PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

To Be Held on Thursday, May 17, 2018

GENERAL INFORMATION

The enclosed proxy is solicited by the Board of Directors (the "Board") of Summit Materials, Inc. ("Summit Materials" or the "Company") for use at the Annual Meeting of Stockholders (the "Annual Meeting") to be held at 8:00 a.m., Eastern Time, on Thursday, May 17, 2018, at the offices of the Company's subsidiary, Hinkle Contracting Company, LLC, located at 101 Helm St., Suite 110, Lexington, Kentucky 40505, and at any adjournment or postponement thereof. Our principal executive offices are located at 1550 Wynkoop Street, 3rd Floor, Denver, Colorado 80202. This Proxy Statement is first being made available to our stockholders on or about March 30, 2018.

Outstanding Securities and Quorum

Only holders of record of our Class A Common Stock and Class B Common Stock (each such designation having par value \$0.01 per share) at the close of business on March 19, 2018, the record date, will be entitled to notice of, and to vote at, the Annual Meeting. On that date, we had 111,228,077 shares of Class A Common Stock outstanding and entitled to vote and 97 shares of Class B Common Stock outstanding and entitled to vote. Holders of shares of our Class A Common Stock and Class B Common Stock vote together as a single class on all matters on which stockholders are entitled to vote generally (except as may be required by law).

Each share of Class A Common Stock is entitled to one vote for each director nominee and one vote for each other item to be voted on at the Annual Meeting. All of the shares of our outstanding Class B Common Stock are currently held by our pre-initial public offering ("IPO") investors, including certain members of management or their family trusts that directly hold limited partnership interests (the "LP Units"). A holder of Class B Common Stock is entitled, without regard to the number of shares of Class B Common Stock held by such holder, to a number of votes that is equal to the aggregate number of LP Units held by such holder. As of the record date, the total number of LP Units to which the voting power of the Class B Common Stock relates was 3,332,266.

A majority of the voting power of Class A Common Stock and Class B Common Stock entitled to vote, present in person or represented by proxy, constitutes a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes will be included in determining the presence of a quorum at the Annual Meeting.

Internet Availability of Proxy Materials

We are furnishing proxy materials to some of our stockholders via the Internet by mailing a Notice of Internet Availability of Proxy Materials, instead of mailing printed copies of those materials. The Notice of Internet Availability of Proxy Materials directs stockholders to a website where they can access our proxy materials, including this Proxy Statement and our Annual Report on Form 10-K for the year ended

Table of Contents

December 30, 2017 (the "2017 Annual Report"), and view instructions on how to vote via the Internet or by telephone. If you received a Notice of Internet Availability of Proxy Materials and would prefer to receive a paper copy of our proxy materials, please follow the instructions included in the Notice of Internet Availability of Proxy Materials. If you elect to receive our future proxy materials electronically, you will receive access to those materials via e-mail unless and until you elect otherwise.

Proxy Voting

Shares that are properly voted via the Internet or by telephone or for which proxy cards are properly executed and returned will be voted at the Annual Meeting in accordance with the directions given or, in the absence of directions, will be voted in accordance with the Board's recommendations as follows: "FOR" the election of each of the nominees to the Board named herein; "FOR" the ratification of the appointment of our independent registered public accounting firm; and "FOR" the approval, on a nonbinding advisory basis, of the compensation of our named executive officers ("NEOs") as disclosed in this Proxy Statement. It is not expected that any additional matters will be brought before the Annual Meeting, but if other matters are properly presented, the persons named as proxies in the proxy card or their substitutes will vote in their discretion on such matters.

The manner in which your shares may be voted depends on how your shares are held. If you own shares of record, meaning that your shares are represented by certificates or book entries in your name so that you appear as a stockholder on the records of Broadridge Financial Solutions, Inc. ("Broadridge"), our stock transfer agent, you may vote by proxy, meaning you authorize individuals named in the proxy card to vote your shares. You may provide this authorization by voting via the Internet, by telephone or (if you have received paper copies of our proxy materials) by returning a proxy card. In these circumstances, if you do not vote by proxy or in person at the Annual Meeting, your shares will not be voted. If you own shares in street name, meaning that your shares are held by a bank, brokerage firm, or other nominee, you may instruct that institution on how to vote your shares. You may provide these instructions by voting via the Internet, by telephone, or (if you have received paper copies of proxy materials through your bank, brokerage firm, or other nominee) by returning a voting instruction form received from that institution.

Voting Standard

With respect to the election of directors (Item 1), a nominee for director shall be elected to the Board by a plurality of the votes cast in respect of the shares of common stock present in person or represented by proxy at the Annual Meeting and entitled to vote on the election of directors. A plurality vote requirement means that the director nominees with the greatest number of votes cast "FOR," even if less than a majority, will be elected. You may vote "FOR" or "WITHHOLD" with respect to each nominee. A withhold vote in the election of directors will have the same effect as an abstention. Neither a withhold vote nor a broker non-vote will affect the outcome of the election of directors. Broker non-votes occur when a person holding shares in street name, such as through a brokerage firm, does not provide instructions as to how to vote those shares and the broker lacks the authority to vote uninstructed shares at its discretion. Under current New York Stock Exchange ("NYSE") interpretations that govern broker non-votes, Items 1 and 3 are considered non-discretionary matters, and a broker will lack the authority to vote uninstructed shares at its discretion on such proposals. Item 2 is considered a discretionary matter, and a broker will be permitted to exercise its discretion to vote uninstructed shares on the proposal. This means that, if you do not provide voting instructions on Item 2, your broker may nevertheless vote your shares on your behalf with respect to the ratification of the appointment of KPMG as our independent registered public accounting firm for the fiscal year ending December 29, 2018, but cannot vote your shares on any other matters being considered at the Annual Meeting.

Table of Contents

For all matters proposed for a vote at the Annual Meeting other than the election of directors (Item 1), the affirmative vote of a majority of the voting power of common stock present in person or represented by proxy and entitled to vote on the matter is required to approve the matter. With respect to the ratification of the appointment of KPMG as our independent registered public accounting firm for the fiscal year ending December 29, 2018 (Item 2) and the nonbinding advisory vote on the compensation of our NEOs (Item 3), you may vote "FOR," "AGAINST," or "ABSTAIN." For these matters, abstentions are not counted as affirmative votes on a matter but are counted as present at the Annual Meeting and entitled to vote and will have the effect of a vote "against" the matter, and broker non-votes, if any, will have no effect on the outcome of these matters.

Voting via the Internet or by telephone helps save money by reducing postage and proxy tabulation costs.

If you are a representative of an entity that owns common stock of the Company, you must present a government-issued photo identification, evidence that you are the entity's authorized representative or proxyholder and, if the entity is a street name owner, proof of the entity's beneficial stock ownership as of the record date.

If you are not a stockholder, you will be entitled to admission only if you have a valid legal proxy from a record holder and a government-issued photo identification. Each stockholder may appoint only one proxyholder or representative to attend on his or her behalf.

You can find directions to the Annual Meeting at investors.summit-materials.com/FinancialDocs. Cameras, recording devices and other electronic devices are prohibited at the Annual Meeting.

Revocation

If you own common stock of record, you may revoke your proxy or change your voting instructions at any time before your shares are voted at the Annual Meeting by delivering to the Secretary of the Company a written notice of revocation or a duly executed proxy (via the Internet or telephone or by returning a proxy card) bearing a later date or by attending the Annual Meeting and voting in person. A stockholder owning common stock in street name may revoke or change voting instructions by contacting the bank, brokerage firm or other nominee holding the shares or by obtaining a legal proxy from such institution and voting in person at the Annual Meeting.

General

Director Independence Determination. Under our Corporate Governance Guidelines and the NYSE corporate governance rules for listed companies, a director is not independent unless the Board affirmatively determines that he or she does not have a direct or indirect material relationship with us or any of our subsidiaries. In addition, the director must meet the bright-line test for independence set forth by the NYSE rules. Our Corporate Governance Guidelines define independence in accordance with the independence definition in the current NYSE rules. Our Corporate Governance Guidelines require the Board to review the independence of all directors at least annually. In the event a director has a relationship with the Company that is relevant to his or her independence and is not addressed by the objective tests set forth in the NYSE independence definition, the Board will determine, considering all relevant facts and circumstances, whether such relationship is material.

Our Board has affirmatively determined that each of Messrs. Cantie, Gardner, Lance, Murphy, Simpkins and Wunning and Ms. Wade is independent under the guidelines for director independence set forth in the Corporate Governance Guidelines and under all applicable NYSE rules, including with respect to applicable committee membership. Our Board also has determined that each of the members of the Audit Committee, Messrs. Cantie, Gardner and Murphy and Ms. Wade, is "independent" for purposes of Section 10A(m)(3) of the Securities Exchange Act of 1934, as amended (the "Exchange Act").

In making its independence determinations, the Board considered and reviewed all information known to it, including information identified through annual directors' questionnaires.

Board Leadership. The Board directs and oversees the management of the business and affairs of the Company in a manner consistent with the best interests of the Company. The Board's responsibility is one of oversight, and in performing its oversight role, the Board serves as the ultimate decision-making body of the Company, except for those matters reserved to or shared with our stockholders.

In accordance with our Corporate Governance Guidelines, the Board selects the Company's Chairman and the Company's CEO in any way it considers in the best interests of the Company and, accordingly, does not have a policy on whether the roles of Chairman and CEO should be separate or combined and, if separate, whether the Chairman should be selected from the independent directors. We believe that the separation of the Chairman of the Board and CEO positions is appropriate corporate governance for us as this time. Accordingly, Mr. Lance serves as the Chairman of the Board while Mr. Hill serves as our CEO. Our Board believes that this structure best encourages the free and open dialogue of differing views and provides for strong checks and balances.

Executive Sessions and Communications with Directors. The Board's independent directors meet at regularly scheduled executive sessions without management present. Mr. Lance presides at executive sessions of independent directors.

Stockholders and other interested parties may communicate with the Board by writing to the Chief Legal Officer, Summit Materials, Inc., 1550 Wynkoop Street, 3rd Floor, Denver, Colorado 80202. Written communications may be addressed to the Chairman of the Board, the chairperson of any of the Audit, Corporate Governance and Nominating, and Compensation Committees, or to the non-management or independent directors as a group. The Chief Legal Officer will forward such communications to the appropriate party.

