ANNUAL REPORT

December 31, 2005

(THIS PAGE INTENTIONALLY LEFT BLANK)

TCW Convertible Securities Fund, Inc.

THE PRESIDENT'S LETTER

Dear Shareholder:

2005 proved to be a lackluster year for the US equity and fixed income markets as most of the major indices finished with low to mid single digit returns. However, for convertible securities, the year was one of the more challenging in recent memory as redemptions in convertible arbitrage hedge funds pressured convertible prices throughout the year. After being in negative territory for most of the year, the Merrill Lynch Convertible Index finished up 1.01%. The Fund's net asset value declined 0.36% for the year (with dividends reinvested). However, the Fund's shareholders realized a negative total return of 5.17% due primarily to a fourth quarter widening of the share price discount to net asset value. The Fund's discount was in the single digit range for the vast majority of the year but widened to 12.3% at year-end. In general, discounts on most closed-end funds widened substantially in the fourth quarter due to a glut of new funds and tax loss selling, and the Fund suffered along with the rest. The Fund declared four quarterly dividends during the year which totaled \$0.404 per share.

PORTFOLIO STRUCTURE AND STRATEGY:

The Fund's investment objective has been to seek a total return, comprised of current income and capital appreciation, through investment principally in convertible securities. The Fund managers use a top-down strategy in determining sector allocations and portfolio characteristics. Following that determination, the Fund buys individual securities with strong and improving business fundamentals for the portfolio. The Fund does not purchase securities that are in default in the payment of principal.

During the year, the portfolio held approximately 65 securities, diversified across all sectors. The Fund continued to emphasize balanced securities that provide income and capital appreciation potential, as well as maintaining 10-15% in high yield securities to increase income. The portfolio maintained an above-average weighting in financials and information technology and was underweight in consumer staples, industrials and utilities. The largest sectors were consumer cyclical (22.7%), information technology (20.8%), and financials (19.8%).

ANNUAL SHAREHOLDER MEETING:

The Fund has historically used only convertible securities to achieve its investment objectives and over the last several years the Fund's share price has traded at a discount to net asset value. The Board of Directors has taken a number of steps to address the persistent discount including share repurchases, using investment instruments other than convertible securities to the extent permitted, and reinstating a managed payout policy. However, these actions have not resulted in a sustained reduction of the discount and the Fund traded at an average discount to net asset value of greater than 10% for the 2005 discount measurement period. As a result, the articles of incorporation of the Fund require that there be submitted to the shareholders at their 2006 annual meeting a proposal to open end the Fund.

At the annual shareholders meeting on November 2, 2005, based on the Board's recommendation, the shareholders approved three key proposals designed to give the investment advisor greater flexibility to generate investment income. The proposals expanded the types of securities the Fund can invest in and expanded the Fund's ability to use leverage and call options. The expanded investment options may include dividend paying equity securities and non-convertible debt securities including high yield debt securities, mortgage-related securities and asset-backed securities. On December 22, 2005, the Board authorized the Fund to change its name to the TCW Strategic Income Fund, Inc. to better reflect the Fund's new investment focus. All of these initiatives

TCW Convertible Securities Fund, Inc.

THE PRESIDENT'S LETTER (CONT'D)

are designed to address the current situation whereby the Fund persistently trades at a discount and a significant portion of the quarterly dividends are a taxable return of capital. It is anticipated that changes to the portfolio in the first quarter of 2006 will result in a substantial reduction of convertible securities and the introduction of a number of new asset classes.

On behalf of the Board and everyone at TCW, I would like to thank you for your continued support.

Sincerely,

Alvin R. Albe Jr.
President & Chief Executive Officer

NOTES TO FINANCIAL STATEMENTS (UNAUDITED)

Note 1 Significant Accounting Policies:

TCW Convertible Securities Fund, Inc. (the "Fund") was incorporated in Maryland on January 13, 1987 as a diversified, closed-end investment management company and is registered under the Investment Company Act of 1940, as amended. The Fund commenced operations on March 5, 1987. The Fund's investment objective is to seek a total investment return, comprised of current income and capital appreciation through investment principally in convertible securities. In accordance with the requirements of Rule 35d-1 under the 1940 Act, the Fund will invest, under normal market conditions, at least 80% of its net assets, plus any borrowings for investment purposes in convertible securities. The 80% investment policy described above is non-fundamental and may be changed by the Board of Directors to become effective upon at least 60 days' notice to shareholders (see Note 9).

