RISK FACTORS

The following factors should be considered carefully in evaluating Stockgroup and its business.

Our limited operating history makes it difficult for you to judge our prospects.

We have a limited operating history upon which an evaluation of our current business and prospects can be based. We have reported losses for each fiscal year since we became a public company. You should consider any purchase of our shares in light of the risks, expenses and problems frequently encountered by all companies in the early stages of its corporate development, such as lack of capital, difficulty attracting high quality personnel, lack of market exposure, and uncertainty about the viability of our business plan.

Liquidity and capital resources are uncertain.

We ended the second quarter of 2003 with cash and cash equivalents of \$553,358, an increase of \$375,282 from March 31, 2003. There is no identifiable trend in cash usage. Although we expect to generate positive cash flow from operations, we may pursue financing to improve our working capital position and to grow the business to the greatest possible extent.

Our cash used in operations for the first six months of 2003 was \$552,048 and our accumulated deficit at June 30, 2003 was \$14,803,305. We repaid \$35,332 of our convertible notes, and \$47,000 in notes payable. Another use of cash was repayment of capital leases, totaling \$55,619. Sources of cash included \$95,745 for proceeds from exercise of warrants and stock options, and \$625,281 from issuance of shares and warrants under a Short Form Offering.

Since Q2 2003 we have repaid \$223,994 in 17% notes payable and accrued interest and we have received additional net proceeds of \$222,058 from issuance of shares and warrants under a Short Form Offering.

You should be cautioned that there can be no assurance that revenue, margins, and profitability will increase. We have \$79,430 of capital lease obligations due within the next 12 months. There can be no assurance that we will be successful in raising a sufficient amount of additional capital or in internally generating a sufficient amount of capital to meet our operational requirements.

Our ability to continue as a going concern is uncertain

In view of our liquidity conditions described above, our ability to continue as a going concern is uncertain and dependent upon achieving a profitable level of operations and, if necessary, on our ability to obtain necessary financing to fund ongoing operations. As well, our ability to absorb a large unforeseen expenditure or other disaster is limited by our current lack of capital resources. Our auditors' report and Note 1 to our 2002 consolidated financial statements also discuss substantial doubt about our ability to continue as a going concern.

Computer equipment problems and failures could adversely affect our business.

Problems or failures in Internet-related equipment, including file servers, computers and software, could result in interruptions or slower response times for our Web-based services, which could reduce the attractiveness of our Web site, financial tools or investor relations services to advertisers and users. Should such interruptions continue for an extended period we could lose significant business and reputation. Equipment problems and failures could result from a number of causes, including an increase in the number of users of our Web site, computer viruses, outside programmers penetrating and disrupting software systems, human error, fires, floods, power and telecommunications failures and internal breakdowns. In addition, any disruption in Internet access and data feeds provided by third parties could have a material and adverse effect on our businesses. Our limited resources do not currently permit us to maintain an off-site disaster recovery facility. As a result, if we experience a major disaster such as a fire, theft, or intentional destruction of our computer equipment, it could have catastrophic results for our business.

We may not be able to compete successfully against current and future competitors.

We currently compete with several other companies offering similar services. Many of these companies have significantly greater financial resources, name recognition, and technical and marketing resources, and virtually all of them are seeking to improve their technology, products and services. We can not assure you that we will have the financial resources or the technological expertise to successfully meet this competition.

We are significantly influenced by our officers, directors and entities affiliated with them.

In the aggregate, ownership of Stockgroup shares by management represents approximately 18% of our present issued and outstanding shares of common stock. These shareholders, if acting together, will be able to significantly influence all matters requiring approval by shareholders, including the election of directors and the approval of mergers or other business combinations.

We may be unable to protect the intellectual property rights upon which our business relies.

We have or may pursue certain trademarks, and we have brand names, Internet domain names, Web site designs, programs and certain subscriber lists which make up the intellectual property we view as important to our business. It may be possible for a third party to copy or otherwise obtain or use our intellectual property without authorization or to develop similar technology independently. There can also be no assurance that our business activities will not infringe upon the proprietary rights of others, nor that other parties will not assert infringement claims against us, including claims that by, directly or indirectly, providing hyperlink text links to Web sites operated by third parties, we have infringed upon the proprietary rights of other third parties. Due to the global nature of the Internet, there can be no assurance that obtaining trademark protection in the United States will prevent infringements on our trademarks by parties in other countries.

We may be held liable for online information or services provided by us or third parties.

Because materials may be downloaded by the public on Internet services offered by us or the Internet access providers with whom we have relationships, and because third party information may be posted by third parties on our Web site through discussion forums and otherwise, there is the potential that claims will be made against us for defamation, negligence, copyright or trademark infringement or other theories. Such claims have been brought against providers of online services in the past. We have been named in two lawsuits in which defamation is alleged to have occurred on our Internet discussion forum called Bull Boards. The imposition of liability based on such claims could materially and adversely affect us.

Even to the extent such claims do not result in liability, we could incur significant costs in investigating and defending against such claims. The imposition on us of potential liability for information or services carried on or disseminated through our Web site could require implementation of measures to reduce exposure to such liability, which may require the expenditure of substantial resources and limit the attractiveness of services to members and users.

We post news clippings from other news Web sites on the Stockhouse and SmallCapCenter Web sites with links to the source site. Most publishers currently encourage this practice, although certain publishers have requested that we cease posting their stories. We have complied with their request in each case. To the extent that a large majority of news publishers prohibit posting of their stories on our Web sites or begin charging royalty fees for such stories, our Web site traffic could decrease or our costs could increase, thereby adversely impacting our profitability.

Our general liability insurance will not cover all potential claims to which we are exposed or may not be adequate to indemnify us for all liability that may be imposed. Any imposition of liability that is not covered by insurance or is in excess of insurance coverage could have a material adverse effect on our business, results of operations and financial condition.

Trading of our stock may be restricted by the SEC's penny stock regulations which may limit a stockholder's ability to buy and sell our stock.

The Securities and Exchange Commission has adopted regulations which generally define "penny stock" to be any equity security that has a market price (as defined) less than \$5.00 per share or an exercise price of less than \$5.00 per share, subject to certain exceptions. Our securities are covered by the penny stock rules, which impose additional sales practice requirements on broker-dealers who sell to persons other than established customers and "accredited investors". The term "accredited investor" refers generally to institutions with assets in excess of \$5,000,000 or individuals with a net worth in excess of \$1,000,000 or annual income exceeding \$200,000 or \$300,000 jointly with their spouse. The penny stock rules require a broker-dealer, prior to a transaction in a penny stock not otherwise exempt from the rules, to deliver a standardized risk disclosure document in a form prepared by the SEC which provides information about penny stocks and the nature and level of risks in the penny stock market. The broker-dealer also must provide the customer with current bid and offer quotations for the penny stock, the compensation of the broker-dealer and its salesperson in the transaction and monthly account statements showing the market value of each penny stock held in the customer's account. The bid and offer quotations, and the broker-dealer and salesperson compensation information, must be given to the customer orally or in writing prior to effecting the transaction and must be given to the customer in writing before or with the customer's confirmation. In addition, the penny stock rules require that prior to a transaction in a penny stock not otherwise exempt from these rules, the broker-dealer must make a special written determination that the penny stock is a suitable investment for the purchaser and receive the purchaser's written agreement to the transaction. These disclosure requirements may have the effect of reducing the level of trading activity in the secondary market for the stock that is subject to these penny stock rules.

Page 11 of 251

Consequently, these penny stock rules may affect the ability of broker-dealers to trade our securities. We believe that the penny stock rules discourage investor interest in and limit the marketability of our common stock.

Page 12 of 251

Future issuances of shares may adversely impact the value of our stock.

We may attempt to raise additional capital through the sale of common stock in the near future. Future issuances of common stock may dilute your position in us.

Our stock price is vulnerable to buying and selling pressures

As there is a limited market for our common stock, there may be considerable volatility in our stock price due to selling and buying pressures. Future sales of shares by our existing or future shareholders could cause the market price of our common stock to decline. There are currently 20,767,071 outstanding shares of our common stock which may be traded without restriction in any market. In addition, there are 7,146,550 outstanding shares which may be traded outside the United States and which will become free trading in the United States upon effectiveness of this registration statement. The remaining 1,507,750 outstanding shares are currently subject to escrow restrictions imposed by the TSX Venture exchange, and they will be released from escrow as to 50% of the total on December 17, 2003 and 50% on June 17, 2004.

There are 2,420,200 shares underlying stock options which are exercisable within 60 days of this prospectus, and which may be traded without restriction in any market. Of these options, 2,202,200 of them have exercise prices at or below the market price as of the date of this prospectus.

There are also 7,031,413 shares underlying warrants which are exercisable as of the date of this prospectus, of which 2,464,900 are covered by a registration statement filed July 7, 2003 and accordingly are eligible for sale by the holders thereof in the public market subject to restrictions included in our agreements with the holders. Of the aforementioned 2,464,900 shares, 2,164,900 underlie warrants which have exercise prices at or below the market price as of the date of this prospectus. In addition, warrants exercisable for 2,226,155 shares have exercise prices at or below the market price and will be free trading upon this registration statement being declared effective.

Our board of directors may authorize and issue preferred shares

Our board of directors has the authority to issue preferred shares with rights, preferences and/or privileges senior to or on parity with the rights of the holders of common stock. The potential consequences to our investors include a loss of perceived value of the stock in the market and a loss of future earnings and dividends, if and when dividends are declared.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus contains "forward-looking statements." In some cases you can identify forward-looking statements by terminology such as "may", "will", "should", "could", "expects", "plans", "intends", "anticipates", "believes", "estimates", "predicts", "potential" or "continue" or the negative of such terms and other comparable terminology.

These forward-looking statements include, without limitation, statements about:

- our market opportunity;
- our strategies;
- competition;
- expected activities and expenditures as we pursue our business plan; and
- the adequacy of our available cash resources.

These statements appear in a number of places in this registration statement and include statements regarding the intent, belief or current expectations of the Company, its directors or its officers with respect to, among other things: (i) trends affecting our financial condition or results of operations, (ii) our business and growth strategies, (iii) the Internet and Internet commerce and (iv) our financing plans. Although we believe that the expectations reflected in the forward-looking statement are reasonable, we cannot guarantee future results, levels of activity, performance or achievements.

The accompanying information contained in this prospectus including, without limitation, the information set forth under the headings "Risk Factors", "Management's Discussion and Analysis of Financial Condition and Results of Operations", and "Business" identify important factors that could adversely affect actual results and performance. All forward-looking statements attributable to us are expressly qualified in their entirety by the foregoing cautionary statement.

USE OF PROCEEDS

We will not receive any proceeds from the sale of the securities by the selling security holders.

Higgs, Panorama Public and Industrial Communications Ltd., Konstantinos Tsirigotis, Les Entreprises de Richard Atkinson Ltee., Peter Krag Hansen and Thomas O'Neill (collectively, the "selling security holders") purchased an aggregate 3,403,750 units, each unit consisting of one common share and one non-transferable warrant, at a price of \$0.16 per unit for total gross proceeds of \$544,600 from us in a private placement transaction which completed on December 31, 2002. Each two warrants entitle the holder to acquire one common share at an exercise price of \$0.22 until December 31, 2003. We also issued 150,000 agent's warrants to Bolder Investment Partners as a placement fee in the transaction. Each one agent's warrant is exercisable for one common share at \$0.16.

As of the date of this prospectus none of the warrants or agent's warrants had been exercised. Upon exercise of the warrants, we plan to rely on an exemption under Regulation S for the issuance of the shares underlying the warrants.

The following table sets forth information with respect to the common stock beneficially owned by the selling security holders as of the date of this prospectus. Beneficial ownership is determined in accordance with Securities and Exchange Commission rules and includes voting or investment power with respect to the securities.

The percentage interest of each selling security holder is based on the beneficial ownership of that selling security holder divided by the sum of the current outstanding shares of common stock plus the additional shares, if any, which would be issued to that selling security holder (but not any other selling security holder) when exercising warrants in the future.

To our knowledge, each of the selling security holders has sole voting and investment power over the shares of common stock listed in the table below. No selling security holder has had a material relationship with us during the last three years, other than as an owner of our common stock or other securities. To our knowledge, none of these investors is affiliated with the others.

B. 215 SECURITY HOLDERS PARTICIPATING IN THE APRIL 2003 SHORT FORM OFFERING

We are registering the resale of 6,175,620 shares for this group of security holders.

The list of security holders in the table below purchased an aggregate of 3,742,800 units, each unit consisting of one common share and one non-transferable warrant, at a price of C\$0.37 (US\$0.27) per unit, for total gross proceeds of

C\$1,384,836 (US\$1,010,556), from us in a short form offering which completed in two parts on June 4, 2003 and July 16, 2003. Each two warrants entitle the holder to acquire one share of us at an exercise price of C\$0.75 (US\$0.55) for 12 months from the respective completion date. In addition, a group of agents led by First Associates Investments Inc. and including Bolder Investment Partners Ltd., Canaccord Capital Corp., Haywood Securities Inc., Penson Financial Services Canada, Wolverton Securities Ltd., and Union Securities Ltd. received an aggregate of 374,280 agent options, with each agent option entitling the holder to acquire one unit as described above for 24 months from the respective completion date at C\$0.37 (US\$0.27) per unit.

As of the date of this prospectus none of the warrants or agent options had been exercised. Upon exercise of the warrants, we plan to rely on an exemption under Regulation S for the issuance of the shares underlying the warrants.

The following table sets forth information with respect to the common stock beneficially owned by the selling security holders as of the date of this prospectus. Beneficial ownership is determined in accordance with Securities and Exchange Commission rules and includes voting or investment power with respect to the securities.

The percentage interest of each selling security holder is based on the beneficial ownership of that selling security holder divided by the sum of the current outstanding shares of common stock plus the additional shares, if any, which would be issued to that selling security holder (but not any other selling security holder) when exercising warrants in the future.

To our knowledge, each of the selling security holders has sole voting and investment power over the shares of common stock listed in the table below. No selling security holder has had a material relationship with us during the last three years, other than as an owner of our common stock or other securities. To our knowledge, none of these investors is affiliated with the others.

PLAN OF DISTRIBUTION

SELLING SECURITY HOLDERS

The selling security holders and any of their pledgees, assignees and successors-in-interest may, from time to time, sell any or all of their shares of common stock on any stock exchange, market or trading facility on which the shares are traded or in private transactions. These sales may be at fixed or negotiated prices. The selling security holders may use any one or more of the following methods when selling shares:

- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;

- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- short sales;
- broker-dealers may agree with the selling security holders to sell a specified number of such shares at a stipulated price per share;
- a combination of any such method of sale; or
- any other method permitted pursuant to applicable law.

The selling security holders may also sell shares under Rule 144 under the Securities Act, if available, rather than under this prospectus.

The selling security holders may also engage in short sales against the box, puts and calls and other transactions in our securities or derivatives of our securities and may sell or deliver shares in connection with these trades. The selling security holders may pledge their shares to their brokers under the margin provisions of customer agreements. If a selling security holder defaults on a margin loan, the broker may, from time to time, offer and sell pledged shares.

Broker-dealers engaged by the selling security holders may arrange for other brokers-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the selling security holders (or, if any broker-dealer acts as agent for the purchaser of shares, from the purchaser) in amounts to be negotiated. The selling security holders do

not expect these commissions and discounts to exceed what is customary in the types of transactions involved.

The selling security holders and any broker-dealers or agents that are involved in selling the shares may be deemed to be "underwriters" within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act.

We are required to pay all fees and expenses incident to the registration of the shares. We have agreed to indemnify the selling security holders against certain losses, claims, damages and liabilities, including liabilities under the Securities Act.

LEGAL PROCEEDINGS

We are currently involved in litigation in British Columbia Provincial Court with a former customer, Pacific Capital Markets Inc. or PCMI, to collect amounts owing pursuant to a contract entered into in September, 2000. The defendant provided a \$100,000 deposit and contracted us to provide certain lead generation services. We delivered the requested services throughout October and November, 2000, however, the defendant defaulted on all additional payments. We are suing the defendant for the \$351,800 balance owing, plus interest and costs. The defendant has filed a statement of defense and counterclaim to recover the \$100,000 deposit. As of the date of this prospectus no further action had been taken by either party and no court date has been set. Although we currently believe the outcome of the litigation will be in our favor, we have not elected to aggressively pursue the litigation at this time. We have made no provision for the counterclaim in the financial statements and any settlement or final award will be reflected in our statement of operations as the litigation is resolved.

We have been named in two lawsuits involving members of our Bull Boards investment discussion forum on www.stockhouse.com/ca. Both suits allege defamation by unknown parties on our discussion forum. One lawsuit was in Alberta Provincial Court and the plaintiff was Bearcat Explorations. We have since been released from the litigation by the plaintiff. In the second lawsuit, which is in Saskatchewan Provincial Court, the plaintiff is Blackstrap Hospitality, and we have responded to the action by offering to provide information on the defendant on the condition that we receive a court order to do so. We expect to be released from this litigation without incurring further expenses.

On March 11, 1999, we entered into a Share Exchange and Share Purchase Agreement with 579818 B.C. Limited, a British Columbia corporation, Stock Research Group, Inc., a British Columbia corporation, and all of the shareholders of Stock Research Group. Under that agreement we acquired all of the issued and outstanding shares of Stock Research Group in consideration of which 579818 B.C. Limited issued to the Stock Research Group shareholders 3,900,000 Class A Exchangeable Shares. We also issued to Stock Trans, Inc., our transfer agent, 3,900,000 shares of common stock, to hold as trustee for the benefit of the Stock Research Group shareholders. The exchangeable shares may be converted, at the option of the holder, into an equal number of shares of common stock held by the trustee. Pending any such conversion, each holder of the exchangeable shares may direct the trustee to vote an equivalent number of shares of common stock. The trustee has no discretion as to the voting or disposition of such common stock.

As a result of these transactions each of the former Stock Research Group shareholders has the right to vote, or to direct the trustee to vote on their behalf, a number of shares of common stock equal to the number of exchangeable shares held of record by them. In the aggregate, as of the date of this prospectus, the 2,808,000 shares of common stock held by the trustee represent approximately 9.55% of our issued and outstanding shares of common stock.

The trust created by these transactions will continue until the earliest to occur of the following events:

- no outstanding exchangeable shares are held by any former Stock Research Group shareholder;
- each of 579818 B.C. Limited and Stockgroup acts in writing to terminate the trust and such termination is approved by the holders of the exchangeable shares; and no outstanding exchangeable shares are held by any former Stock Research Group shareholder; and
- December 31, 2098.

DESCRIPTION OF SECURITIES

The following description of our securities and various provisions of our Articles of Incorporation and our bylaws are summaries. Statements contained in this prospectus relating to such provisions are not necessarily complete, and reference is made to our Articles of Incorporation and bylaws, copies of which have been filed with the Securities and Exchange Commission as exhibits to our registration statement of which this prospectus constitutes a part, and provisions of applicable law. Our authorized capital stock consists of 75,000,000 shares of common stock, no par value, of which 29,421,371 shares were issued and outstanding as of the date of this prospectus, and 5,000,000 shares of preferred stock, no par value, of which no shares were issued and outstanding as of the date of this filing. As of the date of this prospectus there were, to our knowledge after consultation with our transfer agent, 97 registered and approximately 2,000 other holders of record of our common stock.

COMMON STOCK

Each share of our common stock is entitled to share pro rata in dividends and distributions with respect to our common stock when, as and if declared by the Board of Directors from funds legally available therefore. No holder of any shares of common stock has any pre-emptive right to subscribe for any of our securities. Upon dissolution, liquidation or winding up of Stockgroup, the assets will be divided pro rata on a share-for-share basis among holders of the shares of common stock after any required distribution to the holders of preferred stock, if any. All shares of common stock outstanding are fully paid and non-assessable.

Each shareholder of common stock is entitled to one vote per share with respect to all matters that are required by law to be submitted to shareholders. The shareholders are not entitled to cumulative voting in the election of directors. Accordingly, the holders of more than 50% of the shares voting in the election of directors will be able to elect all the

directors if they choose to do so.

Currently, our bylaws provide that shareholder action may be taken at a meeting of shareholders and may be affected by a consent in writing if such consent is signed by the holders of the majority of outstanding shares, unless Colorado law requires a greater percentage. Our Articles of Incorporation provide that our bylaws may be amended by the affirmative vote of a majority of the shares entitled to vote on such an amendment. These are the only provisions of our bylaws or Articles of Incorporation that specify the vote required by security holders to take action.

PREFERRED STOCK

The Board of Directors is authorized, without further shareholder approval, to issue from time to time up to an aggregate of 5,000,000 shares of preferred stock. The preferred stock may be issued in one or more series and the Board of Directors may fix the rights, preferences and designations thereof. No shares of preferred stock are currently outstanding and we have no present plans to issue any shares of preferred stock. The issuance of preferred stock, while providing desirable flexibility in connection with possible acquisitions and other corporate purposes, could have the effect of making it more difficult for a third party to acquire, or of discouraging a third party from acquiring, a majority of our outstanding voting stock.

STOCK OPTIONS

1999 Incentive Stock Option Plan

The purposes of our 1999 Incentive Stock Option Plan are to enhance our profitability and shareholder value by enabling us to offer stock based incentives to employees, directors and consultants. The 1999 Stock Option Plan authorizes the grant to our, and our respective subsidiaries, employees, directors, consultants and advisors, of:

- stock options;
- restricted shares (which would generally provide for a substantial risk of forfeiture for a period of time);
- deferred shares, which would generally provide for shares to be issued upon services being rendered; and
- performance shares, which would generally provide for shares to be issued upon the attainment of specified performance goals.

Under the 1999 Stock Option Plan we may grant incentive stock options within the meaning of Section 422 of the Internal Revenue Code of 1986, and non-qualified stock options. Incentive stock options may only be granted to our employees.

The number of shares authorized and reserved for grants under our 1999 Stock Option Plan is 2,000,000. The 1999 Stock Option Plan is administered by the Board of Directors, although the Board has the right to appoint a committee of two or more non-employee directors to administer the plan. Subject to the provisions of the plan, the Board and the committee have authority to determine the employees, directors, consultants and advisors who are to receive awards and the terms of such awards, including:

- the number of shares subject to the award;
- the fair market value of the shares subject to options;
- the exercise price per share;
- the terms of vesting, including whether vesting accelerates upon a change of control, which may also be granted to participants at any time after an award has been granted; and other terms.

Grants of options may consist of incentive stock options, non-qualified stock options or a combination of both. Incentive stock options must have an exercise price equal to at least 100% of the fair market value of a share on the date of the award and non-qualified stock options must have an exercise price at least equal to 75% of the fair market value of a share on the date of the award. If the grant of an incentive stock option is to a shareholder holding more than 10% of our voting stock, the exercise price must be at least 110% of the fair market value on the date of grant. Terms and conditions of awards are set forth in written agreements between the respective option holders and us. Awards under the 1999 Stock Option Plan may not be made after March 11, 2009, and stock options granted before that date may not have a term beyond that date.

If the employment with us of the holder of a stock option is terminated for any reason, other than as a result of a voluntary termination with the consent of the Board or the holder's death or disability, the holder's stock option terminates on the same date. If the termination is due to such a voluntary termination the holder may exercise the option, to the extent exercisable on the date of termination of employment, until three months after the date of termination. If an option holder dies or becomes disabled, stock options may generally be exercised, to the extent exercisable on the date of death or disability, by the option holder or the option holder's survivors until six months after the date of death or disability.

As of the date of this prospectus options to purchase up to 1,493,576 shares of common stock had been granted under the 1999 Stock Option Plan, of which 1,043,576 have been exercised. As of the date of this prospectus 1,216,878 options have been issued under the 2002

Stock Option Plan, of which 150,878 have been exercised. Of the issued and unexercised options, 993,800 options are vested and exercisable immediately and 72,200 options are unvested and not exercisable until vested. We registered the shares subject to issuance under our 2002 Stock Option Plan pursuant to our registration statement on Form S-8 filed with the Securities and Exchange Commission on May 13, 2002.

As part of our listing on the TSX Venture Exchange on December 17, 2002, we are not permitted to issue further options under our existing option plans, however the 1,066,000 outstanding options under the 2002 Stock Option Plan may be exercised as vested. We are replacing this plan with a new 2003 Stock Option Plan which conforms with the TSX Venture Exchange rules.

2003 Stock Option Plan

The 2003 Stock Option Plan replaces the 1999, 2000, 2001 and 2002 Stock Option Plans. The purpose and description of our 2003 Incentive Stock Option Plan are very similar to our 1999, 2000, 2001, and 2002 Stock Option Plans in all respects, save that there are certain additional restrictions on issuance of options to affiliates and persons performing investor relations activities, and certain vesting provisions. The number of shares authorized and reserved for issuance under the 2003 Stock Option Plan is 3,300,000 shares. As of the date of this prospectus no options have been issued under the 2003 Stock Option Plan. We have not registered the shares subject to issuance under our 2003 Stock Option Plan with the Securities and Exchange Commission. We have not received approval from the TSX Venture Exchange for the 2003 Stock Option Plan as of the date of this prospectus.

EXPERTS

The consolidated financial statements of Stockgroup at December 31, 2002 and 2001, and for each of the two years in the period ended December 31, 2002, appearing in this prospectus and registration statement have been audited by Ernst & Young LLP, independent chartered accountants, as set forth in their report thereon (which contains an explanatory paragraph describing conditions that raise substantial doubt about our ability to continue as a going concern as described in Note 1 to the consolidated financial statements) appearing elsewhere herein, and are included in reliance upon such report given on the authority of such firm as experts in accounting and auditing.

LEGAL MATTERS

The validity of the issuance of the common stock offered hereby has been passed upon for us by Faegre & Benson LLP.

DISCLOSURE OF COMMISSION POSITION ON INDEMNIFICATION FOR SECURITIES ACT LIABILITIES

Our Articles of Incorporation and bylaws authorize indemnification of every person who is or was a director of us or is or was serving at our request as a director of another corporation of which we are or were a shareholder. The Board of Directors may determine whether or not to indemnify any person who is or was an officer, employee, agent or person working to the benefit of us against all costs, charges and expenses actually incurred by that person.