Risk Oversight. The Board exercises direct oversight of strategic risks to the Company. The Audit Committee reviews guidelines and policies governing the process by which senior management assesses and manages the Company's exposure to risk, including the Company's major financial and operational risk exposures and the steps management takes to monitor and control such exposures. The Compensation Committee oversees risks relating to the Company's compensation policies and practices. Each committee charged with risk oversight reports to the Board on those matters.

With respect to cybersecurity risk oversight, our Board and our Audit Committee receive updates from our information technology team to assess the primary cybersecurity risks facing the Company and the measures the Company is taking to mitigate such risks. In addition to such updates, our Board and our Audit Committee receive updates from management as to changes to the Company's cybersecurity risk profile or significant newly identified risks.

Board Meetings and Committees

The Board meets regularly during the year and holds special meetings and acts by unanimous written consent whenever circumstances require. During 2017, there were five meetings of the Board. Each director attended at least 75% of the aggregate of the total number of meetings of the Board (held during the period for which he or she was a director) and the total number of meetings held by all committees on which he or she served (during the periods that he or she served) during 2017. In addition, directors are expected to make every effort to attend any meetings of stockholders. All of our directors attended the 2017 Annual Meeting of Stockholders.

Director Nominations

The Nominating and Corporate Governance Committee identifies individuals believed to be qualified as candidates to serve on the Board and selects, or recommends that the Board select, the nominees for all directorships to be filled by the Board or by our stockholders at an annual or special meeting.

In identifying candidates for membership on the Board, the Committee takes into account all factors it considers appropriate, which may include:

individual qualifications, including strength of character, mature judgment, familiarity with the Company's business and industry, independence of thought and an ability to work collegially; and

all other factors the Committee considers appropriate, which may include age, diversity of background, existing commitments to other businesses, potential conflicts of interest with other pursuits, legal considerations such as antitrust issues, corporate governance background, various and relevant career experience, relevant technical skills, relevant business or government acumen, financial and accounting background, executive compensation background and the size, composition and combined expertise of the existing Board.

Although the Nominating and Corporate Governance Committee considers diversity of viewpoints, background and experiences, the Company does not have a formal diversity policy. The Committee also

may consider the extent to which the candidate would fill a present need on the Board. When evaluating whether to re-nominate existing directors, the Committee considers matters relating to the retirement of current directors, as well as the performance of such directors.

The Nominating and Corporate Governance Committee evaluates director candidates recommended by stockholders on the same basis as it considers other nominees. Any recommendation submitted to the Secretary should be in writing and should include any supporting material the stockholder considers appropriate in support of that recommendation, but must include information that would be required under the rules of the SEC to be included in a proxy statement soliciting proxies for the election of such candidate and the written consent of the candidate to serve as one of our directors, if elected. Stockholders wishing to propose a candidate for consideration may do so by submitting the above information to the attention of the Secretary, Summit Materials, Inc., 1550 Wynkoop Street, 3rd Floor, Denver, Colorado 80202. All recommendations for nomination received by the Secretary that satisfy the requirements of our Amended and Restated Bylaws (the "Bylaws") relating to such director nominations will be presented to the Nominating and Corporate Governance Committee for its consideration. ITEM 2 RATIFICATION OF APPOINTMENT OF KPMG LLP

Under the rules and regulations of the SEC, the NYSE and the Public Company Accounting Oversight Board (the "PCAOB"), the Audit Committee is directly responsible for the appointment, compensation, retention and oversight of our independent registered public accounting firm. In addition, the Audit Committee considers the independence of our independent registered public accounting firm and participates in the selection of the independent registered public accounting firm's lead engagement partner. The Audit Committee has appointed, and, as a matter of good corporate governance, is requesting ratification by our stockholders of the appointment of, the registered public accounting firm of KPMG to serve as independent registered public accounting firm for the fiscal year ending December 29, 2018. KPMG has served as our independent registered public accounting firm since 2012.

The Board and the Audit Committee believe that the continued retention of KPMG as the Company's independent registered public accounting firm is in the best interests of the Company and its stockholders. If stockholders do not ratify the selection of KPMG, the Audit Committee will evaluate the stockholder vote when considering the selection of a registered public accounting firm for the audit engagement for the 2018 fiscal year. In addition, even if stockholders ratify the selection of KPMG as independent registered public accounting firm, the Audit Committee may nevertheless periodically request proposals from the major registered public accounting firms and as a result of such process may select KPMG or another registered public accounting firm as our independent registered public accounting firm.

THE BOARD RECOMMENDS A VOTE "FOR" RATIFICATION OF THE APPOINTMENT OF KPMG AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 29, 2018.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Representatives of KPMG are expected to attend the Annual Meeting and will have an opportunity to make a statement and to respond to appropriate questions from stockholders.

Consistent with SEC and PCAOB requirements regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation for and overseeing the work of, the independent registered public accounting firm. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm.

Prior to engagement of the independent registered public accounting firm for the next year's audit, management will submit to the Audit Committee for approval a list of services and related fees expected to be rendered during that year within each of the following four categories of services:

Audit services include audit work performed on the financial statements and internal control over financial reporting, as well as work that generally only the independent registered public accounting firm can reasonably be expected to provide, including comfort letters, statutory audits and discussions surrounding the proper application of financial accounting and/or reporting standards.

Audit-Related services are for assurance and related services that are traditionally performed by the independent registered public accounting firm, including due diligence related to mergers and acquisitions, employee benefit plan audits and special procedures required to meet certain regulatory requirements.

All Other services are those services not captured in the Audit, Audit-Related or Tax categories.

Prior to engagement, the Audit Committee pre-approves independent registered public accounting firm services within each category and the fees of each category are budgeted. The Audit Committee requires the independent registered public accounting firm and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent registered public accounting firm for additional services not contemplated in the original pre-approval categories. In those instances, the Audit Committee requires specific pre-approval before engaging the independent registered public accounting firm.

The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting. All of the services in the table below were pre-approved by the Audit Committee.

AUDIT COMMITTEE REPORT

The Audit Committee reviews the Company's financial reporting process on behalf of the Board. Management has the primary responsibility for establishing and maintaining adequate internal control over financial reporting, for preparing the financial statements, and for the reporting process. The Audit Committee members do not serve as professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent registered public accounting firm. The Company's independent registered public accounting firm is engaged to audit and report on the conformity of the Company's financial statements to accounting principles generally accepted in the United States and the effectiveness of the Company's internal control over financial reporting.

In this context, the Audit Committee reviewed and discussed with management and the independent registered public accounting firm the audited financial statements for the year ended December 30, 2017 (the "Audited Financial Statements"), management's assessment of the effectiveness of the Company's internal control over financial reporting, and the independent registered public accounting firm's evaluation of the Company's system of internal control over financial reporting. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by Public Company Accounting Oversight Board (the "PCAOB") Auditing Standard No. 1301, *Communications with Audit Committees*. In addition, the Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with the independent registered public accounting firm its independence.

Based upon the reviews and discussions referred to above, the Audit Committee recommended to the Board that the Audited Financial Statements be included in the Company's Annual Report on Form 10-K for the year ended December 30, 2017, for filing with the Securities and Exchange Commission.

ITEM 3 NONBINDING ADVISORY VOTE ON THE COMPENSATION OF OUR NEOs

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act") and Section 14A of the Exchange Act, our stockholders are entitled to vote to approve, on a nonbinding advisory basis, the compensation of our NEOs, as disclosed in this Proxy Statement in accordance with SEC rules. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our NEOs and the philosophy, policies and practices described in this Proxy Statement. The compensation of our NEOs subject to the vote is disclosed in the Compensation Discussion and Analysis, the compensation tables, and the related narrative disclosure contained in this Proxy Statement. As discussed in those disclosures, we believe that our compensation policies and decisions are focused on pay-for-performance principles and are strongly aligned with our stockholders' interests. The compensation of our NEOs is designed to enable us to attract and retain talented and experienced executives to lead us successfully in a competitive environment. Accordingly, the Board is asking our stockholders to indicate their support for the compensation of our NEOs as disclosed in this Proxy Statement by casting a nonbinding advisory vote "FOR" the following resolution:

"RESOLVED, that the compensation paid to our NEOs, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables, and narrative disclosure, is hereby **APPROVED.**"

The Compensation Committee continually reviews the Company's performance and governance highlights to evaluate whether the goals of the executive compensation and benefits program are supported and whether such program serves the interests of the Company's stockholders. The Company's 2017 performance and governance practices include the following, as discussed in more detail in the Compensation Discussion and Analysis section of this Proxy Statement:

Highlights of our 2017 business achievements included the following:

- Full-year organic sales volumes of aggregates increased 3.4%.
- Full-year organic sales volumes of cement increased 5.8%.
- Full-year net income increased 331.2% to \$121.83 million.

Because the vote to approve the compensation of our NEOs is advisory, it is not binding on the Board or the Company. Nevertheless, the views expressed by our stockholders, whether through this vote or otherwise, are important to management and the Board and, accordingly, the Board and the Compensation Committee intend to consider the results of this vote in making determinations in the future regarding executive compensation arrangements. Nonbinding advisory approval of this proposal requires the vote of the holders of a majority of the voting power of the shares present in person or represented by proxy and entitled to vote on the matter at the Annual Meeting.

NONBINDING ADVISORY BASIS, OF THE COMPENSATION OF OUR NEOs, AS DISCLOSED IN

Pay for Performance

The Compensation Committee designs the executive compensation program to deliver pay in accordance with corporate, segment, safety and individual performance. A large percentage of total target compensation is at risk through long-term equity awards and annual cash incentive awards. These awards are linked to performance measures that correlate with long-term stockholder value creation. The mix of

total direct compensation at target for 2017 for our CEO and the average of our other NEOs is shown in the charts below.

Say-on-Pay Votes

In 2017, the Compensation Committee considered the outcome of the stockholder advisory vote on 2016 executive compensation when making decisions relating to the compensation of our NEOs and our executive compensation program and policies. Our stockholders voted at our 2017 annual meeting, in a nonbinding advisory vote, on the 2016 compensation paid to our NEOs. Our stockholders overwhelmingly (96%) approved the compensation of our NEOs. Based on the level of support, the Compensation Committee determined that stockholders generally support our compensation practices. The Compensation Committee intends to continue to consider the views of our stockholders when designing, reviewing and administering the Company's compensation programs and policies.

