and fund our operations, we will have to adopt an alternative strategy that may include:

reducing or delaying capital expenditures;

limiting our growth;

Table of Contents

seeking additional capital;

selling assets; or

restructuring or refinancing our indebtedness.

Even if we adopt an alternative strategy, the strategy may not be successful and we may continue to be unable to service our indebtedness and fund our operations.

***We may not be able to refinance our indebtedness on favorable terms, if at all. Our inability to refinance our indebtedness, including the New Notes, could materially and adversely affect our liquidity and our ongoing results of operations.***

Our ability to refinance indebtedness will depend in part on our operating and financial performance, which, in turn, is subject to prevailing economic conditions and to financial, business, legislative, regulatory and other factors beyond our control. In addition, prevailing interest rates or other factors at the time of refinancing could increase our interest expense. A refinancing of our indebtedness could also require us to comply with more onerous covenants and further restrict our business operations. Our inability to refinance our indebtedness or to do so upon attractive terms could materially and adversely affect our business, prospects, results of operations, financial condition and cash flows, and make us vulnerable to adverse industry and general economic conditions.

***We may be able to incur substantially more debt and take other actions that could diminish our ability to make payments on our indebtedness, including the New Notes, when due, which could further exacerbate the risks associated with our current level of indebtedness.***

Despite our indebtedness level, we may be able to incur substantially more indebtedness in the future and such indebtedness may be secured indebtedness. The terms of the indenture governing the New Notes do not prohibit us from incurring unsecured debt and the limitation on incurring secured debt is subject to important limitations, qualifications and exceptions. The indentures or agreements governing our current indebtedness permit us to recapitalize our debt or take a number of other actions, any of which could diminish our ability to make payments on our indebtedness when due and further exacerbate the risks associated with our current level of indebtedness. If new debt is added to our or any of our existing and future subsidiaries' current debt, the related risks that we now face could intensify and we may not be able to meet all our debt obligations, including repayment of the New Notes in whole or in part. If we incur any secured debt it will be effectively senior to the New Notes to the extent of the value of the collateral securing such debt and if we incur any additional indebtedness that ranks equally with the New Notes, the holders of that debt will be entitled to share ratably with the holders of the New Notes in any proceeds distributed in connection with any insolvency, liquidation, reorganization, dissolution or other winding up of our business.

***If we are unable to satisfy the financial and other covenants in certain of our debt agreements, our lenders could elect to terminate the agreements and require us to repay the outstanding borrowings, or we could face other substantial costs.***

The only financial covenant that currently exists under the ABL Facility is the fixed charge coverage ratio. Subject to certain limited exceptions specified in the ABL Facility, the fixed charge coverage ratio covenant under the ABL Facility will only apply in the future if specified availability under the ABL Facility falls below 10 percent of the maximum revolver amount under the ABL Facility. When certain conditions are met, cash and cash equivalents and borrowing base collateral in excess of the ABL Facility size may be included when calculating specified availability under the ABL Facility. As of December 31, 2016, specified availability under the ABL Facility exceeded the required threshold and, as a result, the maintenance covenant was inapplicable. Under our accounts receivable securitization facility, we are required, among other things, to maintain certain financial tests relating

Table of Contents

to: (i) the default ratio, (ii) the delinquency ratio, (iii) the dilution ratio and (iv) days sales outstanding. The accounts receivable securitization facility also requires us to comply with the fixed charge coverage ratio under the ABL Facility, to the extent the ratio is applicable under the ABL Facility. If we are unable to satisfy these or any of the other relevant covenants, the lenders could elect to terminate the ABL Facility and/or the accounts receivable securitization facility and require us to repay outstanding borrowings. In such event, unless we are able to refinance the indebtedness coming due and replace the ABL Facility, accounts receivable securitization facility and/or the other agreements governing our debt, we would likely not have sufficient liquidity for our business needs and would be forced to adopt an alternative strategy as described above. Even if we adopt an alternative strategy, the strategy may not be successful and we may not have sufficient liquidity to service our debt and fund our operations. Future debt arrangements we enter into may contain similar provisions.

***Restrictive covenants in certain of the agreements and instruments governing our indebtedness may adversely affect our financial and operational flexibility.***

In addition to financial covenants, various other covenants in the ABL Facility, accounts receivable securitization facility and the other agreements governing our debt impose significant operating and financial restrictions on us and our restricted subsidiaries. Such covenants include, among other things, limitations on: (i) liens; (ii) sale-leaseback transactions; (iii) indebtedness; (iv) mergers, consolidations and acquisitions; (v) sales, transfers and other dispositions of assets; (vi) loans and other investments; (vii) dividends and other distributions, stock repurchases and redemptions and other restricted payments; (viii) dividends, other payments and other matters affecting subsidiaries; (ix) transactions with affiliates; and (x) issuances of preferred stock of certain subsidiaries. Future debt agreements we enter into may include similar provisions.

These restrictions may also make more difficult or discourage a takeover of us, whether favored or opposed by our management and/or our Board of Directors.

Our ability to comply with these covenants may be affected by events beyond our control, and any material deviations from our forecasts could require us to seek waivers or amendments of covenants or alternative sources of financing, or to reduce expenditures. We cannot guarantee that such waivers, amendments or alternative financing could be obtained or, if obtained, would be on terms acceptable to us.

A breach of any of the covenants or restrictions contained in these agreements could result in an event of default. Such a default could allow our debt holders to accelerate repayment of the related debt, as well as any other debt to which a cross-acceleration or cross-default provision applies, and/or to declare all borrowings outstanding under these agreements to be due and payable. If our debt is accelerated, our assets may not be sufficient to repay such debt, including the New Notes.

***The indenture governing the New Notes contains negative covenants that provide limited protection.***

The indenture governing the New Notes contains limited covenants that restrict our ability and the ability of our restricted subsidiaries to incur liens on our assets and enter into certain mergers with or into, or sell substantially all of our assets to, another person. The covenants for the New Notes do not include limitations on indebtedness, asset sales and the use of proceeds therefrom, affiliate transactions and certain other covenants that are included in many of the agreements governing our existing debt. As a result, the New Notes will not prevent us from taking a number of actions that may increase risk from the perspective of noteholders. In addition, breaches of covenants under our existing debt will only result in a default under the New Notes if the holders or lenders of that debt accelerate repayment of such debt. The limited covenants in the New Notes also contain exceptions that will allow us and our subsidiaries to incur significant amounts of additional secured indebtedness. See "Description of the New Notes Certain Covenants." In light of these exceptions, holders of the New

Table of Contents

Notes may be effectively subordinated to new lenders to the extent of the value of collateral pledged to secured obligations owed to such lenders.

***The amount of borrowings permitted under our ABL Facility may fluctuate significantly, which may adversely affect our liquidity, results of operations and financial position.***

The amount of borrowings permitted at any time under our ABL Facility is limited to a periodic borrowing base valuation of the collateral thereunder. As a result, our access to credit under our ABL Facility is potentially subject to significant fluctuations depending on the value of the borrowing base of eligible assets as of any measurement date, as well as certain discretionary rights of the agent in respect of the calculation of such borrowing base value. The inability to borrow under our ABL Facility may adversely affect our liquidity, results of operations and financial position.

***We rely on available borrowings under the ABL Facility and the accounts receivable securitization facility for cash to operate our business, which subjects us to market and counterparty risk, some of which is beyond our control.***

In addition to cash we generate from our business, our principal existing sources of cash are borrowings available under the ABL Facility and the accounts receivable securitization facility. If our access to such financing was unavailable or reduced, or if such financing were to become significantly more expensive for any reason, we may not be able to fund daily operations, which would cause material harm to our business or could affect our ability to operate our business as a going concern. In addition, if certain of our lenders experience difficulties that render them unable to fund future draws on the facilities, we may not be able to access all or a portion of these funds, which could have similar adverse consequences.

**Risks Relating to the New Notes**

***None of URNA's foreign subsidiaries, unrestricted subsidiaries, subsidiaries that are foreign subsidiary holding companies or subsidiaries of foreign subsidiaries will be guarantors with respect to the New Notes, unless URNA determines otherwise; therefore, any claims you may have in respect of the New Notes will be structurally subordinated to the liabilities of those subsidiaries.***

None of URNA's foreign subsidiaries, unrestricted subsidiaries or subsidiaries that are foreign subsidiary holding companies or subsidiaries of foreign subsidiaries will guarantee the New Notes, unless URNA determines otherwise. If any of such non-guarantor subsidiaries becomes insolvent, liquidates, reorganizes, dissolves or otherwise winds up, holders of its indebtedness and its trade creditors generally will be entitled to payment on their claims from the assets of such subsidiary before any of those assets would be made available to us. Consequently, your claims in respect of the New Notes will be structurally subordinated to all of the existing and future liabilities, including trade payables, of URNA's non-guarantor subsidiaries. The indenture governing the New Notes does not prohibit URNA from having subsidiaries that are not guarantors in the future.

The non-guarantor subsidiaries accounted for approximately 9% of our total revenues for both the year ended December 31, 2016 and the nine months ended September 30, 2017. As of September 30, 2017, the non-guarantor subsidiaries held approximately 8% of our rental equipment.

The indenture governing the New Notes does not limit the incurrence of indebtedness and issuance of preferred stock of or by our subsidiaries. In addition, the indenture governing the New Notes does not impose any limitation on the incurrence by such subsidiaries of liabilities that are not considered indebtedness under the indenture.

Table of Contents

***A portion of our operations is currently conducted through URNA's subsidiaries and URNA will depend in part on distributions from these subsidiaries in order to pay amounts due on the New Notes. Certain provisions of law or contractual restrictions could limit distributions from URNA's subsidiaries.***

A portion of our operations is conducted through URNA's subsidiaries. The effect of this structure is that URNA will depend in part on the earnings of its subsidiaries, and the payment or other distribution to it of these earnings, in order to meet its obligations under the New Notes and its other debt. Provisions of law, such as those requiring that dividends be paid only from surplus, could limit the ability of URNA's subsidiaries to make payments or other distributions to it. Furthermore, these subsidiaries could in certain circumstances agree to contractual restrictions on their ability to make distributions. These restrictions could also render the subsidiary guarantors financially or contractually unable to make payments under their guarantees of the New Notes.

***Holdings' primary asset is its equity interest in URNA.***

The New Notes will be guaranteed by Holdings. However, substantially all of Holdings' net worth is attributable to the stock of URNA owned by Holdings and all of its operations are conducted through URNA. Consequently, the Holdings guarantee will not give holders of the New Notes a claim to significant assets other than those to which they already have a claim as URNA's direct creditors. Furthermore, substantially all of Holdings' assets are subject to a security interest in favor of the lenders under the ABL Facility, which gives these lenders a first-priority claim to such assets.

***A guarantee by a subsidiary guarantor could be voided if the subsidiary guarantor fraudulently transferred the guarantee at the time it incurred the indebtedness, which could result in the holders of the New Notes being able to rely only on URNA and Holdings to satisfy claims.***

A guarantee by one of our subsidiary guarantors that is found to be a fraudulent transfer may be voided under the fraudulent transfer laws described below. The application of these laws requires the making of complex factual determinations and estimates as to which there may be different opinions and views.

In general, federal and state fraudulent transfer laws provide that a guarantee by a subsidiary guarantor can be voided, or claims under a guarantee by a subsidiary guarantor may be subordinated to all other debts of that subsidiary guarantor if, among other things, at the time it incurred the indebtedness evidenced by its guarantee:

the subsidiary guarantor intended to hinder, delay or defraud any present or future creditor; or

the subsidiary guarantor received less than reasonably equivalent value or fair consideration for the incurrence of the guarantee; and

was insolvent or rendered insolvent by reason of such incurrence;

was engaged in a business or transaction for which the subsidiary guarantor's remaining assets constituted unreasonably small capital; or

intended to incur, or believed that it would incur, debts beyond its ability to pay those debts as they mature.

In addition, any payment by that subsidiary guarantor under a guarantee could be voided and required to be returned to the subsidiary guarantor or to a fund for the benefit of the creditors of the subsidiary guarantor.

Table of Contents

The measures of insolvency for purposes of fraudulent transfer laws vary depending upon the governing law. Generally, a subsidiary guarantor would be considered insolvent if:

the sum of its debts, including contingent liabilities, was greater than the fair saleable value of all of its assets;

the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature; or

it could not pay its debts as they become due.