The preparation of the accompanying financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

The following is a summary of the significant accounting policies consistently followed by the Fund in the preparation of its financial statements. The policies are in conformity with accounting principles generally accepted in the United States of America.

Security Valuation: Securities traded on national exchanges are valued at the last reported sales price or the mean of the current bid and asked prices if there are no sales in the trading period. Other securities which are traded on the over-the-counter market are valued at the mean of the current bid and asked prices. Short-term debt securities with maturities of 60 days or less at the time of purchase are valued at amortized cost. Other short-term debt securities are valued on a mark-to-market basis until such time as they reach a remaining maturity of 60 days, where upon they will be valued at amortized value using their value of the 61st day prior to maturity.

Security Transactions and Related Investment Income: Security transactions are recorded on the trade date. Dividend income is recorded on the ex-dividend date, while interest income is recorded on the accrual basis. Discounts, including original issue discounts, and premiums on securities purchased are amortized using a constant yield-to-maturity method. Realized gains and losses on investments are recorded on the basis of specific identified cost.

Distributions: Distributions to shareholders are recorded on ex-dividend date. The Fund declares and pays, or reinvests, dividends quarterly based on the managed distribution plan adopted by the Fund's Board of Directors in October 2004. Under the Plan, the Fund will distribute a cash dividend equal to 7% of the Fund's net asset value on an annualized basis. The distribution will be based on the Fund's net asset value from the previous calendar year-end. The source for the dividend comes from net investment income and net realized capital gains measured on a fiscal year basis. Any portion of the distribution that exceeds income and capital gains will be treated as a return of capital, and from time to time return of capital may be a significant portion of the Fund's distributions. Under certain conditions (which the Fund presently meets), federal tax regulations cause some or all of the return of capital to be taxed as ordinary income. Income and capital gain distributions are determined in accordance with income tax regulations which may differ from accounting principles generally accepted in the United States of America. These differences may be primarily due to differing treatments for market discount and premium, losses deferred due to wash sales and spillover distributions.

TCW Convertible Securities Fund, Inc.

NOTES TO FINANCIAL STATEMENTS (CONT'D)

Permanent book and tax basis differences relating to shareholder distributions will result in reclassifications to paid-in-capital and may affect net investment income per share.

Repurchase Agreements: The Fund may invest in repurchase agreements secured by U.S. Government Securities. A repurchase agreement arises when the Fund purchases a security and simultaneously agrees to resell it to the seller at an agreed upon future date. The Fund requires the seller to maintain the value of the securities, marked to market daily, at not less than the repurchase price. If the seller defaults on its repurchase obligation, the Fund could suffer delays, collection expenses and losses to the extent that the proceeds from the sale of the collateral are less than the repurchase price.

Note 2 Federal Income Taxes:

It is the policy of the Fund to comply with the requirements of the Internal Revenue Code applicable to regulated investment companies and distribute all of its net taxable income, including any net realized gains on investments, to its shareholders. Therefore, no federal income tax provision is required.

At December 31, 2005, the Fund has a total loss carryforward of \$91,318,682 which will expire in 2009 (\$18,716,120), 2010 (\$61,853,273) and 2011 (\$10,749,289), respectively.

At December 31, 2005, the Fund did not have undistributed ordinary income.

Also for the year ended December 31, 2005, the Fund distributed, on a tax basis, \$19,234,437 all of which is characterized as ordinary income.

At December 31, 2005, net unrealized appreciation for federal income tax purposes is comprised of the following components:

Appreciated securities	\$ 15,012,276
Depreciated securities	(12,374,906)
Net unrealized appreciation	\$ 2,637,370
Cost of securities for federal income tax purposes	\$ 271,608,191

The following reclassifications have been made for the permanent differences between book and tax accounting as of December 31, 2005:

	Increase (Decrease)
Accumulated Net Investment Loss	\$ 3,555,065
Accumulated Net Realized Loss on Investments	\$ (1,729,427)
Paid-in Capital	\$ (1,825,638)

Note 3 Investment Advisory and Service Fees:

TCW Investment Management Company (the "Advisor") is the investment advisor of the Fund. As compensation for the services rendered, facilities provided, and expenses borne, the Advisor is paid a monthly fee by the Fund computed at the annual rate of 0.75% of the first \$100

Edgar Filing: TCW CONVERTIBLE SECURITIES FUND INC - Form N-CSR

million of the Fund's managed assets and 0.50% of the Fund's managed assets in excess of \$100 million (See Note 9).

