Chief Executive Officer and President

Date: April 29, 2004

EMCOR GROUP, INC. REPORTS 2004 FIRST QUARTER RESULTS

NORWALK, CONNECTICUT, April 29, 2004 - EMCOR Group, Inc. (NYSE: EME) today reported results for the first quarter ended March 31, 2004.

Net income for the 2004 first quarter was \$5.7 million, or \$0.37 per diluted share, compared with net income of \$3.3 million, or \$0.21 per diluted share, in the first quarter of 2003. Revenues in the first quarter of 2004 totaled \$1.11 billion versus revenues of \$1.06 billion in the year ago period, representing organic growth of 4.5%.

The Company reported an operating loss for the first quarter of 2004 of \$5.0 million, including restructuring expenses, compared to operating income of \$7.6 million in the first quarter of last year. Selling, general and administrative expenses ("SG&A") for the 2004 first quarter were \$101.0 million, or 9.1% of revenues, versus \$109.2 million, or 10.3% of revenues a year ago.

Included in the Company's 2004 first quarter results are approximately \$5.2 million in restructuring expenses, primarily related to its recently announced management realignment and related initiatives, and a \$9.6 million reversal of income tax reserves no longer required based on a current analysis of probable exposures. The effective income tax rate applicable for the 2004 first quarter was 42.0% compared to 44.0% for the 2003 first quarter.

The Company's contract backlog at March 31, 2004, was \$3.08 billion, compared to \$3.09 billion at the end of the first quarter of 2003. The Company's backlog reflects a planned reduction in construction projects undertaken as the Company continues to conserve capacity in advance of an anticipated recovery in the private sector market. The reduction in construction related backlog was mostly offset by a backlog increase in the Company's facilities services business.

EMCOR Announces 2004 First Quarter Results

Page 2

Frank T. MacInnis, Chairman and CEO of EMCOR Group, stated, "As we last reported, we are optimistic that a generally improving economy, combined with the restructuring actions we have taken, should lift EMCOR's prospects for 2004, particularly in the second half of the year. While our first quarter results reflect both the ongoing impact of public sector work on our overall profitability and the expected typical seasonal slowness in discretionary, small project work, we see increases in revenues and backlog levels within our facilities services operations, as we continue to win business in this growing market. While new management at our UK operations has made good progress in turning this business around, the UK business generated a small loss for the quarter. We continue to evaluate our options regarding all or part of these operations."

Mr. MacInnis added, "Against the current market backdrop, we remained focused on controlling our cost structure and managing our working capital. As a result of our efforts, we were able to lower SG&A expense by 7.5% in the first quarter as compared to the first quarter of 2003. We also maintained our financial strength, reducing our ratio of debt to total capitalization to 18.5%."

Mr. MacInnis concluded, "As we move into the second quarter, we are beginning to see more evidence of improving market dynamics, particularly in the area of discretionary, small project spending, which has contributed positively to our results in the past. EMCOR is well positioned to benefit from improvements in this market, as we enter the seasonally stronger warmer months. Assuming a continued recovery in the overall economy, we believe that demand for larger private sector capital projects will gradually improve during the second half of the year. Given these dynamics, we continue to expect revenues to be between \$4.3 and \$4.4 billion for 2004, while 2004 earnings per share on a diluted basis are now expected to be between \$2.15 and \$2.75. This increase in anticipated GAAP earnings reflects tax accrual adjustments reported in the first quarter, together with 2004 actual and anticipated restructuring charges of \$6.0 million. Our expectations for the financial results for our construction and facilities services operations remain unchanged from our previous guidance."

EMCOR Group, Inc. is a worldwide leader in mechanical and electrical construction services and facilities services. This press release and other press releases may be viewed at the Company's Web site at www.emcorgroup.com.

EMCOR Group's first quarter conference call will be available live via Internet broadcast today, Thursday, April 29, at 10:30 AM Eastern Time. You can access the live call through the Home Page of the Company's Web site at www.emcorgroup.com.

meaning of the Private Securities Reform Act of 1995. Any such comments are based upon information available to EMCOR management's perception thereof, as of this date, and EMCOR assumes no obligation to update any such forward-looking statements. These forward-looking statements may include statements regarding market opportunities, market share growth, gross profit, project mix, projects with varying profit margins, and selling, general and administrative expenses. These forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from the forward-looking statements. Accordingly these statements are no guarantee of future performance. Such risk and uncertainties include, but are not limited to, adverse effects of general economic conditions, changes in the political environment, changes in the specific markets for EMCOR's services, adverse business conditions, increased competition, unfavorable labor productivity, mix of business, and risks associated with foreign operations. Certain of the risks and factors associated with EMCOR's business are also discussed in the Company's 2003 Form 10-K, its Form 10-Q for the first quarter ended March 31, 2004, and in other reports filed from time to time with the Securities and Exchange Commission. All these risks and factors should be taken into account in evaluating any forward-looking statements.