Compensation Decision Process

Role of the Compensation Committee

The Compensation Committee is responsible to our Board for oversight of our executive compensation program. The Compensation Committee is responsible for the review and approval of all aspects of our program.

Among its duties, the Compensation Committee is responsible for:

Assessing competitive market data from Aon, our independent compensation consultant (the "Independent Compensation Consultant")

Reviewing each NEO's performance in conjunction with competitive market data and, accordingly, approving compensation recommendations including, but not limited to, base salary, annual bonus, long-term incentives, and benefits/perquisites

Considering, recommending and approving incentive plan goals and achievement levels

Role of Management

Incorporating meaningful input from our stockholders, if applicable

For each NEO excluding himself, our CEO recommends to the Compensation Committee compensation levels for NEOs based on a review of market data and individual performance. The Compensation Committee reviews and discusses all recommendations prior to approval, then submits all recommendations to the Board for approval.

For the CEO, during executive session without the CEO present, the Compensation Committee is solely responsible for assessing performance and making compensation recommendations to the Board for approval. Management does not make compensation-related recommendations for the CEO.

Table of Contents

Role of the Independent Compensation Consultant

In 2017, the Compensation Committee retained the Independent Compensation Consultant in accordance with the Compensation Committee's charter. The Independent Compensation Consultant reports directly to the Compensation Committee. The Compensation Committee retains sole authority to hire or terminate the Independent Compensation Consultant, approve its fees, determine the nature and scope of services and evaluate the Independent Compensation Consultant's performance.

A representative of the Independent Compensation Consultant attends Compensation Committee meetings, as requested, and communicates with the Compensation Committee chair between meetings. The Compensation Committee makes all final decisions and recommendations.

The Independent Compensation Consultant's roles include, but are not limited, the following:

Advising the Compensation Committee on executive compensation trends and regulatory developments;

Developing a peer group of companies for determining competitive compensation amounts and practices;

Providing a total compensation study for executives against peer companies;

Providing advice to the Compensation Committee on governance best practices, as well as any other areas of concern or risk; and

Reviewing and commenting on proxy disclosure items, including the CD&A.

The Compensation Committee has assessed the independence of the Independent Compensation Consultant, considering all relevant factors, including those set forth in Rule 10C-1(b)(4)(i) through (vi) under the Securities Exchange Act of 1934, as amended. Based on this review, the Compensation Committee concluded that there are no conflicts of interest raised by the work performed by the Independent Compensation Consultant and that Aon is independent.

Role of Peer Companies and Competitive Market Data

In the Fall of 2016, to assist with 2017 compensation decisions, the Independent Compensation Consultant performed a competitive pay study. To develop competitive market values for the NEOs, the Independent Compensation Consultant developed, and the Compensation Committee approved, a peer group of 17 companies.

The peer group development criteria included:

Industry: Companies in the building products or construction materials industries

Company size: Approximately 0.4x to 3x times our annual revenues

ISS: Companies considered by Institutional Shareholder Services ("ISS") to be the Company's compensation peers and used in ISS' annual report regarding the Company

Peers of Peers: Companies used in the peer groups of potential peer companies

Competitors: Companies that compete with us for business and management talent

Consistency: Companies contained in the peer group in the prior year

The approved peer group had annual revenues which ranged from approximately \$600 million to \$3.8 billion, with median annual revenue of approximately \$1.9 billion and average annual revenue of approximately \$2.0 billion. Our 2016 annual revenue was approximately \$1.6 billion. The Independent Compensation Consultant developed size-adjusted market values (regression analysis) for each position using our annual revenue.

The size-adjusted 50th percentile for total compensation is a key reference point for the Compensation Committee. For positions where peer company proxy data was not available, the Independent Compensation Consultant utilized published and private compensation survey sources.

Timing of Compensation Decisions

Pay recommendations for our executives, including the NEOs, are typically made by the Compensation Committee at its first scheduled meeting of the fiscal year, typically held in February around the same time we report our fourth quarter and year-end financial results for the preceding fiscal year and provide our financial guidance for the upcoming year (the "February meeting"). This timing allows the Compensation Committee to have a complete financial performance picture prior to making compensation decisions.

Decisions with respect to prior year performance, as well as annual equity awards, base salary increases and target performance levels for the current year are typically made at the February meeting. Any equity awards recommended by the Compensation Committee at this meeting are reviewed by the Board and, if approved, are dated on the date of the Board meeting held later that day or the following day. As such, the Compensation Committee does not time the grants of equity incentives to the release of material non-public information. The exercise price of stock options is the closing price of our common stock on the date of grant.

The exception is grants to executives who are promoted or hired from outside the Company during the year. These executives may receive compensation changes or equity grants effective or dated, as applicable, as of the date of their promotion, hiring date, or other Board approval date.

Determination of CEO Compensation

At the February meeting, in executive session without the CEO present, the Compensation Committee also reviews and evaluates CEO performance, and determines performance achievement levels, for the prior fiscal year. The Compensation Committee also reviews competitive compensation data from the peer group companies. The Compensation Committee typically approves, or presents pay recommendations for the CEO to the Board, excluding the CEO, for approval. If applicable, during executive session, the Board conducts its own review and evaluation of the CEO's performance taking into consideration the recommendations of the Compensation Committee.

Compensation Elements

Base Salary

Annual base salaries compensate our executive officers for fulfilling the requirements of their respective positions and provide them with a level of cash income predictability and stability with respect to a portion of their total compensation. The Compensation Committee determines base salaries for the NEOs and other executives based on a number of factors, including but not limited to, the Compensation Committee's understanding of executive pay practices, individual performance, Company performance and management recommendations (except with respect to the CEO).

For 2017, based on a thorough review of competitive market data and internal alignment of total compensation opportunity, the Compensation Committee set the base salaries set forth in the table below. Mr. Brady's adjustment moved his salary closer to similar NEOs at peer companies. The 2017 base salaries for Messrs. Hill, Harris, Evans, and Rauh also reflect a one-time salary adjustment that was provided in

Table of Contents

connection with the elimination of substantially all perquisites in 2017. Mr. Brady did not previously receive significant perquisites.

	2017 Base Salary	2016 to 2017 Increase
Thomas W. Hill	\$ 826,956	3%
Michael J. Brady	425,000	11%
Brian J. Harris	550,000	6%
M. Shane Evans	420,787	5%
Douglas C. Rauh	550,000	6%

Annual Cash Incentives

Each NEO was eligible to earn an annual incentive under our Short-Term Incentive Plan (the "STIP") based upon the achievement of performance targets approved by the Board at the February meeting.

2017 Target Annual Incentive Award Opportunities. At the start of each fiscal year, the Board approves annual incentive compensation targets, as a percentage of base salary, based on the understanding of the Board of competitive executive pay practices, management's recommendations and other relevant factors. The 2017 annual incentive targets, as a percentage of base salary, for our NEOs were consistent with our 2016 targets and were as follows:

	Target Bonus
Thomas W. Hill	140%
Michael J. Brady	60%
Brian J. Harris	75%
M. Shane Evans	60%
Douglas C. Rauh	75%

2017 Annual Incentive Metrics. For corporate NEOs (Messrs. Hill, Brady, Harris and Rauh), the performance metrics approved for fiscal 2017 were (i) corporate earnings before interest, taxes, depreciation, depletion and amortization ("EBITDA"), as defined by the Board, which is defined as EBITDA, as adjusted to exclude accretion, loss on debt financings, tax receivable agreement expense, income from discontinued operations and certain non-cash and non-operating items plus the EBITDA contribution of certain recent acquisitions, (ii) operating cash flow, which approximates annual cash flow exceeding capital transactions and acquisitions, (iii) safety metrics, and (iv) personal objectives, which vary by individual. Mr. Brady was also subject to acquisition related metrics, including acquisition spend and acquisition EBITDA performance. For Mr. Evans, the approved performance metrics included (i) corporate EBITDA, (ii) segment EBITDA, (iii) segment cash flow, (iv) segment safety and (v) personal objectives. The Board has discretion to adjust the financial metrics to reflect merger, acquisition or divestiture activity during the fiscal year. In 2017, as further discussed below, the metrics were adjusted to reflect acquisitions completed during the year and the financial impact of Hurricane Harvey on the Company's operations.

(1) Mr. Evans's EBITDA metric is based 20% on Corporate EBITDA and 40% on West Segment EBITDA. Mr. Evans's Operating Cash Flow metric is based on West Segment Operating Cash Flow.

(2) Each of our NEOs had safety metrics for 2017. For each of our NEOs, the safety metrics accounted for 10% of the overall bonus opportunity. Safety metrics included various metrics related to the frequency and severity of reported incidents. For 2017, the safety metrics (and the weightings assigned to each safety metric for each NEO) included recordable incident rate (4%), lost time incident rate (2%), fleet preventable incident rate (2%) and cost per man hour (2%). For Mr. Evans, the safety metrics related to the West segment. Mr. Brady was also subject to acquisition metrics, which accounted for 10% of his overall bonus opportunity (5% attributable to acquisition spend and 5% attributable to acquisition EBITDA performance).

Performance / Payout Percentage. The achievement factor for each of the performance metrics was determined by multiplying the weight attributed to each performance metric by the applicable payout percentage for each metric. For corporate EBITDA and operating cash flow, payout percentages were determined by calculating actual achievement against the target amount based on a pre-established scale.

Table of Contents

Payout percentages for actual performance between the specified threshold levels and 105% of target, and between 105% of target and the maximum levels, were adjusted on a linear basis. The following table shows the payout percentages associated with various levels of achievement of corporate EBITDA:

	Payout Percentage			
	25%	100%	138%	200%
	(Threshold)	(Target)	105%	(Maximum)
Corporate EBITDA (Percentage of Target)	90%	100%	105%	110%

The following table shows the payout percentages associated with various levels of achievement of corporate operating cash flow:

	Payout Percentage			
	0%	100%	125%	150%
	(Threshold)	(Target)	105%	(Maximum)
Corporate Operating Cash Flow (Percentage of Target)	90%	100%	105%	110%

For Mr. Evans, Segment EBITDA and Segment Cash Flow payout percentages were determined by calculating actual achievement against the target amount based on a pre-established scale. Payout percentages for actual performance between the specified threshold, target and maximum levels were adjusted on a linear basis. The following table shows the payout percentages associated with threshold, target and maximum achievement of Segment EBITDA and Segment Cash Flow:

	Payout Percentage		
	25%	100%	200%
	(Threshold)	(Target)	(Maximum)
Segment EBITDA and Segment Cash Flow (Percentage of Target)	85%	100%	120%

The maximum payout opportunities for the safety metrics and personal objectives were 150% of target. For the safety metrics, payout percentages for actual achievement between the specified threshold, target and maximum levels were adjusted on a linear basis. The overall safety metric achievement factor equals the sum of each metric's payout percentage multiplied by its weighting.

