Table of Contents**Notes to Condensed Consolidated Financial Statements****Note 1. Nature of Business**

Nature of business: The accompanying Condensed Consolidated Financial Statements include the accounts of Hemisphere Media Group, Inc. (Hemisphere or the Company), the parent holding company of Cine Latino, Inc. (Cinelatino), WAPA Holdings, LLC (formerly known as InterMedia Español Holdings, LLC) (WAPA), and HMTV Cable, Inc., the parent company of the entities for the newly acquired networks consisting of Pasiones, TV Dominicana, and Centroamerica TV (see below). The Company determines its operating segments based upon (i) financial information reviewed by the chief operating decision maker, the Chief Executive Officer, (ii) internal management and related reporting structure and (iii) the basis upon which the chief operating decision maker makes resource allocation decisions. We have one operating segment, Hemisphere. In these notes, the terms Company, we, us or our mean Hemisphere and all subsidiaries included in our Condensed Consolidated Financial Statements.

Basis of Presentation: The accompanying unaudited Condensed Consolidated Financial Statements for Hemisphere and its subsidiaries have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, certain information and note disclosures normally included in annual financial statements prepared in accordance with U.S. GAAP have been condensed or omitted pursuant to those rules and regulations, although we believe that the disclosures made are adequate to make the information not misleading. In our opinion, all adjustments (consisting only of normal recurring adjustments) considered necessary for a fair statement have been included. Our financial condition as of, and operating results for the three months ended March 31, 2015 are not necessarily indicative of the financial condition or results that may be expected for any future interim period or for the year ending December 31, 2015. These Condensed Consolidated Financial Statements should be read in conjunction with the audited consolidated financial statements and notes thereto included in our 2014 Annual Report.

On April 1, 2014, we acquired the assets of three Spanish-language cable television networks from Media World, LLC, a Florida limited liability company (Media World), for \$101.9 million in cash. The three acquired cable networks include Pasiones, Centroamerica TV and TV Dominicana.

Net Earnings per Common Share: Basic earnings per share (EPS) are computed by dividing income attributable to common stockholders by the number of weighted-average outstanding shares of common stock. Diluted EPS reflects the effect of the assumed exercise of stock options and vesting of restricted shares only in the periods in which such effect would have been dilutive.

The following table sets forth the computation of the common shares outstanding used in determining basic and diluted EPS (*amounts in thousands*):

	Three Months Ended March 31,	
	2015	2014
Numerator for earnings per common share calculation:		
Net income	\$ 2,462	\$ 248

Denominator for earnings per common share calculation:

Weighted-average common shares, basic	42,396	42,172
Effect of dilutive securities		
Stock options, restricted stock and warrants	849	437
Weighted-average common shares, diluted	43,245	42,609

EPS			
Basic	\$	0.06	\$ 0.01
Diluted	\$	0.06	\$ 0.01

We apply the treasury stock method to measure the dilutive effect of our outstanding stock options and restricted stock awards and include the respective common share equivalents in the denominator of our diluted income per common share calculation. Potentially dilutive securities representing 1.0 million shares of common stock for the three-months ended March 31, 2015, were excluded from the computation of diluted income per common share for this period because their effect would have been anti-dilutive. The net income per share amounts are the same for our Class A common stock, par value \$0.0001 per share (Class A common stock) and Class B common stock, par value \$0.0001 per share (Class B common stock), because the holders of each class are legally entitled to equal per share distributions whether through dividends or in liquidation.

Use of estimates: In preparing these financial statements, management had to make estimates and assumptions that affected the reported amounts of assets and liabilities and the disclosures of contingent assets and liabilities as of the balance sheet dates, and the reported revenues and expenses for the three months ended March 31, 2015 and 2014. Such estimates are based on historical experience and other assumptions that are considered appropriate in the circumstances. However, actual results could differ from those estimates.

