Edgar Filing: KIMCO REALTY CORP - Form DEF 14A

represented at the Meeting, but with respect to which such broker or nominee is not empowered by the beneficial owner of the stock to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

Mr. Henry also serves as Vice Chairman of the Board of Directors. In accordance with this employment agreement, Mr. Henry is to receive \$750,000 per annum (\$500,000 base salary and \$250,000 guaranteed bonus) as compensation for his services. In addition, Mr. Henry received an unrestricted award of 37,500 shares of Common Stock which was valued at \$1,062,500 based on the closing price of Common Stock on the date of the grant. Mr. Henry was also granted options to acquire 375,000 shares of Common Stock at an exercise price equal to the market price on the date of grant. With respect to 37,500 of these stock options, they are to be considered qualified incentive stock options, as defined in and to the extent permitted under the Company's Equity Participation Plan, and the remaining 337,500 stock options shall be non-qualified options. Options with respect to these shares generally vest in three equal installments upon each of the first three anniversaries of the date of grant. Mr. Henry will also be entitled to an unrestricted award of 37,500 shares of Common Stock if Mr. Henry is employed by the Company on the tenth anniversary of the effective date of the employment agreement. In the event of, and depending upon the reasons for a termination of Mr. Henry's employment with the Company prior to such dates, (i) any such non-vested shares would become 100% vested as the termination date and (ii) Mr. Henry would receive severance in the amount equal to the base salary and guaranteed bonus then in effect for the greater of the balance of the term of his employment agreement or one year.

In June 1998, the Company entered into a three-year employment agreement with Mr. Jerald Friedman, pursuant to which Mr. Friedman began to serve as Executive Vice President of the Company. In accordance with this employment agreement, Mr. Friedman was to receive \$450,000 per annum (\$300,000 base salary and \$150,000 guaranteed bonus) as compensation for his services. The agreement further provided that Mr. Friedman be granted options to acquire 150,000 shares of Common Stock at an exercise price of \$24.958 per share, the market price on the date of grant. These stock options are to be considered qualified incentive stock options, as defined in and to the extent permitted under the Company's Equity Participation Plan. Options with respect to these shares shall vest in three equal installments upon each of the first three anniversaries of the date of grant. In the event of, and depending upon the reasons for, a termination of Mr. Friedman's employment with the Company prior to such dates, (i) any such non-vested shares would become 100% vested as of the termination date and (ii) Mr. Friedman would receive severance in the amount equal to the base salary and bonus then in effect for the greater of the balance of the term of this agreement or one year.

In April 2000, the Company amended and restated the employment agreement with Mr. Friedman whereby effective January 1, 2000, Mr. Friedman will also serve as President of the Company's new development subsidiary (the "Development Company" or "KDI"). Effective January 2002, the term of this agreement has been extended through December 31, 2005 (the "First Amendment to

Edgar Filing: KIMCO REALTY CORP - Form DEF 14A

Employment Agreement"). In accordance with the First Amendment to Employment Agreement, Mr. Friedman is to receive a base salary of \$450,000 per annum. In addition, Mr. Friedman shall be eligible to earn a bonus upon the calculation of Development Company Profits, as defined in the First Amendment to Employment Agreement. The bonus shall be determined and paid semi-annually. Pursuant to the First Amendment to Employment Agreement, the bonus payable to Mr. Friedman for each six month period ending on the June 30th Measurement Date, as defined, shall be an amount equal to the lesser of (i) fifteen percent (15%) of Development Company Profits for that six month period or (ii) \$225,000. The bonus payable to Mr. Friedman for each six month period ending on the December 31st Measurement Date, as defined, shall be an amount equal to fifteen percent (15%) of Development Company Profits for the twelve month period just ended, minus the bonus calculated on the immediately preceding June 30th Measurement Date, provided that the annual bonus to be earned by Mr. Friedman shall never exceed \$450,000 for any said twelve month period ending on December 31st.

