ITEM 5.02. DEPARTURE OF DIRECTORS OR CERTAIN OFFICERS; ELECTION OF DIRECTORS; APPOINTMENT OF CERTAIN OFFICERS; COMPENSATORY ARRANGEMENTS OF CERTAIN OFFICERS.

On April 26, 2011, the Board of Directors of Charter Communications, Inc. (the “Company”) adopted the 2011 Long Term Incentive Plan (the “Plan”) for certain employees of the Company, including Named Executive Officers. The Plan provides for the grants of time-vesting stock options, performance-vesting options and restricted stock units as of April 26, 2011, under the Company’s 2009 Stock Incentive Plan, as follows:

(1) Time-Vesting Stock Options: The grant of options to purchase shares of the Company’s Class A common stock subject to the following vesting provisions and to the optionee’s continued employment with the Company on each vesting date with each one-third of a grant vesting and becoming exercisable in four equal installments on each of the first four anniversaries each of:

- (a) the vesting commencement date of April 26, 2011;
- (b) the vesting commencement date of December 31, 2011; and,
- (c) the vesting commencement date of December 31, 2012.

The exercise price is the average of the high and low price of the Company’s Class A common stock on NASDAQ on April 26, 2011, the day of grant: \$55.12.

The award agreement for such Time-Vesting options will provide that for optionees if, within thirty days prior or twelve months following the completion of a Change in Control (as defined in the award agreement for such options) or at any time prior to a Change in Control at the request of a prospective purchaser whose proposed purchase would constitute a Change in Control upon its completion, the Company, or any of its Subsidiaries, terminates the optionee’s employment without Cause or the optionee terminates his or her employment for Good Reason (as such terms are defined in optionee’s employment agreement), all unvested Time-Vesting Eligible Options (options with respect to which the relevant vesting commencement date has occurred) shall immediately vest and become exercisable. All non-eligible Time-Vesting Options that are not Eligible Options shall be canceled and forfeited upon a Change in Control. However, for Michael Lovett, President and CEO, upon a Change in Control, all Time-Vesting Eligible Options shall vest immediately.

Upon the termination of employment of the Optionee by the Company, or any of its Subsidiaries, without Cause or by the Optionee for Good Reason: (A) all Options that are not Eligible Options shall immediately be canceled and forfeited; (B) all unvested Eligible Options that do not vest pursuant to (C) below shall be canceled and forfeited; and (C) a pro-rata portion of the Eligible Options that would otherwise vest on the next regularly scheduled vesting date (based on the portion of the vesting year that has elapsed as of such termination) shall vest and become exercisable as of the date of such termination.

(2) Performance-Vesting Stock Options: The grant of options to purchase shares of the Company’s Class A common stock subject to the following price vesting provisions and to the optionee’s continued employment with the Company on each vesting date:

- (a) One-third of a grant of Performance-Vesting Options shall vest and become exercisable (determined in accordance with the “Tranche I Measurement Standard” (as defined below)) (the “Tranche I Performance Options”): (A) one-third of the Tranche I Performance Options shall vest and become exercisable upon the first occurrence of shares of the Company’s Class A common stock (“Shares”) achieving a stock price threshold of \$60 per Share; (B) one-third of the Tranche I Performance Options shall vest and become exercisable upon the first occurrence of the Shares achieving a stock price threshold of \$80 per Share; and (C) one-third of the Tranche I Performance Options shall vest and become exercisable upon the first occurrence of the Shares achieving a stock price threshold of \$100 per

Share. Achievement of the applicable stock price thresholds will be measured based on the average of the per share closing price of a share of the Company's Class A common stock as reported on NASDAQ for any sixty consecutive trading days commencing on or after January 26, 2012 (the "Tranche I Measurement Standard"). The applicable vesting commencement date for the Tranche I Performance Options shall be April 26, 2011;

(b) One-third of a grant of Performance-Vesting Options shall vest and become exercisable, subject to an optionee's continued service with the Company as of the date on which the applicable stock price thresholds stated below are achieved (determined in accordance with the "Tranche II Measurement Standard" (as defined below)) (the "Tranche II Performance Options"): (A) one-third of the Tranche II Performance Options shall vest and become exercisable upon the first occurrence of the Shares achieving a stock price threshold of \$60 per Share; (B) one-third of the Tranche II Performance Options shall vest and become exercisable upon the first occurrence of the Shares achieving a stock price threshold of \$80 per Share; and (C) one-third of the Tranche II Performance Options shall vest and become exercisable upon the first occurrence of the Shares achieving a stock price threshold of \$100 per Share. Achievement of the applicable stock price thresholds will be measured based on the average of the per share closing price of a share of the Company's Class A common stock as reported on NASDAQ for any sixty consecutive trading days commencing on or after September 30, 2012 (the "Tranche II Measurement Standard"). The applicable vesting commencement date for the Tranche II Performance Options shall be December 31, 2011; and,

(c) One-third of a grant of Performance-Vesting Options shall vest and become exercisable, subject to an optionee's continued service with the Company as of the date on which the applicable stock price thresholds stated below are achieved (determined in accordance with the "Tranche III Measurement Standard" (as defined below)) (the "Tranche III Performance Options"): (A) one-third of the Tranche III Performance Options shall vest and become exercisable upon the first occurrence of the Shares achieving a stock price threshold of \$60 per Share; (B) one-third of the Tranche III Performance Options shall vest and become exercisable upon the first occurrence of the Shares achieving a stock price threshold of \$80 per Share; and (C) one-third of the Tranche III Performance Options shall vest and become exercisable upon the first occurrence of the Shares achieving a stock price threshold of \$100 per Share. Achievement of the applicable stock price thresholds will be measured based on the average of the per share closing price of a share of the Company's Class A common stock as reported on NASDAQ for any sixty consecutive trading days commencing on or after September 30, 2013 (the "Tranche III Measurement Standard"). The applicable vesting commencement date for the Tranche III Performance Options shall be December 31, 2012.

The exercise price for the performance vesting options is the average of the high and low price of the Company's Class A common stock on NASDAQ on April 26, 2011, the day of grant: \$55.12.

In the event of a Change in Control, all Performance-Vesting Eligible Options will vest in accordance with achievement of the above price thresholds based upon the highest price paid per Share in the Change in Control transaction. Unless otherwise determined by the Company's Compensation and Benefits Committee at the time of such Change in Control, all Non-Eligible Performance-Vesting Options and all unvested Performance-Vesting Eligible Options that do not vest in accordance with the Performance-Vesting Option award agreement in connection with a Change in Control shall be canceled and forfeited upon a Change in Control.

Upon the termination of employment of the Optionee by the Company, or any of its Subsidiaries, without Cause or by the Optionee for Good Reason: (A) all Performance-Vesting Options that do not become Eligible Options shall immediately be canceled and forfeited; (B) all unvested Performance-Vesting Eligible Options that do not remain outstanding and eligible to vest pursuant to (C) below shall be canceled and forfeited; and (C) a pro rata portion of each of the Eligible Options that are Tranche I Performance Options, Tranche II Performance Options, and Tranche III Performance Options,

respectively, based on the number of days employed, shall remain outstanding and be eligible to vest in accordance with the applicable measurement standard set forth in the award agreement, where one-third (1/3) of such Performance-Vesting Eligible Options that remain outstanding and eligible to vest pursuant to the foregoing provision shall be subject to the stock price thresholds set forth above. The number of Performance-Vesting Options that vest pursuant to this provision following the date of the Optionee's termination of employment shall continue to be exercisable in whole or in part at any time for six (6) months following the date that such options become vested and exercisable.
