Robert I. Frenkel, Esq.  
Salomon Bros Municipal Partner  
Secretary & Chief Legal Officer  
300 First Stamford Place ? 4th Floor  
Stamford, CT 06902

Dear Mr. Frenkel:

Karpus Management, Inc. d/b/a Karpus Investment Management (KIM), is the beneficial owner as of July 31, 2005, of 310,090 shares of the common stock of Salomon Brothers Municipal Partners Fund (MNP) (the Fund) (approximately 5.386% of the outstanding common shares) as attested by Schedule 13D/A filings with the Securities and Exchange Commission. We have been the beneficial owner of the shares valued at more than \$2,000 for more than one year and expect to continue ownership through the date of the Fund's next shareholder meeting. KIM's first purchase of shares began on December 8, 2000. All such purchases have been made in the open market.

Pursuant to Rule 14-28(b) (2) (ii) of the Securities Exchange Act of 1934, we (KIM) are hereby submitting the following proposal and supporting statement for inclusion in any and all proxy materials at the next meeting of

shareholders. Attached is our Schedule 13D as electronically filed with the Securities and Exchange Commission.

### PROPOSAL

KIM proposes that the Fund conduct a tender offer for up to 25% of the outstanding shares of the Fund at net asset value to be voted on at the next meeting of shareholders. Should the Board of Directors recommend to shareholders that a new advisory agreement be ratified, we propose the tender offer for shares at net asset value be increased to include all shares that did not vote for the new investment advisory contract. This would include all abstentions and broker non-votes.

### SUPPORTING STATEMENT

According to the original prospectus, the Board of Directors, in consultation with the Investment Manager and the Investment Advisor, will review on an annual basis the possibility of further open market repurchases and/or tender offers for the common stock

The Fund manager has provided exceptional net asset performance to shareholders but has yet to close the discount to net asset value. Net asset performance from June 30, 2004 through June 30, 2005 has been 9.19% verses Morningstar Intermediate Municipal Fund return of 5.49% and Lehman 7 Year Municipal Index return of 5.91%. Yet the Fund continues to trade at a discount to net asset value!

KIM believes the current Fund Management and Board of Directors of MNP have not taken adequate measures to close this discount. For the time period of June 30, 2004 through June 30, 2005 MNP traded at an average discount of 11.97%. MNP has traded at a significant discount to NAV since the end of 1994, over 10 years. What steps have been taken to close this discount?

The original prospectus stated "If, at any time after the second year following the offering, the Common Stock publicly trades for a substantial period of time at a substantial discount from the NAV, the Board of Directors will consider at its next regularly scheduled meeting, taking various actions designed to eliminate the discount, which may include recommending to shareholders the conversion of the Fund to an open-end investment company". This clearly dictates the original intent not to allow the fund to trade at significant discounts, protecting investor's economic interest in the Fund. Why has the Board ignored this intent to the detriment of shareholders? Every shareholder that has sold shares in the last 10 + years in the market place received less for their shares than they were entitled to. We believe the Board has breached their fiduciary responsibilities to these shareholders that sold at prices below NAV.

Additionally, MNP is plagued by low trading volume. From June 30, 2004 through June 30, 2005 average daily trading volume has been 8,905 shares. Large shareholders who do not agree with the possible changes in the fund management contract and who may wish to liquidate their position could severely depress the Fund's market price because of persistently low volume. Dissenters deciding to sell their shares could cause the discount to NAV to widen harming both existing shareholders and sellers. Dissenters have rights under the law that may provide net asset value for their shares.

It is the fiduciary duty of the Board of Directors to allow Fund shareholders the ability to receive economic benefits from any management transition. Any merger to, or with, an open-end fund should benefit all shareholders and could create economies of scale that would reduce the expense ratio.

Edgar Filing: KARPUS MANAGEMENT INC - Form SC 13D/A

Should the Board decide to open-end the Fund or to merge the Fund with another open-end fund our proposal for tender would be withdrawn.

END OF PROPOSAL

Very truly yours,  
Sharon L. Thornton