9

Effective July 2001, the Company commenced a five-year employment agreement with Raymond Edwards pursuant to which Mr. Edwards will serve as Vice President. In accordance with this employment agreement, Mr. Edwards is to receive \$400,000 per annum (\$350,000 base salary and \$50,000 guaranteed bonus) as compensation for his services. In addition, Mr. Edwards received an unrestricted award of 3,750 shares of Common Stock which was valued at \$115,500 based on the price of the Common Stock on the date of the grant. Mr. Edwards was also granted options to acquire 127,500 shares of Common Stock at an exercise price equal to the market price on the date of grant. With respect to 24,000 of these stock options, they are to be considered qualified incentive stock options, as defined in and to the extent permitted under the Company's Equity Participation Plan, and the remaining 103,500 stock options shall be non-qualified options. Options with respect to these shares generally vest in three equal installments upon each of the first three anniversaries of the date of grant. In the event of, and depending upon the reasons for a termination of Mr. Edwards employment with the Company prior to such dates, (i) any such non-vested shares would become 100% vested as of the termination date and (ii) Mr. Edwards would receive severance in the amount equal to the base salary and guaranteed bonus then in effect for the greater of the balance of the term of his employment agreement or one year.

Compensation Committee Interlocks and Insider Participation

The Executive Compensation Committee of the Board of Directors, comprised of Messrs. Martin Kimmel, Milton Cooper, Richard Dooley, Joe Grills and Frank Lourenso, is charged with the responsibility of determining compensation levels, including awards pursuant to the Company's Equity Participation Plan, for the named executive officers other than Mr. Cooper. Mr. Cooper's compensation and participation in the Equity Participation Plan is subject to review and approval by the members of the Executive Compensation Committee other than Mr. Cooper.

Mr. Milton Cooper is Chairman of the Board of Directors of the Company, and Mr. Martin Kimmel is Chairman Emeritus of the Board. Messrs. Cooper and Kimmel were founding members of the Company's predecessor in 1966.

The Company is party to a management agreement pursuant to which it manages three of KC Holdings' four remaining shopping center properties under terms which the Company believes are no less favorable than would be obtained in negotiations with an independent third party. The remaining property is owned in a joint venture and is managed by an unaffiliated joint venture partner.

Edgar Filing: KIMCO REALTY CORP - Form DEF 14A

The management agreement was approved by a majority of the Company's Directors who are not also stockholders of KC Holdings. Management fees paid by KC Holdings to the Company was approximately \$0.3 million during 2002.

Joint Ventures. Members of the Company's management have investments in certain real estate joint ventures or limited partnerships, which own and/or operate seven of the Company's 599 property interests as of December 31, 2002. Such management investments predate the Company's IPO and, in each case, the Company is a general partner of the joint venture or partnership and controls or directs the management of the joint venture or partnership. Any material future transactions involving these joint ventures or partnerships, such as major renovations, disposal or sale, will be subject to the approval of a majority of disinterested directors of the Company.

Relationship with J.P. Morgan. Mr. Lourenso, an Executive Vice President of J.P. Morgan, has been a Director of the Company since December 1991. The Company has maintained its principal banking relationship with J.P. Morgan. J.P. Morgan, together with a consortium of additional banks, has provided the Company with a \$250.0 million, unsecured revolving credit facility which is scheduled to expire in August 2003. At December 31, 2002 there was \$40.0 million outstanding under this facility.

Relationship with The State of New York Common Retirement Fund. Mr. Grills is a member of the Investment Advisory Committee of The State of New York Common Retirement Fund (the "NYSCRF"). Mr. Grills has been a Director of the Company since January 1997. During 1999, the Company entered into a joint venture arrangement with the NYSCRF and other institutional investors in connection with the Kimco Income Operating Partnership ("KIR"), an entity established for the purposes of investing in high quality retail properties, financed primarily through the use of individual non-recourse mortgages. The NYSCRF has committed approximately

10

\$267.0 million to the joint venture of which \$215.0 million has been contributed. This investment by the NYSCRF was reviewed by the NYSCRF Real Estate Advisory Committee of which Mr. Grills is not a member.

