Explanatory Note

We are filing this Amendment Number 1 to our Quarterly Report on Form 10-QSB for the three and nine months ended September 30, 2004 to restate our financial statements for the quarter then ended to reflect certain issues identified during a regulatory review of our financial statements associated with a certain registration statement filed with the SEC on November 22, 2004 on Form SB-2 and which is pending effectiveness as of the date of this filing of Amendment Number 1 to Form 10-QSB for the quarter ended September 30, 2004. There was no net effect on either cash provided or used by operating activities, cash used by investing activities or cash provided or used by financing activities as a result of the corrections to the financial statements for the period covered by this report. Our management and our board of directors have concluded that these restatements are necessary to reflect the following changes.

Revisions affecting our condensed consolidated statements of operations:

- In June 1999 we entered into a certain software license agreement with Parsons Technology, Inc. to manufacture, distribute and sell a variety of software titles, including QuickVerse® and Membership Plus®, by far our two largest selling titles. During the quarter ended June 30, 2002, we reached a tentative settlement agreement in an arbitration arising out of the 1999 license with The Learning Company (“TLC”), the licensor-assignee at the time. The tentative settlement agreement forgave the final, unpaid installment due on the 1999 license and extended the term from 10 years to 50 years. We originally recorded the final, unpaid installment (\$1,051,785) as an offset against the recorded historical cost of the 1999 license, and recalculated the amortization based on this reduced amount and the extension of the useful life to 50 years. Although paragraph 6 of Statement of Financial Accounting Standards (“SFAS”) No. 141, *Business Combinations*, which guides the recognition and measurement of intangible assets, provides that the measurement of an asset in which the consideration given is cash is measured by the amount of cash paid, our management has since concluded that too much time had passed between the date of the 1999 license and the date of the tentative settlement agreement for such an offset to be appropriate. Therefore, we have recognized the extinguishment of the liability owed to TLC as income in our consolidated statement of operations for the year ended December 31, 2002. This adjustment reduced our retained deficit at September 30, 2003 and 2004 which was originally reported but had no effect on our condensed consolidated statements of operations or consolidated statements of cash flows for the periods then ended.
- During the quarter ended December 31, 2003, we reached a final settlement agreement in a second dispute arising out of the 1999 license with Zondervan and TLC. This final settlement extended the life of the 1999 license, and the trademarks included therein, indefinitely. We originally reassessed the useful life of the 1999 license to be indefinite, based on the guidelines provided by paragraphs 11 and 53 of SFAS No. 142, *Goodwill and Other Intangible Assets*. Our management has since concluded a 10 year life is appropriate on the basis of our going concern opinions for the years ended December 31, 2002 and 2003. Therefore, we have restored the estimated economic useful life to the original 10 years and have recalculated annual amortization accordingly. This adjustment increased our retained deficit at September 30, 2003 (for the prior years’ amortization and related income tax effects) and decreased our net income for the three and nine months ended September 30, 2004. There was no net effect on our consolidated statements of cash flows for the nine months ended September 30, 2003 and 2004, respectively.

Revisions resulting in reclassifications or clarification with no net effect on our condensed consolidated statements of operations:

- During the year ended December 31, 2003, we decided to no longer provide support for and to destroy all remaining inventory of certain of our products. We originally recorded this as a non-recurring item in the “Other income (expense)” section of our consolidated statements of operations for the year ended December 31, 2003. We have revised our condensed consolidated statements of operations for the three and nine months ended September 30, 2003 to reflect this obsolete inventory in the “Cost of Sales” section.

- During the year ended December 31, 2003, we reached a final settlement agreement in our dispute with Zondervan and TLC. As part of the settlement process, we conducted an internal audit (verified by an independent auditor provided by TLC) of the accrued royalties owed Zondervan. The audit revealed that accrued royalties had been overstated due to the 2001 bad debt recognition of TLC's trade accounts receivable balance. The amount by which the accrued royalties had been overstated remained part of our dispute with Zondervan and as such remained in our liabilities until a final settlement agreement was reached. We originally had reported the adjustment as a non-recurring item in the "Other income (expense)" section of our consolidated statements of operations. The revised condensed consolidated statements of operations for the three and nine months ended September 30, 2003 reflects the adjustment as "Other income" in the "Other income (expense)" section.

