PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

The accompanying proxy is solicited by the Board of Directors of AXT, Inc., a Delaware corporation (AXT or the Company), for use at the Annual Meeting of Stockholders to be held June 28, 2005, or any adjournment or postponement thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. This proxy statement and the accompanying form of proxy card are being mailed to our stockholders on or about May 16, 2005.

GENERAL INFORMATION

Annual Report. Our Annual Report on Form 10-K for the year ended December 31, 2004 can be obtained from our website at www.axt.com or by sending us an email at ir@axt.com.

Voting Securities. Only common stockholders of record as of the close of business on April 29, 2005, will be entitled to vote at the meeting and any adjournment thereof. As of that date, there were 23,094,543 shares of our common stock, par value \$0.001 per share, issued and outstanding, all of which are entitled to vote with respect to all matters to be acted upon at the Annual Meeting. Common stockholders may vote in person or by proxy. Each stockholder of record as of that date is entitled to one vote for each share of common stock held on the proposals presented in this proxy statement. Our bylaws provide that a majority of all of the shares of our capital stock entitled to vote, whether present in person or represented by proxy, shall constitute a quorum for the transaction of business at the meeting. Votes for and against, abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum. Our Series A Preferred Stock is not entitled to vote on any matter to be voted on by the stockholders, except as otherwise required by law, and is not entitled to vote at this meeting.

Abstentions and Broker Non-Votes. Shares that are voted Withheld or Abstain are treated as being present for purposes of determining the presence of a quorum and as entitled to vote on a particular subject matter at the Annual Meeting. A broker non-vote occurs when a broker submits a proxy card with respect to shares held in a fiduciary capacity (typically referred to as being held in street name) but declines to vote on a particular matter because the broker has not received voting instructions from the beneficial owner. Under the rules that govern brokers who are voting with respect to shares held in street name, brokers have the discretion to vote such shares on routine matters, but not on non-routine matters. Routine matters include the election of directors and ratification of the independent registered public accounting firm.

Solicitation of Proxies. We will bear the cost of soliciting proxies. We will solicit stockholders by mail, through our regular employees, and will also request banks and brokers, and other custodians, nominees and fiduciaries, to solicit their customers who have our stock registered in the names of such persons, and may reimburse them for their reasonable, out-of-pocket costs. We may use the services of our officers, directors and others to solicit proxies, personally or by telephone, without additional compensation, although we will reimburse these individuals for any out-of-pocket expenses incurred. In addition, we have retained Regan & Associates, Inc., a proxy solicitation firm, for assistance in connection with the Annual Meeting at a cost of approximately \$3,500.

Voting of Proxies and Changing Your Vote. All valid and executed proxies received prior to the meeting will be voted in accordance with the instructions made by the stockholder on the proxy. If no instructions are indicated on the proxy, the shares will be voted in favor of each proposal. A stockholder giving a proxy has the power to revoke the proxy, at any time prior to the time it is voted, by delivering to the Secretary of the Company at our principal offices located at 4281 Technology Drive, Fremont, California 94538, a written instrument revoking the proxy or a duly executed proxy with a later date, or by attending the meeting and voting in person. If any matters not described in this Proxy Statement are properly presented at the Annual Meeting, the proxy holder will use their own judgment to determine

how

to vote your shares. If the Annual Meeting is adjourned, the proxy holders can vote your shares at the new meeting date as well, unless you have revoked your proxy instructions.

Voting by Telephone or the Internet. If you hold shares through a bank or brokerage firm, you may be able to simplify your voting process and save the company expense by voting your shares by telephone or the internet. The bank or brokerage firm through which you hold your shares will provide you with separate instructions on a form you will receive from them. Many such firms make telephone or Internet voting available, but the specific processes available will depend on those firms' individual arrangements. When you vote by phone, your vote is recorded immediately. We encourage our stockholders to vote using this method whenever possible. If you attend the Annual Meeting, you may also submit your vote in person, and any previous votes that you submitted, whether by phone or mail, will be superseded by the vote that you cast at the Annual Meeting.

Telephone voting procedures are valid under Section 212(c)(2) of the Delaware General Corporation Law.

Electronic Delivery of Stockholder Communications. This year we are pleased to offer our stockholders the opportunity to receive stockholder communications electronically. By signing up for electronic delivery, you can receive the Annual Report on Form 10-K and the Proxy Statement via email notification as soon as these are available. If you have questions about electronic delivery, please call the AXT Investor Relations department at: (510) 683-5900.

