**PROXY STATEMENT FOR
2006 ANNUAL MEETING OF SHAREHOLDERS**

This Proxy Statement is furnished in connection with the solicitation of the accompanying proxy on behalf of the Board of Directors of FARO Technologies, Inc. (the "Company") for use at the 2006 Annual Meeting of Shareholders to be held on Thursday, September 7, 2006 at 10:00 a.m., Eastern time, at the Company's headquarters, 125 Technology Park, Lake Mary, Florida, and at any adjournment or postponement of the Annual Meeting. The Company's telephone number at that address is (407) 333-9911.

This Proxy Statement and the accompanying proxy, together with the Company's Annual Report to Shareholders, were first sent to shareholders entitled to vote at the Annual Meeting on or about August 10, 2006.

ABOUT THE MEETING

What is the purpose of the Annual Meeting?

At the Annual Meeting, shareholders will act upon matters described in the notice of meeting contained in this Proxy Statement, including the election of directors. In addition, members of management will report on the Company's 2005 performance and, once the business of the Annual Meeting is concluded, respond to questions raised by shareholders as time permits.

Who is entitled to vote?

Only holders of the Company's Common Stock outstanding as of the close of business on August 4, 2006 (the "Record Date") will be entitled to vote at the Annual Meeting. Each shareholder is entitled to one vote for each share of Common Stock he or she held on the Record Date.

Who can attend the Annual Meeting?

All shareholders, or individuals holding their duly appointed proxies, may attend the Annual Meeting. Appointing a proxy in response to this solicitation will not affect a shareholder's right to attend the Annual Meeting and to vote in person. Please note that if you hold your shares in "street name" (in other words, through a broker, bank, or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the Record Date to gain admittance to the Annual Meeting.

What constitutes a quorum?

A majority of 14,509,738 shares of Common Stock outstanding on the Record Date must be represented, in person or by proxy, to provide a quorum at the Annual Meeting. If you vote, your shares will be part of the quorum. Shares represented by proxy cards either marked "ABSTAIN" or returned without voting instructions are counted as present for

the purpose of determining whether the quorum requirement is satisfied. Also, in those instances where shares are held by brokers who have returned a proxy but are prohibited from exercising discretionary authority for beneficial owners who have not given voting instructions (“broker nonvotes”), those shares will be counted as present for quorum purposes. Broker nonvotes will not be counted as votes for or against any proposal.

What is the effect of not voting?

It will depend on how your share ownership is registered. If you own shares as a registered holder and do not vote, your unvoted shares will not be represented at the meeting and will not count toward the quorum requirement. If a quorum is obtained, your unvoted shares will not affect whether a proposal is approved or rejected.

If you own shares in street name and do not vote, your broker may represent your shares at the meeting for purposes of obtaining a quorum. In the absence of your voting instructions, your broker may or may not vote your shares in its discretion depending on the proposals before the meeting. Your broker may vote your shares in its discretion on routine matters such as Proposal 1 - Election of Directors. Any shares not voted, whether due to abstentions or because they constitute broker nonvotes, will not affect the election of directors. Once a share is represented at the Annual Meeting, it will be deemed present for quorum purposes throughout the Annual Meeting (including any adjournment or postponement of that meeting unless a new record date is or must be set for such adjournment or postponement).

How do I vote?

Shareholders who own shares registered directly with the Company's transfer agent on the close of business on August 4, 2006 can appoint a proxy by mailing their signed proxy card in the enclosed envelope. Street name holders may vote by telephone or the Internet if their bank or broker makes those methods available, in which case the bank or broker will enclose the instructions with this proxy statement. The telephone and Internet voting procedures are designed to authenticate shareholders' identities, to allow shareholders to give their voting instructions and to confirm that the shareholders' instructions have been properly recorded.

Can I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you can change your vote at any time before the proxy is exercised by appointing a new proxy or by providing written notice to the Company (to the attention of the Secretary) and voting in person at the Annual Meeting. Presence at the Annual Meeting of a shareholder who has appointed a proxy does not in itself revoke a proxy. Unless so revoked, the shares represented by proxies received by the Board will be voted at the Annual Meeting. When a shareholder specifies a choice by means of the proxy, then the shares will be voted in accordance with such specifications.