We cannot predict:

what standard a court would apply in order to determine whether a subsidiary guarantor was insolvent as of the date it issued the guarantee or whether, regardless of the method of valuation, a court would determine that the subsidiary guarantor was insolvent on that date; or

whether a court would determine that the payments under the guarantee constituted fraudulent transfers or conveyances on other grounds.

In the event that the guarantee of the New Notes by a subsidiary guarantor is voided as a fraudulent conveyance, holders of the New Notes would effectively be subordinated to all indebtedness and other liabilities of that subsidiary guarantor.

***If we experience a change of control, URNA will be required to make an offer to repurchase the New Notes. However, URNA may be unable to do so due to lack of funds or covenant restrictions.***

If we experience a change of control (as defined in the indenture governing the New Notes), URNA will be required to make an offer to repurchase all outstanding New Notes at the applicable percentage of their principal amount, plus accrued but unpaid interest, if any, to the date of repurchase. However, URNA may be unable to do so because:

URNA might not have enough available funds, particularly since a change of control could cause part or all of our other indebtedness to become due; and

the agreements governing the ABL Facility would, and other indebtedness may, prohibit URNA from repurchasing the New Notes, unless we were able to obtain a waiver or refinance such indebtedness.

A failure to make an offer to repurchase the New Notes upon a change of control would give rise to an event of default under the indenture governing the New Notes and could result in an acceleration of amounts due thereunder. Any such default and acceleration under one indenture could trigger a cross-default under our and URNA's other indebtedness. In addition, any such default under one indenture would trigger a default under the ABL Facility (which could result in the acceleration of all indebtedness thereunder) and a termination event under our accounts receivable securitization facility. A change of control (as defined in the agreement governing the ABL Facility), in and of itself, is also an event of default under the ABL Facility, which would entitle our lenders to accelerate all amounts owing thereunder. In the event of any such acceleration, there can be no assurance that we will have enough cash to repay our outstanding indebtedness, including the New Notes. In addition, such acceleration could cause a default under the New Notes.

Table of Contents

***A downgrade, suspension or withdrawal of the rating assigned by a rating agency to our debt securities could cause the liquidity or market value of the New Notes to decline significantly and increase our cost of borrowing.***

Our credit ratings are an assessment by rating agencies of our ability to pay our debts when due. In general, rating agencies base their ratings on many quantitative and qualitative factors, including, but not limited to, capital adequacy, liquidity, asset quality, business mix and quality of earnings, and, as a result, we may not be able to maintain our current credit ratings.

Credit rating agencies continually review their ratings for the companies that they follow, including us. Borrowing under the ABL Facility, as well as the future incurrence of additional secured or additional unsecured indebtedness, may cause the rating agencies to reassess the ratings assigned to our debt securities. Any such action may lead to a downgrade of any rating assigned to the New Notes or in the assignment of a rating for the New Notes that is lower than might otherwise be the case. Real or anticipated changes in our credit ratings could cause the liquidity or market value of the New Notes to decline significantly.

There can be no assurance that the ratings assigned by S&P and Moody's to the New Notes will remain for any given period of time or that these ratings will not be lowered or withdrawn entirely by a rating agency if, in that rating agency's judgment, future circumstances relating to the basis of the rating, such as adverse changes in our company, so warrant. Credit ratings are not a recommendation to buy, sell or hold any security, and may be revised or withdrawn at any time by the issuing organization in its sole discretion. Neither we nor any underwriter undertakes any obligation to maintain the ratings or to advise holders of the New Notes of any changes in ratings. Each agency's rating should be evaluated independently of any other agency's rating.

***There may be no public market for the New Notes.***

We do not intend to apply for listing of the New Notes on any securities exchange or any automated dealer quotation system. Accordingly, we cannot assure you as to:

the liquidity or sustainability of any market for the New Notes;

your ability to sell the New Notes; or

the price at which you would be able to sell your New Notes.

If a market for the New Notes does exist, it is possible that you will not be able to sell your New Notes at a particular time or that the price that you receive when you sell will be favorable. It is also possible that any trading market that does exist for the New Notes will not be liquid. Future trading prices of the New Notes will depend on many factors, including:

our operating performance, financial condition and prospects, or the operating performance, financial condition and prospects of companies in the equipment rental industry generally;

the interest of securities dealers in making a market for the New Notes;

prevailing interest rates; and

the market for similar securities.

Historically, the market for non-investment grade debt has been subject to disruptions that have caused volatility in prices. If a market for the New Notes exists, it is possible that the market for the New Notes will be subject to disruptions and price volatility. Any disruptions may have a negative effect on holders of the New Notes, regardless of our operating performance, financial condition and prospects.

Table of Contents

***Certain of the covenants contained in the indenture governing the New Notes and, if requested by us, the subsidiary guarantees, will not be applicable during any period when the New Notes are rated investment grade by S&P and Moody's or, in certain circumstances, another rating agency selected by us. In addition, we may request to release the guarantee of any subsidiary during any such period.***

The covenant in the indenture governing the New Notes limiting dividends and other distributions, share repurchases and redemptions and other restricted payments will not apply to us during any period when the New Notes are rated investment grade by both S&P and Moody's or, in certain circumstances, another nationally recognized statistical rating agency selected by us, provided that at such time no default under the indenture has occurred and is continuing. There can be no assurance that the New Notes will ever be rated investment grade, or that if they are rated investment grade, the New Notes will maintain such ratings. However, suspension of this covenant would allow us to pay distributions, buy back shares or engage in other transactions that would not be permitted while this covenants was in force, and the effects of any such actions will be permitted to remain in place even if the New Notes are subsequently downgraded below investment grade and the covenants are reinstated. Please see "*Description of the New Notes Certain Covenants Covenant Suspension.*"

During any period when the New Notes are rated investment grade by both S&P and Moody's or, in certain circumstances, another nationally recognized statistical rating agency selected by us, provided that at such time no default under the indenture has occurred and is continuing, we may request to release the guarantee of any subsidiary guarantor. In the event that the guarantee of the New Notes by a subsidiary guarantor is released, holders of the New Notes would effectively be subordinated to all indebtedness and other liabilities of that subsidiary guarantor. Please see "*Description of the New Notes Guarantees.*"

***The New Notes will be effectively subordinated to URNA's and each guarantor's secured indebtedness, in each case to the extent of the value of the assets securing such indebtedness.***

The New Notes will be URNA's senior unsecured obligations and will be effectively subordinated to all of URNA's and each guarantor's secured indebtedness, to the extent of the value of the collateral. Our U.S. dollar borrowings under the ABL Facility and our senior secured New Notes are secured by substantially all of our and the guarantors' assets. Most of our U.S. receivable assets have been sold to a bankruptcy remote special purpose entity in connection with our accounts receivable securitization facility (the accounts receivable in the collateral pool being the lenders' only source of payment under that facility). The lenders under the ABL Facility, the holders of the secured New Notes or the holders of other secured indebtedness will be entitled to exercise the remedies available to a secured lender under applicable law (in addition to any remedies that may be available under documents pertaining to the ABL Facility, the senior secured New Notes or our other secured indebtedness). The exercise of such remedies may adversely affect our ability to meet our financial obligations under the New Notes.

As of September 30, 2017, our total indebtedness was \$8.4 billion, and:

URNA and the guarantors of the New Notes had outstanding an aggregate of \$416 million of indebtedness secured by a first-priority lien outstanding and \$2.5 billion of borrowing capacity under the ABL Facility (net of outstanding letters of credit of \$39 million), subject to, among other things, their maintenance of a sufficient borrowing base under such facility;

URNA and the guarantors of the New Notes had outstanding an aggregate principal amount of \$1.0 billion of indebtedness secured on a second-priority lien basis under URNA's senior secured Notes (which are guaranteed by the guarantors); and

URNA and the guarantors of the New Notes had outstanding an aggregate of \$64 million of indebtedness under capital leases secured by assets that do not constitute collateral under the ABL Facility and URNA's senior secured New Notes.

Under the terms of the agreements governing our debt, we may incur significant amounts of additional secured indebtedness.

**USE OF PROCEEDS**

We will not receive any proceeds from the Exchange Offer. In consideration for issuing the New Notes, we will receive Old Notes from you in the same principal amount. The Old Notes surrendered in exchange for the New Notes will be retired and canceled and cannot be reissued. Accordingly, issuance of the New Notes will not result in any change in our indebtedness.

**THE EXCHANGE OFFER**

**Purpose and Effect of Exchange Offer**

We are offering to exchange \$750,000,000 aggregate principal amount of our outstanding 4.875% Senior Notes due 2028, issued on September 22, 2017 (the "Old Notes"), for an equivalent amount of new 4.875% Senior Notes due 2028 (the "New Notes"). The New Notes will have terms that are substantially identical to those of the Old Notes, other than the issue date and the mandatory redemption provisions applicable to the Old Notes relating to the Neff Acquisition. The mandatory redemption provisions of the Old Notes ceased to apply when the Neff Acquisition closed on October 2, 2017. The New Notes will be issued as additional senior debt securities under the indenture, dated August 11, 2017 (the "August 2017 Indenture"), governing our 4.875% Senior Notes due 2028 issued on August 11, 2017 (the "August 2017 Notes") and will have identical terms, be fungible with and be part of a single series of senior debt securities with \$925,000,000 principal amount of the August 2017 Notes. We refer to the August 2017 Notes and the New Notes together as the Notes. We refer to the exchange offer as the "Exchange Offer."

**Terms of the Exchange Offer**

Upon the terms and subject to the conditions set forth in this prospectus and the accompanying letter of transmittal, for each \$1,000 principal amount of Old Notes properly surrendered and not withdrawn before the expiration date of the Exchange Offer, we will issue \$1,000 principal amount of New Notes. Holders may tender some or all of their Old Notes pursuant to the Exchange Offer in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. The Exchange Offer is not conditioned upon any minimum aggregate principal amount of Old Notes being tendered.

The form and terms of the New Notes will be the same as the form and terms of the Old Notes except that:

the New Notes will have a different CUSIP number from the Old Notes;

the New Notes will be issued under a separate indenture (the August 2017 Indenture); and

the New Notes will not contain the special mandatory redemption provision related to the Neff Acquisition, which ceased to apply when the Neff Acquisition closed on October 2, 2017.

No interest will be paid in connection with the Exchange Offer. The New Notes will accrue interest from and including the last interest payment date on which interest has been paid on the Old Notes or, if no interest has been paid on the Old Notes, from August 11, 2017. Accordingly, the holders of Old Notes that are accepted for exchange will not receive accrued but unpaid interest on Old Notes at the time of tender. Rather, that interest will be payable on the New Notes delivered in exchange for the Old Notes on the first interest payment date after the Expiration Date.

Under existing SEC interpretations, the New Notes would generally be freely transferable after the Exchange Offer without further registration under the Securities Act, except that broker-dealers receiving the New Notes in the Exchange Offer will be subject to a prospectus delivery requirement with respect to their resale. This view is based on interpretations by the staff of the SEC in no-action letters issued to other issuers in exchange offers like this one. We have not, however, asked the SEC to consider this particular exchange offer in the context of a no-action letter. Therefore, the SEC might not treat it in the same way it has treated other exchange offers in the past. You will be relying on the no-action letters that the SEC has issued to third parties in circumstances that we believe are similar to ours. Based on these no-action letters, the following conditions must be met in order to receive freely transferable New Notes:

you must not be a broker-dealer that acquired the Old Notes from us or in market-making transactions or other trading activities;

Table of Contents

you must acquire the New Notes in the ordinary course of your business;

you must not be participating, and do not intend to participate, and have no arrangements or understandings with any person to participate, in the distribution of the New Notes within the meaning of the Securities Act; and

you must not be an affiliate of ours, as defined under Rule 405 of the Securities Act.

By tendering your Old Notes as described below in " *Procedures for Tendering*," you will be representing to us that you satisfy all of the above listed conditions. If you do not satisfy all of the above listed conditions you cannot rely on the position of the SEC set forth in the no-action letters referred to above, and you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a resale of the New Notes.

The SEC considers broker-dealers that acquired Old Notes directly from us, but not as a result of market-making activities or other trading activities, to be making a distribution of the New Notes if they participate in the Exchange Offer. Consequently, these broker-dealers must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a resale of the New Notes.