In addition to the management fees, the Fund reimburses, with approval by the Funds' Board of Directors, a portion of the Advisor's costs associated with support of the Fund's Rule 38a-1 compliance obligations, which is included in the Statement of Operations.

TCW Convertible Securities Fund, Inc.

NOTES TO FINANCIAL STATEMENTS (CONT'D)

Note 4 Purchases and Sales of Securities:

For the year ended December 31, 2005, purchases and sales or maturities of investment securities (excluding short-term investments) aggregated \$144,307,473 and \$172,214,337, respectively. There were no purchases or sales of U.S. Government securities for the year ended December 31, 2005.

Note 5 Security Lending:

During the year ended December 31, 2005, the Fund lent securities to brokers. The brokers provided collateral, which must be maintained at not less than 100% of the value of the loaned securities, to secure the obligation. At December 31, 2005, the cash collateral received from the borrowing brokers was \$15,226,684 which is 104.1% of the value of the loaned securities. The Fund receives income, net of broker fees, by investing the cash collateral in short-term investments.

Note 6 Directors' Fees:

Directors who are not affiliated with the Advisor received, as a group, aggregate fees and expenses of \$78,546 from the Fund for the year ended December 31, 2005. Certain officers and/or directors of the Fund are also officers and/or directors of the Advisor.

Note 7 Restricted Securities:

The Fund is permitted to invest in securities that are subject to legal or contractual restrictions on resale. These securities generally may be resold in transactions exempt from registration or to the public if the securities are registered. Disposal of these securities may involve time consuming negotiations and expense, and prompt sale at an acceptable price may be difficult. There are no restricted securities (excluding 144A issues) at December 31, 2005.

Note 8 Share Repurchase Plan:

On October 28, 2004, the Board of Directors of the Fund authorized the Fund to adopt a share repurchase plan which involved the repurchase of up to 1 million shares of its common stock. The Fund commenced the repurchase plan on January 24, 2005 and completed the repurchase of the 1 million shares on February 25, 2005. The following is the summary of the Plan:

	Total
Total Shares Repurchased	1,000,000
Cost of Shares Repurchased	\$ 5,249,694
Average Price of Shares Repurchased	\$ 5.25
Average Discount from NAV	7.90%

Note 9 Subsequent Event:

The Board of Directors of the Fund has approved a change in the name of the Fund. The new name of the Fund will be TCW Strategic Income Fund, Inc. The name change reflects shareholders' approval of a proposal enabling the Fund to expand the types of securities in which the Fund may invest which may include, but are not limited to, dividend paying equity securities, non-convertible debt securities, high yield debt securities, mortgage-related securities and asset-backed securities in addition to convertible securities. The Fund will also have the ability to use leverage. It is expected that the name change and the change in investment policies will be effective March 1, 2006, and the Fund will trade under a new ticker symbol ("TSI") on the New York Stock Exchange after the effective date. In connection with the new investment objective of

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and Board of Directors of TCW Convertible Securities Fund, Inc.:

We have audited the accompanying statement of assets and liabilities of TCW Convertible Securities Fund, Inc. (the "Fund"), including the schedule of investments, as of December 31, 2005, and the related statement of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended. These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. The Fund is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of December 31, 2005 by correspondence with the custodian and brokers. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of TCW Convertible Securities Fund, Inc. as of December 31, 2005, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

Proxy Voting Guidelines

The policies and procedures that the Fund uses to determine how to vote proxies are available without charge. The Board of Directors of the Fund has delegated the Fund's proxy voting authority to the Advisor.

Disclosure of Proxy Voting Guidelines

The proxy voting guidelines of the Advisor are available:

1. By calling (877) 829-4768 to obtain a hard copy; or
2. By going to the SEC website at <http://www.sec.gov>.

When the Fund receives a request for a description of the Advisor's proxy voting guidelines, it will be sent out via first class mail (or other means designed to ensure equally prompt delivery) within three business days of receiving the request.