Page 28 of 251

The directors may cause us to purchase and maintain insurance for the benefit of any person who is or may be entitled to indemnification as mentioned above against any expense or liability from which the person is or may be so entitled to be indemnified and may secure such right of indemnification by mortgage or other charge upon all or any part of our real and personal property, and any action taken by the Board will not require approval or confirmation by our shareholders.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 (the "Securities Act") may be permitted to directors, officers or controlling persons of us pursuant to the foregoing provisions, or otherwise, we have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

In the event that a claim for indemnification against such liabilities (other than our payment of expenses incurred or paid by a director, officer or controlling person of us in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, we will, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of competent jurisdiction the question whether such indemnification by us is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

ORGANIZATION WITHIN LAST FIVE YEARS

As set forth hereinabove, we have an employment agreement with our President, Leslie A. Landes. This agreement was signed on August 4, 1998, and has a term of 5 years, with two possible renewal periods of two years each. Under the agreement Mr. Landes is scheduled to receive a minimum compensation of C\$150,000 (approximately

US\$108,000) per annum. The agreement may be terminated by Mr. Landes or us on 30 days notice, and if early termination is initiated by Stockgroup without cause, Mr. Landes is to receive a severance payment equal to 12 months compensation.

Other than our employment agreement with Mr. Landes, the ongoing employment salary which is being paid by us to our CEO, Marcus New and the stock options which have been granted to Mr. Landes and Mr. New, there are no other transactions or proposed transactions during the last two years to which we were a party, in which any director, executive officer or a family member of any director or executive officer had or is to have a direct or indirect material interest exceeding \$60,000.

DESCRIPTION OF BUSINESS

GENERAL

Stockgroup is a financial media and technology company. Our revenue streams can be categorized into two service divisions:

- Financial Software and Content Systems
- Public Company Disclosure & Awareness Products

PRODUCTS AND SERVICES

Our understanding of Internet based financial technology and media has enabled us to leverage our products and services to enter new markets and secure new clients. Using a common integrated technology platform, we have developed two main revenue sources: Financial Content and Software Applications and Public Company Disclosure & Awareness Products and Advertising.

Financial Software and Contents Systems

We have developed proprietary financial applications and tools we license to clients. The clients for Financial Software and Content Systems come from many different industries, such as news media, banks and credit unions, stock brokerages, leasing, insurance and others. We provide the tools on a private-labeled basis, and they are typically sold in licensing contracts of 24 months. These long-term contracts generate stable, recurring revenue streams.

Many of the tools are data-feed driven. We either feed data from our own aggregated databases or from third parties. The advantage of using the Stockgroup tools is that the customer is able to receive data and information from a variety of different feeds all from point of contact and at a fraction of the cost of purchasing all feeds individually. Also, in most cases we add value by customizing, filtering and sorting data in the configuration the customer wants. We are able to use our economies of scale and automation to give a service that is efficiently delivered and customized, and at a substantial costs savings to having the customer build and manage it internally.

Examples of some of the providers of third-party data feeds include Marketguide, Comtex, Multex and North American Quotations.

Page 29 of 251

We distribute financial tools through content and application syndicates, such as Yellowbrix, through channel resellers such as The Associated Press, The Canadian Press, Comtex News Network, and through our own direct sales team. These financial tools, applications and content systems cover the entire North American market including mutual funds, commodities and equities.

We have built and maintain our proprietary data processing solution that aggregates the multiple feeds, translates and builds a common database infrastructure. Our system then cleans, filters and maintains the data for use by our various data-driven services. We have a sophisticated server and security system which runs this content/data management system. The data is streamed continuously in real time to our proprietary software applications and our client Web sites.

The following are just a few of our over 25 Financial Software and Content Systems services:

- Real-time stock quotes on major U.S. exchanges;
- North American 20-minute delayed stock quotes and indices;
- Portfolio management, live portfolio updates and wireless portfolio updates;
- Most active stock updates;
- Stock watch lists;
- Company fundamentals, regulatory filings;
- Daily stock market winners/losers, most actives;
- Company profiles, stock screening (investment data) and technical stock analysis; and
- Employee stock option calculations.

The Financial Software and Content Systems applications are delivered to customers in four different formats:

Edgar Filing: STOCKGROUP INFORMATION SYSTEMS INC - Form SB-2/A

- On a hosted basis where the content and private-labeled interface is hosted by Stockgroup and streamed to the customers' Internet or Intranet site;
- Through our proprietary software objects residing on the customers' servers which use a proprietary interface to retrieve data from our servers;
- Through a secured Internet channel to a client's proprietary interface; or
- Through different wireless devices and modes including handheld devices, pagers and portals which have been built and maintained by us.

Public Company Disclosure and Awareness Products

We have developed and own a large array of Public Company Disclosure and Awareness Products. These services are used by clients to either (a) manage their investor relations and shareholder communications through their Web site, (b) generate awareness for their company and their stock, (c) improve their U.S. and Canadian public disclosure compliance by automatically posting press releases and other disclosure items on their Web site or (d) advertise their products and services.

Products and services offered in this service area include the *IntegrateIR* software system, *Investor Marketplace*, *E-Mail News Blasts*, *Sector Supplements*, *Stockhouse @ The Bell* sponsorship, *Smallcap Express* sponsorship, Web site advertising and other online investor marketing services. These services are either sold individually or as bundled comprehensive programs.

Public companies are increasingly outsourcing these activities because they lack the internal skills and resources or because it is more effective and cost efficient than in-house development and maintenance. We offer a 'one-stop shopping' package for corporate clients and provide everything from news release tracking and postings to quarterly streaming conference calls. Our understanding of this market segment and focus has resulted in a highly specialized bundle of services including: private label quotes, charts and database tools for building relationships with shareholders and traffic reports to track investor usage of Web sites and inquiries.

Our IntegrateIR system represents a whole new way to manage shareholder communications and reach new investors. The IntegrateIR is an investor relations Web page and email management system that functions as a software application - giving the Investor Relations Officer and Chief Financial Officer desktop control over the investor relations portion of their Web site. In addition to standard features, such as dynamic quotes and charts, the IntegrateIR provides powerful new tools that automate the client's online disclosure activities including publishing their press releases, publishing of regulatory filings and distributing information requested by shareholders, all on a real-time, automated basis.

Other awareness services for public companies include the following:

Investor Marketplace (IMP), a Web page which is actively marketed through advertising to draw readers, where companies can be featured online to prospective investors. Being featured on the IMP enables customers to get their name, profile and Internet link in front of a large investor audience that they may not otherwise be able to attain.

Page 30 of 251

E-mail Services sold under the names *Stockhouse News Blast*, *Special Situation Alert*, and *NewsHotline*, which are e-mail services used by our clients to disseminate their news releases and other client-supplied information to a select list of investors. Our e-mail address lists consist of subscribers who have opted to receive our mailings and confirmed their subscription a second time, a process known as "double opt-in". We take great care to ensure that recipients actually want the e-mails we send them. Our policies regarding e-mail exceed the requirements of U.S. and Canadian unsolicited e-mail laws and other private agencies who attempt to regulate, filter, and prevent the use of unsolicited e-mail.

Sector Supplements, which are a spotlight feature on a certain industry sector, such as energy, mining, biotech or technology, are an effective exposure tool for companies. In a Sector Supplement investors are drawn to a Web site that features up to 15 companies and contains industry-specific news and information. Investors who visit this Web site can view each of the featured companies' profiles, request information or link directly to the client's own Web site.

Sponsorship of the *Stockhouse @ The Bell/Smallcap Express* daily market recap mailings that goes to a large audience of e-mail readers who have signed up to receive it through Stockhouse.com and Smallcapcenter.com. A client who sponsors Stockgroup @ The Bell/Smallcap Express gets an advertising banner at the top of each flight. This can be an effective way for the client to get their name in front of a large number of investors.

Advertising, which is shown in various positions on Stockhouse.com and Smallcapcenter.com on a prescribed rotation, is another way for clients to get the attention of a targeted investor audience. Potential investors who see the advertisement can 'click through' the ad to get to a jump page which can include the client's own description of their company or product.

The StockHouse network (StockHouse.com/.ca/.com.au) offers content aggregation from hundreds of sources, a comprehensive equities database and the Internet's first syndicated message forums, the BullBoards™. The three Web sites attract investors in a number of global markets, including the USA, Canada and Australia.

COMPETITION

The market for our Internet products and services is relatively new and has been highly fragmented, but we have seen a trend toward consolidation of the market in recent months. We compete intensely with other companies providing similar services to us. Many of those services are commodity-like and not easily differentiated. Our competition includes direct competitors such as Big Charts and Pinnacor, as well as general-purpose Internet portals such as Yahoo! and AOL, who provide financial and investment research information. We also compete with companies such as CCBN and Shareholder.com for the sale of our IntegrateIR disclosure and awareness services. Our competition in the advertising market includes other financial and business related Web sites such as TheStreet.com and Globeandmail.com. We expect our competitors to remain strong as the Internet industry further consolidates.

CORPORATE BACKGROUND

We are a United States reporting public company incorporated in 1994 and registered in Colorado. Our shares are quoted on the OTCBB under the symbol "SWEB" and our head office is in Vancouver, British Columbia, Canada.

We operated from 1995 to 1997 as a profitable financial Internet technology and media company that offered proprietary financial news and tools to investors and companies.

We used our experience and the funds from a public offering in spring of 1999 to provide the foundation for the development and initial marketing of our services. In October 1999 we launched Smallcapcenter.com. At that time we believed that a subscription/ advertising model centering around Smallcapcenter was viable. While parts of this business model did not prove to be profitable, the exercise of building Smallcapcenter and its related investment tools gave us certain experience and skills, and a suite of service products to sell commercially. Smallcapcenter is still a portal for the investment community, and its drawing power is a driver to many of our investor awareness services. It also serves as a development and testing ground for new financial software tools being developed by us on a day-to-day basis.

From late 1999 to early 2001 we were hired to create enterprise Web sites for eStockAnalyst, AsiaXis, eDepositCenter, and OnMark on a contract basis. These contracts produced revenue of between \$150K and \$800K each, which was a significant amount of revenue for us, but they also took between three and six months each to complete and added instability in our cost structure. In early 2001 we decided that this E-Business Solutions division would be de-emphasized in favor of other areas with more profit potential, namely Financial Content and Software Applications and Public Company Disclosure and Awareness Products.

From 2000 to 2001 we expanded our awareness and disclosure service line to include Sector Supplements and automated investor relations Web page tools such as the IntegrateIR. We already had a public company customer base, so the transition into this area was a natural extension of our core competencies.

We entered the Financial Content and Software Applications market late in 2000 by licensing our proprietary financial software tools, content and applications to customers who need to offer financial information to their customers or improve their content offering. We had access to an array of customers through our internal sales team as well as our reseller channels. Our content and software application model is attractive to customers because it is a comprehensive and cost effective alternative to in-house development.

Early in 2001, as the market for our products and services evolved, it became apparent to us where the most profitable and sustainable areas of the business were. They were Financial Content and Software Applications and Public Company Disclosure and Awareness Products (including IntegrateIR and other awareness and disclosure services).

Once these were identified, a more streamlined and stable cost structure was introduced and our profitability and cash flow began to improve.

On June 24, 2002, under an agreement with StockHouse Media Corporation, we acquired a 65% interest in the Web site and certain related assets to run the StockHouse brand Web sites. We issued 2,080,000 common shares in exchange for the interest in the Stockhouse Media Corporation assets and we control and manage the operations of the assets and receive the net revenue to our account. Due to certain provisions in the agreement, we have the option of acquiring the remaining 35% of the assets for between 920,000 and 1,120,000 of our common shares based on a revenue/profit formula. The transaction was completed with an arms length party, although one of the principals of StockHouse Media Corporation has since become one of our directors.

Prior to that agreement StockHouse Media Corporation spent approximately \$30 million on its technology, brand and business development, ultimately becoming established as one of the leading online financial communities.

That transaction provided several key benefits to us including the addition of the Stockhouse brand product line to our service offering and the integration of assets into our business.

On July 23, 2002 we became a reporting issuer in Canada and on December 17, 2002, we were listed and began trading on the TSX Venture Exchange in Canada.

Our corporate Web site is www.stockgroup.com.

EMPLOYEES

As of the date of this prospectus we employed 33 people on a full-time basis and 4 people on a part-time basis.

None of our employees are subject to collective bargaining agreements. We have never had a work stoppage. We believe relations with employees are good.

REGULATORY ISSUES

We are not subject to governmental regulation in our Internet publishing efforts, nor to we know of any pending legislation or regulation which may impose regulatory requirements on our Internet activities. We believe that we are in compliance in all material respects with all laws, rule, regulations and requirements that affect our business, and that compliance with such laws, rule, regulations and requirements does not impose a material impediment on our ability to conduct our business.

SUBSIDIARIES

We own 100% of the issued and outstanding voting common shares of 579818 B.C. Ltd., which is an intermediary holding company with no activity and which wholly owns Stockgroup Media Inc., a British Columbia corporation. Stockgroup Media Inc. is our Canadian operating company, and is the company where significantly all of our current and future planned operations reside. Stockgroup Media Inc. owns 50% of Stockscores Analytics Corp., a British Columbia corporation with limited activity at this time and no material impact on us. In addition, we wholly own Stockgroup Systems Ltd., a Nevada Corporation, which is our U.S. operating company, and Stockgroup Australia Pty Ltd, an Australia Corporation, which is our Australia operating company. Both Stockgroup Systems Ltd. and Stockgroup Australia Pty Ltd. have very limited operation, no salaried employees, and no material assets.

RESEARCH AND DEVELOPMENT

We do not conduct research. During 2001 and 2002 we invested approximately \$241,392 and \$78,792, respectively, on development activities related to new services. Our development consists of programming and design hours related to new services for later marketing and sale. During 2001 and 2002 the major service products we built were the IntegrateIR and our initial line of Financial Software and Content Systems services. We continue to perform development on new Financial Software and Content Systems services, albeit at a slower pace than in previous years as we already have a core set of services in place.

The following discussion of the financial condition and results of operations of Stockgroup should be read in conjunction with the unaudited financial statements for the quarters ended March 31, 2003 and 2002 and the audited financial statements for the years ended December 31, 2002 and 2001 and the notes thereto included elsewhere in this prospectus. This discussion contains forward-looking statements that involve risks and uncertainties. Our actual results may differ materially from those anticipated in these forward-looking statements as a result of various factors including, but not limited to, those set forth under "Risk Factors" and elsewhere in this prospectus.

RESULTS OF OPERATIONS - THREE AND SIX MONTHS ENDED JUNE 30, 2003 AND JUNE 30, 2002

The results of the first six months of 2003 are a product of our continued focus on improving the balance sheet and obtaining high quality customers and resellers for our Financial Software and Content Systems. We continued to acquire additional twelve and twenty-four month customers for our Financial Software and Content Systems, which will continue to grow our recurring revenue stream.

Overall sales are up from Q2 2002 on both a three-month and six-month basis. We continue to adapt to the changes in the markets.

Our Public Company Disclosure and Awareness Products revenue stream contains the revenue generated by the Stockhouse Web sites, which account for a large portion of the increase in 2003 over 2002. We acquired the Stockhouse web property late June 2002.

Financial Software and Content Systems revenue has grown at a steady rate due to its long term contractual nature. As new clients are added, the effect on revenue is felt incrementally over time rather than immediately. This gives us a good base of revenue which will recur for the life of the contract. In Q2 2003 we also earned a large development fee from National Bank Financial, for developing the portion of their public Web site which will contain the Stockgroup financial tools.

Our cost of revenues consists of bandwidth, data feeds, advertising purchased for resale, and direct production labor. Cost of revenues has remained relatively flat when comparing year over year numbers, partly a reflection of the fixed nature of our direct costs. With the acquisition of Stockhouse, a high traffic Web site, our bandwidth and data costs have risen, but our decreased emphasis on highly labor-intensive revenue has caused our direct labor costs to decrease.

Because our cost of revenues have remained relatively flat while sales have increased, our gross profit has increased, both in dollar value and percentage of sales.

We are continuing to provide innovative services in our Public Company Disclosure and Awareness Products line, and the IntegrateIR sales remain strong, delivering high value to customers. Historically, many of our Public Company

Disclosure and Awareness Products customers have come from the technology sector, and the slowdown in this sector has caused considerable attrition. As well, part of the service line has been affected adversely as public companies reduced or eliminated spending on their awareness services. However, we continue to sign new agreements for our disclosure services with major corporations. We have been diversifying our target market for some time in order to be less dependent on any one sector.

Financial Software and Content Systems continues to be a strong contributor to our overall revenue and gross profits. Our process has matured over the past year, and we are able to efficiently deliver high quality services to customers for a fraction of the cost to customers of having it done internally. We have established relationships with major sales channels, media networks, and financial companies, and have already seen significant results. Financial Software and Content Systems revenue was up this three month period 86% over the same period a year ago, and up 43% quarter over quarter from the first quarter 2003. All of this revenue is contractual, typically in 24-month terms, so we have a solid base of revenue in this area to grow from.

Sales and marketing expenses increased when comparing with 2002 due to an increase in our number of sales staff. The compensation expense arising from this increase in sales staff accounts for the increase in sales and marketing expense year over year.

General and administrative expenses also increased in Q2 2003 compared to the same period 2002. This increase is due to several factors. The most notable increase has been a general increase in payroll expense, which is our largest expense category. We have also had increases in amortization as the Stockhouse Web site asset is being amortized over three years on a straight line basis, and the related server equipment leased concurrently with the Stockhouse acquisition is being amortized over two years straight line. Other increases have been in filing, regulatory, and investor relations expenses due to our inter-listing on the TSX Venture Exchange in Canada, and bad debts expense caused by our more conservative risk assessment policies on our accounts receivable. Foreign exchange loss has increased as well, as the Canadian dollar has gained value relative to the United States dollar, and the majority of our expenses, including payroll, are in Canadian dollars.

Cash interest, either already paid or payable after the quarter end, consists of interest on notes payable and capital leases. The remaining \$0.860 million of interest for the first six months of 2003 is non-cash interest arising out of the conversion of our 8% convertible notes and the related acceleration of the amortization of the debt discount. The conversions in January and May, 2003 were done at discounted conversion rates, producing a deemed interest expense equal to the difference between the fair value of the shares that could be acquired at the original conversion price of \$0.50 and the fair value of the shares that could be acquired at the discounted conversion rate in each event of conversion. The total of the deemed interest expense arising from the discounted conversion rate for the first two quarters of 2003 was \$0.724 million. After the restructuring of the notes in February 2002 as described in our 2002 consolidated financial statements and notes thereto included elsewhere in this prospectus, we had a debt discount which was subject to accretion over the period ended December 31, 2003. At the time of each conversion the pro-rata portion of the unamortized debt discount was immediately expensed according to the portion of the principal of the notes converted. This acceleration of the amortization of the debt discount produced a total interest expense over the first two quarters of 2003 of \$0.136 million.

Income taxes were nil in both the first six months 2003 and the same six months 2002. Due to our net loss position, we did not accrue tax in the first six months of 2003. As at the most recent year end, we had tax loss carry forwards of \$5.324 million in Canada which expire in 2006, 2007, and 2008, and tax loss carry forwards of \$3.144 million in the U.S. which expire in 2019, 2020, 2021, and 2022.

Net Income

The net loss for the first six months of 2003 was \$1.362 million compared to a gain of \$0.286 million in the first six months 2002, a decrease of \$1.648 million. The decrease is due largely to the non-cash interest expense as described above, in 2003 combined with the large non-cash gain on restructuring of our convertible notes in 2002. The removal of the convertible notes from our balance sheet, which was completed in January and May 2003, should reduce the net income volatility in the future.

RESULTS OF OPERATIONS - FOR THE YEARS ENDED DECEMBER 31, 2002 AND DECEMBER 31, 2001

We are in a business in which sales are strongly influenced by public interest in the North American stock markets. Nearly all aspects of our business, including financial tools, investor marketing and Stockhouse advertising are affected by ups and downs of the markets.

Page 36 of 251

The results for the year 2002 were mixed, as we made a number of significant improvements during the year, but revenue was down from 2001, primarily due to the discontinuation of our E-Business consulting. In our first quarter we improved our balance sheet by restructuring and converting a portion of our convertible debt, and in the process decreased our net loss dramatically through a gain of \$1.089 million. In our second quarter we acquired a valuable Web site asset, software and technology by acquiring a majority interest in certain assets of Stockhouse Media Inc. without expending any cash. We expect the Stockhouse Media Inc. assets will yield positive returns in 2003. In the fourth quarter we raised \$0.490 million net in a private placement which improved our balance sheet, and we were accepted for listing on the TSX Venture Exchange in Canada. We emerged from 2002 stronger and more experienced, with a strong management team in place.

Revenue and gross profits

Total revenues for 2002 were \$1.965 million compared to \$2.857 million in 2001, a decrease of \$0.893 million or 31%. The drop in revenue was primarily the result of the discontinuation of our E-Business consulting.

Our revenue from Public Company Disclosure and Awareness Products decreased compared to last year, from \$1.643 million in 2001 to \$1.209 in 2002, a decrease of \$0.434 million or 26%. Much of this decrease was attributed to the decrease in public company corporate communications spending caused by the continued downturn in financial markets. Nevertheless, we continued to direct a significant portion of our sales efforts in this area because we feel that, strategically, this business will be profitable for us in the future.

Financial Software and Content Systems revenue increased from \$0.580 million in 2001 to \$0.756 million in 2002, an increase of 30%, which was a result of a gradual buildup of recurring monthly fees. The revenue from Financial Software and Content represented 38% of our total sales in 2002, an increase over the 20% of sales it represented in 2001. This is a growing source of revenue that is expected to continue increasing. We continue to acquire high quality clients, both through new relationship building and referrals from existing clients.

E-Business revenue was nil in 2002, compared to \$0.634 million in 2001. The decision was made in 2001 to focus on our scalable recurring service lines in place of consulting revenue.

Gross profits in 2002 were \$1.258 million compared to \$1.812 million in 2001, a decrease of \$0.554 million or 30%. Gross profit margin percentage increased slightly from 63% to 64%. Direct costs include direct payroll, bandwidth, data feeds and job-specific advertising purchases.

Operating expenses

Total operating expenses for 2002 were \$2.266 million compared to \$2.485 million in 2001, a decrease of \$0.219 million or 9%. Most of the decrease in costs was in service product development, which dropped off significantly due to the fact that most of our service products were in place by the beginning of the year.

Sales and Marketing expenses were \$0.475 million compared to \$0.467 million in 2001, an increase of \$0.008 million or 2%.

Product Development expenses in 2002 were \$0.079 million compared to \$0.241 million in 2001, a decrease of \$0.163 million or 67%. Our services were fully developed by the end of 2001, and our strategy for 2002 was to only develop new services if there was a known demand or request for them. This led to a sharp decrease in product development costs.

General and Administrative expenses in 2002 were \$1.712 million compared to \$1.777 million in 2001, a decrease of \$0.065 million or 4%. Payroll is our largest cost item in this category. Our payroll costs remained relatively stable throughout the year, with only moderate increases and a three-month period after we acquired the Stockhouse Web site when our employee base temporarily increased by about 10 people. In 2001, for comparison, we had higher payroll at the beginning of the year than at the end, so overall the payrolls were similar in both years. Our emphasis in all other cost areas for both 2002 and 2001 has been toward cost reduction, with measured expansion in conjunction with expanded sales only.

Operating losses were \$1.008 million and \$0.673 million for 2002 and 2001 respectively. The increase of operating loss year over year was due mainly to the decrease in total sales.

Other income (expense) and income taxes

Interest expense in 2002 was \$0.320 million compared to \$0.596 million in 2001, a decrease of \$0.276 million or 46%. Interest on our 8% convertible notes was \$0.120 million in 2002, compared to \$0.193 million in 2001, a decrease of \$0.073 million caused by lower principal balances in 2002 and put premiums being avoided in 2002 due to the restructuring of the notes that took place on February 6, 2002. Interest on our 3% convertible debentures was \$0.160 million in 2002, compared to \$0.375 million in 2001, a decrease of \$0.215 million caused by the conversion of the full amount of principal in March 2002. Other interest was \$0.040 million in 2002,

Page 37 of 251

compared to \$0.028 million in 2001, an increase of \$0.012 million caused by the addition of a 17% note in July 2002, a 25% note in October 2002 and a new capital lease in June 2002. Of the \$0.320 million in interest expense in 2002, \$0.040 million was paid in cash. The remaining \$0.280 million was a combination of amortized debt discount on the 8% convertible notes and deemed interest expense on the induced conversion of the 3% convertible debentures.

The gain on warrants liability of \$0.055 million results from the restructuring of the warrants from the 3% convertible debentures, as described in Note 10 of the financial statements.

The gain of \$1.089 million is the result of the restructuring of our 8% convertible notes. On February 6, 2002 the Company and the two lenders reached an agreement to restructure the terms and conditions of the existing convertible notes and callable warrants. The note holders agreed to waive the 15% prepayment premium of \$0.289 million and the accrued interest to date of \$0.315 million and immediately converted \$0.100 million of the principal balance due into 666,700 of our common shares at a conversion price of \$0.15.

In addition to the \$0.604 million for the waived prepayment premium and accrued interest, we recorded a gain of \$0.247 million for the repurchase of the beneficial conversion feature and \$0.238 million for the debt discount representing the difference between the fair value of the notes at a market interest rate of 8% and the face value of the notes which are non-interest bearing through to December 31, 2003.

Full details of the \$1.089 million gain can be found in Note 7 to the financial statements included herein.

Other expense in 2002 was \$0.013 million, which consists of net losses on market value of short term marketable securities.

Due to our net loss position we did not incur income tax in 2002 or 2001.

Net income

The net loss for 2002 was \$0.307 million compared to \$0.542 million in 2001, a decrease in losses of \$0.235 million or 43%. This reduction in net loss was due to the gain of \$1.089 million, which offset the increase in ordinary net loss of \$0.326 million.

CRITICAL ACCOUNTING POLICIES

Management's Discussion and Analysis of Financial Condition and Results of Operations discusses our consolidated financial statements, which have been prepared in accordance with accounting policies generally accepted in the United States. The preparation of these consolidated financial statements requires us to make estimates and assumptions that affect the assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. We believe the following critical accounting policies affect significant judgments, estimates and assumptions used in the preparation of the consolidated financial statements.

Revenue

Public Company Disclosure and Awareness Products consist of investor relations Web page tools, client profiling on our investment-oriented Web sites, e-mail services, sponsorships and Internet advertising services. These services are sold either individually or bundled together into comprehensive programs.

Investor relations Web page tools, sold under the name IntegrateIR, are delivered to the client's investor relations page of their Web site via an Internet data feed, in real time and on a continuous basis for an agreed period of time, normally 12 months. Revenue is recognized evenly, according to the agreed fixed rate, on a monthly basis once the IntegrateIR data feed has been activated. Setup fees, if any, are recognized ratably over the initial term of the agreement, on a monthly basis.