A broker-dealer that has bought Old Notes for market-making or other trading activities must comply with the prospectus delivery requirements of the Securities Act in order to resell any New Notes it receives for its own account in the Exchange Offer. The SEC has taken the position that broker-dealers may use this prospectus to fulfill their prospectus delivery requirements with respect to the New Notes.

Unless you are required to do so because you are a broker-dealer, you may not use this prospectus for an offer to resell, resale or other retransfer of New Notes. We are not making this Exchange Offer to, nor will we accept tenders for exchange from, holders of Old Notes in any jurisdiction in which the Exchange Offer or the acceptance of it would not be in compliance with the securities or blue sky laws of that jurisdiction.

Holders of New Notes do not have appraisal or dissenters' rights under state law or under the August 2017 Indenture in connection with the Exchange Offer. We intend to conduct the Exchange Offer in accordance with the applicable requirements of Regulation 14E under the Securities Exchange Act of 1934, as amended (the "Exchange Act").

**Expiration Date; Extensions; Amendments**

The Expiration Date for the Exchange Offer is 5:00 p.m., New York City time, on December 6, 2017, unless we extend the Expiration Date. We may extend this Expiration Date in our sole discretion. If we so extend the Expiration Date, the term "Expiration Date" shall mean the latest date and time to which we extend the Exchange Offer.

We reserve the right in our sole discretion:

to, prior to the Expiration Date, delay accepting any Old Notes;

to extend the Exchange Offer;

to terminate the Exchange Offer if, in our reasonable judgment, any of the conditions described below under " *Conditions to the Exchange Offer*" shall not have been satisfied; or

to amend the terms of the Exchange Offer in any way we determine.

We will give oral or written notice of any delay, extension or termination to the Exchange Agent. In addition, we will give, as promptly as practicable, oral or written notice regarding any delay in acceptance, extension or termination of the offer to the registered holders of Old Notes. If we amend

Table of Contents

the Exchange Offer in a manner that we determine to constitute a material change, or if we waive a material condition, we will promptly disclose the amendment or waiver in a manner reasonably calculated to inform the holders of Old Notes of the amendment or waiver, and extend the offer if required by law.

We intend to make public announcements of any delay in acceptance, extension, termination, amendment or waiver regarding the Exchange Offer prior to 9 a.m., New York City time, on the next business day after the previously scheduled Expiration Date.

**Conditions to the Exchange Offer**

We will not be required to accept for exchange, or to exchange New Notes for, any Old Notes, and we may terminate the Exchange Offer as provided in this prospectus at or before the Expiration Date, if:

any law, statute, rule or regulation shall have been proposed, adopted or enacted, or interpreted in a manner, which, in our reasonable judgment, would impair our ability to proceed with the Exchange Offer;

any action or proceeding is instituted or threatened in any court or by or before the SEC or any other governmental agency with respect to the Exchange Offer which, in our reasonable judgment, would impair our ability to proceed with the Exchange Offer;

we have not obtained any governmental approval which we, in our reasonable judgment, consider necessary for the completion of the Exchange Offer as contemplated by this prospectus;

any change, or any condition, event or development involving a prospective change, shall have occurred or be threatened in the general economic, financial, currency exchange or market conditions in the United States or elsewhere that, in our reasonable judgment, would impair our ability to proceed with the Exchange Offer;

any other change or development, including a prospective change or development, that, in our reasonable judgment, has or may have a material adverse effect on us, the market price of the August 2017 Notes, the New Notes or the Old Notes or the value of the Exchange Offer to us; or

there shall have occurred (i) any suspension or limitation of trading in securities generally on the New York Stock Exchange or the over-the-counter market; (ii) a declaration of a banking moratorium by United States Federal or New York authorities; or (iii) a commencement or escalation of a war or armed hostilities involving or relating to a country where we do business or other international or national emergency or crisis directly or indirectly involving the United States.

The conditions listed above are for our sole benefit and we may assert them regardless of the circumstances giving rise to any of these conditions. We may waive these conditions in our sole discretion in whole or in part at any time and from time to time. A failure on our part to exercise any of the above rights shall not constitute a waiver of that right, and that right shall be considered an ongoing right which we may assert at any time and from time to time.

If we determine in our reasonable judgment that any of the events listed above has occurred, we may, subject to applicable law:

refuse to accept any Old Notes and return all tendered Old Notes to the tendering holders and terminate the Exchange Offer;

extend the Exchange Offer and retain all Old Notes tendered before the expiration of the Exchange Offer, subject, however, to the rights of holders to withdraw these Old Notes; or

Table of Contents

waive unsatisfied conditions relating to the Exchange Offer and accept all properly tendered Old Notes which have not been withdrawn. If this waiver constitutes a material change to the Exchange Offer, we will disclose this change by means of a prospectus that will be distributed to the registered holders of the Old Notes. If the Exchange Offer would otherwise expire, we will extend the Exchange Offer for 5-10 business days, depending on how significant the waiver is and the manner of disclosure to registered holders.

Any determination by us concerning the above events will be final and binding.

In addition, we reserve the right in our sole discretion to purchase or make offers for any Old Notes that remain outstanding subsequent to the Expiration Date, and purchase Old Notes in the open market, in privately negotiated transactions or otherwise. The terms of any such purchases or offers may differ from the terms of the Exchange Offer.

**Procedures for Tendering**

Except in limited circumstances, only a DTC participant listed on a DTC securities position listing with respect to the Old Notes may tender Old Notes in the Exchange Offer. To tender Old Notes in the Exchange Offer:

you must instruct DTC and a DTC participant of your intention whether or not you wish to tender your Old Notes for New Notes; and

DTC participants in turn need to follow the procedures for book-entry transfer as set forth below under "*Book-Entry Transfer*" and in the letter of transmittal.

By tendering, you will make the representations described below under "*Representations on Tendering Old Notes*." In addition, each broker-dealer that receives New Notes for its account in the Exchange Offer, where the Old Notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of the New Notes. See "*Plan of Distribution*." The tender by a holder of Old Notes will constitute an agreement between that holder and us in accordance with the terms and subject to the conditions set forth in this prospectus and in the letter of transmittal.

*The transmission of an agent's message and all other required documents, as described under " Book-Entry Transfer," to the Exchange Agent is at the election and risk of the tendering holder of Old Notes. Instead of delivery by mail, we recommend that holders use an overnight or hand delivery service. In all cases, sufficient time should be allowed to assure timely delivery to the Exchange Agent prior to the Expiration Date. Delivery of documents to DTC in accordance with its procedures does not constitute delivery to the Exchange Agent.*

We will determine in our sole discretion all questions as to the validity, form, eligibility, including time of receipt, and acceptance and withdrawal of tendered Old Notes, and our determination shall be final and binding on all parties. We reserve the absolute right to reject any and all Old Notes not properly tendered or any Old Notes whose acceptance by us would, in the opinion of our counsel, be unlawful. We also reserve the right to waive any defects, irregularities or conditions of tender as to any particular Old Notes either before or after the Expiration Date. Our interpretation of the terms and conditions of the Exchange Date, including the instructions in the letter of transmittal, will be final and binding on all parties. Unless waived, holders must cure any defects or irregularities in connection with tenders of Old Notes within a period we determine. Although we intend to request the Exchange Agent to notify holders of defects or irregularities relating to tenders of Old Notes, neither we, the Exchange Agent nor any other person will have any duty or incur any liability for failure to give this notification. We will not consider tenders of Old Notes to have been made until these defects or irregularities have been cured or waived. The Exchange Agent will return any Old Notes that are not properly tendered and as to which the defects or irregularities have not been cured or waived to the

Table of Contents

tendering holders, unless otherwise provided in the letter of transmittal, promptly following the Expiration Date.

Each broker-dealer that receives New Notes for its own account in exchange for Old Notes, where such Old Notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such New Notes. See "*Plan of Distribution*."

**Book-Entry Transfer**

We understand that the Exchange Agent will make a request promptly after the date of this prospectus to establish accounts with respect to the Old Notes at DTC for the purpose of facilitating the Exchange Offer. Any financial institution that is a participant in DTC's system may make book-entry delivery of Old Notes by causing DTC to transfer such Old Notes into the Exchange Agent's DTC account in accordance with DTC's electronic Automated Tender Offer Program procedures for such transfer. The exchange of New Notes for tendered Old Notes will only be made after timely confirmation of book-entry transfer of the Old Notes into Exchange Agent's account and receipt by the Exchange Agent of an "agent's message" and all other required documents specified in the letter of transmittal.

The confirmation, agent's message and any other required documents must be received at the Exchange Agent's address listed below under "*Exchange Agent*" on or before 5:00 p.m., New York City time, on the Expiration Date of the Exchange Offer.

*As indicated above, delivery of documents to DTC in accordance with its procedures does not constitute delivery to the Exchange Agent.*

The term "agent's message" means a message, transmitted by DTC and received by the Exchange Agent and forming part of the confirmation of a book-entry transfer, which states that DTC has received an express acknowledgment from a participant in DTC tendering Old Notes stating the aggregate principal amount of Old Notes which have been tendered by the participant; that such participant has received an appropriate letter of transmittal and agrees to be bound by the terms of the letter of transmittal and the terms of the Exchange Offer; and that we may enforce such agreement against the participant.

Delivery of an agent's message will also constitute an acknowledgment from the tendering DTC participant that the representations contained in the letter of transmittal and described below under "*Representations on Tendering Old Notes*" are true and correct.

**Representations on Tendering Old Notes**

By surrendering Old Notes in the Exchange Offer, you will be representing that, among other things:

you are acquiring the New Notes issued in the Exchange Offer in the ordinary course of your business;

you are not participating, do not intend to participate and have no arrangement or understanding with any person to participate, in the distribution of the New Notes within the meaning of the Securities Act;

you are not an affiliate of ours, as defined in Rule 405 under the Securities Act;

you have full power and authority to tender, exchange, assign and transfer the Old Notes tendered;

Table of Contents

we will acquire good, marketable and unencumbered title to the Old Notes being tendered, free and clear of all security interests, liens, restrictions, charges, encumbrances, or other obligations relating to their sale or transfer, and not subject to any adverse claim, when the Old Notes are accepted by us; and

you acknowledge and agree that if you are a broker-dealer registered under the Exchange Act or you are participating in the Exchange Offer for the purpose of distributing the New Notes, you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a secondary resale of the New Notes, and you cannot rely on the position of the SEC's staff in their no-action letters.

If you are a broker-dealer and you will receive New Notes for your own account in exchange for Old Notes that were acquired as a result of market-making activities or other trading activities, you will be required to acknowledge in the letter of transmittal that you will comply with the prospectus delivery requirements of the Securities Act in connection with any resale of the New Notes. The letter of transmittal states that, by complying with their obligations, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act. See also "*Plan of Distribution*."

**Withdrawal of Tenders**

Your tender of Old Notes pursuant to the Exchange Offer is irrevocable except as otherwise provided in this section. You may withdraw tenders of Old Notes at any time prior to 5:00 p.m., New York City time, on the Expiration Date.

For a withdrawal to be effective for DTC participants, holders must comply with their respective standard operating procedures for electronic tenders and the Exchange Agent must receive an electronic notice of withdrawal from DTC.

Any notice of withdrawal must specify the name and number of the account at DTC to be credited with the withdrawn Old Notes and otherwise comply with the procedures of DTC. We will determine in our sole discretion all questions as to the validity, form and eligibility, including time of receipt, for such withdrawal notices, and our determination shall be final and binding on all parties. Any Old Notes so withdrawn will be deemed not to have been validly tendered for purposes of the Exchange Offer and no New Notes will be issued with respect to them unless the Old Notes so withdrawn are validly re-tendered. Any Old Notes which have been tendered but which are withdrawn or not accepted for exchange will be returned to the holder without cost to such holder promptly after withdrawal, rejection of tender or termination of the Exchange Offer. Properly withdrawn Old Notes may be re-tendered by following the procedures described above under "*Procedures For Tendering*" at any time prior to the Expiration Date.

**Exchange Agent**

We have appointed Wells Fargo Bank, National Association as exchange agent in connection with the Exchange Offer (the "Exchange Agent"). In such capacity, the Exchange Agent has no fiduciary duties to the holders of the New Notes and will be acting solely on the basis of our directions. Holders should direct questions, requests for assistance and for additional copies of this prospectus or the letter of transmittal to the Exchange Agent addressed as follows:

Wells Fargo Bank, N.A.  
Corporate Trust Operations  
MAC N9300-070  
600 South Fourth Street  
Minneapolis, MN 55402  
1-800-344-5128

**Fees and Expenses**

The expense of soliciting tenders pursuant to the Exchange Offer will be borne by us.