How To Obtain A Separate Set of Voting Materials. To reduce the expense of delivering duplicate voting materials to our stockholders who may have more than one AXT stock account, unless otherwise requested, pursuant to current householding rules, we will deliver only one set of voting materials, which includes the Proxy Statement and proxy card to stockholders who share the same address. The Annual Report to Stockholders on Form 10-K will be sent to you electronically or by mail upon request. If you share an address with another stockholder and have received only one set of voting materials, you may write or call us to request a separate copy of these materials at no cost to you. For a stockholder proposal to be included in our proxy materials for the 2006 Annual Meeting of Stockholders, the proposal must be received at our principal executive offices, addressed to the Secretary, not later than January 23, 2006. If a stockholder intends to submit a proposal or a nomination for director for our 2006 Annual Meeting of Stockholders that is not to be included in our Proxy Statement and form of Proxy relating to the meeting, the stockholder must give us notice in accordance with the requirements set forth in our bylaws not later than January 23, 2006, addressed to the Secretary at our principal executive offices. Our bylaws require that certain information with respect to the proposal and the stockholder making the proposal be set forth in the notice. A copy of the relevant bylaw provision is available upon request to AXT, Inc., 4281 Technology Drive, Fremont, CA 94538, Attention: Secretary. **PROPOSAL NUMBER ONE
ELECTION OF DIRECTORS**

We have a classified Board of Directors, which currently consists of a total of five directors, two of whom are Class I directors, two of whom are Class II directors, and one who is a Class III director. Class I, Class II, and Class III directors serve until the annual meeting of stockholders to be held in 2005, 2006 and 2007, respectively. All directors serve until their respective successors are duly elected and qualified. At each annual meeting of the stockholders, directors in a class are elected for a term of three years to succeed the directors in that class whose terms expire at such annual meeting.

The term of our two Class I directors will expire on the date of the upcoming Annual Meeting of Stockholders. Accordingly, two persons are to be elected to serve as Class I directors. The Nominating and Governance Committee of the Board of Directors selected, and the Board of Directors approved, Messrs. Morris S. Young and David C. Chang, the current Class I members of the Board of Directors, as nominees for election at the Annual Meeting to Class I of the Board of Directors. If elected, Messrs. Morris S. Young and David C. Chang will serve as directors until our annual meeting of stockholders in 2008, and until their successors are elected and qualified. Effective April 22, 2005, Mr. Donald L. Tatzin resigned as a member of our Board of Directors, and the Board appointed Dr. Philip C.S. Yin as a Class II director to fill the vacancy created by Mr. Tatzin's resignation. Accordingly, the stockholders are also asked to approve the appointment of Dr. Yin as a Class II director, to hold office until the annual meeting of stockholders in 2006, and until his successor is elected and qualified. If Messrs. Morris S. Young, David C. Chang and Philip C.S. Yin decline to serve or become unavailable for any reason, or if a vacancy occurs before the election, the proxies may be voted for substitute nominees as the Board of Directors may designate, although we know of no reason why these nominees would be unable or unwilling to serve as directors.

Vote Required and Board of Directors Recommendation

If a quorum is present at the Annual Meeting of Stockholders, the nominees for Class I directors receiving the highest number of votes cast will be elected as Class I directors and the nominee for Class II director receiving the highest number of votes cast will be elected as a Class II director. Abstentions and broker non-votes will have no effect on the outcome of the vote. Shares of Series A Preferred Stock are not entitled to vote on this matter.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMEND A VOTE FOR THE ELECTION OF DR. MORRIS S. YOUNG AND DR. DAVID C. CHANG AS CLASS I DIRECTORS OF THE BOARD OF DIRECTORS AND DR. PHILIP C.S. YIN AS A CLASS II DIRECTOR OF THE BOARD OF DIRECTORS.

Board of Directors Committees and Meetings

During the fiscal year ended December 31, 2004, the Board of Directors held nine (9) meetings, the Audit Committee of the Board held twelve (12) meetings, the Compensation Committee of the Board held five (5) meetings, and the Nominating and Governance Committee held one (1) meeting. The functions of each committee are described below. Each of these committees operates under a written charter approved by the Board. A copy of each charter can be found under the Investors section of our website at www.axt.com. No director attended fewer than 75 percent of the total number of meetings of the Board, or of any committee of the Board of which he was a member.

