RCG COMPANIES INCORPORATED AND SUBSIDIARIES NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION

The accompanying unaudited financial statements include the accounts of RCG Companies Incorporated ("RCG") and its subsidiaries (collectively the "Company"). At September 30, 2003, the Company operated businesses in the aviation travel services, home technology, technology solutions and telecommunications call center segments in the United States. On November 14, 2003 the company changed its name from eResource Capital Group, Inc. to RCG Companies Incorporated to better reflect the nature and evolution of the Company's business strategy. In October 2001, the Company changed its name from flightserv.com, Inc. to eResource Capital Group, Inc. to better reflect its plan to acquire substantial interests in, operate and enhance the value of expansion phase companies operating in the travel, entertainment and technology services sectors. Prior to that time, the Company was engaged in the development of its private aviation business and limited commercial real estate activities.

The financial statements included in this report have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission for interim reporting and include all adjustments (consisting only of

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form 10-Q

normal recurring adjustments) that are, in the opinion of management, necessary for a fair presentation. These financial statements have not been audited.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations for interim reporting. The Company believes that the disclosures contained herein are adequate to make the information presented not misleading. However, these financial statements should be read in conjunction with the financial statements and notes thereto included in the Company's Annual Report for the period ended June 30, 2003, which is included in the Company's Form 10-KSB filed on October 14, 2003.

The Company experienced an operating loss from continuing operations of \$514,000 during the first quarter of fiscal 2004 and used cash of \$2,160,000 in operations during the quarter. This cash loss was partially offset by the raising of equity financing. At September 30, 2003, the Company has cash and cash equivalents of \$2.4 million and investments of \$0.4 million. The Company believes that its existing balances of cash and cash equivalents and investments, together with the proceeds of a \$1.2 million private placement at \$1.12 per share of Common Stock (\$208,000 of which has been received as of 11/6/03), will be sufficient to meet the working capital and capital expenditure requirements of our continuing operations through the end of fiscal 2004.

CONSOLIDATION

The Company's consolidated financial statements include the assets and liabilities and results of operations of RCG and each business acquired by RCG from the date of its acquisition through September 30, 2003. All significant intercompany balances and transactions have been eliminated. Certain prior period amounts have been reclassified to conform to the fiscal 2004 presentation.

CASH AND CASH EQUIVALENTS

The Company classifies as cash equivalents any investments which can be readily converted to cash and have an original maturity of less than three months. At times cash and cash equivalent balances at a limited number of banks and financial institutions may exceed insurable amounts. The Company believes it mitigates its risks by depositing cash or investing in cash equivalents in major financial institutions.

CONCENTRATION OF CREDIT RISK

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash, accounts receivable, investments, and notes payable. The Company places its temporary cash with high credit quality principal institutions. The Company performs periodic credit evaluations of its customers' financial condition and generally does not require collateral. Although due dates of receivables vary based on contract terms, credit losses have been within management's estimates in determining the level of allowance for doubtful accounts. Overall financial strategies are reviewed periodically.

The following methods and assumptions were used by the Company in estimating its fair value disclosures for financial instruments:

- o Cash and cash equivalents: The carrying amount reported in the balance sheet for cash approximates its fair value.
- o Accounts receivable and accounts payable: Due to their short term nature, the carrying amounts reported in the balance sheet for accounts receivable and accounts payable approximate their fair value.

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form 10-Q

The Company provides for any losses through its allowance for doubtful accounts.

6

- o Investments: The fair values for available-for-sale equity securities are based on quoted market prices.
- o Notes Payable: The carrying amount of the Company's notes payable approximate their fair value.

During the first quarter of fiscal year 2004 and 2003, sales to Vacation Express and its sister company, Suntrips, Inc. ("Suntrips"), both part of the MyTravel Group, a customer of the Company's aviation travel services business, represented 71% and 69%, respectively, of the Company's consolidated revenue. The company signed a definitive agreement to acquire SunTrips and Vacation Express on October 17, 2003 and closed the transaction on October 31, 2003. Under the terms of the asset purchase agreement, FS Tours, Inc. ("FS Tours") a wholly-owned subsidiary of Flightserv, will acquire substantially all of the assets and liabilities of Vacation Express, and FS SunTours, Inc ("FS SunTours") a wholly-owned subsidiary of Flightserv, will acquire substantially all of the assets and liabilities of SunTrips, except for certain excluded items, for a \$10 million non-interest bearing seven-year promissory note from Flightserv secured by certain RCG investment holdings. The agreement requires the Company to provide additional cash if the working capital deficit of the acquired business exceeds \$2 million. Additionally, FS Tours and FS SunTours entered into a three-year agreement with MyTravel Canada Holidays, Inc. ("MyTravel Canada"), for certain services, including the purchasing of hotel accommodations for FS Tours and FS SunTours on an exclusive basis. MyTravel Canada will be paid approximately \$4.5 million over three years under this agreement.