What am I voting on?

You are voting on one proposal:

1. Election of one director for a term of two years and three directors for a term of three years, with the following as the Board's nominees:

- Jay Freeland - two year term until 2008
- Simon Raab - three year term until 2009
- Andre Julien - three year term until 2009
- Hubert d'Amours - three year term until 2009

What are the Board's recommendations?

The Board recommends a vote:

- For election of the nominated slate of directors (see Item 1)

If you sign and return your proxy card, unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board.

What vote is required to approve the proposal?

The four nominees for director receiving the greatest number of votes will be elected.

Are there any other items that are to be discussed during the Annual Meeting?

No. The Company is not aware of any other matters that you will be asked to vote on at the Annual Meeting. If other matters are properly brought before the Annual Meeting, the Board or proxy holders will use their discretion on these matters as they may arise.

Who will count the vote?

American Stock Transfer & Trust Co. will count the vote and will serve as the inspector of the election.

Who pays to prepare, mail, and solicit the proxies?

Proxies may be solicited by personal meeting, Internet, advertisement, telephone, and facsimile machine, as well as by use of the mails. Solicitations may be made by directors, officers, and other employees of the Company, as well as the Company's investor relations firm, none of whom will receive additional compensation for such solicitations. The cost of soliciting proxies will be borne by the Company. It is anticipated that banks, brokerage houses, and other custodians, nominees or fiduciaries will be requested to forward soliciting materials to their principals and to obtain authorization for the execution of proxies and that they will be reimbursed by the Company for their out-of-pocket expenses incurred in providing those services. All expenses of solicitation of proxies will be borne by the Company.

Delivery of Proxy Materials to Households

Pursuant to SEC rules, services that deliver the Company's communications to shareholders that hold their stock through a bank, broker, or other holder of record may deliver to multiple shareholders sharing the same address a single copy of the Company's annual report to shareholders and this proxy statement. Upon written or oral request, the Company will promptly deliver a separate copy of the annual report to shareholders and this proxy statement to any shareholder at a shared address to which a single copy of each document was delivered. Shareholders may notify the Company of their requests by calling (407) 333-9911 or by sending a written request addressed to the Company, Attention: Secretary, 125 Technology Park, Lake Mary, Florida, 32746.

Where can I find Corporate Governance materials for FARO Technologies?

The Code of Ethics for Senior Financial Officers, the Global Ethics Policy, and the Charters for the Audit, Operational Audit, Compensation, and Nominating Committees of the Company's Board of Directors are published on the Corporate Governance page of the Company's website at www.faro.com. The Company is not including the information contained on or available through its website as a part of, or incorporating such information by reference into, this proxy statement.

How Can I Contact the Members of the Board?

Shareholders may communicate with the full Board or individual directors, by submitting such communications in writing to FARO Technologies, Inc., Attention: Board of Directors (or the individual director(s)), 125 Technology Park, Lake Mary, Florida 32746. Such communications will be delivered directly to the directors.

PROPOSAL 1**ELECTION OF DIRECTORS**

The Board of Directors recommends the following nominees for election as directors and recommends that each shareholder vote “FOR” the nominees.

The Board of Directors is divided into three classes, as nearly equal as possible, with one class of directors elected each year for a three-year term. The Board currently consists of eight members: three with terms that expire at the Annual Meeting, two with terms that expire at the 2007 annual meeting of shareholders, and two with terms that expire at the 2008 annual meeting of shareholders. Accordingly, three directors will be elected at the Annual Meeting to serve until their terms expire at the 2009 Annual Meeting of Shareholders (in each case, until their respective successors are elected and qualified).

In addition to the three directors whose terms expire at the Annual Meeting, the Florida Business Corporation Act provides that any director elected by the Board of Directors to fill a vacancy on the Board must stand for re-election at the next meeting of the shareholders. Jay Freeland was elected by the Board during 2005 to fill a vacancy created in the class of directors whose terms expire at the 2008 annual meeting when the Board voted to expand the size of the Board from seven to eight directors. Accordingly, Mr. Freeland will be elected at the Annual Meeting to serve for a two year term or until his successor is elected and qualified.

