Stock Units credited pursuant to Rule 16b-3 qualified GM Compensation Plan for Non-employee Directors. Deferred compensation, equal to the retainers earned during the year, is usually credited annually on each December 31; however, on 2/27/2009, General Motors credited an additional two months of compensation related to my audit committee membership during 2008 that was not credited as of 12/31/2008. The deferred compensation is converted into Stock Units at the average daily closing market price of GM Common Stock for such year. The amounts credited during the year also include dividend equivalents on such Stock Units. Pursuant to such Plan, the Stock Units are deferred until after the director's retirement from GM and are paid in cash. The Stock Units convert on a one for one basis. The price of Zero is nominal and only used for purposes of facilitating the electronic filing of this Form.

Note: File three copies of this Form, one of which must be manually signed. If space is insufficient, see Instruction 6 for procedure. Potential persons who are to respond to the collection of information contained in this form are not required to respond unless the form displays a currently valid OMB number.