Report of the Executive Compensation Committee on Executive Compensation

The Executive Compensation Committee has provided the following Report on Executive Compensation:

Compensation Strategy and Performance Criteria. The members of this Committee believe the Company's success is attributable in large part to the talent and dedication of its associates and, in particular, to the management and leadership efforts of its executive officers. Accordingly, the Company, under the guidance of the Executive Compensation Committee, is committed to develop and maintain compensation policies, plans and programs which seek to enhance cash flows, and consequently real property and stockholder values, by aligning the financial interests of the Company's senior management with those of its stockholders.

In furtherance of these goals, the Company relies, to a large degree, on annual and longer term incentive compensation (that is, specifically cash bonuses, stock grants and stock option grants) to attract and retain corporate officers and other key associates of outstanding ability, and to motivate such persons to perform to their fullest potential. These forms of incentive compensation are variable and designed to effectuate a pay-for-performance philosophy which considers management's ability to consistently improve the Company's Funds from Operations (a widely-accepted measure of performance for

Edgar Filing: KIMCO REALTY CORP - Form DEF 14A

real estate investment trusts) to be of paramount importance. Other performance criteria which affect incentive awards include the demonstrated ability to strengthen the Company's capital structure, the measure of improved total return to stockholders and individual performance/contributions to corporate goals and objectives.

The Committee periodically deliberates the appropriate combination of cash and stock-based compensation, and weighs the competitiveness of the Company's plans in relation to compensation practices employed by a select group of successful real estate investment trusts that are (i) included in the NAREIT equity index used in the accompanying stock performance graph, and (ii) believed to be comparable to the Company based on market capitalization, portfolio size and distribution and product type. In general, the Committee has set base compensation levels for the Company's executive officers at competitive levels relative to this peer group. The number of stock options granted annually is an amount which the Committee, after due consideration of corporate and individual performance, changes in job function or title, competitive option grant levels and previously awarded options, considers appropriate to fairly compensate and properly motivate its officers.

From time to time the Committee may retain compensation and other management consultants to assist with, among other things, structuring the Company's various compensation programs and determining appropriate levels of salary, bonus and other awards payable to the Company's officers and key personnel, as well as to guide the Company in the development of near-term individual performance objectives necessary to achieve long-term profitability. During 2001, the Company on behalf of the executive Compensation Committee engaged a compensation consulting firm to perform a market survey of the compensation levels for all key positions in the Company and engaged PricewaterhouseCoopers LLP to perform a study with regard to a special incentive award for Mr. Milton Cooper, Chief Executive Officer of the Company.

2002 Performance. In evaluating 2002 performance, particularly noteworthy was the Company's ability, under senior management's direction, to increase Funds from Operations ("FFO", a widely-accepted measure of performance for real estate investment trusts) for the year ended December 31, 2002 to \$319.7 million, or \$3.03 per share on a diluted basis, from \$295.9 million, or \$2.99 per share on a diluted basis, during the preceding year. This increase was achieved despite the bankruptcy filing of Kmart Corporation ("Kmart"), the Company's largest tenant. The Company's improved performance reflects the combined effect of increased contributions from the investments in KIR, Kimco Retail Opportunity Portfolio ("KROP"), the RioCan Venture and other financing investments, reduced by lower income resulting from tenant bankruptcies and subsequent rejections of leases and a decrease in profits from the Montgomery Ward Venture.

In January 2002, Kmart filed for protection under Chapter 11 of the U.S. Bankruptcy Code. During 2002, Kmart rejected its leases at 31 locations, representing approximately \$30.8 million of annualized base

11

rental revenues and approximately 3.2 million square feet of Gross Leaseable Area ("GLA"). As of December 31, 2002, Kmart represented 4.5% of annualized base rents and 6.9% of leased GLA.

The Company had significant success in mitigating the vacancies caused by the Kmart bankruptcy filing and subsequent rejection of leases. During 2002, the Company disposed of, in separate transactions, seven former Kmart sites, comprised of approximately 1.0 million square feet of GLA, for an aggregate sales price of approximately \$40.8 million. In addition, the Company has

Edgar Filing: KIMCO REALTY CORP - Form DEF 14A

currently leased or is under agreement to lease eleven of the rejected locations, has terminated four ground lease locations and has received offers to purchase three of these sites. The Company is reviewing the offers received and is actively marketing the remaining six locations to prospective tenants.