Client profiling on our investment-oriented Web sites consists of continuous or rotating client profiles on various specialized Web pages within Stockhouse.com, Smallcapcenter.com and Investormarketplace.com. Delivery of these profiles is based either on a certain number of days appearing on the Web pages or a certain quantity of page views, profile view or click-throughs, depending on the agreement. A page view is a single instance of an Internet user

viewing the page which contains the client's name and/or logo. A profile view is a single instance of an Internet user clicking on the client's profile link. A click-through is a single instance of an Internet user clicking on the client's profile and being redirected to the client's Web site. Revenue is recognized on such client profile programs on a fixed monthly basis in each month the client is profiled on the Web pages.

E-mail services are mailings to a targeted list of e-mail addresses, with delivery consisting solely of transmitting the mailing to the e-mail targets. Each transmittal is called a flight. E-mail services maybe bought on a per-flight basis, for which revenue is recorded when the flight occurs, or on a fixed-fee monthly basis in which the client receives access to a fixed number of flights per month. We record the revenue on the fixed-fee monthly e-mail services on a pro rata basis over the term of the agreement.

Page 38 of 251

Sponsorships consist of special mention or other information about a client which is attached prominently to the header section of our daily news recap e-mail mailings. Sponsorships are sold either on a per-day basis, for which revenue is recorded on the day the client's sponsorship message is attached to the daily news recap mailing, or on a fixed-fee monthly basis in which the client receives access to a fixed number of days' sponsorship per month.

Internet advertising services on our Web sites are delivered and revenue earned on a page-view basis, as this term is defined above. Advertising insertion orders are obtained from clients and advertisements are delivered in a set rotation on www.stockhouse.com. At the end of certain specified period, usually monthly, the client is given a page-view delivery report and billed according to the number of page-views delivered.

Financial Software and Content Systems consists of real time, time delayed and wireless quotes and charts, company profiles, investment data and technical analysis. Revenue from set up fees, periodic maintenance fees and contractual monthly licensing fees for ongoing use of financial tools and content is recognized ratably over the contract term, which is typically 24 months.

All Financial Software and Content Systems services are delivered via an Internet data feed from our Web servers to the clients' sites on a continuous real time basis. Revenue begins to be earned on the day the data feed is activated and begins to deliver content to the client site. Revenue is earned on a fixed monthly fee, with some clients paying a page-view overage fee over a certain number of page-views. The page-view overages, if any, are billed to the client and recorded on a monthly basis as they occur and usually represent a small portion of the overall monthly fee from each customer.

All sources of revenue is recorded pursuant to SAB 101 Revenue Recognition in Financial Statements, when persuasive evidence of an arrangement exists, delivery of services has occurred, the fee is fixed or determinable and

collectibility is reasonably assured. Pursuant to EITF 00-21 Revenue Arrangements with Multiple Deliverables, when the services are provided in a multiple elements arrangement, revenue is allocated to each respective deliverable based on its relative fair value and recognized when the criteria under SAB 101 have been met.

We are not subject to specific performance criteria that would give rise to refund rights for services we provide.

Payments received in advance of services provided are recorded as deferred revenue.

Cost of Revenues

Cost of revenues are recorded if the cost relates directly to the services we sell or to our revenue-generating Web sites, namely Stockhouse.com/ca/au, Smallcapcenter.com, and InvestorMarketPlace.com. Cost of revenues consist of subscription fees for access to data feeds of financial and business databases, Internet bandwidth, direct advertising purchases, and direct labor. Data feeds are a key component of many of our Financial Software and Content Systems services, as well as a key input into our revenue-generating Web sites. Bandwidth is consumed by our revenue-generating Web sites, by our Financial Software and Content Systems services, by our IntegrateIR service, and by our e-mail mailing services. Direct advertising purchases relate to Internet advertising purchases for the purpose of promoting a client or clients' feature on one of our Web sites. Direct labor is the hourly labor cost of certain programmers and designers who implement or maintain licensed client feeds, design advertising for clients, and produce e-mail mailings for clients. Direct labor costs are fully recognized as cost of revenues in the period in which the associated revenue is recognized. All other costs of revenues are recognized in the period incurred.

Property and equipment

We evaluate, on a periodic basis, our property and equipment, to determine whether any events or changes in circumstances indicate that the carrying amount of the asset may not be recoverable. We base our evaluation on certain impairment indicators, such as the nature of the assets, the future economic benefit of the assets, any historical or future profitability measurements as well as other external market conditions or factors that may be present. If these impairment indicators are present or other factors exist that indicate that the carrying amount of the asset may not be recoverable, we then use an estimate of the undiscounted value of expected future operating cash flows to determine whether the asset is recoverable and measure the amount of any impairment as the difference between the carrying amount of the asset and its estimated fair value. The fair value is estimated using valuation techniques such as market prices for similar assets or discounted future operating cash flows.

Amortization of property and equipment is on a straight-line basis over the asset's estimated useful life.

Contingencies

From time to time we are subject to proceedings, lawsuits and other claims related to labor and other matters. We are required to assess the likelihood of any adverse judgments or outcomes to these contingencies as well as potential ranges of probable losses and establish reserves accordingly. We use professional judgment, legal advice and estimates in the assessment of outcomes of contingencies. The amounts of reserve required, if any, may change in future periods due to new developments in each matter or changes in approach to a matter such as a change in settlement strategy.

LIQUIDITY AND CAPITAL RESOURCES

We ended the second quarter of 2003 with cash and cash equivalents of \$553,358, an increase of \$375,282 from March 31, 2003. There is no identifiable trend in cash usage. Although we expect to generate positive cash flow from operations, we may pursue financing to improve our working capital position and to grow the business to the greatest possible extent. Possible sources of financing could include equity financing, debt, or a combination thereof, but we have no plans to undertake financing in the foreseeable future.

Our cash used in operations for the first six months of 2003 was \$552,048 and our accumulated deficit at June 30, 2003 was \$14,803,305. We repaid \$35,332 of our convertible notes, and \$47,000 in notes payable. Another use of cash was repayment of capital leases, totaling \$55,619. Sources of cash included \$95,745 for proceeds from exercise of warrants and stock options, and \$625,281 from issuance of shares and warrants under a Short Form Offering.

Since the end of Q2 we have repaid \$223,994 in 17% notes payable and accrued interest and received additional net proceeds of \$222,058 from a Short Form Offering.

You should be cautioned that there can be no assurance that revenue, margins, and profitability will increase. We have \$79,430 of capital lease obligations due within the next 12 months. There can be no assurance that we will be successful in raising a sufficient amount of additional capital or in internally generating a sufficient amount of capital to meet our operational requirements. If we are unable to generate the required amount of additional capital, our ability to continue as a going concern is in substantial doubt.

CORPORATE DEVELOPMENTS DURING THE YEAR

A synopsis of corporate highlights for 2002 is as follows.

On February 6, 2002, we restructured the 8% convertible notes with Deephaven Private Placement Trading Ltd. and Amro International, S.A. Directors' compensation

Stockgroup compensates its outside directors by issuing options to acquire shares of common stock which fully vest after one year of service on the Board of Directors. David N. Caddey and Lee de Boer were each granted 50,000 such options on August 10, 2001 that have an exercise price of \$0.22 per share and fully vested on August 10, 2002. On October 22, 2002, Mr. Caddey and Mr. De Boer

Page 45 of 251

were each granted a further 50,000 options with an exercise price of \$0.15 fully vesting immediately. Craig Faulkner was also granted 50,000 options on October 22, 2002 with an exercise price of \$0.15 fully vesting immediately, as director compensation.

Compensation committee

We have a formed a compensation committee made up of our four outside directors, Craig Faulkner, David Caddey, Lee deBoer, and Jeff Berwick. The compensation committee reviews executive compensation and makes recommendations to the board of directors. Their criteria for determining recommended compensation are achievement of financial targets, experience and time of employment with us. Other factors such as the external employment market are considered, as well as our internal forecast and budget models.

Stockgroup Information Systems Inc.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

For the Six Months Ended June 30, 2003

(UNAUDITED)

1. NATURE OF BUSINESS AND BASIS OF PRESENTATION

Stockgroup Information Systems Inc. (the "Company") is a financial media and technology company that provides various financial software solutions, tools, content and services to media, corporate, and financial services companies. The Company employs proprietary technologies that enable its clients to provide financial data streams and news combined with fundamental, technical, productivity, and disclosure tools to their customers, shareholders, and employees in a cost effective manner. The Company also provides Internet communications services for publicly

traded companies and an online research center for the investment community through its Stockhouse and Smallcapcenter financial Web sites.

The Company was incorporated under the laws of Colorado on December 6, 1994.

The accompanying interim unaudited consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-QSB and Item 310(b) of Regulation S-B. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the six-month period ended June 30, 2003 are not necessarily indicative of the results that may be expected for the year ended December 31, 2003.

The balance sheet at December 31, 2002 has been derived from the audited financial statements at that date but does not include all of the information and footnotes required by generally accepted accounting principles for annual financial statements.

These interim financial statements should be read in conjunction with the consolidated financial statements and footnotes thereto included in the Company's annual report on Form 10-KSB for the year ended December 31, 2002.

Certain of the comparative figures have been reclassified to conform to the presentation adopted in the current period.

These financial statements have been prepared by management in accordance with accounting principles generally accepted in the United States on a going concern basis, which contemplates the realization of assets and the discharge of liabilities in the normal course of business for the foreseeable future.

The Company incurred an operating loss of \$480,049 for the six months ended June 30, 2003, and had working capital of \$34,990 as at June 30, 2003. These factors raise substantial doubt about the Company's ability to continue as a going concern. Management has been able, thus far, to finance the losses, as well as the growth of the business, through a series of equity and debt private placements. The Company is continuing to seek other sources of financing in order to grow the business to the greatest possible extent. There are no assurances that the Company will be successful in achieving its goals.

In view of these conditions, the ability of the Company to continue as a going concern is uncertain and dependent upon achieving a profitable level of operations and on the ability of the Company to obtain necessary financing to

fund ongoing operations. Management believes that its current and future plans provide an opportunity to continue as a going concern. These financial statements do not give effect to any adjustments which would be necessary should the Company be unable to continue as a going concern and therefore be required to realize its assets and discharge its liabilities in other than the normal course of business and at amounts different from those reflected in the accompanying financial statements.

On January 28, 2003, one of the noteholders converted its entire principal balance of \$392,984 into 1,228,075 common shares at a negotiated conversion price of \$0.32. The discount on the conversion price was deemed an inducement to convert, resulting in an interest expense of \$145,895 representing the excess of the fair value of the notes after inducement over the fair value before inducement. The unamortized debt discount on the portion of the total principal was fully expensed on the conversion date, resulting in an interest expense of \$31,711.

On May 12 and May 28, 2003, the remaining noteholder converted its entire principal balance of \$1,225,684 into 4,380,000 common shares at a negotiated conversion price of \$0.28. The discount on the conversion price was deemed an inducement to convert, resulting in an interest expense of \$578,590 representing the excess of the fair value of the notes after inducement over the fair value before inducement. The unamortized debt discount on the portion of the total principal was fully expensed on the conversion date, resulting in an interest expense of \$69,437.

During the first six months of 2003 and 2002 the Company had no customers from whom revenue received by the Company represented greater than 10% of total revenue.

6. COMMITMENTS AND CONTINGENCIES

The Company is currently involved in litigation with a customer to collect amounts owing pursuant to a contract entered into in September 2000. The defendant provided a \$100,000 deposit and contracted the Company to provide certain advertising services. The Company delivered the requested services throughout October and November 2000; however, the defendant defaulted on all additional payments. The Company is suing the defendant for the \$351,800 balance owing, plus interest and costs. The defendant has filed a statement of defense and counterclaim to recover the \$100,000 deposit. No court date has been set at this time. Although management currently believes the outcome of the litigation will be in the Company's favour, they have not elected to aggressively pursue the litigation at this time. The Company has made no provision for the counterclaim in the financial statements and any settlement or final award will be reflected in the statement of operations as the litigation is resolved.

In addition, the company is subject to various other legal matters in the ordinary course of business. It is not possible at this time to predict with any certainty the outcome of such litigation. Management believes that the ultimate resolution of these matters would not have a material effect on the Company's financial position or results of operations.

7. RECENT ACCOUNTING PRONOUNCEMENTS

In November 2002, the FASB issued FASB Interpretation No. 45 "Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others" ("FIN 45"). FIN 45 requires that a liability be recorded in the guarantor's balance sheet upon issuance of a guarantee. In addition, FIN 45 requires disclosures about the guarantees, including indemnifications, that an entity has issued. The disclosure provisions of FIN 45 are effective for financial statements of interim

periods ending after December 15, 2002; however, the provisions for initial recognition and measurement are effective on a prospective basis for guarantees that are issued or modified after December 31, 2002. The initial adoption of FIN 45 did not have a material impact on the Company's financial position, results of operations or cash flows.

In January 2003, the FASB issued Interpretation No. 46, Consolidation of Variable Interest Entities ("FIN 46"). FIN 46 requires an investor with a majority of the variable interests in a variable interest entity to consolidate the entity and also requires majority and significant variable interest investors to provide certain disclosures. A variable interest

entity is an entity that has (1) equity investment at risk that is insufficient to finance the entity's activities without receiving additional subordinated financial support from the other parties, (2) a group of equity owners that are unable to make substantive decision's about the entity's activities, or (3) equity that does not absorb the entity's losses or receive the benefits of the entity. FIN 46 is effective for all new variable interest entities created or acquired after January 31, 2003. For existing variable interest entities created or acquired prior to February 1, 2003, FIN 46 is effective for the first interim or annual period beginning after June 15, 2003. The Company is currently evaluating the effect that the adoption of FIN 46 will have on its results of operations and financial condition; however, it does not expect the adoption of FIN 46 will have a significant impact on its consolidated financial

Page 54 of 251

statements.

In May 2003, the FASB issued SFAS No. 150, Accounting for Certain Financial Instruments with Characteristics of Both Liabilities and Equity ("SFAS 150"). SFAS 150 establishes standards for how an issuer classifies and measures certain financial instruments with characteristics of both liabilities and equity. It requires that an issuer classify a financial instrument that is within its scope as a liability (or an asset in some circumstances). SFAS No. 150 does not apply to features embedded in a financial instrument that is not a derivative in its entirety. SFAS 150 is effective for financial instruments entered into or modified after May 31, 2003 and otherwise will be effective at the beginning of the first interim period beginning after June 15, 2003. For existing financial instruments created before the effective date, any impact upon the adoption of SFAS 150 shall be reported as a cumulative effect of a change in an accounting principle. The Company has not yet completed its analysis of SFAS 150; however, it believes that the adoption of this pronouncement will not have a material effect on the Company's consolidated financial statement.

8. SUBSEQUENT EVENTS

a)

On July 4, 2003 Stockgroup notified Stockhouse Media Corporation that, in accordance with the terms of the Joint Venture Development and Operating Agreement dated June 19, 2002, it would be purchasing their remaining 35% interest in the assets contemplated in the agreement for 920,000 common shares of Stockgroup. As of August 13, 2003 the transaction had not yet taken place.

b)

On July 16, 2003 Stockgroup closed the second and final part of it's Short Form Offering, issuing 996,000 units at C\$0.37 (approximately \$0.27) for gross proceeds of C\$368,520 (approximately \$265,868). Net proceeds after issue costs were approximately \$222,058.

CONSOLIDATED FINANCIAL STATEMENTS

Stockgroup Information Systems Inc.

December 31, 2002 and 2001

AUDITORS' REPORT

To the Shareholders of

Stockgroup Information Systems Inc.

We have audited the accompanying consolidated balance sheets of **Stockgroup Information Systems Inc.** as of December 31, 2002 and 2001 and the related consolidated statements of operations, shareholders' equity (deficiency), and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of Stockgroup Information Systems Inc. at December 31, 2002 and 2001 and the consolidated results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States.

The accompanying financial statements have been prepared assuming that Stockgroup Information Systems Inc. will continue as a going concern. As discussed in Note 1 to the financial statements, the Company has incurred recurring net losses and has a working capital deficiency. These conditions raise substantial doubt about the Company's ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 1. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

As discussed in Note 10 to the financial statements, in 2001, the Company changed its method of accounting for callable warrants.

Stockgroup Information Systems Inc. (the "Company") is a financial media and technology company that provides various financial software solutions, tools, content and services to media, corporate, and financial services companies. The Company employs proprietary technologies that enable its clients to provide financial data streams and news combined with fundamental, technical, productivity, and disclosure tools to their customers, shareholders, and employees in a cost effective manner. The Company also provides Internet communications services for publicly traded companies and an online research center for the investment community through its www.smallcapcenter.com financial Web site.

The Company was incorporated under the laws of Colorado on December 6, 1994. The Company previously operated under the name Stockgroup.com Holdings, Inc. until its name was changed in accordance with the relevant provisions of the Colorado Business Corporations Act and pursuant to shareholder approval received at the Company's annual general meeting held September 20, 2001.

The financial statements have been prepared by management in accordance with accounting principles generally accepted in the United States on a going concern basis, which contemplates the realization of assets and the discharge of liabilities in the normal course of business for the foreseeable future.

The Company incurred a net loss of \$306,677 for the year ended December 31, 2002 [2001 - \$541,552], and had a working capital deficiency of \$211,045 as at December 31, 2002. These factors raise substantial doubt about the Company's ability to continue as a going concern. The Company experienced a significant reduction in cash used in operations from \$778,086 in 2001 to \$430,867 in 2002 as a result of cost restructuring activities initiated in 2002. The Company has negotiated the conversion of \$392,984 of its 8% convertible notes on January 28, 2003, thereby eliminating eight mandatory quarterly payments totaling \$42,012 and a maturity payment of \$350,972. Of the remaining principal of its 8% convertible notes, a total of \$137,988 will be paid in mandatory quarterly payments of \$15,332 until December 31, 2004, and the \$1,168,360 balance is due December 31, 2005. Although the Company has taken steps to achieve profitable operations in 2002, there are no assurances that the Company will be successful in achieving its goals.

In view of these conditions, the ability of the Company to continue as a going concern is uncertain and dependent upon achieving a profitable level of operations and, if necessary, on the ability of the Company to obtain necessary financing to fund ongoing operations. Management believes that its current and future plans provide an opportunity to continue as a going concern. These financial statements do not give effect to any adjustments which would be necessary should the Company be unable to continue as a going concern and therefore be required to realize its assets and discharge its liabilities in other than the normal course of business and at amounts different from those reflected in the accompanying financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of consolidation

The consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries, Stockgroup Media Inc. (British Columbia, Canada), Stockgroup Systems Ltd. (Nevada, United States), Stockgroup Australia, Pty Ltd. and 579818 B.C. Ltd. (British Columbia, Canada). All significant intercompany accounts and transactions have been eliminated.

Page 62 of 251

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd.)

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Revenue recognition

The Company generates its revenues from two primary sources: Public Company Disclosure and Awareness Products and Financial Software and Content Systems. Before 2002, the Company had a third source of revenue, E-Business Solutions, which was discontinued in 2001.

Public Company Disclosure and Awareness Products consist of investor relations Web page tools, client profiling on the Company's investment-oriented Web sites, e-mail services, sponsorships and Internet advertising services. These services are sold either individually or bundled together into comprehensive programs.

Investor relations Web page tools, sold under the name IntegrateIR, are delivered to the client's investor relations page of their Web site via an Internet data feed, in real time and on a continuous basis for an agreed period of time,

normally 12 months. Revenue is recognized evenly, according to the agreed fixed rate, on a monthly basis once the IntegrateIR data feed has been activated. Setup fees, if any, are recognized ratably over the initial term of the agreement, on a monthly basis.

Client profiling on the Company's investment-oriented Web sites consists of continuous or rotating client profiles on various specialized Web pages within Stockhouse.com, Smallcapcenter.com and Investormarketplace.com. Delivery of these profiles is based either on a certain number of days appearing on the Web pages or a certain quantity of page views, profile view or click-throughs, depending on the agreement. A page view is a single instance of an Internet user viewing the page that contains the client's name and/or logo. A

profile view is a single instance of an Internet user clicking on the client's profile link. A click-through is a single instance of an Internet user clicking on the client's profile and being redirected to the client's Web site. Revenue is recognized on such client profile programs on a fixed monthly basis in each month the client is profiled on the Web pages.

E-mail services are mailings to a targeted list of e-mail addresses, with delivery consisting solely of transmitting the mailing to the e-mail targets. Each transmittal is called a flight. E-mail services may be bought on a per-flight basis, for which revenue is recorded when the flight occurs, or on a fixed-fee monthly basis in which the client receives access to a fixed number of flights per month. The Company records the revenue on the fixed fee monthly e-mail services on a pro-rata basis over the term of the agreement.

Sponsorships consist of special mention or other information about a client that is attached prominently to the header section of the Company's daily news recap e-mail mailings. Sponsorships are sold either on a per-day basis, for which revenue is recorded on the day the client's sponsorship message is attached to the daily news recap mailing, or on a fixed-fee monthly basis in which the client receives access to a fixed number of days' sponsorship per month.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd.)

Internet advertising services on Stockgroup's Web sites are delivered and revenue earned on a page-view basis, as this term is defined above. Advertising insertion orders are obtained from clients and advertisements are delivered in a set rotation on www.stockhouse.com. At the end of certain specified period, usually monthly, the client is given a page-view delivery report and is billed according to the number of page-views delivered.

Financial Software and Content Systems consists of real time, time delayed and wireless quotes and charts, company profiles, investment data and technical analysis. Revenue from set up fees, periodic maintenance fees and contractual monthly licensing fees for ongoing use of financial tools and content is recognized ratably over the contract term, which is typically 24 months.

All Financial Software and Content Systems services are delivered via an Internet data feed from the Company's Web servers to the clients' sites on a continuous real time basis. Revenue begins to be earned on the day the data feed is activated and begins to deliver content to the client site. Revenue is earned on a fixed monthly fee, with some clients paying a page-view overage fee over a certain number of page-views. The page-view overages, if any, are billed to the client and recorded on a monthly basis as they occur and usually represent a small portion of the overall monthly fee from each customer.

All sources of revenue is recorded pursuant to SAB 101 Revenue Recognition in Financial Statements, when persuasive evidence of an arrangement exists, delivery of services has occurred, the fee is fixed or determinable and collectibility is reasonably assured. Pursuant to EITF 00-21 Revenue Arrangements with Multiple Deliverables, when the services are provided in a multiple elements arrangement, revenue is allocated to each respective deliverable based on its relative fair value and recognized when the criteria under SAB 101 have been met.

The Company is not subject to specific performance criteria that would give rise to refund rights for services it provides.

Payments received in advance of services provided are recorded as deferred revenue.

Cost of Revenues

Cost of revenues are recorded if the cost relates directly to the services the Company sells or to its revenue-generating Web sites, namely Stockhouse.com/ca/au, Smallcapcenter.com, and InvestorMarketPlace.com. Cost of revenues consist of subscription fees for access to data feeds of financial and business databases, Internet bandwidth, direct advertising purchases, and direct labor. Data feeds are a key component of many of the Company's Financial Software and Content Systems services, as well as a key input into its revenue-generating Web sites. Bandwidth is consumed by the Company's revenue-generating Web sites, by its Financial Software and Content Systems services, by its IntegrateIR service, and by its e-mail mailing services. Direct advertising purchases relate to Internet advertising purchases for the purpose of promoting a client or clients' feature on one of the Company's Web sites.

Direct labor is the hourly labor cost of certain programmers and designers who implement or maintain licensed client feeds, design advertising for clients, and produce e-mail mailings for clients. Direct labor costs are fully recognized as cost of revenues in the period in which the associated revenue is recognized. All other costs of revenues are recognized in the period incurred.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd.)

Fair value of financial instruments

The Company's financial instruments consist of cash and cash equivalents, marketable securities, accounts receivable, bank indebtedness, accounts payable, notes payable, convertible notes, convertible debentures and capital lease obligations. Unless otherwise stated the fair value of the financial instruments approximates their carrying value.

Cash and cash equivalents

Cash and cash equivalents consist of cash and short-term deposits with original maturities of ninety days or less and are recorded at amortized cost.

Marketable securities

Substantially all of the Company's product development costs are for ongoing operating and maintenance and have been expensed in the period incurred.

Stock-based compensation

The issuance of equity instruments to consultants and other non-employees in consideration for goods or services is accounted for on a fair value basis in accordance with FASB Statement No. 123.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont'd.)

Earnings per share

Basic earnings (loss) per share is computed based on the weighted average number of common shares outstanding during each year. Diluted earnings (loss) per share reflects the dilutive potential of outstanding securities using the treasury stock method.

For the years ended December 31, 2001 and 2000, all of the Company's common shares issuable upon the exercise of stock options, warrants and other convertible securities were excluded from the determination of diluted loss per share as their effect would be anti-dilutive.

Comprehensive income

Comprehensive income includes all changes in equity except those resulting from investments by owners and distributions by owners. Comprehensive income comprises only net income for all years presented.

Recent pronouncements

In December 2002, the Financial Accounting Standards Board issued Statement No. 148, ("SFAS 148"), "Accounting for Stock-Based Compensation-Transition and Disclosure-An amendment of FASB Statement No. 123". SFAS 148 amends FASB Statement No. 123, "Accounting for Stock Based Compensation" ("SFAS 123") and provides alternative methods for accounting for a change by registrants to the fair value method of accounting for stock-based compensation. Additionally, SFAS 148 amends the disclosure requirements of SFAS 123 to require disclosure in the significant accounting policy footnote of both annual and interim financial statements of the method of accounting for stock-based compensation and the related pro-forma disclosure when the intrinsic value method continues to be used. The statement is effective for fiscal years beginning after December 15, 2002. The Company will adopt the disclosure provisions of SFAS 148 beginning in the quarter ended March 31, 2003.

In April 2002, the Financial Accounting Standards Board issued Statement No. 145, (SFAS 145"), "Rescission of FASB Statements No. 44, and 64, Amendment of FASB Statement No. 13, and Technical Corrections". SFAS 145 requires, among other things, gains or losses of extinguishments of debt to be classified as income (loss) from continuing operations rather than as an extraordinary items, unless such extinguishments is determined to be extraordinary pursuant to Accounting Principles Board Opinion No. 30 ("Opinion 30"), "Reporting the Results of Operations - Reporting the Effects of a Disposal of a Segment of a Business and Extraordinary, Unusual, and

Infrequently Occurring Transactions". The provisions SFAS 145 are effective for fiscal years beginning after May 15, 2002. Any gain or loss on extinguishment of debt that was classified as an extraordinary item in prior periods presented that does not meet the criteria in Opinion 30 for classification as an extraordinary item must be reclassified. The Company will early adopt the provisions of SFAS 145 for the year ended December 31, 2002 and accordingly, will reclassify the \$58,701 gain on convertible note redemptions for 2001 from extraordinary items to a separate component of income before taxes.

