Letter to Shareholders

Edgar Filing: WisdomTree Trust - Form N-CSR

Dear Shareholders:

It is a pleasure to report highlights for the funds of the WisdomTree Trust for the fiscal year that ended March 31, 2008.

Over this period, many U.S. and international stock markets declined between 5% and 15%, disappointing equity investors. With toxic sub-prime loans causing huge write-downs in the value of assets held at large banks and brokerage firms, financial stocks dramatically underperformed the broader market. For the first time since 1999, value stocks underperformed growth stocks in 2007, both domestically and internationally. WisdomTree's smaller capitalization U.S. funds, with greater exposure to real estate and financial stocks, generated sub-par returns for the period. Nevertheless, despite the challenging environment, 21 of WisdomTree's 36 funds with one-year track records outperformed their comparable capitalization weighted benchmark over the 12 months ended March 31, 2008.

Some of WisdomTree's strongest relative performance occurred in the developing world. Within the past year, the Trust added the WisdomTree Emerging Markets High-Yielding Equity Fund (DEM) and the WisdomTree Emerging Markets SmallCap Dividend Fund (DGS), the first ETF to offer investors access to the small-cap segment of emerging equity markets. Since the inception of the funds (July 13, 2007 and October 30, 2007, respectively) through March 31, 2008, both DEM and DGS outperformed the capitalization-weighted barometer for the emerging markets: the MSCI Emerging Markets Index. In February, WisdomTree launched the industry's first India ETF, the WisdomTree India Earnings Fund (EPI), which gives U.S. investors exposure to local shares trading in India. By March 31, 2008, overall assets under management in the WisdomTree Trust stood at approximately \$4.3 billion, up from approximately \$3 billion a year earlier.

The past fiscal year was also punctuated by an initiative that has the potential to significantly expand WisdomTree's reach: a platform that allows plan sponsors to use ETFs within employee 401(k) programs. This program gives clients the ability to use traditional index funds, actively managed mutual funds or ETFs within their retirement plans. Increasingly, investors view WisdomTree products as alternatives to both types of investments. Like traditional index funds, WisdomTree ETFs provide broad exposure to equity markets in 42 countries. But unlike traditional capitalization-weighted indexes, which set weights based on a company's market value, WisdomTree sets component weights based on income streams, such as earnings or dividends. WisdomTree is presenting advisors, plan sponsors, and self-directed investors a new way to understand and invest in equity markets. This report contains another full year of real-time performance data that will, I hope, provide greater clarity as to whether we are meeting our goal of delivering market-beating returns in a passive structure.

Thank you for your continued support.

Best regards,

/s/ Jonathan Steinberg

WisdomTree Domestic Dividend Funds 1

Management's Discussion of Funds' Performance

The six domestic dividend-based ETFs developed by the WisdomTree Trust give investors alternatives to market capitalization-weighted index funds in all major market capitalization segments of the U.S. equity market. The six ETFs discussed in this report track specific indexes that are derived from the WisdomTree Dividend Index, which measures the performance of dividend-paying companies in the U.S. Unlike ETFs that track traditional market capitalization-weighted indexes, WisdomTree's dividend-based ETFs are designed to track indexes that are weighted based on the dividends that companies pay. For ease of comparison, this report provides index performance data on each ETF's underlying WisdomTree Index and a comparable capitalization weighted benchmark index.

The U.S. equity market, measured by the Russell 3000 Index*, a broad measure of U.S. stock performance, declined 6.03% in the 12 months that ended March 31, 2008. The first quarter of 2008 marked the largest quarterly retrenchment in U.S. equity prices since the third quarter of 2002. Stocks reacted to continued credit concerns emanating from Wall Street and from broader evidence that the U.S. economy is faltering. The unemployment rate rose to 5.1%, its highest level in nearly three years. Jobless claims spiked above 400,000, signaling recession. The weakening job market, coupled with rising foreclosures and falling home prices, have undermined consumer confidence. One of the only positive aspects to emerge recently has been the Federal Reserve's (the "Fed") willingness to reduce interest rates. The Fed cut rates three times in the first quarter, reducing the target Fed Funds rate from 4.25% to 2.25%.

WisdomTree's domestic dividend-based ETFs, all of which have broader exposure to financial stocks than their comparable capitalization weighted peers, underperformed their respective benchmarks in this period. WisdomTree's broadest domestic dividend-based ETF, the WisdomTree Total Dividend Fund (DTD), had a total return of negative 7.77% for the year that ended March 31, 2008. Large company stocks outperformed small-cap stocks. The best performing WisdomTree ETF in this group was the WisdomTree LargeCap Dividend Fund (DLN), which fell 6.47% for the period, compared to a 5.05% retracement for the S&P 500 Index*. The WisdomTree MidCap Dividend Fund (DON), which is heavily weighted towards REITs and financial stocks, experienced the greatest relative underperformance for the period. DON lost 14.47% at NAV for the year that ended March 31, 2008, versus a 6.93% decline for the S&P MidCap 400 Index*.

The WisdomTree Total Dividend Fund seeks investment results that closely correspond to the price and yield performance, before fees and expenses, of the WisdomTree Dividend Index.

The WisdomTree Total Dividend Fund (DTD) returned -7.77% at net asset value ("NAV") for the fiscal year ended March 31, 2008 (for more complete performance information, please see below). Energy contributed most significantly to this performance, comprising on average 7.82% of the Fund and returned 17.43% over the period. Southern Copper Corp. was the top performing security in the Fund. Financials contributed the least to the Fund returning -29.12% over the period and comprising on average 30.34% of the portfolio.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for fund shares and investors assessments of the underlying value of a fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore index returns do not reflect deductions for fees or expenses and are not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes on transactions in Fund shares or that a shareholder would pay on Fund distributions. The annual expense ratio of the Fund is 0.28%.

The WisdomTree Dividend Top 100 Fund seeks investment results that closely correspond to the price and yield performance, before fees and expenses, of the WisdomTree Dividend Top 100 Index.

The WisdomTree Dividend Top 100 Fund (DTN) returned -11.15% at net asset value ("NAV") for the fiscal year ended March 31, 2008 (for more complete performance information, please see below). Materials contributed most significantly to this performance, comprising on average 10.75% of the Fund and returned 13.16% over the period. Southern Copper Corp. was the top performing security in the Fund. Financials contributed the least to the Fund returning -28.28% over the period and comprising on average 33.84% of the portfolio.

Edgar Filing: WisdomTree Trust - Form N-CSR

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for fund shares and investors assessments of the underlying value of a fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore index returns do not reflect deductions for fees or expenses and are not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes on transactions in Fund shares or that a shareholder would pay on Fund distributions. The annual expense ratio of the Fund is 0.38%.

Shareholder Expense Examples (unaudited)

As a shareholder of a WisdomTree Fund, you incur two types of costs: (1) transaction costs, including brokerage commissions on purchases and sales of your Fund shares and (2) ongoing costs, including management fees and other Fund expenses. The following example is intended to help you understand your ongoing costs (in dollars and cents) of investing in a Fund and to compare these costs with the ongoing costs of investing in other funds.

The example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from October 1, 2007 to March 31, 2008.

Actual expenses

The first line under each Fund in the table on the next page provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line for your Fund under the heading entitled "Expenses Paid During Period 10/01/07 to 3/31/08" to estimate the expenses you paid on your account during this period.

Hypothetical example for comparison purposes

The second line under each Fund in the table on the next page provides information about hypothetical account values and hypothetical expenses based

Edgar Filing: WisdomTree Trust - Form N-CSR

on each Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in your Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as brokerage commissions paid on purchases and sales of Fund shares. Therefore, the second line under each Fund in the table is useful in comparing ongoing Fund costs only and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

Notes to Financial Statements

1. ORGANIZATION

WisdomTree Trust (the "Trust") is registered under the Investment Company Act of 1940, as amended (the "1940 Act"), as an open-end management investment company. The Trust was established as a Delaware statutory trust pursuant to a

Edgar Filing: WisdomTree Trust - Form N-CSR

Trust Instrument dated December 15, 2005. As of March 31, 2008, the Trust offered 40 investment funds (each a "Fund", collectively, the "Funds"). Each Fund is considered to be non-diversified. The Funds, described herein, commenced operations on June 16, 2006.

These financial statements relate only to the WisdomTree Total Dividend Fund ("Total Dividend Fund"), WisdomTree High-Yielding Equity Fund ("High-Yielding Equity Fund"), WisdomTree LargeCap Dividend Fund ("LargeCap Dividend Fund"), WisdomTree Dividend Top 100(SM) Fund ("Dividend Top 100 Fund"), WisdomTree MidCap Dividend Fund ("MidCap Dividend Fund") and WisdomTree SmallCap Dividend Fund ("SmallCap Dividend Fund"), together the "Domestic Dividend Funds."

Each Fund seeks investment returns that closely correspond to the price and yield performance, before fees and expenses, of a particular index ("Index") developed by WisdomTree Investments, Inc. ("Wisdom Tree Investments"). Each Index consists of dividend paying securities in the market suggested by its name that meet specific criteria developed by WisdomTree Investments. "WisdomTree", "WisdomTree Investments", and "Dividend Top 100" are service marks of WisdomTree Investments licensed for use by the Trust. WisdomTree Investments has patent applications pending on the methodology and operation of its Indexes and the Funds.