Recent Accounting Pronouncements: In April 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) ASU 2015-05 *Intangibles – Goodwill and Other Internal-Use Software (Subtopic 350-40)*. The guidance applies to internal use software that a customer obtains access to in a hosting arrangement, where the customer has the contractual right to take possession of the software at any time without significant penalty and it is feasible that they could run the software on their own or contract with another unrelated vendor. The standard is effective for years beginning after December 15, 2015, and is not currently applicable to the Company.

In April 2015, the FASB issued ASU 2015-04 *Compensation – Retirement Benefits (Topic 715) Practical Expedient for the Measurement Date of an Employers Defined Benefit Obligations and Plan Assets*. This ASU was issued to provide guidance to entities that have a year-end that does not coincide with a month-end, to provide an expedient measurement date with regards to defined benefit pension plans and other post-retirement benefit plans. ASU 2015-04 is effective for fiscal years beginning after December 15, 2015 and is not applicable to the Company.

In April 2015, the FASB issued, ASU 2015-03 *Interests – Imputation of Interest (Subtopic 835-30), Simplifying the Presentation of Debt Issuance Costs*, requires that debt issuance costs be presented in the balance sheet as a direct deduction from the carrying amount of the debt liability. Recognition and measurement guidance are not impacted by the ASU. The guidance is effective for fiscal years beginning after December 15, 2015, with retrospective disclosure upon transition, for all periods presented. We will adopt the guidance in the first quarter of 2016, with the impact to our consolidated statement of position to be a reduction in assets where deferred costs are currently disclosed and a reduction to long-term debt where these costs will be recorded after the transition.

In February 2015, the FASB issued ASU 2015-02 *Consolidation (Topic 810) Amendments to the Consolidation Analysis*. Effective for fiscal years beginning after December 15, 2015, the update effects the consolidation criteria around limited partnerships and similar legal entities; evaluation of fees paid to a decision maker or a service provider as a variable interest; the determination of primary beneficiary of a variable interest entity (VIE) when fee arrangements exist, the treatment of related parties in the VIE consolidation model and the consolidation of certain investment funds. We do not expect there to be any impact on the consolidated financial statements as a result of this guidance.

In January 2015, ASU 2015-01 *Income Statement – Extraordinary and Unusual Items (Subtopic 225-20) Simplifying Income Statement Presentation by Eliminating the Concept of Extraordinary Items*, was issued by the FASB. The ASU eliminates the concept of extraordinary items. Presentation and disclosure guidance for items that are unusual in nature or occur infrequently will be expanded to include items that are both unusual in nature and infrequent in occurrence. The guidance is effective for years beginning after December 15, 2015 and will be adopted in the first quarter of 2016. We do not expect there to be a material impact on the consolidated financial statements as a result of this guidance.

Note 4. Income Taxes

For the three-months ended March 31, 2015 and 2014, our income tax expense has been computed utilizing the estimated annual effective rates of 39.5% and 38.8% respectively. The difference between the actual effective rate of 39.5% and the statutory Federal income tax rate of 35% in each three-month period, is primarily due to state income taxes. Income tax expense for the three months ended March 31, 2015 and 2014 was

\$1.6 million and \$0.5 million, respectively.

Note 5. Long-Term Debt

Long-term debt at March 31, 2015 and 2014 consists of the following (*amounts in thousands*):

	March 31, 2015		December 31, 2014	
Senior Notes due July 2020	\$	221,324	\$	221,791

On July 30, 2013 certain of our subsidiaries (the Borrowers) entered into a credit agreement providing for a \$175.0 million senior secured term loan B facility (the Term Loan Facility) which matures on July 30, 2020. On July 31, 2014, certain of our subsidiaries amended the Term Loan Facility (the Amended Term Loan Facility) which provides for an aggregate principal amount of \$225.0 million and matures on July 30, 2020. Pricing on the Amended Term Loan Facility was set at LIBOR plus 400 basis points (decreased from a margin of 500 basis points) subject to a LIBOR floor of 1.00% (decreased from a LIBOR floor of 1.25%), resulting in