For Mr. Brady, acquisition spend and acquisition EBITDA performance were determined by calculating actual achievement against the target amount based on a pre-established scale. The maximum payout opportunities for the acquisition metrics were 150% of target for actual achievement at 110% of target.

2017 Actual Performance. Actual results for the 2017 annual incentive plan were certified by the Compensation Committee, as follows, based on the performance goals and funding scales approved in the first quarter of 2017:

	Adjusted Target to Account for 2017 Acquisitions and Hurricane Harvey(1)			Weighted Achievement	
	Initial Target	Harvey(1)	Actual Result	Percentage	Factor
Corporate EBITDA	\$ 416.3 million	\$ 457.1 million	\$ 457.1 million	100%	50% (Messrs. Hill, Brady, Harris and Rauh) 20% (Mr. Evans)
Corporate Operating Cash Flow	230.5 million	217.2 million	225.4 million	119%	23.8% (Messrs. Hill, Harris and Rauh) 11.9% (Mr. Brady)
West Segment EBITDA	182.5 million	211.5 million	223.2 million	127%	50.8%
West Segment Cash Flow	101.4 million	101.4 million	123.9 million	200%	40%

(1) During 2017, Hurricane Harvey adversely affected our operations not only during the days immediately before and after the storm, but also in the weeks and months after as our customers recovered and reallocated resources in response to damage caused by the storm. As a result, the Compensation Committee determined to adjust certain performance metrics. The following table summarizes the effects of these adjustments on the applicable payout percentages:

	Payout Percentage Without Hurricane Harvey Adjustment	Payout Percentage With Hurricane Harvey Adjustment
Corporate EBITDA	93%	100%(1)
Corporate Operating Cash Flow	109%	119%
West Segment EBITDA	110%	127%
West Segment Cash Flow	170%	200%

(1) Mr. Evans' Corporate EBITDA metric was not adjusted for Hurricane Harvey.

The payout percentages for the safety metrics were as follows: corporate safety was 124% of target, resulting in an achievement factor of 12.4% for each NEO other than Mr. Evans; and West Segment safety for Mr. Evans was 72% of target, resulting in an achievement factor of 7.2%. Each of the safety metric targets were set at a challenging level that are consistent with our long-term goals and designed to meet high stockholder expectations.

Actual annual cash incentive awards are calculated by multiplying each NEO's actual base salary by his target award potential, which was then adjusted by an overall achievement factor based on the combined weighted achievement of the components described above, including an evaluation of each

NEO's personal objectives. The following table summarizes the 2017 bonuses earned based on actual performance, as compared to the target opportunity for each NEO:

Long-Term Incentives*On-Going Post-IPO Long-Term Incentives*

The Company maintains the Summit Materials, Inc. 2015 Omnibus Incentive Plan (the "Omnibus Incentive Plan") which allows for grants of equity-based awards in the form of stock options, stock appreciation rights, restricted stock and restricted stock units ("RSUs"), performance units, undivided fractional limited partnership interests in Summit Holdings and other stock-based awards. In 2015, the Compensation Committee determined that the size, structure, and value of the pre-IPO grants were sufficient for 2015 and no additional equity grants were made in 2015 in connection with, or after, our IPO.

In 2016, the Compensation Committee worked with the Independent Compensation Consultant to develop a competitive long-term incentive grant structure as an on-going public company. The Compensation Committee believes in a balanced approach to long-term incentive compensation, with an emphasis on performance-based compensation. The Compensation Committee determined that a similar structure in 2017 was appropriate.

Our regular ongoing equity incentives for NEOs in 2017 consisted of a balance of performance units (34%), RSUs (33%) and stock options (33%). In 2018, the Committee determined to eliminate stock options from regular ongoing equity incentive grants. Accordingly, our regular ongoing equity incentives for NEOs in 2018 consisted of a balance of performance units (50%) and RSUs (50%). The Committee uses competitive market data from our annual total compensation study to assist with targeted long-term incentive value. In addition, the Committee considers individual performance, potential future contributions to our business, internal equity and management's recommendations.

Performance Units

The 2017 performance units focus our executives on the long-term performance of the Company relative to industry peers. The 2017 performance units vest at the end of a three-year performance period, based on our TSR ranking relative to companies that formerly comprised the S&P Building & Construction Select Industry Index ("Relative TSR"), which index was discontinued in 2017, using beginning and ending stock prices based on the trailing 20-day average closing price. The Compensation Committee determined that Relative TSR ranking against an industry index aligns management with stockholder value creation and provides incentive to achieve the Company's long-term strategy.

The performance period for the performance units granted in February 2017 began on January 1, 2017 and ends on December 31, 2019. Following the completion of the three-year performance period, the Compensation Committee will determine earned amounts based on our Relative TSR ranking versus the companies that formerly comprised the S&P Building & Construction Select Industry Index. This peer group is separate and distinct from the peer group used to evaluate and set NEO compensation levels discussed under " Compensation Decision Process Role of Peer Companies and Competitive Market Data." The Relative TSR peer group represents a broader array (approximately 130 companies) of industry peers competing for stockholders and investors and avoids subjectivity as it was independently constructed by Standard & Poor's.

The 2017 grants will be earned based on the schedule below. Earned amounts will be interpolated on a straight-line basis for performance between the stated percentiles.

	Level of Achievement				Cap (if applicable)
	Below Threshold	Threshold	Target	Maximum	
Relative TSR Position	< 30 th percentile	30 th percentile	50 th percentile	75 th percentile	Capped at 100% if Company TSR is negative over performance period, regardless of ranking
Achievement Percentage	0%	50% of target	100% target	200% of target

2018 Enhancements to Our On-Going Long-Term Incentive Structure

During 2017, the Compensation Committee worked closely with our Independent Compensation Consultant to enhance our long-term incentive structure for our executive officers. The following modifications were approved for the 2018 grant cycle:

Relative TSR peer group for performance units: The S&P Building & Construction Select Industry Index was discontinued in 2017. Outstanding grants will continue to use the companies comprising that index. For the 2018 grant cycle, the Committee approved a new Relative TSR peer group defined as the Materials and Capital Goods companies (consisting of companies in GICS industry groups 2010 and 1510 , which is the same as the previous peer group), from the S&P 400 Midcap Index. The new Relative TSR peer group consists of approximately 68 companies with similar revenues and market capitalization as the Company.

Eliminated stock options and increased the weight of performance units and RSUs: The Committee approved the elimination of stock options and increased the weight on performance units and RSUs. The new approach beginning with 2018 equity grants will be 50% performance units and 50% RSUs.

Retirement, Perquisites and Other Benefits

We have a tax-qualified contributory retirement plan established to qualify as a deferred salary arrangement under Section 401(k) of the Internal Revenue Code of 1986, as amended (the "Code"). The plan covers all U.S. employees, including our NEOs, who are limited to their annual tax deferred contribution limit as allowed by the Internal Revenue Service (the "IRS"). We provide for matching contributions to the plan, including 100% of pre-tax employee contributions, up to 4% of eligible compensation. Employer contributions vest immediately.

The Company also offers the members of a select group of management or highly compensated employees, including the NEOs, the opportunity to supplement their retirement savings through the Summit Materials Deferred Compensation Plan (the "DCP"). An eligible participant in the DCP may elect to defer up to 50% of such participant's base salary compensation and up to 100% of such participant's designated discretionary bonus award compensation and annual incentive award compensation. The DCP also permits Company-provided credits to participants' accounts, but no such credits are currently being

Table of Contents

made. Additional information about the DCP is reflected in " 2017 Non-Qualified Deferred Compensation" below.

Beginning in 2017, we eliminated substantially all perquisites to our NEOs and senior executives. A one-time salary adjustment was provided to offset the changes.

Change in Control and Severance Arrangements

On December 15, 2017, the Board, on the recommendation of the Compensation Committee, approved an Executive Severance Plan (the "Severance Plan") in order to standardize severance provisions for certain executive officers that had been governed by separate legacy arrangements. All of our NEOs, other than Mr. Rauh, who left the Company at the end of the 2017, participate in the Severance Plan. In connection with implementing the Severance Plan, all participants in the Severance Plan waived the provisions of any applicable employment agreement that would have applied under the conditions set forth under the Severance Plan. See "Potential Payments Upon Termination or Change in Control" for a description of the Severance Plan.

Also on December 15, 2017, Mr. Rauh entered into the Agreement and Release in connection with his departure. In recognition of Mr. Rauh's service to the Company, the Agreement and Release provided for the beneficial modification of the terms of Mr. Rauh's outstanding equity awards. The terms of the Agreement and Release are described below under "Potential Payments Upon Termination or Change in Control."

Other Compensation Policies

Stock Ownership Guidelines

We have established stock ownership guidelines for our CEO, officers reporting to the CEO, and directors. The approved guidelines are as follows:

CEO: 6x base salary

Officers reporting to the CEO: 2.5x base salary

Directors: 3x annual cash retainer

Participants are expected to comply with the ownership requirements within five years of the later of (x) December 12, 2015 and (y) an appointment to a qualified position. Once the ownership requirements have been satisfied, future declines in share price will not affect compliance so long as the participant holds the number of equity interests he or she had at the time he or she achieved the expected ownership level. As of December 30, 2017, all of our executive officers have met or exceeded the ownership expectations under the guidelines.

The following components satisfy the ownership guidelines: Equity interests owned directly or indirectly (e.g., by or with a spouse or held in trust for the individual or one or more family members of the individual), equity interests, including LP Units and unvested RSUs, held in qualified or nonqualified savings, profit sharing, or deferred compensation accounts, value of in-the-money spread of shares underlying vested but unexercised stock options and value of in-the-money spread of shares underlying

Table of Contents

vested but unexercised warrants. Annually, the Compensation Committee monitors participants' compliance with these guidelines.