The Company does not know of any reason why any nominee would be unable or, if elected, will decline to serve as a director. If any nominee is unable or unwilling to serve as a director, the shares represented by all valid proxies will be voted by the persons designated as proxies for the election of such other person as the Board may nominate.

The four nominees for director named below currently are directors of the Company and are proposed to be elected at the Annual Meeting to serve until the 2008 annual meeting of shareholders, in the case of Jay Freeland, and until the 2009 annual meeting of shareholders, in the case of the other three nominees. The remaining four directors will continue to serve as members of the Board for the terms set forth below. Greg Fraser, a director and Executive Vice President of the Company, has notified the Company that he will be retiring at the end of 2006. Accordingly, Mr. Fraser’s term as a director will end in December 2006. Directors are elected by a plurality of the votes cast (assuming a quorum is present at the Annual Meeting), meaning that the four nominees receiving the highest number of affirmative votes of the votes represented at the Annual Meeting will be elected as directors. Proxies solicited by the Board will be voted “FOR” the following nominees unless a shareholder specifies otherwise.

The names, ages, and principal occupations for at least the past five years of each of the directors and nominees and the names of any other public companies of which each is presently serving as a director are set forth below:

BOARD OF DIRECTORS

Meetings and Committees

The Board of Directors held 12 meetings during 2005. The number of meetings for each committee of the Board is set forth below. The average attendance by directors at Board and committee meetings in 2005 was 87%. During 2005, each incumbent director attended at least 75% of the meetings of the Board and of the committees of the Board on which he served. The Board of Directors also took certain actions by unanimous written consent in lieu of a meeting. While the Company has not adopted a formal policy regarding Board attendance at annual shareholder meetings, all directors attended the 2005 annual meeting of shareholders.

The Company's non-employee directors met in executive session at the end of each regularly scheduled Board of Directors meeting, not including routine telephonic meetings and periodically at other times during 2005.

The Board has determined that Norman Schipper, John Caldwell, Hubert d'Amours, Stephen Cole, and Andre Julien are independent in light of SEC rules and Nasdaq requirements. The Board also has determined that all members of the Audit, Operational Audit, Compensation, and Nominating Committees are independent and satisfy the relevant SEC and Nasdaq independence and other requirements for members of such committees.

In 2005, the board created the position of lead director and appointed Stephen Cole to that position. The responsibilities of the lead director are as follows:

- Chairs the executive sessions of the independent directors;
- Advises the Chairman on the schedule and agenda for Board meetings and other matters pertinent to the Company;
- Serves as a liaison between non-management directors and the Company's management.

The Board of Directors has four standing committees: an Audit Committee, an Operational Audit Committee, a Compensation Committee, and a Nominating Committee. Each of these committees has the responsibilities set forth in written charters. Each of the Board committee charters are available on the Company's website at www.faro.com.

Audit Committee

The Audit Committee consists of Messrs. d'Amours, Caldwell, and Cole. Mr. Caldwell is the Chairman of the Audit Committee. The Audit Committee held four meetings during 2005 and only one meeting was not fully attended and one member was absent from that meeting.

The Board has determined that Messrs. Caldwell and Cole are "audit committee financial experts" as defined under Securities and Exchange Commission rules. The Board also has determined that although Mr. Caldwell serves on the audit committees of more than three public companies, these relationships do not impair his ability to serve effectively on the Company's Audit Committee. The Audit Committee is governed by a written charter approved by the Board of Directors, which was revised to allow a member of the audit committee to serve on more than three public company audit committees. A copy of this charter is included as Appendix A to this proxy statement.