In the normal course of business the Funds may enter into contracts that contain a variety of representations or that provide indemnification for certain liabilities. The Funds' maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Funds that have not yet occurred. However, the Funds have not had prior claims or losses pursuant to these contracts and expect the risk of loss to be remote.

The preparation of financial statements in conformity with U.S. Generally Accepted Accounting Principles ("U.S. GAAP"), requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in the net assets from operations during the reporting period. Actual results could differ from those estimates.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Investment Valuation - The Net Asset Value ("NAV") of each Fund's shares is calculated each day the national securities exchanges are open for trading as of the close of regular trading on the New York Stock Exchange, generally 4:00 p.m. New York time. NAV per share is calculated by dividing a Fund's net assets by the number of Fund shares outstanding. Securities traded on any recognized U.S. or non-U.S. exchange are valued at the last sale price or official closing price on the exchange or system on which they are principally traded. Unlisted equity securities are valued at the last quoted sale price or, if no sale price is available, at the mean between the most recently quoted bid and asked prices. Securities for which market quotations are not readily available are valued at fair value as determined by management and in accordance with procedures approved by the Board of Trustees. Short-term securities with 60 days or less remaining to maturity are valued using the amortized cost method, which approximates current market value.

(b) Investment Transactions - Investment transactions are recorded as of the date that the securities are purchased or sold (trade date). Realized gains and losses on sales of portfolio securities are calculated using the identified-cost method.

(c) Investment Income - Dividend income is recognized on the ex-dividend date. Interest income is accrued daily. The value of additional securities received as dividend payments is recorded as income and as an increase to the cost basis

Edgar Filing: WisdomTree Trust - Form N-CSR

of such securities.

(d) Expenses/Reimbursements - WisdomTree Asset Management ("WTAM") has agreed to pay all expenses of the Funds, except for: (i) brokerage expenses and other expenses (such as stamp taxes) connected with the execution of portfolio transactions or in connection with creation and redemption transactions; (ii) legal fees or expenses in connection with any arbitration, litigation or pending or threatened arbitration or litigation, including any settlements in connection therewith; (iii) compensation and expenses of each Independent Trustee; (iv) compensation and expenses of counsel to the Independent Trustees; (v) compensation and expenses of the Trust's chief compliance officer; (vi) extraordinary expenses; (vii) distribution fees and expenses paid by the Trust under any distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act; and (viii) the advisory fee payable to WTAM. Pursuant to a separate contractual arrangement, WTAM has paid the expenses described in (iii), (iv) and (v) through July 31, 2007.

Pursuant to a separate contractual arrangement, effective August 1, 2007, WTAM has arranged for the provision of chief compliance officer ("CCO") services to the Funds, and is liable and responsible for, and administers, payments to the CCO, the Independent Trustees and counsel to the Independent Trustees, in exchange for a service fee paid by each Fund of up to 0.0044% of the Fund's average daily net assets. Trustees fees, which are included in Service Fees on the Statements of Operation, of \$152,482 have been paid on behalf of the Funds of the Trust to the Independent Trustees.

Notes to Financial Statements (continued)

(e) Security Lending - Each Fund may lend portfolio securities to certain creditworthy borrowers, including the Funds' securities lending agent. The loans are collateralized at all times by cash and/or high grade debt obligations in an amount at least equal to 102% of the market value of domestic securities loaned (105% in the case of foreign securities loaned) as determined at the close of business on the preceding business day. Each Fund receives compensation for lending its securities from interest or dividends earned on the cash or U.S. government securities held as collateral, net of fee rebates paid to the borrower plus reasonable administrative and custody fees. The dividend and interest income earned on the securities loaned is accounted for in the same manner as other dividend and interest income. The borrower pays to the Funds an amount equal to any dividends or interest received on loaned securities. The Funds retain all or a portion of the interest received on investment of cash collateral or receives a fee from the borrower. Lending portfolio securities could result in a loss or delay in recovering each Fund's securities if the borrower defaults.

The securities lending income earned by the Funds is disclosed on the Statements of Operations.

(f) Tax Information and Dividends and Distributions to Shareholders - It is each Fund's policy to comply with all requirements of the Internal Revenue Code of 1986, as amended (the "Code"). Each Fund intends to qualify for and to elect treatment as a separate Regulated Investment Company ("RIC") under Subchapter M of the Code. It is the policy of each Fund to pay out dividends, if any, to investors at least annually. Taxable net realized gains from investment transactions, reduced by capital loss carryforwards, if any, are declared and distributed to shareholders at least annually. The capital loss carryforward amount, if any, is available to offset future net capital gains. The Funds may

Edgar Filing: WisdomTree Trust - Form N-CSR

occasionally be required to make supplemental distributions at some other time during the year. The Trust reserves the right to declare special distributions if, in its reasonable discretion, such action is necessary or advisable to preserve the status of each Fund as a RIC or to avoid imposition of income or excise taxes on undistributed income. Dividends and distributions to shareholders are recorded on the ex-dividend date. The amount of dividends and distributions from net investment income and net realized capital gains are determined in accordance with Federal income tax regulations which may differ from U.S. GAAP. These "book/tax" differences are either considered temporary or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the components of net assets based on their Federal tax basis treatment; temporary differences do not require reclassification. Dividends and distributions, which exceed earnings and profit for tax purposes, are reported as a tax return of capital.

The Funds adopted the provisions of Financial Accounting Standards Board ("FASB") Interpretation No. 48, Accounting for Uncertainty in Income Taxes ("FIN 48"). This interpretation prescribes a minimum threshold for financial statement recognition of the benefit of a tax position taken or expected to be taken in a tax return. Foreign taxes are provided for based on each Fund's understanding of the tax rules and rates that exist in the foreign markets in which it invests. Taxes are accrued and applied to net investment income, net realized capital gains and net unrealized appreciation, as applicable, as the income is earned or capital gains are recorded. If applicable, the Funds will recognize interest accrued related to unrecognized tax benefits in interest expense and penalties in "Other" expenses on the Statements of Operations. Management has evaluated the application of FIN 48 to the Funds, and has determined that there is no impact resulting from the adoption of this interpretation on the Funds' financial statements.

(g) Short-Term Investments - Each Fund may invest a portion of its assets in high-quality money market instruments on an ongoing basis to provide liquidity or for other reasons. The instruments in which a Fund may invest include short-term obligations issued by the U.S. Government, negotiable certificates of deposit ("CDs"), fixed time deposits and bankers' acceptances of U.S. and foreign banks and similar institutions, commercial papers, repurchase agreements and money market funds. CDs are short-term negotiable obligations of commercial banks. Time deposits are non-negotiable deposits maintained in banking institutions for specified periods of time at stated interest rates. Banker's acceptances are time drafts drawn on commercial banks by borrowers, usually in connection with international transactions.

3. ADVISER FEES

Adviser Fees - WTAM provides investment management services to each Fund pursuant to an Investment Advisory Agreement. As compensation for services rendered, facilities furnished, and expenses borne by WTAM, each Fund pays WTAM a fee, as listed below, which is accrued daily and paid monthly, based on the average daily net assets of the Fund. Included in the expenses borne by WTAM are fees paid to the Sub-Adviser, Bank of New York Investment Advisors, all accounting, administration, custody, transfer agent fees to The Bank of New York, tax and audit services, as well as printing and postage.

LargeCap Dividend Fund	0.28%
Dividend Top 100 (SM) Fund	0.38%
MidCap Dividend Fund	0.38%
SmallCap Dividend Fund	0.38%

Each Fund may purchase shares of an affiliated ETF in secondary market transactions. For the fiscal year ended March 31, 2008, there were no transactions in affiliated ETFs.

4. CAPITAL SHARE TRANSACTIONS

As of March 31, 2008, there was an unlimited number of \$0.001 par value shares of beneficial interest authorized by the Trust. Shares are issued and redeemed by each Fund only in Creation Units or multiples thereof. Except when aggregated in Creation Units, shares of each Fund are not redeemable. Transactions in shares for each Fund are disclosed in detail in the Statements of Changes in Net Assets. The consideration for the purchase of Creation Units of a Fund generally consists of the in-kind contribution of a designated portfolio of equity securities constituting a portfolio sampling representation of the securities included in the relevant Fund's underlying index and an amount of cash. Investors purchasing and redeeming Creation Units may be charged a purchase transaction fee and a redemption transaction fee to offset transfer and other transaction costs associated with the issuance and redemption of Creation Units.

5. INVESTMENT PORTFOLIO TRANSACTIONS

Purchases and sales of investments (excluding in-kind purchases and redemptions and short-term investments) for the fiscal year ended March 31, 2008 were as follows:

Notes to Financial Statements (concluded)

Capital losses incurred after October 31 ("post-October capital losses") and within the taxable year are deemed to arise on the first business day of each Fund's next taxable year.