Incentive Compensation Recoupment ("Clawback") Policy

Each of the RSU, stock option and performance unit award agreements under the Omnibus Incentive Plan generally provides that if a restrictive covenant violation occurs or the Company discovers after a termination of employment or services that grounds existed for "cause" (as defined in the Omnibus Incentive Plan) at the time thereof, then the participant shall be required, in addition to any other remedy available (on a non-exclusive basis), to pay to the Company, within ten business days of the Company's request to the participant therefor, an amount equal to the aggregate after-tax proceeds (taking into account all amounts of tax that would be recoverable upon a claim of loss for payment of such proceeds in the year of repayment) the participant received upon the sale or other disposition of, or distributions in respect of, the equity award thereunder and any shares issued in respect thereof (minus, in the case of options, the aggregate cost (if any) of the shares). Without limiting the foregoing, all awards are subject to reduction, cancellation, forfeiture or recoupment to the extent necessary to comply with applicable law. Our policy will be updated to comply with the SEC's final regulations as part of the Dodd-Frank Act.

Compensation Risk Assessment

Our governance policies and compensation structure are not reasonably likely to have a material adverse effect on the Company. The Independent Compensation Consultant and management delivered a compensation risk assessment report to the Compensation Committee in 2017. The following features of our program mitigate risk:

The Compensation Committee consults with the Independent Compensation Consultant to assist with annual compensation decisions
The Compensation Committee approves the annual incentive plan's financial goals at the start of the fiscal year, and approves the performance achievement level and final payments earned at the end of the fiscal year
The Compensation Committee benchmarks total compensation opportunity for executive positions using multiple survey sources and has discretion over payout calculations and oversight of compensation plans for our executives
We utilize a mix of cash and equity variable incentive programs, with a balanced mix of stock options, RSUs and performance units, which are subject to multi-year vesting
Our performance units payout opportunities are capped at 200% of the target total opportunity
We utilize competitive change-in-control severance programs to help ensure executives continue to work towards our stockholders' best interests in light of potential employment uncertainty
Executive officers are subject to minimum stock ownership guidelines
An incentive clawback policy permits the Company to recoup equity-based compensation paid on the basis of financial results that are subsequently restated

(1) The amounts reported in the Stock Awards column for 2017 reflect the aggregate grant date fair value of stock awards granted in fiscal 2017, calculated in accordance with ASC 718, utilizing the assumptions discussed in Note 13, *Stock-Based Compensation*, to our audited consolidated financial statements included in the 2017 Annual Report. The fiscal 2017 awards consist of time-vesting RSUs and performance units. As the performance units vest according to Relative TSR, they are subject to market conditions, and not performance conditions, as defined under ASC 718, and therefore have no maximum grant date fair values that differ from the grant date fair values presented in the table. As described in "Potential Payments Upon Termination or Change in Control - Departure of Douglas C. Rauh," on December 15, 2017, our Board amended the terms of Mr. Rauh's outstanding equity awards. Accordingly, the amount reported in this column for fiscal 2017 for Mr. Rauh includes the incremental fair value computed as of the modification date in accordance with ASC 718 with respect to his modified LP Units, RSUs and performance units, in the amounts of \$52,483, \$689,465 and \$522,641, respectively.

(4) All Other Compensation includes the following items for 2017: (a) amounts contributed by Summit LLC under the Summit Materials, LLC Retirement Plan and (b) payments for term life and/or disability insurance. Amounts contributed to the Summit Materials, LLC Retirement Plan are matching contributions up to 4% of eligible compensation subject to IRS limits and totaled \$10,400 for each of the NEOs in 2017. Matching contributions are immediately vested. For more information, see "Compensation Discussion and Analysis - Compensation Elements - Retirement, Perquisites, and Other Benefits." Payments for term life and/or disability insurance in 2017 were as follows: Mr. Hill \$5,740; Mr. Brady \$629 and Mr. Evans \$3,656.

Employment Arrangements

Messrs. Hill and Harris each have employment agreements and Messrs. Brady and Evans have signed offers of employment. Their employment agreements and offers of employment provide for base salary subject to annual adjustment by the Board, an annual incentive award, participation in Company-sponsored broad-based and executive benefit plans and such other compensation as may be approved by the Board. In connection with implementing the Severance Plan, Messrs. Hill and Harris waived the provisions in their employment agreements that would have applied under the conditions set forth in the Severance Plan, other than any provisions in their employment agreements which were intended to survive the termination of such employment agreements.

Pre-IPO Long-Term Incentive Awards

Prior to the Company's IPO in March 2015, the equity-based long-term incentive program consisted of Class D interests. In connection with the Company's IPO in March 2015, the limited partnership agreement of Summit Holdings was amended and restated to, among other things, modify its capital structure by creating LP Units (the "Reclassification"). Immediately following the Reclassification, 69,007,297 LP Units were outstanding, which were reclassified from previously issued Class A-1, Class B-1, Class C, Class D-1 and Class D-2 interests. The Class A-1, Class B-1 and Class C interests, which were issued in respect of pre-IPO investments and not related to employee compensation, were fully vested as of the Reclassification. A portion, but not all, of the Class D-1 interests were vested, and none of the Class D-2 interests were vested. Accordingly, vested and unvested Class D interests were converted into vested and unvested LP Units, respectively. The vesting terms were substantially similar to those applicable to the unvested Class D interests immediately prior to the Reclassification. As of their respective grant date, approximately half of the Class D-1 interests were time-vesting interests and approximately half of the D-1 interests and all of the D-2 interests were performance-vesting interests.

In addition, in substitution for part of the economic benefit of the Class C and Class D interests that was not reflected in the conversion of such interests to LP Units, warrants were issued to holders of Class C interests to purchase an aggregate of 160,333 shares of Class A Common Stock, and options were issued to holders of Class D interests to purchase an aggregate of 4,358,842 shares of Class A Common Stock ("Leverage Restoration Options"). The exercise price of the warrants and Leverage Restoration Options was the IPO price of \$18.00 per share. The Leverage Restoration Options were granted under the Omnibus Incentive Plan. All Leverage Restoration Options vest over four years at a rate of 25% of the award on each of the first four anniversaries of the Reclassification, subject to the employee's continued employment through the applicable vesting date. The Leverage Restoration Options that correlated to performance-vesting interests vested only if both the relevant return multiple was achieved and the four year time-vesting condition was satisfied.

Table of Contents

On August 9, 2016, our Board upon the recommendation of the Compensation Committee, determined that it was in the best interest of the Company and its stockholders to remove the 3.00 times investment return condition on the approximately 23% remaining pre-IPO performance-vesting LP Units and Leverage Restoration Options. As a result, all pre-IPO performance-vesting LP Units are now fully vested and the performance-vesting Leverage Restoration Options continue to be subject to the same four-year time vesting condition as the time-vesting Leverage Restoration Options.

In 2018, a sub-committee of the Compensation Committee consisting of members that do not hold LP Units (the "Sub-Committee") determined that the administrative burden and costs associated with the monthly vesting of the remaining time-vesting LP Units outweighed any remaining retention incentive associated with the awards. As a result, the Sub-Committee determined it was appropriate to accelerate the vesting of all the remaining time-vesting LP Units held by our employees. The incremental fair value computed in accordance with FASB ASC Topic 718 with respect to this modification for each of the NEOs was not material.

All outstanding equity grants associated with the Reclassification are summarized in the table titled "Outstanding Equity Awards at 2017 Fiscal Year-End."

The actual numbers of shares that will be distributed with respect to the 2017 performance units are not yet determinable.
- (10) As described in "Potential Payments Upon Termination or Change in Control Departure of Douglas C. Rauh," on December 15, 2017, our Board amended the terms of Mr. Rauh's outstanding equity awards.

Table of Contents**2017 Non-Qualified Deferred Compensation**

The following table provides information regarding contributions, earnings and balances for our NEOs with respect to our DCP, the only defined contribution or other plan that provides for the deferral of compensation on a basis that is not tax-qualified.

Name	Executive Contributions in Last FY(1)	Registrant Contributions in Last FY	Aggregate Earnings in Last FY(2)	Aggregate Withdrawals/ Distributions Last FYE(3)	Aggregate Balance at Last FYE(3)

Brian J. Harris	275,000		64,515		520,283

- (1) These amounts are also reported in the "Salary" column for 2017 in the "Summary Compensation Table."
- (2) Amounts in this column are not reported as compensation for fiscal 2017 in the "Summary Compensation Table" since they do not reflect above-market or preferential earnings.
- (3) Mr. Hill commenced participation in the DCP in fiscal 2017 and therefore no amounts in this column have previously been reported in the "Summary Compensation Table." Mr. Harris commenced participation in the DCP in fiscal 2016 and \$173,015 was previously reported in the "Salary" column for 2016 with respect to Mr. Harris in the "Summary Compensation Table."

Pursuant to the DCP, an eligible participant may elect to defer up to 50% of such participant's base salary compensation (in 5% increments) and up to 100% of such participant's designated discretionary bonus award compensation and annual incentive award compensation (in 5% increments). Deferral elections are generally made by participants prior to the close of the taxable year preceding the taxable year for which the applicable compensation is earned. The DCP also permits Company-provided credits to participants' accounts, but no such credits are currently being made. Participants are permitted to make individual investment elections that will determine the rate of return on their deferral amounts under the DCP and may change their investment elections at any time. Deferrals are only deemed to be invested in the investment options selected. Participants have no ownership interest in any of the funds as investment elections are used solely to measure the amounts of investment earnings or losses that will be credited or debited to the participants' accounts on the Company's books and records. Investment funds are valued each day that the NYSE is open for trading. Participant deferrals under the DCP and the earnings thereon are always 100% vested.

The table below shows the funds in which our NEOs invested during 2017, and their rate of return from January 1, 2017 through December 31, 2017.