The Board of Directors has determined that a majority of the Directors of the Board are independent, as the term is defined by applicable Nasdaq listing standards and SEC rules. Dr. Yin and Dr. Young are non-independent directors because of their current employment as senior executive officers of AXT.

Audit Committee

The members of the Audit Committee during 2004 were David C. Chang, Jesse Chen and Leonard LeBlanc. The Board has determined that all Audit Committee members are independent as defined under the applicable Nasdaq listing standards and SEC rules and regulations. The Board of Directors has determined that Mr. Leonard LeBlanc and Mr. Jesse Chen are audit committee financial experts as defined by the rules and regulations of the SEC. The Audit Committee's functions include:

- overseeing the accounting, financial reporting and audit processes;
- reviewing the qualifications, independence and performance, and approving the terms of engagement, of the independent registered public accounting firm;
- reviewing the results and scope of audit and other services provided by the independent registered public accounting firm;
- reviewing the accounting principles and auditing practices and procedures to be used in preparing our financial statements; and
- reviewing our internal controls.

The Audit Committee pre-approves all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year, and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The Audit Committee meets at least quarterly with our management and representatives of our independent registered public accounting firm to, among other things, review the results of the annual audit and quarterly reviews and discuss the financial statements, review the adequacy of accounting and financial controls, review the Company's critical accounting policies, and review and approve any related party transactions. The Audit Committee meets separately, at least once each quarter, with the independent registered public accounting firm and with the Chief Executive Officer. We maintain procedures for the receipt, retention, and handling of complaints, including complaints made anonymously, which the Audit Committee oversees.

For additional information concerning the Audit Committee, see Report of the Audit Committee and Principal Accounting Firm Fees.

Compensation Committee

The members of our Compensation Committee during 2004 were David C. Chang, Jesse Chen, and Leonard LeBlanc. The Board has determined that all members of the Compensation Committee are independent as the term is defined by applicable Nasdaq listing standards and SEC rules. The Compensation Committee reviews and determines the salary and bonuses and other compensation paid to and stock option grants made to all executive officers of the Company including the Chief Executive Officer, and of the Directors, establishes the criteria upon which bonuses and other incentive compensation is paid, reviews and evaluates the performance of the Chief Executive Officer, approves all severance, retention, change of control or similar agreements between the Company and an executive officer, and performs such other functions regarding compensation as the Board may delegate. For additional information concerning the Compensation Committee, see Report of the Compensation Committee of the Board of Directors on Executive Compensation.

Nominating and Governance Committee

The members of our Nominating and Governance Committee during 2004 were David Chang, Jesse Chen, and Leonard LeBlanc. The Board has determined that all members of the Nominating and Governance Committee are independent as the term is defined by applicable Nasdaq listing standards and SEC rules. The Nominating and Governance Committee is responsible for evaluating and selecting director nominees, determining criteria for selecting new directors, developing and reviewing on an ongoing basis, the adequacy of the corporate governance principles applicable to the Company, overseeing the evaluation of the Board of Directors and committees of the Board, and adopting and approving a Code of Business Conduct and Ethics.

Director Qualifications. The Nominating and Governance Committee considers properly submitted stockholder recommendations for candidates for membership on the Board of Directors as described below under Identification and Evaluation of Nominees for Directors. In evaluating such recommendations, the Nominating and Governance Committee considers the following factors in reviewing possible candidates for nomination as director:

- the appropriate size of the Company's Board of Directors and its Committees;
- the perceived needs of the Board for particular skills, background and business experience;
- the skills, background, reputation, and business experience of nominees compared to the skills, background, reputation, and business experience already possessed by other members of the Board;
- nominees' independence from management;
- applicable regulatory and listing requirements, including independence requirements and legal considerations, such as antitrust compliance;
- the benefits of a constructive working relationship among directors; and
- the desire to balance the considerable benefit of continuity with the periodic injection of the fresh perspective provided by new members.