The Advisor, on behalf of the Fund, shall prepare and file Form N-PX with the SEC not later than August 31 of each year, which shall include the Fund's proxy voting record for the most recent twelve-month period ended June 30 of that year. The Fund's proxy voting record for the most recent twelve-month period ended June 30 is available:

1. By calling (877) 829-4768 to obtain a hard copy; or
2. By going to the SEC website at <http://www.sec.gov>.

When the Fund receives a request for the Fund's proxy voting record, it will send the information disclosed in the Fund's most recently filed report on Form N-PX via first class mail (or other means designed to ensure equally prompt delivery) within three business days of receiving the request.

The Fund also discloses its proxy voting record on its website as soon as is reasonably practicable after its report on Form N-PX is filed with the SEC.

Availability of Quarterly Portfolio Schedule

The Fund files a complete schedule of its portfolio holdings with the SEC for the first and third quarters of its fiscal year on Form N-Q. The Form N-Q is available by calling (877)829-4768 to obtain a hard copy. You may also obtain the Fund's Form N-Q:

1. By going to the SEC website at <http://www.sec.gov>; or
2. By visiting the SEC's Public Reference Room in Washington, D.C. and photocopying it (Phone 1-800-SEC-0330 for information on the operation of the SEC's Public Reference Room).

Corporate Governance Listing Standards

In accordance with Section 303A.12 (a) of the New York Stock Exchange Listed Company Manual, the Fund's Annual CEO Certification certifying as to compliance with NYSE's Corporate Governance Listing Standards was submitted to the Exchange on August 5, 2005.

APPROVAL OF AMENDMENT TO INVESTMENT ADVISORY AND MANAGEMENT AGREEMENT
DIVIDEND REINVESTMENT PLAN

TCW Convertible Securities Fund, Inc. (the "Company") and TCW Investment Management Company (the "Advisor") are parties to an Investment Advisory and Management Agreement ("Advisory Agreement"), pursuant to which the Advisor is responsible for managing the investments of the Company. At a meeting held on July 1, 2005, the Board of Directors of the Company approved an amendment to the Advisory Agreement to provide that fees paid under that agreement be based on managed assets. The Advisor provided materials to the Board for its evaluation, and the Independent Directors were advised by independent legal counsel with respect to these and other relevant matters. Discussed below are the factors considered by the Board in approving the amendment and recommending its approval by shareholders. This discussion is not intended to be all-inclusive. The Board reviewed a variety of factors and considered a significant amount of information. The approval determination was made on the basis of each Director's business judgment after consideration of all the information taken as a whole. Individual Directors may have given different weight to certain factors and assigned various degrees of materiality to information received in connection with the approval process.

In evaluating the amendment to the Advisory Agreement, the Board of Directors, including the Independent Directors, considered the following factors, among others:

The Board noted that the proceeds of any borrowings used for investment purposes, as well the proceeds from the issuance of senior securities (including preferred stock), would increase the amount of Company assets for which the Advisor would be expected to provide services to the Company. In addition to being attentive to the various technical concerns in dealing with senior securities and borrowings, the Board noted that the Advisor would be responsible for identifying additional investment opportunities for the proceeds of these borrowings and securities offerings and for managing the additional investments.

The Board considered that many investment companies that engage in leveraging activity provide for compensation of their investment adviser on the basis of managed assets.

After consideration of these factors the Board concluded that clarifying the Advisory Agreement to provide for compensation to the Advisor on the basis of managed assets was advisable and determined to recommend that shareholders approve a change in the fee calculation provision of the Advisory Agreement to clarify that the fee paid to the Advisor will be based on all assets under management, including the proceeds of any borrowing used for investment and the proceeds of any issuance of senior securities.

Other factors considered by the Board of Directors in the context of the annual consideration of the renewal of the Advisory Agreement, including the investment performance of the Company, costs of services and profitability of the Advisor, economics of scale, and fall-out benefits to the Advisor, were not deemed by the Board to be relevant to the narrow issue of whether the Advisory Agreement should be clarified as discussed above. These and other factors were discussed in the Company's semi-annual report dated June 30, 2005.

DIVIDEND REINVESTMENT PLAN:

Shareholders who wish to add to their investment may do so by making an election to participate in the Dividend Reinvestment Plan (the "Plan"). Under the Plan, your dividend is used to purchase shares on the open market whenever shares, including the related sales commission, are selling below the Fund's net asset value per share. You will be charged a pro-rata portion of brokerage commissions on open-market purchases under the Plan. If the market price, including commission, is selling above the net asset value, you will receive shares at a price equal to the higher of the net asset value per share on the payment date or 95% of the closing market price on the payment

date. Generally, for tax purposes, shareholders participating in the Plan will be treated as having received a distribution from the Fund in cash equal to the value of the shares purchased for them under the Plan.

