Combined Financial Statements

December 8, 2006

INDEPENDENT AUDITORS' REPORT

To the Members and Boards of Directors
Gemma Power Systems, LLC and Affiliates
Glastonbury, Connecticut

We have audited the accompanying combined balance sheet of Gemma Power Systems, LLC and Affiliates as of December 8, 2006, and the related combined statements of income and comprehensive income, changes in equity, and cash flows for the 49 weeks then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these combined financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the combined financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the combined financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of Gemma Power Systems, LLC and Affiliates as of December 8, 2006, and the results of their operations and cash flows for the 49 weeks then ended in conformity with accounting principles generally accepted in the United States of America.

GEMMA POWER SYSTEMS, LLC AND AFFILIATES

Notes to the Combined Financial Statements

For the 49 Weeks Ended December 8, 2006

Note 1 - Summary of Significant Accounting Policies:

Principles of Combination

The combined financial statements of Gemma Power Systems, LLC and Affiliates include the accounts of Gemma Power Systems, LLC, its wholly owned subsidiary, Gemma Power Hartford, LLC, Gemma Power Systems California, Inc. and Gemma Power, Inc. These entities together are referred to as the "Company" in the accompanying notes. Significant intercompany accounts and transactions have been eliminated in combination. The members' liability in the entities organized as limited liability companies is limited to the net assets of the respective entity.

Nature of Operations

Gemma Power Systems, LLC and Affiliates, located in Glastonbury, Connecticut, are engaged in the engineering and construction of biodiesel and ethanol production facilities and power energy systems. The Company also provides consulting, owner's representative, operating, and maintenance services to the energy market.

The Company's work is performed under cost-plus-fee contracts, fixed-price contracts, and time and materials contracts. The length of the Company's contracts varies, but is typically between six months and two years.

Revenue Recognition

Revenues from fixed price construction contracts are recognized on the percentage of completion method, measured by the costs incurred to date to estimated total costs for each contract. Revenues from cost-plus-fee contracts are recognized on the basis of costs incurred during the period plus the fee earned, measured by the cost-to-cost method.

Project costs include both direct and indirect expenses related to contract performance. General and administrative costs are charged to expense as incurred. Provisions for estimated losses on uncompleted contracts are made in the period in which such losses are determined. Changes in job performance, job conditions and estimated profitability and final contract settlements may result in revisions to costs and income and are recognized in the period in which the revisions are determined.

Costs and estimated earnings in excess of billings on uncompleted contracts represent revenues recognized in excess of amounts billed. Billings in excess of costs and estimated earnings on uncompleted contracts represents billings in excess of revenues recognized.

Off Balance Sheet Risk

During the 49 weeks ended December 8, 2006, the Company had amounts in excess of \$100,000 in a single bank. Amounts over \$100,000 are not insured by the Federal Deposit Insurance Corporation. These balances fluctuate greatly during the year and can exceed this \$100,000 limit. Management regularly monitors the financial institutions, together with its cash balances, and tries to keep this potential risk to a minimum.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

GEMMA POWER SYSTEMS, LLC AND AFFILIATES

Notes to the Combined Financial Statements

For the 49 Weeks Ended December 8, 2006

Note 1 - Summary of Significant Accounting Policies: (Continued)

Income Taxes

Gemma Power Systems, LLC and Gemma Power Hartford, LLC are treated as a partnership for income tax purposes. As such, income and deductions flow through to the members, who include their share of income and losses on their respective income tax returns. Gemma Power Systems California, Inc. and Gemma Power, Inc. have elected to be taxed under Subchapter-S of the Internal Revenue Code. As such, income and deductions flow through to the shareholders, who include their share of income and losses on their respective income tax returns. Accordingly, since the Company has no federal tax liability, a provision for federal income tax expense has not been made.

The Company is subject to income tax in certain states in which it operates. These statements include a provision of \$76,080 for these state income taxes.

Cash and Cash Equivalents

Cash equivalents are short-term, highly liquid investments that are readily convertible to known cash amounts and have maturities of three months or less from the date of acquisition so as to minimize risks of value changes. Supplemental cash flow information includes state income taxes paid by the Company of \$48,890 for the 49 weeks ended December 8, 2006.

Principles of Consolidation

The Company previously adopted Financial Accounting Standards Board Interpretation No. 46R (FIN No. 46R), *Consolidation of Variable Interest Entities*. The Company has evaluated its relationship with a related party (see Note 6 - Related Party Transactions) and has determined that, although the entity is a variable interest entity, it is not required to be consolidated in the Company's financial statements pursuant to FIN No. 46R because the Company is not the primary beneficiary and has no exposure to loss as a result of its involvement with this entity.

Property and Equipment

Property and equipment are stated at cost. Major renewals and improvements are charged to the property accounts, while maintenance and repairs that do not improve or extend the life of the assets are expensed currently.