Table of Contents

an effective interest rate of 5.00% in the current quarter and 0.5% of original issue discount (OID). The Amended Term Loan Facility also provides an uncommitted accordion option (the Incremental Facility) allowing for additional borrowings under the Term Loan Facility up to an aggregate principal amount equal to (i) \$40.0 million plus (ii) an additional amount of up to 4.0x first lien net leverage. The obligations under the Amended Term Loan Facility are guaranteed by HMTV, LLC, our direct wholly-owned subsidiary, and all of our existing and future subsidiaries (subject to certain exceptions in the case of immaterial subsidiaries). Additionally, the Amended Term Loan Facility provides for an uncommitted incremental revolving loan option in an aggregate principal amount of up to \$20.0 million, which shall be secured on a *pari passu* basis by the collateral securing the Amended Term Loan Facility. The Amended Term Loan Facility is secured by a first-priority perfected security interest in substantially all of our assets.

The proceeds of the Term Loan Facility, as amended, were used to pay fees and expenses associated with the Transaction and the Cable Networks Acquisition, and for general corporate purposes including potential future acquisitions. The OID of \$2.0 million, net of accumulated amortization of \$0.4 million at March 31, 2015, was recorded as a reduction to the principal amount of the Term Loan Facility outstanding and will be amortized as a component of interest expense over the term of the Amended Term Loan Facility. We recorded \$2.6 million of deferred financing costs associated with the Term Loan Facility, as amended, net of accumulated amortization of \$0.6 million at March 31, 2015, which will be amortized utilizing the effective interest rate method over the remaining term of the Amended Term Loan Facility.

The Amended Term Loan Facility principal payments are payable on quarterly due dates commencing September 30, 2014, with a final installment on July 30, 2020.

In addition, pursuant to the terms of the Amended Term Loan Facility, within 90 days after the end of each fiscal year (commencing with the fiscal year ending December 31, 2015), the Borrowers are required to make a prepayment of the loan principal in an amount equal to 50% of the excess cash flow of the most recently completed fiscal year. Excess cash flow is generally defined as net income plus depreciation and amortization expense, less mandatory prepayments of the term loan, interest charges, income taxes and capital expenditures, and adjusted for the change in working capital. The percentage of the excess cash flow used to determine the amount of the prepayment of the loan declines from 50% to 25% and again to 0% at lower leverage ratios.

The carrying value of the long-term debt approximates fair value at December 31, 2014 and March 31, 2015. The estimated fair value of our variable-rate debt was derived from quoted market prices by independent dealers (Level 2 in the fair value hierarchy under ASC 820, *Fair Value Measurements and Disclosures*). The following are the maturities of our long-term debt as of March 31, 2015 (*amounts in thousands*):

Note 6. Stockholders Equity

Equity Incentive Plans

An aggregate of 4.0 million shares of our Class A common stock were authorized for issuance under the terms of the Hemisphere Media Group, Inc. 2013 Equity Incentive Plan (the 2013 Equity Incentive Plan). At March 31, 2015, 0.9 million shares remained available for issuance of stock options or other stock-based awards under our Equity Incentive Plan (including shares of restricted Class A common stock surrendered to the Company in payment of taxes required to be withheld in respect of vested shares of restricted Class A common stock and available for issuance). The expiration date of the 2013 Equity Incentive Plan, on and after which date no awards may be granted, is April 4, 2023. The Company's board of directors administers the 2013 Equity Incentive Plan, and has the sole and plenary authority to, among other things: (i) designate participants; (ii) determine the type, size, and terms and conditions of awards to be granted; (iii) determine the method by which an award may be settled, exercised, canceled, forfeited, or suspended.

The Company's time-based restricted stock awards and option awards generally vest in three equal annual installments beginning on the first anniversary of the grant date, subject to the grantee's continued employment or service with the Company. The Company's event-based restricted stock awards and option awards generally vest either upon the Company's Class A common stock attaining a \$15.00 closing price per share, as quoted on the NASDAQ Global Market, on at least 10 trading days, subject to the grantee's continued employment or service with the Company. Other event-based restricted stock awards granted to certain members of our Board vest on the day preceding the Company's annual shareholder meeting.

