Notes

Note 1 - Basis of presentation

The interim financial statements included herein, presented in accordance with United States generally accepted accounting principles and stated in US dollars, have been prepared by the Company, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures are adequate to make the information presented not misleading.

These statements reflect all adjustments, consisting of normal recurring adjustments, which, in the opinion of management, are necessary for fair presentation of the information contained therein. It is suggested that these interim financial statements be read in conjunction with the financial statements of the Company for the year ended November 30, 2003 and notes thereto included in the Company's Form 10-KSB. The Company follows the same accounting policies in the preparation of interim reports.

Results of operations for the interim periods are not indicative of annual results.

Note 2 - Going concern

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. As shown in the accompanying financial statements, the Company has accumulated a net loss of (\$3,799,917) for the nine months ended August 31, 2004, and had minimal sales of \$16,667. The future of the Company is dependent upon its ability to obtain financing and upon future profitable operations from the development of its new business opportunities. In order to obtain the necessary capital, the Company is seeking equity and/or debt financing. If the financing does not provide sufficient capital, some of the shareholders of the Company have agreed to provide

sufficient funds as a loan over the next twelve month period. The financial statements do not include any adjustments relating to the recoverability and classification of recorded assets, or the amounts of and classification of liabilities that might be necessary in the event the Company cannot continue in existence.

These conditions raise substantial doubt about the Company's ability to continue as a going concern. These financial statements do not include any adjustments that might arise from this uncertainty.

Note 3 Prepaid expense

On April 1, 2003, the Company entered into an employment agreement with an individual who is an officer and director of the company. The compensation is \$60,000 annually. The Company recognized \$25,000 as an expense in the nine months ended August 31, 2004. As of August 31, 2004 the Company had no prepaid payroll.

On June 10, 2003, the Company entered into an agreement with Erin Rahe. The agreement has a term of one year and may be extended upon agreement by both parties. Either party may cancel the agreement with five days written notice in the event of a material violation of the agreement. Either party may cancel the agreement for any reason upon 30 days written notice. The compensation for the agreement was paid with the issuance of 1,000,000 shares of common stock. As of August 31, 2004 the Company had recorded a consulting expense of \$12,000.

During the nine months ended August 31, 2004, the Company had a deposit of \$400 with the SEC to be used for any future registration fees.

Item 2. Management's Discussion and Plan of Operation

Forward-Looking Statements

This Quarterly Report contains forward-looking statements about US Biodefense, Inc.'s business, financial condition and prospects that reflect management's assumptions and beliefs based on information currently available. We can give no assurance that the expectations indicated by such forward-looking statements will be realized. If any of our management's assumptions should prove incorrect, or if any of the risks and uncertainties underlying such expectations should materialize, UBDF's actual results may differ materially from those indicated by the forward-looking statements.

The key factors that are not within our control and that may have a direct bearing on operating results include, but are not limited to, acceptance of our services, our ability to expand our customer base, management's ability to raise capital in the future, the retention of key employees and changes in the regulation of our industry.

There may be other risks and circumstances that management may be unable to predict. When used in this Quarterly Report, words such as, "*believes*," "*expects*," "*intends*," "*plans*," "*anticipates*," "*estimates*" and similar expressions are intended to identify forward-looking statements, although there may be certain forward-looking statements not accompanied by such expressions.

Overview

We were incorporated in the State of Utah on June 29, 1983, under the name Teal Eye, Inc. We merged with Terzon Corporation and changed our name to Terzon Corporation in 1984. We subsequently changed our name to Candy Strippers Candy Corporation. We were engaged in the business of manufacturing and selling candy and gift items to hospital gift shops across the country. We were traded Over-the-Counter Bulletin Board for several years. In 1986 we ceased the candy manufacturing operations and filed for Chapter 11 Bankruptcy protection. After emerging from Bankruptcy in 1993, we remained dormant until January 1998, when we changed our name to Piedmont, Inc. On May 13, 2003, we filed an amendment to our Articles of Incorporation to change our name from Piedmont, Inc. to US Biodefense, Inc.