During 2002, the Company continued its investment in KIR, a joint venture established in 1998 with institutional partners for the purpose of investing in high quality real estate properties primarily financed with individual non-recourse mortgages. During 2002, KIR acquired 5 property interests aggregating 1.8 million square feet for approximately \$213.5 million. As of December 31, 2002, KIR was comprised of 68 shopping center properties with total assets of approximately \$1.6 billion. The Company, through its 43.3% non-controlling limited partnership interest in KIR increased its equity in income from KIR to \$16.3 million for the year ended December 31, 2002 as compared to \$13.2 million for the preceding year.

During 2001, the Company formed a joint venture (the "Kimco Retail Opportunity Portfolio" or "KROP") with GE Capital Real Estate ("GECRE"), in which the Company has a 20% non-controlling interest and manages the portfolio. The purpose of this joint venture is to acquire established, high-growth potential retail properties in the United States. Total capital commitments to KROP from GECRE and the Company are for \$200.0 million and \$50.0 million, respectively, and such commitments are funded proportionately as suitable opportunities arise and are agreed to by GECRE and the Company.

During 2002, KROP purchased 16 shopping centers aggregating 1.6 million square feet of GLA for approximately \$177.8 million, including the assumption of approximately \$29.5 million of mortgage debt encumbering three of the properties. Equity in income from KROP for the year ended December 31, 2002 was approximately \$0.9 million.

The Company formed the RioCan Venture with RioCan Real Estate Investment Trust ("RioCan", Canada's largest publicly traded REIT measured by gross leasable area) in which the Company has a 50% non-controlling interest, to acquire retail properties and development projects in Canada. The acquisition and development projects are to be sourced and managed by RioCan and are subject to review and approval by a joint oversight committee consisting of RioCan management and the Company's management personnel. During 2002, the RioCan venture acquired 24 shopping center properties and four development properties, in separate transactions, comprising approximately 5.7 million square feet of GLA for an aggregate purchased price of approximately \$683.7 million Canadian dollars ("CAD") (approximately USD \$435.8 million) including the assumption of approximately CAD \$321.5 million (approximately USD \$203.1 million) in mortgage debt encumbering 13 of the properties. As of December 31, 2002, the RioCan Venture was comprised of 28 operating properties and four development properties, consisting of approximately 6.7 million square feet of GLA. Equity in income from RioCan for the year ended December 31, 2002 was approximately \$9.1 million as compared to \$0.4 million for the preceding year.

In connection with the Tax Relief Extension Act of 1999 (the "RMA"), which became effective January 1, 2001, the Company is now permitted to participate in activities which the Company was precluded from previously in order to maintain its qualification as a REIT, so long as these activities are conducted in entities which elect to be treated as taxable subsidiaries under Sections 856 through 860 of the Internal Revenue code of 1986, as amended (the "Code"), subject to certain limitations.

Effective January 1, 2001, the Company elected taxable REIT subsidiary status for its wholly owned development subsidiary, KDI. KDI is primarily engaged in the ground-up development of neighborhood and community shopping centers and the subsequent sale thereof upon completion. During the year ended

Edgar Filing: KIMCO REALTY CORP - Form DEF 14A

December 31, 2002, KDI sold four of its recently completed projects and eight out-parcels, in separate transactions, for approximately \$128.7 million, which resulted in pre-tax gains of approximately \$15.9 million.

Additional activities conducted by the Company during 2002 through its taxable REIT subsidiaries ("TRS") primarily include, but are not limited to, real estate advisory and disposition services provided in

12

connection with asset designation rights and assistance with inventory and fixture liquidations in connection with going-out-of-business sales by certain bankrupt retailers. During 2002, the Company's additional TRS activities provided approximately \$10.4 million of pretax income.

Further, consideration was given to management's ability to continue its strengthening of the Company's consolidated balance sheet by effectively utilizing its medium-term notes ("MTN") program and senior note debt offerings to obtain cost effective unsecured debt. During 2002, the Company issued an aggregate \$102.0 million of unsecured debt under its MTN program and an aggregate \$235.0 million of fixed-rate senior notes providing capital for debt repayment and property acquisitions. The Company continues to maintain a strong, prudent capital structure as evidenced by the percentage of its total debt to total market capitalization of 31% at December 31, 2002. In addition, the Company intends to maintain strong debt service coverage and fixed charge coverage ratios as part of its commitment to maintaining its investment-grade debt ratings.