A DCP participant may elect, at the time of such participant's deferral elections, to receive benefit distributions upon (i) separation from service with the Company or (ii) following the earlier of (a) a specified date that occurs no earlier than at least three years from the end of the calendar year in which the deferred compensation is credited or (b) separation from service with the Company. Additionally, a DCP participant may elect, at the time of such participant's deferral elections, to receive benefit distributions in the form of (i) a single lump sum payment or (ii) for distributions following retirement, annual installments with an installment term of between two and 15 years. A participant may elect to change the benefit distribution date and/or form under certain circumstances specified in the DCP. In addition, in the event of certain unforeseeable emergencies, a participant may apply for immediate distribution in an amount necessary to satisfy such financial hardship and the tax liability attributable to such distribution. In the event of a participant's death or disability, the entire value of such participant's account will be distributed in a single lump sum.

Potential Payments Upon Termination or Change in Control

Executive Severance Plan

The Board, upon the recommendation of the Compensation Committee, adopted the Severance Plan in December 2017, which provides severance benefits to certain executive officers of the Company and its affiliates in the event that an eligible employee experiences a termination of employment by the Company without "cause" (and other than due to death or disability) or by the employee as a result of a "constructive termination" (as such terms are defined in the Severance Plan) (each, a "Qualifying Termination"). In the event that a Qualifying Termination occurs during the two-year period beginning on the date of a change in control (each such termination, a "Qualifying Change in Control Termination"), the Severance Plan provides enhanced severance benefits. In connection with implementing the Severance Plan, all participants in the Severance Plan waived the provisions of any applicable employment agreement that would have applied under the conditions set forth under the Severance Plan, other than any provisions in such employment agreements which were intended to survive the termination of such employment agreement.

Each participant in the Severance Plan (a "Participant") is designated as a Tier 1 Participant or Tier 2 Participant. Tier 1 Participants are limited to the Chief Executive Officer. Tier 2 Participants are limited to Executive Vice Presidents. Accordingly, Mr. Hill is a Tier 1 Participant and Messrs. Brady, Harris and Evans are each Tier 2 Participants.

In the event of a Qualifying Termination, Participants are provided with the following payments and benefits:

a pro-rata payment representing the amount otherwise payable under the annual bonus program for the fiscal year in which termination of the Participant's employment occurs, based on actual performance and payable concurrently with cash bonus payments to other employees (but in all events on or about March 15 of the immediately following fiscal year) (a "Pro-Rata Bonus"), and to the extent not previously paid, the amount otherwise payable under the annual bonus program for the immediately preceding fiscal year, payable concurrently with cash bonus payments to other employees (a "Prior Year Bonus");

a cash payment of (i) for a Tier 1 Participant, 2.5 times the Participant's annual base salary, payable over a period of 30 months, and (ii) for a Tier 2 Participant, 2 times the Participant's annual base salary, payable over a period of 24 months; and

Table of Contents

a cash payment in an amount equal to the total amount of the monthly COBRA insurance premiums for participation in the life, health, dental and disability benefit programs of the Company in which the Participant participated as of the date of termination, payable monthly in accordance with the Company's payroll practices, (i) for a Tier 1 Participant, for up to 30 months, and (ii) for a Tier 2 Participant, for up to 24 months (the "COBRA Benefits").

In the event of a Qualifying Change in Control Termination, Participants are provided with the following payments and benefits:

a Pro-Rata Bonus, and, if applicable, a Prior Year Bonus;

a cash payment of (i) for a Tier 1 Participant, 2.5 times the sum of the Participant's annual base salary and target annual bonus, and (ii) for a Tier 2 Participant, 2 times the sum of the Participant's annual base salary and target annual bonus, in each case of (i) and (ii), payable in a lump sum no later than the 60th day following the date of termination; and

the COBRA Benefits.

The payments and benefits provided under the Severance Plan are subject to each Participant's execution and delivery of a release of claims and each Participant's compliance with non-competition, non-disparagement, non-solicitation and confidentiality covenants applicable pursuant to each Participant's Participation Notice and Agreement under the Severance Plan. The non-disparagement and confidentiality covenants each have an indefinite term and the non-competition and non-solicitation covenants each have a term of 12 months following the Participant's date of termination (18 months for Mr. Hill). Additionally, the Severance Plan provides that if a Participant is subject to an excise tax under Section 4999 of the Code, then the payments and benefits the Participant receives may be reduced so that the excise tax does not apply; however, such reduction will only occur if it results in the receipt of a greater after-tax severance than would otherwise be provided.

Treatment of Long-Term Incentive Awards Upon Termination or Change in Control

Each of the RSUs, stock options and performance units granted in 2017 is subject to restrictive covenants related to post-employment (i) employee, client and consultant non-solicitation and (ii) non-competition, in each case for 12 months following any termination of employment and indefinite covenants covering confidentiality and non-disparagement (participant only). Further, the equity awards and all proceeds therefrom are generally subject to the Company's clawback policy, as in effect from time to time, to the extent the participant is a director or "officer" as defined under Rule 16a-1(f) of the

Exchange Act. Additional provisions regarding the treatment of the equity awards upon a termination of employment are outlined in the table below.

Table of Contents**Termination Benefits Table**

The following table describes the potential payments and benefits under the Company's Severance Plan and equity award agreements to which the NEOs would have been entitled assuming an eligible termination of employment or change in control occurred on December 29, 2017, the last business day of fiscal 2017. A description of the provisions governing such payments under our agreements and any material conditions or obligations applicable to the receipt of payments are described above under "Executive Severance Plan" and "Treatment of Long-Term Incentive Awards Upon Termination or Change in Control."

The amounts shown in the table do not include payments and benefits to the extent they are provided generally to all salaried employees upon termination of employment and do not discriminate in scope, terms or operation in favor of the NEOs. These include accrued but unpaid salary and distributions of vested plan balances under our 401(k) savings plans.

Departure of Douglas C. Rauh

In connection with the departure of Douglas C. Rauh, effective December 30, 2017, Mr. Rauh entered into the Agreement and Release with Summit Holdings and, solely for certain purposes specified therein, the Company, which provided for the following:

the payment of \$1,100,000, payable in regular installments in accordance with Summit Holdings' normal payroll practices through December 31, 2019, representing 2 times his base salary for 2017;

the payment of \$437,951, payable in accordance with Summit Holdings' normal payroll practices for annual bonuses, without regard to his departure date, representing his annual bonus with respect to fiscal year 2017;

monthly COBRA health continuation coverage premiums for up to 24 months following his departure date having an aggregate value equal to \$28,872;

continued vesting of all outstanding unvested equity awards other than his performance units through the end of the Rauh Consulting Term (defined below); and

accelerated vesting, as of the last day of the Rauh Consulting Term, of all outstanding unvested equity awards other than his performance units, so long as the Rauh Consulting Term has not been voluntarily terminated by Mr. Rauh. Any accelerated options will not be exercisable prior to the date such options would have otherwise vested in accordance with the terms of the original award agreement, and will be exercisable for 90 days after such date, after which such options will be forfeited. A prorated portion of Mr. Rauh's outstanding performance units will remain eligible to vest at the end of the performance period in accordance with their terms, based on actual performance.

The payments and benefits provided for in the Agreement and Release were subject to Mr. Rauh's execution and delivery of a release of claims and his continued compliance with the non-competition, non-disparagement, non-solicitation and confidentiality covenants contained in his employment agreement. The non-disparagement and confidentiality covenants each have an indefinite term and the non-competition and non-solicitation covenants each have a term of 12 months following Mr. Rauh's departure.

Table of Contents

Additionally, pursuant to the Agreement and Release, beginning on January 1, 2018, Mr. Rauh agreed to provide Summit Holdings with consulting services on a month-to-month basis, unless terminated earlier by either party with 10 business days' prior written notice (such applicable term, the "Rauh Consulting Term"). During the Rauh Consulting Term, Mr. Rauh will be entitled to (i) a monthly consulting fee of \$15,000 and (ii) reimbursement of reasonable business expenses and wireless internet and cellular phone expenses incurred by Mr. Rauh in connection with his consulting services.

CEO Pay Ratio

The CEO pay ratio figures below are a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K under the Exchange Act.

We determined that as of December 5, 2017, our total number of full- and part-time U.S. employees was 5,642 and non-U.S. employees was 265. We chose not to exclude any countries as permitted by SEC regulations, which resulted in 5,907 employees included in the calculation.

To determine our median employee pay, we chose taxable wages as our consistently applied compensation measure. We then calculated an annual taxable wage for each employee, annualizing pay for those full-time or part-time permanent employees who commenced work during 2017 or who were on leave for a portion of 2017. We used a valid statistical sampling method to identify the group of employees within a 5% range of the estimated median level of taxable wages for our employee population. The historical compensation of this group was then analyzed to identify a median employee whose annual total compensation was reasonably representative of the median annual total compensation in respect of 2017 and was also reasonably likely to remain representative of the median in future years. After identifying the median employee, we calculated the median employee's annual total compensation in accordance with the requirements of the Summary Compensation Table. For 2017, the median employee's annual total compensation was \$56,523 and the annual total compensation of our CEO was \$4,490,470, which amount varies from his total compensation amount as reflected in the Summary Compensation Table because each of these amounts includes the value of non-discriminatory employer paid health benefits. Accordingly, for 2017, the ratio of CEO pay to median employee pay was 79:1.

This pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules and the methodology described above. The SEC rules for identifying the median compensated employee and calculating the pay ratio based on such employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices. As such, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

Table of Contents**Director Compensation**

Prior to 2017, we only paid compensation to directors who were not employed by us or Blackstone. Following the November 2016 secondary offering of Blackstone's shares of our Class A Common Stock, Blackstone ceased to hold any LP Units or shares of our Class A Common Stock. In connection with Blackstone's exit, the Board determined it was appropriate to begin paying compensation to directors who are employed by Blackstone, commencing with fiscal 2017.

In 2017, all of the Company's non-employee directors (other than Ms. Julia Kahr) received annual cash compensation of \$100,009. Ms. Kahr received cash compensation of \$16,667 for her service prior to her resignation from the Board effective February 28, 2017. The chairperson of the Board received an additional \$150,000 in cash compensation and the respective chairpersons of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee (unless such chairperson is also the chairperson of the Board) receive an additional \$15,000, \$10,000 and \$10,000, respectively. Directors who were not employed by us may also receive compensation, from time to time, for service on any special committees of the Board. We reimburse our directors for any reasonable expenses incurred by them in connection with services provided in such capacity.

