- (3) Security valued at fair value using methods determined in good faith by or at the direction of the Trustees.
- (4) Security is subject to a shortfall agreement which may require the Fund to pay amounts to a counterparty in the event of a significant decline in the market value of the security.
- (5) Security is in default and making only partial interest payments.
- (6) Security has been issued as an inverse floater bond. The stated interest rate represents the rate in effect at August 31, 2006.