We have not retained any dealer-manager in connection with the Exchange Offer and we will not make any payments to brokers, dealers or other persons soliciting acceptances of the Exchange Offer. We will, however, pay the Exchange Agent reasonable and customary fees for its services and will reimburse it for its related reasonable out-of-pocket expenses. We may also pay brokerage houses and other custodians, nominees and fiduciaries the reasonable out-of-pocket expenses incurred by them in forwarding copies of this prospectus, letters of transmittal and related documents to the beneficial owners of the Old Notes and in handling or forwarding tenders for exchange.

Holders who tender their Old Notes for exchange will not be obligated to pay any transfer taxes. If, however, a transfer tax is imposed for any reason other than the exchange of Old Notes in connection with the Exchange Offer, then the tendering holder must pay the amount of any transfer taxes due, whether imposed on the registered holder or any other persons. If the tendering holder does not submit satisfactory evidence of payment of these taxes or exemption from them with the letter of transmittal, the amount of these transfer taxes will be billed directly to the tendering holder.

**Consequences of Failure to Properly Tender Old Notes in the Exchange**

We will issue the New Notes in exchange for Old Notes under the Exchange Offer only after timely confirmation of book-entry transfer of the Old Notes into the Exchange Agent's account and timely receipt by the Exchange Agent of an agent's message and all other required documents specified in the letter of transmittal. Therefore, holders of the Old Notes desiring to tender Old Notes in exchange for New Notes should allow sufficient time to ensure timely delivery. We are under no duty to give notification of defects or irregularities of tenders of Old Notes for exchange or waive any such defects or irregularities. Old Notes that are not tendered or that are tendered but not accepted by us will, following completion of the Exchange Offer, continue to be subject to the existing restrictions upon transfer under the Securities Act.

Participation in the Exchange Offer is voluntary.

To the extent that Old Notes are tendered and accepted in connection with the Exchange Offer, any trading market for remaining Old Notes could be adversely affected.

**Neither we nor our board of directors make any recommendation to holders of Old Notes as to whether to tender or refrain from tendering all or any portion of their Old Notes pursuant to the Exchange Offer. Moreover, no one has been authorized to make any such recommendation. Holders of Old Notes must make their own decision whether to tender pursuant to the Exchange Offer and, if so, the aggregate amount of Old Notes to tender, after reading this prospectus and the letter of transmittal and consulting with their advisors, if any, based on their own financial position and requirements.**

Table of Contents

**DESCRIPTION OF THE NEW NOTES**

We will issue the 4.875% Senior Notes due 2028 (the "New Notes") under the indenture (the "Indenture"), dated as of August 11, 2017, among us, the Guarantors and Wells Fargo Bank, National Association, as trustee (the "Trustee"). The Indenture governs \$925,000,000 principal amount of our 4.875% Senior Notes due 2028 issued on August 11, 2017 (the "August 2017 Notes" and, together with the New Notes, the "Notes").

The terms of the New Notes will be identical to those of the August 2017 Notes and will include those terms expressly set forth in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended (the "Trust Indenture Act"). The following description is a summary of the material provisions of the New Notes and the Indenture and does not purport to be complete. This summary is subject to and is qualified by reference to all of the provisions of the New Notes and the Indenture, including the definitions of certain terms used in the Indenture. We urge you to read these documents because they, and not this description, define your rights as a holder of the New Notes. Copies of the Indenture are available as set forth below under " *Additional Information.*"

Certain terms used in this description are defined under the caption " *Certain Definitions.*" Defined terms used in this description but not defined under " *Certain Definitions*" will have the meanings assigned to them in the Indenture. Unless the context otherwise requires, references to "New Notes" include the New Notes offered hereby and any Additional New Notes (as defined below). In this description, the words "Company," "we" and "our" refer only to United Rentals (North America), Inc. and not to any of its subsidiaries.

**Old Notes and New Notes Will Not Represent Same Debt**

The New Notes will be issued solely in exchange for an equal principal amount of Old Notes pursuant to the Exchange Offer. However, the New Notes are being issued as additional August 2017 Notes and will not be entitled to the benefits of the indenture governing the Old Notes nor treated as a single class of debt securities with the Old Notes. The New Notes will be entitled to the benefits of the Indenture and will have identical terms, be fungible with and be part of a single series of senior debt securities with the August 2017 Notes. If the Exchange Offer is consummated, holders of the Old Notes who do not exchange their Old Notes for New Notes will not vote together with holders of the New Notes.

**Brief Description of the Notes**

The Notes will be:

general unsecured obligations of the Company;

*pari passu* in right of payment with all existing and future senior Indebtedness of the Company;

effectively junior to all of the Company's existing and future secured Indebtedness to the extent of the value of the collateral securing such Indebtedness;

senior in right of payment to any existing and future Subordinated Indebtedness of the Company; and

guaranteed by Holdings and the Subsidiary Guarantors.

The Company's Subsidiaries, with limited exceptions, are "Restricted Subsidiaries." As of and for the nine months ended September 30, 2017 the Unrestricted Subsidiaries represented 7% of Holdings' total assets and had no revenue. Under the circumstances described below in the definition of "Unrestricted Subsidiary," the Company will be permitted to designate certain of its other Subsidiaries as "Unrestricted Subsidiaries." The Company's Unrestricted Subsidiaries will not be subject to many of

Table of Contents

the restrictive covenants in the Indenture. The Company's Unrestricted Subsidiaries will not guarantee the Notes.

As of September 30, 2017, on an as adjusted basis, after giving effect to the issuance of the New Notes and the related guarantees (the "Guarantees"), the New Notes would have ranked (1) equally in right of payment with approximately \$5.6 billion principal amount of our other senior unsecured obligations, comprised of \$225 million principal amount of 7<sup>5</sup>/<sub>8</sub>% Senior Notes due 2022, \$850 million principal amount of 5<sup>3</sup>/<sub>4</sub>% Senior Notes due 2024, \$750 million principal amount of 4<sup>5</sup>/<sub>8</sub>% Senior Notes due 2025, \$800 million principal amount of 5<sup>1</sup>/<sub>2</sub>% Senior Notes due 2025, \$1.0 billion principal amount of 5<sup>7</sup>/<sub>8</sub>% Senior Notes due 2026, \$1.0 billion principal amount of 5<sup>1</sup>/<sub>2</sub>% Senior Notes due 2027 and \$925 million principal amount of the August 2017 Notes; (2) effectively junior to approximately \$1.5 billion of our secured obligations, comprised of (i) \$305 million of our outstanding borrowings under the Credit Agreement (excluding \$2.5 billion of additional borrowing capacity, net of outstanding letters of credit of \$39 million), (ii) \$1.0 billion principal amount of the Secured Notes, (iii) our guarantee obligations in respect of \$111 million of the outstanding borrowings of our Subsidiary Guarantors under the Credit Agreement, (iv) \$55 million in capital leases and (v) our guarantee obligations in respect of \$7 million of capital leases of our Subsidiary Guarantors; and (3) effectively junior to (i) \$667 million of indebtedness of our special purpose vehicle in connection with the Existing Securitization Facility, (ii) \$5 million of capital leases of our Subsidiaries that are not Guarantors and (iii) \$2 million of capital leases of Holdings. Most of our U.S. receivable assets have been sold to our special purpose vehicle in connection with our Existing Securitization Facility (the accounts receivable in the collateral pool being the lenders' only source of payment under that facility).

**Principal, Maturity and Interest**

The Company will issue the New Notes in this offering in an aggregate principal amount of \$750 million. The New Notes are being issued as additional August 2017 Notes. The Notes will mature on January 15, 2028. The Company will be permitted to issue additional Notes under the Indenture (the "Additional New Notes"). The August 2017 Notes, the New Notes offered hereby and any Additional New Notes will rank equally and be treated as a single class for all purposes of the Indenture, including waivers, amendments, redemptions and offers to purchase. Interest on the Notes will accrue at the rate of 4.875% per annum and will be payable semiannually in arrears on January 15 and July 15 of each year, to the holders of record of Notes at the close of business on January 1 and July 1, respectively, immediately preceding such interest payment date, except that the last payment of interest will be made on January 15, 2028, to the holders of record of Notes at the close of business on January 1, 2028. The first interest payment with respect to the Notes will be made on January 15, 2018.

Interest on the Notes will accrue from the most recent date to which interest has been paid or, if no interest has been paid, from the date of the Indenture. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

The New Notes will be issued only in registered form without coupons, in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. Principal of, premium, if any, and interest on the Notes will be payable, and the Notes will be transferable, at the designated corporate trust office or agency of the Trustee in the City of New York maintained for such purposes. In addition, interest may be paid at the option of the Company by check mailed to the person entitled thereto as shown on the security register. No service charge will be made for any transfer, exchange or redemption of the Notes, except in certain circumstances for any tax or other governmental charge that may be imposed in connection therewith.

Initial settlement for the New Notes will be made in same-day funds. The Notes are expected to trade in the Same-Day Funds Settlement System of The Depository Trust Company ("DTC") until maturity, and secondary market trading activity for the Notes will therefore settle in same-day funds.

Table of Contents

**Guarantees**

Holdings and the Subsidiary Guarantors will fully and unconditionally guarantee, on a senior unsecured basis, jointly and severally, to each holder of the Notes and the Trustee under the Indenture, the full and prompt performance of the Company's obligations under the Indenture and such Notes, including the payment of principal of, premium, if any, and interest on the Notes. Subject to limited exceptions, the Subsidiary Guarantors are the current and future Domestic Restricted Subsidiaries of the Company, other than (unless otherwise determined by the Company) any Foreign Subsidiary Holding Company or Subsidiary of a Foreign Subsidiary.

The obligations of each Subsidiary Guarantor will be limited to the maximum amount which, after giving effect to all other contingent and fixed liabilities of such Subsidiary Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Subsidiary Guarantor in respect of the obligations of such other Subsidiary Guarantor under its guarantee or pursuant to its contribution obligations under the Indenture, will result in the obligations of such Subsidiary Guarantor under the guarantee not constituting a fraudulent conveyance or fraudulent transfer under federal or state law. See "*Risk Factors Risks Relating to the New Notes A guarantee by a subsidiary guarantor could be voided if the subsidiary guarantor fraudulently transferred the guarantee at the time it incurred the indebtedness, which could result in the holders of the New Notes being able to rely only on URNA and Holdings to satisfy claims.*"

Each Subsidiary Guarantor that makes a payment under its guarantee of the Notes will be entitled to a contribution from each other Guarantor of the Notes in an amount equal to such other Guarantor's pro rata portion of such payment based on the respective net assets of all the Guarantors at the time of such payment determined in accordance with GAAP (for purposes hereof, Holdings' net assets shall be those of all its consolidated Subsidiaries other than the Subsidiary Guarantors); *provided, however*, that during a Default, the right to receive payment in respect of such right of contribution shall be suspended until the payment in full of all guaranteed obligations under the Indenture.

Each guarantee of the Notes:

will be a general unsecured obligation of that Guarantor;

will be *pari passu* in right of payment with all existing and future senior Indebtedness of that Guarantor;

will be effectively junior to all of that Guarantor's existing and future secured Indebtedness to the extent of the value of the collateral securing such Indebtedness; and

will be senior in right of payment to any existing and future Subordinated Indebtedness of that Guarantor.

As of September 30, 2017, on an as adjusted basis, after giving effect to the issuance of the New Notes and the Guarantees, the Guarantees would have ranked (1) equally in right of payment with approximately \$5.6 billion of the Guarantors' other senior unsecured obligations, comprised of the Guarantors' guarantee obligations in respect of (a) \$225 million principal amount of 7<sup>5</sup>/<sub>8</sub>% Senior Notes due 2022, (b) \$850 million principal amount of 5<sup>3</sup>/<sub>4</sub>% Senior Notes due 2024, (c) \$750 million principal amount of 4<sup>5</sup>/<sub>8</sub>% Senior Notes due 2025, (d) \$800 million principal amount of 5<sup>1</sup>/<sub>2</sub>% Senior Notes due 2025, (e) \$1.0 billion principal amount of 5<sup>7</sup>/<sub>8</sub>% Senior Notes due 2026, (f) \$1.0 billion principal amount of 5<sup>1</sup>/<sub>2</sub>% Senior Notes due 2027 and (g) \$925 million principal amount of the August 2017 Notes; (2) effectively junior to approximately \$1.5 billion of the Guarantors' secured obligations, comprised of (i) the Guarantors' guarantee obligations in respect of \$305 million of our outstanding borrowings under the Credit Agreement, (ii) \$111 million of the outstanding borrowings of our Subsidiary Guarantors under the Credit Agreement, (iii) the Guarantors' guarantee obligations in respect of \$1.0 billion principal amount of the Secured Notes, (iv) the Guarantors' guarantee obligations in

Table of Contents

respect of \$55 million in our capital leases, (v) \$7 million of capital leases of our Subsidiary Guarantors and (vi) \$2 million of capital leases of Holdings; and (3) effectively junior to (i) \$667 million of indebtedness of our special purpose vehicle in connection with the Existing Securitization Facility and (ii) \$5 million of capital leases of our Subsidiaries that are not Guarantors.

