The Company's Annual Report on Form 10-K (the Annual Report), which includes audited financial statements, is being mailed to shareholders of the Company simultaneously with this Proxy Statement. The Annual Report is not part of the Company's proxy soliciting materials.

VOTING INFORMATION

The \$.10 par value common stock of the Company is the only class of capital stock outstanding. Each outstanding share of common stock is entitled to one vote with respect to each matter to be voted on by the shareholders, which vote may be given in person or by proxy. Cumulative voting is not permitted. A quorum, being a majority of shares of outstanding common stock, is necessary in order for business to be transacted at the meeting. Abstentions and

broker non-votes represented by submitted proxies will be included in the calculation of the number of the shares present at the meeting for the purposes of determining a quorum. Broker non-votes means shares held of record by a broker that are not voted because the broker has not received voting instructions from the beneficial owner of the shares and either lacks or declines to exercise the authority to vote the shares in its discretion.

Proposal One. Directors are elected by a plurality and the nominees who receive the most votes will be elected. Proposal One is considered a routine matter under NASDAQ rules but brokerage firms and nominees **DO NOT** have the authority to vote their customers' unvoted shares on Proposal One or to vote the customers' shares if the customers have not furnished voting instructions to their brokers within a specified period of time prior to the Annual Meeting of Shareholders. Abstentions and broker non-votes will not affect the outcome of the vote on Proposal One.

Proposal Two. To be approved, the ratification of Ernst & Young, LLP, as the Company's independent public accounting firm for fiscal year 2010 must receive the affirmative vote of the majority of the shares of common stock present in person or by proxy at the Annual Meeting of Shareholders and entitled to vote. Proposal Two is considered a routine matter under NASDAQ rules and brokerage firms and nominees **DO** have the authority to vote their customers' unvoted shares on Proposal Two or to vote the customers' shares if the customers have not furnished voting instructions within a specified period of time prior to the Annual Meeting of Shareholders. Abstentions will have the effect of a vote against Proposal Two. Broker non-votes will not affect the outcome of the vote on Proposal Two.

ADVICE TO BENEFICIAL HOLDERS OF SHARES OF COMMON STOCK

THE INFORMATION SET FORTH IN THIS SECTION IS OF SIGNIFICANT IMPORTANCE TO MANY SHAREHOLDERS OF OUR COMPANY, AS A SUBSTANTIAL NUMBER OF SHAREHOLDERS DO NOT HOLD SHARES IN THEIR OWN NAME.

Shareholders who do not hold their shares in their own name (referred to in this Proxy Statement as beneficial shareholders) should note that only proxies submitted by shareholders whose names appear on the records of our Company as the registered holders of shares of common stock can be recognized and acted upon at our annual meeting. If shares of common stock are listed in an account statement provided to a shareholder by a broker, then in almost all cases those shares of common stock will not be registered in the shareholder's name on the records of our Company and are most likely registered under the names of the shareholder's broker or an agent of that broker. In the United States, the vast majority of such shares are registered under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks), and in Canada, under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee and custodian for many Canadian brokerage firms). Beneficial shareholders should ensure that instructions respecting the voting of their shares of common stock with respect to the election of directors are communicated to the appropriate person, as without specific instructions, brokers/nominees are prohibited from voting shares for their clients.

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from beneficial shareholders in advance of shareholders meetings, unless the beneficial shareholders have waived the right to receive meeting materials. Every intermediary/broker has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by beneficial shareholders in order to ensure that their shares of common stock are voted at our annual meeting. The Form of Proxy supplied to a beneficial shareholder by its broker (or the agent of the broker) is similar to the Form of Proxy provided to registered shareholders by our Company. However, its purpose is limited to instructing the registered shareholder (the broker or agent of the broker) how to vote on behalf of the beneficial shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (Broadridge) (formerly, ADP Investor Communication Services in the United States and Independent Investor Communications Company in Canada). Broadridge typically applies a special sticker to proxy forms, mails those forms to the beneficial shareholders and the beneficial shareholders return the proxy forms to Broadridge. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at our annual meeting. **A beneficial shareholder receiving a Broadridge proxy cannot use that proxy to vote shares**

of common stock directly at our annual meeting - the proxy must be returned to Broadridge well in advance of our annual meeting in order to have the shares of common stock voted.