3. CONCENTRATION OF CREDIT RISK

Financial instruments, which potentially subject the Company to concentrations of credit risk, consist principally of cash and cash equivalents and trade receivables.

The Company performs ongoing credit evaluations of its customers and maintains allowances for potential credit losses. No customer owed greater than 10% of the outstanding receivables in 2002. Amounts owing from two customers represented 12% and 12% respectively of the total accounts receivable balance in 2001.

On May 10, 2001, the Company entered into a Securities Purchase Agreement with an unrelated investor to issue \$35,000 of secured unregistered 16% notes. All accrued interest to December 31, 2002 was paid in January 2003.

On July 16, 2001, the Company entered into a Securities Purchase Agreement with a Director and Officer of the Company to issue C\$50,000 (US\$32,972) of secured unregistered 16% notes. The notes had an original maturity of July 30, 2002 that was informally extended until November 18, 2002, at which time the investor agreed to an amendment to extend the maturity date to January 31, 2004 and increase the interest rate to 17%. The note has been collateralized by a second floating charge over all of the Company's Canadian subsidiary's property, assets, and rights.

On July 23, 2002, the Company issued a C\$152,400 (US\$97,034) promissory note to an unrelated party that bears interest at 17% interest and matures on June 30, 2003. On November 18, 2002, the noteholder agreed to extend the maturity date to January 31, 2004. On October 22, 2002, the Company issued a \$47,000 promissory note to an unrelated party that bears interest at 25.5% and matures on January 21, 2003. The note is collateralized by a General Security Agreement, which places a floating charge over all of the Company's Canadian subsidiary's property, assets, and rights, but which is subordinated to the 16% and 17% notes. The principal plus accrued interest was paid on January 21, 2003.

The principal of the notes is recorded at face value. The prepayment premium is an obligation to pay 15% of the principal in addition to accrued interest in the event of repayment or conversion before maturity. Accrued interest is simple interest at the 8% coupon rate of the note.

On February 6, 2002 the Company and the two lenders reached an agreement to restructure the terms and conditions of the existing convertible notes and callable warrants.

The note holders agreed to waive the 15% prepayment premium of \$288,600 and the accrued interest to date of \$315,000 and immediately converted \$100,000 of the principal balance due into 666,700 common shares of the Company at a conversion price of \$0.15. The remaining principal balance of \$1,824,000 matures on December 31, 2005. The notes are non-interest bearing and are convertible into common shares at the option of the holder at any time at a fixed conversion price of \$0.50 through to December 31, 2003. From January 1, 2004 to December 31, 2005, or sooner in the event of a default on any mandatory payment described below, the notes bear interest at 8% and are convertible into common shares at the option of the holder at any time at a conversion price equal to the lesser of (i) the initial conversion price of \$0.50 and (ii) 88% of the average of the 5 lowest closing prices of the Company's common shares during the 30 trading days prior to the date of conversion.

The restructured agreement provides for \$300,000 of mandatory payments through to December 31, 2004. \$23,340 was paid on June 28, 2002, \$76,660 was paid on July 12, 2002, \$20,000 was paid on October 1, 2002, and \$20,000 was paid on January 2, 2003. Separate payments of \$20,000 are due at the end of each of the next eight quarters through to December 31, 2004. If applicable, the Company will also provide mandatory payments of 20% of the gross proceeds raised from any common stock or common stock equivalent financing in excess \$500,000 in 2003.

Page 71 of 251

7. CONVERTIBLE NOTES (cont'd.)

The restructuring has been accounted for as a debt modification pursuant to EITF 96-19, "Debtor's Accounting for a Modification or Exchange of Debt Instruments" which resulted in a gain of \$841,364 consisting of \$288,600 for the waived prepayment premium, \$315,000 for waived accrued interest and \$237,764 for the debt discount representing the difference between the fair value of the notes at a market interest rate of 8% and the face value of the notes which are non-interest bearing through to December 31, 2003. The debt discount of \$237,764 is subject to accretion over the interest-free period ending December 31, 2003 to achieve a consistent rate of interest (i.e. 8%) for the new debt instrument over the term to maturity in accordance to paragraph 15 of APB 21, "Interest on Receivables and Payables". In addition, as a result of the debt modification, the beneficial conversion feature associated with the original convertible notes has been repurchased which resulted in a gain of \$247,222 based on the intrinsic value of the conversion feature at the extinguishment date in accordance with paragraph 12 of EITF 98-5, "Accounting for Convertible Securities with Beneficial Conversion Features or Contingently Adjustable Conversion Ratios". In total a total gain of \$1,088,586 million was recorded by the Company as a result of the restructuring of the convertible notes.

The callable warrants permit the holders to acquire up to 181,818 common shares at an exercise price of \$3.00 at any time up to March 31, 2005. The warrants may be called by the Company, at a purchase price of \$.01 per underlying share, if the stock price of the Company's common shares exceeds \$6.00 for any 20 consecutive trading days, provided that the holders have the right to exercise the warrants within 30 days after their receipt of such a call.

On January 28, 2003, one of the lenders agreed to convert its entire principal balance of \$392,984 into 1,228,075 common shares of the Company at \$0.32 per common share. This conversion reduces the mandatory quarterly cash payments to \$15,332 from \$20,000.

On March 15, 2002, the Company and the 3% convertible debenture holders agreed to an amendment to the original Securities Purchase Agreement. The debenture holders agreed to immediately convert the \$200,000 of outstanding principal and \$6,904 accrued interest into 413,808 common shares of the Company at the minimum conversion price of \$0.50. The conversion resulted in the immediate recognition of \$135,503 in interest expense related to the previously unamortized debt discount and beneficial conversion feature.

The Company agreed to modify the existing terms of the Series 3A and 3B warrants. The exercise price of the Series 3A warrants has been reduced from \$1.00 to \$0.25. The exercise price of the Series 3B warrants has been reduced from \$2.00 to \$0.50. The expiry date for both the Series 3A and 3B warrants has been extended to July 31, 2005 from December 31, 2004. The reduction in the exercise price and extension of the expiry date of the warrants is accounted for as an inducement to convert the convertible debentures. The fair value of the warrants after the conversion was \$24,000 greater than the fair value of the warrants prior to conversion and this excess fair value was recorded as interest expense on the conversion date.

9. ASSET ACQUISITION

On June 24, 2002, the Company acquired an interest in certain Web site and related software assets of Stockhouse Media Corporation ("Stockhouse"). Under the terms of the agreement, the Company purchased a 65% interest in the assets by issuing 2,080,000 shares of unregistered common stock with a fair value of \$424,320. The assets acquired consisted of program source codes underlying the Web site for \$347,122, and prepaid operating costs of \$77,198. The prepaid operating costs included a server hosting fee and operating lease costs for certain computer equipment. The prepaid operating costs were expensed fully in the current year. The Web site software is being amortized over a three year period commencing on the date of acquisition. The Company accounted for the acquisition of a 65% interest in certain assets of Stockhouse using the cost method because the interest in the assets acquired did not constitute a business.

Presently, an unrelated third party investor is also considering an investment in Stockhouse that would effect certain terms and conditions of the Company's agreement with Stockhouse. If the third party invests in Stockhouse, then the Company would maintain its 65% interest in the acquired assets but would have the option to acquire the remaining 35% during the period of one year following June 24, 2004. During the same period, Stockhouse would also have the option to cause the Company to purchase the remaining 35% interest.

If the third party does not invest in Stockhouse, then the Company will immediately have the option to acquire the remaining 35% of the Web site and related software assets of Stockhouse with the issuance of additional common shares. As per the terms of the agreement, the number of common shares to be issued for the remaining 35% shall not be less than 920,000 shares and not more than 1,120,000 shares.

The original 2,080,000 common shares were issued into an escrow account on June 28, 2002 and will be released to Stockhouse on the date the third party investor makes its decision.

As of February 24, 2003, the Company has not exercised its option to acquire the remaining 35%.

10.

WARRANTS LIABILITY AND CUMULATIVE CHANGE IN ACCOUNTING PRINCIPLE

The Emerging Issues Task Force Abstract No. 00-19, Accounting for Derivative Financial Instruments Indexed to, and Potentially Settled in, a Company's Own Stock ("EITF 00-19") became applicable to the Company's warrants on June 30, 2001. Since the number of shares issuable in the event of exercise of the callable warrants is not currently subject to an explicit limit, the Company's 300,000 callable and 800,000 other warrants were presented as a liability at their fair value as at June 30, 2001. The fair value of the warrants liability was estimated using the Black-Scholes option pricing model. The \$413,546 difference between the previous carrying value of the warrants in additional paid in capital of \$765,546 and their fair value at June 30, 2001 of \$352,000 has been recorded as the cumulative effect of a change in accounting principle on prior periods. This \$413,546 change in accounting principle has decreased the net loss per share for the year ended December 31, 2001 by \$0.04.

As at December 31, 2001, the Company could not demonstrate they had a sufficient number of authorized but unissued shares to share settle all of the outstanding warrants if exercised and the \$110,000 fair value of the warrants was classified as a current liability. As a result of the February 6, 2002 restructuring of the convertible notes and callable warrants, the Company could demonstrate they had a sufficient number of authorized but unissued shares to settle all of the outstanding warrants if exercised and the \$165,000 fair value of the warrants was reclassified as equity. The \$55,000 difference between the fair value on December 31, 2001 and February 6, 2002 was recorded as a loss on warrants liability in the statement of operations.

For the year ended December 31, 2002 the Company recorded \$240,091 [2001 - \$122,668] in stock based compensation expense. Of this total, \$54,879 [2001 - \$95,408] is a result of options granted to an employee in 1999 with an exercise price less than the market price of the common stock on the date of grant. A total of \$17,712 relates to stock bonuses granted to an employee measured at the market price on the date of the grant. A total of \$167,500 relates to shares and warrants granted to consultants in exchange for services which have been measured at fair value on the commitment date [2001 - \$27,260].

11. SHARE CAPITAL (cont'd.)

Pro forma disclosure of stock based compensation

Pro forma information regarding results of operations and earnings (loss) per share is required by FASB Statement No. 123 ("SFAS 123") for stock-based awards to employees as if the Company had accounted for such awards using a valuation method permitted under SFAS 123.

The fair value of the Company's stock-based awards granted to employees in 2002 and 2001 was estimated using the Black-Scholes option pricing model. The option pricing assumptions include a dividend yield of 0%, a weighted average expected life of 4.5 years [2001 - 4.5 years], a risk free interest rate of 3.83% [2001 - 4.45%] and an expected volatility of 214% [2001 - 216%]. The weighted average fair value of options granted during 2002 was \$0.18 [2001 - \$0.12]. For pro forma purposes, the estimated value of the Company's stock-based awards to employees is amortized over the vesting period of the underlying options. The effect on the Company's net loss and loss per share of applying SFAS 123 to the Company's stock-based awards to employees would approximate the following:

ANTITAKEOVER EFFECTS OF COLORADO LAW AND OUR ARTICLES OF INCORPORATION AND BYLAWS

Colorado law does not contain provisions which are intended to have the effect of delaying or deterring a change in control or management of Stockgroup.

Our Articles of Incorporation permit the issuance of up to 5,000,000 shares of preferred stock, having such rights, preferences and privileges as the Board of Directors may determine. The issuance of preferred stock, while providing desirable flexibility in connection with possible acquisitions and other corporate purposes, could have the effect of making it more difficult for a third party to acquire, or of discouraging a third party from acquiring, a majority of our outstanding voting stock.

Provisions of our bylaws which are summarized below may affect potential changes in control of Stockgroup. The Board of Directors believes that these provisions are in the best interests of shareholders because they will encourage a potential acquirer to negotiate with the Board of Directors, which will be able to consider the interests of all shareholders in a change in control situation. However, the cumulative effect of these terms may be to make it more difficult to acquire and exercise control of Stockgroup and to make changes in management more difficult.

Our bylaws provide the number of directors of Stockgroup will be established by the Board of Directors, but shall be no less than one. Between shareholder meetings the Board of Directors may appoint new directors to fill vacancies or newly created directorships. A director may be removed from office by the affirmative vote of 66-2/3% of the combined voting power of the then outstanding shares of stock entitled to vote generally in the election of directors.

As discussed above, our bylaws further provide that shareholder action may be taken at a meeting of shareholders and may be effected by a consent in writing if such consent is signed by the holders of the majority of outstanding shares,

unless Colorado law requires a greater percentage.

We are not aware of any proposed takeover attempt or any proposed attempt to acquire a large block of our common stock.

TRANSFER AGENT AND REGISTRAR

Pacific Corporate Trust Company in Vancouver, Canada, is the transfer agent and registrar for our capital stock.

SHARES ELIGIBLE FOR FUTURE SALE

As of the date of this prospectus 29,421,371 shares of our common stock were outstanding. Of the outstanding shares, 20,767,071 shares of common stock are immediately eligible for sale in the public market without restriction or further registration under the Securities Act unless purchased by or issued to any "affiliate" of ours, as that term is defined in Rule 144 promulgated under the Securities Act, as described below. All other outstanding shares of our common stock are "restricted securities" as such term is defined under Rule 144, in that such shares were issued in private transactions not involving a public offering and may not be sold in the absence of registration other than in accordance with Rule 144, 144(k) or 701 promulgated under the Securities Act or under another exemption from registration. In addition, there are 7,146,550 outstanding shares held by the selling security holders in this prospectus which

Page 87 of 251

currently may be traded outside the United States and which will become immediately eligible for sale in the public market in the United States subject to restrictions included in our agreements with the selling security holders. The remaining 1,507,750 outstanding shares are currently subject to escrow restrictions imposed by the TSX Venture exchange, and they will be released from escrow as to 50% of the total on December 17, 2003 and 50% on June 17, 2004.

We also filed registration statements to register for resale the 5,000,000 shares of common stock reserved for issuance under our Stock Option Plans. These registration statements became effective immediately upon filing. Accordingly, shares covered by these registration statements are eligible for sale in the public market subject to vesting restrictions. Of the 5,000,000 shares reserved for Stock Option Plans, 2,499,200 are issued and remain available to be exercised as they vest. There are no other unissued options available in the Plans. As of the date of this prospectus 2,397,000 of these options were vested and an additional 23,200 will vest within 60 days. Of these vested options, 2,202,200 of

them have exercise prices at or below the market price as of the date of this prospectus.

There are also 7,031,413 shares underlying warrants which are exercisable as of the date of this prospectus, of which 2,464,900 are covered by a registration statement filed July 7, 2003 and accordingly are eligible for sale by the holders thereof in the public market subject to restrictions included in our agreements with the holders. Of the aforementioned 2,464,900 shares, 2,164,900 underlie warrants which have exercise prices at or below the market price as of the date of this prospectus. In addition, warrants exercisable for 2,226,155 shares have exercise prices at or below the market price and will be free trading upon this registration statement being declared effective.

Sales of substantial amounts of our common stock under Rule 144, this prospectus or otherwise could adversely affect the prevailing market price of our common stock and could impair our ability to raise capital through the future sale of our securities.

PROSPECTUS

September 29, 2003

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

INDEMNIFICATION OF DIRECTORS AND OFFICERS

Colorado Law provides that a corporation may indemnify a person made a party to a proceeding because the person is or was a director against liability incurred in the proceeding if:

(a)

the person conducted himself or herself in good faith; and

(b)

the person reasonably believed:

(i)

in the case of conduct in an official capacity with the corporation, that his or her conduct was in the corporation's best interests; and

(ii)

in all other cases, that his or her conduct was at least not opposed to the corporation's best interest.

The law also provides that a corporation may not indemnify a director:

(a)

in connection with a proceeding by or in the right of the corporation in which the director was adjudged liable to the corporation; or

(b)

in connection with any other proceeding charging that the director derived an improper personal benefit, whether or not involving action in an official capacity, in which proceeding the director was adjudged liable on the basis that he or she derived an improper personal benefit.

Indemnification permitted under Colorado law in connection with a proceeding by or in the right of the corporation is limited to reasonable expenses incurred in connection with the proceeding. Unless limited by its articles of incorporation, Colorado law provides that a corporation shall indemnify a person who was wholly successful, on the merits or otherwise, in the defense of any proceeding to which the person was party because the person is or was a director, against reasonable expenses incurred by him or her in connection with the proceeding.

Colorado law further provides that a corporation may pay for or reimburse the reasonable expenses incurred by a director who is a party to a proceeding in advance of final disposition of the proceeding if:

(a)

the director furnishes to the corporation a written affirmation of the director's good faith belief that he or she met the standard of conduct described in the law;

Page 89 of 251

(b)

the director furnishes to the corporation a written undertaking, executed personally or on the director's behalf, to repay the advance if it is ultimately determined that he or she did not meet the standard of conduct; and

(c)

a determination is made that the facts then known to those making the determination would not preclude indemnification under Colorado law.

A corporation may not indemnify a director under Colorado law unless authorized in the specific case after a determination has been made that indemnification of the director is permissible in the circumstances because the director has met the standard of conduct set forth in the law. A corporation may not advance expenses to a director unless authorized in the specific case after the written affirmation and undertaking required by the law are received and the determination required by the law has been made.

The determinations required by Colorado law shall be made:

(a)

by the board of directors by a majority vote of those present at a meeting at which a quorum is present, and only those directors not parties to the proceeding shall be counted in satisfying the quorum; or

(b)

if a quorum cannot be obtained, by a majority vote of a committee of the board of directors designated by the board of directors, which committee shall consist of two or more directors not parties to the proceeding; except that directors who are parties to the proceeding may participate in the designation of directors for the committee.

Alternatively, the determination required to be made by the law may be made:

(a)

by independent legal counsel selected by a vote of the board of directors or the committee in the manner specified above or, if a quorum of the full board cannot be obtained and a committee cannot be established, by independent legal counsel selected by a majority vote of the full board of directors; or

(b)

by the shareholders.

Authorization of indemnification and advance of expenses shall be made in the same manner as the determination that indemnification or advance of expenses is permissible; except that, if the determination that indemnification or advance of expenses is permissible is made by independent legal counsel, authorization of indemnification and advance of the expenses shall be made by the body that selected such counsel.

Colorado law also provides that, unless otherwise provided in the articles of incorporation:

(a)

an officer is entitled to mandatory indemnification, and is entitled to apply for court-ordered indemnification, in each case to the same extent as a director;

(b)

a corporation may indemnify and advance expenses to an officer, employee, fiduciary or agent of the corporation to the same extent as to a director; and

(c)

a corporation may also indemnify and advance expenses to an officer, employee, fiduciary or agent who is not a director to a greater extent, if not inconsistent with public policy, and if provided for by its bylaws, general or specific action of its board of directors or shareholders or contract.

Colorado law further provides that a corporation may purchase and maintain insurance on behalf of a person who is or was a director, officer, employee, fiduciary or agent of the corporation, or who, while a director, officer, employee, fiduciary or agent of the corporation, is or was serving at the request of the corporation as a director, officer, partner, trustee, employee, fiduciary, or agent of another domestic or

foreign corporation or other person or of an employee benefit plan, against liability asserted against or incurred by the person in that capacity or arising from his or her status as a director, officer, employee, fiduciary, or agent, whether or not the corporation would have power to indemnify the person against the same liability under Colorado law.

Our articles of incorporation provide that the Board of Directors has the power to:

(a)

indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of Stockgroup), by reason of the fact that he or she is or was a director, officer, employee or agent of Stockgroup or is or was serving at our request as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorney's fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him or her in connection with such action, suit or proceeding if he or she acted in good faith and in a manner he reasonably believed to be in our best interests and, with respect to any criminal action or proceedings, had no reasonable cause to believe his or her conduct was unlawful;

(b)

indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of Stockgroup to procure a judgment in its favor by reason of the fact that he or she is or was a director, officer, employee or agent of Stockgroup or is or was serving at our request as a director, officer, employee or agent of Stockgroup or is or was serving at our request as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorney's fees) actually and reasonably incurred by him in connection with the defense or settlement of such action or suit if he acted in good faith and in a manner he or she reasonably believed to be in our best interests; but no indemnification shall be made in respect of any claim, issue or matter as to which such person has been adjudged to be liable for negligence or misconduct in the performance of his or her duty to Stockgroup unless and only to the extent

that the court in which such action or suit was brought determines upon application that, despite the adjudication of liability, but in view of all circumstances of the case, such person is fairly and reasonably entitled to indemnification for such expenses which such court deems proper;

(c)

indemnify a director, officer, employee or agent of Stockgroup to the extent that such person has been successful on the merits in defense of any action, suit or proceeding referred to in subparagraph (a) or (b) above or in defense of any claim, issue, or matter therein, against expenses (including attorney's fees) actually and reasonable incurred by him or her in connection therewith;

(d)

authorize indemnification under subparagraph (a) or (b) above (unless ordered by a court) in the specific case upon a determination that indemnification of the director, officer, employee or agent is proper in the circumstances because he has met the applicable standard of conduct set forth in subparagraph (a) or (b). Such determination shall be made by the Board of Directors by a majority vote of a quorum consisting of directors who were not parties to such action, suit or proceeding, or, if such a quorum is not obtainable or even if obtainable a quorum of disinterested directors so directs, by independent legal counsel in a written opinion, or by the shareholders;

(e)

authorize payment of expenses (including attorney's fees) incurred in defending a civil or criminal action, suit or proceeding in advance of the final disposition of such action, suit or proceeding as authorized in subparagraph (d) above upon receipt of an undertaking by or on behalf of the director, officer, employee or agent to repay such amount if it is ultimately determined that he or she is not entitled to be indemnified by Stockgroup; and

(f)

purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of Stockgroup or who is or was serving at our request as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability

asserted against him and incurred by him or her in any such capacity or arising out of his or her status as such, whether or not we would have the power to indemnify him or her against such liability under the provision of our Articles of Incorporation.

The indemnification provided by our Articles of Incorporation is not exclusive of any other rights to which those indemnified may be entitled under our bylaws, any agreement, vote of shareholders or disinterested directors or otherwise, and any procedure provided for by any of the foregoing, both as to action in his or her official capacity and as to action in another while holding such office, and shall continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of heirs, executors and administrators of such a person.

Our bylaws give effect to the foregoing provisions of our Articles of Incorporation.

We intend to enter into indemnification agreements with our directors and officers. These agreements provide, in general, that we will indemnify such directors and officers for, and hold them harmless from and against, any and all amounts paid in settlement or incurred by, or assessed against, such directors and officers arising out of or in connection with the service of such directors and officers as a director or officer of Stockgroup or its affiliates to the fullest extent permitted by Colorado law.

The Company intends to obtain liability insurance for its directors and officers covering, subject to exceptions, any actual or alleged negligent act, error, omission, misstatement, misleading statement, neglect or breach of duty by such directors or officers, individually or collectively, in the discharge of their duties in their capacity as directors or officers of Stockgroup.

LIMITATION OF LIABILITY AND INDEMNIFICATION MATTERS

We believe that provisions of our Articles of Incorporation and bylaws will be useful to attract and retain qualified persons as directors and officers. Our Articles of Incorporation limit the liability of directors and officers to the fullest extent permitted by Colorado law. This is intended to allow our directors and officers the benefit of Colorado's corporation law which provides that directors and officers of Colorado corporations may be relieved of monetary liabilities for breach of their fiduciary duties as directors, except under circumstances which involve acts or omissions which involve intentional misconduct, fraud or a knowing violation of law, or the payment of unlawful distributions.

We intend to enter into indemnification agreements with our directors and officers. These agreements will provide, in general, that we will indemnify and hold harmless such directors and officers to the fullest extent permitted by law against any judgments, fines, amounts paid in settlement, and expenses incurred in connection with, or in any way arising out of, any claim, action or proceeding against, or affecting, such directors and officers resulting from, relating to or in any way arising out of, the service of such persons as our directors and officers. Currently, directors and officers are entitled to the benefits of the limitation of liability provided under our charter documents and the laws of the State of Colorado.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

In the event that a claim for indemnification against such liabilities (other than our payment of expenses incurred or paid by a director, officer or controlling person in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, we will, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by us is

against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

1.

On April 3, 2000, we entered into a Convertible Note Purchase Agreement with two investors pursuant to which we issued \$3 million in convertible notes. The financing was led by Deephaven Capital Management LLC, a subsidiary of Knight/Trimark. Amro International S.A., managed by Rhino Advisors was an additional lender in the funding. The funding included \$3 million of 8% convertible notes and five-year callable warrants. The notes were convertible into common stock only after July 31, 2000. The notes may only have been converted if we did not make payment on a noteholder's prepayment request and were in receipt of a properly completed and executed conversion notice at any time thereafter, or if we would have sought to prepay the notes. Interest would have been paid in the form of cash or registered stock, at our option. The warrants permit the holders to acquire up to 181,818 shares of common stock. The placement agent in the transaction received warrants to purchase 90,909 common shares on the same terms as the warrants issued to the lenders. The issuances were made under Section 4(2) of the Securities Act and/or Regulation D promulgated under the Securities Act and were made without general solicitation or advertising. The purchasers were accredited investors with access to all relevant information necessary to evaluate these investments, and who represented to us that the shares were being acquired for investment. This agreement was restructured in February 2002, as described in Note 7 to the 2002 consolidated financial statements found elsewhere in this prospectus. The notes were fully repaid or converted by May 2003, and as of the date of this prospectus only the warrants remain outstanding.

2.

On August 17, 2000, Stockgroup completed a private placement with Mediastream Limited, a media company in Singapore, for the issuance of 116,935 shares at \$3.72 each for gross cash proceeds of \$435,000. The issuances were made under Regulation S of the Securities Act.

3.

On August 24, 2000, Stockgroup completed a private placement with Continental Capital & Equity Corporation, a financial relations and direct marketing advertising firm in Canada, for the issuance of 100,000 shares and 100,000 warrants in exchange for publicity services. The transaction was recorded at a fair value of \$162,500 for the shares based on the closing price of the stock on the day of the agreement and \$81,000 for the warrants based on the fair value of the warrants under the Black-Scholes option pricing formula. The issuances were made under Regulation S of the Securities Act. On June 30, 2001 the warrants under this private placement were cancelled.