The Subsidiaries that are not Guarantors accounted for \$223 million, or 8%, and \$158 million, or 7%, of our adjusted EBITDA for the year ended December 31, 2016 and the nine months ended September 30, 2017, respectively. The non-guarantor subsidiaries of URNA accounted for \$510 million, or 9%, and \$405 million, or 9%, of our total revenues for the year ended December 31, 2016 and the nine months ended September 30, 2017, respectively. The non-guarantor subsidiaries of URNA accounted for \$2.2 billion, or 16%, of our total assets, and \$829 million, or 7%, of our total liabilities at September 30, 2017.

The Indenture does not contain limitations on the amount of additional Indebtedness or preferred stock that the Company and its Subsidiaries may incur or issue. The amount of any such Indebtedness or preferred stock could be substantial and, subject to the limitations set forth in the covenants described under "*Certain Covenants Limitation on Liens*," any such Indebtedness may be secured Indebtedness.

The guarantee of a Subsidiary Guarantor will be released:

- (1) upon the sale or other disposition (including by way of consolidation or merger) of all of the Capital Stock of such Subsidiary Guarantor to a Person that is not (either before or after giving effect to such transaction) the Company or a Restricted Subsidiary; *provided* such sale or disposition is permitted by the Indenture;
- (2) upon the sale or disposition of all or substantially all the assets of such Subsidiary Guarantor (including by way of merger or consolidation) to a Person that is not (either before or after giving effect to such transaction) the Company or a Restricted Subsidiary; *provided* such sale or disposition is permitted by the Indenture;
- (3) upon the liquidation or dissolution of such Guarantor; *provided* that no Default or Event of Default shall occur as a result thereof or has occurred and is continuing;
- (4) upon Legal Defeasance, Covenant Defeasance or satisfaction and discharge of the Indenture;
- (5) if the Company properly designates any Restricted Subsidiary that is a Subsidiary Guarantor under the Indenture as an Unrestricted Subsidiary;
- (6) at the Company's request, during any Suspension Period; or
- (7) at such time as such Subsidiary Guarantor does not have any other Indebtedness outstanding that would have required such Subsidiary Guarantor to enter into a Guaranty Agreement pursuant to the covenant described under "*Certain Covenants Additional Subsidiary Guarantors*," except as a result of a payment in respect of such other Indebtedness by such Subsidiary Guarantor.

**Optional Redemption**

Except as set forth below, we will not be entitled to redeem the Notes at our option prior to January 15, 2023.

The Notes will be redeemable at our option, in whole or in part, at any time on or after January 15, 2023, at the redemption prices (expressed as percentages of principal amount) set forth below, plus accrued and unpaid interest, if any, to the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date), if

redeemed during the twelve-month period beginning on January 15 of each of the years indicated below:

Year	Redemption Price
2023	102.438%
2024	101.625%
2025	100.813%
2026 and thereafter	100.000%

In addition, at any time, or from time to time, on or prior to January 15, 2021, we may, at our option, use the net cash proceeds of one or more Equity Offerings to redeem up to an aggregate of 40.0% of the principal amount of the Notes at a redemption price equal to 104.875% of the principal amount of the Notes, plus accrued and unpaid interest, if any, thereon to the redemption date; *provided, however*, that (1) at least 50.0% of the aggregate principal amount of the Notes issued on the Issue Date (excluding Notes held by the Company and its Subsidiaries) remains outstanding immediately after the occurrence of such redemption and (2) the redemption occurs within 120 days of the consummation of any such Equity Offering.

Prior to January 15, 2023, we will be entitled at our option to redeem the Notes, in whole or in part, at a redemption price equal to 100% of the principal amount of the Notes plus the Applicable Premium as of, and accrued and unpaid interest, if any, to the redemption date (subject to the right of holders on the relevant record date to receive interest due on the relevant interest payment date).

**Mandatory Redemption**

The Company will not be required to make mandatory redemption or sinking fund payments with respect to the Notes.

**Selection and Notice of Redemption**

In the event that less than all of the Notes are to be redeemed at any time, selection of such Notes for redemption will be made on a pro rata basis (subject to the rules of DTC) unless otherwise required by law or applicable stock exchange requirements; *provided, however*, that such Notes shall only be redeemable in principal amounts of \$2,000 or an integral multiple of \$1,000 in excess thereof. Notice of redemption shall be delivered electronically or mailed by first-class mail to each holder of the Notes to be redeemed at its registered address, at least 10 but not more than 60 days before the redemption date, except that redemption notices may be delivered electronically or mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance or a satisfaction and discharge of the Notes.

Notices of redemption may be subject to the satisfaction of one or more conditions precedent established by us in our sole discretion. In addition, we may provide in any notice of redemption for the Notes that payment of the redemption price and the performance of our obligations with respect to such redemption may be performed by another Person.

If any Note is to be redeemed in part only, the notice of redemption that relates to such Note shall state the portion of the principal amount thereof to be redeemed. A Note in a principal amount equal to the unredeemed portion thereof will be issued in the name of the holder thereof upon surrender for cancellation of the original Note. Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest will cease to accrue on Notes or portions thereof called for redemption, unless we default in the payment of the redemption price.

**Change of Control**

Upon the occurrence of a Change of Control after the Issue Date, we shall be obligated to make an offer to purchase all of the then outstanding Notes (a "Change of Control Offer"), on a business day (the "Change of Control Purchase Date") not more than 60 nor less than 30 days following the delivery to each holder of the Notes of a notice of the Change of Control (a "Change of Control Notice"). The Change of Control Offer shall be at a purchase price in cash (the "Change of Control Purchase Price") equal to 101% of the principal amount thereof plus accrued and unpaid interest, if any, thereon to the Change of Control Purchase Date, subject to the rights of holders of the Notes on the relevant record date to receive interest due on the relevant interest payment date. We shall be required to purchase all Notes tendered pursuant to the Change of Control Offer and not withdrawn. The Change of Control Offer is required to remain open for at least 20 business days.

In order to effect such Change of Control Offer, we shall, not later than the 30th day after the Change of Control, deliver the Change of Control Notice to each holder of the Notes, which notice shall govern the terms of the Change of Control Offer and shall state, among other things, (i) that a Change of Control has occurred and that such holder has the right to require the Company to purchase such holder's Notes at the Change of Control Purchase Price, (ii) the date which shall be the Change of Control Purchase Date and (iii) the procedures that holders of the Notes must follow to accept the Change of Control Offer. The Company will comply with Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable to a Change of Control Offer and the repurchase of Notes pursuant thereto. The provisions described above that require the Company to make a Change of Control Offer following a Change of Control will be applicable whether or not any other provisions of the Indenture are applicable.

Notwithstanding anything to the contrary herein, a Change of Control Offer may be made in advance of a Change of Control, conditioned upon the consummation of such Change of Control, if a definitive agreement is in place for the Change of Control at the time the Change of Control Offer is made.

The Company will not be required to make a Change of Control Offer upon a Change of Control if (1) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by the Company and purchases all Notes properly tendered and not withdrawn under the Change of Control Offer or (2) notice of redemption for all outstanding Notes has been given pursuant to the Indenture as described above under the caption " *Optional Redemption*," unless and until there is a default in payment of the applicable redemption price.

The use of the term "all or substantially all" in provisions of the Indenture such as clause (b) of the definition of "Change of Control" and under " *Consolidation, Merger, Sale of Assets, etc.*" has no clearly established meaning under New York law (which governs the Indenture) and has been the subject of limited judicial interpretation in only a few jurisdictions. Accordingly, there may be a degree of uncertainty in ascertaining whether any particular transaction would involve a disposition of "all or substantially all" of the assets of a person, which uncertainty should be considered by prospective purchasers of Notes.

The provisions under the Indenture set forth above relating to the Company's obligations to make a Change of Control Offer may, prior to the occurrence of a Change of Control, be waived or modified with the consent of the holders of a majority in principal amount of the then outstanding Notes issued under the Indenture. Following the occurrence of a Change of Control, any change, amendment or modification in any material respect of the obligation of the Company to make and consummate a Change of Control Offer may only be effected with the consent of each holder of the Notes affected thereby. See " *Amendments and Waivers*."

**Certain Covenants**

*Effectiveness of Covenants.* The Indenture contains covenants including, among others, the covenants described below.

During any period of time that: (a) the Notes have Investment Grade Ratings from both Rating Agencies, and (b) no Default has occurred and is continuing under the Indenture (the occurrence of the events described in the foregoing clauses (a) and (b) being collectively referred to as a "Covenant Suspension Event"), the Company and its Restricted Subsidiaries will not be subject to either of the following provisions of the Indenture (collectively, the "Suspended Covenants"):

- (1) " Limitation on Restricted Payments"; and
- (2) " Additional Subsidiary Guarantors".

In the event that the Company and its Restricted Subsidiaries are not subject to the Suspended Covenants under the Indenture for any period of time as a result of the foregoing, and on any subsequent date (the "Reversion Date") one or both of the Rating Agencies withdraw their Investment Grade Rating or downgrade the rating assigned to the Notes below an Investment Grade Rating, then the Company and its Restricted Subsidiaries will thereafter again be subject to the Suspended Covenants under the Indenture with respect to future events.

The period of time between the occurrence of a Covenant Suspension Event and the Reversion Date is referred to in this description as the "Suspension Period." With respect to Restricted Payments made after the Reversion Date, the amount of Restricted Payments made since the Issue Date will be calculated as though the covenant described under the heading " *Limitation on Restricted Payments*" had been in effect during the Suspension Period. Any Subsidiary may be designated as an Unrestricted Subsidiary during the Suspension Period.

During the Suspension Period, the obligation to grant further guarantees will be suspended. Upon the Reversion Date, the obligation to grant guarantees pursuant to the covenant described under the heading " *Additional Subsidiary Guarantors*" will be reinstated (and the Reversion Date will be deemed to be the date on which any guaranteed Indebtedness was incurred for purposes of the covenant described under the heading " *Additional Subsidiary Guarantors*"). In addition, any guarantees that were terminated as described under " *Guarantees*" will be required to be reinstated promptly and in no event later than 30 days after the Reversion Date to the extent such guarantees would otherwise be required to be provided under the Indenture.

Notwithstanding that the Suspended Covenants may be reinstated, no Default or Event of Default will be deemed to have occurred as a result of any failure to comply with the Suspended Covenants during any Suspension Period and the Company and any Restricted Subsidiary will be permitted, following a Reversion Date, without causing a Default or Event of Default or breach of any of the Suspended Covenants (notwithstanding the reinstatement thereof) under the Indenture, to honor, comply with or otherwise perform any contractual commitments or obligations entered into during a Suspension Period following a Reversion Date and to consummate the transactions contemplated thereby.

There can be no assurance that the Notes will ever achieve or maintain Investment Grade Ratings.