Table of Contents***Stock-Based Compensation***

Stock-based compensation expense related to stock options and restricted stock was \$1.3 million and \$1.5 million for the three months ended March 31, 2015 and 2014, respectively. At March 31, 2015, there was \$3.3 million of total unrecognized compensation cost related to non-vested stock options, which is expected to be recognized over weighted-average period of 2.1 years. At March 31, 2015, there was \$2.8 million of total unrecognized compensation cost related to non-vested restricted stock, which is expected to be recognized over a weighted-average period of 1.1 years.

Stock Options

The fair value of stock options granted is estimated at the date of grant using the Black-Scholes pricing model for time-based options and the Monte Carlo simulation model for event-based options. The expected term of options granted is derived using the simplified method under ASC 718-10-S99-1/SEC Topic 14.D for plain vanilla options and the Monte Carlo simulation for event-based options. Expected volatility is based on the historical volatility of the Company's competitors given its lack of trading history. The risk-free interest rate is based on the U.S. Treasury yield for a period consistent with the expected term of the option in effect at the time of the grant. The Company has estimated forfeitures of 1.5%, as the awards are to management for which the Company expects lower turnover, and has assumed no dividend yield, as dividends have never been paid to stock or option holders and will not be paid for the foreseeable future.

Black-Scholes Option Valuation Assumptions	Three Months Ended	
	March 31, 2015	2014
Risk-free interest rate	1.77%-2.12%	1.76%-1.92%

Warrants

In connection with our capitalization noted above, we have issued 14.7 million warrants, which qualify as equity instruments. Each warrant entitles the holder to purchase one-half of one share of our Class A common stock at a price of \$6.00 per half share. At March 31, 2015, 14.7 million warrants were issued and outstanding, which are exercisable into 7.3 million shares of our Class A common stock. Warrants are only exercisable for a whole number of shares of common stock (i.e. only an even number of warrants may be exercised at any given time by a registered holder). As a result, a holder must exercise a least two warrants, at an effective exercise price of \$12.00 per share. At the option of the Company, 10.0 million warrants may be called for redemption, provided that the last sale price of our Class A common stock reported has been at least \$18.00 per share on each of twenty trading days within the thirty-day period ending on the third business day prior to the date on which notice of redemption is given. The warrants expire on April 4, 2018. During the three months ended March 31, 2015, no warrants were exercised.

Note 7. Contingencies

We are involved in various legal actions, generally related to our operations. Management believes, based on advice from legal counsel, that the outcomes of such legal actions will not materially affect our financial condition.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

OVERVIEW

Our Company

We are a leading U.S. Spanish-language media company serving the fast growing and highly attractive U.S. Hispanic and Latin American markets with five Spanish-language cable television networks distributed in the U.S., two Spanish-language cable television networks distributed in Latin America, and the #1-rated broadcast television network in Puerto Rico.

Headquartered in Miami, Florida, we own and operate the following leading Spanish language networks and content production platform, including leading movie and telenovela channels, two of the most popular Hispanic entertainment genres, and the leading cable television networks targeting the second, third and fourth largest U.S. Hispanic groups:

- *Cinelatino*: the leading Spanish-language cable movie network with over 15 million subscribers across the U.S., Latin America and Canada, including 4.3 million subscribers in the U.S. and 10.8 million subscribers in Latin America. Cinelatino is programmed with a lineup featuring the best contemporary films and original television series from Mexico, Latin America, the U.S. and Spain. Driven by the strength of its programming and distribution, Cinelatino is the #1-rated Spanish-language cable movie network in the U.S. and the #2-rated Spanish-language cable television network in the U.S. overall.
- *WAPA*: the leading broadcast television network and television content producer in Puerto Rico. WAPA has been the #1-rated broadcast television network in Puerto Rico for the last six years. WAPA is Puerto Rico's news leader and the largest local producer of entertainment programming, producing over 70 hours each week of programming that is aired on WAPA and WAPA America. Through WAPA's multicast signal, we distribute WAPA2 Deportes, a leading sports television network in Puerto Rico, featuring Major League Baseball and professional sporting events from Puerto Rico. Additionally, we operate WAPA.TV, the leading broadband news and entertainment website in Puerto Rico featuring news and content produced by WAPA;
- *WAPA America*: a cable television network serving primarily Puerto Ricans and other Caribbean Hispanics in the United States, collectively the second largest segment of the U.S. Hispanic population. WAPA America's programming features news and entertainment offerings produced by WAPA. WAPA America is distributed in the U.S. to over 5 million subscribers.
- *Pasiones*: a cable television network dedicated to showcasing the best telenovelas and serialized dramas, licensed from the most important producers. Pasiones is distributed in the U.S. to 4.2 million subscribers and in Latin America 8.9 million subscribers.