TRADE ACCOUNTS RECEIVABLE

Accounts receivable from the sale of products or services are recorded at net realizable value and the Company grants credit to customers on an unsecured basis. The Company provides an allowance for doubtful collections that is based upon a review of outstanding receivables, historical collection information, and existing economic conditions. Normal trade receivables are due from 15 to 30 days after the issuance of an invoice. Receivables past due more than 120 days are considered delinquent. Delinquent receivables are written off based on individual credit evaluation and specific circumstances of the customer.

The Company computes finance charges on accounts that are 30 days past due. The finance charges are recognized into income when accrued unless collection is doubtful.

INVENTORY

Inventory consists mainly of purchased-in components used in the Company's Home Technology business. Inventory is recorded at the lower of cost or market with cost being determined on a first-in, first-out basis.

INVESTMENTS

Investments, including certificates of deposit with maturities of greater than three months, not readily marketable equity securities, and other marketable securities, are classified as available for sale. Investment securities that are not readily marketable include securities (a) for which there is no market on a securities exchange or no independent publicly quoted market, (b) that cannot be publicly offered or sold unless registration has been

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form 10-Q

effected under the Securities Act of 1933, or (c) that cannot be offered or sold because of other arrangements, restrictions, or conditions applicable to the securities or the Company. Certificates of deposit are recorded at cost plus accrued interest. Marketable equity securities are recorded at estimated values based on quoted market values for marketable securities of the investee discounted for trading restrictions. If there is no quoted market value, the recorded values are based on the most recent transactions in the securities discounted for lack of marketability. Investment securities transactions are recorded on a trade date basis. The difference between cost and fair value is recorded as unrealized gain or loss on available for sale securities as a component of comprehensive income.

Investments also include stock purchase warrants, which the Company periodically receives as part of its compensation for services. Stock purchase warrants from companies with publicly traded common stock are considered derivatives in accordance with SFAS 133 "Accounting for Derivative Investments and Hedging Activities". The Company recognizes revenue at the fair value of such stock purchase warrants when earned based on the Black - Scholes valuation

7

model. The Company recognizes unrealized gains or losses in the statement of operations based on the changes in value in the stock purchase warrants as determined by the Black - Scholes valuation model subsequent to the date received.

PREPAID EXPENSES

Prepaid expenses include insurance, deferred costs, certain taxes, and charter flight costs. Depending upon the volume and timing of charter flight activity, the amount of prepaid charter flight costs can fluctuate significantly.

PROPERTY AND EQUIPMENT

Property and equipment are stated at cost, less accumulated depreciation. Depreciation is computed on the straight-line basis over the assets' estimated useful lives. Expenditures for maintenance and repairs are expensed as incurred. Expenditures for improvements which extend the useful life or add value to the asset are capitalized and then expensed over that asset's remaining useful life.

Sales and disposals of assets are recorded by removing the related cost and accumulated depreciation amounts with any resulting gain or loss reflected in the statement of operations.

The carrying value of property and equipment and predevelopment costs is reviewed for impairment whenever events or changes in circumstances indicate that such amounts may not be recoverable. If such an event occurred, the Company would prepare projections of future results of operations for the remaining useful lives of such assets. If such projections indicated that the expected future net cash flows (undiscounted and without interest) are less than the carrying amounts of the property and equipment and the predevelopment costs, the Company would record an impairment loss in the period such determination is made.

GOODWILL AND INTANGIBLE ASSETS

The Company records goodwill and intangible assets arising from business combinations in accordance with Financial Accounting Standards Board Statement ("SFAS") No. 141 "Business Combinations" ("SFAS 141") which requires that the

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form 10-Q

purchase method of accounting be used for all business combinations initiated after June 30, 2001. SFAS 141 also specifies the criteria applicable to intangible assets acquired in a purchase method business combination to be recognized and reported apart from goodwill.

The Company accounts for goodwill and intangible assets in accordance with SFAS No. 142 "Goodwill and Other Intangible Assets" ("SFAS 142").

SFAS 142 requires that goodwill and intangible assets with indefinite useful lives no longer be amortized, but instead be tested at least annually for impairment. SFAS 142 also requires that intangible assets with definite useful lives be amortized over their respective estimated useful lives to their estimated residual values, and be reviewed for impairment.

Goodwill, which represents the cost in excess of fair value of net assets acquired, is subject to an impairment test on an annual basis, or when there is reason to believe that the value has been diminished or impaired. The fair value of the Company's identified reporting units was estimated using the expected present value of corresponding future cash flows and market values of comparable businesses where available.