The Audit Committee's primary purposes are to provide oversight regarding the accounting and financial reporting process, the system of internal control, the audit process, and the Company's process for monitoring compliance with laws and regulations. The Audit Committee reviews the independence and qualifications of the Company's independent public accountants and the Company's financial policies, control procedures and accounting staff. The Audit Committee appoints and retains the Company's independent public accountants. The Audit Committee also

reviews and approves the Company's financial statements. The Audit Committee also reviews transactions between the Company and any officer or director or any entity in which an officer or director of the Company has a material interest. The independent public accountants have access to the Audit Committee without any other members of management being present. In addition to its formal meetings, members of the Audit Committee met with management and the independent accountants before each of the quarterly earnings announcements during 2005. The Audit Committee reviewed the Company's annual financial results and the Company's periodic reports to the Securities and Exchange Commission before filing.

Operational Audit Committee

The Operational Audit Committee consists of Messrs. Caldwell and Julien. The Operational Audit Committee met four times in 2005 and each of the members attended these meetings. The Operational Audit Committee is responsible for reviewing the operational metrics of the Company. The operational audit committee meets with department directors to review progress against goals.

Compensation Committee

The Compensation Committee consists of Messrs. Schipper, Caldwell, Cole, d'Amours, and Julien. Mr. Cole is the Chairman of the Compensation Committee. The Compensation Committee held three meetings during 2005 and 80% of the members attended these meetings. The Compensation Committee is responsible for establishing the compensation of the Company's directors and reviewing and approving the compensation of executive officers. The Compensation Committee also administers the Company's 1993 Stock Option Plan, 1997 Employee Stock Option Plan, 1997 Non-employee Director Stock Option Plan, and 2004 Equity Incentive Plan.

Nominating Committee

The Nominating Committee consists of Messrs. Schipper, Caldwell, Cole, d'Amours, and Julien. The Nominating Committee was formed in 2005 subsequent to the 2005 annual shareholders meeting. The Nominating Committee did not meet in 2005. The Nominating Committee met in 2006 to nominate for director the nominees proposed for election at the annual meeting of shareholders.

The Nominating Committee is responsible for selecting and recommending for approval by the Board director nominees and members and the chair of Board committees. The Nominating Committee considers candidates for nomination to the Board from a number of sources. Current members of the Board are considered for re-election unless they have notified the Company that they do not wish to stand for re-election. The Nominating Committee also considers candidates for the Board recommended by current members of the Board or members of management. The Nominating Committee also will consider director candidates recommended by eligible shareholders. From time to time, the Board may engage a search firm to assist in identifying potential Board candidates, although such a firm was not used to identify any of the nominees for director proposed for election at the annual meeting of shareholders.

In selecting nominees to serve as directors, the Nominating Committee will examine each director nominee on a case-by-case basis taking into account all factors it considers appropriate. However, the Nominating Committee believes the following minimum qualifications must be met by a director nominee to be recommended by the Nominating Committee:

- Each director must display high personal and professional ethics, integrity and values.
- Each director must have the ability to exercise sound business judgment.
- Each director must be highly accomplished in his or her respective field, with broad experience at the administrative and/or policy-making level in business, government, education, technology or public interest.
- Each director must have relevant expertise and experience, and be able to offer advice and guidance based on that expertise and experience.
- Each director must be independent of any particular constituency, be able to represent all shareholders of the Company and be committed to enhancing long-term shareholder value.
- Each director must have sufficient time available to devote to activities of the Board and to enhance his or her knowledge of the Company's business.
- The Nominating Committee also believes the following qualities or skills are necessary for one or more directors to possess:
 - One or more of the directors generally should be active or former chief executive officers of public or private companies or leaders of major organizations, including commercial, scientific, government, educational and other similar institutions.

Directors should be selected so that the Board is a diverse body.

Shareholders may recommend director nominees for consideration by the Nominating Committee by writing to the Nominating Committee, attention Chairman, 125 Technology Park, Lake Mary, Florida, 32746, together with appropriate biographical information concerning each proposed nominee.

Report of the Audit Committee

Under the guidance of a written charter adopted by the Board of Directors, the Audit Committee is responsible for overseeing the company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the system of internal controls and the financial reporting process. The independent accountants have the responsibility to express an opinion on the financial statements based on an audit conducted in accordance with generally accepted auditing standards. The Audit Committee has among other things the responsibility to monitor and oversee these processes.