During the fiscal year ended March 31, 2008, the following Funds incurred and elected to defer net post-October losses as follows:

Fund	Post-October Capital Losses
Total Dividend Fund	\$ 430,571
High-Yielding Equity Fund	1,188,628
LargeCap Dividend Fund	1,323,408
Dividend Top 100 (SM) Fund	1,446,898
MidCap Dividend Fund	3,261,552
SmallCap Dividend Fund	4,422,920

At March 31, 2008, the effect of permanent book/tax reclassifications resulted in increases (decreases) to the components of net assets as follows:

Fund	Undistributed Net Investment Income	Accumulated Net Realized Gain/(Loss)	Paid-in Capital
Total Dividend Fund	\$ 43	\$ (7,173,207)	\$ 7,173,164
High-Yielding Equity Fund	205	(10,824,678)	10,824,473
LargeCap Dividend Fund	-	(26,091,283)	26,091,283
Dividend Top 100 (SM) Fund	-	(14,017,482)	14,017,482
MidCap Dividend Fund	-	(4,554,468)	4,554,468
SmallCap Dividend Fund	1,235	(4,988,883)	4,987,648

Edgar Filing: WisdomTree Trust - Form N-CSR

These differences are primarily due to redemptions-in-kind and the tax treatment of income earned from investments in partnerships.

7. FAS 157

On September 15, 2006, the FASB released Statement of Financial Accounting Standards No. 157, Fair Value Measurements ("FAS 157") which provides enhanced guidance for measuring fair value. The standard requires companies to provide expanded information about the assets and liabilities measured at fair value and the potential effect of these fair valuations on an entity's financial performance. The standard does not expand the use of fair value in any new circumstances, but provides clarification on acceptable fair valuation methods and applications. Adoption of FAS 157 is required for fiscal years beginning after November 15, 2007 and interim periods within those fiscal years. At this time, management does not believe the adoption of FAS 157 will impact the amounts reported in the financial statements; however, additional disclosures will be required about the inputs used to develop the measurements of fair value and the effect of certain measurements reported in the Statements of Operations for the fiscal period.

Report of Independent Registered Public Accounting Firm

The Board of Trustees and Shareholders of WisdomTree Trust:

We have audited the accompanying statements of assets and liabilities, including the schedules of investments, of WisdomTree Total Dividend Fund, WisdomTree High-Yielding Equity Fund, WisdomTree LargeCap Dividend Fund, WisdomTree Dividend Top 100(SM) Fund, WisdomTree MidCap Dividend Fund and WisdomTree SmallCap Dividend Fund (six of the investment funds constituting the WisdomTree Trust (the "Trust")) as of March 31, 2008, and the related statements of operations for the year then ended and the changes in net assets and financial highlights for the periods indicated therein. These financial statements and financial highlights are the responsibility of the Trust's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. We were not engaged to perform an audit of the Trust's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of March 31, 2008, by correspondence with the custodian and brokers or by other appropriate auditing procedures where replies from brokers were not received. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of

Approval of Investment Advisory and Sub-Advisory Agreement (unaudited)

The Board of Trustees of the Trust, including a majority of the Independent Trustees, has the responsibility under the 1940 Act to approve each Fund's Investment Advisory Agreement and Sub-Advisory Agreement (collectively, the "Investment Advisory Agreements"). In addition, the Trust's Board of Trustees will receive, review and evaluate information concerning the services and personnel of the Investment Adviser and the Sub-Adviser at each quarterly meeting of the Board of Trustees. While particular emphasis will be placed on information concerning profitability, comparability of fees and total expenses, and the Trust's investment performance at any future meeting at which a renewal of the Investment Advisory Agreements is considered, the process of evaluating the Investment Adviser and the Sub-Adviser and the Trust's investment arrangements is an ongoing one. In this regard, the Board's consideration of the nature, extent and quality of the services to be provided by the Investment Adviser and the Sub-Adviser under the Investment Advisory Agreements will include deliberations at future quarterly meetings.

Approval of Investment Advisory Agreement. The Trust and the Investment Adviser have entered into an investment advisory agreement covering each Fund discussed herein. At a meeting held on February 25, 2008, the Board of Trustees reapproved the Investment Advisory Agreement for the Funds. The Board reviewed and analyzed the factors it deemed relevant, including: (i) the nature, quality and extent of the services to be provided to the Funds by WTAM; (ii) the investment performance of the Funds; (iii) the costs of services to be provided and the profits to be realized by WTAM from its relationship with the Funds; (iv) the extent to which economies of scale would be realized as the Funds grow; and (v) whether the fee levels reflect these economies of scale for the benefit of investors.

The Board also considered the nature and quality of the services to be provided by WTAM to the Funds, recognizing WTAM's operational capabilities and resources. The Board also noted the extensive responsibilities that WTAM has as investment adviser to the Funds, including the selection of the Funds' sub-adviser and oversight of the sub-advisers' compliance with Fund policies and objectives, oversight of general Fund compliance with federal and state laws, and the implementation of Board directives as they relate to the Funds.

The Board gave substantial consideration to the fees payable under the Advisory Agreement. In this connection, the Board evaluated WTAM's anticipated costs and profitability in serving as investment adviser to the Funds, including the costs associated with the personnel, systems and equipment necessary to manage the Funds and the costs associated with compensating the sub-adviser. The Board

Edgar Filing: WisdomTree Trust - Form N-CSR

also examined the fees to be paid by each Fund in light of fees paid to other investment managers by comparable funds and the method of computing each Fund's fee. After comparing the fees with those of comparable funds and in light of the quality and extent of services to be provided and the costs anticipated to be incurred by WTAM, the Board concluded that the level of the fees paid to WTAM with respect to each Fund is fair and reasonable.

The Board also approved the Sub-Advisory Agreement with the sub-adviser to the Funds, BNY Investment Advisors ("BNYIA"), using essentially the same criteria it used for WTAM. The Board considered BNYIA's operational capabilities and resources and BNYIA's experience in serving as an adviser to ETFs, noting that BNYIA currently provides investment advisory and management services to other ETFs. The Board considered the investment performance of the Funds, and the expertise and performance of the BNYIA personnel. The Board also noted that Bank of New York ("BNY"), an affiliate of BNYIA, serves as the Funds' administrator, accountant, custodian and transfer agent and receives compensation for acting in these capacities and is responsible for, among other things, coordinating the Funds' audits, financial statements and tax returns, managing expenses and budgeting for the Funds, processing trades on behalf of each Fund and custodying Fund assets. As such, the Board concluded that the benefits accruing to BNYIA and its affiliates by virtue of their relationship to the Trust are reasonable and fair in comparison with the anticipated costs of providing the relevant services.

Based on these considerations and the overall high quality of the personnel, operations, financial condition, investment advisory capabilities, methodologies, and performance of WTAM and BNYIA, the Board determined that the approval of the Advisory Agreement and the Sub-Advisory Agreement was in the best interests of each Fund. After full consideration of these and other factors, the Board, including a majority of the Independent Trustees, with the assistance of independent counsel, approved the Advisory Agreement and Sub-Advisory Agreement.

Frequency Distribution of Discounts & Premiums (unaudited)

The chart below presents information about differences between the per share net asset value ("NAV") of each Fund and the market trading price of shares of each Fund. For these purposes, the "market price" is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. The term "premium" is sometimes used to describe a market price in excess of NAV and the term "discount" is sometimes used to describe a market price below NAV. The chart presents information about the size and frequency of premiums or discounts. As with other exchange traded funds, the market price of Fund shares is typically slightly higher or lower than the Fund's per share NAV. Factors that contribute to the differences between market price and NAV include the supply and demand for Fund shares and investors' assessments of the underlying value of a Fund's portfolio securities.

Federal Income Tax Information

The following Federal tax information related to the Funds fiscal year ended March 31, 2008, is provided for information purposes only and should not be used for reporting to federal or state revenue agencies. Federal tax information for the calendar year will be reported on Form 1099-DIV in January 2009.

Certain dividends paid by the Funds may be subject to a maximum tax rate of 15%, as provided by the Jobs and Growth Tax Relief Reconciliation Act of 2003. Of the distributions paid during the fiscal year ended March 31, 2008, the following represents the maximum amount of ordinary income distributions that may be considered qualified dividend income:

There are risks associated with investing including possible loss of principal. In addition to the normal risks of investing, foreign investing involves special risks, such as risk of loss from currency fluctuation or political or economic uncertainty. Investments in real estate involve additional special risks, such as credit risk, interest rate fluctuations and the effect of varied economic conditions. Funds that focus its investments in one country increase the impact of events and developments associated with the region which can adversely affect performance. Funds focusing on a single country, sector and/or smaller companies generally experience greater price volatility. Investments in emerging markets are generally less liquid and less efficient than developed markets. Please read the funds prospectus for specific details regarding the fund's risk profile. Transactions in fund shares will result in brokerage commissions and will generate tax consequences. Shares may be sold through brokerage accounts, but may be redeemed from the funds only in large amounts of 50,000 shares or more.

Letter to Shareholders

Dear Shareholders:

It is a pleasure to report highlights for the funds of the WisdomTree Trust for the fiscal year that ended March 31, 2008.