Alternatively, a beneficial shareholder may request in writing that his or her broker send to the beneficial shareholder a legal proxy which would enable the beneficial shareholder to attend our annual meeting and vote his or her shares of common stock.

Consideration of Director Nominees

Shareholder Nominees

If a shareholder wishes to recommend a nominee for the Board of Directors, the shareholder should write to the Corporate Secretary of the Company at:

CREDO Petroleum Corporation
1801 Broadway, Suite 900
Denver, Colorado 80202

Shareholders should specify the name and address of the nominee and the qualifications of such nominee for membership on the Board of Directors. All such recommendations will be brought to the attention of the Company's Board of Directors.

Evaluating Nominees for Director

Nominations for open positions on the Board of Directors may come from a variety of sources including business contacts of current and former directors or officers, the use of a professional search firm selected by the Board of Directors and shareholder nominations, all of whom are evaluated on the same basis. In evaluating such nominations, the Board of Directors will seek to achieve a balance of knowledge, skills and experience on the Board. Each nominee will be considered based on the need or desire to fill existing vacancies or expand the size of the Board and otherwise to select nominees that best suit the Company's needs.

Director Qualifications

Director candidates will be evaluated based on criteria developed by the Board of Directors from time to time for each individual vacancy. Qualifications that will be considered for all nominees include, but are not limited to:

- the ability of the prospective nominee to represent the interests of the Company's shareholders;
- the prospective nominee's personal and professional experience and expertise;
- the prospective nominee's standards of integrity, commitment and independence of thought and judgment; and
- the prospective nominee's ability to dedicate sufficient time, energy and attention to the performance of his or her duties.

Certain Relationships and Related Transactions

Transactions with Related Persons

Mr. Marlis E. Smith, Jr., a member of the Company's Board of Directors since April 2009 and the Company's President and Chief Executive Officer since January 16, 2010, has participated as an independent third party working interest owner in numerous oil and gas wells operated by Credo. During Credo's fiscal year ended October 31, 2009, Mr. Smith owned interests in fifty four such properties. During that period, he received approximately \$304,000 in oil and gas revenues and paid approximately \$300,000 in drilling costs and operating expenses related to such interests. He also owns interests in numerous wells which are operated by third parties and in which Credo also owns an interest.

Review, Approval or Ratification of Transactions with Related Persons

The Board of Directors recognizes that transactions between the Company and certain related persons present a heightened risk of conflicts of interest. In order to ensure that the Company acts in the best interest of its stockholders, the Board of Directors has delegated the review and approval of related party transactions to the Audit Committee. Any related party transaction required to be disclosed in accordance with applicable SEC regulations must be reviewed and approved by the Audit Committee. In reviewing a proposed transaction, the audit committee must (i) satisfy itself that it has been fully informed as to the related party's relationship and interest and the material facts of the proposed transaction and (ii) consider all of the relevant facts and circumstances available to the committee. After its review, the Audit Committee will only approve or ratify transactions that are fair to the Company and not inconsistent with the best interests of the Company and its stockholders.

Compensation Discussion and Analysis

Overview of Compensation Committee

The Board of Directors (excluding Mr. Huffman with respect to Chief Executive Officer compensation and benefits) acting as the Compensation Committee (the "Compensation Committee") is responsible for establishing and administering a general compensation policy and program for the Company. The Compensation Committee possesses powers of administration under the Company's employee benefit plans, including the stock option plan, key employee retention plan and other employee benefit plans. Subject to the provisions of those plans, the Compensation Committee determines the individuals eligible to participate in the plans, the extent of such participation and the terms and conditions under which benefits may be vested, received or exercised.

Executive Compensation Philosophy and Objectives

The Compensation Committee is committed to a strong link between business performance and the attainment of strategic goals with the Company's compensation and benefit programs. The Company's compensation policy is designed to support the overall objective of maximizing the return to the Company's shareholders by:

- Attracting, developing, rewarding, and retaining highly qualified and productive individuals.
- Directly aligning compensation to both Company and individual performance.
- Encouraging executive stock ownership to enhance a mutuality of interest with the Company's shareholders.