The increase in FFO, coupled with the ongoing strategy of maintaining a conservative capital structure, enabled the Company to provide common stockholders with dividends of \$2.08 per share in 2002, which represented an 8.3% increase from the prior year. This dividend increase was the tenth consecutive annual increase enjoyed by the Company's common stockholders. However, the Kmart bankruptcy situation caused investor uncertainty that affected the short term performance of the stock price, and as a result, total returns to stockholders were approximately 0.2% during 2002. Nevertheless, the Executive Compensation Committee believes the Company's financial and operating performance in the face of the Kmart situation was an outstanding accomplishment and underscored the soundness of the Company's long term strategy to enhance shareholder value. In that regard, dividends on the Common Stock have been further increased by approximately 3.8% for 2003, or \$2.16 per share.

2002 Incentive Compensation. In establishing 2002 incentive compensation (that is, the cash bonuses, stock grants and stock option grants as set forth in the accompanying Summary Compensation and Option Grants in Last Fiscal Year tables) for the Company's named executive officers, the Committee concluded that each such officer had individually made a very substantial contribution toward achieving the aforementioned performance levels. The Committee did not specifically relate any measure of performance or any accomplishment to the incentives awarded, nor did the Committee assign relative weight to any specific performance factor. Rather, the Committee members made the subjective determination that the incentives awarded were appropriate in view of previously awarded incentives and their qualitative assessment that 2002 represented a year of significant achievement for the Company that was, in large part, attributable to the talents and efforts of its executive officers.

The annual bonus and option to acquire shares of Common Stock awarded during 2002 to Mr. Cooper, Chairman of the Board of Directors and Chief Executive Officer, as set forth in the accompanying Summary Compensation Table, was determined by the members of the Executive Compensation Committee, other than

Edgar Filing: KIMCO REALTY CORP - Form DEF 14A

Mr. Cooper, after evaluating generally the Company's achievements for the year and specifically Mr. Cooper's contributions towards realizing such performance levels. The Board concluded that Mr. Cooper's leadership, vision and decision making warranted the bonus awarded to Mr. Cooper.

Stock Price Performance. The following stock price performance chart compares the Company's performance to the S&P 500 and the index of equity real estate investment trusts prepared by the National Association of Real Estate Investment Trusts ("NAREIT"). Equity real estate investment trusts are defined as those which derive more than 75% of their income from equity investments in real estate assets. The NAREIT equity index includes all tax qualified equity real estate investment trusts listed on the New York Stock Exchange, American Stock Exchange or the NASDAQ National Market System. Stock price performance, presented quarterly for the five years ended December 31, 2002, is not necessarily indicative of future results. All stock price performance assumes the reinvestment of dividends.

Audit Committee Report

The Audit Committee of the Board of Directors of the Company is responsible for providing objective oversight of the Company's financial accounting and reporting functions, system of internal control and audit process. The Audit Committee is composed of three directors, each of whom is independent as defined under the listing standards of the New York Stock Exchange. The Audit Committee operates under a written charter approved by the Board of Directors. A copy of the Audit Committee Charter is attached to this Proxy Statement as Appendix A.

Management of the Company is responsible for the Company's system of

Edgar Filing: KIMCO REALTY CORP - Form DEF 14A

internal control and its financial reporting process. The independent accountants, PricewaterhouseCoopers LLP, are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and to issue a report thereon. The Audit Committee is responsible for the monitoring and oversight of these processes.

In connection with these responsibilities, the Audit Committee met with management and the independent accountants to review and discuss the December 31, 2002 consolidated financial statements. The Audit Committee also discussed with the independent accountants the matters required by Statement on

14

Auditing Standards No. 61 (Communication with Audit Committees). The Audit Committee also received written disclosures from the independent accountants required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent accountants that firm's independence.