To enroll in the Plan, if your shares are registered in your name, write to the Bank of New York, Church Street Station, P.O. Box #11002, New York, New York 10277-0770, or call toll free at (800) 524-4458. If your shares are held by a brokerage firm, please call your broker. If you participate in the Plan through a broker, you may not be able to transfer your shares to another broker and continue to participate in the Plan if your new broker does not permit such participation. If you no longer want to participate in the Plan, please contact the Bank of New York or your broker. You may elect to continue to hold shares previously purchased on you behalf or to sell your shares and receive the proceeds, net of any brokerage commissions. If you need additional information or assistance, please call our investor relations department at (877) 829-4768 or visit our website at www.tcw.com. As always, we would be pleased to accommodate your investment needs.

Proxy Voting Guidelines and Procedures

January 2006

Introduction

Certain affiliates of The TCW Group, Inc. (these affiliates are collectively referred to as *TCW*) act as investment advisors for a variety of clients, including mutual funds. If TCW has responsibility for voting proxies in connection with these investment advisory duties, or has the responsibility to specify to an agent of the client how to vote the proxies, TCW exercises such voting responsibilities for its clients through the corporate proxy voting process. TCW believes that the right to vote proxies is a significant asset of its clients' holdings. In order to provide a basis for making decisions in the voting of proxies for its clients, TCW has established a proxy voting committee (the *Proxy Committee*) and adopted these proxy voting guidelines and procedures (the *Guidelines*). The Proxy Committee generally meets quarterly (or at such other frequency as determined by the Proxy Committee), and its duties include establishing proxy voting guidelines and procedures, overseeing the internal proxy voting process, and reviewing

proxy voting issues. The members of the Proxy Committee include TCW personnel from the investment, compliance, legal and marketing departments. TCW also uses outside proxy voting services (each an *Outside Service*) to help manage the proxy voting process. The Outside Service facilitates TCW's voting according to the Guidelines (or, if applicable, according to guidelines submitted by TCW's clients) and helps maintain TCW's proxy voting records. All proxy voting and record keeping by TCW is, of course, dependent on the timely provision of proxy ballots by custodians, clients and other third parties. Under specified circumstances described below involving potential conflicts of interest, the Outside Service may also be requested to help decide certain proxy votes. In certain limited circumstances, particularly in the area of structured financing, TCW may enter into voting agreements or other contractual obligations that govern the voting of shares. In the event of a conflict between any such contractual requirements and the Guidelines, TCW will vote in accordance with its contractual obligations.

Philosophy

Edgar Filing: TCW CONVERTIBLE SECURITIES FUND INC - Form N-CSR

The Guidelines provide a basis for making decisions in the voting of proxies for clients of TCW. When voting proxies, TCW's utmost concern is that all decisions be made solely in the interests of the client and with the goal of maximizing the value of the client's investments. With this goal in mind, the Guidelines cover various categories of voting decisions and generally specify whether TCW will vote for or against a particular type of proposal. TCW's underlying philosophy, however, is that its portfolio managers, who are primarily responsible for evaluating the individual holdings of TCW's clients, are best able to determine how to further client interests and goals. The portfolio managers may, in their discretion, take into account the recommendations of TCW management, the Proxy Committee, and the Outside Service.

Overrides and Conflict Resolution

Edgar Filing: TCW CONVERTIBLE SECURITIES FUND INC - Form N-CSR

Individual portfolio managers, in the exercise of their best judgment and discretion, may from time to time override the Guidelines and vote proxies in a manner that they believe will enhance the economic value of clients' assets, keeping in mind the best interests of the beneficial owners. A portfolio manager choosing to override the Guidelines must deliver a written rationale for each such decision to TCW's Proxy Specialist (the *Proxy Specialist*), who will maintain such documentation in TCW's proxy voting records and deliver a quarterly report to the Proxy Committee of all votes cast other than in accordance with the Guidelines. If the Proxy Specialist believes there is a question regarding a portfolio manager's vote, she will obtain the approval of TCW's Director of Research (the *Director of Research*) for the vote before submitting it. The Director of Research will review the portfolio manager's vote and make a determination. If the Director of Research believes it appropriate, she may elect to convene the Proxy Committee.