In addition, during 2017, all of the Company's non-employee directors (other than Ms. Kahr) received an annual award of RSUs valued at \$99,991. A grant of 4,098 RSUs was made to each of Messrs. Lance, Cantie, Gardner, Murphy, Simpkins, and Wunning and Ms. Wade, on February 28, 2017. The RSUs were granted under the Omnibus Incentive Plan, and the terms thereof are outlined in the table below. Further, the RSU awards are subject to the Company's clawback policy, as in effect from time to time.

- (1) The amounts reported in the Stock Awards column reflect the aggregate grant date fair value of RSUs granted in fiscal 2017, computed in accordance with ASC 718, utilizing the assumptions discussed in Note 13, *Stock-Based Compensation*, to our audited consolidated financial statements included in the 2017 Annual Report. As of December 30, 2017, the aggregate number of unvested RSUs held by our directors was as follows: Mr. Lance, 4,098 RSUs; Mr. Cantie, 4,098 RSUs; Mr. Gardner, 4,098 RSUs; Mr. Murphy, 4,098 RSUs; Mr. Simpkins, 4,098 RSUs; Ms. Wade, 4,098 RSUs; and Mr. Wunning, 4,098 RSUs. As of December 30, 2017, Mr. Lance held 44,296 unvested LP Units. Time-vesting LP Units held by our directors vest 20% on the first anniversary of the legacy Class D 1 interests' grant date and the remaining 80% vest monthly over the four years following the first anniversary.
- (2) We did not make any option awards to directors in fiscal 2017. As of December 30, 2017, Messrs. Lance and Murphy held 246,611 and 10,220 time-vesting Leverage Restoration Options, respectively. Time-vesting Leverage Restoration Options held by our directors have the same vesting terms as those held by our NEOs and described in "Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table Pre-IPO Long-Term Incentive Awards." As of December 30, 2017, a limited liability company controlled by Mr. Gardner held 27,408 warrants, which became exercisable on March 17, 2016.
- (3) Since Mr. Lance is the chairperson of the Board, he does not receive additional fees for his service as chairperson of the Nominating and Corporate Governance Committee.
- (4) Ms. Kahr resigned from the Board effective February 28, 2017.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Exchange Agreement

In connection with the IPO, we entered into an Exchange Agreement with the holders of LP Units pursuant to which each holder of LP Units (and certain permitted transferees thereof) may, subject to the terms of the Exchange Agreement, exchange their LP Units for shares of Class A Common Stock on a one-for-one basis, subject to customary conversion rate adjustments for stock splits, stock dividends and reclassifications. The Exchange Agreement also provides that a holder of LP Units will not have the right to exchange LP Units if the Company determines that such exchange would be prohibited by law or regulation or would violate other agreements with the Company or its subsidiaries to which such holder may be subject. The Company may impose additional restrictions on exchange that it determines to be necessary or advisable so that Summit Holdings is not treated as a "publicly traded partnership" for U.S. federal income tax purposes. As a holder exchanges LP Units for shares of Class A Common Stock, the number of LP Units held by the Company is correspondingly increased as it acquires the exchanged LP Units. In accordance with the Exchange Agreement, any holder who surrenders all of its LP Units for exchange must concurrently surrender all shares of Class B Common Stock held by it (including fractions thereof) to the Company.

Registration Rights Agreement

In connection with the IPO, we entered into a registration rights agreement with our pre-IPO owners and the former holders of Class B Units of Continental Cement Company, L.L.C. (the "Former CCC Minority Holders") pursuant to which we granted them, their affiliates and certain of their transferees the right, under certain circumstances and subject to certain restrictions, to require us to register under the Securities Act of 1933, as amended (the "Securities Act"), the offering of shares of Class A Common Stock delivered in exchange for LP Units. Under the registration rights agreement, we agreed to register the exchange of LP Units for shares of Class A Common Stock by our pre-IPO owners. In addition, Blackstone had the right to request an unlimited number of "demand" registrations and had customary "piggyback" registration rights. The Former CCC Minority Holders had the right to request one "demand" registration and had customary piggyback registration rights.

Tax Receivable Agreement

In connection with the IPO, we entered into a tax receivable agreement with the holders of LP Units that provides for the payment to exchanging holders of LP Units of 85% of the benefits, if any, that the Company is deemed to realize as a result of the increases in tax basis resulting from exchanges of LP Units and certain other tax benefits related to entering into the tax receivable agreement, including tax benefits attributable to payments under the tax receivable agreement. Certain current and former holders of LP Units, who include certain of our executive officers and directors, are expected to receive payments under the tax receivable agreement in the future. The increases in tax basis as a result of an exchange of LP Units for shares of Class A Common Stock, as well as the amount and timing of any payments

Table of Contents

under the tax receivable agreement, are difficult to accurately estimate as they will vary depending upon a number of factors, including:

the timing of exchanges for instance, the increase in any tax deductions will vary depending on the fair market value, which may fluctuate over time, of the depreciable or amortizable assets of Summit Holdings at the time of each exchange;

the price of shares of our Class A Common Stock at the time of the exchange the increase in any tax deductions, as well as the tax basis increase in other assets, of Summit Holdings, is directly proportional to the price of shares of our Class A Common Stock at the time of the exchange;

the extent to which such exchanges are taxable if an exchange is not taxable for any reason, increased deductions will not be available;

the amount and timing of our income the Company is required to pay 85% of the cash tax savings as and when realized, if any. If the Company does not have taxable income, the Company is not required (absent a change of control or circumstances requiring an early termination payment) to make payments under the tax receivable agreement for that taxable year because no cash tax savings will have been realized. However, any tax attributes that do not result in realized benefits in a given tax year will likely generate tax attributes that may be utilized to generate benefits in previous or future tax years. The utilization of such tax attributes will result in cash tax savings that will result in payments under the tax receivable agreement; and

the effective tax rate the benefit that the Company realizes is dependent on the tax rate in effect at the time taxable income is generated. For example, at the end of 2017, the Tax Cuts and Jobs Act was enacted into law. Among other things, the federal corporate tax rate was reduced from 35% to 21%. As a result, the value of the additional benefits generated from the exchanges was reduced, and therefore, the tax receivable agreement liability recorded by the Company was also reduced.

We anticipate funding payments under the tax receivable agreement from cash flows from operations, available cash and available borrowings under our senior secured revolving credit facilities. As of December 30, 2017, we had accrued \$331.9 million as tax receivable agreement liability. Other than \$0.6 million which was paid in January 2018, the tax receivable agreement liability is a long term liability as no additional payments are expected in the next twelve months.

In addition, the tax receivable agreement provides that upon certain changes of control, the Company's (or its successor's) obligations would be based on certain assumptions, including that the Company would have sufficient taxable income to fully utilize the deductions arising from the tax deductions, tax basis and other tax attributes subject to the tax receivable agreement. With respect to our obligations under the tax receivable agreement relating to previously exchanged or acquired LP Units and certain net operating losses, we would be required to make a payment equal to the present value (at a discount rate equal to one year LIBOR plus 100 basis points) of the anticipated future tax benefits determined using assumptions (ii) through (v) of the following paragraph.

Furthermore, the Company may elect to terminate the tax receivable agreement early by making an immediate payment equal to the present value of the anticipated future cash tax savings. In determining such anticipated future cash tax savings, the tax receivable agreement includes several assumptions,

Table of Contents

including that (i) any LP Units that have not been exchanged are deemed exchanged for the market value of the shares of Class A Common Stock at the time of termination, (ii) the Company will have sufficient taxable income in each future taxable year to fully realize all potential tax savings, (iii) the Company will have sufficient taxable income to fully utilize any remaining net operating losses subject to the tax receivable agreement on a straight line basis over the shorter of the statutory expiration period for such net operating losses or the five-year period after the early termination or change of control, (iv) the tax rates for future years will be those specified in the law as in effect at the time of termination and (v) certain non-amortizable assets are deemed disposed of within specified time periods. In addition, the present value of such anticipated future cash tax savings are discounted at a rate equal to LIBOR plus 100 basis points.

Under the terms of the tax receivable agreement, the Company can terminate the tax receivable agreement at any time, which would trigger a cash payment to the pre-IPO owners. Based upon a \$31.44 per share price of our Class A common stock, the closing price of our stock on December 30, 2017 and a contractually defined discount rate of 3.11%, the Company estimates that if it were to exercise its right to terminate the tax receivable agreement, the aggregate amount required to settle the tax receivable agreement would be approximately \$282 million.

Summit Materials Holdings L.P. Amended and Restated Limited Partnership Agreement

The Company holds LP Units in Summit Holdings and is the sole general partner of Summit Holdings. Accordingly, the Company operates and controls all of the business and affairs of Summit Holdings and, through Summit Holdings and its operating entity subsidiaries, conducts our business.

Pursuant to the limited partnership agreement of Summit Holdings, the Company has the right to determine when distributions will be made to holders of LP Units and the amount of any such distributions. If a distribution is authorized, such distribution will be made to the holders of LP Units pro rata in accordance with the percentages of their respective limited partnership interests.

No distributions will be made in respect of unvested LP Units and instead such amounts will be distributed to holders of vested LP Units pro rata in accordance with their vested interests. If, from time to time, an unvested LP Unit becomes vested, then, on the next distribution date, all amounts that would have been distributed pro rata in respect of that LP Unit if it had been vested on prior distribution dates will be required to be "caught up" in respect of that LP Unit before any distribution is made in respect of other vested LP Units.

The holders of LP Units, including the Company, incur U.S. federal, state and local income taxes on their share of any taxable income of Summit Holdings. The limited partnership agreement of Summit Holdings provides for tax distributions to the holders of the LP Units in an amount generally calculated to provide each holder of LP Units with sufficient cash to cover its tax liability in respect of the LP Units. These tax distributions are generally only paid to the extent that other distributions made by Summit Holdings were otherwise insufficient to cover the estimated tax liabilities of all holders of LP Units. In general, these tax distributions are computed based on our estimate of the net taxable income of Summit Holdings allocated to each holder of LP Units multiplied by an assumed tax rate equal to the highest effective marginal combined U.S. federal, state and local income tax rate applicable to an individual or corporate resident in New York, New York (or a corporate resident in certain circumstances). In the year ended December 30, 2017, Summit LLC paid distributions to Summit Holdings totaling \$49.7 million, of which \$1.8 million was distributed to Summit Holdings' partners, other than the Company, and of which \$47.9 million was paid to the Company.