Based upon the Audit Committee's discussions with management and the independent accountants, and the Audit Committee's review of the representations of management and the independent accountants, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2002, to be filed with the SEC.

Equity Participation Plan

Description of Plan. The Company maintains its Stock Option Plan (the "Stock Option Plan") and its 1998 Equity Participation Plan (the "Equity Participation Plan") for the benefit of its eligible employees, consultants and directors. The Equity Participation Plan was established for the purpose of attracting and retaining the Company's directors, executive officers and other key employees by offering them an opportunity to own Common Stock and/or rights which will reflect the growth, development and financial success of the Company. The Equity Participation Plan provides that the Executive Compensation Committee or the Board, as applicable, may grant or issue "incentive" stock options and "non-qualified" stock options (within the meaning of the Internal Revenue Code, the "Code"), that vest over time and are exercisable at the "fair market value" of the Common Stock at the date of grant. In addition, the Equity Participation Plan provides for the granting of deferred stock ("Deferred Stock") to the Non-employee Directors of the Company. Deferred Stock may be granted to Non-employee Directors in lieu of directors' fees which would otherwise be payable to such Non-employee Directors, pursuant to such policies as may be adopted by the Board from time to time. Unless otherwise provided by the Board, a grantee of Deferred Stock shall have no rights as a Company stockholder with respect to such Deferred Stock until such time as the Common Stock underlying the award has been issued. The term of an award of Deferred Stock shall be set by the Board in its sole discretion.

The Executive Compensation Committee has the authority under the Equity Participation Plan to determine the terms of options granted under the Equity Participation Plan, including, among other things, the individuals (who may be employees, consultants or directors of the Company) who shall receive options, the times when they shall receive them, whether an incentive stock option and/

Edgar Filing: KIMCO REALTY CORP - Form DEF 14A

or non-qualified option shall be granted, the number of shares to be subject to each option and the date or dates each option shall become exercisable. The Executive Compensation Committee also has the authority to grant options upon the condition that the employee agrees to cancel all or a part of a previously granted option and to amend or accelerate the vesting of previously granted options. The Board of Directors has adopted an amendment to the Equity Participation Plan that provides that the stock options, once granted, may not be repriced by the Executive Compensation Committee, except in connection with a transaction such as a stock split, stock dividend, merger, corporate reorganization or other transaction in an appropriate manner in order to prevent dilution or enlargement of the benefits or potential benefits to the holder as a result of or in connection with such transaction.

The exercise price and term of each option are fixed by the Executive Compensation Committee, provided, however, that the exercise price must be at least equal to the fair market value of the stock on the date of grant and the term cannot exceed 10 years; and further provided that in the case of an incentive stock option granted to an individual who owns (or is deemed to own) at least 10% of the total combined voting power of all classes of stock of the Company, a subsidiary or a parent (within the meaning of Section 424 of the Code), the exercise price must be at least 110% of the fair market value on the date of grant and the term cannot exceed five years. Incentive stock options may be granted only within 10 years from the date of adoption of the Equity Participation Plan. The aggregate fair market value (determined at the time the option is granted) of shares with respect to which incentive stock options may be granted under the Equity Participation Plan, or any other plan of the Company or any parent or subsidiary, which stock options are exercisable for the first time during any calendar year, may not exceed \$100,000. The maximum number of options that may be granted to any one individual in any calendar year shall not exceed 750,000, provided that the grant of the options will not cause the Company to fail to qualify as a real estate investment trust for Federal income tax purposes. An optionee may, with the consent of the Executive Compensation Committee, elect to pay for the

shares to be received upon exercise of his options in cash, shares of Common Stock or any combination thereof.

Option Grants. A maximum aggregate of 13,500,000 shares of Common Stock have been reserved for issuance under the Stock Option Plan (4,500,000 shares, all of which have been issued) and the Equity Participation Plan (9,000,000 shares). Options to acquire 1,562,525, 2,119,175 and 1,347,637 shares were granted during 2002, 2001 and 2000 at weighted average exercise prices of \$31.43, \$30.71 and \$27.09 per share, respectively.