REVENUE RECOGNITION

Charter Travel Aviation

Revenue related to the Company's aviation travel services consists of fees for charter flights and is recognized upon completion of the related flight.

8

Home Technology

The Company's home technology services work is completed in three phases - pre-wiring, trim-out and then hardware installation. The Company invoices its customers and records revenue as work is completed on each project. For alarm monitoring service contracts sold by the Company, revenue is recognized only when the contracts are sold to third party finance companies or as billed if the Company holds and services the contract. The Company sells substantially all of its alarm monitoring contracts immediately subsequent to the date the contracts are signed by the customer.

Sales of franchise licenses are recognized as revenue when the Company's obligations under the franchise agreement are "substantially complete." The Company generally defines "substantially complete" as the completion of training by the franchisee's General Manager and the approval by the Company of the franchise location plan.

Royalties are based on a percentage of the sales recorded by franchisees and are recorded as earned. Procurement fees charged to franchisees are recorded in the month that the related product is shipped to the franchisee.

Technology Solutions

Internet website development services project revenue is recognized on a percentage of completion basis for fixed fee contracts, based on the ratio of costs incurred to total estimated costs for individual projects. Revenue is recognized as services are performed for time and material contracts at the applicable billing rates.

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form 10-Q

Unbilled revenue represents revenue earned under contracts in advance of billings. Such amounts are normally converted to accounts receivable within 90 days. Unearned income represents amounts billed or cash received in advance of services performed or cost incurred under contracts. Any anticipated losses on contracts are charged to operations when identified.

The Company provides e-commerce marketing and business development services to clients pursuant to contracts with varying terms. The contracts generally provide for monthly payments and, in some cases, advance deposits. Revenue is recognized over the respective contract period as services are provided.

Revenue from uncollateralized e-commerce sales or sales of hardware and software is recognized upon passage of title of the related goods to the customer.

NET LOSS PER SHARE

The Company computes net loss per share in accordance with SFAS No. 128, "Earnings per Share" which requires dual presentations of basic and diluted earnings per share.

Basic earnings per share is computed using the weighted average number of common shares outstanding during the period. Diluted earnings per share is computed using the weighted average number of common shares outstanding and potentially dilutive shares outstanding during the period. Options and warrants to purchase 4,398,696 and 3,757,449 shares of Common Stock were outstanding at September 30, 2003 and 2002, respectively. Such outstanding options and warrants could potentially dilute earnings per share in the future but have not been included in the computation of diluted net loss per share in 2003 and 2002 as the impact would have been anti-dilutive.

ADVERTISING

The Company expenses advertising costs as incurred. Advertising expense aggregated \$36,000 and \$74,000 for the quarters ended September 30, 2003 and 2002, respectively.

INCOME TAXES

The Company accounts for income taxes in accordance with the liability method as provided under SFAS No. 109, "Accounting for Income Taxes." Accordingly, deferred income taxes are recognized for the tax consequences of

9

differences between the financial statement carrying amounts and the tax bases of existing assets and liabilities. The measurement of deferred tax assets is reduced, if necessary, by the amount of any benefits that, based on available evidence, are not expected to be realized.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form 10-Q

RECENT ACCOUNTING PRONOUNCEMENTS

Reference is made to all recent accounting pronouncements in the Company's Annual Report for the year ending June 30, 2003.

NOTE 2. GROUP BUSINESSES AND ACQUISITIONS

AVIATION TRAVEL SERVICES

The Company's aviation travel services business provides tour operators, corporate travel departments, sports teams and casinos cost effective and reliable charter air transportation. The Company acts as a program manager for these customers by providing turnkey aircraft services including ground support and aircraft fueling, passenger service and support, and real-time flight tracking.

HOME TECHNOLOGY

The Company's home technology business, Lifestyle Innovations, Inc. ("LFSI"), is a full service home technology integration company providing complete installation and equipment for structured wiring, home security, PC networking, home audio, home theater, central vacuum and accent lighting. It offers these products to residential homeowners through its relationships with home builders and to the commercial market. The Company operates two company owned locations in Charlotte, NC and Atlanta, GA and has franchise operations in 14 other markets in the South, Southeast and Texas.