- During the year ended December 31, 2003, we reclassified loan proceeds, and the corresponding accrued interest payable, that were previously recorded as an unsecured note payable. The proceeds were initially recorded as an unsecured note payable in 1999, based on an oral understanding with an employee of a third-party consultant. We had historically accrued interest on the outstanding balance at 9%, the rate deemed reasonable by our management at the time of the oral agreement. We continued to accrue interest on the proceeds until we made the determination to reclassify the proceeds and accumulated accrued interest based on the fact that (i) the obligation exists, if at all, solely pursuant to an oral loan agreement made in 1999 in the State of North Carolina with a representative of the party to whom the obligation was believed to have been owed, (ii) no party has ever made any demand for repayment thereof despite the fact that no payments have ever been made on the obligation, (iii) the party believed to be owed the obligation, upon inquiry, claims no record of any such obligation, and (iv) the State of North Carolina statute of limitations applicable to oral agreements, believed to govern the continued enforceability of the obligation, had expired. We originally reported the reclassification as a non-recurring item in the "Other income (expense)" section of our consolidated statements of operations for the year ended December 31, 2003. We have revised our condensed consolidated statements of operations for the three and nine months ended September 30, 2003 to reflect the adjustment as "Other income" in the "Other income (expense)" section.
- During the three months ended March 31, 2004, and as a direct result of the final settlement agreement with Zondervan and TLC, we wrote-off certain inventory containing Zondervan-owned content. Though not technologically obsolete, we were unable to sell the inventory under the terms of the final settlement agreement. We originally recorded this event as a non-recurring item in the "Other income (expense)" section of our condensed consolidated statements of operations. We have revised our condensed consolidated statement of operations for the three and nine months ended September 30, 2004 to reflect this inventory adjustment in the "Cost of Sales" section.
- During the three months ended September 30, 2004, we settled a dispute for early termination arising out of an agreement with Swartz Private Equity. In connection therewith, we issued 295,692 shares of common stock valued at \$0.10 per share and paid a cash lump sum of \$125,000. We originally had recorded this transaction as expenses incurred in a withdrawn public offering and reflected it as a non-recurring item in our condensed consolidated statements of operations. We have revised our condensed consolidated statement of operations for the three and nine months ended September 30, 2004 to reflect this transaction as "Other expenses" in the "Other income (expense)" section.
- During the three months ended September 30, 2004, we negotiated a settlement agreement for debt extinguishment with several of our creditors. The debt extinguishment was originally reported as an extraordinary item, net of income tax effects, on our condensed consolidated statements of operations. We have revised our condensed consolidated statement of operations for the three and nine months ended September 30, 2004 to reflect this transaction in the "Other income" section.
- We had previously, and erroneously, treated our 2004 rebates reserve adjustment as an expense recovery in operating expenses. The more appropriate presentation should have been, and is now, an adjustment to revenue, in accordance with EITF 01-09, *Accounting for Consideration Given by a Vendor to a Customer (Including a Reseller of the Vendor's Products)*.

- We have also reclassified various expense items in our condensed consolidated statements of operations for the three and nine months ended September 30, 2004 and 2003 to conform with the presentation in our statements of operations for the years ended December 31, 2004 and 2003. There was no net effect on our net income (loss) for the three and nine months ended September 30, 2004 and 2003 as a result of our correction of these errors.

A discussion of the restatement for the quarter ended September 30, 2004 is included in Note 15 of our condensed consolidated financial statements included in this Amendment Number 1 to Form 10-QSB for the quarter ended September 30, 2004. Changes have also been made to the following items as a result of the restatement:

Part I Item 1 Financial Statements.

Item 2 Management's Discussion and Analysis of Financial Condition or Plan of Operations.