The Nominating and Governance Committee's goal is to assemble a board of directors that brings to the Company a variety of perspectives and skills derived from high quality business and professional experience. Other than the foregoing there are no stated minimum criteria for director nominees, although the Nominating and Governance Committee may also consider such other factors as it may deem, from time to time, are in the best interests of the Company and its stockholders. The Nominating and Governance Committee believes that it is preferable that at least one member of the Board of Directors should meet the criteria for an audit committee financial expert as defined by SEC rules. Under

applicable listing requirements at least a majority of the members of the Board must meet the definition of independent director. The Nominating and Governance Committee also believes it appropriate for one or more key members of the Company's management to participate as members of the Board.

Other than the foregoing, there are no stated minimum criteria for director nominees, although the Nominating and Governance Committee may also consider such other factors as it may deem, from time to time, are in the best interests of the Company and its stockholders.

Identification and Evaluation of Nominees for Director. The Nominating and Governance Committee identifies nominees by first evaluating the current members of the Board of Directors willing to continue in service. Current members of the Board with skills and experience that are relevant to the Company's business and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of the Board with that of obtaining a new perspective. If any member of the Board does not wish to continue in service or if the Nominating and Governance Committee or the Board decides not to re-nominate a member for re-election, the Nominating and Governance Committee identifies the desired skills and experience of a new nominee in light of the criteria above. Current members of the Governance Committee and Board of Directors are polled for suggestions as to individuals meeting the criteria of the Nominating and Governance Committee. Research may also be performed to identify qualified individuals. The Company engaged Schweichler, Price and Partners to help identify and evaluate candidates for chief executive officer, leading to the appointment of Dr. Philip C.S. Yin as chief executive officer in March 2005 and as a member of the Board of Directors in April 2005. The Company paid Schweichler, Price & Partners a fee of \$120,000 plus expenses.

The Nominating and Governance Committee will evaluate any recommendation for director nominee proposed by a stockholder. In order to be evaluated in connection with the Nominating and Governance Committee's established procedures for evaluating potential director nominees, any recommendation for director nominee submitted by a stockholder must be sent in writing to the Corporate Secretary, 4281 Technology Drive, Fremont, CA 94538, 120 days prior to the anniversary of the date proxy statements were mailed to stockholders in connection with the prior year's annual meeting of stockholders and must contain the following information:

- the candidate's name, age, contact information and present principal occupation or employment;
- a description of the candidate's qualifications, skills, background, and business experience during, at a minimum, the last five years, including his/her principal occupation and employment and the name and principal business of any corporation or other organization in which the candidate was employed or served as a director; and
- a statement signed by the candidate that the candidate is willing to be considered and willing to serve as a director if nominated and elected.

The Nominating and Governance Committee will evaluate incumbent directors, as well as candidates for director nominee submitted by directors, management, and stockholders consistently using the criteria stated in this policy and will select the nominees that in the Committee's judgment best suit the needs of the Board at that time.

Compensation Committee Interlocks and Insider Participation

During fiscal 2004, none of our executive officers and no member of our Compensation Committee served as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of our Board of Directors or Compensation Committee. For additional information concerning the Compensation Committee, see Report of the Compensation Committee of the Board of Directors on Executive Compensation.

**PROPOSAL NUMBER TWO
RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM**

The Board of Directors has selected Burr, Pilger & Mayer LLP as the independent registered public accounting firm to audit our financial statements for the fiscal year ending December 31, 2005. The decision of the Board of Directors was based on the recommendation of the Audit Committee. Burr, Pilger & Mayer LLP has acted in such capacity since its appointment during the fiscal year ended December 31, 2004. A representative of Burr, Pilger & Mayer LLP is expected to be present at the Annual Meeting of Stockholders with the opportunity to make a statement if the representative desires to do so, and is expected to be available to respond to appropriate questions.

Vote Required and Board of Directors Recommendation

Although ratification by stockholders is not required by law, the Board of Directors has determined that it is desirable to request approval of this selection by the stockholders. Notwithstanding its selection, the Board of Directors, in its discretion, may appoint a new independent registered public accounting firm at any time during the year if the Board of Directors believes that such a change would be in the best interests of AXT and its stockholders. If the stockholders do not ratify the appointment of Burr, Pilger & Mayer LLP, the Board of Directors may reconsider its selection.

The affirmative vote of a majority of the votes cast at the Annual Meeting of Stockholders, at which a quorum representing a majority of all outstanding shares of our common stock is present and voting, either in person or by proxy, will be required to ratify the appointment of Burr, Pilger & Mayer LLP as our independent registered public accounting firm. Shares of Series A preferred stock shall not be entitled to vote on this matter. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum, but will not have any effect on the outcome of the proposal.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE APPOINTMENT OF BURR, PILGER & MAYER LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2005.