On March 7, 2003 LFSI completed its acquisition of FutureSmart Systems, Inc. ("FutureSmart"), a manufacturer and distributor of structured wiring and home networking distribution panels. On May 28, 2003 the Board of Directors approved a plan to dispose of FutureSmart. Accordingly, its operations since March 7, 2003 have been included in discontinued operations. On October 17, 2003 the Company completed its sale of all of the assets of FutureSmart for an "Initial Purchase Price" of \$1,500,000, which is subject to adjustment as provided in the Asset Purchase Agreement to the "Final Purchase Price." The Initial Purchase Price is allocated to the secured creditors of FutureSmart, \$200,000 to the Company and \$1,300,000 to the other secured creditors. Thirty percent (\$450,000) of the Initial Purchase Price was paid at Closing pro rata to the secured creditors (\$60,000 to the Company) and the remainder of \$1,050,000 was placed in escrow. The escrowed amount is subject to various adjustments, including determination of the final net assets as of the Closing Date and settlement of certain other obligations. The remaining balance will be disbursed by the Escrow Agent no later than one year and one day after the Closing Date.

The purchase price of \$876,910 on March 7, 2003 consisted of the issuance of 1,000,000 shares of LFSI's \$.10 par value preferred stock, a bridge loan by LFSI to FutureSmart of \$224,830 and \$552,080 in direct transaction costs. The acquisition of FutureSmart was accounted for as a purchase in accordance with SFAS 141, and the Company has accordingly allocated the purchase price of FutureSmart based upon the fair values of the net assets acquired and liabilities assumed.

10

Pursuant to the acquisition agreement, the shareholders of FutureSmart could receive "Earn out Consideration" of up to 1,200,000 LFSI common shares if FutureSmart achieves certain "Performance Milestones."

In connection with LFSI's acquisition of FutureSmart, RCG agreed until March 3, 2005, or one year from the registration of the shares of common stock for the

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form 10-Q

FutureSmart shareholders if sooner, that if RCG proposes to transfer 15% or more of the shares of LFSI owned by RCG (excluding registered offerings, sales to certain investors and related party sales) then certain of the FutureSmart shareholders shall have the right to participate in such transfer of stock on the same terms and conditions for up to 25% of the total sale.

TECHNOLOGY SOLUTIONS

The Company's technology solutions business provides integrated products and services to assist customers in meeting their strategic technology initiatives. The Company's products and services include distribution of third-party published software titles to the educational market and corporate customers, full service Internet development, Internet site hosting and co-location and Internet business development services encompassing partner site management and marketing. In its Internet business development and marketing services, the Company generally participates in the development and implementation of the business plan in exchange for revenue-sharing and/or equity-based arrangements.

On October 15, 2003, the technology solutions business completed the acquisition of SchoolWorld Software, a Pittsburgh, PA based educational software company for \$380,000 of the Company's Common Stock.

TELECOMMUNICATIONS CALL CENTER

The Company operates a telecommunications call center providing telemarketing, help desk and other services for Internet related and other companies. The call center provides support to aviation travel services businesses as a reservations and customer care center for airlines, tour operators and for internal programs for which the Company takes reservations from travelers. On September 1, 2003 the Company closed its Pensacola, FL call center facility and future programs will be managed by the aviation travel services division.

DISCONTINUED OPERATIONS

Home Technology

On March 7, 2003 LFSI completed its acquisition of FutureSmart Systems, Inc., ("FutureSmart"), a manufacturer and distributor of structured wiring and home networking distribution panels. On May 28, 2003 the Board of Directors approved a plan to dispose of FutureSmart. Accordingly, its operations since March 7, 2003 have been included in discontinued operations.

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form 10-Q

The Company did not record an income tax benefit against the pre-tax loss for the first quarter of fiscal year 2004. The deferred tax asset increased by \$303,000. The deferred tax asset is fully offset by the valuation allowance at September 30, 2003 because, due to the company's recent operation performance, it is management's opinion that it is likely that a portion of the deferred tax benefits will not be realized. Realization of these tax benefits, including potential tax saving of approximately \$19.8 million from the use of net operation loss and tax credit carry forwards, is generally dependent on the generation of taxable income in the future. The Company will continue to assess the valuation allowance, and to the extent it is determined that all or a portion of the allowance is no longer required, that tax benefits relating to the net deferred tax assets will be recognized in the future.

The Company did not record an income tax benefit against the pre-tax loss for the first quarter of fiscal year 2003. The deferred tax asset increased by \$51,000. The deferred tax asset is fully offset by the valuation allowance at September 30, 2002. Realization of these tax benefits, including potential tax saving of approximately \$13 million from the use of net operation loss and tax credit carry forwards, is generally dependent on the generation of taxable income in the future.

In fiscal 2001, the Company received a preliminary Internal Revenue Service report on the Company's 1996 and 1997 and one of its subsidiary's 1994 and 1995 tax returns, which the Company has appealed. At September 30, 2003 and June 30, 2003, the Company had recorded a federal tax liability of \$305,830 related to such assessment.