The Company follows the policy of providing for depreciation of property and equipment by charging against earnings amounts sufficient to amortize the cost of property on their estimated useful lives as follows:

Computer software	3 years
Computer equipment	3-5 years
Office equipment	5-7 years
Furniture and fixtures	7 years
Automobiles	5 years
Construction equipment	5-7 years

Depreciation and amortization are provided on various methods over the estimated useful lives of the assets for financial statement purposes.

GEMMA POWER SYSTEMS, LLC AND AFFILIATES**Notes to the Combined Financial Statements****For the 49 Weeks Ended December 8, 2006****Note 2 - Cash in Escrow:**

Cash in escrow is a restricted interest bearing account which substitutes for retainage held by the project owner on a certain job. The amounts will be released to the Company upon completion of the job. During the construction period, the Company will earn the interest on these funds.

Note 3 - Contract Receivables:

Billed:	
Contracts in progress	\$ 7,704,600
Retainage	1,250,443
	\$ 8,955,043

Balances billed but not paid by customers pursuant to retainage provisions in construction contracts are due upon completion of the contracts and acceptance by the owner.

Note 4 - Investments Available-for-Sale:

Investments are classified as available-for-sale according to the provisions of Financial Accounting Standards Board Statement No. 115, "Accounting for Certain Investments in Debt and Equity Securities". The cost of investments sold was based on specific identification at the time of sale. The summary of these investments is as follows:

Description	Cost	Fair Value	Unrealized Holding Gains	Proceeds From Sales	Realized Gains
Municipal bonds	\$ 2,292,156	\$ 2,292,829	\$ 673	\$ 11,525,000	\$ -

GEMMA POWER SYSTEMS, LLC AND AFFILIATE

Notes to the Combined Financial Statements

For the Years Ended December 31, 2005 and 2004

Note 1 - Summary of Significant Accounting Policies:

Principles of Combination

The combined financial statements of Gemma Power Systems, LLC and Affiliate include the accounts of Gemma Power Systems, LLC, its wholly owned subsidiary, Gemma Power Hartford, LLC, and Gemma Power Systems California, Inc. These entities together are referred to as the "Company" in the accompanying notes. Significant intercompany accounts and transactions have been eliminated in combination.

Nature of Operations

Gemma Power Systems, LLC and Affiliate, located in Glastonbury, Connecticut, is engaged in the engineering and construction of power energy systems. The Company also provides consulting, owner's representative, operating, and maintenance services to the energy market.

The Company's work is performed under cost-plus-fee contracts, fixed-price contracts, and time and materials contracts. These contracts are undertaken by the Company or in partnership with other contractors through joint ventures. The length of the Company's contracts varies, but is typically between six months and two years.

Revenue Recognition

Revenues from fixed price construction contracts are recognized on the percentage of completion method, measured by the costs incurred to date to estimated total costs for each contract. Revenues from cost-plus-fee contracts are recognized on the basis of costs incurred during the period plus the fee earned, measured by the cost-to-cost method.

Project costs include both direct and indirect expenses related to contract performance. General and administrative costs are charged to expense as incurred. Provisions for estimated losses on uncompleted contracts are made in the period in which such losses are determined. Changes in job performance, job conditions and estimated profitability and final contract settlements may result in revisions to costs and income and are recognized in the period in which the revisions are determined.

Costs and estimated earnings in excess of billings on uncompleted contracts represent revenues recognized in excess of amounts billed. Billings in excess of costs and estimated earnings on uncompleted contracts represents billings in excess of revenues recognized.

Off Balance Sheet Risk

During the years ended December 31, 2005 and 2004, the Company had amounts in excess of \$100,000 in a single bank. Amounts over \$100,000 are not insured by the Federal Deposit Insurance Corporation. These balances fluctuate greatly during the year and can exceed this \$100,000 limit. Management regularly monitors the financial institutions, together with its cash balances, and tries to keep this potential risk to a minimum.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

GEMMA POWER SYSTEMS, LLC AND AFFILIATE

Notes to the Combined Financial Statements

For the Years Ended December 31, 2005 and 2004

Note 1 - Summary of Significant Accounting Policies: (Continued)

Income Taxes

Gemma Power Systems, LLC and Gemma Power Hartford, LLC are treated as a partnership for income tax purposes. As such, income and deductions flow through to the members, who include their share of income and losses on their respective income tax returns. Gemma Power Systems California, Inc. has elected to be taxed under Subchapter-S of the Internal Revenue Code. As such, income and deductions flow through to the shareholders, who include their share of income and losses on their respective income tax returns. Accordingly, since the Company has no federal tax liability, a provision for federal income tax expense has not been made.