(1) Potential realizable values are net of exercise price, but before taxes associated with exercise, and are based upon the assumption that our common stock appreciates at the annual rate shown (compounded annually) from the date of grant until the expiration of the ten-year option term. These amounts represent hypothetical gains that could be achieved for the respective options if exercised at the exercise price and sold at the end of the option term, at the appreciated price. The assumed 5% and 10% rates of stock price appreciation are provided in accordance with rules of the Securities and Exchange Commission and do not represent our estimate or projection of the future common stock price. Actual gains, if any, on stock option exercises are dependent on the future performance of the common stock, overall market conditions and the option holders' continued employment through the vesting period. This table does not take into account any appreciation in the price of the common stock from the date of grant to the current date.

(2) Shares subject to options generally vest and become exercisable in installments, subject to the optionee's continued employment or service. Under the terms of our 1997 Stock Option Plan, the administrator retains discretion, subject to limits, to modify the terms of outstanding options and to re-price outstanding options.

(3) Based on total options to purchase 600,150 shares of our common stock granted to all employees during the fiscal year ended December 31, 2004.

The value of Unexercised in-the-Money Options is calculated by multiplying the difference between the market value (closing market price) and exercise price at fiscal year end by the number of options held at fiscal year end.

(2) Calculated by multiplying the difference between the market value (closing market price) at the exercise date and the exercise price by the number of shares acquired upon exercise.

No compensation intended to serve as incentive for performance to occur over a period longer than one fiscal year was paid pursuant to a long-term incentive plan during fiscal 2004 to any Named Executive Officer. We do not have any defined benefit or actuarial plan under which benefits are determined primarily by final compensation or average final compensation and years of service with any Named Executive Officer.

Compensation of Non-Employee Directors

During 2004, each of our non-employee directors received an annual retainer of \$25,000 which covers fees and committee attendance. In lieu of making grants of stock options to non-employee directors, in 2004 we paid each non-employee director the sum of \$10,000. In addition, each non-employee director was reimbursed for reasonable expenses incurred.

The non-employee directors are eligible to receive option grants pursuant to our 1997 Stock Option Plan. Options granted to non-employee directors are not intended to qualify as incentive stock options under the Internal Revenue Code.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers, directors and persons who beneficially own more than 10% of our common stock to file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission. These persons are required by Securities and Exchange Commission regulations to furnish us with copies of all Section 16(a) forms that they file.

Other than one Form 4 for each of Messrs. Tatzin, Young, Zhang and Cheung each relating to one transaction that was not timely filed, based solely on our review of the forms furnished to us and written representations from certain reporting persons, we believe that all filing requirements applicable to our executive officers, directors and persons who beneficially own more than 10% of our common stock were complied with in fiscal 2004.

Employment Contracts and Termination of Employment and Change-in-Control Arrangements

On November 22, 2002, the Board of Directors, on the recommendation of the Compensation Committee, adopted a second form of standard stock option agreement for use in connection with grants of stock options made to employees pursuant to our 1997 Stock Option Plan. This form of standard agreement provides that in the event of a change in control, as defined therein, and termination of employment or resignation for good reason as defined therein, of the individual's employment, within twelve months after the change in control, the vesting and exercisability of the option will accelerate such that the option will become immediately exercisable and vested in full as of the date of termination or resignation. Options granted to all of our employees during 2002, 2003 and 2004, including options granted to our executive officers and directors, include these provisions which provide for acceleration in full upon a change of control event in which the employee is terminated or constructively dismissed within 12 months after the change in control. Options granted to our directors accelerate in full upon the change in control event, whether or not there is a termination of their service to the Company. All options so accelerated remain exercisable for the earlier of the term of the option or six months after the effective date of the termination. On August 13, 2004, our executive officers, Messrs. Young, Zhang, Tatzin and Cheung were granted stock options for 50,000, 50,000, 60,000 and 7,000 shares respectively, under our 1997 Stock Option Plan and subject to a stock option agreement that includes this acceleration provision. On May 17, 2004, our Chief Financial Officer, Mr. Cheung was granted stock options for 90,000 under our 1997 Stock Option Plan and subject to a stock option agreement that includes this acceleration provision.