Table of Contents

The limited partnership agreement of Summit Holdings also provides that substantially all expenses incurred by or attributable to the Company, but excluding obligations incurred under the tax receivable agreement by the Company, income tax expenses of the Company and payments on indebtedness incurred by the Company, will be borne by Summit Holdings.

The Company as the general partner may (i) at any time, require all holders of LP Units, other than holders who are current employees or service providers, to exchange their units for shares of our common stock or (ii) with the consent of partners in Summit Holdings whose vested interests exceed 66 2/3% of the aggregate vested interests in Summit Holdings, require all holders of interests in Summit Holdings to transfer their interests, provided that the prior written consent of each holder that is an affiliate of Blackstone affected by any such proposed transfer will be required. These provisions are designed to ensure that the general partner can, in the context of a sale of the Company, sell Summit Holdings as a wholly-owned entity subject to the approval of the holders thereof, including specific approval by any Blackstone affiliates then holding such units. For so long as affiliates of Blackstone collectively owned at least 5% of the outstanding LP Units, the consent of each Blackstone holder was required to amend the limited partnership agreement.

Indemnification Agreements

We have entered into indemnification agreements with our directors and executive officers. These agreements require us to indemnify these individuals to the fullest extent permitted by Delaware law against liabilities that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors or executive officers, we have been informed that in the opinion of the SEC such indemnification is against public policy and is therefore unenforceable.

There is currently no pending material litigation or proceeding involving any of our directors, officers or employees for which indemnification is sought.

Warrant Issuances

In connection with the modification of the capital structure of Summit Holdings at the time of our IPO, we issued warrants to purchase an aggregate of 160,333 shares of Class A Common Stock to limited partners of Summit Holdings who held Class C limited partnership interests of Summit Holdings. Holders of the Class C limited partnership interests include Thomas W. Hill, a limited liability company controlled by Ted A. Gardner, and Michael J. Brady, who received warrants to purchase 29,463, 27,408, and 6,852 shares of Class A Common Stock, respectively. The warrants were issued in substitution for part of the economic benefit of the Class C interests that was not reflected in the conversion of the Class C interests to LP Units. The exercise price of the warrants is equal to the IPO price of \$18.00 per share. The warrants became exercisable from and after March 17, 2016 and will expire on March 11, 2025.

Other

Thomas A. Beck, the President of our Cement Division, through the Thomas A. Beck Family, LLC (the "Beck LLC"), is a party to a Contribution and Purchase Agreement, dated December 18, 2014 that we entered into with the Former CCC Minority Holders (the "Contribution and

Purchase Agreement"). In connection with the Contribution and Purchase Agreement, on March 17, 2015, Summit Holdings issued to the Former CCC Minority Holders \$15.0 million in aggregate principal amount of non-interest bearing notes payable over six years. The pro rata share of the \$15.0 million in notes that is due to the Beck LLC is \$208,344, payable in six equal annual installments of \$34,724 on each anniversary of March 17, 2015. During 2017, the second installment on the notes was paid to the Beck LLC. In addition, during 2017, tax distributions to the Beck LLC in connection with Mr. Beck's interest in the Contribution and Purchase Agreement totaled \$12,160.

Statement of Policy Regarding Transactions with Related Persons

We have adopted a written statement of policy regarding transactions with related persons, which we refer to as our "related person policy." Our related person policy requires that a "related person" (as defined in paragraph (a) of Item 404 of Regulation S-K) must promptly disclose to our Chief Legal Officer any "related person transaction" (defined as any transaction that is anticipated would be reportable by us under Item 404(a) of Regulation S-K in which we were or are to be a participant and the amount involved exceeds \$120,000 and in which any related person had or will have a direct or indirect material interest) and all material facts with respect thereto. The Chief Legal Officer will then promptly communicate that information to our Board. No related person transaction will be executed without the approval or ratification of our Board or a duly authorized committee of our Board. It is our policy that directors interested in a related person transaction will recuse themselves from any vote on a related person transaction in which they have an interest.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, we believe that during the fiscal year ended December 30, 2017, our officers, directors, and greater-than-10% stockholders timely filed all reports required by Section 16(a) of the Exchange Act, with the exception of (i) one Form 4 that was inadvertently not filed to report the award of restricted stock units to Joseph S. Cantie on February 28, 2017, which award was subsequently disclosed on a Form 5 filed on February 8, 2018, (ii) one Form 4 that was inadvertently not filed to report the award of restricted stock units to Steven H. Wunning on February 28, 2017, which award was subsequently disclosed on a Form 5 filed on February 8, 2018, and (iii) Form 4/As filed on March 28, 2017 that corrected the Form 4s timely filed on March 2, 2017 that inadvertently misstated the number of stock options granted to Thomas W. Hill, Thomas A. Beck, Anne Lee Benedict, Michael J. Brady, M. Shane Evans, Brian J. Harris, Damian J. Murphy, and Douglas C. Rauh.

EXPENSES OF SOLICITATION

The accompanying proxy is solicited by and on behalf of the Board, and the cost of such solicitation will be borne by the Company. Solicitations may be made by mail, personal interview, telephone, and electronic communications by directors, officers, and other Company employees without additional compensation. We have hired Okapi Partners LLC to assist in the solicitation of proxies, who will receive a fee of \$15,000, plus reasonable out-of-pocket costs and expenses, for its services. Broadridge will distribute proxy materials to banks, brokers, and other nominees for forwarding to beneficial owners and will request brokerage houses and other custodians, nominees, and fiduciaries to forward soliciting material to the beneficial owners of the common stock held on the record date by such persons. We will reimburse brokerage houses and other custodians, nominees and fiduciaries for their expenses in forwarding solicitation materials.

OTHER MATTERS

As of the date of this Proxy Statement there are no other matters that we intend to present, or have reason to believe others will present, at the Annual Meeting. If, however, other matters properly come before the Annual Meeting, the accompanying proxy authorizes the persons named as proxies or their substitutes to vote on such matters as they determine appropriate.

PROPOSALS OF STOCKHOLDERS

Proposals of stockholders to be considered for inclusion in the proxy statement and proxy card for the 2019 Annual Meeting pursuant to Rule 14a-8 under the Exchange Act must be submitted in writing to the Chief Legal Officer & Secretary of Summit Materials, Inc., at Summit Materials, Inc., 1550 Wynkoop Street, 3rd Floor, Denver, Colorado 80202, and must be received no later than November 30, 2018. The submission of a stockholder proposal does not guarantee that it will be included in our proxy statement.

In addition, our Bylaws include advance notice provisions that require stockholders wishing to bring nominations for directors or other business before an annual meeting to provide proper notice in accordance with the terms of the advance notice provisions. The Bylaws' advance notice provisions do not apply if the stockholder only seeks to include such matters in the proxy statement pursuant to Rule 14a-8.

The Bylaws' advance notice provisions require that, among other things, stockholders give timely written notice to the Secretary of the Company regarding such nominations or other business and provide

the information and satisfy the other requirements set forth in the Bylaws. To be timely, a stockholder who intends to present nominations or a proposal at the 2019 Annual Meeting of Stockholders other than pursuant to Rule 14a-8 must provide the information set forth in the Bylaws to the Secretary of the Company no earlier than January 17, 2019 and no later than February 16, 2019. However, if we hold the 2019 Annual Meeting of Stockholders more than 30 days before, or more than 70 days after, the anniversary of the 2018 Annual Meeting date, then the information must be received no earlier than the 120th day prior to the 2019 Annual Meeting date, and not later than the close of business on the later of (i) the 90th day prior to the 2019 Annual Meeting date or (ii) the tenth day after public announcement of the 2019 Annual Meeting date. If a stockholder fails to meet these deadlines and fails to satisfy the requirements of Rule 14a-4 under the Exchange Act, we may exercise discretionary voting authority under proxies we solicit to vote on any such proposal as we determine appropriate.

We reserve the right to reject, rule out of order, or take other appropriate action with respect to any nomination or proposal that does not comply with these and other applicable requirements.

**HOUSEHOLDING: AVAILABILITY OF ANNUAL REPORT ON FORM 10-K
AND PROXY STATEMENT**

A copy of the 2017 Annual Report accompanies this Proxy Statement. If you and others who share your mailing address own common stock in street name, meaning through a bank, brokerage firm, or other nominee, you may have received a notice that your household will receive only one Annual Report and Proxy Statement, or Notice of Internet Availability of Proxy Materials, as applicable, from the Company. This practice, known as "householding," is designed to reduce the volume of duplicate information and reduce printing and postage costs. Unless you responded that you did not want to participate in householding, you were deemed to have consented to it, and a single copy of this Proxy Statement and the 2017 Annual Report (and/or a single copy of our Notice of Internet Availability of Proxy Materials) has been sent to your address. Each street name stockholder receiving this Proxy Statement by mail will continue to receive a separate voting instruction form.

If you would like to revoke your consent to householding and in the future receive your own set of proxy materials (or your own Notice of Internet Availability of Proxy Materials, as applicable), or if your household is currently receiving multiple copies of the same items and you would like in the future to receive only a single copy at your address, please contact Householding Department by mail at 51 Mercedes Way, Edgewood, New York 11717, or by calling 1-866-540-7095, and indicate your name, the name of each of your brokerage firms or banks where your shares are held, and your account numbers. The revocation of a consent to householding will be effective 30 days following its receipt. You will also have an opportunity to opt in or opt out of householding by contacting your bank or broker.

If you would like an additional copy of the 2017 Annual Report, this Proxy Statement, or the Notice of Internet Availability of Proxy Materials, these documents are available in digital form for download or review by visiting "Annual Reports and Proxies" at www.proxyvote.com. Alternatively, we will promptly send a copy of these documents to you without charge upon request by mail to 51 Mercedes Way, Edgewood, New York 11717, or by calling 1-800-690-6903. Please note, however, that if you did not receive a printed copy of our proxy materials and you wish to receive a paper proxy card or voting instruction form or other proxy materials for the purposes of the Annual Meeting, you should follow the instructions included in your Notice of Internet Availability of Proxy Materials.

If you own shares in street name, you can also register to receive all future stockholder communications electronically, instead of in print. This means that links to the annual report, proxy statement, and other correspondence will be delivered to you via e-mail. Holders in street name can register for electronic delivery directly with their bank, brokerage firm, or other nominee. Electronic delivery of stockholder communications helps save the Company money by reducing printing and postage costs.