NOTE 10. RELATED PARTY TRANSACTIONS

During fiscal 2002, Mr. Pruitt, President and CEO of the Company, pledged certain of his personal assets to secure a \$100,000 bank line of credit for Lifestyle Innovations, Inc., ("LFSI"). LFSI is a separately traded public company, of which the Company owns approximately 15.6 million restricted common shares as of September 30, 2003. These shares represent an equity ownership of approximately 76.5% of the company. Mr. Pruitt repaid the \$100,000 due on the line of credit with personal funds on August 8, 2003 in exchange for a note from LFSI. The note bears interest at 8% per annum and is due on demand.

In addition to this note, LFSI owed Mr. Pruitt, as of September 30, 2003, \$42,567. This amount is the result of loans made to LFSI by Mr. Pruitt prior to fiscal year 2003 and accrued interest calculated on the note.

Mr. Pruitt owns 33.3% and is a director in a company that purchased franchise licenses and business operations from LFSI in three markets located in South Carolina. Mr. Pruitt also owns 15% of another company that is a LFSI franchisee in the state of Maryland. The franchise locations in the Carolina's owed the Company and its subsidiaries \$41,163 at September 30, 2003. The franchise location in Maryland owed the Company and its subsidiaries \$3,997 at September 30, 2003.

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form 10-Q

During fiscal year 2002, Mr. Pruitt loaned money to the Company. At September 30, 2003, \$5,000 was due to Mr. Pruitt. The \$5,000 was payable to Mr. Pruitt on demand. The interest rate on the note is 8%. This note was repaid on October 2, 2003.

Mr. G. David Gordon, a Company Stockholder, has an ownership interest in six LFSI franchises, including two locations that were purchased from the Company during fiscal 2002 and for which the Company recorded a gain on sale of \$119,000. Mr. Gordon also acts as legal counsel to the Company from time to time. Mr. Gordon has an ownership interest in the Charleston, SC, and Hilton Head, SC markets along with Mr. Pruitt, and the Dallas, TX, market along with Paul B. Johnson, President of LFSI. Mr. Gordon is an investor in a Company that owns the franchise locations in Raleigh, Wilmington, and Greensboro, NC. These six franchise locations collectively owed LFSI and its subsidiaries \$125,017 at September 30, 2003.

At September 30, 2003, total debt outstanding to Mr. Gordon and a company in which he is the president and a 65% shareholder, is \$1,096,782 which is included in notes payable on the Company's Consolidated Balance Sheet. The loans, which arose during fiscal 2002 through fiscal 2004, bears interest at 12%. As of September 30, 2003, outstanding accrued interest on these obligations was \$53,704. These debts mature in fiscal 2004 and 2005. The above outstanding debt includes a Note for \$750,000 which is convertible into Common Stock of the Company at the lesser of \$2.10 per share or a 25% discount to the fair market value of the Company's Common Stock.

16

LFSI and its subsidiaries also have various outstanding debt obligations due to Mr. Gordon and his spouse. As of September 30, 2003, these obligations totaled \$846,782, \$500,000 of which is due to Mr. Gordon's spouse.

Mr. Johnson is an investor in a company, which in November 2001 became a franchisee of LFSI in the Dallas, Texas market and purchased franchises for two additional Dallas, Texas markets during the quarter ended March 31, 2003. In addition, Mr. Johnson was named Chief Executive Officer and a board member of LFSI, which acquired the Company's home technology business in September 2002. Mr. Johnson resigned as a director of the Company effective October 31, 2002 due to his being appointed the CEO of LFSI. Mr. Johnson resigned as CEO and as a board member from LFSI during March 2003 and remained President and Treasurer. Mr. Johnson is also an officer and director of various LFSI subsidiaries. The Dallas franchise locations owed the Company and its subsidiaries \$80,192 at September 30, 2003. This amount is included in the \$125,017 owed by Mr. Gordon's franchises mentioned in the above paragraph.

During fiscal 2002, Glenn Barrett resigned as President of Lifestyle Technologies, Inc. and began LVA Technologies LLC ("LVA"), a low voltage wiring business that operates as a Lifestyle franchisee headquartered in Charlotte, NC to serve the commercial market. The Company waived LVA's initial franchise fee for the commercial franchise. LVA also owns the Greenville and Columbia, SC franchises of LFSI. LVA's low voltage wiring business pays royalties on products purchased from LFSI at the same rate as LFSI's other franchisees, however, it does not pay royalties on revenue generated from products purchased elsewhere as required of the Company's other franchisees, including the Greenville and Columbia, SC franchises. LVA and its subsidiaries owed the Company and its subsidiaries \$308,594 as of September 30, 2003.