It is unlikely that serious conflicts of interest will arise in the context of TCW's proxy voting, because TCW does not engage in investment banking or the managing or advising of public companies. In the event a potential conflict of interest arises in the context of voting proxies for TCW's clients, the primary means by which TCW will avoid a conflict is by casting such votes solely in the interests of its clients and in the interests of maximizing the value of their portfolio holdings. In this regard, if a potential conflict of interest arises, but the proxy vote to be decided is predetermined hereunder to be cast either in favor or against, then TCW will vote accordingly. On the other hand, if a potential conflict of interest arises, and there is no predetermined vote,

such vote is to be decided on a case-by-case basis or if the portfolio manager would like to override a predetermined vote, then TCW will undertake the following analysis.

First, if a potential conflict of interest is identified because the issuer soliciting proxy votes is itself a client of TCW's (or because an affiliate of such issuer, such as a pension or profit sharing plan sponsored by such issuer, is a client of TCW's), then the Proxy Specialist will determine whether such relationship is deemed material to TCW. In making this determination, a conflict of interest will not be deemed to be material unless the assets managed for that client by TCW exceed, in the aggregate, 0.25% (25 basis points) or more of TCW's total assets under management. If such a material conflict is deemed to have arisen, then TCW will refrain completely from exercising its discretion with respect to voting the proxy with respect to such vote and will, instead, refer that vote to an outside service for its independent consideration as to how the vote should be cast.

Second, a potential conflict of interest may arise because an employee of TCW sits on the Board of a public company. The Proxy Specialist is on the distribution list for an internal chart that shows any Board seats in public companies held by TCW personnel. If the Proxy Specialist confirms that such Board member is not the portfolio manager and, that the portfolio manager has not spoken with such Board member, then such conflict of interest will not be deemed to be material. If, on the other hand, either the particular Board member is the portfolio manager or there has been communication concerning such proxy vote between the portfolio manager and the particular Board member, then the Proxy Specialist will provide the Proxy Committee with the facts and vote rationale so that it can determine and vote the securities. The vote by the Proxy Committee will be documented.

Third, a potential conflict of interest may arise if the issuer is an affiliate of TCW. It is currently not anticipated that this would be the case, but if this were to arise TCW will refrain completely from exercising its discretion with respect to voting the proxy with respect to such a vote and will, instead, refer that vote to an outside service for its independent consideration as to how the vote should be cast.

Finally, if any other portfolio manager conflict is identified with respect to a given proxy vote, the Proxy Committee will remove such vote from the conflicted portfolio manager and will itself consider and cast the vote.

Proxy Voting Information and Recordkeeping

Edgar Filing: TCW CONVERTIBLE SECURITIES FUND INC - Form N-CSR

Upon request, TCW provides proxy voting records to its clients. These records state how votes were cast on behalf of client accounts, whether a particular matter was proposed by the company or a shareholder, and whether or not TCW voted in line with management recommendations. TCW is prepared to explain to clients the rationale for votes cast on behalf of client accounts. To obtain proxy voting records, a client should contact the Proxy Specialist.

TCW or an outside service will keep records of the following items: (i) these Proxy Voting Guidelines and any other proxy voting procedures; (ii) proxy statements received regarding client securities (unless such statements are available on the SEC's Electronic Data Gathering, Analysis, and Retrieval (EDGAR) system); (iii) records of votes cast on behalf of clients (if

maintained by an outside service, that outside service will provide copies of those records promptly upon request); (iv) records of written requests for proxy voting information and TCW's response (whether a client's request was oral or in writing); and (v) any documents prepared by TCW that were material to making a decision how to vote, or that memorialized the basis for the decision. Additionally, TCW or an outside service will maintain any documentation related to an identified material conflict of interest.

TCW or an outside service will maintain these records in an easily accessible place for at least *five years* from the end of the fiscal year during which the last entry was made on such record. For the first *two years*, TCW or an outside service will store such records at its principal office.

International Proxy Voting

Edgar Filing: TCW CONVERTIBLE SECURITIES FUND INC - Form N-CSR

While TCW utilizes these Proxy Voting Guidelines for both international and domestic portfolios and clients, there are some significant differences between voting U.S. company proxies and voting non-U.S. company proxies. For U.S. companies, it is relatively easy to vote proxies, as the proxies are automatically received and may be voted by mail or electronically. In most cases, the officers of a U.S. company soliciting a proxy act as proxies for the company's shareholders.