Over this period, many U.S. and international stock markets declined between 5% and 15%, disappointing equity investors. With toxic sub-prime loans causing huge write-downs in the value of assets held at large banks and brokerage firms, financial stocks dramatically underperformed the broader market. For the first time since 1999, value stocks underperformed growth stocks in 2007, both domestically and internationally. WisdomTree's smaller capitalization U.S. funds, with greater exposure to real estate and financial stocks, generated sub-par returns for the period. Nevertheless, despite the challenging environment, 21 of WisdomTree's 36 funds with one-year track records outperformed their comparable capitalization weighted benchmark over the 12 months ended March 31, 2008.

Some of WisdomTree's strongest relative performance occurred in the developing world. Within the past year, the Trust added the WisdomTree Emerging Markets High-Yielding Equity Fund (DEM) and the WisdomTree Emerging Markets SmallCap Dividend Fund (DGS), the first ETF to offer investors access to the small-cap segment of emerging equity markets. Since the inception of the funds (July 13, 2007 and October 30, 2007, respectively) through March 31, 2008, both DEM and DGS outperformed the capitalization-weighted barometer for the emerging markets: the MSCI Emerging Markets Index. In February, WisdomTree launched the industry's first India ETF, the WisdomTree India Earnings Fund (EPI), which gives U.S. investors exposure to local shares trading in India. By March 31,

Edgar Filing: WisdomTree Trust - Form N-CSR

2008, overall assets under management in the WisdomTree Trust stood at approximately \$4.3 billion, up from approximately \$3 billion a year earlier.

The past fiscal year was also punctuated by an initiative that has the potential to significantly expand WisdomTree's reach: a platform that allows plan sponsors to use ETFs within employee 401(k) programs. This program gives clients the ability to use traditional index funds, actively managed mutual funds or ETFs within their retirement plans. Increasingly, investors view WisdomTree products as alternatives to both types of investments. Like traditional index funds, WisdomTree ETFs provide broad exposure to equity markets in 42 countries. But unlike traditional capitalization-weighted indexes, which set weights based on a company's market value, WisdomTree sets component weights based on income streams, such as earnings or dividends. WisdomTree is presenting advisors, plan sponsors, and self-directed investors a new way to understand and invest in equity markets. This report contains another full year of real-time performance data that will, I hope, provide greater clarity as to whether we are meeting our goal of delivering market-beating returns in a passive structure.

Thank you for your continued support.

Best regards,

/s/ Jonathan Steinberg

The MSCI Emerging Markets Index is a market cap weighted index that is designed to measure equity market performance consisting of 25 emerging market country indexes. MSCI Index performance information assumes the reinvestment of net dividends and excludes management fees, transaction costs and expenses. You cannot invest directly in an index.

WisdomTree Earnings Funds 1

Management's Discussion of Funds' Performance

The six domestic earnings-based ETFs of the WisdomTree Trust give investors alternatives to market capitalization-weighted index funds in all major market capitalization segments of the U.S. equity market. Six of the ETFs discussed in this report track specific indexes that are derived from the WisdomTree Earnings Index, which measures the performance of generally profitable companies in the U.S. The seventh fund, the India Earnings Fund, is designed to track an index WisdomTree created to measure the stock performance of companies trading in India. Unlike ETFs that track traditional market capitalization-weighted indexes, WisdomTree's earnings-based ETFs are designed to track indexes that are weighted based on the earnings that companies produce. For ease of comparison, this report provides index performance data on each ETF's underlying WisdomTree Index and a comparable benchmark index.

For the fiscal year ended March 31, 2008, four of WisdomTree's six domestic earnings-based funds outperformed their comparable market

Edgar Filing: WisdomTree Trust - Form N-CSR

capitalization-weighted benchmark.

U.S. stocks, as measured by the Russell 3000 Index*, declined by 6.03%, for the year ended March 31, 2008. The broadest WisdomTree domestic earnings-based ETF, the WisdomTree Total Earnings Fund (EXT) outperformed the Russell 3000 Index, declining 5.69% for the year that ended March 31, 2008. WisdomTree's best performing size segment for this period was the WisdomTree Earnings 500 Fund (EPS), which declined 4.72%, versus a 5.05% decline for the S&P 500 Index* over the same period. The worst-performing size segment for the earnings-based family was the WisdomTree SmallCap Earnings Fund (EES). EES lost 17.97% of its value for the year ended March 31, 2008, compared to a 12.94% decline in the Russell 2000 Index*.

Both of WisdomTree's earnings-based large-cap value funds outperformed the Russell 1000 Value Index* for the period. The WisdomTree Earnings Top 100 Fund (EEZ), which includes large-cap companies chosen because of their low P/E ratios, declined 9.09% through March 31, 2008, more than 2 percentage points less than the Russell 1000 Value Index,* which declined by 11.16% over the period. The WisdomTree Low P/E Fund (EZY) declined by 10.80%, outperforming the Russell 1000 Value Index* by 0.36 percentage points. The WisdomTree MidCap Earnings Fund (EZM) declined by 12.57% for the year ended March 31, 2008, underperforming the S&P MidCap 400 Index* by 5.64 percentage points over this period.

Internationally, the only region of the world where WisdomTree sets portfolio weights based on earnings is in India. Launched in early 2008, during a quarter when most equity markets in developing nations experienced sharp contractions, the WisdomTree India Earnings Fund declined by 9.11% from its inception on February 22, 2008 through March 31, 2008. This compared to an 11.14% decline in the MSCI India Index* over the same period.

Fund performance assumes reinvestment of dividends and capital gain distributions. An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore index returns do not reflect deductions for fees or expenses. In comparison, the Funds' performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes on transactions in Fund shares that a shareholder would pay on Fund distributions. Past performance is no guarantee of future results. The WisdomTree Total Earnings Fund seeks investment results that correspond to the price and yield performance, before fees and expenses, of the WisdomTree Earnings Index.

The WisdomTree Total Earnings Fund (EXT) returned -5.69% at net asset value ("NAV") for the fiscal year ending March 31, 2008 (for more complete performance information, please see below). Energy contributed most significantly to this performance, comprising on average 15.33% of the Fund and returned 18.75% over the period. Exxon Mobil Corp. was the top performing security in the Fund. Financials contributed the least to the Fund returning -26.05% over the period and comprising on average 24.22% of the portfolio.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for fund shares and investors assessments of the underlying value of a fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore index returns do not reflect deductions for fees or expenses and are not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes on transactions in Fund shares or that a shareholder would pay on Fund distributions. The annual expense ratio of the Fund is 0.28%.

The WisdomTree MidCap Earnings Fund seeks investment results that correspond to the price and yield performance, before fees and expenses, of the WisdomTree MidCap Earnings Index.

Edgar Filing: WisdomTree Trust - Form N-CSR

The WisdomTree MidCap Earnings Fund (EZM) returned -12.57% at net asset value ("NAV") for the fiscal year ended March 31, 2008 (for more complete performance information, please see below). Energy contributed most significantly to this performance, comprising on average 9.51% of the Fund and returned 18.89% over the period. Western Digital Corp. was the top performing security in the Fund. Consumer Discretionary contributed the least to the Fund returning -28.70% over the period and comprising on average 17.64% of the portfolio.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for fund shares and investors assessments of the underlying value of a fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore index returns do not reflect deductions for fees or expenses and are not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes on transactions in Fund shares or that a shareholder would pay on Fund distributions. The annual expense ratio of the Fund is 0.38%.

Shareholder Expense Examples (unaudited)

As a shareholder of a WisdomTree Fund, you incur two types of costs: (1) transaction costs, including brokerage commissions on purchases and sales of your Fund shares and (2) ongoing costs, including management fees and other Fund expenses. The following example is intended to help you understand your ongoing costs (in dollars and cents) of investing in a Fund and to compare these costs with the ongoing costs of investing in other funds.

The example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from October 1, 2007 to March 31, 2008 for all Funds except the WisdomTree India Earnings Fund whose period was February 22, 2008 through March 31, 2008.

Edgar Filing: WisdomTree Trust - Form N-CSR

Actual expenses

The first line under each Fund in the table on the next page provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line for your Fund under the heading entitled "Expenses Paid During Period 10/01/07 to 3/31/08" to estimate the expenses you paid on your account during this period.

Hypothetical example for comparison purposes

The second line under each Fund in the table on the next page provides information about hypothetical account values and hypothetical expenses based on each Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in your Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as brokerage commissions paid on purchases and sales of Fund shares. Therefore, the second line under each Fund in the table is useful in comparing ongoing Fund costs only and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

1. ORGANIZATION

WisdomTree Trust (the "Trust") is registered under the Investment Company Act of 1940, as amended (the "1940 Act"), as an open-end management investment company. The Trust was established as a Delaware statutory trust pursuant to a Trust Instrument dated December 15, 2005. As of March 31, 2008, the Trust offered 40 investment funds (each a "Fund", collectively, the "Funds"). Each Fund is considered to be non-diversified. The Funds described herein commenced operations on February 23, 2007, with the exception of the India Earnings Fund which commenced operations on February 22, 2008.