This policy is intended to provide incentives that promote both the short-term and long-term financial objectives of the Company. Base salary and performance bonuses are designed to reward achievement of short-term objectives while long-term incentive compensation is intended to encourage executives to focus on the long-term goals of the Company.

Components of Executive Compensation

Base Salary

The Compensation Committee periodically reviews the compensation of each executive officer, including salaries, bonuses and total compensation levels. The compensation for each of our named executive officers is subjectively determined primarily on the basis of the following factors: experience, individual performance, contribution to our corporate performance, level of responsibility, duties and functions, and breadth of knowledge. Base salaries are also reviewed to ensure internal consistency among the various levels of responsibility within the Company. Members of the Compensation Committee are generally knowledgeable about compensation levels in the oil and gas industry through associations within the industry and through periodic review of public disclosure documents such as proxy statements of other companies. These base salaries are reviewed annually and may be adjusted in the discretion of the Compensation Committee, based upon the factors discussed above, as well as changes in the duties, responsibilities and functions of the executive officer, changed economic circumstances affecting the Company, and the Company's financial performance generally. The relative weight given to each of these factors differs from individual to individual, as the Compensation Committee deems appropriate.

Annual Cash Bonuses and Incentives

Cash bonuses are awarded to executive officers to recognize and reward Company and individual performance. Performance bonuses to executive officers are subject to the discretion of the Board of Directors and focus on performance criteria reviewed at the end of the year, including but not limited to: direct revenue and income generation, production volume, reserve replacement, finding costs, internal and external prospect generation, promoting acquisitions, dispositions or other transactions that contribute to the Company's success, and the Company's overall financial performance. The Compensation Committee does not generally utilize predetermined targets to establish the payment or level of performance bonuses, but may establish particular performance goals for certain officers. A performance goal established for the Chief Financial Officer was to supervise the preparation of financial statements that did not contain a material internal control weakness, and to provide improved training and continuity of the accounting staff. While this goal was met, no cash bonuses were awarded for fiscal 2009 due to the Company's operating results and general business conditions.

Long-Term Incentive Compensation

At the discretion of the Board of Directors, stock options may be granted to employees, including named executive officers. Grants are made generally on a basis similar to the parameters described above for cash bonuses. No predetermined targets are utilized to determine the timing or amounts of awards to be granted. However, the Board of Directors considers items such as the potential impact on the Company's financial statements and the desire to align the employees' interests with the interests of shareholders by providing incentive based compensation such as stock options, and encouraging the Company's personnel to own and hold the Company's stock. The Company's stock option plan uses vesting periods to encourage long term affiliation with the Company.

The Compensation Committee also considered CREDO's long record of consistent performance as the following citations show: 200 Best Small Companies 2008, 2006, 2004, 2001 (*Forbes Magazine*); America's Fastest Growing Small Companies 2006, 2005, 2004, 2003 (*Fortune Small Business Magazine*); Top Performing 25 Stocks in the Past 25 Years (#17) 2007 (*USA Today*). Potential Payments upon Termination or Change in Control

Key Employee Retention Plan

The Company has established a Key Employee Retention Plan (the Plan) for certain of its key employees which includes the chief executive officer and the chief financial officer. The purpose of the Plan is to provide a bonus incentive to certain key employees to remain in the employ of the Company during periods when there is a potential for a change in control of the Company. Employees who are participants in the Plan are generally entitled to receive qualified payments equal to one month for each year of service, but in no case less than twelve months, or such greater amount as the Board of Directors may deem appropriate considering the circumstances. Such payments include the

employee's current monthly base salary and the greater of (i) one-twelfth of their prior year bonus or (ii) one-twelfth of the average of their prior three years bonus. Such payments become effective in the event that their employment is terminated within two years after a change in control of the Company (a) without cause by the new controlling party or (b) for good reason by the employee (e.g. an adverse change in the officer's status after a change in control), each as defined in the Plan. In addition, all insurance and fringe benefits will be provided for a period equal to the greater of one month of coverage for each year of employment with the Company or 12 months of coverage.