This Amendment Number 1 to Form 10-QSB for the quarter ended September 30, 2004 does not otherwise change or update the disclosures set forth in the Form 10-QSB as originally filed and does not otherwise reflect events occurring after the filing of the form 10-QSB. For a description of our business and the risks related to our business, see our Annual Report on Form 10-KSB/A for the year ended December 31, 2004.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
September 30, 2004 and 2003
(Unaudited)

NOTE 1 - BASIS OF PRESENTATION

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-QSB and Item 310 of Regulation S-B. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. The accompanying unaudited condensed consolidated financial statements reflect all adjustments that, in the opinion of management, are considered necessary for a fair presentation of the financial position, results of operations, and cash flows for the periods presented. The results of operations for such periods are not necessarily indicative of the results expected for the full fiscal year or for any future period. The accompanying financial statements should be read in conjunction with the audited consolidated financial statements of Findex.com, Inc. included in our Form 10-KSB/A for the fiscal year ended December 31, 2003.

Inventory

Inventory, including out on consignment, consists primarily of software media, manuals and related packaging materials and is recorded at the lower of cost or market value, determined on a first-in, first-out basis and adjusted on a per-item basis.

Amortization

In accordance with SFAS No. 142, *Goodwill and Other Intangible Assets*, intangible assets with an indefinite useful life are not amortized. Intangible assets with a finite useful life are amortized on the straight-line method over the estimated useful lives. Our software license was originally amortized over an estimated useful life of 10 years. During the year ended December 31, 2002, the Company reached a tentative settlement agreement with TLC which called for the extension of the estimated life of the license from 10 years to 50 years. On October 20, 2003, the Company reached settlement in a dispute with The Zondervan Corporation and TLC. The settlement, amongst other things, extended the life of the agreement indefinitely and provides the Company with the exclusive worldwide right to market, sell, and continue to develop those titles it covers. This effectively changed the substance from an amortizable intangible asset with a finite useful life to an unamortizable intangible asset with an indefinite useful life.

Software Development Costs

In accordance with SFAS No. 86, *Accounting for the Costs of Computer Software to Be Sold, Leased, or Otherwise Marketed*, software development costs are expensed as incurred until technological feasibility has been established, at which time such costs are capitalized until the product is available for general release to customers. Capitalized costs are amortized on a product-by-product basis using the greater of the straight-line method over the estimated product life or on the ratio of current revenues to total projected product revenues. The Company generally considers technological feasibility is established with the release of a beta version for testing. Total capitalized software development costs at September 30, 2004 were \$1,374,901, less accumulated amortization of \$772,625. Research and development costs incurred and charged to expense were \$532 and \$18,500 for the three months ended September 30, 2004 and 2003, respectively and \$44,228 and \$116,294 for the nine months ended September 30, 2004 and 2003, respectively.

NOTE 2 - INVENTORIES (Restated)

At September 30, 2004 and 2003, inventories consisted of the following:

	2004	2003
Raw materials	\$ 73,100	\$ 53,000
Finished goods	89,700	199,700
	\$ 162,800	\$ 252,700

During the quarters ended March 31, 2004 and 2003 and September 30, 2003, the Company wrote-off distinctly different categories of obsolete inventory with a carried cost totaling \$32,396, \$31,892 and \$28,900, respectively. The 2004 obsolete inventory was a direct result of the March 2004 settlement with The Zondervan Corporation. These have been recognized as Cost of sales.

See Note 15 - Restatement and Reclassification.

NOTE 3 - NOTES PAYABLE

At September 30, 2004 and 2003, notes payable consisted of the following:

	2004	2003
Unsecured demand note payable to a corporation, with interest at 9%.	\$ ---	\$ 650,000
Note payable to a corporation, due May 31, 2003, with interest compounded monthly at 1.5%. Unsecured. Convertible at the option of the holder into 666,666 restricted common shares.	---	33,333

	120,000	---

Note payable to an individual, due August 2005, with annual interest at 7.5%. Unsecured. Convertible at the option of the holder into 1,000,000 restricted common shares.

\$	240,000	\$	749,999
----	----------------	----	---------

NOTE 4 - LONG-TERM NOTES PAYABLE

At September 30, 2004 and 2003, long-term notes payable consisted of the following:

	2004	2003
Unsecured term note payable to a corporation due October 2004 in monthly installments of \$5,285, including interest at 8%.	\$ 34,070	\$ 68,545
Term note payable to a corporation due December 2005 in monthly installments of \$6,833, including interest at 8%. Secured by inventory.	---	164,000

NOTE 5 - STOCKHOLDERS' EQUITY (Restated)

Common Stock

In April 2004, the Company issued a total of 1,519,349 restricted common shares to the executive management team as payment of the 2003 accrued performance bonus.