*Limitation on Restricted Payments.* The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly:

- (a) declare or pay any dividend or make any other distribution or payment on or in respect of Capital Stock of the Company or any Restricted Subsidiary or make any payment to the direct or indirect holders (in their capacities as such) of Capital Stock of the Company or any Restricted Subsidiary (other than dividends or distributions payable solely in Capital Stock of

the Company (other than Redeemable Capital Stock) or in options, warrants or other rights to purchase Capital Stock of the Company (other than Redeemable Capital Stock)) (other than the declaration or payment of dividends or other distributions to the extent declared or paid to the Company or any Restricted Subsidiary);

- (b) purchase, redeem, defease or otherwise acquire or retire for value any Capital Stock of the Company or any options, warrants, or other rights to purchase any such Capital Stock of the Company or any direct or indirect parent of the Company (other than any such securities owned by the Company or a Restricted Subsidiary and any acquisition of Capital Stock deemed to occur upon the exercise of options if such Capital Stock represents a portion of the exercise price thereof); or
- (c) make any principal payment on, or purchase, defease, repurchase, redeem or otherwise acquire or retire for value, prior to any scheduled maturity, scheduled repayment, scheduled sinking fund payment or other Stated Maturity, any Subordinated Indebtedness (other than (A) any such Subordinated Indebtedness owned by the Company or a Restricted Subsidiary or (B) the purchase, repurchase, redemption, defeasance or other acquisition or retirement for value (collectively, for purposes of this clause (c), a "purchase") of Subordinated Indebtedness in anticipation of satisfying a sinking fund obligation, principal installment, final maturity or exercise of a right to put on a set scheduled date (but not including any put right in connection with a change of control event), in each case due within one year of the date of such purchase; *provided* that, in the case of any such purchase in anticipation of the exercise of a put right, at the time of such purchase, it is more likely than not, in the good faith judgment of the Board of Directors of the Company, that such put right would be exercised if such put right were exercisable on the date of such purchase),

(such payments described in the preceding clauses (a), (b) and (c) are collectively referred to as "Restricted Payments"), unless, immediately after giving effect to the proposed Restricted Payment (the amount of any such Restricted Payment, if other than cash, shall be the Fair Market Value of the asset(s) proposed to be transferred by the Company or such Restricted Subsidiary, as the case may be, pursuant to such Restricted Payment):

- (A) no Default or Event of Default shall have occurred and be continuing (or would result therefrom);
- (B) the Consolidated Fixed Charge Coverage Ratio of the Company and its Restricted Subsidiaries is at least 2.00:1.00; and
- (C) the aggregate amount of such Restricted Payment together with all other Restricted Payments (including the Fair Market Value of any non-cash Restricted Payments) declared or made since the Issue Date would not exceed the sum of (without duplication) of:
  - (1) 50.0% of the Consolidated Net Income of the Company accrued during the period (treated as one accounting period) from January 1, 2012 to the end of the Company's most recently ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment (or, if such aggregate cumulative Consolidated Net Income of the Company for such period shall be a deficit, minus 100% of such deficit);
  - (2) the aggregate net cash proceeds and the Fair Market Value of property or assets received by the Company as capital contributions to the Company after March 9, 2012 or from the issuance or sale of Capital Stock (excluding Redeemable Capital Stock of the Company) of the Company to any Person (other than an issuance or sale to a Subsidiary of the Company and other than an issuance or sale to an employee stock ownership plan or to a trust established by the Company or any of its Subsidiaries for the benefit of their employees) after March 9, 2012;

Table of Contents

- (3) the aggregate net cash proceeds received by the Company from any Person (other than a Subsidiary of the Company) upon the exercise of any options, warrants or rights to purchase shares of Capital Stock (other than Redeemable Capital Stock) of the Company; and
- (4) the aggregate net cash proceeds and the Fair Market Value of property or assets received after March 9, 2012 by the Company or any Restricted Subsidiary from any Person (other than a Subsidiary of the Company) for Indebtedness that has been converted or exchanged into or for Capital Stock (other than Redeemable Capital Stock) of the Company or Holdings (to the extent such Indebtedness was originally sold by the Company for cash), plus the aggregate amount of cash and the Fair Market Value of any property received by the Company or any Restricted Subsidiary (other than from a Subsidiary of the Company) in connection with such conversion or exchange.

None of the foregoing provisions will prohibit the following; *provided* that with respect to payments pursuant to clauses (i), (iv), (v), (vii), (ix), (xiv), (xv) and (xvi) below, no Default or Event of Default has occurred and is continuing:

- (i) the payment of any dividend or distribution within 60 days after the date of its declaration, if at the date of declaration such payment would be permitted by the first paragraph of this covenant;
- (ii) the making of any Restricted Payment in exchange for, or out of the net cash proceeds of, a substantially concurrent sale (other than to a Subsidiary of the Company) of Capital Stock of the Company (other than Redeemable Capital Stock) or from a substantially concurrent cash capital contribution to the Company; *provided, however*, that such cash proceeds are excluded from clause (C) of the first paragraph of this covenant;
- (iii) any redemption, repurchase, defeasance or other acquisition or retirement of Subordinated Indebtedness by exchange for, or out of the net cash proceeds of, a substantially concurrent issue and sale of Indebtedness of the Company which:
  - (1) has no scheduled principal payment prior to the 91st day after the Maturity Date; and
  - (2) has an Average Life to Stated Maturity greater than the remaining Average Life to Stated Maturity of the Notes issued under the Indenture;
- (iv) payments to purchase Capital Stock of the Company or Holdings from officers or directors of the Company or Holdings in an amount not to exceed the sum of (1) \$20.0 million plus (2) \$15.0 million multiplied by the number of calendar years that have commenced since March 9, 2012;
- (v) payments (other than those covered by clause (iv) above) to purchase Capital Stock of the Company or Holdings from management, employees or directors of the Company or any of its Subsidiaries, or their authorized representatives, upon the death, disability or termination of employment of such management, employees or directors, in aggregate amounts under this clause (v) not to exceed \$15.0 million in any fiscal year of the Company;
- (vi) [reserved];
- (vii) within 60 days after the consummation of a Change of Control Offer with respect to a Change of Control described under "*Change of Control*" above (including the purchase of the Notes tendered), any purchase or redemption of Subordinated Indebtedness or any Capital Stock of Holdings, the Company or any Restricted Subsidiaries required pursuant to the terms thereof as a result of such Change of Control at a purchase or redemption price not to exceed 101% of the outstanding principal amount or liquidation amount thereof, plus accrued and unpaid

such Investment would otherwise be permitted under the Indenture if made by the Company and such Investment is contributed or transferred by Holdings to the Company or a Restricted Subsidiary;

Any payments made pursuant to clauses (i), (xiv), (xv) or (xvi) of this paragraph shall be taken into account, and any payments made pursuant to other clauses of this paragraph shall be excluded, in calculating the amount of Restricted Payments pursuant to clause (C) of the first paragraph of this covenant.

Table of Contents

The Company, in its sole discretion, may classify any Restricted Payment as being made in part under one of the provisions of this covenant and in part under one or more other such provisions (or, as applicable, clauses), or reclassify any Restricted Payment made under one or more of the provisions of this covenant as being made under one or more other provisions (or, as applicable, clauses) of this covenant.

*Limitation on Liens.* The Company will not, and will not permit any Restricted Subsidiary to create, incur, assume or suffer to exist any Lien (the "Initial Lien") of any kind (except for Permitted Liens) securing any Indebtedness, unless the Notes are equally and ratably secured (except that Liens securing Subordinated Indebtedness shall be expressly subordinate to Liens securing the Notes to the same extent such Subordinated Indebtedness is subordinate to the Notes). Any Lien created for the benefit of the holders of the Notes pursuant to the preceding sentence shall provide by its terms that such Lien shall be automatically and unconditionally released and discharged upon the release and discharge of the Initial Lien.

For the purposes of determining compliance with, and the outstanding principal amount of Indebtedness secured by a Lien for purposes of, this covenant, (i) in the event that such Lien meets the criteria of more than one type of Permitted Lien, the Company, in its sole discretion, will classify, and may from time to time reclassify, such Lien and only be required to include the amount and type of Indebtedness secured by such Lien in one or a combination of Permitted Liens; *provided* that (i) Liens securing Indebtedness outstanding on the Issue Date under the Credit Agreement shall be treated as incurred pursuant to clause (b) of the definition of "Permitted Liens," and (ii) the Lien of any obligor securing such Indebtedness (or of any other Person who could have incurred such Lien under this covenant) shall be disregarded to the extent that such Lien secures the principal amount of such Indebtedness.

Except as provided in the following paragraph with respect to Liens securing Indebtedness denominated in a foreign currency, the amount of any Indebtedness secured by a Lien outstanding as of any date will be:

- (1) the accreted value of the Indebtedness, in the case of any Indebtedness issued with original issue discount;
- (2) the principal amount of the Indebtedness, in the case of any other Indebtedness; and
- (3) in respect of Indebtedness of another Person secured by a Lien on the assets of the specified Person, the lesser of:
  - (a) the Fair Market Value of such assets at the date of determination; and
  - (b) the amount of the Indebtedness of the other Person.

For purposes of determining compliance with any dollar-denominated restriction on the incurrence of Liens securing Indebtedness denominated in a foreign currency, the dollar-equivalent principal amount of such Indebtedness secured by Liens pursuant thereto shall be calculated based on the relevant currency exchange rate in effect on the date that such Indebtedness was incurred, in the case of term Indebtedness secured by Liens, or first committed, in the case of revolving credit Indebtedness secured by Liens; *provided* that (x) the dollar-equivalent principal amount of any such Indebtedness secured by Liens outstanding on the Issue Date shall be calculated based on the relevant currency exchange rate in effect on the Issue Date, (y) if such Indebtedness is incurred to refinance other Indebtedness denominated in a foreign currency (or in a different currency from such Indebtedness so being incurred), and such refinancing would cause the applicable dollar-denominated restriction on Liens to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness secured by Liens, calculated as described in the

Table of Contents

following sentence, does not exceed (i) the outstanding or committed principal amount (whichever is higher) of such Indebtedness being refinanced plus (ii) the aggregate amount of fees, underwriting discounts, premiums and other costs and expenses incurred in connection with such refinancing and (z) the dollar-equivalent principal amount of Indebtedness secured by Liens denominated in a foreign currency and incurred pursuant to a Credit Facility shall be calculated based on the relevant currency exchange rate in effect on, at the Company's option, (i) the Issue Date, (ii) any date on which any of the respective commitments under such Credit Facility shall be reallocated between or among facilities or subfacilities thereunder, or on which such rate is otherwise calculated for any purpose thereunder or (iii) the date of such incurrence. The principal amount of any Indebtedness secured by Liens incurred to refinance other Indebtedness, if incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such respective Indebtedness is denominated that is in effect on the date of such refinancing.

*Additional Subsidiary Guarantors.* The Company will cause each Domestic Restricted Subsidiary, other than (unless otherwise determined by the Company) any Foreign Subsidiary Holding Company or Subsidiary of a Foreign Subsidiary, that guarantees any Indebtedness of the Company or of any other Restricted Subsidiary incurred pursuant to the Credit Agreement to, within a reasonable time thereafter, execute and deliver to the Trustee a Guaranty Agreement pursuant to which such Domestic Restricted Subsidiary will guarantee payment of the Notes on the same terms and conditions as those set forth in the Indenture, subject to any limitations that apply to the guarantee of Indebtedness giving rise to the requirement to guarantee the Notes. This covenant shall not apply to any of the Company's Subsidiaries that have been properly designated as an Unrestricted Subsidiary.

*Reporting Requirements.* For so long as the Notes are outstanding, whether or not the Company is subject to Section 13(a) or 15(d) of the Exchange Act, or any successor provision thereto, the Company shall file with the SEC (if permitted by SEC practice and applicable law and regulations) the annual reports, quarterly reports and other documents which the Company would have been required to file with the SEC pursuant to such Section 13(a) or 15(d) or any successor provision thereto if the Company were so subject, such documents to be filed with the SEC on or prior to the respective dates (the "Required Filing Dates") by which the Company would have been required so to file such documents if the Company were so subject. If, notwithstanding the preceding sentence, filing such documents by the Company with the SEC is not permitted by SEC practice or applicable law or regulations, the Company shall transmit (or cause to be transmitted) electronically or by mail to all holders of the Notes, as their names and addresses appear in the Note register, copies of such documents within 30 days after the Required Filing Date (or make such documents available on a website maintained by the Company or Holdings).