Revenues from the franchisees discussed above for the quarters ended

In September 2003, P. Roger Byer, a director of the Company, purchased 89,285 shares of restricted Common Stock for \$100,000 or \$1.12 per share. Mr. Byer subscribed to purchase an additional 44,642 shares of restricted Common Stock for \$50,000 which was closed in early October, 2003.

The Company owns an equity interest in a privately held company in which the executive vice president of the Company's aviation travel services business is a director and shareholder. Avenel Ventures, Inc. owned this equity interest prior to being acquired by the Company in fiscal 2002. The amount is included in investment on the Company's Consolidated Balance Sheet.

The Company's revenues in the three months ended September 30, 2003 were \$19,593,000 compared to \$18,828,000 in the same period a year ago. The increase in the current period is due to the aviation travel services expanded charter aviation business as well as the technology solutions expanded sales activity in the computer software business and internet businesses. These increases were partially offset by the decrease in revenues from the home technology business due to a focused reduction of business with certain unprofitable customers.

During the three month period ended September 30, 2003, sales to Vacation Express and Suntrips, both members of the MyTravel Group, customers of the Company's aviation travel services business, represented 71% of the Company's consolidated revenue. For the quarter ended September 30, 2002, sales to Vacation Express and Suntrips, represented 69%, of the Company's consolidated revenue.

Gross profit in the three months ended September 30, 2003 was \$1,387,000 compared to \$1,596,000 in the same period a year ago. The decrease in the current period is primarily due to the aviation travel services decrease in the scheduled flights from Vacation Express as well as a decrease in the home technology business due to less high-

margin revenue being booked. The Company reported a 7.1% overall gross margin in the quarter ended September 30, 2003 compared to 8.5% in the same period a year ago. The decrease in margin was due to a decrease in revenues from the Vacation Express program which operated at a gross margin of approximately 9%, as well as an increase in revenues from Suntrips which operated at a zero gross margin.

In the quarter ended September 30, 2003, the Company reported \$111,000 of non-cash expense related to the issuance of options and warrants compared to \$33,000 in the same period a year ago. The increase is all attributable to the

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form 10-Q

home technology segment's issuance of options to a former officer of the company.

Selling, general and administrative expenses-other in the three months ended September 30, 2003 was \$1,923,000 compared to \$1,992,000 in the comparable period a year ago. This decrease is due to lower telecommunications costs resulting from reduced number of employees, lower marketing and advertising costs and lower office related expenses. Selling, general and administrative expenses-other were reduced to 9.8% of revenue in the three months ended September 30, 2003 from 10.6% of revenue in the same period a year ago.

Provision for bad debts decreased to zero in the three months ended September 30, 2003 compared to \$4,000 in the same period a year ago. Management believes that the amount reserved at June 30, 2003 for bad debts does not need further adjustment in the current quarter.

The Company's depreciation and amortization expense in the three month period ended September 30, 2003 was \$129,000 compared to \$107,000 in the same period a year ago. The increase is due to depreciation of the fixed asset additions.

In the three month period ended September 30, 2003, the Company incurred \$94,000 of net interest expense related to its debt portfolio compared to \$102,000 in the same period a year ago. This is due to debt conversions discussed in Note 5 of the consolidated financial statements.

In the quarter ended September 30, 2003, the Company recorded a gain on investments of \$119,000 relating to the issuance of LFSI stock for services. In the quarter ended September 30, 2002, the Company recorded a net gain on investments of \$175,000 of which \$208,000 relates to Company's sale of LFSI stock obtained in the LFSI Transaction. In September 2002, the Company completed the private sale of 125,000 shares of LFSI common stock to a private investor. The Company sold these shares at \$2.00 per share and received \$250,000 in proceeds as a result of this sale. \$150,000 of the proceeds was received in September 2002 with the balance being received in October 2002. The net gain on all investment activity during the quarter is net of losses of approximately \$33,000 related to non-cash market adjustments of common stock purchase warrants.

In the quarter ended September 30, 2003, the Company recorded other income of \$103,000 compared to \$263,000 in the same period a year ago. The Company's technology solutions business recorded a \$100,000 amount to other income in the current quarter related to a prior project. The Company's aviation travel services business received \$263,000 in grant proceeds in the quarter ended September 30, 2002 from a government assistance program designed to provide grants to companies whose businesses were directly impacted by the events of September 11, 2001.

Minority interest represents the minority shareholders' share of losses of LFSI for the quarter ended September 30, 2003 as well as the technology solutions business share of profits in its 75% owned business, 123Shoes.com.