In April 2004, the Company resolved to issue 637,500 restricted common shares to the non-executive employees as additional compensation pursuant to an incentive and retention bonus program. In July, 2004, the Company removed 2,500 restricted common shares from the resolution due to voluntary separation from service by a part-time employee. These shares were valued at \$.022 per share.

In June 2004, the Company issued 324,074 restricted common shares to the outside Board of Directors in lieu of cash compensation for the period from July 2003 through August 2004. These shares were valued at \$.081 per share.

In July 2004, the holders of 11,400 shares of Preferred Series A and the holders of 40,000 shares of Preferred Series B elected to convert such shares into 218,000 common shares and 266,667 common shares, respectively. In addition, the holders converted \$4,125 unpaid accumulated Preferred Series A dividends into 56,353 common shares.

In July 2004, the Company issued 295,692 non-restricted common shares in settlement of an agreement with an institutional private equity investor. These shares were valued at \$.10 per share. A warrant dated March 26, 2001 to purchase 510,000 common shares exercisable at \$0.23 per share was cancelled in the settlement.

In July 2004, the Company issued 21,875,000 restricted common shares for proceeds of \$1,750,000 through a private placement with a New York based private investment partnership. In connection with this issuance, we incurred \$51,047 in legal and other direct costs. In addition, according to the terms of the agreement, the investor is entitled to receive two warrants to purchase common stock. The first warrant would entitle the investor to purchase up to 10,937,500 common shares at an initial price of \$0.18 per share, and the second warrant would entitle the investor to purchase up to 10,937,500 additional common shares at an initial price of \$0.60 per share.

In July 2004, the Company removed 48,387 previously resolved but un-issued common shares associated with an unexecuted 2001 stock subscription agreement.

Common Stock Options

In June 2003, we granted an employee 500,000, fully vested stock options with an exercise price of \$0.05 per share. These options expire in June 2013. In addition, 667 unvested stock options with an exercise price of \$1.00 and 6,250 unvested stock options with an exercise price of \$0.11 were forfeited upon termination and 16,250 vested stock options with an exercise price of \$1.00 and 30,000 vested stock options with an exercise price of \$0.11 expired after termination. There was no effect on the financial statements resulting from these transactions. In July 2004, we cancelled 190,200 vested stock options with an exercise price of \$1.00 per share and 525,000 vested stock options with an exercise price of \$1.03 per share. In addition, 100,000 vested stock options with an exercise price of \$0.11 were voluntarily forfeited by management and 1,333 vested stock options with an exercise price of \$1.00 and 38,750 vested stock options with an exercise price of \$0.11 expired after termination. We apply APB Opinion No. 25 and related interpretations in accounting for our stock options. Accordingly, no compensation cost has been recognized for these stock options and therefore, there was no effect on the financial statements resulting from these cancellations. We did not grant any options or other stock-based awards to any of the individuals for which the options were canceled, during the six months prior to and after the option cancellation.

Common Stock Warrants

In April 2004, we issued a warrant for 150,000 shares of common stock with an exercise price of \$0.022 per share to our corporate counsel as payment for \$3,300 of accrued legal services.

In May 2004, we issued a warrant for 600,000 shares of common stock with an exercise price of \$0.15 per share to a consultant for corporate business planning, financing, and merger and acquisition assistance. This warrant was valued at \$63,215 using the Black-Scholes method and recorded as an expense.

In July 2004, we cancelled a warrant for 510,000 shares of common stock with an exercise price of \$0.23 per share with an institutional private equity investor in connection with a settlement in which 295,692 non-restricted shares of common stock were issued.

See Note 15 - Restatement and Reclassification.

NOTE 6 - OTHER INCOME AND EXPENSES (Restated)

During the quarter ended September 30, 2004, the Company settled an agreement with an institutional private equity investor for early termination of the agreement. The Company issued 295,692 common shares valued at \$.10 per share and paid a cash lump sum of \$125,000. A total of \$154,569 has been treated as expenses incurred in a withdrawn public offering and included in Other expenses, net in the condensed consolidated statements of operations.