4.

On January 18, 2001, we issued 10,000 common shares to Value Relations IR Services GmbH in exchange for consulting services. The transaction was recorded at a fair value of \$9,690 for the common shares based on the closing stock price on the date of the agreement. The issuance was made under Regulation S of the Securities Act.

5.

On January 19, 2001, we closed a \$0.5 million financing from a group of seven unaffiliated investors pursuant to a Securities Purchase Agreement, under Section 4(2) of the Securities Act. The funding included \$0.5 million of 3% convertible debentures and four-year warrants. The warrants were issued on a pro-rata basis, with each debenture-holder receiving one Series A warrant for each dollar of debentures purchased and 3 Series B warrants for each five dollars of debentures purchased. The debentures mature on December 31, 2003 and are convertible into common shares upon the earlier to occur of March 25, 2001 or the effective date of the registration of the shares issuable upon conversion of the debentures and exercise of the warrants. All the investors in this financing were accredited investors within the meaning of Rule 501(a) of Regulation D.

We filed a registration statement on Form SB-2 for the investors' resale of the shares underlying the debentures, the shares issuable, if any, in payment of interest on the debentures, and the shares underlying the warrants, which registration statement became effective on April 4, 2001. There was no placement agent in the transaction.

On March 16, 2002, we issued 250,000 warrants to a consultant under Section 4(2) of the Securities Act, each warrant having an exercise price of \$0.30 and an expiry date of September 15, 2003. None of the warrants were exercised before the expiry date.

On March 25, 2002, we completed a \$0.4M financing with 22 unaffiliated investors pursuant to a Subscription Agreement under Section 4(2) of the Securities Act. The funding included 2,000,000 units consisting of one common share and one warrant each, at a price of \$0.20 per unit, plus 51,000 common shares at a price of \$0.20 per share. The warrants have an exercise price of \$0.30 and an expiry date of September 30, 2003. The 2,051,000 common shares were issued to the investors on April 1, 2002.

On June 28, 2002, we issued 2,080,000 common shares to Stockhouse Media Corporation in exchange for certain Web site and technology assets, valued at the market price of the shares issued of \$424,320 under Regulation 5 of the Securities Act.

On December 31, 2002, we completed a \$544,600 financing with 28 unaffiliated investors pursuant to a Subscription Agreement under Section 4(2) of the Securities Act. The funding included 3,403,750 units consisting of one common share and one warrant each, at a price of \$0.16 per unit. Each two warrants are exercisable at \$0.22 per common share and they expire on December 31, 2003. The placement agent in this transaction was Bolder Investment Partners, who received 150,000 agent's warrants, each exercisable for one common share at \$0.16 until December 31, 2003, as a placement fee.

On June 4, 2003 and July 16, 2003, we issued in two parts, 3,742,800 units at C\$0.37 (US\$0.27) per unit under a Short Form Offering in British Columbia and Alberta, Canada, under Regulation S of the Securities Act. Gross proceeds were C\$1,384,836 (US\$1,010,556) and there were 208 subscribers. Each unit consisted of one common share and one warrants, with each two warrant exercisable for one common share at C\$0.75 (US\$0.55) for 12 months from date of issue. In addition, we issued 374,280 agent options as a placement fee to a group of 7 agents led by First Associates Investments Inc., each agent's option entitling the holder to purchase one unit as described above for C\$0.37 (US\$0.27) for 24 months from date of issue.

In the event that SMC shall elect not to contribute to a Joint Venture deficit or cash call at any time then Stockgroup shall pay such SMC deficit or cash call and shall convert any such Joint Venture deficit of SMC, within no less than 10 business days of SMC electing (or deemed to elect in accordance with Management Committee policies) not to contribute, by applying a dilution factor of one (1%) percent for each \$15,000 of deficiency (such aggregate diluted interest called the "Dilution Interest"); and

Upon the expiration of the Carry Period and for a term of 60 days thereafter, SMC may elect to re-purchase all or any of the Dilution Interest at \$15,000 per one (1%) percent (with no attribution of interest).

(ii)

deliver to the Joint Venture the SMC Assets free and clear of all liens, encumbrances and charges (such SMC Assets shall be delivered on or before the acquisition by Stockgroup of the Acquired Assets, as determined by the Management Committee, and upon closing of the acquisition by Stockgroup of the Acquired Assets, the same shall be recorded upon the books of the Joint Venture as acquired and contributed by Stockgroup).

5.03

The Purchase Shares shall be delivered into trust with counsel for Stockgroup for delivery to SMC or returned to Stockgroup and the Joint Venture may be terminated or continue in accordance with the following circumstances and elections:

(a)

in the event that ONNI shall determine to participate in investment and business of SMC, which shall occur on or before July 31, 2002 failing which Stockgroup may grant extensions and invest not less than \$1,000,000 and the Encumbrances removed (or otherwise dealt with in a manner acceptable to Stockgroup) then the Joint Venture shall continue for its term and the Purchase Shares shall be delivered to SMC;

in the event that ONNI does not invest in SMC but the Encumbrances are removed (or otherwise dealt with in a manner acceptable to Stockgroup) then the Joint Venture shall terminate and Stockgroup shall acquire all of the SMC Assets (including the Acquired Interest) for a price equal to the Purchase shares plus an additional 1,120,000 common shares of Stockgroup;

(c)

in the event that ONNI does not invest in SMC and the Encumbrances are not removed or dealt with in a manner acceptable to Stockgroup then, at Stockgroup's election, this Agreement shall terminate, the Purchase Shares shall be returned to Stockgroup for return to treasury, and the SMC Assets (including the Acquired Assets) shall be returned to SMC and the Stockgroup Assets shall be returned to Stockgroup.

5.04

Following the initiation of the Joint Venture and subject to the terms of section 5.01 above, the Parties shall contribute to Costs in proportion to their Interests and in accordance with cash calls by the Management Committee or the Operator. Costs contributed by Stockgroup may be assumed by incurring of unpaid operating charges, services, and other Costs borne by Stockgroup as Operator and may be debited against cash calls.

6.

CALCULATION OF REVENUE

6.01

Stockgroup shall receive 65% of the Revenues and SMC shall receive 35% of the Revenues of the Joint Venture. The Revenue of the Joint Venture distributable to the Participants shall be calculated from gross revenue of the Joint Venture from all sources less Costs. Such Revenue shall be calculated before income tax and other such costs which are attributable only to the Participants. Revenues shall be distributed at such time and in such manner as may be determined in accordance with the policies of the Management Committee but, absent agreement to the same, shall be payable no less than quarterly. The Management Committee shall retain such reserves for approved budgets and working capital as the Management Committee shall consider prudent. In the event of error of Revenue calculation, or

(c)

if it is made pursuant to a third Party offer, clearly identify the offering Party and include such information as is known by the Offeror about such offering Party;

and such communication will be deemed to constitute an Offer by the Offeror to the Offerees to sell the Offeror's Interest or its rights (or a portion thereof as the case may be) under this Agreement to the Offerees on the terms and conditions set out in such Offer.

12.05

Any Offer made as contemplated in sub-paragraph 12.04 shall be open for acceptance by one or more Offerees, and if more than one, then pro-rata by the Offerees, for a period of thirty (30) days from the date of receipt by the Offerees. The whole of the Offer must be accepted and if there are more than one Offeree, and one or more refuse their pro-rata portion, then the same may be accepted by the other Offerees in whole, but pro rata if more than one.

12.06

If one or more of the Offerees accept the Offer, such acceptance shall constitute a binding agreement of purchase and sale between the Offeror and the Offerees, or of such one or more of them as accept the Offer on the terms and conditions set out in such Offer.

12.07

If none of the Offerees accept the Offer, or do accept but fail to close the transaction contemplated thereby, the Offeror may complete a sale and purchase of its Interest, or a portion thereof or rights under this Agreement, for up to six months thereafter on terms and conditions not less favorable to the Offeror than those set out in the Offer.

12.08

While any Offer is outstanding, no other Offer may be made until the first Offer is disposed of and any sale resulting therefrom completed or abandoned in accordance with the provisions of this part.

12.09

Before the completion of any sale by a Party of its Interest or rights, or any portion thereof, under this Agreement, the purchasing party shall enter into an agreement with the Parties not selling on the same terms and conditions, mutatis mutandis, as set out in this Agreement.

12.10

Each Party agrees that its failure to comply with the restrictions set out in this section would constitute an injury and result in damage to the other Parties impossible to measure monetarily and, in the event of such failure, the other Parties shall, in addition and without prejudice to any other rights and remedies at law or in equity, be entitled to injunctive relief restraining or enjoining any sale of any Interest or rights under this Agreement, save in accordance with the provisions of this section, and any Party intending to make a sale or making a sale contrary to the provisions of this section hereby waives any defense it might have in law to such injunctive relief.

CONFIDENTIALITY AND COMPETITION

13.1

From the Effective Date and during this Agreement SMC will not engage in any business which reasonably may detract from, compete with or conflict with the Business, without disclosure to the Management Committee, and will not do so if a Party reasonably objects. However, this shall not prejudice the right or ability of a SMC to pursue existing business (except the business which is being transferred to the Joint Venture) or opportunities which have been disclosed to the Parties or appear on the public record nor prejudice future opportunities which, by standards of the industry, are not directly competitive with the Business.

13.2

A Party hereunder will not, except as authorized or required by the Party's duties hereunder or as flow as a consequence of law or contract of sale (for example consequent upon reporting requirements of a public company or consequent upon a merger or consequent upon a sale of Interests by a Party hereto), reveal or divulge to any person or companies any Confidential Information concerning the Joint Venture or its Business or of any of the Parties or of any Affiliates, which may come to the Party's knowledge during this Agreement, and the Parties will keep in complete secrecy all Confidential Information and will not use or attempt to use any such Confidential Information in any manner which may injure or cause loss either directly or indirectly to the Joint Venture's Business. This restriction will continue to apply after the termination of this Agreement without limit in point of time but will cease to apply to information or knowledge which may come into the public domain through no act or fault of the alleged offending Party. During this Agreement and for a period of one year following the termination the Party (the "*Leaving Party*") which has left the Joint Venture (whether by default, removal by loss of all Interest or removal by exercise of Option), excepting only wind-up with distribution to each Party of Joint Venture Assets (in which case both Parties shall be free to conduct the Business in competition) shall not enter into any activity which would cause restriction or competition to the Business thereby remaining with the other Party (the "*Remaining Party*") and, without restricting the generality, shall not enter into the service of any competitor, shall not provide to any party Confidential Information which would allow such party to compete with the Remaining Party, shall not accept any position or effect any investment with a party which competes with the Remaining Party or which intends to compete with the Remaining Party, nor take any steps which would negatively affect the Remaining Party including such acts as inducing customers or members of the Remaining Party to leave the Remaining Party. The Leaving Party will also refrain from effecting negative acts in respect to the Remaining Party both including refraining from such acts as spreading false or malicious rumors, comment, or innuendo, initiating communications which bring the reputation of the Remaining Party in disfavor or under suspicion, or otherwise effecting negative acts or campaigns towards the Remaining Party.

13.3

The Parties acknowledge that the Confidential Information is crucial to the Business and to the Parties individually and that in the event of unauthorized disclosure or use of the Confidential Information, which the Parties acknowledge

would be an act of bad faith as well as a breach of this undertaking, the damage will be irreparable or the affected Party will not be adequately compensated by monetary award. Accordingly, the offending Party agrees that in the event of any such breach, the affected Party shall be entitled as a matter of right, without notice and prior to service of an originating action in British Columbia and on an ex parte application, to apply to a Court of competent jurisdiction in British Columbia, for determination in accordance with British Columbia law, for relief by way of restraining

The Parties hereby acknowledge and agree that all personally possessed or Joint Venture property, including without limitation, all books, manuals, records, reports, notes, contracts, lists, and other documents, Confidential Information, copies of any of the foregoing, and equipment furnished to or prepared by the Joint Venture or a Party for such and in the course of or incidental to the Business or this Agreement, all belong to the Joint Venture and shall be promptly returned to the Joint Venture upon termination; and

(b)

The Parties acknowledge that all Confidential Information is received or developed in confidence and for the exclusive benefit of the Joint Venture and the successors thereof. During this Agreement and thereafter in accordance with this Agreement's restrictions, Parties will not, directly or indirectly, except as required by the normal business of the Joint Venture or expressly consented to in writing by the Management Committee:

14.02

The Project

Stockhouse has built an Internet financial media company that has succeeded in attracting a high amount of targeted traffic. The cost of servicing the Stockhouse Internet sites including but not limited to Stockhouse.ca, Stockhouse.com and Stockhouse.com.au exceeds the revenue that Stockhouse has been able to generate from its media properties. Stockgroup has built an Internet financial media and technology company, but has been more successful in generating revenue both in relationship to its costs and in relationship to Stockhouse.

Stockgroup uses and pays for the services of a number of content and data providers that are also used by Stockhouse. Stockgroup employs a variety of personnel that have the skills necessary to operate significant portions of the Stockhouse Internet sites. Stockgroup owns and operates a significant amount of the equipment necessary to operate the Stockhouse sites. Stockgroup has achieved a greater degree of success than Stockhouse in utilizing its technologies, infrastructure and marketing expertise to generate revenue.

The project is to reduce the combined costs of Stockhouse and Stockgroup by eliminating duplication of services and costs such as content and data providers, personnel, equipment, and premises and to increase revenues through a combining of the sales and marketing resources of the two companies and through the combining of service offerings to customers.

The project will be managed by Stockgroup who will use its management and infrastructure to reduce the combined costs of the two entities and to increase the revenues of the entities.

"Unless permitted under securities legislation in British Columbia or Alberta, the holder of the securities shall not trade the securities before the earlier of (i) the date that is 12 months and a day

Page 136 of 251

after the date the issuer first became a reporting issuer in any of Alberta, British Columbia, Manitoba, Nova Scotia, Ontario, Quebec and Saskatchewan, if the issuer is a SEDAR filer; and (ii) the date that is 12 months and a day after the later of (A) the distribution date, and (B) the date the issuer became a reporting issuer in the local jurisdiction of the purchaser of the securities that are the subject of the trade."

It is acknowledged by the parties hereto that the Company will attempt to acquire the benefit of four month hold periods to the Securities for the benefit of British Columbia and Alberta subscribers (and any subscribers in other provinces who may participate where such is permitted) by application to listing on the TSX Venture Exchange and filing of an AIF under the policies of such jurisdictions. However, it is acknowledged that the Company will make reasonable commercial efforts to effect such and there is no warranty that such will occur. In the event of failure of the same the forgoing restrictions will apply and the investor is also directed to the terms of section 2 under the section headed "Additional Investment Subscription Terms, Corporate Disclosure and General Subscriber Acknowledgements and Warranties" below.

METHOD OF SUBSCRIPTION

A subscription shall be made by delivering to the Company or its agent a signed and fully completed copy of this subscription agreement (with a 'risk acknowledgement declaration' if subscribing pursuant to an offering memorandum) and the Subscription Price made to the order of the Company or its designated agent.

The Company shall return to the Subscriber the Subscription Price, or such amount as has not been accepted, as to such part of the subscription which the Company has not accepted.

Should the Subscriber's subscription be submitted to the solicitors for the Issuer and payment delivered to the solicitors in trust then the Subscriber agrees that the solicitors shall have no accountability to the Subscriber whatsoever, and acknowledges that the solicitors are merely recipients for the Issuer and have no solicitors obligations of any nature to the Subscriber. The only duty the solicitors shall have is to deliver the subscription agreement and the subscription monies to the Issuer and the solicitors shall require no further instruction other than this paragraph from the Subscriber in order to deliver the same to the Issuer. Under no circumstances shall the Company's solicitors be considered to be giving legal or other advice or services to the Subscriber and no communication between the Subscriber and such solicitors shall be considered advice (at the most only administrative subscription assistance on behalf of the Company) but the Subscriber shall rely solely and exclusively on his own judgement and the advice of his own counsel.

ADDITIONAL INVESTMENT SUBSCRIPTION TERMS, CORPORATE DISCLOSURE AND GENERAL SUBSCRIBER ACKNOWLEDGMENTS AND WARRANTIES

1.

Description of the Securities. The Securities are a part of the common shares of the Company. The Company's authorized capital consists of 75,000,000 common shares without par value, of which 15,875,768 shares were issued and outstanding as of August 20, 2002, and 5,000,000 preferred shares without par value, of which no shares were issued and outstanding as of August 20, 2002. Copies of the constating documents of the Company describing the common securities and the rights of holders and other corporate materials of the Company are available upon request.

2.

Closing of subscription and Use of Funds of the Securities. The Subscriber agrees that closing of this subscription, and completion of the transaction, is subject to and deferred until listing of the Issuer on the TSX Venture Exchange and until completion of an effective AIF filing ("Closing Conditions"). Notwithstanding such deferral the subscription monies shall be advanced to the Issuer to reserve the Subscriber's subscription and the Issuer may employ such funds for its business purposes nor shall such funds be considered a loan and shall not bear interest but shall constitute solely a reservation of subscription and advance of funds. The Subscriber shall not demand return of its subscription unless the Closing Conditions have not occurred for a period in excess of one year from the date of this subscription. Notwithstanding the Closing Conditions the Issuer may elect to waive the Closing Conditions on or before such one year subject to the Issuer being a trading issuer in good standing on the OTCBB or another public exchange and subject to the Issuer proceeding to file an amended or new SB-2 qualifying the Securities unless the Shares of the Securities otherwise have the benefit of an exemption permitting trading. The Subscriber acknowledges that the funds to be raised from the Securities are to be employed for the business of the Company in accordance with management's determination as to the best use of the same for the Company's business plans. Notwithstanding any disclosure document provided concurrent with this subscription the Company reserves the right at any time to alter its business plans in accordance with management's appreciation of the market for the goods and services of the Company and the best use of the Company's funds to advance its business, whether present or future.

3.

Securities Issued at Different Prices and Characteristics. The Subscriber acknowledges that the Company will issue its securities at different prices which may occur sequentially, from time-to-time, or at the same time. The Company will also issue offerings which have warrants, or other benefits, attached and some offerings which do not. Not all subscribers will receive common shares, or other share classes, of the Company at the same price and such may be issued at vastly different prices to that of the Subscriber. For example, the Company

has or may issue Securities at nominal prices for developmental assets (which cannot be valued and so may be assigned a nominal value on the Company's books) or for services or to attract expertise or management talent or other circumstances considered advisable by the board of directors. Such issuance at different prices are made by the board in its judgement as to typical structuring for a company such as the Company, to incentivise, reward, and to provide a measure of developmental control, to acquire assets or services which the board considers necessary or advisable for the Company's development and success, and other such considerations in the board's judgement. The Subscriber acknowledges these matters, understands that the Subscriber's investment is not necessarily the most advantageous investment in the Company, and authorizes the Board now and hereafter to use its judgement to make such issuances whether such issuances are at a lesser, equal or greater price than that of the Subscriber and whether such is prior to, concurrent with, or subsequent to the Subscriber's investment. The Subscriber acknowledges that the Subscriber has had disclosed to the Subscriber that the Company has issued securities at different prices and with different characteristics, the Subscriber has had the opportunity for full disclosure and questions in respect thereto, and the Subscriber accepts without equivocation the securities structure and pricing of the Company by subscription hereto.

4.

Subscriber's Acknowledgments. The Subscriber agrees and acknowledges that:

(a)

Withdrawal or Revocation. This Subscription Agreement is given for valuable consideration and shall not be withdrawn or revoked by the Subscriber once tendered with the Subscription Price except for Subscribers in British Columbia or Alberta subscribing by offering memorandum exemption who shall have a right to cancel the subscription by midnight on the second business day after the Subscriber has signed this agreement;

(b)

Agreement to be Bound. The Subscriber hereby specifically agrees to be bound by the terms of this Subscription Agreement as to all particulars hereof and hereby reaffirms the acknowledgments, representations, and powers set forth in this Subscription Agreement;

(c)

Reliance on Subscriber's Representations. The Subscriber understands that the Company will rely on the acknowledgments, representations, and covenants of the Subscriber herein in determining whether a sale of the Securities to the Subscriber is in compliance with applicable securities laws. The Subscriber warrants that all acknowledgments, representations and covenants are true and accurate;

Page 139 of 251

(d)

Waiver of Preemptive Rights. The Subscriber hereby grants, conveys, and vests the President of the Company as the Subscriber's power of attorney solely for the purpose of waiving any prior or preemptive rights which the Subscriber may have to further issues of equity by the Company.

5.

Subscriber's Representations, Warranties, and Understandings. The Subscriber represents and warrants to the Company and states that:

(a)

Principal. The Subscriber is purchasing the Securities as principal for his own account and not for the benefit of any other person except as otherwise stated herein, and not with a view to the resale or distribution of all or any of the Securities;

(b)

Decision to Purchase. The decision of the Subscriber to enter into this agreement and to purchase Securities pursuant hereto has been based only on the representations of this agreement and any collateral business plan or offering memorandum provided herewith. It is not made on other information relating to the Company and not upon any oral representation as to fact or otherwise made by or on behalf of the Company or any other person. The Subscriber agrees that the Company assumes no responsibility or liability of any nature whatsoever for the accuracy, adequacy or completeness of any business plan information, which has been created based upon the Company's management experience. In particular, and without limiting the generality of the foregoing, the decision to subscribe for Securities has not been influenced by:

(i)

Newspaper, magazine or other media articles or reports related to the Company or its business; or

(ii)

Promotional literature or other materials used by the Company for sales or marketing purposes; or

(iii)

Any representations, oral or otherwise, that the Securities will be repurchased or have any guaranteed future realizable value, or that there is any certainty as to the success of the Company or liquidity or value of the Securities.

(c)

Economic Risk. The Subscriber has such knowledge and experience in financial and business affairs as to be capable of evaluating the merits and risks of his investment in the Securities, or has sought and received independent professional advice, and the Subscriber is able to bear the economic risk of a total loss of the Subscriber's investment in the Securities;

(d)

Speculative Investment. The Subscriber understands that an investment in the Securities is a speculative investment, that there is no guarantee of success of Management's plans and that any offering memorandum or business plan provided to the Subscriber is made based upon business experience to date and management's reasonable efforts at disclosure and is subject to error and subject to be proven wrong by future events and experience. Management's plans are an effort to apply present knowledge and experience to project a future course of action which is hoped will result in financial success employing the Company's assets and with the present level of management's skills and of those whom the Company will need to attract (which cannot be assured). Additionally, all plans are capable of being frustrated by new or unrecognized or unappreciated present or future circumstances which can typically not be accurately, or at all, predicted.

(e)

Status. If the Subscriber has stated that he is not a U.S. person, as defined under the United States *Securities Act of 1933*, as amended (the "*U.S. Act*"), then he declares unequivocally that he is not a US person and was not offered the Securities in the United States (as that term is defined in the U.S. Act), and did not execute or deliver this Agreement in the United States. If the Subscriber is a US person then such has been declared in this document by noting the Subscriber as having a US address below, completing the declarations at the commencement of this document (all of which are truly stated), and the Subscriber qualifies as an eligible investor (by virtue of having the requisite personal wealth and income and/or qualifying under other appropriate exemption) under the relevant securities laws;

(f)

Address. The Subscriber is resident as set out on the last page of this Agreement as the "Subscriber's Address" and the address set forth on the last page of this Agreement is the true and correct address of the Subscriber;

(g)

Risk and Resale Restriction. The Subscriber is aware of the risks and other characteristics of the Securities and of the fact that the Subscriber will not be able to resell the Securities except in accordance with the applicable securities legislation and regulatory policy;

(h)

Receipt of Information. The Subscriber acknowledges that, to his satisfaction:

(i)

He has either had access to or has been furnished with sufficient information regarding the Company and the terms of this investment transaction to his satisfaction;

(ii)

He has been provided the opportunity to ask questions concerning this investment transaction and the terms and conditions thereof and all such questions have been answered to his satisfaction; and

(iii)

He has been given ready access to and an opportunity to review any information, oral or written, that he has requested, in particular to any offering memorandum or business plan of the Company, if available concurrent with or as a part of this subscription;

(i)

No Prospectus filing. The Subscriber acknowledges that this is an offering made on a private basis without a prospectus and that no federal, state, provincial or other agency has made any finding or determination as to the merits of the investment nor made any recommendation or endorsement of the Securities, and that:

(i)

The Subscriber may be or is restricted from using most of the civil remedies available under the applicable securities act; and

(ii)

The Company is relieved from certain obligations that would otherwise apply under the applicable securities act;

(j)

Confidentiality. The Subscriber understands that the Company's business plan and this Agreement are confidential. The Subscriber will not and has not distributed such, or divulged the contents thereof, to anyone other than such legal

or financial advisors as the Subscriber has deemed desirable for purposes of evaluating an investment in the Securities and the Subscriber has not made any copies thereof except for his own records;

(k)

Age of Majority. The Subscriber, if an individual, has attained the age of majority and is legally competent to execute this Agreement and to take all actions required pursuant hereto;

(l)

Authorization and Formation of Subscriber. The Subscriber, if a corporation, partnership, trust or other form of business entity, is authorized and otherwise duly qualified to purchase and hold the Securities and such entity has not been formed for the specific purpose of acquiring Securities in the Offering. If the Subscriber is one of the aforementioned entities, it hereby agrees that upon

Page 142 of 251

request of the Company it will supply the Company with any additional written information that may be requested by the Company;

Page 143 of 251

(m)

Legal Obligation. This Agreement has been duly and validly authorized, executed and delivered by and constitutes a legal, valid, binding and enforceable obligation of the Subscriber;

(n)

Compliance With Applicable Laws. The Subscriber knows of no reason (and is sufficiently knowledgeable to determine the same or has sought legal advice) why the delivery of this Agreement, the acceptance of it by the

Company and the issuance of the Securities to the Subscriber will not comply with all applicable laws of the Subscriber's jurisdiction of residence or domicile, and all other laws applicable to the Subscriber, and the Subscriber has no reason to believe that the Subscriber's subscription hereby will cause the Company to become subject to or required to comply with any disclosure, prospectus or reporting requirements or to be subject to any civil or regulatory review or proceeding. The Subscriber will comply with all applicable securities laws and will assist the Company in all reasonable manners to comply with all applicable securities laws; and

(o)

Encumbrance or Transfer of Securities. The Subscriber will not sell, assign, gift, pledge or encumber in any manner whatsoever the Securities herein subscribed without the prior written consent of the Company and in accordance with applicable securities laws.