401(k) Plan

The Company maintains a 401(k) retirement plan covering substantially all officers and employees of the Company. The 401(k) plan permits participants to defer up to a maximum of 10% of their eligible compensation, which deferrals generally are matched concurrently by the Company up to a maximum of 5% of the employee's eligible compensation. Participants in the 401(k) Plan are not subject to Federal and state income tax on salary deferral contributions or Company contributions or on the earnings thereon until such amounts are withdrawn from the 401(k) Plan. Salary reduction contributions are treated as wages subject to FICA tax. Withdrawals from the plan may only be made upon termination of employment, or in connection with certain provisions of the 401(k) Plan that permit hardship withdrawals.

Certain Relationships and Related Transactions

Members of the Company's management hold investments in certain real estate joint ventures or limited partnerships to which the Company is a party. Such investments predate the Company's IPO and, in each case, the Company controls or directs the management of the joint venture or limited partnership. Any material future transactions involving these joint ventures or partnerships require the approval of a majority of disinterested directors of the Company. See "Compensation Committee Interlocks and Insider Participation".

Messrs. Kimmel and Cooper, Directors of the Company, are stockholders of KC Holdings. See "Compensation Committee Interlocks and Insider Participation".

Mr. Frank Lourenso, a Director of the Company, is also an Executive Vice President of J.P. Morgan. The Company maintains its principal banking relationship with J.P. Morgan. See "Compensation Committee Interlocks and Insider Participation".

Mr. Joe Grills, a Director of the Company, is also a member of the Investment Advisory Committee of NYSCRF. The Company has a joint venture arrangement with NYSCRF. See "Compensation Committee Interlocks and Insider Participation".

Mr. Paul Dooley, Manager of Real Estate Tax Administration and Insurance of the Company, is the son of Mr. Richard G. Dooley, a director of the Company. Mr. Paul Dooley was paid a cash salary in 2002 as an

employee of the Company that is commensurate with his position and was granted 10,000 options in 2002 pursuant to the Equity Participation Plan. In addition, Mr. Dooley was extended loans in the amount of \$49,983 in 2001, \$36,960 in 2000 and \$62,865 in 1999 to supplement available margin loans and partially fund the purchase of 4,511 shares, 3,465 shares and 4,950 shares,

Edgar Filing: KIMCO REALTY CORP - Form DEF 14A

respectively, of Common Stock. The stock purchase loans are scheduled to be repaid over a term of two years, however, the term may be extended at the discretion of the Board of Directors. The amount outstanding as of April 3, 2003 was \$126,871.

Mr. Patrick Flynn, Director of Real Estate of the Company, is the son of Mr. Michael J. Flynn, Vice Chairman of the Board, President and Chief Operating Officer of the Company. Mr. Patrick Flynn is also the President and a director of Blue Ridge Real Estate/Big Boulder Corporation, an entity in which the Company has a significant interest. Mr. Patrick Flynn was paid a cash salary in 2002 as an employee of the Company that is commensurate with his position and was granted 6,000 options in 2002 pursuant to the Equity Participation Plan.

During 2002, the Company, through its KDI subsidiary, sold a property in Cedar Hill, Texas for a sales price of \$23.7 million. The purchaser was a limited partnership, (the "Cedar Hill LP") of which the general partner is an unaffiliated party of the Company. The general partner is actively involved, among other things, in the sourcing of capital for investment in real estate ventures. Mr. Martin Kimmel, a Director of the Company, made a capital contribution to the Cedar Hill LP to acquire a 16.7% limited partnership interest. The Company believes that the sales price obtained from the Cedar Hill LP was at the then current market value as determined by competitive bids from other potential non-affiliated buyers. Current market value is defined as the most probable price for which a property will sell in a competitive market under all conditions requisite to a fair sale, with buyer and seller each acting prudently, knowledgeably and for self interest, assuming that neither is under duress. Effective with the sale, the Company entered into a property management agreement with Cedar Hill LP. The Company believes the terms of the management agreement are no less favorable than would be obtained in negotiations with an independent third party.