A change in control is defined to include (i) any person or group becomes the beneficial owner, directly or indirectly of 30% or more of the outstanding voting stock of the Company, (ii) the stockholders of the Company approve a merger, combination or consolidation of the Company with any other entity resulting in the voting securities of the Company immediately prior to the transaction representing less than 51% of the merged, combined or consolidated securities, (iii) any transaction (or combination of transactions) is consummated for the sale, disposition or liquidation of at least 50% of the Company's net assets, or (iv) election of one-third of the members of the Company's Board of Directors proposed by any party or group nominating directors in opposition to the directors nominated for election by the Company.

The following table presents the amount of compensation payable to Mr. Huffman and Mr. Neely if the triggering termination event had occurred on the last day of the Company's most recently completed fiscal year, October 31, 2009.

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

(Item 2 on Proxy Card)

During fiscal year 2008, the Company dismissed Hein & Associates LLP (Hein) as the Company 's independent registered public accounting firm and engaged Ernst & Young LLP (Ernst & Young) as its new independent registered public accounting firm for the audit of fiscal 2008. The change in independent public accounting firms was not the result of any disagreement with Hein.

The Board of Directors has appointed Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2010. Representatives of Ernst & Young LLP will be present at the Annual Meeting of Shareholders to make any statement they so desire and will be available to answer appropriate shareholder questions.

In the event this proposal is defeated, the shareholder vote will not be binding on the Company but may be considered by the Audit Committee when it considers selecting other auditors for the next fiscal year. However, because of the difficulty and expense of making any substitution of auditors after the beginning of the fiscal year, Ernst & Young's appointment for the 2010 fiscal year will be permitted to stand unless the Audit Committee finds other reasons for making a change.

In the absence of contrary instructions by a shareholder, the shares represented by the proxy will be voted FOR the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2010.

Audit Fees

The aggregate fees billed for professional services rendered by Ernst & Young LLP for its audit of the Company's annual financial statements included in the Company's Annual Report on Form 10-K, its audit of internal controls, and its reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q were \$270,000 for fiscal 2009, and \$273,000 in 2008.

Aggregate fees billed professional services rendered by Hein & Associates LLP for its review of the financial statements included in the Company's Quarterly Reports on Form 10-Q and its review of the Company's Annual Report in Form 10-K were \$2,000 in fiscal year 2009 and \$48,700 in fiscal year 2008.

Audit-Related Fees

No audit related services were provided in fiscal 2009 or 2008 by either Ernst & Young LLP or Hein & Associates LLP.

Tax Fees

Neither Ernst & Young LLP nor Hein & Associates LLP provided tax services to the Company during fiscal 2009 or 2008.

All Other Fees

Neither Ernst & Young LLP nor Hein & Associates LLP provided services during fiscal 2009 or 2008 other than the services described above.

Policies and Procedures for Approval of Audit and Non-Audit Services

The Audit Committee pre-approves all audit and non-audit services expected to be performed by Ernst & Young LLP in any fiscal year. In addition, the Audit Committee has delegated authority to its Chairman to pre-approve additional non-audit services by Ernst & Young LLP, and ensures that the independent registered public accounting firm shall not be engaged to perform the specific non-audit services that are prohibited by law or regulation. The Audit Committee Chairman must report any such additional pre-approved services at the next scheduled Audit Committee meeting. There were no hours expended on the Ernst & Young LLP audit of the Company's most recent financial statements by persons other than Ernst & Young LLP's full-time, permanent employees.

Audit Committee Report

The responsibilities of the Audit Committee are set forth in the *Audit Committee Charter* which was reviewed and approved October 21, 2009 by the Board of Directors, and is included as Appendix A to this Proxy Statement. The Audit Committee reviews and reassesses the adequacy of its Charter on an annual basis. The Company's *Audit Committee Charter* is posted on the Company's internet website (www.credopetroleum.com). In addition, a copy of the *Audit Committee Charter* can be obtained from the Company, without charge, by written request to the Chief Financial Officer at the Company's address.