The Subscriber agrees that the above representations and warranties of the Subscriber will be true and correct as of the execution of and acceptance of this Agreement and will survive the completion of the issuance of the Securities. The Subscriber understands that the Company will rely on the representations and warranties of the Subscriber herein in determining whether a sale of the Securities to the Subscriber is in compliance with law and the Subscriber warrants to indemnify and hold harmless the Company from all damages or claims resulting from any misrepresentation by the Subscriber.

6.

Material Changes. The Subscriber undertakes to notify the Company immediately should there be any material change in the foregoing warranties and representations and provide the Company with the revised or corrected information. The Subscriber hereby agrees to indemnify and hold the Company and its affiliates harmless from and against any and all matters incurred on account of or arising out of:

(a)

Any inaccuracy in the Subscriber's acknowledgments, representations or warranties set forth in this Agreement;

(b)

The Subscriber's disposition of any of the Securities contrary to the Subscriber's acknowledgments, representations or warranties in this Agreement;

(c)

Any suit or proceeding based upon a claim that said acknowledgments, representations or warranties were inaccurate or misleading or otherwise cause for obtaining damages or redress from the Company or its affiliates or the disposition of all or any part of the Subscriber's Securities; and

(d)

The Subscriber's failure to fulfill any or all of the Subscriber's obligations herein.

7.

Address for Delivery. Each notice, demand or other communication required or permitted to be given under this Agreement shall be in writing and shall be sent by delivery (electronic or otherwise) or prepaid registered mail addressed to the Subscriber or the Company at the addresses specified in this Agreement. The date of receipt of such notice, demand or other communication shall be the date of delivery thereof if delivered, or, if given by registered mail as aforesaid, shall be deemed conclusively to be the fifth day after the same shall have been so mailed, except in the case of interruption of postal services for any reason whatsoever, in which case the date of receipt shall be the date on which the notice, demand or other communication is actually received by the addressee.

8.

Change of Address. Either party may at any time and from time to time notify the other party in writing of a change of address and the new address to which notice shall be given to it thereafter until further change.

9.

Severability and Construction. Each section, sub-section, paragraph, sub-paragraph, term and provision of this Agreement, and any portion thereof, shall be considered severable, and if, for any reason, any portion of this Agreement is determined to be invalid, contrary to or in conflict with any applicable present or future law, rule or regulation, that ruling shall not impair the operation of, or have any other effect upon, such other portions of this Agreement as may remain otherwise intelligible (all of which shall remain binding on the parties and continue to be given full force and agreement as of the date upon which the ruling becomes final). The word "he" in this Agreement shall also mean she or it relative to the identity of the Subscriber.

10.

Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the province of British Columbia

Page 145 of 251

and the laws of Canada applicable therein. Any dispute regarding matters as between the Subscriber and the Company, whether as a subscriber or shareholder and whether arising under this Agreement or pursuant to shareholder rights pursuant to the constating documents of the Company or applicable law, shall be adjudicated exclusively in British Columbia unless the Company shall permit otherwise.

11.

Survival of Representations and Warranties. The covenants, representations and warranties contained herein shall survive the closing of the transactions contemplated hereby.

12.

Counterparts. This Agreement may be signed by the parties hereto in as many counterparts as may be necessary, each of which so signed shall be deemed to be an original, and such counterparts together shall constitute one and the same instrument and notwithstanding the date of execution will be deemed to bear the execution date as set forth in this Agreement. This Agreement may be executed and exchanged by facsimile and such facsimile copies shall be valid and enforceable agreements.

13.

Entire Agreement. This Agreement constitutes the only agreement between the parties with respect to the subject matter hereof and shall supersede any and all prior negotiations and understandings. There are no collateral agreements or understandings hereto and this Agreement, and the documents contemplated herein, constitutes the totality of the parties' agreement. This Agreement may be amended or modified in any respect by written instrument only.

14.

Successors and Assigns. The terms and provisions of this Agreement shall be binding upon and enure to the benefit of the Subscriber, the Company and their respective successors and lawfully permitted assigns; provided that, except as herein provided, this Agreement shall not be assignable by any party without the written consent of the other. The benefit and obligations of this Agreement, insofar as they extend to or affect the Subscriber, shall pass with any assignment or transfer of the Securities in accordance with the terms of this Agreement.

The right to purchase shares conferred by the Warrants may be exercised, before the Time of Expiry, by the Holder of such Warrant surrendering it, with a duly completed and executed subscription in the form attached thereto and cash or a certified cheque or money order payable to or to the order of the Company, in Vancouver, British Columbia, for the purchase price applicable at the time of surrender in respect of the shares subscribed for in lawful money of the United States, to the Company at its principal office in the City of Vancouver.

Section 4.02 - Effect of Exercise of Warrants

As soon as practicable after surrender and payment, and subject to the terms and conditions set forth herein, the Company will cause to be delivered to the person or persons in whose name or names the shares subscribed for are to be issued as specified in such subscription or mailed to him or them at his or their respective addresses specified in such subscription, a certificate or certificates for the appropriate number of shares not exceeding those which the Warrant Holder is entitled to purchase pursuant to the Warrant surrendered. Upon issuance, such person or persons shall be deemed to have become the holder or holders of record of such shares on the date of surrender and payment.

Section 4.03 - Subscription for Less than Entitlement

The Holder of any Warrant may subscribe for and purchase a number of shares less than the number which he is entitled to purchase pursuant to the surrendered Warrant. In the event of any purchase of a number of shares less than the number which can be purchased pursuant to a Warrant, the Company will issue, without charge, a new Warrant in respect of the balance of the shares which the Holder was entitled to purchase pursuant to the surrendered Warrant and which were not then purchased.

Section 4.04 - Warrants for Fractions of Shares

No fractional shares shall be issued upon exercise of the Warrants. If any fractional interest in a share would, except for the provisions of the first sentence of this Section 4.04, be deliverable upon the exercise of a Warrant, the number

of shares to be issued to the Warrant Holder upon exercise of the Warrant shall be rounded up to the next whole number.

Section 4.05 - Expiration of Warrants

After the Time of Expiry all rights attaching to the Warrants will wholly cease and terminate and the Warrants will be void and of no effect.

Section 4.06 - Exercise Price

The price per share which must be paid to exercise a Warrant (the "*Exercise Price*") is as set forth on the face of the Warrant certificate, subject to adjustment as provided for herein.

Section 4.07 - Adjustment of Number of Shares

(1)

The number of shares deliverable upon the exercise of the Warrants will be subject to adjustment from time to time as follows:

(a)

if and whenever, at any time from the Issuance Date until the Time of Expiry, the Company shall:

(i)

subdivide, redivide or change its outstanding shares into a greater number of shares;

(ii)

reduce, combine or consolidate its outstanding shares into a smaller number of shares; or

(iii)

issue shares to all or substantially all of the holders of shares by way of a stock distribution (other than the issue of shares to holders of shares as dividends by way of stock dividend in lieu of a cash dividend paid in the ordinary course or pursuant to any dividend reinvestment plan of the Company in force from time to time);

the number of shares obtainable under each Warrant shall be adjusted immediately after the effective date of such subdivision, redivision, change, reduction, combination, consolidation or stock dividend by multiplying the number of shares theretofore obtainable on the exercise of the Warrants by a fraction of which the numerator shall be the

Page 160 of 251

total number of shares outstanding immediately after such date and the denominator shall be the total number of shares outstanding immediately prior to such date. Such adjustment shall be made successively whenever any event referred to in this subsection shall occur;

(b)

if and whenever, at any time from the Issuance Date and prior to the Time of Expiry, there is a reclassification of the shares or a capital reorganization of the Company other than as described in subsection 4.07(1)(a) or a consolidation, amalgamation, merger, arrangement or other form of business combination of the Company with or into any other body corporate, trust, partnership or other entity, or a sale, lease, exchange or conveyance of the property and assets of the Company as an entirety or substantially as an entirety to any other body corporate, trust, partnership or other entity, any Warrant Holder who has not exercised its right of acquisition, as at the effective date of such reclassification, capital reorganization, consolidation, amalgamation, merger, sale or conveyance, upon the exercise of such right thereafter, shall be entitled to receive and shall accept, in lieu of the number of shares such Warrant Holder would otherwise be entitled to acquire, the number of shares or other securities or property of the Company or of the body corporate, trust, partnership or other entity resulting from such merger, amalgamation or consolidation, or to which such sale or conveyance may be made, as the case may be, that such Warrant Holder would have been entitled to receive on such reclassification, capital reorganization, consolidation, amalgamation, merger, sale or conveyance, if, on the record date or the effective date thereof, as the case may be, the Warrant Holder had been the registered holder of the number of shares to which such Warrant Holder was theretofore entitled upon such exercise;

(c)

if and whenever, at any time from the Issuance Date until the Time of Expiry, the Company shall fix a record date for the issuance of rights, options or warrants to all or substantially all of the holders of shares entitling the holders thereof, within a period expiring not more than 45 days after the date of issue thereof, to subscribe for or purchase shares (or securities convertible into or exchangeable for shares) at a price per share (or having a conversion or exchange price per share) less than 95% of the Current Market Price on the earlier of such record date and the date on which the Company announces its intention to make such issuance, then, in each such case, the number of shares obtainable under a Warrant will be adjusted immediately after such record date so that it will equal the rate determined by multiplying the number of shares

Page 161 of 251

theretofore obtainable on the exercise of a Warrant in effect on such record date by a fraction, of which the denominator shall be the total number of shares outstanding on such record date plus a number of shares equal to the number arrived at by dividing the aggregate price of the total number of additional shares so offered for subscription or purchase (or the aggregate conversion or exchange price of the convertible or exchangeable securities so offered) by such Current Market Price, and of which the numerator shall be the total number of shares outstanding on such record date plus the total number of additional shares so offered for subscription or purchase (or into or for which the convertible or exchangeable securities so offered are convertible or exchangeable). To the extent that any such rights, options or warrants are not so issued or any such rights, options or warrants are not exercised prior to the expiration thereof, the number of shares obtainable upon exercise of the Warrants will then be readjusted to the number of shares obtainable upon exercise of the Warrants which would then be in effect if such record date had not been fixed or to the number of shares obtainable upon exercise of the Warrants which would then be in effect based upon the number of shares (or securities convertible into or exchangeable for shares) actually issued upon the exercise of such rights, options or warrants, as the case may be;

(d)

if and whenever, at any time from the Issuance Date until the Time of Expiry, the Company shall fix a record date for the making of a distribution to all or substantially all of the holders of shares of:

(i)

shares of any class other than common shares whether of the Company or any other corporation (other than shares distributed to holders of shares as dividends paid in the ordinary course as stock dividends);

(ii)

rights, options or warrants (other than rights, options or warrants exercisable by the holders thereof within a period expiring not more than 45 days after the date of issue thereof);

(iii)

evidences of indebtedness; or

(iv)

cash, securities or other property or assets (other than cash dividends paid in the ordinary course);

then, in each such case, the number of shares obtainable on the exercise of a Warrant will be adjusted immediately after such record date so that it will equal the rate determined by multiplying the number of shares theretofore

obtainable on the exercise of the Warrants in effect on such record date by a fraction, of which the denominator shall be the total number of shares outstanding on such record date multiplied by the Current Market Price on the earlier of such record date and the date on which the Company announces its intention to make such distribution, less the aggregate fair market value (as determined by the directors at the time such distribution is authorized) of such shares or rights, options or warrants or evidences of indebtedness or cash, securities or other property or assets so distributed, and of which the numerator shall be the total number of shares outstanding on such record date multiplied by such Current Market Price. To the extent that such distribution is not so made or to the extent that any such rights, options or warrants so distributed are not exercised prior to the expiration thereof, the number of shares obtainable upon the exercise of a Warrant will then be readjusted to the number of shares obtainable upon the exercise of a Warrant which would then be in effect if such record date had not been fixed or to the number of shares obtainable upon the exercise of a Warrant which would then be in effect based upon such shares or rights, options or warrants or evidences of indebtedness or cash, securities or other property or assets actually distributed or based upon the number or amount of securities or the property or assets actually issued or distributed upon the exercise of such rights, options or warrants, as the case may be; and

(e)

the adjustments provided for in this Article 4 in the subscription rights pursuant to any Warrants are cumulative.

(2)

Any adjustment to the number of shares or other classes of shares in the capital of the Company or securities or property which a Warrant Holder is entitled to receive upon the exercise of the Warrants (the "*Exchange Basis*") shall also include a corresponding adjustment to the Exercise Price which shall be calculated by multiplying the Exercise Price by a fraction the numerator of which shall be the Exchange Basis prior to the adjustment and the denominator of which shall be the Exchange Basis after the adjustment.

Page 163 of 251

Section 4.08 - Determination of Adjustments

If any questions arise with respect to the adjustments provided for in this Article 4, such question will be conclusively determined by the Company's Auditors, or, if they decline to act any other firm of nationally recognized Chartered Accountants, in Vancouver, British Columbia, that the Company may designate and who will have access to all appropriate records, and such determination will be binding upon the Company and the Holders of the Warrants.

Section 4.09 - Postponement of Subscription

In any case in which this Article 4 shall require that an adjustment shall be effective immediately after a record date for an event referred to herein, the Company may defer, until the occurrence of such an event:

(a)

Issuing to the Holder of any Warrant exercised after such record date and before the occurrence of such event, the additional shares issuable upon such exercise by reason of the adjustment required by such event, and

(b)

Delivering to such Holder any distributions declared with respect to such additional shares after such Exercise Date and before such event;

provided, however, that the Company shall deliver to such Holder an appropriate instrument evidencing such Holder's right, upon the occurrence of the event requiring the adjustment, to an adjustment in the Exercise Price or the number of shares purchasable on the exercise of any Warrant to such distributions declared with respect to any additional shares issuable on the exercise of any Warrant.

Section 4.10 - Notice of Adjustment

(a)

At least 14 days prior to the effective date or record date, as the case may be, of any event which requires or might require adjustment in any of the subscription rights pursuant to any of the Warrants, including the Exercise Price and the number of shares which are purchasable upon the exercise thereof, or such longer period of notice as the Company shall be required to provide holders of shares in respect of any such event, the Company shall give notice to the Warrant Holders by way of a certificate of the Company specifying the particulars of such event and, if determinable, the required adjustment and the computation of such adjustment.

Page 165 of 251

(b)

In case any adjustment for which a notice in subsection

4.10(a) of this Section 4.10 has been given is not then determinable the Company shall promptly after such adjustment is determinable, give notice to the Warrant Holders of the adjustment and the computation of such adjustment.

Section 4.11 - Securities Restrictions: Legends

Notwithstanding any provision to the contrary contained in this Share Purchase Warrant Certificate, no Shares will be issued pursuant to the exercise of any Warrant if the issuance of such securities would constitute a violation of the

securities laws of any applicable jurisdiction, and the certificates representing the Shares thereby issued will bear such legends as may, in the opinion of counsel to the Company, acting reasonably, be necessary in order to avoid a violation of any securities laws of any applicable jurisdiction or to comply with the requirements of any stock exchange on which the Shares are listed, provided that if, at any time, in the opinion of counsel to the Company, such legends are no longer necessary in order to avoid a violation of any such laws, or the holder of any such legended certificate, at his or her expense, provides the Company with evidence satisfactory in form and substance to the Company (which may include an opinion of counsel of recognized standing satisfactory to the Company to the effect that such holder is entitled to sell or otherwise transfer such securities in a transaction in which such legends are not required), such legended certificates may thereafter be surrendered to the Company in exchange for a certificate which does not bear such legends.

ARTICLE FIVE - COVENANTS BY THE COMPANY

Section 5.01 - General Covenants

The Company covenants to the Holders that so long as any Warrants remain outstanding:

(a)

it will allot, reserve and keep available a sufficient number of shares for the purpose of enabling it to satisfy its obligations to issue common shares upon the exercise of the Warrants;

(b)

it will cause the shares and the certificates representing the shares from time to time acquired pursuant to the exercise of the Warrants to be duly issued and delivered in accordance with the certificates representing the Warrants and the respective terms hereof;

(c)

all shares which shall be issued upon exercise of the right to acquire provided for herein and in the certificates representing the Warrants shall be fully paid and non-assessable;

Page 167 of 251

(d)

it will maintain its corporate existence, carry on and conduct its business in a prudent manner in accordance with industry standards and good business practice, keep or cause to be kept proper books of account in accordance with applicable law;

(e)

it will ensure that all shares outstanding or issuable from time to time (including without limitation the shares issuable on the exercise of the Warrants) continue to be or are listed and posted for trading on the TSX Venture Exchange and/or the NASD Over-the-Counter Bulletin Board; and

(f)

it will maintain its status as a reporting issuer in British Columbia (and such other provinces in which the Company may become a reporting issuer).

ARTICLE SIX - MEETING OF WARRANT HOLDERS

Section 6.01 - Right to Convene Meeting

(a)

The Company may at any time and from time to time, and will on receipt of a Warrant Holder's Request convene a meeting of the Warrant Holders.

(b)

If the Company fails within 15 days after receipt of such Warrant Holder's request and indemnity to give notice convening a meeting, such Warrant Holders may convene such meeting.

(c)

Every such meeting will be held in the City of Vancouver, Province of British Columbia, unless required by law to be held elsewhere.

Page 168 of 251

Section 6.02 - Notice

At least 30 days' notice of any meeting will be given by the Company to the Warrant Holders. Such notice will state the time when and the place where the meeting is to be held and will state briefly the general nature of the business to be transacted, but it will not be necessary for any such notice to set out the terms of any resolution to be proposed or any of the provisions of this Article.

Page 169 of 251

Section 6.03 - Chairman

Some person nominated in writing by the Company will be Chairman of the meeting and if no person is so nominated, or if the person so nominated is not present within fifteen minutes from the time fixed for the holding of the meeting, the Warrant Holders present in person or by proxy will choose some person present to be Chairman.

Section 6.04 - Quorum

Subject to the provisions of Section 6.12, at any meeting of the Warrant Holders a quorum will consist of Warrant Holders present in person or by proxy and entitled to purchase at least 25% of the aggregate number of shares which could be purchased pursuant to all the then outstanding Warrants of the class, provided that at least two persons entitled to vote are personally present. If a quorum of the Warrant Holders is not present within half-an-hour from the time fixed for holding any meeting, the meeting, if summoned by the Warrant Holders, or on a Warrant Holder's request, will be dissolved; but in any other case the meeting will be adjourned to the same day in the next week (unless such day is a non-business day, in which case it will be adjourned to the next following business day) at the same time and place. At the adjourned meeting the Warrant Holders present in person or by proxy will form a quorum and may transact the business for which the meeting was originally convened notwithstanding that they may not be entitled to purchase at least 25% of the aggregate number of shares which can be purchased pursuant to all of the then outstanding Warrants.

Section 6.05 - Power to Adjourn

The Chairman of any meeting at which a quorum of the Warrant Holders is present may with the consent of the meeting adjourn any such meeting and no notice of such adjournment need be given except such notice, if any, as the meeting may prescribe.

Section 6.06 - Show of Hands

Every question submitted to a meeting will be decided in the first place by a majority of the votes given on a show of hands. At any such meeting, unless a poll is demanded, a declaration by the Chairman that a resolution has been carried or carried unanimously or by a particular majority will be conclusive evidence of the fact.

Section 6.07 - Poll

On any question submitted to a meeting and after a vote by show of hands, when demanded by the Chairman or by one or more of the Warrant Holders acting in person or by proxy and entitled to purchase in the aggregate at least 5% of the aggregate number of shares which could be purchased pursuant to all the Warrants for the time being outstanding, a poll will be taken in such manner as the Chairman will direct. Questions other than extraordinary resolutions will be decided by a majority of the votes cast on the poll.

Section 6.08 - Voting

On a show of hands every person who is present and entitled to vote, whether as a Warrant Holder or as proxy for one or more absent Warrant Holders or both, will have one vote. On a poll each Warrant Holder present in person or represented by proxy duly appointed by instrument in writing will be entitled to one vote in respect of each share which he is entitled to purchase pursuant to the Warrant or Warrants then held by him. A proxy need not be a Warrant Holder.

Section 6.09 - Regulations

The Company may from time to time make or vary such regulations as it will think fit:

(a)

for the issue of voting certificates by any bank, trust company or other depository, certifying that specified Warrants have been deposited with it by a named Holder and will remain on deposit until after the meeting, which voting certificate will entitle the Holders to be present and vote at any such meeting and at any adjournment thereof in the same manner and with the same effect as though the holders so named in such voting certificates were the actual bearers of the Warrants specified therein;

(b)

for the deposit of voting certificates or instruments appointing proxies at such place and time as the Company or the Warrant Holders convening the meeting, as the case may be, may in the notice convening the meeting direct;

(c)

for the deposit of voting certificates or instruments appointing proxies at some approved place or places other than the place at which the meeting is to be held, and enabling particulars of such voting certificates or instruments appointing proxies to be mailed, cabled or telegraphed before the meeting to the Company at the place where the same is to be held, and for the voting of proxies so deposited as though the instruments themselves were produced at the meeting; and

Page 171 of 251

(d)

for the form of the instrument of proxy.

Page 172 of 251

Any regulations so made will be binding and effective and the votes given in accordance therewith will be valid and will be counted. Save as such regulations may provide, the only persons who will be recognized at any meeting as the Holder of any Warrants, or as entitled to vote or be present at the meeting in respect thereof, will be the registered holders of such Warrants.

Section 6.10 - Company May Be Represented

The Company, by its officers and Directors and the legal advisors of the Company, may attend any meeting of the Warrant Holders, but will have no vote as such.

Section 6.11 - Powers Exercisable by Extraordinary Resolution

In addition to all other powers conferred upon them by any other provisions hereof or by law, the Warrant Holders at a meeting will have the following powers, exercisable from time to time by extraordinary resolution:

(a)

to enforce any of the covenants on the part of the Company contained in the Warrants, or to enforce any of the rights of the Warrant Holders in any manner specified in such extraordinary resolution, or to refrain from enforcing any such covenant or right;

(b)

to waive any default on the part of the Company in complying with any provision hereof either conditionally or upon any conditions specified in such extraordinary resolution; and

(c)

to consent to any amendment of the provisions of these Terms and Conditions.

Section 6.12 - Meaning of "Extraordinary Resolution"

(a)

The Expression "*extraordinary resolution*" when used herein means, subject as hereinafter in this Section and in Section 6.15 provided, a resolution proposed at a meeting of Warrant Holders duly convened for that purpose, and held in accordance with the provisions in this Article contained at which there are present, in person or by proxy, Warrant Holders entitled to purchase at least 25% of the aggregate number of shares which can be purchased pursuant to all the then outstanding Warrants, and passed by the affirmative

votes of Warrant Holders entitled to purchase not less than 66 2/3% of the aggregate number of shares which can be purchased pursuant to all the then outstanding Warrants represented at the meeting and voted upon such resolution.

(b)

If, at any such meeting called for the purpose of passing an extraordinary resolution, Warrant Holders entitled to purchase 25% of the aggregate number of shares which can be purchased pursuant to all the then outstanding Warrants are not present in person or by proxy within half-an-hour after the time appointed for the meeting, then the meeting, if convened by Warrant Holders or on a Warrant Holder's Request, will be dissolved, but in any other case it will stand adjourned and the provisions of Section 6.04 will *mutatis mutandis* apply.

Section 6.13 - Powers Cumulative

Any one or more of the powers or any combination of the powers to be exercisable by the Warrant Holders by extraordinary resolution or otherwise may be exercised from time to time and the exercise of any one or more of such powers or any combination of powers from time to time will not be deemed to exhaust the right of the Warrant Holders to exercise such power or powers or combination of powers then or any power or powers or combination of powers thereafter from time to time.

Section 6.14 - Minutes

Minutes of all resolutions and proceedings at every such meeting will be made and duly entered in books to be from time to time provided for that purpose by the Company, and any such minutes, if signed by the Chairman of the meeting at which such resolutions were passed or proceedings had, or by the Chairman of the next succeeding meeting of the Warrant Holders, will be *prima facie* evidence of the matters stated and until the contrary is proved, every such meeting, in respect of the proceedings of which minutes will have been made, will be deemed to have been duly convened and held, and all resolutions passed or proceedings taken, to have been duly passed and taken.

Section 6.15 - Binding Effect of Resolutions

Every resolution and every extraordinary resolution passed in accordance with the provisions of this Article at a meeting of Warrant Holders will be binding upon all Warrant Holders.

Section 6.16 - Status of Warrant Holders

The Holders of Warrants of a particular class will not be entitled as such to attend or vote at a meeting of the Holders of Warrants of another class, and any action taken at a meeting of the Holders of Warrants of a particular class will in no way affect the rights of the Holders of the Warrants of another class.

Section 6.17 - Instruments in Writing

All actions which may be taken and all powers that may be exercised by the Warrant Holders at a meeting held as provided in this Article may also be taken and exercised by Warrant Holders holding at least two-thirds of the aggregate number of Warrants then outstanding by an instrument in writing signed in one or more counterparts by such Warrant Holders in person or by attorney duly appointed in writing, and the expression "*extraordinary resolution*" when used in these Terms and Conditions shall include an instrument so signed.

Section 6.18 - Binding Effect of Resolutions

Except as otherwise provided herein, every resolution and every extraordinary resolution passed in accordance with the provisions of this Article at a meeting of Warrant Holders shall be binding upon all the Warrant Holders, whether present at or absent from such meeting, and every instrument in writing signed by Warrant Holders in accordance with Section 6.17 shall be binding upon all the Warrant Holders, whether signatories thereto or not, and each and every Warrant Holder shall be bound to give effect accordingly to every such resolution and instrument in writing.

ARTICLE SEVEN - MODIFICATION OF TERMS, MERGER, SUCCESSORS

Section 7.01 - Modification of Terms for Certain Purposes

From time to time the Company may, and it will, when so directed by these presents, modify these Terms and Conditions, for any one or more or all of the following purposes:

(a)

giving effect to any extraordinary resolution passed as provided in Article 6;

(b)

adding to or altering these provisions in respect of the registration and transfer of Warrants making provision for the exchange of Warrants of different denominations, and making any modification in the form of the Warrants which does not affect their substance;

Page 176 of 251

(c)

for any other purpose not inconsistent with the terms hereof, including the correction or rectification of any ambiguous, defective provisions, errors or omissions herein if the Company has received an opinion of its legal counsel that the rights of the Warrant Holders will not be prejudiced thereby; and

(d)

to evidence any succession of any Company and the assumption by any successor of the covenants of the Company and in the Warrants contained as provided in this Article.