These financial statements relate only to the WisdomTree Total Earnings Fund ("Total Earnings Fund"), WisdomTree Earnings 500 Fund ("Earnings 500 Fund"), WisdomTree MidCap Earnings Fund ("MidCap Earnings Fund"), WisdomTree SmallCap Earnings Fund ("SmallCap Earnings Fund"), WisdomTree Earnings Top 100 Fund ("Earnings Top 100 Fund"), WisdomTree Low P/E Fund ("Low P/E Fund") and WisdomTree India Earnings Fund ("India Earnings Fund"), together the "Earnings Funds". The India Earnings Fund makes its investments through the WisdomTree India Investment Portfolio, Inc. (the "Portfolio") a wholly owned subsidiary organized in the Republic of Mauritius. The Portfolio is advised by WisdomTree Asset Management and is sub-advised by BNY Investment Advisors. This structure should permit the India Earnings Fund to benefit from a tax treaty between India and Mauritius. Recently, the Supreme Court of India upheld the validity of this tax treaty in response to a lower court challenge contesting the treaty's applicability to entities such as WisdomTree India Earnings Fund. No assurance can be given that the terms of the treaty will not be subject to re-negotiation in the future or subject to a different interpretation. Any change in the provision of this treaty or in its applicability to WisdomTree India Earnings Fund could result in the imposition of withholding and other taxes on the India Earnings Fund by tax authorities in India. This would reduce the return to the India Earnings Fund on its investments and the return received by India Earnings Fund shareholders. References to investments by the India Earnings Fund herein should be understood to refer to investments by the Portfolio.

Each Fund seeks investment returns that closely correspond to the price and yield performance, before fees and expenses, of a particular index ("Index") developed by WisdomTree Investments, Inc. ("WisdomTree Investments"). Each Index consists of equity securities in the market suggested by its name that meet specific criteria developed by WisdomTree Investments. The securities in each Index are weighted based on earnings or earnings yield. "WisdomTree" and "WisdomTree Investments" are service marks of WisdomTree Investments licensed for use by the Trust. WisdomTree Investments has patent applications pending on the methodology and operation of its Indexes and the Funds. Each Fund invests directly in a portfolio of securities, except for the India Earnings Fund, which invests through WisdomTree India Investment Portfolio, Inc., as discussed above.

Edgar Filing: WisdomTree Trust - Form N-CSR

In the normal course of business the Funds may enter into contracts that contain a variety of representations or that provide indemnification for certain liabilities. The Funds' maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Funds that have not yet occurred. However, the Funds have not had prior claims or losses pursuant to these contracts and expect the risk of loss to be remote.

The preparation of financial statements in conformity with U.S. Generally Accepted Accounting Principles ("U.S. GAAP"), requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in the net assets from operations during the reporting period. Actual results could differ from those estimates.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Investment Valuation - The Net Asset Value ("NAV") of each Fund's shares is calculated each day the national securities exchanges are open for trading as of the close of regular trading on the New York Stock Exchange, generally 4:00 p.m. New York time. NAV per share is calculated by dividing a Fund's net assets by the number of Fund shares outstanding. Securities traded on any recognized U.S. or non-U.S. exchange are valued at the last sale price or official closing price on the exchange or system on which they are principally traded. Events occurring after the close of trading on non-U.S. exchanges may result in adjustments to the valuation of foreign securities to more accurately reflect their fair value as of the close of regular trading on the New York Stock Exchange. The Fund may rely on an independent fair valuation service in adjusting the valuations of foreign securities. Unlisted equity securities are valued at the last quoted sale price or, if no sale price is available, at the mean between the most recently quoted bid and asked prices. Securities for which market quotations are not readily available are valued at fair value as determined by management and in accordance with procedures approved by the Board of Trustees. Short-term securities with 60 days or less remaining to maturity are valued using the amortized cost method, which approximates current market value.

(b) Investment Transactions - Investment transactions are recorded as of the date that the securities are purchased or sold (trade date). Realized gains and losses on sales of portfolio securities are calculated using the identified-cost method.

(c) Foreign Currency Translation - The accounting records of the Funds are maintained in U.S. dollars. Foreign currencies, as well as investment securities and other assets and liabilities denominated in foreign currencies, are translated into U.S. dollars using exchange rates deemed appropriate by the investment adviser. Realized and unrealized foreign exchange gains or losses on

76 WisdomTree Earnings Funds

Notes to Financial Statements (continued)

investments are included as a component of net realized and unrealized gain or loss on foreign currency transactions in the Statements of Operations. Certain foreign exchange gains and losses included in realized and unrealized gains or losses are included in, or are a reduction of, ordinary income in accordance with U.S. Federal income tax regulations.

(d) Investment Income - Dividend income is recognized on the ex-dividend date, net of any foreign taxes withheld. Interest income is accrued daily. The value of additional securities received as dividend payments is recorded as income and

Edgar Filing: WisdomTree Trust - Form N-CSR

as an increase to the cost basis of such securities.

(e) Expenses/Reimbursements - WisdomTree Asset Management ("WTAM") has agreed to pay all expenses of the Funds (other than the India Earnings Fund), except for: (i) brokerage expenses and other expenses (such as stamp taxes) connected with the execution of portfolio transactions or in connection with creation and redemption transactions; (ii) legal fees or expenses in connection with any arbitration, litigation or pending or threatened arbitration or litigation, including any settlements in connection therewith; (iii) compensation and expenses of each Independent Trustee; (iv) compensation and expenses of counsel to the Independent Trustees; (v) compensation and expenses of the Trust's chief compliance officer; (vi) extraordinary expenses; (vii) distribution fees and expenses paid by the Trust under any distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act; and (viii) the advisory fee payable to WTAM. Pursuant to a separate contractual arrangement, WTAM has paid the expenses described in (iii), (iv) and (v) through July 31, 2007.

Pursuant to a separate contractual arrangement effective as of August 1, 2007, WTAM has arranged for the provision of chief compliance officer ("CCO") services to the Funds (other than the India Earnings Fund), and is liable and responsible for, and administers, payments to the CCO, the Independent Trustees and counsel to the Independent Trustees, in exchange for a service fee paid by each Fund (other than the India Earnings Fund) of up to 0.0044%. Trustees fees, which are included in Service Fees on the Statements of Operation, of \$152,482 have been paid on behalf of the Funds of the Trust to the Independent Trustees.

(f) Security Lending - Each Fund may lend portfolio securities to certain creditworthy borrowers, including the Funds' securities lending agent. The loans are collateralized at all times by cash and/or high grade debt obligations in an amount at least equal to 102% of the market value of domestic securities loaned (105% in the case of foreign securities loaned) as determined at the close of business on the preceding business day. Each Fund receives compensation for lending its securities from interest or dividends earned on the cash or U.S. government securities held as collateral, net of fee rebates paid to the borrower plus reasonable administrative and custody fees. The dividend and interest income earned on the securities loaned is accounted for in the same manner as other dividend and interest income. The borrower pays to the Funds an amount equal to any dividends or interest received on loaned securities. The Funds retain all or a portion of the interest received on investment of cash collateral or receives a fee from the borrower. Lending portfolio securities could result in a loss or delay in recovering each Fund's securities if the borrower defaults.

The securities lending income earned by the Funds is disclosed on the Statements of Operations.

(g) Tax Information and Dividends and Distributions to Shareholders - It is each Fund's policy to comply with all requirements of the Internal Revenue Code of 1986, as amended (the "Code"). Each Fund intends to qualify for and to elect treatment as a separate Regulated Investment Company ("RIC") under Subchapter M of the Code. It is the policy of each Fund to pay out dividends, if any, to investors at least annually. Taxable net realized gains from investment transactions, reduced by capital loss carryforwards, if any, are declared and distributed to shareholders at least annually. The capital loss carryforward amount, if any, is available to offset future net capital gains. The Funds may occasionally be required to make supplemental distributions at some other time during the year. The Trust reserves the right to declare special distributions if, in its reasonable discretion, such action is necessary or advisable to preserve the status of each Fund as a RIC or to avoid imposition of income or excise taxes on undistributed income. Dividends and distributions to shareholders are recorded on the ex-dividend date. The amount of dividends and distributions from net investment income and net realized capital gains are

Edgar Filing: WisdomTree Trust - Form N-CSR

determined in accordance with Federal income tax regulations which may differ from U.S. GAAP. These book/tax differences are either considered temporary or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the components of net assets based on their Federal tax basis treatment; temporary differences do not require reclassification. Dividends and distributions, which exceed earnings and profit for tax purposes, are reported as a tax return of capital. The India Earnings Fund has filed an election to treat the WisdomTree India Investment Portfolio, Inc. as a "pass-through" entity for tax purposes.

The Funds adopted the provisions of Financial Accounting Standards Board ("FASB") Interpretation No. 48, Accounting for Uncertainty in Income Taxes ("FIN 48"). This interpretation prescribes a minimum threshold for financial statement recognition of the benefit of a tax position taken or expected to be taken in a tax return. Foreign taxes are provided for based on each Fund's understanding of the tax rules and rates that exist in the foreign markets in which it invests. Taxes are accrued and applied to net investment income, net realized capital gains and net unrealized appreciation, as applicable, as the income is earned or capital

WisdomTree Earnings Funds 77

Notes to Financial Statements (continued)

gains are recorded. If applicable, the Funds will recognize interest accrued related to unrecognized tax benefits in interest expense and penalties in "Other" expenses on the Statements of Operations. Management has evaluated the application of FIN 48 to the Funds, and has determined that there is no impact resulting from the adoption of this interpretation on the Funds' financial statements.

