ITEM 2. ACQUISITION OR DISPOSITION OF ASSETS

On February 25, 2004, ParkerVision, Inc. ("ParkerVision" or "Company") entered into an asset purchase agreement ("Asset Agreement") and various ancillary agreements with Thomson Broadcast & Media Solutions, Inc. ("Thomson") and Thomson Licensing, SA ("Thomson Licensing" and, together with Thomson, the "Purchasers") for the sale of all the assets of the Company's video division. On May 14, 2004, after receipt of shareholder approval of the transaction and satisfaction of the conditions to closing, the Company, Thomson and Thomson Licensing consummated the sale.

Thomson is a leading provider of technology and service solutions for integrated entertainment and media companies, providing end-to-end solutions to content creators, video network operators and manufacturers and retailers

Edgar Filing: PARKERVISION INC - Form 8-K

through its Technicolor, Grass Valley, THOMSON and RCA brands. Thomson Licensing, an affiliate of Thomson, is the world-wide licensing administrator for the Thomson group of companies.

Assets Being Sold

Under the Asset Agreement and the various ancillary agreements, the Company sold to the Purchasers the business and substantially all the assets of its video division, excluding certain contracts and incidental properties. Generally, the assets sold were all those used in connection with and relating to the PVTV, WebCast and CameraMan products and services, including patents, patent applications, tradenames, trademarks and other intellectual property, inventory, specified design, development and manufacturing equipment, and obligations under outstanding contracts for products and services. The Purchasers extended offers to and received acceptances from 31 of the persons employed in connection with the video division who transfer employment effective May 14, 2004.

Consideration

The purchase price paid at closing for the assets at the closing was \$11,250,000, which amount is subject to adjustment upon verification of the actual value of the assets that will be transferred, minus certain liabilities (warranty reserves, deferred income and amounts required to satisfy certain assumed liabilities). The upward adjustment to the purchase price, if any, cannot exceed \$2,750,000. The Company currently believes that the adjustment will be approximately \$1,300,000. The actual amount of the adjustment will be determined not later than June 28, 2004 and will be paid when the final valuation is agreed upon. A portion of the purchase price equal to \$1,250,000 will be held by the Purchasers until May 14, 2005, as security against the Company's obligations to indemnify the Purchasers. This amount will earn interest until paid. Thomson, Inc., an affiliate of the Purchasers, has agreed to guarantee the payment obligations of the Purchasers under the Asset Agreement.

Other Agreements

The Company has agreed not to compete with the business of the video division for five years after the closing date. The Company also agreed not to seek legal recourse against the

1

Purchasers in respect of its intellectual property that was transferred or should have been transferred if used in connection with the video division.

For a period of up to six months after the closing, the Company will be obligated to assist the Purchaser in transitioning the business of the video division into Thomson's operations. This will include providing the Purchaser's employees with office space, training in respect of the business and the products and services, contract manufacturing, and certain general administrative functions. The Company will be reimbursed at cost and at cost-plus depending on the service and for how long the service is being provided. The Company has entered into a transition services agreement and a sublease for part of the office space it currently leases.

The Purchasers have been granted a license to use the "ParkerVision" name for a limited time in connection with the transition of the video division to

Edgar Filing: PARKERVISION INC - Form 8-K

the integrated operations of the Purchasers.

Indemnification

The Asset Agreement provides that each party will indemnify the other for damages incurred as a result of the breach of their respective representations and warranties and failure to observe their covenants. In general, the representations and warranties will survive for 18 months after the closing and will not be affected by any investigation by the other party. Each party is obligated to indemnify the other up to \$4,000,000, once a threshold of \$150,000 in damages is achieved. Additionally, the Company must indemnify the Purchasers against intellectual property claims for an unlimited period of time, without any minimum threshold, and with a separate maximum of \$5,000,000. Certain other claims by the Purchasers will not be limited as to time or amount. The Purchasers will be permitted to offset their claims against the amount held back on the purchase price and other amounts due the Company.

APPENDIX A

UNAUDITED PRO FORMA FINANCIAL INFORMATION

The following pro forma financial data should be read in conjunction with the financial statements of ParkerVision available on the SEC website or from the Company. The following pro forma information below has not been audited.

The unaudited pro forma consolidated balance sheet as of March 31, 2004 has been prepared to illustrate the estimated effects of the sale of the video business and related assets as of March 31, 2004. The unaudited pro forma consolidated statements of operations for the years ended December 31, 2003, 2002 and 2001 and the quarters ended March 31, 2004 and March 31, 2003 have been prepared to illustrate the estimated effects of the sale of the video business and related assets at January 1, 2001. The pro forma consolidated statements of operations for each of the years ending December 31, 2003, 2002 and 2001 and the quarters ended March 31, 2004 and March 31, 2003 were derived by adjusting the historical financial statements of ParkerVision for certain transactions pursuant to the sale transaction described in the notes to the unaudited pro forma consolidated financial statements.

The pro forma financial data does not purport to be indicative of the results which actually could have been obtained had the sale transaction been completed as of the assumed dates or which may be obtained in the future. The future financial results of the Company primarily will be those of the wireless division.