During the quarter ended September 30, 2004, we settled with various vendors and content providers for lump-sum payments ranging from approximately 17% to approximately 60% of balances owed. The difference between the balance owed and the settlement amount, totaling \$1,000,662, has been treated as gain from extinguishment of debt in accordance with SFAS No. 140, *Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities*, and classified as Other income in the condensed consolidated statements of operations.

During the quarter ended June 30, 2003, we recorded an adjustment to the balance of accrued royalties in the amount of \$583,628. This adjustment resulted from the settlement with Zondervan and TLC. The adjustment was related to sales we made to TLC that remained in dispute until verified by an independent third-party audit of the sales and related royalty calculations. The disputed sales were part of the calculation of the June 30, 2001 bad debt provision totaling \$2,391,000. This has been included in other income.

See Note 15 - Restatement and Reclassification.

NOTE 7 - REBATE RESERVE ADJUSTMENT (Restated)

During the year ended December 31, 2004, we recorded an adjustment to the rebates reserve in the amount of \$266,301. The reserve balance properly reflects open rebate programs and the estimated balance of each that management expects to pay. This adjustment resulted from an internal review of the amount owed and our ability to reach the intended rebate recipients and properly reflects historical response rates. This has been recognized as an adjustment to revenue in accordance with EITF Issue No. 01-09.

See Note 15 - Restatement and Reclassification.

NOTE 8 - INCOME TAXES

We compute our provision for or benefit from income taxes by applying the estimated annual effective tax rate to income or loss from recurring operations and other taxable items. Our effective tax rate for each of the three and nine

months ended September 30, 2003 was approximately 6%. Our effective tax rates for the three and nine months ended September 30, 2004 were approximately 5% and 24%. Our effective tax rates for these periods differed from the federal statutory rate primarily due to the net effects of the benefits received from software development costs, website costs, and software license fees.

NOTE 9 - EARNINGS (LOSS) PER COMMON SHARE (Restated)

Earnings per common share are computed by dividing net income by the weighted average number of common shares and common stock equivalents outstanding during the year. Common stock equivalents are the net additional number of shares that would be issuable upon the exercise of the outstanding common stock options and warrants, assuming that the Company reinvested the proceeds to purchase additional shares at market value. A total of 2,440,000 and 5,058,200 potentially dilutive securities for the three and nine months ended September 30, 2004 and 2003, respectively, have been excluded from the computation of diluted earnings per share, as their inclusion would be anti-dilutive.

F-7

The following table shows the amounts used in computing earnings per share and the effect on income and the average number of shares of dilutive potential common stock:

NOTE 10 - STOCK-BASED COMPENSATION (Restated)

The Stock Incentive Plan (the "Plan") authorizes the issuance of various forms of stock-based awards including incentive and nonqualified stock options, stock appreciation rights attached to stock options, and restricted stock awards to directors, officers and other key employees of the Company. Stock options are granted at an exercise price

as determined by the Board at the time the Option is granted and shall not be less than the par value of such shares of Common Stock. Stock options vest quarterly over three years and have a term of ten years.

F-8

The Company applies APB Opinion No. 25 and related interpretations in accounting for its stock options. Accordingly, no compensation cost has been recognized for outstanding stock options. Had compensation cost for the Company's outstanding stock options been determined based on the fair value at the grant date (calculated using the Black-Scholes Option-Pricing Model) for those options consistent with SFAS No. 123, the Company's net income and primary and diluted earnings per share would have differed as reflected by the pro forma amounts indicated below:

See Note 15 - Restatement and Reclassification.

NOTE 11 - COMMITMENTS AND CONTINGENCIES

The Company is subject to legal proceedings and claims that arise in the ordinary course of its business. In the opinion of management, the amount of ultimate liability with respect to these actions will not materially affect the financial position of the Company.