(h) Short-Term Investments - Each Fund may invest a portion of its assets in high-quality money market instruments on an ongoing basis to provide liquidity or for other reasons. The instruments in which a Fund may invest include short-term obligations issued by the U.S. Government, negotiable certificates of deposit ("CDs"), fixed time deposits and bankers' acceptances of U.S. and foreign banks and similar institutions, commercial papers, repurchase agreements and money market funds. CDs are short-term negotiable obligations of commercial banks. Time deposits are non-negotiable deposits maintained in banking institutions for specified periods of time at stated interest rates. Banker's acceptances are time drafts drawn on commercial banks by borrowers, usually in connection with international transactions.

3. ADVISER FEES

Adviser Fees - WTAM provides investment management services to each Fund pursuant to an Investment Advisory Agreement. As compensation for services rendered, facilities furnished, and expenses borne by WTAM, each Fund pays WTAM a fee, as listed below, which is accrued daily and paid monthly, based on the average daily net assets of the Fund. Included in the expenses borne by WTAM are fees paid to the Sub-Adviser, BNY Investment Advisors. The fee paid to WTAM for the Funds (other than the India Earnings Fund) covers the cost of all accounting, administration, custody, transfer agent fees to The Bank of New York, tax and audit services, as well as printing and postage. WTAM has agreed to limit total expenses for the India Earnings Fund to 0.88% through March 31, 2009.

India Earnings Fund	0.68%

Each Fund may purchase shares of an affiliated ETF in secondary market transactions. For the fiscal year ended March 31, 2008, there were no transactions in affiliated ETFs.

4. CAPITAL SHARE TRANSACTIONS

As of March 31, 2008, there was an unlimited number of \$0.001 par value shares of beneficial interest authorized by the Trust. Shares are issued and redeemed by each Fund only in Creation Units or multiples thereof. Except when aggregated in Creation Units, shares of each Fund are not redeemable. Transactions in shares for each Fund are disclosed in detail in the Statements of Changes in Net Assets. The consideration for the purchase of Creation Units of a Fund generally consists of the in-kind contribution of a designated portfolio of equity securities constituting a portfolio sampling representation of the securities included in the relevant Fund's underlying index and an amount of cash. Investors purchasing and redeeming Creation Units may be charged a purchase transaction fee and a redemption transaction fee to offset transfer and other transaction costs associated with the issuance and redemption of Creation Units.

Notes to Financial Statements (concluded)

At March 31, 2008, the effect of permanent "book/tax" reclassifications resulted in increases(decreases) to the components of net assets as follows:

Fund	Undistributed Net Investment Income/(Loss)	Accumulated Net Realized Gain/(Loss)	Paid-in Capital
Total Earnings Fund	\$ 52	\$ (1,440,020)	\$1,439,968
Earnings 500 Fund	-	(1,378,675)	1,378,675

Low P/E Fund	12	(1,180,637)	1,180,625
India Earnings Fund	(189,614)	189,614	-

These differences are primarily due to redemptions-in-kind, the tax treatment of income earned from investments in partnerships and/or foreign currency transactions.

7. FAS 157

On September 15, 2006, the FASB released Statement of Financial Accounting Standards No. 157, Fair Value Measurements ("FAS 157") which provides enhanced guidance for measuring fair value. The standard requires companies to provide expanded information about the assets and liabilities measured at fair value and the potential effect of these fair valuations on an entity's financial performance. The standard does not expand the use of fair value in any new circumstances, but provides clarification on acceptable fair valuation methods and applications. Adoption of FAS 157 is required for fiscal years beginning after November 15, 2007 and interim periods within those fiscal years. At this time, management does not believe the adoption of FAS 157 will impact the amounts reported in the financial statements; however, additional disclosures will be required about the inputs used to develop the measurements of fair value and the effect of certain measurements reported in the Statements of Operations for the fiscal period.

Report of Independent Registered Public Accounting Firm

The Board of Trustees and Shareholders of WisdomTree Trust

We have audited the accompanying statements of assets and liabilities, including the schedules of investments, of WisdomTree Total Earnings Fund, WisdomTree Earnings 500 Fund, WisdomTree MidCap Earnings Fund, WisdomTree SmallCap Earnings Fund, WisdomTree Earnings Top 100 Fund, WisdomTree Low P/E Fund, and WisdomTree India Earnings Fund (seven of the investment funds constituting the WisdomTree Trust (the "Trust")) as of March 31, 2008, and the related statements of operations, and the changes in net assets and financial highlights for the periods indicated therein. These financial statements and financial highlights are the responsibility of the Trust's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. We were not engaged to perform an audit of the Trust's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights, assessing the accounting principles used

Edgar Filing: WisdomTree Trust - Form N-CSR

and significant estimates made by management, and evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of March 31, 2008, by correspondence with the custodian and brokers or by other appropriate auditing procedures where replies from brokers were not received. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of WisdomTree Total Earnings Fund, WisdomTree Earnings 500 Fund, WisdomTree MidCap Earnings Fund, WisdomTree SmallCap Earnings Fund, WisdomTree Earnings Top 100 Fund, WisdomTree Low P/E Fund, and WisdomTree India Earnings Fund of WisdomTree Trust at March 31, 2008, the results of their operations, the changes in their net assets and the financial highlights for the indicated periods, in conformity with U.S. generally accepted accounting principles.

Approval of Investment Advisory and Sub-Advisory Agreement (unaudited)

The Board of Trustees of the Trust, including a majority of the Independent Trustees, has the responsibility under the 1940 Act to approve each Fund's Investment Advisory Agreement and Sub-Advisory Agreement (collectively, the "Investment Advisory Agreements"). In addition, the Trust's Board of Trustees will receive, review and evaluate information concerning the services and personnel of the Investment Adviser and the Sub-Adviser at each quarterly meeting of the Board of Trustees. While particular emphasis will be placed on information concerning profitability, comparability of fees and total expenses, and the Trust's investment performance at any future meeting at which a renewal of the Investment Advisory Agreements is considered, the process of evaluating the Investment Adviser and the Sub-Adviser and the Trust's investment arrangements is an ongoing one. In this regard, the Board's consideration of the nature, extent and quality of the services to be provided by the Investment Adviser and the Sub-Adviser under the Investment Advisory Agreements will include deliberations at future quarterly meetings.

Approval of Investment Advisory Agreement. The Trust and the Investment Adviser have entered into an investment advisory agreement covering each Fund discussed herein. At a meeting held on February 25, 2008, the Board of Trustees reapproved the Investment Advisory Agreement for the Funds (other than the India Earnings Fund). At a meeting held on December 3, 2007, the Board of Trustees approved the Investment Advisory Agreement for the India Earnings Fund. The Board reviewed and analyzed the factors it deemed relevant, including: (i) the nature, quality and extent of the services to be provided to the Funds by WTAM; (ii) the performance of the Funds; (iii) the costs of services to be provided and the profits to be realized by WTAM from its relationship with the Funds; (iv) the extent to which economies of scale would be realized as the Funds grow; and (v) whether the fee levels reflect these economies of scale for the benefit of investors.

The Board also considered the nature and quality of the services to be provided by WTAM to the Funds, recognizing WTAM's operational capabilities and resources. The Board also noted the extensive responsibilities that WTAM has as investment adviser to the Funds, including the selection of the Funds' sub-adviser and oversight of the sub-adviser's compliance with Fund policies and objectives,

Edgar Filing: WisdomTree Trust - Form N-CSR

oversight of general Fund compliance with federal and state laws, and the implementation of Board directives as they relate to the Funds.

The Board gave substantial consideration to the fees payable under the Advisory Agreement. In this connection, the Board evaluated WTAM's anticipated costs and profitability in serving as investment adviser to the Funds, including the costs associated with the personnel, systems and equipment necessary to manage the Funds and the costs associated with compensating the sub-adviser. The Board also examined the fees to be paid by each Fund in light of fees paid to other investment managers by comparable funds and the method of computing each Fund's fee. After comparing the fees with those of comparable funds and in light of the quality and extent of services to be provided and the costs anticipated to be incurred by WTAM, the Board concluded that the level of the fees paid to WTAM with respect to each Fund is fair and reasonable.

The Board also approved the Sub-Advisory Agreement with the sub-adviser to the Funds, BNY Investment Advisors ("BNYIA"), using essentially the same criteria it used for WTAM. The Board considered BNYIA's operational capabilities and resources and BNYIA's experience in serving as an adviser to ETFs, noting that BNYIA currently provides investment advisory and management services to other ETFs. The Board considered the investment performance of the Funds, and the expertise and performance of the BNYIA personnel. The Board also noted that Bank of New York ("BNY"), an affiliate of BNYIA, serves as the Funds' administrator, accountant, custodian and transfer agent and receives compensation for acting in these capacities and is responsible for, among other things, coordinating the Funds' audits, financial statements and tax returns, managing expenses and budgeting for the Funds, processing trades on behalf of each Fund and custodying Fund assets. As such, the Board concluded that the benefits accruing to BNYIA and its affiliates by virtue of their relationship to the Trust are reasonable and fair in comparison with the anticipated costs of providing the relevant services. The Board noted that WTAM, not the Funds, pays the fees to BNYIA under the Sub-Advisory Agreement.

