Item 1.01. Entry Into a Material Definitive Agreement

Amendments to the executive compensation arrangements (the Plan) for five executive officers of Labor Ready, Inc. (the Company) became effective January 3, 2005. The Plan, as amended, is substantially similar to the plan in effect for the fiscal year ended December 31, 2004 and consists of an annual cash incentive bonus and long-term equity incentive awards. Participation and all awards are at the discretion of the Board of Directors.

The cash incentive bonus is based on a pre-established performance target which requires the attainment of an increase in net after tax profits (excluding option compensation expenses). Individual target bonuses will continue to range from 25% to 45% of base compensation. Bonuses will continue to be subject to thresholds, targets and maximums similar to those used in the last two fiscal years. The maximum payout is 50% of base salary for each executive. As was previously established, at least 25% of the payment must be made in stock, and the Board of Directors may apply a multiplier of .5 to 1.2 to each executive's bonus to reflect variations in individual performance.

The annual equity incentive portion of the plan is also substantially similar to awards made in 2004 consisting of restricted stock and stock options having equal values taking into account the two different forms of equity compensation and using Black-Scholes based methodologies. The aggregate grants for 2005 are based on multiples of base salaries which range from 1.0 to 1.5. Awards made in 2005 will vest ratably over three years rather than the three year cliff vesting employed in 2004. A portion of the shares received are also subject to transfer restrictions which will require retention of 75% of the net shares received, after payment of the exercise price and related withholding taxes; for awards received in 2004 for a period of at least 2 years and for awards received in 2005 for a period of at least 4 years, in each case after the options or restricted shares vest. The Board has discretion, but is not obligated, to reduce the retention shares for executives who retire or otherwise terminate their employment.

New forms of agreements to implement the equity awards in 2004 and 2005 have been approved by the Compensation Committee of the Board of Directors and are attached as exhibits to this report.