In March 2004, the Company finalized the settlement with The Zondervan Corporation and TLC. The Settlement Agreement was effective October 20, 2003 and called for FindEx to pay Zondervan a total of \$500,000, plus 5% simple interest, in installments of \$150,000, plus interest, due November 15, 2003 and January 30, 2004, and installments of \$100,000, plus interest, due April 30, 2004 and July 30, 2004, all of which have been paid. This agreement was secured by all rights, title and interest in QuickVerse® together with all proceeds produced by QuickVerse®. In addition, according to the agreement, the term of the software license agreement with Parsons Technology, Inc., a subsidiary of TLC, has been extended indefinitely and provides the Company with the exclusive worldwide right to market, sell, and continue to develop those titles it covers.

The Company was in arrears with the Internal Revenue Service for back payroll taxes and had been paying the payroll taxes in monthly installments previously approved by the Internal Revenue Service. In July of 2004, the Company paid all back payroll taxes that were due to the Internal Revenue Service and remain current with all payroll tax deposits and filings.

NOTE 12 - RISKS AND UNCERTAINTIES

The Company's future operating results may be affected by a number of factors. The Company is dependent upon a number of major inventory and intellectual property suppliers. If a critical supplier had operational problems or ceased

making material available to the Company, operations could be adversely affected. The Company is also dependent upon a few major customers. If any of these customers experienced operational problems or ceased placing orders with the Company, operations could also be adversely affected.

F-9

NOTE 13 - GOING CONCERN

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. The Company has a negative current ratio and total liabilities in excess of total assets. Those factors create an uncertainty about the Company's ability to continue as a going concern. Management of the Company has secured investment capital, reduced liabilities, and is pursuing further development of the Company's flagship software titles. The ability of the Company to continue as a going concern is dependent on the success of the Company's flagship software titles and the successful development of new titles and platforms. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTE 14 - SUBSEQUENT EVENTS

In October 2004, the Company filed Schedule 14C with the Securities and Exchange Commission to increase the number of our authorized common shares from 50,000,000 to 120,000,000.

In November 2004, the holders of the promissory notes exercised their option to convert their notes into 2,000,000 restricted common shares.

NOTE 15 - RESTATEMENT AND RECLASSIFICATION

We have restated our financial statements for the three and nine months ended September 30, 2004 and 2003 to reflect issues identified during a regulatory review of our financial statements associated with a registration statement filing on Form SB-2 that is pending effectiveness as of the date of this 10-QSB/A filing. Management and the board of directors concluded these restatements were necessary to reflect the changes described below.

Revisions affecting the condensed consolidated statements of operations:

- During the quarter ended June 30, 2002, we reached a tentative settlement agreement in our arbitration with TLC. The tentative settlement agreement forgave the final, unpaid installment due on the 1999 Software License Agreement ("SLA") and extended the SLA term from 10 years to 50 years. We originally recorded the final, unpaid installment (\$1,051,785) of the SLA as an offset against the recorded historical cost of the SLA and recalculated the amortization based on this reduced amount and the extension of the useful life to 50 years. Although paragraph 6 of SFAS No. 141, *Business Combinations*, which guides the recognition and measurement of intangible assets, provides that the measurement of assets in which the consideration given is cash are measured by the amount of cash paid, our management has since concluded that too much time had passed between the date of the 1999 license (June 1999) and the date of the tentative settlement agreement (May 2002) for such an offset to be appropriate. Therefore, we recognized the extinguishment of the liability owed to TLC as income in the consolidated statement of operations for the year ended December 31, 2002. This adjustment reduced the retained deficit at September 30, 2003 and 2004 from that originally reported and had no effect on the condensed consolidated statements of operations or consolidated statements of cash flows for the periods then ended.
- During the quarter ended December 31, 2003, we reached a final settlement agreement in our dispute with Zondervan and TLC. This final settlement extended the life of the SLA, and the trademarks included therein, indefinitely. We originally reassessed the useful life of the SLA to be indefinite, based on the guidelines provided by paragraphs 11 and 53 of SFAS No. 142, *Goodwill and Other Intangible Assets*. Our management has since concluded a 10 year life is appropriate based on our going concern opinion for 2002 and 2003. Therefore, we restored the estimated economic useful life to the original 10 years and have recalculated annual amortization accordingly. This adjustment increased the retained deficit at September 30, 2003 (for the prior years' amortization and related income tax effects) and decreased net income for the three and nine months ended September 30, 2004. There was no net effect on the consolidated statements of cash flows for the nine months ended September 30, 2003

and 2004, respectively.

