REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Audit Committee of First Citizens National Bank  
Employee Stock Ownership Plan and Trust  
and Payroll Stock Ownership Plan

We have audited the accompanying statements of net assets available for plan benefits of First Citizens National Bank Employee Stock Ownership Plan and Trust and First Citizens National Bank Payroll Stock Ownership Plan as of December 31, 2006 and 2005, and the related statements of changes in net assets available for plan benefits

for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of First Citizens National Bank Employee Stock Ownership Plan and Trust and First Citizens National Bank Payroll Stock Ownership Plan as of December 31, 2006 and 2005, and the changes in net assets available for plan benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

FIRST CITIZENS NATIONAL BANK  
EMPLOYEE STOCK OWNERSHIP PLAN AND TRUST  
AND PAYROLL STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2005 AND 2004

Note 1 - Summary of Significant Accounting Policies

The significant accounting policies of First Citizens National Bank Employee Stock Ownership Plan and Trust and Payroll Stock Ownership Plan are summarized as follows:

Basis of Accounting

The financial statements are presented on the accrual basis of accounting.

Investments

Investments are presented at fair market value as of the balance sheet date. Fair market value of investments which have no quoted market price is determined by independent appraisal.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note 2 - Plan Description

The First Citizens National Bank Employee Stock Ownership Plan and Trust was adopted by the Board of Directors of First Citizens National Bank effective October 1, 1984. The Plan provides for contributions equal to 10% of covered compensation prior to October 1, 2000. After that date contributions equal 7% of compensation. An additional contribution may be made as determined by the Board of Directors of the Bank not to exceed that amount allowed as a deduction annually by the Internal Revenue Code. The Plan provides for participation by all employees of First Citizens National Bank who have completed a year of service by the last day of a given plan year and who are at least twenty-one (21) years old. The employer contribution for that plan year shall be allocated to the participants based on the proportion which a participant's compensation during such year bears to the total compensation for that year of all participants.

Benefits are paid to a participant upon retirement at the normal retirement age of sixty-five (65), or at such later date as the participant may elect to retire or upon total and permanent disability prior to age sixty-five (65) to the extent of his or her entire interest in the Trust Fund. Benefits are payable to a participant's beneficiary in the event of a participant's death at any time to the extent of his or her entire interest in the Trust Fund.

Benefits payable to a participant whose employment terminates prior to retirement are determined by a vesting schedule based on completed years of service with the employer. Prior to January 1, 1989, vesting began at forty (40) percent after completion of four years of service and increased proportionately to one hundred percent after completion of ten (10) years of service. After December 31, 1988, vesting begins at twenty (20) percent after completion of three (3) years of service and increases proportionately to one hundred percent after completion of seven (7) years of service. Effective January 1, 1999, the plan was amended to change the vesting schedule. The amendment provides for 100% vesting after completion of five (5) years of service. Participants with less than seven years of service at January 1, 1999, may elect to be vested according to the pre-amendment vesting schedule.

Note 2 - Plan Description (Continued)

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify receive a cash distribution.

Since the principal purpose of the plan is to provide benefits at normal retirement age, the principal goal of the investment of the funds in the plan should be both security and long-term stability with moderate growth commensurate with the anticipated retirement dates of participants. Investments, other than "fixed dollar" investments, should be included among the plan's investments to prevent erosion by inflation. However, investments should be sufficiently liquid to enable the plan, on short notice, to make some distributions in the event of the death or disability of a participant.

The First Citizens National Bank Payroll Stock Ownership Plan (PAYSOP) was enacted effective January 1, 1985. Contributions, based on payroll, were made to this plan for plan years December 31, 1985 and 1986. For plan years

beginning after December 31, 1986, all contributions ceased. A wasting trust is maintained so distributions of benefits attributable to the PAYSOP may be made. Since January 1, 1987, separate accounts have been maintained for participants with a PAYSOP balance at December 31, 1986. No further contributions will be made to these accounts. The financial statements of the PAYSOP are prepared on the liquidation basis of accounting.

Note 3 - Tax Status

The Internal Revenue Service has determined and informed the Employer by a letter dated May 21, 1996, that the plans are qualified and the trust established under the plan is tax-exempt under the appropriate sections of the Internal Revenue Code.

Note 4 - Concentration of Credit Risk

A substantial portion of the assets of the First Citizens National Bank Employee Stock Ownership Plan and Trust and Payroll Stock Ownership Plan is invested in common stock of the Employer.

Although the Employer has a diversified loan portfolio, a significant portion of its portfolio is agriculture related. Their debtors' ability to honor their contracts, and therefore the welfare of the Employee Stock Ownership Plan's investment, is dependent upon the agribusiness economy of the area.

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of First Citizens National Bank Employee Stock Ownership Plan and Trust and First Citizens National Bank Payroll Stock Ownership Plan are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.