Effective March 29, 2005, the Compensation Committee approved an Agreement Respecting Severance Payment (the Severance Agreement) between the Company and Morris S. Young, Chief Executive Officer, China Operations for the Company. The Severance Agreement provides that if Dr. Young is terminated by the Company without Cause (as defined therein) on or before December 31, 2006, he shall receive a separation bonus in the gross amount of two times his salary. If Dr. Young resigns or is terminated by the Company without Cause on or after January 1, 2007, he shall receive a separation bonus in the gross amount of two times his salary, as well as any other separation payments that the Company may make available to other management employees.

In connection with the appointment of Dr. Philip C.S. Yin as chief executive officer in March 2005, the Company entered into an agreement with Dr. Yin providing that if his employment with the Company is terminated without cause, or if Dr. Yin terminates his employment as a result of a defined constructive termination, he shall be eligible to receive continuing payment of his last base salary and COBRA benefits for one year after such termination. If, after a change in the Company's control, Dr. Yin's employment is terminated without cause or as a result of a defined constructive termination, the balance of any unvested portion of outstanding options held by him shall become immediately vested in full.

Effective April 22, 2005, the Company entered into a consulting agreement with Mr. Donald L. REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

During fiscal year 2004, the Compensation Committee was comprised of David C. Chang, Jesse Chen (Chair), and Leonard LeBlanc, each a non-employee member of the Board of Directors. The Compensation Committee is responsible for setting and monitoring policies governing compensation of executive officers. The Compensation Committee reviews the performance and compensation levels for executive officers and sets salary and bonus levels and approves option grants to our executive officers under our 1997 Stock Option Plan. The objectives of the Compensation Committee are to correlate executive compensation with our business objectives and performance, and to enable us to attract, retain and reward executive officers who contribute to our long-term success.

As the industry in which the Company operates can be extremely competitive, the Compensation Committee believes that the compensation programs for executive officers should be designed to retain and motivate talented executives responsible for the success of the Company, and should be determined within the competitive environment within which the Company is situated and based on the achievement of business objectives, individual contribution, and financial performance. The Compensation Committee's goals are to provide a total compensation package that considers the compensation practices of companies with which the Company competes for executive officers, provides variable compensation that is linked to achievement of financial, division, and individual performance goals, and aligns the interests of the executive officers with those of the company by providing them with an equity stake in the Company. The components of the Company's compensation policies for executive officers consists of base salary and benefits, bonuses and long-term stock option incentives.

Salary

The Compensation Committee annually assesses the performance and sets the salary of the Company's chief executive officer and president, including Morris S. Young who was chief executive officer until May 2004, and Donald L. Tatzin, who was interim chief executive officer from May 2004 through March 2005, as well as the Company's other executive officers. At the beginning and midpoint of the fiscal year, base salaries are established by the Board of Directors based on competitive compensation data, an evaluation of the executive's job responsibilities, experience, individual performance and contributions to the business, as well as the financial results and performance of the Company for the current and future fiscal year.

The Board's decision with regard to the compensation of its chief executive officer was based on compensation paid to executive officers of comparably sized companies, as well as advice received from the independent search firm retained to aid in the identification and evaluation of candidates for chief executive officer. In addition, the Compensation Committee considers certain incentive objectives based on the Company's performance as it relates to revenue levels and earnings per share levels.

In determining the salaries for the Company's other executive officers, the Compensation Committee reviews recommendations from the chief executive officer, which includes information from salary surveys, performance evaluations and the financial condition of the Company. The Compensation Committee also establishes both financial and operational-based objectives and goals in determining executive officer salaries. These goals and objectives include sales and spending forecasts for the upcoming year and published executive compensation literature for comparably sized companies.

For more information regarding the compensation and employment arrangements of the chief executive officer and other executive officers, see EXECUTIVE COMPENSATION AND OTHER MATTERS.