Gemma Power Systems, LLC is subject to an income tax in the state of California. These statements include a provision for this tax, which was \$11,790 and \$-0- in 2005 and 2004, respectively.

Gemma Power Systems California, Inc. is subject to a minimum income tax in the state of California. These statements include a provision for this tax, which was \$10,480 and \$772 in 2005 and 2004, respectively.

Cash and Cash Equivalents

Cash equivalents are short-term, highly liquid investments that are readily convertible to known cash amounts and have maturities of three months or less from the date of acquisition so as to minimize risks of value changes. Supplemental cash flow information includes state income taxes paid by the Company of \$1,600 and \$8,817 in 2005 and 2004, respectively.

Principles of Consolidation

During the year ended December 31, 2005, the Company adopted Financial Accounting Standards Board Interpretation No. 46R (FIN No. 46R), *Consolidation of Variable Interest Entities*. The Company has evaluated its relationship with a related party (see Note 6 - Related Party Transactions) and has determined that, although the entity is a variable interest entity, it is not required to be consolidated in the Company's financial statements pursuant to FIN No. 46R because the Company is not the primary beneficiary.

Property and Equipment

Property and equipment are stated at cost. Major renewals and improvements are charged to the property accounts, while maintenance and repairs that do not improve or extend the life of the assets are expensed currently.

The Company follows the policy of providing for depreciation of property and equipment by charging against earnings amounts sufficient to amortize the cost of property on their estimated useful lives as follows:

Computer software	3 years
Computer equipment	3-5 years
Office equipment	5-7 years
Furniture and fixtures	7 years

Automobiles	5 years
Construction equipment	5-7 years

Depreciation and amortization are provided on various methods over the estimated useful lives of the assets for financial statement purposes.

GEMMA POWER SYSTEMS, LLC AND AFFILIATE**Notes to the Combined Financial Statements****For the Years Ended December 31, 2005 and 2004****Note 2 - Cash in Escrow:**

Cash in escrow is a restricted interest bearing account which substitutes for retainage held by the Project owner on a certain job. The amounts will be released to the Company upon completion of the job. During the construction period, the Company will earn the interest on these funds.

Note 3 - Contract Receivables:

GEMMA POWER SYSTEMS, LLC AND AFFILIATE

Notes to the Combined Financial Statements

For the Years Ended December 31, 2005 and 2004

Note 10 - Line of Credit:

The Company established a revolving line of credit of \$2,500,000 with a bank which expires May 31, 2007. The variable interest rate is the prime rate as established by the bank. The bank has the right of setoff. The loan is secured by substantially all of the assets of the Company. As of December 31, 2005 and 2004, the Company had no advances against the line of credit. In addition, there are two financial covenants with which the Company must be in compliance. As of December 31, 2005 and 2004, the Company was in compliance with these covenants.

Note 11 - Profit Sharing Plan:

The Company has a qualified profit sharing plan that covers substantially all eligible employees. Pursuant to Internal Revenue Code Section 401(k), employees may elect to defer a portion of their salary or wages. Contributions by the Company are discretionary. The Company's contribution expense for the years ended December 31, 2005 and 2004 was \$282,697 and \$8,538, respectively.

Note 12 - Incentive Compensation:

The Company pays its employees incentive compensation based on project and Company performance. Incentive compensation incurred by the Company for the year ended December 31, 2005 was \$76,000. During 2004, the Company did not pay and subsequently reversed \$4,708,543 of the 2003 accrued incentive compensation.

Note 13 - Backlog:

The backlog of gross revenue on work to be performed on signed contracts was \$77,257,465 and \$29,055,065 at December 31, 2005 and 2004, respectively.

Pro Forma Financial Information

Unaudited condensed pro forma combined statements of income for the fiscal year ended January 31, 2006 and for the nine months ended October 31, 2006. Unaudited condensed pro forma combined balance sheet as of October 31, 2006.

The accompanying unaudited condensed pro forma combined statements of income present the results of operations of AI and Gemma as if the acquisition of Gemma, the new bank financing of \$8.0 million and the private offering of 2,853,335 shares, had occurred as of February 1, 2005. The pro forma information reflects the total consideration paid.

Gemma reports its results of operations using a calendar year end. In preparing the pro forma information, the Company utilized Gemma's December 31, 2005 and September 30, 2006 results of operations in the unaudited condensed proforma combined statements for the year ended January 31, 2006 and the nine months ended October 31, 2006. AI used Gemma's September 30, 2006 balance sheet in the unaudited condensed pro forma combined balance sheet as of October 31, 2006. No material events occurred subsequent to Gemma's December 31, 2005 and September 30, 2006 financial reporting periods which would require adjustment to the Company's unaudited condensed pro forma combined statements of income and unaudited condensed pro forma combined balance sheet. The pro forma data is not necessarily indicative of what the results would have been if the acquisition had occurred on the dates indicated.
