Contribution Agreement

On October 6, 2017, Phillips 66 Partners LP (the Partnership) consummated the transactions contemplated by the Contribution, Conveyance and Assumption Agreement (the Contribution Agreement) entered into on September 19, 2017 with Phillips 66 Partners GP LLC (the General Partner), Phillips 66 Company (P66 Company), and Phillips 66 Project Development Inc. (P66 PDI). As reported by the Partnership in a Current Report on Form 8-K filed with the Securities and Exchange Commission on September 25, 2017 (the Signing 8-K), pursuant to the Contribution Agreement, the Partnership acquired an indirect 25 percent interest in each of Dakota Access, LLC and Energy Transfer Crude Oil Company, LLC, (collectively, Dakota/ETCO) and a direct 100 percent interest in Mery Sweeny, L.P. (MSLP) (the acquisitions pursuant to the Contribution Agreement, collectively, the Acquisition).

The assets owned by Dakota/ETCO and MSLP are described below:

- Dakota/ETCO owns the Bakken Pipeline, which includes 1,926 combined pipeline miles and 520,000 barrels per day (BPD) of crude oil capacity expandable to 570,000 BPD. There are receipt stations in North Dakota to access Bakken and Three Forks production, a delivery and receipt point in Patoka, Illinois, and delivery points in Nederland, Texas, including at the Phillips 66 Beaumont Terminal.
- MSLP owns a 125,000 BPD capacity vacuum distillation unit and a 70,000 BPD capacity delayed coker unit. MSLP processes residue from heavy sour crude oil into liquid products and fuel-grade petroleum coke at the Phillips 66 Sweeny Refinery in Old Ocean, Texas.

The total consideration for the Acquisition was approximately \$1.65 billion, which included \$372 million in cash; the assumption of certain liabilities under which P66 PDI was the obligor; the issuance of 4,713,113 common units representing limited partner interests in the Partnership (the Common Units) to P66 PDI; and the issuance of 292,665 general partner units to the General Partner in order for the General Partner to maintain its 2 percent general partner interest in the Partnership. The terms of the Contribution Agreement were unanimously approved by the Board of Directors of the General Partner and the Conflicts Committee of the Board of Directors of the General Partner. The Conflicts Committee, a committee comprised of the independent members of the Board of Directors, retained independent legal and financial advisors to assist it in evaluating and negotiating the Contribution Agreement and related transactions.

The foregoing description is qualified in its entirety by reference to the full text of the Contribution Agreement, a copy of which was filed as Exhibit 2.1 to the Signing 8-K, and is incorporated herein by reference.

Seventh Amendment to the Omnibus Agreement

On October 6, 2017, in connection with the closing of the Acquisition, the Partnership entered into a Seventh Amendment to the Omnibus Agreement (the Omnibus Amendment) with the General Partner, P66 Company, Phillips 66 Pipeline LLC (P66 Pipeline), Phillips 66 Partners Holdings LLC (PSXP Holdings), and Phillips 66 Carrier LLC, a wholly owned subsidiary of PSXP Holdings (PSXP Carrier). The Omnibus Amendment amends the parties existing Omnibus Agreement to, among other things, provide for additional services to be provided to the Partnership by P66 Company in connection with the Acquisition and increase the monthly operational and administrative support fee payable by the Partnership to P66 Company to \$7,568,668.

The foregoing description does not purport to be complete and is qualified in its entirety by reference to the full text of the Omnibus Amendment, a copy of which is filed as Exhibit 10.1 to this Current Report on Form 8-K and incorporated herein by reference.

Amended and Restated Operational Services Agreement

On October 6, 2017, in connection with the closing of the Acquisition, PSXP Holdings and PSXP Carrier entered into an Amended and Restated Operational Services Agreement (the Amended and Restated Operational Services Agreement) with P66 Pipeline. The Amended and Restated Operational Services Agreement amends and restates the parties existing Operational Services Agreement to, among other things, provide that the services provided to the Partnership by P66 Pipeline under the Operational Services Agreement, as amended, will also be provided in support of the assets owned by MSLP that were acquired in the Acquisition and to incorporate into the Amended and Restated Operational Services Agreement the text of all of the amendments executed since the date of the original Operational Services Agreement so that all such amendments, together with the changes described herein, would be reflected in the Amended and Restated Operational Services Agreement.

The foregoing description does not purport to be complete and is qualified in its entirety by reference to the full text of the Amended and Restated Operational Services Agreement, a copy of which is filed as Exhibit 10.2 to this Current Report on Form 8-K and incorporated herein by reference.

Amended and Restated Tolling Services Agreement

On October 6, 2017, in connection with the closing of the Acquisition, MSLP entered into an Amended and Restated Tolling Services Agreement (the Amended and Restated Tolling Agreement) with P66 Company. The Amended and Restated Tolling Agreement amends and restates the parties existing Tolling Services Agreement, pursuant to which MSLP charges fees to P66 Company for processing residue from heavy sour crude oil into liquid products and fuel-grade petroleum coke at the Phillips 66 Sweeny Refinery in Old Ocean, Texas. The fees payable by P66 Company to MSLP are subject to adjustment each year beginning on August 1, 2018 based on the Consumer Price Index for All Urban Consumers. The Amended and Restated Tolling Agreement is effective October 1, 2017 and has a primary term of 15 years, which may be extended by mutual agreement of the parties.