Section 7.02 - No Extension of Expiry Date

Notwithstanding Section 7.01, no modification will be made to the Time of Expiry without the prior consent of each of the TSX Venture Exchange and the British Columbia Securities Commission.

Section 7.03 - Company May Consolidate, etc. on Certain Terms

Nothing will prevent any consolidation, amalgamation or merger of the Company with or into any other company or companies, but the company formed by such consolidation or into which such merger will have been made will be a company organized and existing under the laws of Canada or of the United States of America, or any Province, State, District or Territory thereof, and will, simultaneously with such consolidation, amalgamation or merger assume the due and punctual performance and observance of all the covenants and conditions hereof to be performed or observed by the Company.

Section 7.04 - Successor Company Substituted

In case the Company is consolidated, amalgamated or merged with or into any other company or companies, the successor company formed by such consolidation or amalgamation, or into which the Company will have been merged, will succeed to and be substituted for the Company hereunder. Such changes in phraseology and form (but not in substance) may be made in the Warrants as may be appropriate in view of such consolidation, amalgamation or merger.

DETAILS OF THE OFFERING AND PLAN OF DISTRIBUTION

Details of the Offering

The Offering consists of 5,400,000 Units, each Unit consisting of one Share and one Warrant.

Shares

The Shares are Shares without par value in the capital stock of the Issuer. All of the Shares of the Issuer are Shares of the same class and rank equally as to dividends, voting powers and participation in assets. No Shares have been issued subject to call or assessment. There are no pre-emptive or conversion rights and no provision for redemption, purchase or cancellation, surrender or sinking or purchase funds. The Shares issuable under this Offering will not be registered in the United States and will be subject to certain trading restrictions in the United States.

Warrants

The Warrants will be non-transferable and two Warrants will entitle the holder to purchase one Share of the Issuer for a period of 12 months following the Closing Date at a price of \$0.75 per Share. The Warrants will contain provisions for the appropriate adjustment in the class, number and price of Shares issuable under such Warrants upon the occurrence of certain events, including any subdivision, consolidation, or reclassification of the Shares of the Issuer, the payment of stock dividends or the amalgamation of the Issuer. The Shares underlying the Warrants issuable under this Offering will not be registered in the United States and will be subject to certain trading restrictions in the United States.

Plan of Distribution

The Issuer and the Agent have entered into an agreement ("Agency Agreement") under which the Issuer has appointed the Agent as its exclusive agent to offer the Units for sale. Closing will take place on a date determined by the Agent and the Issuer not later than 60 days from the date that this Offering Document is accepted by the Exchange.

On Closing, the Agent will be paid a cash commission equal to 8 % of the Offering Price for each of the Units sold, and the Agent's Options will be issued. In addition, the Issuer will pay the Agent a corporate finance fee of \$20,000. The Issuer will also reimburse the Agent for reasonable expenses related to the Offering.

The Agent may terminate its obligations under the Agency Agreement by notice in writing to the Issuer at any time prior to the conclusion of the Offering at its discretion on the basis of its assessment of the state of the financial markets or upon the occurrence of certain stated events.

Provided that at least \$1,000,000 of Units is sold under the Offering, the Agent will have the right of first refusal to provide its services, based upon industry standard terms, and to participate up to 50% as co-agent or selling group member, in any Canadian offering or the Canadian tranche of any United States offering of securities conducted by the Issuer through a broker dealer or other intermediary during the 12 months from the Closing Date.

Under the Agency Agreement the Agent has reserved the right to offer selling group participation in the normal course of the brokerage business to other licensed investment dealers.

Other than as described above, there are no payments in cash, securities or other consideration being made, or to be made, to a promoter, finder or any other person or company in connection with the Offering. The directors, officers and other insiders of the Issuer may purchase Units under the Offering.

The Agent's Professional Group as defined in National Instrument 33-105, beneficially owns directly or indirectly zero Shares of the Issuer.

Exemption

The Units in this Offering are being distributed pursuant to:

(a)

in British Columbia, BC Instrument 45-509, entitled "Short Form Offerings of Listed Securities and Units by Qualifying Issuer" (the "BC Instrument") of the British Columbia Securities Commission, which provides an exemption from the prospectus requirements of the BC Act and the rules and the regulations thereto (the "BC Securities Rules"); and

(b)

in Alberta, Alberta Blanket Order 45-507, entitled "Order Under Sections 144(2), 213 and 214(1) of the Alberta Act, Offerings by the Exchange Short Form Offering Document" (the "Alberta Blanket Order") of the Alberta Securities Commission, which provides an exemption from the prospectus requirements of the Alberta Act and the rules and regulations thereto (the "Alberta Securities Rules").

In order to rely on the exemptions provided in the BC Instrument and the Alberta Blanket Order (collectively, the "Instruments"), the following provisions will apply to the Offering:

(a)

the number of Shares distributed by the Company under the Offering when aggregated with the Shares of the Company distributed under all Short Form Offerings during the 12 month period prior to the date of this Offering Document, may not constitute in excess of 100% of the number of issued and outstanding Shares at the later of the following dates:

Page 187 of 251

(i)

the date the Company first distributed Shares under a Short Form Offering Document during the 12 month period immediately preceding the date of this Offering Document; and

(ii)

the date that is 12 months before the date of this Offering Document;

(b)

the gross proceeds of the Offering, when added to the gross proceeds from all Short Form Offerings (excluding the proceeds from the exercise of any Warrants included therein) completed during the 12 month period immediately preceding the date of this Offering Document, may not exceed \$2,000,000;

(c)

all Units acquired by the Agent or a purchaser who is, at the time of Closing, an insider or promoter of the Issuer or a member of the Agent's Professional Group as defined in National Instrument 33-105, will be subject to a hold period which will run for four months from the date of Closing;

(d)

all Units acquired by a Purchaser in excess of \$40,000 will be subject to a four month hold period;

(e)

pursuant to the Instruments, no more than 50% of the Units sold hereunder may be subject to the four month hold period; and

(f)

no Purchaser may purchase more than 20% of the Offering.

USE OF PROCEEDS

Funds Available

Net proceeds of the Offering if fully subscribed will be \$1,838,160 prior to the deduction of the costs of the Offering, which, when added to the Issuer's working capital deficit (current assets minus current liabilities) of approximately \$682,892 (unaudited, as of March 31, 2003), will result in \$1,155,268 of available funds, which funds are intended to be used for the purposes outlined in the table below:

<u>Description of Expenditure</u>	<u>Fund Allocation</u> (\$)
To pay the estimated costs of the Offering (legal and due diligence):	45,000
Minimum contractually required repayment of convertible notes, 20% of portion sold over \$725,500 (US\$500,000)	254,900
Working capital	358,160
Technology expansion and upgrades	278,027
Marketing	219,181
TOTAL FUNDS AVAILABLE (1)	\$1,155,268

Note:

- (1) As the Offering is not subject to a minimum subscription, the entire gross proceeds of \$1,998,000 may not be realized by the Issuer. In such event, the Issuer will allocate the use of the actual proceeds received in the priority and order listed above.

BUSINESS OF THE ISSUER

The Issuer is a financial media and technology company providing financial content and software solutions to media, corporate and financial services companies, enabling them to provide financial data and news to their customers, shareholders and employees. The Issuer also provides software that permits online shareholder disclosure and communication activities and email management enabling companies to connect better with their investors.

RISK FACTORS

The following factors should be considered carefully in evaluating the Company and its business. In this section "we", "us", "our" and similar expressions refer to the Issuer.

Our limited operating history makes it difficult for you to judge our prospects.

We have a limited operating history upon which an evaluation of our current business and prospects can be based. You should consider any purchase of our shares in light of the risks, expenses and problems frequently encountered by all companies in the early stages of its corporate development.

Liquidity and capital resources are uncertain.

Our working capital deficiency at March 31, 2003 was approximately US\$464,774. We incurred a net loss of US\$306,677 for the year ended December 31, 2002 [2001 - US\$541,552], and had a working capital deficiency of US\$211,045 as at December 31, 2002. These factors raise substantial doubt about our ability to continue as a going concern. We experienced a reduction in cash used in operations from US\$778,086 in 2001 to US\$430,867 in 2002 as a result of cost restructuring activities initiated in 2001. We have negotiated the conversion of US\$392,984 of our 8%

convertible notes on January 28, 2003, thereby eliminating eight mandatory quarterly payments totaling US\$42,012 and a maturity payment of US\$350,972. Of the remaining principal of its 8% convertible notes, US\$15,332 was paid on April 2, 2003, an amount equal to 20% of the portion of the gross proceeds of this Offering in excess of US\$500,000 will be paid upon closing of this Offering, and US\$107,324 will be paid in mandatory quarterly payments of US\$15,332 until December 31, 2004, and the balance of between US\$993,360 and US\$1,168,360 is due December 31, 2005. Although we have taken steps to achieve profitable operations

in 2003, there are no assurances that we will be successful in achieving our goals.

In view of these conditions, our ability to continue as a going concern is uncertain and dependent upon achieving a profitable level of operations and, if necessary, on our ability to obtain necessary financing to fund ongoing operations.

Computer equipment problems and failures could adversely affect business.

Problems or failures in Internet-related equipment, including file servers, computers and software, could result in interruptions or slower response times of the our products, which could reduce the attractiveness of the Web site, financial tools, or software products to advertisers and users. Should such interruptions continue for an extended period we could lose significant business and reputation. Equipment problems and failures could result from a number of causes, including an increase in the number of users of the Web site, computer viruses, outside programmers penetrating and disrupting software systems, human error, fires, floods, power and telecommunications failures, and internal breakdowns. In addition, any disruption in Internet access provided by third parties could have a material and adverse effect.

We may not be able to compete successfully against current and future competitors.

We currently compete with several other companies offering similar services. Many of these have significantly greater financial resources, name recognition, and technical and marketing resources, and virtually all of them are seeking to improve their technology, products and services. We can not assure you that we will have the financial resources or the technological expertise to successfully meet this competition.

We are significantly influenced by our officers, directors and entities affiliated with them.

In the aggregate, ownership of our shares by management represents approximately 21% of issued and outstanding shares of common stock. These shareholders, if acting together, will be able to significantly influence all matters requiring approval by shareholders, including the election of directors and the approval of mergers or other business combinations transactions.

We may be unable to protect the intellectual property rights upon which our business relies.

We regard substantial elements of our Web site and underlying technology as proprietary and attempt to protect them by relying on intellectual property laws, including trademark, service mark, copyright and trade secret laws and restrictions on disclosure and transferring title and other methods. We also generally enter into

Page 191 of 251

confidentiality agreements with employees and consultants and in connection with license agreements with third parties, and seek to control access to proprietary information. Despite these precautions, it may be possible for a third party to copy or otherwise obtain or use our proprietary information without authorization or to develop similar technology independently. There can also be no assurance that our business activities will not infringe upon the proprietary rights of others, or that other parties will not assert infringement claims against us, including claims that by directly or indirectly providing hyperlink text links to Web sites operated by third parties, we have infringed upon the proprietary rights of other third parties.

It is unclear how any existing and future laws enacted will be applied to the Internet industry and what effect such laws will have on us.

A number of legislative and regulatory proposals under consideration by federal, state, provincial, local and foreign governmental organizations may lead to laws or regulations concerning various aspects of the Internet, including, but not limited to, online content, user privacy, taxation, access charges, liability for third-party activities and jurisdiction. Additionally, it is uncertain how existing laws will be applied by the judiciary to the Internet. The adoption of new laws or the application of existing laws may decrease the growth in the use of the Internet, which could in turn decrease the demand for our services, increase the cost of doing business or otherwise have a material adverse effect on our business, results of operations and financial condition.

We may be held liable for online information or products provided by us or third parties.

Because materials may be downloaded by the public on Internet services offered by us or the Internet access providers with which we have relationships, and because third party information may be posted by third parties on our Web site through discussion forums and otherwise there is the potential that claims will be made against us for defamation, negligence, copyright or trademark infringement, or other theories. Such claims have been brought against providers of online services in the past. The imposition of liability based on such claims could materially and adversely affect us.

Even to the extent such claims do not result in liability, we could incur significant costs in investigating and defending against such claims. The imposition on us of potential liability for information or products carried on or disseminated through our Web site could require implementation of measures to reduce exposure to such liability, which may require the expenditure of substantial resources and limit the attractiveness of services to members and users.

Our general liability insurance may not cover all potential claims to which we are exposed or may not be adequate to indemnify us for all liability that may be imposed. Any imposition of liability that is not covered by insurance or is in excess of insurance coverage could have a

material adverse effect on our business, results of operations and financial condition.

Future sales of shares may adversely impact the value of our stock.

During 2002 we issued 9,421,336 shares of common stock, representing 93% of the outstanding stock at the beginning of 2002. We also have authorized, reserved, and registered, as of December 31, 2002, 4,901,875 shares of common stock for issuance upon the exercise of outstanding warrants, and 3,500,975 shares for issuance upon the exercise of non-qualified stock options.

If required, we will seek to raise additional capital through the sale of common stock. Under the terms of outstanding convertible notes and debentures, the number of shares that may be issued under such instruments may be increased in the event of certain changes in our capital structure. Future sales of shares by us or our stockholders could cause the market price of its common stock to decline.

The departure of key personnel could have an adverse impact on our business.

We employ certain key personnel with skills, including management skills, which may be difficult to replace quickly. Should one or more of our key personnel depart our company we may incur time and cost losses replacing them. Even if replaced, it is possible that their departure could have a long lasting adverse impact on us.

PARTICULARS OF ANY OTHER MATERIAL FACTS

We are currently involved in litigation with a customer to collect amounts owing pursuant to a contract entered into in September, 2000. The defendant provided a US\$100,000 deposit and contracted us to provide certain lead generation services. We delivered the requested services throughout October and November, 2000, however, the defendant defaulted on all additional payments. We are suing the defendant for the US\$351,800 balance owing, plus interest and costs. The defendant has filed a statement of defense and counterclaim to recover the US\$100,000 deposit. As of April 28, 2003, no further action had been taken by either party and no court date has been set. Although we currently believe the outcome of the litigation will be in the Company's favour, we have not elected to aggressively pursue the litigation at this time. We have made no provision for the counterclaim in the financial statements and any settlement or final award will be reflected in the statement of operations as the litigation is resolved.

CONTRACTUAL RIGHTS OF ACTION

"If this Short Form Offering Document, together with any Subsequently Triggered Report contains a "misrepresentation" as that term is defined in the BC Act or the Alberta Act, as applicable, and it was a misrepresentation on the date of investment, the purchaser will be deemed to have relied on the misrepresentation and will have a right of action, either for damages against the Issuer and its directors, and every person, except the Agent, who signed the Offering Document, (the "Issuer's Representatives") or alternatively for rescission of the agreement of purchase and sale for the securities. In any such action, parties against whom remedies are sought shall have the same defenses as are available in section 131 of the BC Act or section 203 of the Alberta Act, as applicable, as if the Short Form Offering Document were a prospectus.

A purchaser is not entitled to commence an action to enforce this right after the limitation periods as set out in section 140 of the BC Act or section 211 of the Alberta Act, as applicable have expired.

The contractual rights provided herein are in addition to and without derogation from any other right the purchaser may have at law."

CONTRACTUAL RIGHTS OF WITHDRAWAL

"An order or subscription for the securities offered under this Short

Form Offering Document is not binding on a purchaser if the dealer from whom the purchaser purchased the security (or the Issuer if the purchaser did not purchase the security from a dealer), receives, not later than two business days after the receipt by the purchaser of the Short Form Offering Document and any Subsequently Triggered Report, written notice sent by the purchaser evidencing the intention of the purchaser not to be bound by the agreement.

The foregoing right of withdrawal does not apply if the purchaser is a member of a "professional group" as defined under National Instrument 33-105, *Underwriting Conflicts* or any successor policy or instrument, or if the purchaser disposes of the beneficial ownership of the security (otherwise than to secure indebtedness) before the end of the withdrawal period.

The onus of proving that the time for giving notice of withdrawal has ended is on the dealer from whom the purchaser has agreed to purchase the security, or if the purchaser did not purchase from a dealer, such onus is on the Issuer."

ARTICLE FOUR - EXERCISE OF WARRANTS

Section 4.01 - Method of Exercise of Warrants

The right to purchase shares conferred by the Warrants may be exercised, before the Time of Expiry, by the Holder of such Warrant surrendering it, with a duly completed and executed subscription in the form attached thereto and cash or a certified cheque or money order payable to or to the order of the Issuer, at par in Vancouver, British Columbia, for the purchase price applicable at the time of surrender in respect of the shares subscribed for in lawful money of Canada, to the Transfer Agent at its principal office in the City of Vancouver.

Section 4.02 - Effect of Exercise of Warrants

As soon as practicable, but in any event within three business days, after surrender and payment, and subject to the terms and conditions set forth herein, the Issuer will cause to be delivered to the person or persons in whose name or names the

Page 214 of 251

shares subscribed for are to be issued as specified in such subscription or mailed to him or them at his or their respective addresses specified in such subscription, a certificate or certificates for the appropriate number of shares not exceeding those which the Warrant Holder is entitled to purchase pursuant to the Warrant surrendered. Upon issuance, such person or persons shall be deemed to have become the holder or holders of record of such shares on the date of surrender and payment.

Section 4.03 - Subscription for Less than Entitlement

The Holder of any Warrant may subscribe for and purchase a number of shares less than the number which he is entitled to purchase pursuant to the surrendered Warrant. In the event of any purchase of a number of shares less than the number which can be purchased pursuant to a Warrant, the Transfer Agent will issue a new Warrant in respect of the balance of the shares which the Holder was entitled to purchase pursuant to the surrendered Warrant and which were not then purchased.

Section 4.04 - Warrants for Fractions of Shares

No fractional shares shall be issued upon exercise of these Warrants. If any fractional interest in a share would, except for the provisions of the first sentence of this Section 4.04, be deliverable upon the exercise of a Warrant, the number of shares to be issued to the Warrant Holder upon exercise of the Warrant shall be rounded up to the next whole number.

Section 4.05 - Expiration of Warrants

After the Time of Expiry all rights attaching to the Warrants will wholly cease and terminate and the Warrants will be void and of no effect.

Section 4.06 - Exercise Price

The price per share which must be paid to exercise a Warrant (the "*Exercise Price*") is as prescribed by resolution of the Board of Directors of the Issuer and set forth on the face of the Warrant certificate subject to adjustment as provided for herein.

Section 4.07 - Adjustment of Subscriptions Rights and Exercise Price

The Exercise Price and the number of shares deliverable upon the exercise of the Warrants will be subject to adjustment in the events and in the manner following:

(a)

Share Reorganization. If prior to the Time of Expiry the Issuer shall:

(i)

issue shares without the receipt of any consideration therefor to all or substantially all of the holders of the shares by way of stock dividend or other distribution (other than as dividends paid in the common course ("*Dividends Paid in the Common Course*")), or

Page 215 of 251

(ii)

subdivide its outstanding shares into a greater number of shares; or

(iii)

consolidate its outstanding shares into a lesser number of shares,

(any of such events in these clauses (i), (ii) and (iii) being called a "*Share Reorganization*"), then the Exercise Price shall be adjusted as of the effective date or record date, as the case may be, at which the holders of shares are determined for the purpose of the Share Reorganization by multiplying the Exercise Price in effect immediately prior to such effective date or record date by a fraction, the numerator of which shall be the number of shares outstanding on such effective date or record date before giving effect to such Share Reorganization and the denominator of which shall be the number of shares outstanding as of the effective date or record date after giving effect to such Share Reorganization.

(b)

Rights Offering. If prior to the Time of Expiry the Issuer shall fix a record date for the issue of rights, options or warrants to all or substantially all of the holders of shares under which such holders are entitled, during a period expiring not more than 45 days after the record date for such issue ("*Rights Period*"), to subscribe for or purchase shares at a price per share to the holder of less than 95% of the Current Market Price for the shares on such record date (any of such events being called a "*Rights Offering*"), then the Exercise Price shall be adjusted effective immediately after the end of the Rights Period to a price determined by multiplying the Exercise Price in effect immediately prior to the end of the Rights Period by a fraction:

(i)

the numerator of which shall be the aggregate of:

A.

the number of shares outstanding as of the record date for the Rights Offering; and

B.

a number determined by dividing (1) the product of the number of shares issued or subscribed during the Rights Period upon the exercise of the rights, warrants or options under the Rights Offering and the price at which such shares are offered by (2) the Current Market Price of the shares as of the record date for the Rights Offering; and

(ii)

the denominator of which shall be the number of shares outstanding after giving effect to the Rights Offering and including the number of shares actually issued or subscribed for during the Rights Period upon exercise of the rights, warrants or options under the Rights Offering.

Any Warrant Holder who shall have exercised his right to purchase shares in accordance with Article 4 during the period beginning immediately after the record date for a Rights Offering and ending on the last day of the Rights Period therefor shall, in addition to the shares to which he is otherwise entitled upon such exercise in accordance with Article 4, be entitled to that

number of additional shares equal to the result obtained when the difference, if any, resulting from the subtraction of the Exercise Price as adjusted for such Rights Offering pursuant to this subsection (b) from the Exercise Price in effect immediately prior to the end of such Rights Offering is multiplied by the number of shares purchased upon exercise of the Warrants held by such Warrant Holder during such period, and the resulting product is divided by the Exercise Price as adjusted for such Rights Offering pursuant to this subsection 4.7(b); provided that the provisions of Article 4 shall be applicable to any fractional interest in any share to which such Warrant Holder might otherwise be entitled under the foregoing provisions of this subsection 4.7(b). Such additional shares shall be deemed to have been issued to the Warrant Holder immediately following the end of the Rights Period and a certificate for such additional shares shall be delivered to such Warrant Holder within ten business days following the end of the Rights Period.

(c)

Special Distribution. If prior to the Time of Expiry the Issuer shall issue or distribute to all or to substantially all the holders of the shares:

(i)

securities of the Issuer including rights, options or warrants to acquire shares of any class or securities exchangeable for or convertible into or exchangeable into any such shares or property or assets and including evidences of its indebtedness; or

(ii)

any property or other assets;

and if such issuance or distribution does not constitute Dividends Paid in the Ordinary Course, a Share Reorganization or a Rights Offering (any of such non-excluded events being herein called a "*Special Distribution*"), the Exercise Price shall be adjusted effective immediately after the record date at which the holders of affected shares are determined for purposes of the Special Distribution to a price determined by multiplying the Exercise Price in effect on such record date by a fraction:

(iii)

the numerator of which shall be:

A.

the product of the number of shares outstanding on such record date and the Current Market Price of the shares on such record date; less

B.

the excess, if any, of (1) the fair market value on such record date, as determined by action by the Directors (whose determination shall be conclusive), to the holders of the shares of such securities or property or other assets so issued or distributed in the Special Distribution over (2) the fair market value of the consideration received therefor by the Issuer from the holders of the shares, as determined by action by the Directors (whose determination shall be conclusive); and

(iv)

the denominator of which shall be the number of shares outstanding on such record date multiplied by the Current Market Price of the shares

on such record date.

(d)

Capital Reorganization. If prior to the Time of Expiry there shall be a reclassification of shares at any time outstanding or a change of the shares into other shares or into other securities (other than a Share Reorganization), or a

consolidation, amalgamation, arrangement or merger of the Issuer with or into any other Issuer or other entity (other than a consolidation, amalgamation, arrangement or merger which does not result in any reclassification of the outstanding shares or a change of the shares into other securities), or a transfer of the undertaking or assets of the Issuer as an entirety or substantially as an entirety to another Issuer or other entity (any of such events being herein called a "*Capital Reorganization*"), any Warrant Holder who exercises his right to purchase shares pursuant to Warrant(s) then held after the effective date of such Capital Reorganization shall be entitled to receive, and shall accept for the same aggregate consideration in lieu of the number of shares to which such holder was theretofore entitled upon such exercise the aggregate number of shares, other securities or other property which such holder would have been entitled to receive as a result of such Capital Reorganization if, on the effective date thereof, the Warrant Holder had been the registered holder of the number of shares to which such holder was theretofore entitled upon exercise of the Warrant subject to adjustment thereafter in accordance with provisions the same, as nearly as may be possible, as those contained in Section 4.07 hereof, provided, however, that no such Capital Reorganization shall be carried into effect unless all necessary steps shall have been taken to so entitle the Warrant Holders. If determined appropriate by the Issuer, acting reasonably, appropriate adjustments shall be made as a result of any such Capital Reorganization in the application of the provisions set forth in this Article 4 with respect to the rights and interests thereafter of Warrant Holders to the end that the provisions set forth in this Article 4 shall thereafter correspondingly be made applicable as nearly as may reasonably be in relation to any shares, other securities or other property thereafter deliverable upon the exercise of any Warrant. Any such adjustments shall be made by and set forth in terms and conditions supplemental hereto approved by action by the Directors and by the Issuer, acting reasonably and shall for all purposes be conclusively deemed to be appropriate adjustments.

(e)

If prior to the Time of Expiry a Share Reorganization shall occur which results in an adjustment in the Exercise Price pursuant to the provisions of this Section 4.07, the number of shares purchasable pursuant to each whole Warrant shall be adjusted contemporaneously with the adjustment of the Exercise Price by multiplying the number of shares theretofore purchasable on the exercise thereof by a fraction the numerator of which shall be the Exercise Price in effect immediately prior to such adjustment and the denominator of which shall be the Exercise Price resulting from such adjustment.

Section 4.08 - Rules Regarding Calculation of Adjustment of Exercise Price and Number of shares Purchasable upon Exercise

For the purposes of Section 4.07:

(a)

The adjustments provided for in Section 4.07 are cumulative, and shall, in the case of adjustments to the Exercise Price, be computed to the nearest

Page 218 of 251

one-tenth of one cent and shall be made successively whenever an event referred to therein shall occur, subject to the following subsections of this Section 4.08.

(b)

No adjustment in the Exercise Price shall be required unless such adjustment would result in a change of at least 1.5% in the prevailing Exercise Price and no adjustment shall be made in the number of shares purchasable upon exercise of a Warrant unless it would result in a change of at least one one-tenth of a share; provided, however, that any adjustments which, except for the provisions of this subsection 4.08(b) would otherwise have been required to be made, shall be carried forward and taken into account in any subsequent adjustment.

(c)

Subject to the prior consent of the Canadian Venture Exchange, no adjustment in the Exercise Price or in the number of shares purchasable upon exercise of Warrants shall be made in respect of any event described in Section 4.07, other than the events referred to in clauses (ii) and (iii) of subsection (a) thereof, if Warrant Holders are entitled to participate in such event on the same terms, *mutatis mutandis*, as if Warrant Holders had exercised their Warrants prior to or on the effective date or record date of such event.

