Report of Independent Auditors

Investment Committee
McCormick & Company, Incorporated

We have audited the accompanying statements of net assets available for benefits of the McCormick 401(k) Retirement Plan (formerly known as The McCormick Profit Sharing Plan) as of November 30, 2002 and 2001, and the related statements of changes in net assets available for benefits for each of the three years in the period ended November 30, 2002. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at November 30, 2002 and 2001, and the changes in its net assets available for benefits for each of the three years in the period ended November 30, 2002, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets held for investment purposes as of November 30, 2002 is presented for purposes of additional analysis, and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Notes to Financial Statements

November 30, 2002

1. Description of the Plan

The McCormick 401(k) Retirement Plan (the Plan) is a defined contribution plan sponsored by McCormick & Company, Incorporated (the Company), which incorporates a 401(k) savings and investment option. The Plan was amended and restated effective December 1, 2000 and renamed The McCormick 401(k) Retirement Plan from The McCormick Profit Sharing Plan.

Effective March 22, 2002, the Plan was amended to provide that the McCormick Stock Fund investment option is designated as an employee stock ownership plan (ESOP). This designation allows participants investing in McCormick stock to elect to receive, in cash, dividends that are paid on McCormick stock held in their 401(k) Retirement Plan accounts. Dividends may also continue to be reinvested.

The following description of the Plan provides only general information. Further information about the Plan agreement, eligible employees, the vesting provisions, and investment alternatives is contained in the Summary Plan Description. Copies of this document are available from the McCormick Corporate Human Relations Department.

Participating employees contribute to the Plan through payroll deductions in amounts ranging from 1% to 15% of their earnings.

Effective December 1, 2000, the Company and participating subsidiaries provide a matching contribution of 100% of the first 3% of an employee's contribution, and 50% on the next 2% of the employee's contribution. An employee is required to have one year of service with the Company to be eligible for the matching contribution.

Prior to December 1, 2000, the Company and participating subsidiaries made a matching contribution at a rate of \$.20 for each \$1.00 of the participant's elective contributions to the Plan regardless of the participant's investment election. The matching contribution was not made on elective contributions in excess of 10% of compensation.

Prior to December 1, 2000, the Plan contained a Profit-Sharing Feature whereby the Company and participating subsidiaries made additional contributions to the Plan for amounts authorized by the Board of Directors. Company profit-sharing contributions were allocated to each participant's account based upon the participant's compensation and length of service. Effective December 1, 2000, the Plan was amended to eliminate the Profit-Sharing Feature.

Participants are immediately vested in their contributions, the Company's contributions including matching contributions, and all related earnings. Company profit-sharing contributions cannot be withdrawn under the in-service early withdrawal provisions, other than hardship withdrawals, until three years after the contributions are approved by the Board of Directors.

Participants' elective contributions, as well as Company matching contributions and prior profit-sharing contributions, are invested in the Plan's investment funds as directed by the participant.

Participants are permitted to take loans against their contributions to the Plan, subject to a \$500 minimum. The maximum of any loan cannot exceed one-half of the participant's contributed account balance or \$50,000, less the highest outstanding unpaid loan balance during the prior 12 months, whichever is less. The Company's Investment Committee determines the interest rate for loans based on current market rates. Loan repayments, including interest, are made by participants through payroll deductions over loan terms of up to five years. Longer loan terms are available for loans taken to purchase, construct, reconstruct, or substantially rehabilitate a primary home for the participant or the participant's immediate family.

Upon termination of service, a participant with an account balance greater than \$5,000 may elect to leave their account balance invested in the Plan, elect to rollover their entire balance to an Individual Retirement Account (IRA) or another qualified plan, elect to receive a lump-sum payment equal to their entire balance, or elect annual installments to extend from two to eight years. Upon termination of service, a participant with an account balance less than \$5,000 must elect to rollover their entire balance to an IRA or another qualified plan or elect to receive a lump-sum payment equal to their entire balance.

The Company intends to continue the Plan indefinitely. The Company reserves the right to terminate the Plan, or to reduce or cease contributions at any time, if its Board of Directors determines that business, financial, or other good causes make it necessary to do so, or to amend the Plan at any time and in any respect, provided, however, that any such action will not deprive any participant or beneficiary under the Plan of any vested right.

2. Significant Accounting Policies

The financial statements of the Plan are prepared on the accrual basis of accounting.

Valuation of Securities

Investments are stated at aggregate fair value. Securities traded on a national securities exchange or included on the NASDAQ National Market List are valued at the last reported sales price on the last business day of the plan year. Investments for which no sale was reported on that date are valued at the last reported bid price.

The change in the difference between fair value and the cost of investments is reflected in the statement of changes in net asset available for benefits as net unrealized appreciation or depreciation of investments.

The net realized gain or loss on disposal of investments is the difference between the proceeds received and the average cost of investments sold. Expenses relating to the purchase or sale of investments are added to the cost or deducted from the proceeds.

Administrative Expenses

Administrative services are provided by the Company which serves as the Plan Sponsor, without cost to the Plan; however, custodial trustee and investment advisors' fees and other direct expenses are paid by the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual amounts could differ from these estimates.

3. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service (the IRS) dated March 12, 1996, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax-exempt.

4. Investments

The Plan's investments are held in bank-administered trust funds. The custodial trustee of the Plan is Wells Fargo Bank Minnesota N.A. During 2002, 2001 and 2000, the Plan's investments (including investments bought, sold, or held throughout the year) depreciated in fair value by \$10,869,505, \$4,274,382 and \$8,198,266, respectively, as follows:

	Year ended November 30		
	2002 Net Appreciation (Depreciation) in Fair Value During Year	2001 Net Appreciation (Depreciation) in Fair Value During Year	2000 Net Appreciation (Depreciation) in Fair Value During Year

Total	\$ (10,869,505)	\$ (4,274,382)	\$ (8,198,266)

The Plan's interest and dividend income for the years ended November 30, 2002, 2001, and 2000 was \$3,516,469, \$4,028,171, and \$14,766,913, respectively.

The fair value of individual investments that represent 5% or more of the Plan's net assets are as follows:

5. Transactions with Parties-in-Interest

Fees paid during the year for legal, accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services.

6. Subsequent Event

Effective January 1, 2003, participating employees can contribute to the Plan through payroll deductions in amounts ranging from 1% to 60% of their earnings, as defined, to an elective deferral limit of \$12,000 for a 401(k) plan. Participating employees 50 years of age and older are allowed to make annual additional contributions, up to a maximum of \$2,000 per calendar year.