The foregoing description does not purport to be complete and is qualified in its entirety by reference to the full text of the Amended and Restated Tolling Agreement, a copy of which is filed as Exhibit 10.3 to this Current Report on Form 8-K and incorporated herein by reference.

Relationships

Each of the parties to the Contribution Agreement, the Omnibus Amendment, the Amended and Restated Operational Services Agreement and the Amended and Restated Tolling Agreement described in this Current Report on Form 8-K is a direct or indirect subsidiary of Phillips 66. As a result, certain individuals, including officers of Phillips 66 and officers and directors of the General Partner, serve as officers and/or directors of one or more of such entities. P66 PDI currently (as of the date of this Current Report on Form 8-K and after giving effect to the transactions described herein) owns 68,760,137 common units of the Partnership representing a 55.5 percent limited partner interest in the Partnership based on the number of Common Units outstanding as of the date hereof. P66 PDI also owns an indirect 2 percent general partner interest in the Partnership and all of the Partnership's incentive distribution rights through its ownership of the General Partner.

Series A Preferred Unit and Common Unit Purchase Agreement

As reported by the Partnership in the Signing 8-K, the Partnership entered into a Series A Preferred Unit and Common Unit Purchase Agreement (the Purchase Agreement) on September 21, 2017, with certain affiliates of Stonepeak Infrastructure Partners, First Reserve XIII Advisors, L.L.C. and Tortoise Capital Advisors, LLC (collectively, the Purchasers), to issue and sell in a private placement (the Private Placement) an aggregate of 13,819,791 Series A Perpetual Convertible Preferred Units representing limited partner interests in the Partnership (the Preferred Units) for a cash purchase price of \$54.27 per Preferred Unit and an aggregate of 6,304,204 Common Units for a cash purchase price of \$47.59 per Common Unit, resulting in net proceeds of approximately \$1.03 billion after expenses and fees. Pursuant to the Purchase Agreement, the Partnership issued and sold the Preferred Units and the Common Units to the Purchasers on October 6, 2017. The Partnership used a portion of the proceeds from the Private Placement to fund a portion of the consideration payable by the Partnership in the Acquisition described above and intends to use the remainder for general partnership purposes, including funding of future acquisitions and organic projects and repayment of outstanding indebtedness.

Registration Rights Agreement

On October 6, 2017, in connection with the closing of the Private Placement, the Partnership entered into a Registration Rights Agreement (the Registration Rights Agreement) with the Purchasers relating to the registered resale of the Preferred Units issued and sold in the Private Placement (the Preferred Unit Registrable Securities), the Common Units issued and sold in the Private Placement (the Common Unit Registrable Securities) and the Common

Units issuable upon conversion of the Preferred Units (the Conversion Unit Registrable Securities and, together with the Preferred Unit Registrable Securities and the Common Unit Registrable Securities, the Registrable Securities). Pursuant to the Registration Rights Agreement, the Partnership is required to use its commercially reasonable efforts to file one or more registration statements for the registered resale of the Preferred Unit Registrable Securities and Common Unit Registrable Securities and to cause such registration statements to become effective no later than January 4, 2018. The Partnership also is required to use its commercially reasonable efforts to file a registration statement for the registered resale of the Conversion Unit Registrable Securities and to cause such registration statement to become effective no later than October 6, 2019. If the Partnership fails to cause such registration statements to become effective by the applicable dates, the Partnership will be required to pay certain amounts to the holders of the Registrable Securities as liquidated damages.

In certain circumstances, and subject to customary qualifications and limitations, the holders of Common Unit Registrable Securities and/or Conversion Unit Registrable Securities will have piggyback registration rights on offerings of Common Unit Registrable Securities and/or Conversion Unit Registrable Securities initiated by certain other holders, and the Purchasers will have rights to request that the Partnership initiate up to an aggregate of four Underwritten Offerings (as defined in the Registration Rights Agreement) of Common Unit Registrable Securities or Conversion Unit Registrable Securities. The rights under the Registration Rights Agreement will generally cease as follows:

- for the Preferred Unit Registrable Securities, on the date on which all Preferred Units have been converted into Common Units pursuant to the Second Amended and Restated Partnership Agreement (as defined in Item 5.03 of this Current Report on Form 8-K);
- for the Common Unit Registrable Securities, on the later of (i) the fifth anniversary of the effective date of the registration statement registering the resale of the Common Unit Registrable Securities and (ii) if a holder of Common Unit Registrable Securities is an affiliate of the Partnership, the date on which such holder ceases to be an affiliate of the Partnership; and
- for the Conversion Unit Registrable Securities, on the later of (i) the second anniversary of the date on which all Preferred Units have been converted into Common Units pursuant to the Second Amended and Restated Partnership Agreement and (ii) if a holder of Conversion Unit Registrable Securities is an affiliate of the Partnership, the date on which such holder ceases to be an affiliate of the Partnership;

in each case unless such rights cease earlier pursuant to the terms of the Registration Rights Agreement.

The foregoing description of the Registration Rights Agreement does not purport to be complete and is qualified in its entirety by reference to the text of the Registration Rights

Agreement, a copy of which is filed as Exhibit 4.1 to this Current Report on Form 8-K and incorporated herein by reference.

In addition, on October 6, 2017, in connection with the Private Placement, the Partnership entered into the Registration Rights Agreement with the Purchasers relating to the registered resale of the Registrable Securities.