- *Centroamerica TV*: a cable television network targeting Central Americans, the third largest U.S. Hispanic group and the fastest growing segment of the U.S. Hispanic population. Centroamerica TV features the most popular news and entertainment from Central America, as well as soccer programming from the top professional soccer leagues in the region. Centroamerica TV is distributed in the U.S. to over 3.7 million subscribers.
- *Television Dominicana*: a cable television network targeting Dominicans living in the U.S., the fourth largest U.S. Hispanic group. Television Dominicana features the most popular news and entertainment from the Dominican Republic, as well as the professional winter baseball league from the Dominican Republic. Television Dominicana is distributed in the U.S. to over 2.6 million subscribers.

Our two primary sources of revenue are advertising revenues and retransmission/subscriber fees. Advertising revenue is generated from the sale of advertising time. Our advertising revenue tends to reflect seasonal patterns of our advertisers' demand, which is generally greatest during the fourth quarter of each year, driven by the holiday buying season. In addition, Puerto Rico's political election cycle occurs every four years and we benefit from increased advertising sales in an election year. For example, in 2012, we experienced higher advertising sales as a result of political advertising spending during the 2012 governmental elections.

Retransmission and subscriber fees are charged to distributors of our Networks, including cable, satellite and telecommunication service providers, pursuant to multi-year agreements. We believe our Networks are well positioned to further grow our retransmission and subscriber fees, fueled by our Networks strong ratings, continued growth in our target demographic audiences and robust content

Table of Contents

portfolio. We continually review the quality of our programming to ensure that it is maximizing our Networks' viewership and giving our Networks' subscribers a premium, high-value experience. The continued growth in our subscriber fees will, to a certain extent, be dependent on the growth in subscribers of the cable, satellite and telecommunication service providers distributing our Networks, and new system launches.

WAPA primarily derives its revenue from advertising, though retransmission fees are growing rapidly and becoming a larger contributor to revenue. WAPA America, Pasioness, Centroamerica TV and Television Dominicana derive revenue from both subscriber fees and advertising revenue. Cinelatino is currently commercial-free, and generates 100% of its revenue from subscriber fees. However, to further monetize Cinelatino's strong ratings and attractive audience, one of our primary objectives is to introduce advertising on Cinelatino.

WAPA has been the #1-rated broadcast television network in Puerto Rico for the last six years and management believes it is highly valued by its viewers and distributors. WAPA is distributed by all pay-TV distributors in Puerto Rico and has been successfully growing retransmission fees. In fact, WAPA's primetime household rating in 2014 was more than three times higher than the most highly rated English language U.S. broadcast network in the U.S., CBS. As a result of its ratings success in the last six years, management believes WAPA is well positioned for future growth in retransmission fees, similar to the growth in retransmission fees that the four major U.S. networks have experienced in the U.S. (ABC, CBS, NBC and Fox).

WAPA America, Cinelatino, Pasioness, Centroamerica TV and Television Dominicana occupy a valuable and unique position as they are among the few Hispanic cable networks to have achieved broad distribution in the U.S. As a result, management believes our U.S. networks are well-positioned to benefit from growth in both the growing national advertising spend targeted at the highly sought-after U.S. Hispanic cable television audience, and significant growth in subscribers, as the U.S. Hispanic population continues to grow rapidly. Cinelatino and WAPA America are presently rated by Nielsen.