The Audit Committee met seven times during fiscal 2009 and has met once since fiscal 2009 year-end. The Audit Committee reviewed and discussed the Company's audited financial statements for fiscal 2009 with management and the Company's independent registered public accounting firm, and discussed with the Company's independent registered public accounting firm the matters required to be discussed by Codification of Statements on Auditing Standards, AU 380 (formerly Statement on Auditing Standards 61) and as adopted by the Public Company Accounting Oversight Board in Rule 3200T, as in effect for the Company's fiscal 2009. The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm as required by applicable requirements of the PCAOB regarding their communication with the audit committee concerning independence, and has discussed with them their independence from the Company. Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements for the year ended October 31, 2009 be included in the Company's Annual Report on Form 10-K.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers to file initial reports of ownership and reports of changes in ownership of the Company's common stock with the Securities and Exchange Commission. Such persons are required to furnish the Company with copies of all Section 16(a) forms that they file. Based upon a review of these filings and written representations by such persons, the Company believes that its directors and executive officers were in compliance with all filing requirements pursuant to Section 16(a) during fiscal 2009.

SHAREHOLDER PROPOSALS FOR NEXT ANNUAL MEETING

AND SHAREHOLDER COMMUNICATIONS WITH THE BOARD OF DIRECTORS

Any proposal which a shareholder intends to present for consideration and action at the next Annual Meeting of Shareholders must be received in writing by the Company at 1801 Broadway, Suite 900, Denver, Colorado, 80202 no later than October 29, 2010 and must conform to applicable Securities and Exchange Commission rules and regulations. If a shareholder does not seek inclusion of a proposal in the proxy material and submits the proposal outside the process described in Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended, the proposal must be received by the Company's Secretary on or before December 31, 2010. If the proposal is not received by that date, the Board of Directors will be allowed to use its discretionary voting authority as to the proposal when it is raised at the Annual Meeting of Shareholders. Nothing in this paragraph shall be deemed to require the Company to permit presentation of a shareholder proposal, or to include in the Company's proxy materials relating to the 2011 Annual Meeting of Shareholders, any shareholder proposal that does not meet all of the requirements for presentation or inclusion established by the regulations of the Securities and Exchange Commission in effect at that date.

The Board of Directors attends each Annual Meeting and the individual directors are available to answer appropriate questions. Appropriate questions generally relate to the Board's responsibility to establish overall policy and direction for the Company, its responsibility to retain and evaluate management, and its responsibilities related to certain functions related to the Audit Committee. Shareholders may send communications to the Board of Directors addressed to the attention of the Chairman of the Executive Committee of the Board of Directors at the Company's business address. The Chairman of the Executive Committee will log and retain all such communications. Those communications that the Chairman, in his sole judgment, believes are (i) within the scope of the Board of Directors' responsibility, (ii) credible, and (iii) material, or potentially material, will be presented to the full Board of Directors at its next succeeding regular quarterly meeting. The Board of Directors will then determine, in its sole judgment, whether a response is appropriate.

OTHER MATTERS

The Company does not know of any matters other than the election of directors and ratification of the Company's independent registered accounting firm to be brought before the Annual Meeting of Shareholders. If any other matters not mentioned in this proxy statement are properly brought before the Annual Meeting of Shareholders, the individuals named in the enclosed proxy will use their discretionary voting authority under the proxy to vote the proxy in accordance with their best judgment on those matters.

HOUSEHOLDING INFORMATION

The Security and Exchange Commission permits companies and intermediaries (such as brokers and banks) to satisfy delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement and annual report to those stockholders. This process, which is commonly referred to as "householding", is intended to reduce the volume of duplicate information stockholders receive and also reduce expenses for companies. While the Company does not utilize householding, some intermediaries may be "householding" our proxy materials and annual report. Once you have received notice from your broker or another intermediary that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If you hold your shares through an intermediary that sent a single proxy statement and annual report to multiple stockholders in your household, we will promptly deliver a separate copy of each of these documents to you if you send a written request to us at our address appearing on page one of this proxy statement, to the attention of the Corporate Secretary. If you hold your shares through an intermediary that is utilizing householding and you want to receive separate copies of our annual report and proxy statement in the future, you should contact your bank, broker or other nominee record holder.