The Audit Committee selected Grant Thornton LLP to serve as Company's independent auditors for the current fiscal year. Grant Thornton LLP has discussed with the Committee and provided written disclosures to the Committee on (1) that firm's independence as required by the Independence Standards Board and (2) the matters required to be communicated under auditing standards generally accepted in the United States. The Audit Committee also considered the compatibility of non-audit services with the auditors' independence.

The Committee reviewed with the independent accountants the overall scope and specific plans for its audit. Without management present, the Committee met separately with the independent accountants to review the results of their examinations, their evaluation of the company's internal controls, and the overall quality of the Company's accounting and financial reporting. The Committee reviewed and discussed with management and the independent accountants the Company's audited financial statements.

Following these actions, the Committee recommended to the Board that the audited financial statements be included in the company's Annual Report on Form 10-K for the year ended December 31, 2005 for filing with the Securities and Exchange Commission.

Stephen Cole, Audit Committee Member

Director Compensation

In May 2005, the Board revised the compensation program for all non-employee directors. Upon election to the Board, a non-employee director receives an initial equity grant of 3,400 restricted shares of Common Stock that vest ratably over three years, and then annually on the day following the annual meeting of shareholders, each non-employee director is granted 2,000 restricted shares of Common Stock that vest ratably over three years. Non-employee director also receive a cash annual retainer of \$17,850 and fees of \$1,875 per board or committee meeting. Chairpersons of the Audit and Operational Audit Committees receive an additional annual retainer of \$4,000, Chairperson of the Compensation Committee receives an annual retainer of \$2,500, and Chairperson of the Nominating Committee receives an annual retainer of \$1,500. The lead director receives an additional retainer of \$11,500.

Following the 2005 Annual Meeting of Shareholders, each non-employee director of the Company earned 2,000 restricted shares of Common Stock that vest ratably over three years. In addition, each non-employee director earned the following cash fees in 2005 (some of which were paid in 2006): Mr. d'Amours \$40,400, Mr. Caldwell \$57,225, Mr. Cole \$50,625, Mr. Julien \$31,700, and Mr. Schipper \$32,381. Mr. Cole, the Company's lead director, earned in 2005 (which was paid in 2006) an additional retainer of \$23,000 in respect of serving as the lead director in 2004 and 2005.

The Board set its compensation for 2005 following a review of compensation paid to non-employee directors at similarly sized public companies.

Code of Business Conduct and Ethics

The Board of Directors has adopted a Code of Ethics, entitled "Code of Ethics for Senior Financial Officers," that is applicable to its principal executive officer, principal financial officer, principal accounting officer or controller, and persons performing similar functions. The Board of Directors has also adopted a Global Ethics Policy which is applicable to those officers as well as all of the Company's employees. The Code of Ethics for Senior Financial Officers and the Global Ethics Policy are available on the Company's web site at www.faro.com.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Compensation Committee Report on Executive Compensation

The Company's executive compensation program is administered by the Compensation Committee of the Board, which has responsibility for all aspects of the compensation program for the executive officers of the Company. A component of overall compensation is the granting of stock options, the award of which is made by the Compensation Committee and is discussed in "Long-Term Stock Incentives," below.

The Compensation Committee's primary objective with respect to executive compensation is to establish programs that attract and retain key managers and align their compensation with the Company's overall business strategies, values, and performance. To this end, the Compensation Committee established and the Board endorsed an executive compensation philosophy for 2005, which included the following considerations:

- a "pay-for-performance" feature that differentiates compensation results based upon organizational results and overall performance against plan; and
- stock incentives, in certain cases, as a component of total compensation in order to closely align the interests of the Company's executives with the long-term interests of shareholders which facilitates retention of talented executives and encourages Company stock ownership and capital accumulation; and emphasis on total compensation vs. cash compensation, under which base salaries are generally set competitive levels in order to motivate and reward Company executives with total compensation (including incentive programs) at or above competitive levels, if the financial performance of the Company meets or exceeds goals established for the year.

For 2005, the Company's executive compensation program was comprised of the following primary components: (a) base salaries; (b) annual cash incentive opportunities; and (c) long-term incentive opportunities in the form of stock options. Each primary component of pay is discussed below.