Aviation Travel Services

The Company's aviation travel services business revenues in the three months ended September 30, 2003 were \$15,535,000 compared to \$15,060,000 in the same period a year ago. The increase from the prior year represents increases in charter air revenue related to the Suntrips contract which began in July 2002. Total revenues with Vacation Express and Suntrips, members of the MyTravel Group, were \$13,966,000 in the quarter ended September 30, 2003 compared to \$12,996,000 in the same period a year ago. The Company signed a definitive agreement to acquire SunTrips and Vacation Express on October 17, 2003 and closed the transaction on October 31, 2003.

Gross profit for the Company's aviation travel services business in the three months ended September 30, 2003 was \$833,000 compared to a gross profit of \$987,000 in the same period a year ago. This business generated income of \$161,000 for the quarter ended September 30, 2003 compared to income of \$670,000 in the same period a year ago. The inferior results were due primarily to the Company's receipt during the quarter ending September 30, 2002 of \$263,000 in grant proceeds from a government assistance program designed to provide grants to companies whose businesses were directly impacted by the events of September 11, 2001. Also, the quarter ended September 30, 2003 was adversely affected by a reduction in scheduled flights by Vacation Express.

Home Technology

The Company's home technology business represents the activities of LFSI. The Company is a majority owner of LFSI and consolidates the business while recording minority interests for the percentage of income and equity of LFSI owned by other shareholders.

This business recorded revenues of \$480,000 for the quarter ended September 30, 2003 compared to \$540,000 for the same period a year ago. The overall decrease in revenues is the result of substantial cost and staff reductions.

Gross profit for the Company's home technology business in the three months ended September 30, 2003 was \$119,000, or 25%, compared to \$183,000, or 34%, in the same period a year ago. The decrease in gross profit percentage was due to the Company's location in Charlotte terminating the majority of its direct labor

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form 10-Q

and began utilizing sub-contract services for the majority of its installation work. During this period, overall costs of labor and materials were higher than normally experienced, with total direct costs exceeding revenue. Accordingly, management is still evaluating the effectiveness and cost of this approach and may make further changes in the future.

Home technology incurred a loss from continuing operations of \$358,000 in the three months ended September 30, 2003, compared to a loss of \$508,000 in the same period a year ago. As mentioned above as the cause of declining revenue, the cost reductions and staff reductions have reduced expenses and therefore have decreased the loss from the prior period.

Technology Solutions

The Company's technology solutions business recorded revenues of \$3,535,000 for the quarter ended September 30, 2003 compared to \$3,219,000 for the same period a year ago. The increase in revenues is the result of the expansion of products, services and its sales force, primarily in the computer software business.

21

Gross profit for the Company's technology solutions business in the three months ended September 30, 2003 was \$435,000 compared to a gross profit of \$417,000 in the same period a year ago. This is a negligible decrease in gross profit percentage.

This business incurred a loss of \$9,000 for the quarter ended September 30, 2003 compared to a loss of \$27,000 in the same period a year ago. The results improved results were due to a one-time income adjustment offset by an increase in interest expense and finance charges related to a line of credit and an increase in rent and marketing expenses.

Corporate

Corporate incurred a loss \$304,000 for the quarter ended September 30, 2002 compared to a loss of \$243,000 in the same period a year ago. The increase in loss from continuing operations is due to increases in insurance and public relations as well as less of a gain from investments in the current period.

22

Seasonality

The Company experiences some seasonality in its aviation travel services and technology solutions businesses. The seasonality in the aviation travel services business is due to the higher level of charter travel to Caribbean and Mexican destinations during the vacation season, which coincides with the Company's first and fourth fiscal quarters. The Company's technology solutions business generally experiences higher revenue in the first and fourth fiscal quarters, with the largest amount being recognized in the fourth quarter, due to the fact that the Company's year end coincides with the year end of most schools and

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form 10-Q

universities. These customers are tied to strict budgets and normally purchase more product at the start and the end of their fiscal year.

Guarantee Obligation

The Company's aviation travel services business (the "Aviation Business") has certain guarantees outstanding with an airline provider that indicate if the Aviation Business does not utilize a minimum number of hours during each program year, then the Aviation Business would be required to pay the shortage to the provider. The Aviation Business has a similar arrangement with Vacation Express whereby Vacation Express has guaranteed a certain number of travel hours to the Aviation Business. The Aviation Business does not anticipate incurring a net loss on these guarantees and has not accrued any such loss on its balance sheet as of September 30, 2003.

Liquidity and Capital Resources

The Company's net loss for the three months ended September 30, 2003 of \$990,000 were offset by an increase to shareholders' equity related to the sale of Common Stock, with net proceeds of \$988,000, as well as debt and accounts payable conversions totaling \$880,000. Minority interest decreased mainly due to the minority shareholders' portion of LFSI's losses of \$284,000.