Hispanics represent 17% of the total U.S. population and approximately 10% of the total U.S. discretionary consumption, but only 5% of the aggregate media spend targets U.S. Hispanics. As a result of the under-indexing of the media spend targeting U.S. Hispanics, advertisers have been and are expected to continue to increase the portion of their marketing dollars targeted towards U.S. Hispanics. U.S. Hispanic cable network advertising revenue grew at a 13% CAGR from 2007 to 2014, more than doubling from \$178 million to \$407 million. Going forward, advertising on U.S. Hispanic cable networks is expected to grow to \$554 million in 2017, representing a CAGR of 11%, presenting a significant and growing opportunity for our U.S. networks.

Management expects our U.S. networks to benefit from significant growth in subscribers, as the U.S. Hispanic population continues to grow rapidly. As of the 2013 U.S. Census Update, 54 million Hispanics resided in the United States, which represents an increase of 19 million people, or 54%, between 2000 and 2013, and is expected to grow to 66 million by 2020. Hispanic television households grew by 31% during the period from 2006 to 2014, from 11.2 million households to 14.8 million households. Similarly, Hispanic pay-TV subscribers increased 57% since 2006 to 12.3 million subscribers. The continued rapid growth of Hispanic television households and pay-TV subscribers creates a significant opportunity for WAPA America and Cinelatino.

Similarly, management expects Cinelatino and Pasioness to benefit from significant growth in Latin America. Fueled by a sizeable and growing population, a strong macroeconomic backdrop and rising disposable incomes, as well as investments in network infrastructure resulting in improved service and performance, pay-TV subscribers in Latin America (excluding Brazil) are projected to grow from 45 million in 2014 to 56 million in 2018, representing approximately 124% growth. Furthermore, Cinelatino and Pasioness are each presently distributed to less than 25% of total pay-TV subscribers throughout Latin America. Accordingly, growth through new system launches represents a significant growth opportunity. Management believes Cinelatino and Pasioness have widespread appeal throughout Latin America, and therefore will be able to

expand distribution throughout the region.

MVS, one of our stockholders, provides operational and technical services to Cinelatino pursuant to several agreements. Also Cinelatino's affiliation agreement with Dish Mexico (an affiliate of MVS), is party to an affiliation agreement with Cinelatino pursuant to which Dish Mexico distributes the network and Cinelatino receives revenue. These agreements expire August 1, 2017.

Net Revenues

Net revenues increased \$8.5 million, or 41%, for the three months ended March 31, 2015. This increase was a result of the inclusion of the Acquired Cable Networks, which were not included in the prior year's quarter, and growth in advertising revenue and subscriber and retransmission fees across all of the Company's networks.

Operating Expenses

Cost of Revenues: Cost of revenues consist primarily of programming and production costs, programming amortization and distribution costs. Cost of revenues increased \$1.9 million, or 24%, for the three months ended March 31, 2015 due primarily to the inclusion of the operating results of the Acquired Cable Networks, which were not included in the prior year's quarter.

Edgar Filing: HEMISPHERE MEDIA GROUP, INC. - Form 424B3

Selling, General and Administrative: Selling, general and administrative expenses consist principally of promotion, marketing and research, stock-based compensation, corporate employee costs, occupancy costs and other general administrative costs. Selling, general and administrative expenses increased \$1.7 million, or 25%, for the three months ended March 31, 2015 primarily due to the inclusion of the operating results of the Acquired Cable Networks, which were not included in the prior year's quarter. Additionally, the increase is driven by higher salaries and benefits expense and public company costs as we expand our infrastructure to support the expansion of our business.

Depreciation and Amortization: Depreciation and amortization expense consists of depreciation of fixed assets and amortization of intangibles. Depreciation and amortization expense increased \$1.8 million, or 70% for the three months ended March 31, 2015 due to higher amortization expense due to intangible assets identified in connection with the Cable Networks Acquisition.