**Consolidation, Merger, Sale of Assets, etc.**

The Company will not, directly or indirectly, in any transaction or series of transactions, merge or consolidate with or into, or sell, assign, convey, transfer, lease or otherwise dispose of all or substantially all of its properties and assets as an entirety to, any Person or Persons, and the Company will not permit any Restricted Subsidiary to enter into any such transaction or series of transactions if such transaction or series of transactions, in the aggregate, would result in a sale, assignment, conveyance, transfer, lease or other disposition of all or substantially all of the properties and assets of the Company or the Company and its Restricted Subsidiaries, taken as a whole, to any other person or persons, unless at the time and after giving effect thereto:

- (a) either:
  - (i) if the transaction or transactions is a merger or consolidation, the Company or such Restricted Subsidiary, as the case may be, shall be the surviving person of such merger or consolidation; or

Table of Contents

- (ii) the Person formed by such consolidation or into which the Company, or such Restricted Subsidiary, as the case may be, is merged or to which the properties and assets of the Company or such Restricted Subsidiary, as the case may be, substantially as an entirety, are transferred (any such surviving person or transferee person being the "Surviving Entity") shall be a corporation organized and existing under the laws of the United States of America, any state thereof or the District of Columbia and shall expressly assume pursuant to a supplemental indenture and such other necessary agreements reasonably satisfactory to the Trustee all the obligations of the Company or such Restricted Subsidiary, as the case may be, under the Notes and the Indenture; and
- (b) immediately after giving effect to such transaction or series of transactions on a pro forma basis (including, without limitation, any Indebtedness incurred or anticipated to be incurred in connection with or in respect of such transaction or series of transactions), no Default or Event of Default shall have occurred and be continuing.

In connection with any consolidation, merger, transfer, lease, assignment or other disposition contemplated hereby, the Company shall deliver, or cause to be delivered, to the Trustee, in form and substance reasonably satisfactory to the Trustee, an officers' certificate and an opinion of counsel, each stating that such consolidation, merger, transfer, lease, assignment or other disposition and the supplemental indenture in respect thereof comply with the requirements under the Indenture.

Upon any consolidation or merger, or any sale, assignment, conveyance, transfer, lease or disposition of all or substantially all of the properties and assets of the Company in accordance with the immediately preceding paragraphs, the successor person formed by such consolidation or into which the Company or a Restricted Subsidiary, as the case may be, is merged or the successor person to which such sale, assignment, conveyance, transfer, lease or disposition is made shall succeed to, and be substituted for, and may exercise every right and power of the Company under the Notes and the Indenture with the same effect as if such successor had been named as the Company in the Notes and the Indenture and, except in the case of a lease, the Company or such Restricted Subsidiary shall be released and discharged from its obligations thereunder.

The Indenture provides for all purposes of the Indenture and the Notes (including the provision of this covenant and the covenants described in " *Certain Covenants Limitation on Restricted Payments*" and " *Certain Covenants Limitation on Liens*"), Subsidiaries of any surviving person shall, upon such transaction or series of related transactions, become Restricted Subsidiaries unless and until designated as Unrestricted Subsidiaries, and all Liens on property or assets, of the Company and the Restricted Subsidiaries in existence immediately after such transaction or series of related transactions will be deemed to have been incurred upon such transaction or series of related transactions.

**Events of Default**

The following are "Events of Default" under the Indenture:

- (i) default in the payment of the principal of or premium, if any, when due and payable, on any of the Notes (at Stated Maturity, upon optional redemption, required purchase or otherwise);
- (ii) default in the payment of an installment of interest, if any, on any of the Notes, when due and payable, for 30 days;
- (iii) default in the performance of, or breach of, the provisions set forth under " *Consolidation, Merger, Sale of Assets, etc.*";
- (iv) failure to comply with any of its obligations in connection with a Change of Control (other than a default with respect to the failure to purchase the Notes), for a period of 30 days after

written notice of such failure has been given to the Company by the Trustee or the holders of at least 25.0% in aggregate principal amount of the outstanding Notes;

- (v) default in the performance of, or breach of, any covenant or agreement of the Company or the Guarantors under the Indenture (other than a default in the performance or breach of a covenant or agreement which is specifically dealt with in clause (i), (ii), (iii) or (iv)) and such default or breach shall continue for a period of 60 days after written notice has been given, by certified mail:
  - (x) to the Company by the Trustee; or
  - (y) to the Company and the Trustee by the holders of at least 25.0% in aggregate principal amount of the outstanding Notes;
- (vi) default or defaults under one or more agreements, instruments, mortgages, bonds, debentures or other evidences of Indebtedness under which the Company or any Restricted Subsidiary then has outstanding Indebtedness in excess of \$150.0 million, in each case, either individually or in the aggregate, and either:
  - (a) such Indebtedness is already due and payable in full; or
  - (b) such default or defaults have resulted in the acceleration of the maturity of such Indebtedness; *provided* that no Default or Event of Default will be deemed to occur with respect to any such accelerated Indebtedness that is paid or is otherwise acquired or retired within 20 business days after such acceleration;
- (vii) one or more judgments, orders or decrees of any court or regulatory or administrative agency of competent jurisdiction for the payment of money in excess of \$150.0 million, in each case, either individually or in the aggregate, shall be entered against the Company or any Restricted Subsidiary or any of their respective properties and shall not be discharged and there shall have been a period of 90 days after the date on which any period for appeal has expired and during which a stay of enforcement of such judgment, order or decree, shall not be in effect;
- (viii) the entry of a decree or order by a court having jurisdiction in the premises:
  - (a) for relief in respect of the Company or any Significant Subsidiary in an involuntary case or proceeding under the Federal Bankruptcy Code or any other federal, state or foreign bankruptcy, insolvency, reorganization or similar law;
  - (b) adjudging the Company or any Significant Subsidiary bankrupt or insolvent, or seeking reorganization, arrangement, adjustment or composition of or in respect of the Company or any Significant Subsidiary under the Federal Bankruptcy Code or any other similar federal, state or foreign law, or appointing a custodian, receiver, liquidator, assignee, trustee, sequestrator (or other similar official) of the Company or any Significant Subsidiary or of any substantial part of any of their properties, or ordering the winding-up or liquidation of any of their affairs, and the continuance of any such decree or order unstayed and in effect for a period of 60 consecutive days;
- (ix) the institution by the Company or any Significant Subsidiary of a voluntary case or proceeding under the Federal Bankruptcy Code or any other similar federal, state or foreign law or any other case or proceedings to be adjudicated a bankrupt or insolvent, or the consent by the Company or any Significant Subsidiary to the entry of a decree or order for relief in respect of the Company or any Significant Subsidiary in any involuntary case or proceeding under the Federal Bankruptcy Code or any other similar federal, state or foreign law or to the institution of bankruptcy or insolvency proceedings against the Company or any Significant Subsidiary, or the filing by the Company or any Significant Subsidiary of a petition or answer

seeking reorganization or relief under the Federal Bankruptcy Code or any other similar federal, state or foreign law, or the consent by it to the filing of any such petition or to the appointment of or taking possession by a custodian, receiver, liquidator, assignee, trustee or sequestrator (or other similar official) of any of the Company or any Significant Subsidiary or of any substantial part of its property, or the making by it of an assignment for the benefit of creditors, or the admission by it in writing of its inability to pay its debts generally as they become due; or

- (x) any of the guarantees of the Notes by a Guarantor that is a Significant Subsidiary ceases to be in full force and effect or any of such guarantees is declared to be null and void and unenforceable or any of such guarantees is found to be invalid or any of the Guarantors denies its liability under its guarantee (other than by reason of release of a Guarantor in accordance with the terms of the Indenture) and such event continues for 10 business days.

If an Event of Default (other than those covered by clause (viii) or (ix) above with respect to the Company, any Restricted Subsidiary that is a Significant Subsidiary, or any group of Restricted Subsidiaries of the Company, that, taken together, would constitute a Significant Subsidiary) shall occur and be continuing, the Trustee, by notice to the Company, or the holders of at least 25.0% in aggregate principal amount of the Notes then outstanding, by notice to the Trustee and the Company, may declare the principal of, premium, if any, and accrued and unpaid interest, if any, on all of the outstanding Notes due and payable immediately. If an Event of Default specified in clause (viii) or (ix) above with respect to the Company, any Restricted Subsidiary that is a Significant Subsidiary, or any group of Restricted Subsidiaries of the Company, that, taken together, would constitute a Significant Subsidiary, occurs and is continuing, then the principal of, premium, if any, accrued and unpaid interest, if any, on all the outstanding Notes shall become and be immediately due and payable without any declaration or other act on the part of the Trustee or any holder of the Notes.

After a declaration of acceleration under the Indenture, but before a judgment or decree for payment of the money due has been obtained by the Trustee, the holders of a majority in aggregate principal amount of the outstanding Notes, by written notice to the Company and the Trustee, may rescind such declaration if:

- (a) the Company has paid or deposited with the Trustee a sum sufficient to pay:
  - (i) all sums paid or advanced by the Trustee under the Indenture and the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel;
  - (ii) all overdue interest on all the Notes;
  - (iii) the principal of and premium, if any, on any Notes which have become due otherwise than by such declaration of acceleration and interest thereon at the rate borne by the Notes; and
  - (iv) to the extent that payment of such interest is lawful, interest upon overdue interest and overdue principal at the rate borne by the Notes which has become due otherwise than by such declaration of acceleration;
- (b) the rescission would not conflict with any judgment or decree of a court of competent jurisdiction; and
- (c) all Events of Default, other than the non-payment of principal of and premium, if any, and interest on the Notes that has become due solely by such declaration of acceleration, have been cured or waived.

Table of Contents

The holders of a majority in aggregate principal amount of the outstanding Notes may on behalf of the holders of all the Notes waive any past defaults under the Indenture, except a default in the payment of the principal of and premium, if any, or interest on any Note, or in respect of a covenant or provision which under the Indenture cannot be modified or amended without the consent of the holder of each Note outstanding.

No holder of any of the Notes has any right to institute any proceeding with respect to the Indenture or any remedy thereunder, unless the holders of at least 25.0% in aggregate principal amount of the outstanding Notes have made written request to the Trustee, and offered indemnity satisfactory to the Trustee, to institute such proceeding as Trustee under the Notes and the Indenture, the Trustee has failed to institute such proceeding within 45 days after receipt of such notice and the Trustee, within such 45-day period, has not received directions inconsistent with such written request by holders of a majority in aggregate principal amount of the outstanding Notes. Such limitations do not apply, however, to a suit instituted by a holder of a Note for the enforcement of the payment of the principal of and premium, if any, or interest on such Note on or after the respective due dates expressed in such Note.

During the existence of an Event of Default, the Trustee is required to exercise such rights and powers vested in it under the Indenture and use the same degree of care and skill in its exercise thereof as a prudent person would exercise under the circumstances in the conduct of such person's own affairs. Subject to the provisions of the Indenture relating to the duties of the Trustee, whether or not an Event of Default shall occur and be continuing, the Trustee under the Indenture is not under any obligation to exercise any of its rights or powers under the Indenture at the request or direction of any of the holders of the Notes unless such holders shall have offered to the Trustee security or indemnity satisfactory to it. Subject to certain provisions concerning the rights of the Trustee, the holders of a majority in aggregate principal amount of the outstanding Notes have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee under the Indenture.

If a Default or an Event of Default occurs and is continuing and is known to the Trustee, the Trustee shall deliver to each holder of the Notes notice of the Default or Event of Default within 90 days after obtaining knowledge thereof. Except in the case of a Default or an Event of Default in payment of principal of and premium, if any, or interest on any Notes, the Trustee may withhold the notice to the holders of such Notes if the Trustee, in good faith, determines that withholding the notice is in the interest of the noteholders.

The Company is required to furnish to the Trustee annual statements as to the performance by the Company of its and its Restricted Subsidiaries' obligations under the Indenture and as to any default in such performance.

**No Liability for Certain Persons**

No director, officer, employee or stockholder of Holdings or the Company, nor any director, officer or employee of any Subsidiary Guarantor, as such, will have any liability for any obligations of the Company or any Guarantor under the Notes, the guarantees thereof or the Indenture based on or by reason of such obligations or their creation. Each holder by accepting a Note waives and releases all such liability. The foregoing waiver and release are an integral part of the consideration for the issuance of the Notes. Such waiver may not be effective to waive liabilities under the federal securities laws.

**Legal Defeasance and Covenant Defeasance**

The Company may at any time, at the option of its Board of Directors evidenced by a resolution set forth in an officers' certificate, elect to have all of its obligations discharged with respect to the

outstanding Notes and all obligations of the Guarantors discharged with respect to their guarantees of such Notes ("Legal Defeasance") except for:

- (1) the rights of holders of outstanding Notes to receive payments in respect of the principal of, or interest or premium, if any, on, such Notes when such payments are due from the trust referred to below;
- (2) the Company's obligations with respect to the Notes concerning issuing temporary Notes, registration of Notes, mutilated, destroyed, lost or stolen Notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (3) the rights, powers, trusts, duties and immunities of the Trustee, and the Company's and the Guarantors' obligations in connection therewith; and
- (4) the Legal Defeasance and Covenant Defeasance provisions of the Indenture.