For proxies of non-U.S. companies, however, it is typically both difficult and costly to vote proxies. The major difficulties and costs may include: (i) appointing a proxy; (ii) knowing when a meeting is taking place; (iii) obtaining relevant information about proxies, voting procedures for foreign shareholders, and restrictions on trading securities that are subject to proxy votes; (iv) arranging for a proxy to vote; and (v) evaluating the cost of voting. Furthermore, the operational hurdles to voting proxies vary by country. As a result, TCW considers international proxy voting on a case-by-case basis. However, when TCW believes that an issue to be voted is likely to affect the economic value of the portfolio securities, that its vote may influence the ultimate outcome of the contest, and that the benefits of voting the proxy exceed the expected costs, TCW will make every reasonable effort to vote such proxies.

Thomas Lyon	1	\$ 18.8	0		8	\$ 467.0	0		0		0	

(c) Conflicts

Actual or potential conflicts of interest may arise when a portfolio manager has management responsibilities to more than one account (including the Fund), such as devotion of unequal time and attention to the management of the accounts, inability to allocate limited investment opportunities across a broad band of accounts and incentive to allocate opportunities to an account where the portfolio manager or The TCW Group of Companies (TCW) has a greater financial incentive, such as a performance fee account or where an account or fund managed by a portfolio manager has a higher fee sharing arrangement than the portfolio manager's fee sharing percentage with respect to the Fund. TCW has adopted policies and procedures reasonably designed to address these types of conflicts and TCW believes its policies and procedures serve to operate in a manner that is fair and equitable among its clients, including the Fund.

(d) Portfolio Manager Compensation

Portfolio managers of the Advisor are compensated through a combination of base salary, profit sharing based compensation (profit sharing) and equity incentive participation in the Advisor's immediate parent, The TCW Group, Inc. and/or ultimate parent, Société Générale (equity incentives). Profit sharing and equity incentives generally represent most of the portfolio managers' compensation.

Profit sharing is linked quantitatively to a fixed percentage of income relating to accounts in the investment strategy area for which the portfolio managers are responsible and is paid quarterly. While it may be determined on a gross basis, without the deduction of expenses, in most cases, revenues are allocated to a pool and profit sharing compensation is paid out after the deduction of group expenses. The profit sharing percentage used to compensate the portfolio managers for management of the Fund is generally the same as that used to compensate them for all other client accounts they manage in the same strategy for the Advisor and its affiliates under The TCW Group (collectively, "TCW"), with limited exceptions involving grandfathered accounts, firm capital of TCW or accounts sourced through a distinct distribution channel. In general, portfolio managers do not receive discretionary bonuses.

In many cases, the profit sharing percentage is subject to increase based on the relative pre-tax performance of the investment strategy composite, net of fees and expenses, to that of a benchmark. The benchmark varies from strategy to strategy but, within a given strategy, it applies to all accounts, including the Funds. The measurement of performance can be based on single year or multiple year metrics, or a combination thereof.

Certain accounts of TCW have a performance fee in addition to or in lieu of a flat asset-based fee. These performance fees can be (a) asset-based fees, the percentage of which is tied to the performance of the account relative to a benchmark or (b) a percentage of the net gains of the account over a threshold gain tied to a benchmark. For these accounts, the portfolio managers' profit sharing compensation will apply to such performance fees. The profit sharing percentage in the case of performance fees is generally the same as it is for the profit sharing compensation applicable to the Fund; however, in the case of certain alternative investment products managed by a portfolio manager, the profit sharing percentage may be higher.

All portfolio managers participate in equity incentives providing benefits for performance of the Advisor and its affiliates, through stock ownership or participation and is in stock option or stock appreciation plans of TCW and/or Société Générale. The TCW 2001 and 2005 TCW Stock Option Plans provide eligible portfolio managers the opportunity to participate in an effective economic interest in TCW, the value of which is tied to TCW's annual financial performance as a whole. TCW portfolio managers also participate in Société Générale's Stock Option Plan which grants options on its common stock, the value of which may be realized after certain vesting requirements are met. Some portfolio managers are stockholders of TCW and/or Société Générale, as well.

Certain portfolio managers also participate in compensation plans that are allocated a portion of management fees, incentive fees or performance fees payable to TCW in its products, including those not managed by the portfolio

managers. Portfolio managers may also participate in deferred compensation programs, the value of which is tied to their tenure at TCW and is payable upon the reaching of certain time-based milestones.