Based on these considerations and the overall high quality of the personnel, operations, financial condition, investment advisory capabilities, methodologies, and performance of WTAM and BNYIA, the Board determined that the approval of the Advisory Agreement and the Sub-Advisory Agreement was in the best interests of each Fund. After full consideration of these and other factors, the Board, including a majority of the Independent Trustees, with the assistance of independent counsel, approved the Advisory Agreement and Sub-Advisory Agreement.

Frequency Distribution of Discounts & Premiums (unaudited)

The chart below presents information about differences between the per share net asset value ("NAV") of each Fund and the market trading price of shares of each Fund. For these purposes, the "market price" is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. The term "premium" is sometimes used to describe a market price in excess of NAV and the term "discount" is sometimes used to describe a market price below NAV. The chart presents information about the size and frequency of premiums or discounts. As with other exchange traded funds, the market price of Fund shares is typically slightly higher or lower than the Fund's per share NAV. Factors that contribute to the differences between market price and NAV include the supply and demand for Fund shares and investors' assessments of the underlying value of a Fund's portfolio securities.

Differences between the closing times of U.S. and non-U.S. markets may

Edgar Filing: WisdomTree Trust - Form N-CSR

contribute to differences between the NAV and market price of Fund shares. Many non-U.S. markets close prior to the close of the U.S. securities exchanges. Developments after the close of such markets as a result of ongoing price discovery may be reflected in a Fund's market price but not in its NAV (or vice versa).

There are risks associated with investing including possible loss of principal. In addition to the normal risks of investing, foreign investing involves special risks, such as risk of loss from currency fluctuation or political or economic uncertainty. Investments in real estate involve additional special risks, such as credit risk, interest rate fluctuations and the effect of varied economic conditions. Funds that focus its investments in one country increase the impact of events and developments associated with the region which can adversely affect performance. Funds focusing on a single country, sector and/or smaller companies generally experience greater price volatility. Investments in emerging markets are generally less liquid and less efficient than developed markets. Please read the funds prospectus for specific details regarding the fund's risk profile. Transactions in fund shares will result in brokerage commissions and will generate tax consequences. Shares may be sold through brokerage accounts, but may be redeemed from the funds only in large amounts of 50,000 shares or more.

Letter to Shareholders

Dear Shareholders:

It is a pleasure to report highlights for the funds of the WisdomTree Trust for the fiscal year that ended March 31, 2008.

Over this period, many U.S. and international stock markets declined between 5% and 15%, disappointing equity investors. With toxic sub-prime loans causing huge write-downs in the value of assets held at large banks and brokerage firms, financial stocks dramatically underperformed the broader market. For the first time since 1999, value stocks underperformed growth stocks in 2007, both domestically and internationally. WisdomTree's smaller capitalization U.S. funds, with greater exposure to real estate and financial

Edgar Filing: WisdomTree Trust - Form N-CSR

stocks, generated sub-par returns for the period. Nevertheless, despite the challenging environment, 21 of WisdomTree's 36 funds with one-year track records outperformed their comparable capitalization weighted benchmark over the 12 months ended March 31, 2008.

Some of WisdomTree's strongest relative performance occurred in the developing world. Within the past year, the Trust added the WisdomTree Emerging Markets High-Yielding Equity Fund (DEM) and the WisdomTree Emerging Markets SmallCap Dividend Fund (DGS), the first ETF to offer investors access to the small-cap segment of emerging equity markets. Since the inception of the funds (July 13, 2007 and October 30, 2007, respectively) through March 31, 2008, both DEM and DGS outperformed the capitalization-weighted barometer for the emerging markets: the MSCI Emerging Markets Index. In February, WisdomTree launched the industry's first India ETF, the WisdomTree India Earnings Fund (EPI), which gives U.S. investors exposure to local shares trading in India. By March 31, 2008, overall assets under management in the WisdomTree Trust stood at approximately \$4.3 billion, up from approximately \$3 billion a year earlier.

The past fiscal year was also punctuated by an initiative that has the potential to significantly expand WisdomTree's reach: a platform that allows plan sponsors to use ETFs within employee 401(k) programs. This program gives clients the ability to use traditional index funds, actively managed mutual funds or ETFs within their retirement plans. Increasingly, investors view WisdomTree products as alternatives to both types of investments. Like traditional index funds, WisdomTree ETFs provide broad exposure to equity markets in 42 countries. But unlike traditional capitalization-weighted indexes, which set weights based on a company's market value, WisdomTree sets component weights based on income streams, such as earnings or dividends. WisdomTree is presenting advisors, plan sponsors, and self-directed investors a new way to understand and invest in equity markets. This report contains another full year of real-time performance data that will, I hope, provide greater clarity as to whether we are meeting our goal of delivering market-beating returns in a passive structure.

Thank you for your continued support.

Best regards,

/s/ Jonathan Steinberg

Management's Discussion of Funds' Performance

Edgar Filing: WisdomTree Trust - Form N-CSR

The MSCI EAFE Index, which measures stock performance in the developed world outside the U.S. and Canada, declined by 2.68% in the year that ended March 31, 2008. International sectors with exposure to energy and commodities performed well over this period, whereas sectors with exposure to bad loans emanating from the U.S. and a weakening consumer performed poorly. In all, 11 of the Trust's first 14 international funds introduced by WisdomTree in June of 2006 outperformed their comparable market capitalization-weighted benchmark through the fiscal year that ended March 31, 2008.

WisdomTree's broadest international fund, the WisdomTree DEFA Fund (DWM), which invests in the same 21 equity markets covered by the MSCI EAFE Index*, outperformed its cap-weighted peer over this period, declining just 0.44% at NAV. DWM, which has outperformed the MSCI EAFE Index since its inception by more than 3 percentage points on an annualized basis, has benefited from having less exposure to Japan relative to the MSCI EAFE Index and more exposure to Pacific Rim markets outside Japan. Because the WisdomTree DEFA Index sets annual weights based on dividends paid, DWM had approximately 15% of its portfolio's weight invested in the Pacific Region excluding Japan, as of March 31, 2008. This equated to about 5 percentage points more exposure to this part of the world than the MSCI EAFE Index.

Over the 12 month period ended March 31, 2008, the Pacific Region outside of Japan was the best performing region of the developed world, excluding Canada. Consequently, the WisdomTree Pacific ex-Japan Total Dividend Fund (DND) was the Trust's best performing non-sector international ETF over this period. DND returned 10.58% at NAV in the year that ended March 31, 2008, 4.7 percentage points higher than the total return generated by the capitalization-weighted MSCI Pacific ex-Japan Index* over the same period. The Trust's worst international performances were generated in Japan. Although they declined less than their comparable cap weighted index, all three of WisdomTree's Japan ETFs declined between 14% and 15% at NAV for the period.

The best performance by a size segment occurred in the large-cap category. The WisdomTree International LargeCap Dividend Fund (DOL) returned 0.93% at NAV through March 31, 2008, 3.61 percentage points more than the MSCI EAFE Index. By contrast, the WisdomTree International SmallCap Dividend Fund (DLS) declined by 7.79% at NAV, outpacing the MSCI EAFE SmallCap Index* which fell by 11.13% over the period that ended March 31, 2008.

The views expressed in this report reflect those of the portfolio managers only through the end of the period of the report as stated on the cover. The portfolio managers' views are subject to change at any time based on market and other conditions and should not be construed as a recommendation. Past performance is no guarantee of future results.

Fund returns are shown at NAV. Please see Performance Summaries on the subsequent pages for more complete performance information.

Fund performance assumes reinvestment of dividends and capital gain distributions. An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore index returns do not reflect deductions for fees or expenses. In comparison, the Funds' performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes on transactions in Fund shares that a shareholder would pay on Fund distributions. Past performance is no guarantee of future results. Management's Discussion of Funds' Performance (concluded)

The MSCI EAFE Index is a market capitalization-weighted index composed of companies representative of the developed market structure of 21 developed countries in Europe, Australasia and Japan; the MSCI EAFE Small Cap Index measures the performance of small cap stocks in the MSCI EAFE Index; the MSCI Pacific ex-Japan Index is a market capitalization-weighted index that measures the performance of stocks in Australia, Hong Kong, Singapore and New Zealand. Performance information for the MSCI indexes assumes the reinvestment of net dividends and excludes management fees, transaction costs and expenses. You cannot invest directly in an index.

China Mobile Ltd. was the top performing security in the Fund. Financials contributed the least to the Fund returning -10.67% over the period and comprising on average 31.13% of the portfolio.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for fund shares and investors assessments of the underlying value of a fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore index returns do not reflect deductions for fees or expenses and are not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes on transactions in Fund shares or that a shareholder would pay on Fund distributions. The annual expense ratio of the Fund is 0.48%.