F-10

Revisions resulting in reclassifications or clarification with no net effect on the condensed consolidated statements of operations:

- During the year ended December 31, 2003, we made the decision to no longer provide support for certain of our products and destroyed all remaining inventory of those products. We originally recorded this as a non-recurring item in the "Other income (expense)" section of the consolidated statements of operations. We revised the condensed consolidated statements of operations for the three and nine months ended September 30, 2003 to reflect this obsolete inventory in cost of sales.
- During the year ended December 31, 2003, we reached a final settlement agreement in our dispute with Zondervan and TLC. As part of the settlement process, we conducted an internal audit (which was verified by an independent auditor provided by TLC) of the accrued royalties owed Zondervan. The audit provided that accrued royalties were overstated due to the 2001 bad debt recognition of the trade accounts receivable balance of TLC. The amount overstated had remained part of the dispute with Zondervan and remained in our liabilities until the final settlement was reached. We originally reported the adjustment as a non-recurring item in the "Other income (expense)" section of the consolidated statements of operations. The revised condensed consolidated statements of operations for the three and nine months ended September 30, 2003 reflects the adjustment as "Other income" in the "Other income (expense)" section.
- During the year ended December 31, 2003, we reclassified loan proceeds, and the corresponding accrued interest payable, that were previously recorded as an unsecured note payable. The proceeds were initially recorded as an unsecured note payable based on an oral understanding with an employee of a third-party consultant in 1999. We had historically accrued interest on the outstanding balance at 9%, the rate deemed reasonable by management at the time of the oral agreement. We continued to accrue interest on the proceeds until we made the determination to reclassify the proceeds and accumulated accrued interest. The determination to reclassify the obligation, and related accrued interest, was made on the basis of the combined facts that (i) the obligation exists, if at all, solely pursuant to an oral loan agreement made in 1999 in the State of North Carolina with a representative of the party to whom the obligation was believed to have been owed, (ii) no party has ever made any demand for repayment thereof despite the fact that no payments have ever been made on the obligation, (iii) the party believed to be owed the obligation, upon inquiry, claims no record of any such obligation, and (iv) the State of North Carolina Statute of Limitations applicable to oral agreements, believed to govern the continued enforceability of the obligation, had expired. We originally reported the reclassification as a non-recurring item in the "Other income (expense)" section of the consolidated statements of operations. The revised condensed consolidated statements of operations for the three and nine months ended September 30, 2003 reflects the adjustment as "Other income" in the "Other income (expense)" section.
- During the three months ended March 31, 2004, and as a direct result of the settlement with Zondervan and TLC, we wrote-off inventory containing content from Zondervan. Though not technologically obsolete, we were unable to sell the inventory under the terms of the settlement. We originally recorded this as a non-recurring item in the "Other income (expense)" section of the condensed consolidated statements of operations. The revised condensed consolidated statement of operations for the three and nine months ended September 30, 2004 reflects this inventory adjustment in cost of sales.
- During the three months ended September 30, 2004, we settled an agreement with Swartz Private Equity for early termination. In connection therewith, we issued 295,692 shares of common stock valued at \$0.10 per share and paid a cash lump sum of \$125,000. We originally recorded this transaction as expenses incurred in a withdrawn public offering and reflected it as a non-recurring item in the condensed consolidated statements of operations. The revised condensed consolidated statement of operations for the three and nine months ended September 30, 2004 reflects this transaction as "Other expenses" in the "Other income (expense)" section.

- During the three months ended September 30, 2004, we negotiated settlement with several of our creditors. The debt extinguishment was originally reported as an extraordinary item, net of income tax effects, on the condensed consolidated statements of operations. The revised condensed consolidated statement of operations for the three and nine months ended September 30, 2004 includes this transaction in “Other income”.
- We had previously and erroneously treated the 2004 rebates reserve adjustment as an expense recovery in operating expenses. The more appropriate presentation should have been, and is now, an adjustment to revenue, as provided by EITF 01-09, *Accounting for Consideration Given by a Vendor to a Customer (Including a Reseller of the Vendor’s Products)*.
