

Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 13e-4(c))

Item 1.01 Entry into a Material Definitive Agreement.

On October 1, 2010, The Laclede Group, Inc., a Missouri corporation ("Laclede") entered into a 364-day \$30 million credit agreement with U. S. Bank National Association, a national banking association, and a 364-day \$20 million credit agreement with PNC Bank National Association, a national banking association (collectively, the "Agreements" and the "Banks"). These Agreements replace agreements with Bank of America, N. A. and UMB Bank, N. A., both of which expired on October 1, 2010.

Laclede expects to use the Agreements for general corporate purposes, including short-term borrowings and letters of credit. The Agreements provide aggregate credit of up to \$50 million. Borrowings under each of the Agreements bear interest, at Laclede's option, at interest rates tied to fixed or floating LIBOR rates. Borrowing rates are determined by adding a margin to the LIBOR base rate as described in the Agreements. Letters of credit are also available under the Agreements. A commitment fee is payable for any letter of credit at an annual rate equal to the LIBOR margin on the face amount of each letter of credit. Issuance and other fees for the letters of credit may also be charged by each Bank under its respective published schedule of fees in effect from time to time.

The Agreements contain affirmative and negative covenants customary for such agreements, including, among other things, limitations on certain types of acquisitions, investments, and sales of property. They also contain financial covenants limiting Laclede's consolidated debt to 70% of its consolidated capitalization. The calculation is more specifically described in each of the Agreements. The Agreements also contain customary events of default, including, without limitation, payment defaults, covenant defaults, material inaccuracy of representations and warranties, certain events of bankruptcy and insolvency, cross defaults to certain other agreements, and the entry of certain judgments not appealed or satisfied.

Payment of any amounts due under either of the Agreements is guaranteed by Laclede's principal non-regulated subsidiary, Laclede Energy Resources, Inc.

Laclede paid an upfront fee to each of the Banks for its respective Agreement and during the term of the Agreements will pay each of the Banks a commitment fee on the unused portion of the credit made available under the applicable Agreement.

Laclede and its affiliates have or may have customary banking relationships with each of the Banks and their affiliates based on the provision of a variety of financial services including pension fund administration, cash management, investment banking, credit and lockbox services from U. S. Bank and its affiliates and credit services from PNC. None of these relationships are material individually or in the aggregate with respect to any individual party.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement or a Registrant.

The information set forth under Item 1.01 above is incorporated herein by reference. Since Laclede expects to use the Agreements for general corporate purposes, no direct financial obligations or obligations under an off-balance sheet arrangement have arisen under the Agreements as of the date hereof.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