Other Expenses: Other expenses include legal and financial advisory fees incurred in connection with the Cable Networks Acquisition and the Transaction, and financing costs incurred in connection with the refinancing of our Term Loan Facility. Other expenses decreased \$0.2 million for the three months ended March 31, 2015, as no transaction related costs were incurred in the current quarter compared to the costs incurred in connection with the Cable Networks Acquisition in the prior year's quarter.

Interest Expenses

Interest expense increased \$0.1 million for the three months ended March 31, 2015 due to an increase in our Term Loan Facility, as amended, from \$173.7 million at March 31, 2014 to \$223.3 million at March 31, 2015, offset by a reduction in the interest rate on the Term Loan Facility from 6.25% in the quarter ended March 31, 2014 to 5.00% in the quarter ended March 31, 2015.

Table of Contents

Income Tax Expense

Income tax expense increased \$1.1 million for the three months ended March 31, 2015 due to a \$3.3 million increase in income before income taxes. For more information, see Note 4, *Income Taxes* of Notes to our Condensed Consolidated Financial Statements included elsewhere in this Quarterly Report.

Net Income

Net income increased \$2.2 million for the three months ended March 31, 2015.

OFF-BALANCE SHEET ARRANGEMENTS

We do not have any off-balance sheet financing arrangements.

LIQUIDITY AND CAPITAL RESOURCES

Sources and Uses of Cash

Our principal sources of cash are cash on hand and cash flows from operating activities. At March 31, 2015, we had \$147.3 million of cash on hand. Our primary uses of cash include the production and acquisition of programming, operational costs, personnel costs, equipment purchases, principal and interest payments on our outstanding debt and income tax payments.

Management believes cash on hand and cash flow from operations will be sufficient to meet our current contractual financial obligations and to fund anticipated working capital and capital expenditure requirements for existing operations. Our current financial obligations include maturities of debt, operating lease obligations and other commitments from ordinary course of business that require cash payments to vendors and suppliers.

Comparison for the Three Months Ended March 31, 2015 and March 31, 2014

Operating Activities

Cash provided by operating activities was primarily driven by our net income, adjusted for non-cash items and changes in working capital. Non-cash items consist primarily of depreciation of property and equipment, amortization of intangibles, programming amortization, amortization of deferred financing costs, stock-based compensation expense and provision for bad debts.

Net cash provided by operating activities for the three months ended March 31, 2015 was \$6.1 million, an increase of \$5.8 million, as compared to \$0.3 million in the prior year period, due primarily to a \$2.2 million increase in net income, a \$2.1 million increase in non-cash items and a \$1.5 million decrease in net working capital. Non-cash items increased primarily as a result of a \$1.8 million increase in amortization expense due to amortization of intangibles created as a result of the Cable Networks Acquisition, a \$0.4 million increase in programming amortization, offset in part by a \$0.2 million decrease in stock compensation expense.

Investing Activities

Net cash used in investing activities for the three months ended March 31, 2015, was \$0.3 million, as compared to a net use of cash of \$102.6 million in the prior year period. This decrease was primarily due to \$101.9 million placed in escrow in the prior year period to fund the Cable Networks Acquisition, which closed on April 1, 2014.

Table of Contents**Financing Activities**

For the three months ended March 31, 2015, net cash used in financing activities was \$0.6 million, as compared to a net cash use of \$0.4 million in the prior year period. This increase was due to higher principal payments made in the current quarter on the Amended Term Loan Facility entered into on July 31, 2014 as compared to principal payments made in the prior year quarter on the Term Loan Facility entered into on July 30, 2013. For more information, see Note 5, Long-Term Debt of Notes to Condensed Consolidated Financial Statements, included elsewhere in this Quarterly Report.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We finance our capital needs through our Amended Term Loan Facility at our indirect wholly-owned subsidiary, Hemisphere Media Holdings, LLC.