(d)

No adjustment in the Exercise Price shall be made pursuant to Section 4.07 in respect of the issue from time to time:

(i)

of shares purchasable on exercise of the Warrants; or

(ii)

in respect of the issue from time to time as Dividends Paid in the Ordinary Course of shares to holders of shares who exercise an option or election to receive substantially equivalent dividends in shares in lieu of receiving a cash dividend;

and any such issue shall be deemed not to be a Share Reorganization.

(e)

If a dispute shall at any time arise with respect to adjustments provided for in Section 4.07, such dispute shall be conclusively determined by the Issuer's Auditors, or if they are unable or unwilling to act, by such other firm of independent chartered accountants as may be selected by action by the Directors and any such determination shall be binding upon the Issuer and the Warrant Holders; such auditors or accountants shall be provided access to all necessary records of the Issuer. In the event that any such determination is made, the Issuer shall deliver a certificate to the Warrant Holders describing such determination.

(f)

In case the Issuer after the date of issue of the Warrants shall take any action affecting the shares, other than action described in Section 4.07, which in the opinion of the Directors of the Issuer would materially affect the rights of Warrant Holders, the Exercise Price or the number of shares purchasable upon exercise shall be adjusted in such manner, if any, and at such time, by action by the Directors, in their sole discretion as they may determine to be equitable in the circumstances, but subject in all cases to the prior approval of the TSX Venture Exchange and to all other necessary

regulatory approvals. Failure of the taking of action by the Directors so as to provide for an adjustment on or prior to the effective date of any action by the Issuer affecting the shares shall be conclusive evidence that the Board of Directors of the Issuer has determined that it is equitable to make no adjustment in the circumstances.

(g)

If the Issuer shall set a record date to determine the holders of the shares for the purpose of entitling them to receive any dividend or distribution or any subscription or purchase rights and shall, thereafter and before the distribution to such shareholders of any such dividend, distribution or subscription or purchase rights, legally abandon its plan to pay or deliver such dividend, distribution or subscription or purchase rights, then no adjustment in the Exercise Price or the number of shares purchasable upon exercise of any Warrant shall be required by reason of the setting of such record date.

(h)

In the absence of a resolution of the Directors fixing a record date for a Special Distribution or Rights Offering, the Issuer shall be deemed to have fixed as the record date therefor the date on which the Special Distribution or Rights Offering is effected.

(i)

As a condition precedent to the taking of any action which would require any adjustment in any of the subscription rights pursuant to any of the Warrants, including the Exercise Price and the number or class of shares or other securities which are to be received upon the exercise thereof, the Issuer shall take any corporate action which may, in the opinion of counsel to the Issuer, be necessary in order that the Issuer have unissued and reserved in its authorized capital and may validly and legally issue as fully paid and non-assessable all the shares or other securities which all the holders of such Warrants are entitled to receive on the full exercise thereof in accordance with the provisions thereof.

Section 4.09 - Postponement of Subscription

In any case in which this Article 4 shall require that an adjustment shall be effective immediately after a record date for an event referred to herein, the Issuer may defer, until the occurrence of such an event:

(a)

issuing to the Holder of any Warrant exercised after such record date and before the occurrence of such event, the additional shares issuable upon such exercise by reason of the adjustment required by such event; and

(b)

delivering to such Holder any distributions declared with respect to such additional shares after such Exercise Date and before such event;

provided, however, that the Issuer shall deliver to such Holder an appropriate instrument evidencing such Holder's right, upon the occurrence of the event requiring the adjustment, to an adjustment in the Exercise Price or the number of shares purchasable on the exercise of any Warrant to such distributions declared with respect to any additional shares issuable on the exercise of any Warrant.

Section 4.10 - Notice of Adjustment of Exercise Price and Number of shares Purchasable Upon Exercise

(a)

At least 14 days prior to the effective date or record date, as the case may be, of any event which requires or might require adjustment in any of the subscription rights pursuant to any of the Warrants, including the Exercise Price and

the number of shares which are purchasable upon the exercise thereof, or such longer period of notice as the Issuer shall be required to provide holders of shares in respect of any such event, the Issuer shall give notice to the Warrant Holders by way of a certificate of the Issuer specifying the particulars of such event and, if determinable, the required adjustment and the computation of such adjustment.

(b)

In case any adjustment for which a notice in subsection 4.10(a) of this Section 4.10 has been given is not then determinable the Issuer shall promptly after such adjustment is determinable, give notice to the Warrant Holders of the adjustment and the computation of such adjustment.

Section 4.11 - Legending of Warrants and shares

(a)

The Holder of any Warrants hereby agrees and consents by acceptance hereof that the certificate or certificates representing such Warrants shall be impressed with a legend (the "*Legend*") reciting that the transfer thereof is restricted for a prescribed period (the "*Restricted Period*"), substantially in the following form:

"THE SECURITIES REPRESENTED BY THIS CERTIFICATE MAY NOT BE OFFERED, SOLD, TRANSFERRED, PLEDGED OR HYPOTHECATED IN THE UNITED STATES OR TO U.S. PERSONS FOR A PERIOD OF UP TO ONE YEAR FROM THE DATE OF ISSUANCE UNLESS SUCH OFFER, SALE, TRANSFER, PLEDGE OR HYPOTHECATION IS MADE PURSUANT TO REGISTRATION OR AN APPLICABLE EXEMPTION UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "1933 ACT"). IN ADDITION, THE SECURITIES REPRESENTED BY THIS CERTIFICATE HAVE NOT BEEN REGISTERED UNDER THE 1933 ACT OR THE LAWS OF ANY STATE, AND WILL BE ISSUED PURSUANT TO REGULATION S, WHICH IS AN EXEMPTION FROM REGISTRATION UNDER THE 1933 ACT. IN ADDITION, HEDGING TRANSACTIONS INVOLVING THE SECURITIES REPRESENTED BY

THIS CERTIFICATE MAY NOT BE CONDUCTED UNLESS IN COMPLIANCE WITH THE 1933 ACT. THE SECURITIES REPRESENTED BY THIS CERTIFICATE ARE DEEMED "RESTRICTED SECURITIES" UNDER RULE 905 OF REGULATION S AND UNDER RULE 144 OF THE 1933 ACT. AFTER A ONE-YEAR PERIOD HAS ELAPSED AS SET OUT ABOVE, A PURCHASER OF SECURITIES REPRESENTED BY THIS CERTIFICATE MAY OFFER, SELL, TRANSFER, PLEDGE OR HYPOTHECATE SUCH SECURITIES IN THE UNITED STATES OR TO U.S. PERSONS PURSUANT TO THE PROVISIONS OF RULE 144(E) OF THE 1933 ACT (WHICH IS MORE COMMONLY KNOWN AS THE "DRIBBLE OUT" PERIOD STARTING FROM THE 13TH MONTH TO THE 24TH MONTH OF OWNERSHIP OF SUCH SECURITIES). THIS WARRANT MAY NOT BE EXERCISED BY OR ON BEHALF OF A U.S. PERSON UNLESS REGISTERED UNDER THE 1933 ACT OR AN EXEMPTION FROM SUCH REGISTRATION IS AVAILABLE."

Page 221 of 251

(b)

The Holder and any transferee thereof acknowledges by acceptance hereof that if any Warrants are exercised during the Restricted Period, the certificate or certificates representing the shares issuable upon such exercise shall also be impressed with the Legend set forth above unless counsel reasonably acceptable to the Issuer delivers an unqualified opinion that such Legend need not be imposed.

ARTICLE FIVE - COVENANTS BY THE ISSUER

Section 5.01 - Reservation of Shares

The Issuer will reserve and there will remain unissued out of its authorized capital a sufficient number of shares to satisfy the rights of purchase in the Warrants should the Holders of all the Warrants from time to time outstanding determine to exercise such rights in respect of all shares which they are or may be entitled to purchase pursuant thereto.

ARTICLE SIX - MEETING OF WARRANT HOLDERS

Section 6.01 - Right to Convene Meeting

(a)

The Issuer may at any time and from time to time, and will on receipt of a Warrant Holder's Request and upon being indemnified to its reasonable satisfaction by the Warrant Holders signing such Warrant Holder's Request against the costs which may be incurred in connection with the calling and holding of such meeting, convene a meeting of the Warrant Holders.

(b)

If the Issuer fails, within 15 days after receipt of such Warrant Holder's Request and indemnity, to give notice convening a meeting, such Warrant Holders may convene such meeting.

(c)

Every such meeting will be held in the City of Vancouver, Province of British Columbia, unless required by law to be held elsewhere in Canada.

Section 6.02 - Notice

At least 30 days' notice of any meeting will be given by the Issuer to the Warrant Holders. Such notice will state the time when and the place where the meeting is to be held and will state briefly the general nature of the business to be

transacted, but it will not be necessary for any such notice to set out the terms of any resolution to be proposed or any of the provisions of this Article.

Page 222 of 251

Section 6.03 - Chairman

Some person nominated in writing by the Issuer will be Chairman of the meeting and if no person is so nominated, or if the person so nominated is not present within fifteen minutes from the time fixed for the holding of the meeting, the Warrant Holders present in person or by proxy will choose some person present to be Chairman.

Page 223 of 251

Section 6.04 - Quorum

Subject to the provisions of Section 6.12, at any meeting of the Warrant Holders a quorum will consist of Warrant Holders present in person or by proxy and entitled to purchase at least 25% of the aggregate number of shares which could be purchased pursuant to all the then outstanding Warrants of the class, provided that at least two persons entitled to vote are personally present. If a quorum of the Warrant Holders is not present within half-an-hour from the time fixed for holding any meeting, the meeting, if summoned by the Warrant Holders, or on a Warrant Holder's request, will be dissolved; but in any other case the meeting will be adjourned to the same day in the next week (unless such day is a non-business day, in which case it will be adjourned to the next following business day) at the same time and place. At the adjourned meeting the Warrant Holders present in person or by proxy will form a quorum and may transact the business for which the meeting was originally convened notwithstanding that they may not be entitled to purchase at least 25% of the aggregate number of shares which can be purchased pursuant to all of the then outstanding Warrants.

Section 6.05 - Power to Adjourn

The Chairman of any meeting at which a quorum of the Warrant Holders is present may with the consent of the meeting adjourn any such meeting and no notice of such adjournment need be given except such notice, if any, as the meeting may prescribe.

Page 224 of 251

Section 6.06 - Show of Hands

Every question submitted to a meeting will be decided in the first place by a majority of the votes given on a show of hands. At any such meeting, unless a poll is demanded, a declaration by the Chairman that a resolution has been carried or carried unanimously or by a particular majority will be conclusive evidence of the fact.

Section 6.07 - Poll

On any question submitted to a meeting and after a vote by show of hands, when demanded by the Chairman or by one or more of the Warrant Holders acting in person or by proxy and entitled to purchase in the aggregate at least 5% of the aggregate number of shares which could be purchased pursuant to all the Warrants for the time being outstanding, a poll will be taken in such manner as the Chairman will direct. Questions other than extraordinary resolutions will be decided by a majority of the votes cast on the poll.

Section 6.08 - Voting

On a show of hands every person who is present and entitled to vote, whether as a Warrant Holder or as proxy for one or more absent Warrant Holders or both, will have one vote. On a poll each Warrant Holder present in person or represented by proxy duly appointed by instrument in writing will be entitled to one vote in respect of each share which he is entitled to purchase pursuant to the Warrant or Warrants then held by him. A proxy need not be a Warrant Holder.

Section 6.09 - Regulations

The Issuer may from time to time make or vary such regulations as it will think fit:

(a)

for the issue of voting certificates by any bank, trust company or other depository, certifying that specified Warrants have been deposited with it by a named Holder and will remain on deposit until after the meeting, which voting certificate will entitle the Holders to be present and vote at any such meeting and at any adjournment thereof in the same manner and with the same effect as though the holders so named in such voting certificates were the actual bearers of the Warrants specified therein;

(b)

for the deposit of voting certificates or instruments appointing proxies at such place and time as the Issuer or the Warrant Holders convening the meeting, as the case may be, may in the notice convening the meeting direct;

(c)

for the deposit of voting certificates or instruments appointing proxies at some approved place or places other than the place at which the meeting is to be held, and enabling particulars of such voting certificates or instruments appointing proxies to be mailed, cabled or telegraphed before the meeting to the Issuer at the place where the same is to be held, and for the voting of proxies so deposited as though the instruments themselves were produced at

Page 225 of 251

the meeting; and

(d)

for the form of the instrument of proxy.

Any regulations so made will be binding and effective and the votes given in accordance therewith will be valid and will be counted. Save as such regulations may provide, the only persons who will be recognized at any meeting as the Holder of any Warrants, or as entitled to vote or be present at the meeting in respect thereof, will be persons who produce Warrants at the meeting.

Section 6.10 - Issuer May Be Represented

The Issuer, by its officers and Directors and the legal advisors of the Issuer, may attend any meeting of the Warrant Holders, but will have no vote as such.

Section 6.11 - Powers Exercisable by Extraordinary Resolution

In addition to all other powers conferred upon them by any other provisions hereof or by law, the Warrant Holders at a meeting will have the following powers, exercisable from time to time by extraordinary resolution:

(a)

to enforce any of the covenants on the part of the Issuer contained in the Warrants, or to enforce any of the rights of the Warrant Holders in any manner specified in such extraordinary resolution, or to refrain from enforcing any such covenant or right;

(b)

to waive any default on the part of the Issuer in complying with any provision hereof either conditionally or upon any conditions specified in such extraordinary resolution; and

(c)

to consent to any amendment of the provisions of these Terms and Conditions.

Section 6.12 - Meaning of "Extraordinary Resolution"

(a)

The Expression "*extraordinary resolution*" when used herein means, subject as hereinafter in this Section and in Section 6.15 provided, a resolution proposed at a meeting of Warrant Holders duly convened for that purpose, and held in accordance with the provisions in this Article contained at which there are present, in person or by proxy, Warrant Holders entitled to purchase at least 25% of the aggregate number of shares which can be purchased pursuant to all the then outstanding Warrants, and passed by the affirmative votes of Warrant Holders entitled to purchase not less than 75% of the aggregate number of shares which can be purchased pursuant to all the then outstanding Warrants represented at the meeting and voted upon such resolution.

(b)

If, at any such meeting called for the purpose of passing an extraordinary resolution, Warrant Holders entitled to purchase 25% of the aggregate number of shares which can be purchased pursuant to all the then outstanding Warrants are not present in person or by proxy within half-an-hour after the time appointed for the meeting, then the meeting, if convened by Warrant Holders or on a Warrant Holder's Request, will be dissolved; but in any other case it will stand adjourned and the provisions of Section 6.04 will *mutatis mutandis* apply.

Section 6.13 - Powers Cumulative

Any one or more of the powers or any combination of the powers to be exercisable by the Warrant Holders by extraordinary resolution or otherwise may be exercised from time to time and the exercise of any one or more of such powers or any combination of powers from time to time will not be deemed to exhaust the right of the Warrant Holders to exercise such power or powers or combination of powers then or any power or powers or combination of powers thereafter from time to time.

Section 6.14 - Minutes

Minutes of all resolutions and proceedings at every such meeting will be made and duly entered in books to be from time to time provided for that purpose by the Issuer, and any such minutes, if signed by the Chairman of the meeting at which such resolutions were passed or proceedings had, or by the Chairman of the next succeeding meeting of the Warrant Holders, will be *prima facie* evidence of the matters stated and until the contrary is proved, every such meeting, in respect of the proceedings of which minutes will have been made, will be deemed to have been duly convened and held, and all resolutions passed or proceedings taken, to have been duly passed and taken.

Section 6.15 - Binding Effect of Resolutions

Every resolution and every extraordinary resolution passed in accordance with the provisions of this Article at a meeting of Warrant Holders will be binding upon all Warrant Holders.

Section 6.16 - Status of Warrant Holders

The Holders of Warrants of a particular class will not be entitled as such to attend or vote at a meeting of the Holders of Warrants of another class, and any action taken at a meeting of the Holders of Warrants of a particular class will in no way affect the rights of the Holders of the Warrants of another class.

ARTICLE SEVEN - MODIFICATION OF TERMS, MERGER, SUCCESSORS

Section 7.01 - Modification of Terms for Certain Purposes

Page 227 of 251

From time to time the Issuer may, and it will, when so directed by these presents, modify these Terms and Conditions, for any one or more or all of the following purposes:

(a)

giving effect to any extraordinary resolution passed as provided in Article 6;

(b)

adding to or altering these provisions in respect of the registration and transfer of Warrants making provision for the exchange of Warrants of different denominations; and making any modification in the form of the Warrants which does not affect their substance;

(c)

for any other purpose, including the correction or rectification of any ambiguous, defective provisions, errors or omissions herein; and

(d)

to evidence any succession of any corporation and the assumption by any successor of the covenants of the Issuer and in the Warrants contained as provided in this Article.

Section 7.02 - No Extension of Expiry Date

Notwithstanding Section 7.01, no modification will be made to the Time of Expiry without the prior consent of both the TSX Venture Exchange and the British Columbia Securities Commission.

Section 7.03 - Issuer May Consolidate, etc. on Certain Terms

Nothing will prevent any consolidation, amalgamation or merger of the Issuer with or into any other corporation or corporations, but the corporation formed by such consolidation or into which such merger will have been made will be a corporation organized and existing under the laws of Canada or of the United States of America, or any Province, State, District or Territory thereof, and will, simultaneously with such consolidation, amalgamation or merger assume the due and punctual performance and observance of all the covenants and conditions hereof to be performed or observed by the Issuer.

Section 7.04 - Successor Issuer Substituted

In case the Issuer is consolidated, amalgamated or merged with or into any other corporation or corporations, the successor corporation formed by such consolidation or amalgamation, or into which the Issuer will have been merged, will succeed to and be substituted for the Issuer hereunder. Such changes in phraseology and form (but not in substance) may be made in the Warrants as may be appropriate in view of such consolidation, amalgamation or merger.

(a)

if any inquiry, investigation, or other proceeding (whether formal or informal) is commenced or any order issued under or pursuant to any statute

or there is any change of law or the interpretation or administration thereof, which in the Agent's reasonable opinion, operates to prevent or restrict the trading in or distribution of any securities of the Corporation or which materially adversely affects the ability of the Corporation to carry on business;

(b)

(c)

if there should develop, occur or come into effect any occurrence of national or international consequence, any material change or material fact (as such terms are defined in the Applicable Legislation) in the affairs of the Corporation or any event or state of facts or any action, governmental regulation, or other occurrence of any nature whatsoever which, in the Agent's reasonable opinion, adversely affects, or may adversely affect, financial markets, the business of the Corporation or the market price or value of any of the securities of the Corporation, such that, in the Agent's opinion, the Units cannot be profitably marketed;

(d)

(e)

if the results of the Agent's due diligence investigations are not satisfactory to the Agent in its sole discretion.

The Agent shall make reasonable efforts to give notice to the Corporation (in writing or by other means) of the occurrence of any of the foregoing events provided that neither the giving nor the failure to give such notice will in any way affect the Agent's entitlement to exercise this right at any time up to the Time of Closing. The rights of termination contained in the foregoing paragraphs are in addition to any other rights or remedies it may have in respect of any default, act or failure to act or non-compliance by the Corporation in respect of any of the matters contemplated by this agreement. If the Agent's obligations are terminated under this agreement pursuant to this termination right, the Corporation's liabilities to the Agent shall be limited to the Corporation's obligations under the indemnity, contribution and expense reimbursement provisions of this Agreement.

ARTICLE 11
INDEMNITY

11.1

Indemnity

The Corporation covenants and agrees to indemnify the Agent, and its directors, officers, employees and agents (individually, an "Indemnified Party" and collectively, the "Indemnified Parties"), against all losses (other than loss of profits), claims, damages, liabilities, costs or expenses caused or incurred in connection with this Agreement or the distribution of the Units by reason of:

(a)

any of the representations or warranties of the Corporation contained in this Agreement being untrue;

(b)

any breach of any of the covenants of the Corporation contained in this Agreement;

Page 243 of 251

(d)

any order made or inquiry, investigation or proceeding commenced or threatened by any securities commission or other competent authority not based entirely upon the activities or the alleged activities of the Agent.

To the extent that any Indemnified Party is not a party to this agreement, the Agent shall obtain and hold the right and benefit of the above-noted indemnity in trust for and on behalf of such Indemnified Party.

11.2

Indemnity Procedures

If any matter or thing contemplated by this section shall be asserted against any Indemnified Party in respect of which indemnification is or might reasonably be considered to be provided, such Indemnified Party shall notify the Corporation as soon as possible of the nature of such claim and the Corporation shall be entitled (but not required) to assume the defence of any suit brought to enforce such claim; provided, however, that the defence shall be through legal counsel acceptable to such Indemnified Party and that no settlement may be made by the Corporation or such Indemnified Party without the prior written consent of the other, acting reasonably. In any such claim, such Indemnified Party shall have the right to retain other counsel to act on such Indemnified Party's behalf provided that the fees and disbursements of such other counsel shall be paid by such Indemnified Party, unless: (i) the Corporation and such Indemnified Party mutually agree to retain other counsel; or (ii) such Indemnified Party has been advised in writing by its counsel that the representation of the Corporation and such Indemnified Party by the same counsel would be inappropriate due to actual or potential differing interests between them. In either such event, the fees and disbursements of such other counsel shall be paid by the Corporation, to the extent that they have been reasonably incurred.

ARTICLE 12 CONTRIBUTION

In the event that the indemnity provided for above is declared by a court of competent jurisdiction to be illegal or unenforceable as being contrary to public policy or for any other reason, the Agent and the Corporation shall contribute to the aggregate of all losses, claims, costs, damages, expenses or liabilities (except loss of profits or consequential damages) of the nature provided for above such that the Agent shall be responsible for that portion represented by the percentage that the portion of the Agent's Commission payable by the Corporation to the Agent bears to the net proceeds realized from the Offering (being the amount of the gross proceeds realized from the Offering less than an amount equal to the Agent's Commission) and the Corporation shall be responsible for the balance, provided that, in no event, shall the Agent be responsible for any amount in excess of the portion of the Agent's Commission actually received by the Agent. In the event that the Corporation may be held to be entitled to contribution from the Agent under the provisions of any statute or law, the Corporation shall be limited to contribution in an amount not exceeding the lesser of: (a) the portion of the full amount of losses, claims, costs, damages, expenses, liabilities, giving rise to such contribution for which the Agent is responsible, as determined above, and (b) the amount of the Agent's Commission actually received by the Agent. Notwithstanding the foregoing, a party guilty of fraudulent misrepresentation shall not be entitled to contribution from the other party. Any party entitled to contribution will, promptly after receiving notice of commencement of any claim, action, suit or proceeding against such party in respect of which a claim for contribution may be made against such party or in respect of which a claim for contribution may be made against the other party under this section, notify such party from whom contribution may be sought. In no case shall such party from whom contribution may be sought be liable under this agreement unless such notice shall have been provided, but the omission to so notify such party shall not relieve the party from whom contribution may be sought from any other obligation it may have otherwise than under this section. The right to contribution provided in this section shall be in addition and not in derogation of any other right to contribution which we may have by statute or otherwise by law.

ARTICLE 13
WAIVER OF CONTRIBUTION

The Corporation hereby waives its right to recover contribution from the Agent with respect to any liability of the Corporation by reason of or arising out of any misrepresentation in the Short Form, the Incorporated Documents or the Subsequently Triggered Reports provided, however, that such waiver shall not apply in respect of liability caused or incurred by reason of or arising out of: (i) any misrepresentation which is based upon information relating solely to the Agent and contained in such document and furnished to the Corporation by the Agent expressly for inclusion in such document; or (ii) any failure by the Agent to provide to prospective purchasers of Units any document which the Corporation is required to provide to such prospective purchasers and which the Corporation has provided to the Agent to forward to such prospective purchasers; or (iii) any failure by the Agent to comply with the terms hereof.

ARTICLE 14
EXPENSES

All reasonable expenses incurred from time to time in connection with the Offering including, without limitation, all costs of or incidental to the sale, issue or distribution of the Units, the reasonable fees and expenses of Agent's counsel, and to all matters in connection with the transactions herein set forth shall be borne by the Corporation; provided that, the fees of the Agent's counsel shall not exceed \$7,500 without the prior approval of the Corporation. The Corporation covenants and agrees to fully reimburse the Agent and its counsel from time to time, for all such reasonable expenses, immediately upon the receipt of one or more invoices therefor and acknowledges that it shall remain bound by this obligation, whether or not the Offering is completed.

ARTICLE 15

RE:

Registration on Form SB-2

Ladies and Gentlemen:

You have requested our opinion as special counsel for Stockgroup Information Systems Inc., a Colorado corporation, in connection with your registration statement on Form SB-2 under the Securities Act of 1933, as amended, and the rules and regulations promulgated under the Securities Act, for an offering by certain selling shareholders of up to an aggregate of 11,431,245 shares of Stockgroup's common stock. Certain of the shares to be offered by the selling shareholders underlie warrants held by the selling shareholders and will not be issued until and unless the warrants are exercised.

We have examined Stockgroup's Form SB-2 filed with the Securities and Exchange Commission on or about October 1, 2003. We have also examined the Amended and Restated Articles of Incorporation of Stockgroup, as amended and on file with the Secretary of State of the State of Colorado, as well as the bylaws, selected minutes of the Board of Directors of Stockgroup, and other documents as we have deemed necessary to provide a basis for the opinion expressed herein. We have also consulted with officers and directors of Stockgroup to clarify, confirm, or supplement the foregoing documentation. In our examination, we have assumed the genuineness of all signatures, the legal capacity of natural persons, the conformity to original documents of documents submitted to us by way of electronic copy, the authenticity of the originals of all such copies, and the completion, due execution and delivery of all documents where completion, due execution and/or delivery are a prerequisite to the effectiveness thereof.

Based on the foregoing, it is our opinion that the shares of Stockgroup common stock and warrants to purchase Stockgroup common stock that have been issued previously and are offered for sale by the selling shareholders in this registration were legally and validly issued and are fully paid and non-assessable; and that the shares of Stockgroup common stock that underlie warrants, when issued in accordance with the terms of the warrants, will be legally and validly issued and fully paid and non-assessable.

This opinion is limited to the federal laws of the United States of America and the laws of the State of Colorado.

We consent to the filing of this opinion as an exhibit to the registration statement and consent to the use of our name under the caption "Legal Matters" in the prospectus.

Sincerely,

FAEGRE & BENSON LLP