For the quarter ended September 30, 2003, operations used \$2,160,000 of cash primarily due to the aviation travel services use of cash in the scheduling of flights. For the quarter ended September 30, 2003, net cash used by investing activities was \$43,000 due primarily to the purchase of property and equipment. For the quarter ended September 30, 2003, net cash provided by financing activities was \$1,054,000 due primarily to the Company receiving \$988,000 through the sale of the Company's Common Stock. At September 30, 2003, the Company had a working capital deficit of \$5,947,000. At September 30, 2003 the Company held cash and cash equivalents of \$2,415,000 and investments of \$405,000.

The Company's significant working capital deficit is partially due to \$2,709,000 of current debt. Approximately 67% of total debt is attributable to the home technology business. The Company is currently exploring additional sources of liquidity, including debt and equity financing alternatives and potential sales of additional shares of LFSI, a portion of which may or may not be sold from time to time depending on market conditions and the effectiveness of a LFSI registration statement, to provide additional cash to support operations, working capital and capital expenditure requirements for the next 12 months and to meet the scheduled debt repayments. Additionally, the Company plans on negotiating with its debt holders to extend some or all of this debt. If (i) we are unable to grow our business or improve our operating cash flows as expected, (ii) we suffer significant losses on our investments, (iii) we are unable to realize adequate proceeds from investments, including our holdings of LFSI stock, or (iv) we are unsuccessful in extending a substantial portion of the debt repayments, then we will need to secure alternative debt or equity financing to provide us with additional working capital. There can be no assurance that additional financing will be available when needed or, if available, that it will be on terms favorable to the Company and its stockholders. If the Company is not successful in generating sufficient cash flow from operations, or in raising additional capital when required in sufficient amounts and on terms acceptable to the Company, these failures would have a material adverse effect on the Company's business, results of operations and financial condition. If additional funds are raised through the issuance of equity securities, the percentage ownership of its then current stockholders would be diluted.

The Company's Board of Directors had previously considered distributing a portion of the LFSI shares to the shareholders of the Company. The Board of Directors and its advisors currently believe the most prudent use of these shares is the sale of LFSI shares to external parties and does not currently intend to distribute any shares as a dividend.

The Company's business, results of operations, and financial condition are subject to many risks. In addition, statements in this report relating to matters that are not historical facts are forward-looking statements based on management's belief and assumptions based on currently available information. ITEM 5. OTHER INFORMATION

On November 14, 2003 the company changed its name from eResource Capital Group, Inc. to RCG Companies Incorporated to better reflect the nature and evolution of the Company's business strategy.

The company signed a definitive agreement to acquire SunTrips and Vacation Express on October 17, 2003 and closed the transaction on October 31, 2003. Under the terms of the asset purchase agreement, FS Tours, Inc. ("FS Tours") a wholly-owned subsidiary of Flightserv, will acquire substantially all of the assets and liabilities of Vacation Express, and FS SunTours, Inc ("FS SunTours") a wholly-owned subsidiary of Flightserv, will acquire substantially all of the assets and liabilities of SunTrips, except for certain excluded items, for a \$10

Edgar Filing: ERESOURCE CAPITAL GROUP INC - Form 10-Q

million non-interest bearing seven-year promissory note from FlightServ secured by certain RCG investment holdings. The agreement requires the Company to provide additional cash if the working capital deficit of the acquired business exceeds \$2 million. Additionally, FS Tours and FS SunTours entered into a three-year agreement with MyTravel Canada Holidays, Inc. ("MyTravel Canada"), for certain services, including the purchasing of hotel accommodations for FS Tours and FS SunTours on an exclusive basis. MyTravel Canada will be paid approximately \$4.5 million over three years under this agreement.

On October 17, 2003 the Company completed its sale of all of the assets of FutureSmart for an "Initial Purchase Price" of \$1,500,000, which is subject to adjustment as provided in the Asset Purchase Agreement to the "Final Purchase Price." The Initial Purchase Price is allocated to the secured creditors of FutureSmart, \$200,000 to the Company and \$1,300,000 to the other secured creditors. Thirty percent (\$450,000) of the Initial Purchase Price was paid at Closing pro rata to the secured creditors (\$60,000 to the Company) and the remainder of \$1,050,000 was placed in escrow. The escrowed amount is subject to various adjustments, including determination of the final net assets as of the Closing Date and settlement of certain other obligations. The remaining balance will be disbursed by the Escrow Agent no later than one year and one day after the Closing Date.

On October 15, 2003, the technology solutions business completed the acquisition of SchoolWorld Software, a Pittsburgh, PA based educational software company for \$380,000 of the Company's Common Stock.