In addition, the Company may, at its option and at any time, elect to have the obligations of the Company and the Guarantors released with respect to certain covenants (including its obligation to make Change of Control Offers) that are described in the Indenture ("Covenant Defeasance") and thereafter any omission to comply with those covenants will not constitute a Default or Event of Default with respect to the Notes. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under "*Events of Default*" will no longer constitute an Event of Default with respect to the Notes.

In order to exercise either Legal Defeasance or Covenant Defeasance:

- (1) the Company must irrevocably deposit with the Trustee, in trust, for the benefit of the holders of the Notes, cash in U.S. dollars, non-callable U.S. Government Obligations, or a combination of cash in U.S. dollars and non-callable U.S. Government Obligations, in amounts as will be sufficient, in the opinion of a nationally recognized investment bank, appraisal firm or firm of independent public accountants, to pay the principal of, or interest and premium, if any, on, the outstanding Notes on the stated date for payment thereof or on the applicable redemption date, as the case may be, and the Company must specify whether the Notes are being defeased to such stated date for payment or to a particular redemption date;
- (2) in the case of Legal Defeasance, the Company must deliver to the Trustee an opinion of counsel reasonably acceptable to the Trustee confirming that (a) the Company has received from, or there has been published by, the Internal Revenue Service a ruling or (b) since the date of the Indenture, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel will confirm that, the holders of the outstanding Notes will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;
- (3) in the case of Covenant Defeasance, the Company must deliver to the Trustee an opinion of counsel reasonably acceptable to the Trustee confirming that the holders of the outstanding Notes will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;
- (4) no Default or Event of Default has occurred and is continuing on the date of such deposit (other than a Default or Event of Default resulting from the borrowing of funds to be applied to such deposit) and the deposit will not result in a breach or violation of, or constitute a default under, any other instrument to which the Company or any Guarantor is a party or by which the Company or any Guarantor is bound;

Table of Contents

- (5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under, any material agreement or instrument (other than the Indenture) to which the Company or any of its Subsidiaries is a party or by which the Company or any of its Subsidiaries is bound;
- (6) the Company must deliver to the Trustee an officers' certificate stating that the deposit was not made by the Company with the intent of preferring the holders of the Notes over the other creditors of the Company with the intent of defeating, hindering, delaying or defrauding any creditors of the Company or others; and
- (7) the Company must deliver to the Trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

**Satisfaction and Discharge**

The Indenture will be discharged and will cease to be of further effect (except as to surviving rights or registration of transfer or exchange of the Notes as expressly provided for in the Indenture) as to all outstanding Notes when:

- (i) either:
  - (a) all the Notes theretofore authenticated and delivered (except lost, stolen or destroyed Notes which have been replaced or repaid and the Notes for whose payment money has theretofore been deposited in trust or segregated and held in trust by the Company and thereafter repaid to the Company or discharged from such trust) have been delivered to the Trustee for cancellation; or
  - (b) all the Notes not theretofore delivered to the Trustee for cancellation (except lost, stolen or destroyed Notes which have been replaced or paid) have become due and payable, will become due and payable at their stated maturity within one year, or will become due and payable within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Company, and the Company has irrevocably deposited or caused to be deposited with the Trustee funds in an amount sufficient to pay and discharge the entire Indebtedness on the Notes not theretofore delivered to the Trustee for cancellation, for principal of and premium, if any, and interest on the Notes to the date of deposit (in the case of the Notes that have become due and payable) or to the maturity or redemption date, as the case may be, together with irrevocable instructions from the Company directing the Trustee to apply such funds to the payment thereof at maturity or redemption, as the case may be;
- (ii) the Company has paid all other sums payable under the Indenture by the Company; and
- (iii) the Company has delivered to the Trustee an officers' certificate and an opinion of counsel stating that all conditions precedent under the Indenture relating to the satisfaction and discharge of such Indenture have been complied with.

**Amendments and Waivers**

From time to time, the Company and the Trustee may, without the consent of the holders of any of the outstanding Notes, amend, waive or supplement the Indenture, the Notes or the guarantees for certain specified purposes, including, among other things, curing ambiguities, omissions, mistakes, defects or inconsistencies, conforming any provision to any provision under the heading "*Description of the New Notes*," qualifying, or maintaining the qualification of, the Indenture under the Trust Indenture Act, making any change that does not adversely affect the rights of any holder of the Notes, adding

Guarantees or releasing or discharging Guarantees in accordance with the terms of the Indenture, providing for uncertificated Notes in addition to or in place of certificated Notes, making such provisions as necessary (as determined in good faith by the Company) for the issuance of Additional Notes or evidencing and providing for the acceptance and appointment under the Indenture of a successor Trustee pursuant to the requirements thereof. Other amendments and modifications of the Indenture, the Notes or the guarantees may be made by the Company and the Trustee with the consent of the holders of a majority of the aggregate principal amount of the outstanding Notes; *provided, however*, that no such modification or amendment may, without the consent of the holder of each outstanding Note affected thereby:

- (i) reduce the principal amount of, extend the fixed maturity of or alter the redemption provisions of, the Notes;
- (ii) change the currency in which any Notes or any premium, or the interest thereon is payable;
- (iii) reduce the percentage in principal amount of outstanding Notes that must consent to an amendment, supplement or waiver or consent to take any action under the Indenture or the Notes;
- (iv) impair the right to institute suit for the enforcement of any payment on or with respect to the Notes;
- (v) waive a default in payment with respect to the Notes;
- (vi) reduce or change the rate or time for payment of interest, if any, on the Notes; or
- (vii) modify or change any provision of the Indenture affecting the ranking of the Notes or any guarantee of the Notes in a manner adverse to the holders of the Notes.

**The Trustee**

The Indenture provides that, except during the continuance of an Event of Default, the Trustee thereunder will perform only such duties as are specifically set forth in the Indenture. If an Event of Default has occurred and is continuing, the Trustee will exercise such rights and powers vested in it under the Indenture and use the same degree of care and skill in its exercise as a prudent person would exercise under the circumstances in the conduct of such person's own affairs.

The Indenture and provisions of the Trust Indenture Act incorporated by reference therein contain limitations on the rights of the Trustee thereunder, should it become a creditor of the Company, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claims, as security or otherwise. The Trustee is permitted to engage in other transactions; *provided, however*, that if it acquires any conflicting interest (as defined in such Act) it must eliminate such conflict or resign.

We maintain banking and lending relationships in the ordinary course of business with the Trustee and its affiliates.

**Governing Law**

The Indenture and the Notes will be governed by the laws of the State of New York, without regard to the principles of conflicts of law.

**Book-Entry, Delivery and Form**

The Notes will be issued in the form of one or more registered global Notes (the "Global Notes"). The Global Notes will be deposited upon issuance with the Trustee as custodian for DTC, in New York, New York, and registered in the name of DTC or its nominee, in each case, for credit to an account of a direct or indirect participant in DTC as described below.

Except as set forth below, the Global Notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Notes may not be exchanged for definitive Notes in certificated form ("Certificated Notes") except in the limited circumstances described below. See " *Exchange of Global Notes for Certificated Notes.*" Except in the limited circumstances described below, owners of beneficial interests in the Global Notes will not be entitled to receive physical delivery of Notes in certificated form.

Transfers of beneficial interests in the Global Notes will be subject to the applicable rules and procedures of DTC and its direct or indirect participants, which may change from time to time.

**Depository Procedures**

The following description of the operations and procedures of DTC is provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. The Company takes no responsibility for these operations and procedures and urges investors to contact the system or their participants directly to discuss these matters.

DTC has advised the Company that DTC is a limited-purpose trust company created to hold securities for its participating organizations (collectively, the "Participants") and to facilitate the clearance and settlement of transactions in those securities between the Participants through electronic book-entry changes in accounts of its Participants. The Participants include securities brokers and dealers (including the underwriters), banks, trust companies, clearing corporations and certain other organizations. Access to DTC's system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (collectively, the "Indirect Participants"). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants.

The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

DTC has also advised the Company that, pursuant to procedures established by it:

- (1) upon deposit of the Global Notes, DTC will credit the accounts of the Participants designated by the underwriters with portions of the principal amount of the Global Notes; and
- (2) ownership of these interests in the Global Notes will be shown on, and the transfer of ownership of these interests will be effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interests in the Global Notes).

Investors in the Global Notes who are Participants in DTC's system may hold their interests therein directly through DTC. Investors in the Global Notes who are not Participants may hold their interests therein indirectly through organizations which are Participants in such system. All interests in a Global Note may be subject to the procedures and requirements of DTC. The laws of some states require that certain Persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Note to such Persons will be limited to that extent. Because DTC can act only on behalf of the Participants, which in turn act on

Table of Contents

behalf of the Indirect Participants, the ability of a Person having beneficial interests in a Global Note to pledge such interests to Persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Except as described below, owners of interests in the Global Notes will not have Notes registered in their names, will not receive physical delivery of the Notes in certificated form and will not be considered the registered owners or "holders" thereof under the Indenture for any purpose.

Payments in respect of the principal of, and interest and premium, if any on, a Global Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered holder under the Indenture. Under the terms of the Indenture, the Company and the Trustee will treat the Persons in whose names the Notes, including the Global Notes, are registered as the owners of the Notes for the purpose of receiving payments and for all other purposes. Consequently, neither the Company, the Trustee nor any agent of the Company or the Trustee has or will have any responsibility or liability for:

- (1) any aspect of DTC's records or any Participant's or Indirect Participant's records relating to or payments made on account of beneficial ownership interest in the Global Notes or for maintaining, supervising or reviewing any of DTC's records or any Participant's or Indirect Participant's records relating to the beneficial ownership interests in the Global Notes; or
- (2) any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised the Company that its current practice, upon receipt of any payment in respect of securities such as the Notes (including principal and interest), is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe that it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the relevant security as shown on the records of DTC. Payments by the Participants and the Indirect Participants to the beneficial owners of Notes will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the Trustee or the Company. Neither the Company nor the Trustee will be liable for any delay by DTC or any of the Participants or the Indirect Participants in identifying the beneficial owners of the Notes, and the Company and the Trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Transfers between Participants in DTC will be effected in accordance with DTC's procedures, and will be settled in same-day funds.

DTC has advised the Company that it will take any action permitted to be taken by a holder of the Notes only at the direction of one or more Participants to whose account DTC has credited the interests in the Global Notes and only in respect of such portion of the aggregate principal amount of the Notes as to which such Participant or Participants has or have given such direction. However, if there is an Event of Default under the Notes, DTC reserves the right to exchange the Global Notes for legended Notes in certificated form, and to distribute such Notes to its Participants.

None of the Company, the Trustee and any of their respective agents will have any responsibility for the performance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

**Exchange of Global Notes for Certificated Notes**

A Global Note is exchangeable for Certificated Notes if:

- (1) DTC (a) notifies the Company that it is unwilling or unable to continue as depository for the Global Notes or (b) has ceased to be a clearing agency registered under the Exchange Act and, in either case, the Company fails to appoint a successor depository;
- (2) the Company in its discretion at any time determines not to have all the Notes represented by Global Notes; or
- (3) a default entitling the holders of the Notes to accelerate the maturity thereof has occurred and is continuing.

Any Global Note that is exchangeable as above is exchangeable for certificated Notes issuable in authorized denominations and registered in such names as DTC shall direct.

**Same Day Settlement and Payment**

The Company will make payments in respect of the Notes represented by the Global Notes (including principal, premium, if any, and interest) by wire transfer of immediately available funds to the accounts specified by DTC or its nominee. The Company will make all payments of principal, interest and premium, if any, with respect to Certificated Notes by wire transfer of immediately available funds to the accounts specified by the holders of the Certificated Notes or, if no such account is specified, by mailing a check to each such holder's registered address. The Notes represented by the Global Notes are expected to be eligible to trade in DTC's Same-Day Funds Settlement System, and any permitted secondary market trading activity in such Notes will, therefore, be required by DTC to be settled in immediately available funds. The Company expects that secondary trading in any Certificated Notes will also be settled in immediately available funds.