Base Salaries. Base salaries paid to its executive officers are subject to annual review and adjustment on the basis of individual and Company performance, level of responsibility, individual experience, and competitive, inflationary, and internal equity considerations. The Compensation Committee generally attempts to set base salaries of executive officers at levels that are competitive in order to attract, motivate, and retain Company executives. In addition, both short-term and long-term incentives are used to focus and motivate Company executives and are also tied to both individual and overall company performance. Compensation is based on information contained in Compensation surveys and reflects pay levels, mixes and practices in other companies of similar make-up relative to industry, number of employees and revenues.

Annual Cash Incentives. Company executives are eligible to receive annual cash bonus awards to focus attention on achieving key goals pursuant to bonus plans designed to provide competitive incentive pay only in the event such objectives are met or exceeded. The objectives include specific targets for earnings as reflected in the Company's financial plan submitted by management and approved by the Compensation Committee and the Board based on a variety of factors, including viability of the target growth rate and amount of earnings appropriate to satisfy shareholder expectations.

For 2005, the Compensation Committee awarded up to 50% of the annual cash incentive potential to its executives.

Long-Term Stock Incentives. Long-term stock incentives, which are a component of compensation, are awarded by the Compensation Committee of the Board. The Compensation Committee administers the 2004 Equity Incentive Plan as well as the Company's other stock-based plans and determines the recipients of, types, and terms of awards under the equity plans. Grants to executives under the equity plans are determined by the Compensation Committee and are designed to align a portion of the executive compensation package with the long-term interests of the Company's

shareholders by providing an incentive that focuses attention on managing the Company from the perspective of an owner with an equity stake in the business.

In evaluating annual compensation of executive officers, the Compensation Committee takes into consideration the stock options as a percentage of total compensation, consistent with its philosophy that stock incentives more closely align the interests of company managers with the long-term interests of shareholders, and takes the number of options granted to an executive officer into consideration in determining base salaries of executive officers. In granting stock options to executive officers, the Compensation Committee considers the number and size of stock options already held by an executive officer when determining the size of stock option awards to be made to the officer in a given fiscal year.

Section 162(m). Section 162(m) to the Internal Revenue Code of 1986, as amended, imposes a \$1 million limit on the amount that a public company may deduct for compensation paid to the Company's chief executive officer or any of the company's four other most highly compensated executive officers who are employed as of the end of the year. This limitation does not apply to compensation that meets the requirements under Section 162(m) for "qualifying performance-based" compensation (i.e., compensation paid only if the individual's performance meets pre-established objective goals based on performance criteria approved by the shareholders). For 2005, the Compensation Committee's grants of stock options and payments of annual bonuses are designed to satisfy the requirements for deductible compensation.

Basis for Chief Executive Officer Compensation. In 2005, Simon Raab transitioned from Chief Executive Officer to Co-Chief Executive Officer and the Company promoted Jay Freeland to Co-Chief Executive Officer. Mr. Raab's reduced his commitment to 80 hours per month and his annual salary was reduced to \$200,000, which is one-half his previous annual salary. Mr. Freeland's annual salary was increased to \$335,000. For 2005, Mr. Raab received a bonus of \$79,615, representing one-half (because of his reduced time commitment) of 50% of his potential bonus and Mr. Freeland received a bonus of \$48,167, representing 50% of his eligible bonus. Mr. Freeland also was granted in 2005 an option to purchase an additional 40,000 shares of the Company's common stock.

The Compensation Committee considered the level of pay and annual bonus for Messrs. Raab and Freeland appropriate based principally on the Company's continued growth during 2005 and the financial results of the Company in 2005. Mr. Freeland's 2005 stock option grant was based on the expanded role and responsibility Mr. Freeland was given in 2005 in connection with his promotion to Co-Chief Executive Officer. Mr. Raab was not granted any equity awards in 2005.

The Company's executive compensation program provides a link between total compensation and the Company's performance and long-term stock price appreciation consistent with the compensation philosophies set forth above. This program has been established since the Company's establishment of its first stock option plan in 1993, and has been a significant factor in the Company's growth and profitability and the resulting gains achieved by the Company's shareholders.