Management's Discussion and Analysis

We provide diversified professional and technical services involving the application of scientific, engineering and management expertise to provide biological defense solutions for government and commercial customers in the U.S. and abroad. We recognized \$12,500 in revenues during the quarter ended August 31, 2004. During the nine months ended August 31, 2004, we generated an aggregate of \$16,667 in revenues, which consists of all revenues earned since we emerged from bankruptcy. All revenues were earned from one customer, Financialnewsusa.com, a related entity, with which we entered into an agreement with on May 1, 2004, to provide consulting services valued at \$50,000. The agreement has a term of one year and may be extended upon agreement by both parties. Either party may cancel the agreement with five days written notice in the event of a material violation of the agreement. Either party may cancel the agreement for any reason upon 30 days written notice. We have been paid in advance the entire balance of the contract. We cannot guarantee that we will be able to attract future customers and continue to generate sales.

We are continuously developing our internal operations and researching potential opportunities for our business. During the three months ended August 31, 2004, our total expenses were \$7,088, all of which are attributable to general and administrative expenses. In the nine month period ended August 31, 2004, total expenses were \$50,194. We did not incur any expenses in 2003. We expect to continue to experience additional general and administrative expenses and do not foresee a significant decline in such. However, we anticipate that as our sales increase, we may be required to increase sales-related expenditures.

During the three month period ended August 31, 2004, we realized net income of \$5,412. For the nine month period ended August 31, 2004, we incurred a net loss of \$50,194. We believe that until we are able to generate sufficient revenues to meet our financial obligations, we will continue to operate with a net loss.

We have cash on hand of \$45,508 as of August 31, 2004, and may be unable to continue operations for the next at least 12 months if we are unable to generate significantly greater revenues or obtain capital infusions by issuing equity or debt securities in exchange for cash. If we are unable to obtain capital through issuances of equity or debt, David Chin, a shareholder and President of our company, has verbally agreed to loan us cash, which shall bear no interest and be due upon demand. As of August 31, 2004, Mr. Chin has loaned us \$3,894 to cover our daily operations. The loan bears no interest and is due upon demand. We have no formal written agreement with Mr. Chin for such loans, and we cannot guarantee you that we will be able to enforce this agreement. Notwithstanding this, there can be no assurance that we will be able to secure additional funds in the future to stay in business. Our principal accountants have expressed substantial doubt about our ability to continue as a going concern because we have limited operations and have not commenced planned principal operations.

We currently do not own any significant plant or equipment that we would seek to sell in the near future.

Our management does not anticipate the need to hire additional full- or part- time employees over the next 12 months, as the services provided by our officers and directors appear sufficient at this time. We believe that our operations are currently on a small scale that is manageable by a few individuals. We outsource for the manufacture of our products, as well as the hosting and maintenance of our web site, thus our responsibilities are related predominantly to graphic design and administrative duties. Additionally, our marketing and advertising efforts are mainly conducted via the Internet, and can be designed by our current staff or our third-party Internet services firm. While we believe that the addition of employees is not required over the next 12 months, we intend to contract sales representatives to market our products for us on an independent contractor basis. These representatives are not intended to be employees of our company.

We have not paid for expenses on behalf of any of our directors. Additionally, we believe that this fact shall not materially change.

Item 3. Controls and Procedures

Within 90 days prior to the date of filing of this report, we carried out an evaluation, under the supervision and with the participation of our management, including the Chief Executive Officer and our Chief Financial Officer, of the design and operation of our disclosure controls and procedures. Based on this evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures are effective for gathering, analyzing and disclosing the information we are required to disclose in the reports we file under the Securities Exchange Act of 1934, within the time periods specified in the SEC's rules and forms. There have been no significant changes in our internal controls or in other factors that could significantly affect internal controls subsequent to the

date of this evaluation.