Transactions with Ripco Real Estate Corporation ("Ripco"). Ripco's primary business activity is that of a leasing agent and representative for national and regional retailers. Mr. Todd Cooper, an officer and 37% shareholder of Ripco, is a son of Mr. Milton Cooper, Chief Executive Officer and Chairman of the Board of Directors of the Company. During 2002, the Company (i) purchased a property for approximately \$26.8 million from an entity in which Ripco had an approximate 16% interest and (ii) paid a brokerage commission of \$10,000 to Ripco for services rendered as leasing agent for a national tenant in a shopping center property owned by the Company. The Company believes the purchase price paid for the property was at the then current market value. The Company determined its purchase price by discounting expected future cash flows from the property at a discount rate commensurate with that of similar retail properties within the same regional location. Current market value is defined as the most probable price for which a property will sell in a competitive market under all conditions requisite to a fair sale, with buyer and seller each acting prudently, knowledgeably and for self-interest, assuming that neither is under duress. In addition, the Company believes that the brokerage commission paid was at or below the customary rates for such leasing services. The Company's Investment Committee, comprised of Milton Cooper, Chief Executive Officer and Chairman of the Board of Directors, Michael J. Flynn, President and Chief Operating Officer, David B. Henry, Chief Investment Officer and Michael V. Pappagallo, Chief Financial Officer, unanimously approved this transaction except, as to Milton Cooper, who abstained as a result of the nature of the relationship with the seller.

PROPOSAL 2 Proposal Regarding Equity Participation Plan

The Company maintains its Stock Option Plan and its Equity Participation Plan pursuant to which the Executive Compensation Committee of the Board of Directors may grant incentive and non-qualified stock options, for the purposes of (i) furthering the growth, development and financial success of the Company by providing additional incentive to its directors, executive officers, consultants and other key employees who have been or will be given responsibilities for the management or administration of the Company's business affairs, and (ii) enabling the Company to attract and retain the services of the type of professional and managerial personnel considered essential to the long range success of the Company by providing an opportunity for such personnel to become owners of capital stock of the Company.

A maximum aggregate of 13,500,000 shares of Common Stock are reserved for issuance under the Stock Option Plan (4,500,000 shares, all of which have been issued) and the Equity Participation Plan (9,000,000 shares). Options to acquire 11,768,679 shares at a weighted average exercise price of \$23.41 have been granted through December 31, 2002, and as of such date 1,731,321 shares remain available for future grant under the Equity Participation Plan. As of December 31, 2002, there were options to acquire 7,102,703 shares of Common Stock outstanding at a weighted average price of \$27.37.

The Executive Compensation Committee of the Board of Directors considers the future grant of options under the Equity Participation Plan to be an integral part of the Company's compensation strategies and policies, as it seeks to enhance cash flows, and consequently real property and stockholder value, by aligning the financial interests of the Company's directors, executive officers, consultants and other key employees with those of its shareholders. Accordingly, the members of the Executive Compensation Committee have recommended that the Equity Participation Plan be amended so that the number of shares of Common Stock subject to Option under the Equity Participation Plan would be increased by 5,000,000 shares. The directors, executive officers, consultants and other key employees who may receive grants of options to acquire such additional shares will continue to be determined in the future by the Executive Compensation Committee of the Board of Directors. The persons named as proxies in the accompanying form of proxy intend to vote FOR this recommendation.

Vote Required

Approval of the recommendation by the Executive Compensation Committee to increase the numbers of shares of Common Stock subject to Option under the Equity Participation Plan by 5,000,000 shares requires approval by the affirmative vote of the holders of a majority of the votes cast at the Meeting; provided that the total number of votes cast at the Meeting

Edgar Filing: KIMCO REALTY CORP - Form DEF 14A

represents over 50% in interest of all Common Stock entitled to vote on such proposal. Accordingly, abstentions and broker non-votes will have the effect of a vote against such proposal unless holders of more than 50% in interest of all securities entitled to vote on such proposal cast votes, in which event broker non-votes will have no effect on the result of such vote.

THE BOARD OF DIRECTORS OF THE COMPANY RECOMMENDS THAT YOU VOTE FOR THE PROPOSAL TO INCREASE THE NUMBER OF SHARES OF THE COMPANY'S COMMON STOCK SUBJECT TO OPTION UNDER ITS EQUITY PARTICIPATION PLAN.