The variable-rate of interest on the Amended Term Loan Facility exposes us to market risk for changes in interest rates. Loans thereunder bear interest at rates that vary with changes in prevailing market rates. With respect to the Amended Term Loan Facility, we do not speculate on the future direction of interest rates. As of March 31, 2015, our exposure to changing market rates with respect to the Amended Term Loan Facility was as follows:

Dollars in millions	March 31, 2015	
Variable rate debt	\$	223.3
Interest rate		5.00%

As of March 31, 2015 the total outstanding balance on the Amended Term Loan Facility was approximately \$223.3 million. In the event of an increase in the interest rate of 100 basis points, assuming a principal of \$223.3 million, we would incur an increase in interest expense of approximately \$2.2 million per year. Such potential increases or decreases are based on certain simplifying assumptions, including a constant level of debt, no interest rate swap or hedge in place, and an immediate, across-the-board increase or decrease in the level of interest rates with no other subsequent changes for one year.

Foreign Currency Exchange Risk

Although we currently conduct business in various countries outside the United States, we are not subject to any material currency risk because our cash flows are collected primarily in U.S. Dollars. Reported earnings and assets may be reduced in periods in which the U.S. dollar increases in value relative to those currencies.

Our objective in managing exposure to foreign currency fluctuations is to reduce volatility of earnings and cash flow. Accordingly, we may enter into foreign currency derivative instruments that change in value as foreign exchange rates change, such as foreign currency forward contracts or

foreign currency options. Any gains and losses on the fair value of derivative contracts would be largely offset by gains and losses on the underlying assets being hedged. We held no foreign currency derivative financial instruments at March 31, 2015.

ITEM 4. CONTROLS AND PROCEDURES

Disclosure Controls and Procedures

Our management, under the supervision and with the participation of our Chief Executive Officer and Chief Financial Officer, evaluated our disclosure controls and procedures, as of March 31, 2015. Our Chief Executive Officer and Chief Financial Officer concluded that, as of March 31, 2015, our disclosure controls and procedures were effective to ensure that all information required to be disclosed is recorded, processed, summarized and reported within the time periods specified, and that information required to be filed in the reports that we file or submit under the Securities Exchange Act of 1934 (the Exchange Act) is accumulated and communicated to our management, including our principal executive and principal financial officers, to allow timely decisions regarding required disclosure.

Our management, including our Chief Executive Officer and Chief Financial Officer, does not expect that our disclosure controls and procedures will prevent all errors and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if

Table of Contents

any, have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty and that breakdowns can occur because of simple error and mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people or by management override of controls.

The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions. Over time, a control may become inadequate because of changes in conditions or because the degree of compliance with the policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and may not be detected.

Changes in Internal Controls

No change in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) occurred during the fiscal quarter ended March 31, 2015 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

From time to time, we or our subsidiaries may become involved in various lawsuits and legal proceedings which arise in the ordinary course of business. However, litigation is subject to inherent uncertainties and determination as to the amount of the accrual required for such contingencies is highly subjective and requires judgments about future events. An adverse result in these or other matters may arise from time to time that may harm our Business. Neither we nor any of our subsidiaries are presently a party to any material litigation, nor to the knowledge of management is any litigation threatened against us or our subsidiaries, which may materially affect us.

ITEM 1A. RISK FACTORS

You should carefully consider the risk factors included in our Annual Report on Form 10-K for the year ended December 31, 2014, in addition to other information included in this Quarterly Report on Form 10-Q, including under the section entitled, Forward-Looking Statements, and in other documents we file with the SEC, in evaluating our Company and our business. If any of the risks occur, our business, financial condition, liquidity and results of operations could be materially adversely affected. We caution the reader that these risk factors may not be exhaustive. We operate in a continually changing business environment and new risks emerge from time to time. Management cannot predict such new risk factors, nor can we assess the impact, if any, of such new risk factors on our business or the extent to which any factor or combination of factors may impact our business. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or operating results.

Edgar Filing: HEMISPHERE MEDIA GROUP, INC. - Form 424B3

There have not been any material changes during the quarter ended March 31, 2015 from the risk factors disclosed in our Annual Report on Form 10-K for the year ended December 31, 2014.