Bonuses

Incentive bonuses are intended to reflect the Board's belief that a significant portion of the compensation of each executive officer should be contingent on the performance of the Company, as well as the individual contribution of each executive officer. The Compensation Committee believes that this type of bonus program, in which bonuses are based on AXT attaining strategic and financial goals and other corporate and individual objectives set by the Compensation Committee, properly aligns the interests of the executive officer with the interests of our stockholders. We administer a bonus program by which each of our executive officers can earn a cash bonus, determined and payable quarterly. Under this program, the Compensation Committee sets a level of performance for AXT based on the above measures, which must be attained before any bonuses are awarded. The Compensation Committee establishes an amount that may be awarded to each of our executive officers. In consultation with the chief executive officer, the Compensation Committee semi-annually determines the total amount of cash bonuses available for executive officers and certain other management employees. In 2004, approximately \$69,687 of cash bonuses were granted to executive officers, of which \$44,087 was paid in March 2005. The Compensation Committee authorized the Company to grant bonuses of up to \$50,000 to non-executive officers.

Stock Options

The Compensation Committee believes that employee equity ownership provides significant motivation to executive officers to maximize value for our stockholders and, therefore, periodically grants stock options under our stock option plan. Stock options are granted at the current market price and will only have value if our stock price increases over the exercise price. It is the belief of the Board that stock options directly motivate an executive to maximize long-term stockholder value.

The Compensation Committee determines the size and frequency of option grants for executive officers, after consideration of recommendations from the interim chief executive officer. Recommendations for options are based upon the relative position and responsibilities of each executive officer, previous and expected contributions of each officer to the Company and previous option grants to each executive officer. Option grants vest in accordance with vesting schedules determined for each grant as appropriate to assist in retaining and motivating key employees, although they generally vest 25% on the one year anniversary of the date of grant and in equal monthly installments over the next three years. During fiscal 2004, the Compensation Committee approved option grants to Messrs. Tatzin, Young, Zhang and Cheung for 60,000 shares, 50,000 shares, 50,000 shares and 97,000 shares respectively.

Compensation of Chief Executive Officer

Donald L. Tatzin served as the Company's interim chief executive officer from May, 2004 to March 2005. The Compensation Committee reviewed Mr. Tatzin's performance with regard to performance objectives set by the Board of Directors in 2004, weighted among specific personal and corporate objectives, in determining his eligibility for bonus compensation. Mr. Tatzin was granted a \$18,059 cash bonus for 2004, of which \$6,874 was paid in March 2005. The Board of Directors granted Mr. Tatzin options to purchase 60,000 shares of AXT's common stock on August 13, 2004. Dr. Philip C.S. Yin was appointed chief executive officer in March 2005 at a salary of \$220,000 per annum and a housing and car allowance. Dr. Yin is also eligible to participate in the executive bonus plan approved by the Compensation Committee at a target annual bonus of \$100,000, and was granted options to purchase 240,000 shares of common stock of the Company. These options vest over four years at the rate of 25% on the one year anniversary of the date of grant, and thereafter in equal monthly installments at the rate of 1/48th per month over the remaining 36 months. See also "Employment Contracts and Termination of Employment and Change-in-Control Arrangements" for a discussion of the employment agreement with Dr. Yin.

Section 162(m) of the Internal Revenue Code

The Company has considered the provisions of Section 162(m) of the Internal Revenue Code and related Treasury Department regulations which restrict deductibility of executive compensation paid to the Company's interim chief executive officer and each of the four other most highly compensated executive officers holding office at the end of any year to the extent such compensation exceeds \$1,000,000 for any of such officers in any year and does not qualify for an exception under the statute or regulations. Income from options granted under the 1997 Option Plan would generally qualify for an exemption from these restrictions so long as the options are granted by a committee whose members are non-employee directors. The Company expects that the Compensation Committee will generally be comprised of non-employee directors, and that to the extent such committee is not so constituted for any period of time, the options granted during such period will not be likely to result in compensation exceeding \$1,000,000 in any year.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Since January 2002, there has not been, nor is there currently proposed, any transaction or series of similar transactions to which we were or are to be a party in which the amount involved exceeds \$60,000, and in which any director, executive officer or holder of more than 5% of any class of our voting securities or members of that person's immediate family had or will have a direct or indirect material interest other than the transactions described below.

We entered into an operating lease in July 2001 for warehouse space in Fremont, CA with 4160 Business Center, LLC, a real estate holding company, in which Davis Zhang, the president of our China operations, is the sole shareholder. Lease payments to 4160 Business Center, LLC were approximately \$121,000 for the three months ended March 31, 2003. In April of 2003, Mr. Zhang sold this warehouse to a party unrelated to the Company. We began leasing this warehouse from the new owner on the date of sale. Mr. Zhang will continue to hold a \$3.7 million note on the property through April 2005.