The WisdomTree Japan Total Dividend Fund seeks investment results that closely correspond to the price and yield performance, before fees and expenses, of the WisdomTree Japan Dividend Index.

The WisdomTree Japan Total Dividend Fund (DXJ) returned -14.39% at net asset value ("NAV") for the fiscal year ended March 31, 2008 (for more complete performance information, please see below). Consumer Staples contributed most significantly to this performance, comprising on average 5.79% of the Fund and returned 1.98% over the period. Mitsubishi Corp. was the top performing security in the Fund. Financials contributed the least to the Fund returning -24.51% over the period and comprising on average 12.62% of the portfolio.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for fund shares and investors assessments of the underlying value of a fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore index returns do not reflect deductions for fees or expenses and are not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes on transactions in Fund shares or that a shareholder would pay on Fund distributions. The annual expense ratio of the Fund is 0.48%.

The WisdomTree Pacific ex-Japan High-Yielding Equity Fund seeks investment results that closely correspond to the price and yield performance, before fees and expenses, of the WisdomTree Pacific ex-Japan High-Yielding Equity Index.

The WisdomTree Pacific ex-Japan High-Yielding Equity Fund (DNH) returned -0.69% at net asset value ("NAV") for the fiscal year ended March 31, 2008 (for more complete performance information, please see below). Telecommunication Services contributed most significantly to this performance, comprising on average 11.27% of the Fund and returned 10.07% over the period. Hang Seng Bank Ltd. was the top performing security in the Fund. Financials contributed the least to the Fund returning -4.23% over the period and comprising on average 51.36% of the portfolio.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for fund shares and investors assessments of the underlying value of a fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore index returns do not reflect deductions for fees or expenses and are not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes on transactions in Fund shares or that a shareholder would pay on Fund distributions. The annual expense ratio of the Fund is 0.58%.

The WisdomTree International SmallCap Dividend Fund seeks investment results that closely correspond to the price and yield performance, before fees and expenses, of the WisdomTree International SmallCap Dividend Index.

The WisdomTree International SmallCap Dividend Fund (DLS) returned -7.79 at net asset value ("NAV") for the fiscal year ended March 31, 2008 (for more complete performance information, please see below). Materials contributed most significantly to this performance, comprising on average 9.03% of the Fund and returned 3.91% over the period. Wing Lung Bank Ltd. was the top performing security in the Fund. Consumer Discretionary contributed the least to the Fund returning -16.98% over the period and comprising on average 21.42% of the portfolio.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of

Edgar Filing: WisdomTree Trust - Form N-CSR

the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for fund shares and investors assessments of the underlying value of a fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore index returns do not reflect deductions for fees or expenses and are not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes on transactions in Fund shares or that a shareholder would pay on Fund distributions. The annual expense ratio of the Fund is 0.58%.

Shareholder Expense Examples (unaudited)

As a shareholder of a WisdomTree Fund, you incur two types of costs: (1) transaction costs, including brokerage commissions on purchases and sales of your Fund shares and (2) ongoing costs, including management fees and other Fund expenses. The following example is intended to help you understand your ongoing costs (in dollars and cents) of investing in a Fund and to compare these costs with the ongoing costs of investing in other funds.

The example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from October 1, 2007 to March 31, 2008 for all Funds except the WisdomTree Emerging Markets SmallCap Dividend Fund whose period was October 30, 2007 through March 31, 2008.

Actual expenses

The first line under each Fund in the table on the next page provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line for your Fund under the heading entitled "Expenses Paid During Period 10/01/07 to 3/31/08" to estimate the expenses you paid on your account during this period.

Hypothetical example for comparison purposes

The second line under each Fund in the table on the next page provides information about hypothetical account values and hypothetical expenses based on each Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in your Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your

Edgar Filing: WisdomTree Trust - Form N-CSR

ongoing costs only and do not reflect any transactional costs, such as brokerage commissions paid on purchases and sales of Fund shares. Therefore, the second line under each Fund in the table is useful in comparing ongoing Fund costs only and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

Notes to Financial Statements

1. ORGANIZATION

WisdomTree Trust (the "Trust") is registered under the Investment Company Act of 1940, as amended (the "1940 Act"), as an open-end management investment company. The Trust was established as a Delaware statutory trust pursuant to a Trust Instrument dated December 15, 2005. As of March 31, 2008, the Trust offered 40 investment funds (each a "Fund", collectively, the "Funds"). Each Fund is considered to be non-diversified. The Funds described herein, commenced operations on June 16, 2006, with the exception of the International Real Estate Fund, Emerging Markets High-Yielding Equity Fund and Emerging Markets SmallCap Dividend Fund which commenced operations on June 5, 2007, July 13, 2007 and October 30, 2007, respectively.

These financial statements relate only to the WisdomTree DEFA Fund ("DEFA Fund"), WisdomTree DEFA High-Yielding Equity Fund ("DEFA High-Yielding Equity Fund"), WisdomTree Europe Total Dividend Fund ("Europe Total Dividend Fund"), WisdomTree Europe High-Yielding Equity Fund ("Europe High-Yielding Equity Fund"), WisdomTree Europe SmallCap Dividend Fund ("Europe SmallCap Dividend Fund"), WisdomTree Japan Total Dividend Fund ("Japan Total Dividend Fund"), WisdomTree Japan High-Yielding Equity Fund ("Japan High-Yielding Equity Fund"), WisdomTree Japan SmallCap Dividend Fund ("Japan SmallCap Dividend Fund"), WisdomTree Pacific ex-Japan Total Dividend Fund ("Pacific ex-Japan Total Dividend Fund"), WisdomTree Pacific ex-Japan High-Yielding Equity Fund ("Pacific ex-Japan High-Yielding Equity Fund"), WisdomTree International LargeCap Dividend Fund ("International LargeCap Dividend Fund"), WisdomTree International Dividend Top 100(SM) Fund ("International Dividend Top 100(SM) Fund"), WisdomTree International MidCap Dividend Fund ("International MidCap Dividend Fund"), WisdomTree International SmallCap Dividend Fund ("International SmallCap Dividend Fund"), WisdomTree International Real Estate Fund ("International Real Estate Fund"), WisdomTree Emerging Markets High-Yielding Equity Fund ("Emerging Markets High-Yielding Equity Fund") and WisdomTree Emerging Markets SmallCap Dividend Fund ("Emerging Markets SmallCap Dividend Fund"), together the "International Dividend Funds".

Each Fund seeks investment returns that closely correspond to the price and yield performance, before fees and expenses, of a particular index ("Index") developed by WisdomTree Investments, Inc. ("WisdomTree Investments"). Each Index consists of dividend paying securities in the market suggested by its name that meet specific criteria developed by WisdomTree Investments. "WisdomTree", "WisdomTree Investments", "WisdomTree DEFA", and "International Dividend Top 100" are service marks of WisdomTree Investments licensed for use by the Trust. WisdomTree Investments has patent applications pending on the methodology and operation of its Indexes and the Funds.

In the normal course of business the Funds may enter into contracts that contain a variety of representations or that provide indemnification for certain liabilities. The Funds' maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Funds that have not yet occurred. However, the Funds have not had prior claims or

Edgar Filing: WisdomTree Trust - Form N-CSR

losses pursuant to these contracts and expect the risk of loss to be remote.

The preparation of financial statements in conformity with U.S. Generally Accepted Accounting Principles ("U.S. GAAP"), requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in the net assets from operations during the reporting period. Actual results could differ from those estimates.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Investment Valuation - The Net Asset Value ("NAV") of each Fund's shares is calculated each day the national securities exchanges are open for trading as of the close of regular trading on the New York Stock Exchange, generally 4:00 p.m. New York time. NAV per share is calculated by dividing a Fund's net assets by the number of Fund shares outstanding. Securities traded on any recognized U.S. or non-U.S. exchange are valued at the last sale price or official closing price on the exchange or system on which they are principally traded. Events occurring after the close of trading on non-U.S. exchanges may result in adjustments to the valuation of foreign securities to more accurately reflect their fair value as of the close of regular trading on the New York Stock Exchange. The Fund may rely on an independent fair valuation service in adjusting the valuations of foreign securities. Unlisted equity securities are valued at the last quoted sale price or, if no sale price is available, at the mean between the most recently quoted bid and asked prices. Securities for which market quotations are not readily available are valued at fair value as determined by management and in accordance with procedures approved by the Board of Trustees. Short-term securities with 60 days or less remaining to maturity are valued using the amortized cost method, which approximates current market value.

(b) Investment Transactions - Investment transactions are recorded as of the date that the securities are purchased or sold (trade date). Realized gains and losses on sales of portfolio securities are calculated using the identified-cost method.

(c) Foreign Currency Translation - The accounting records of the Funds are maintained in U.S. dollars. Foreign currencies, as well as investment securities and other assets and liabilities denominated in foreign currencies are translated into U.S. dollars using exchange rates deemed appropriate by the investment adviser. Realized and unrealized foreign exchange gains or losses on investments are included as a component of net realized and unrealized gain or loss on foreign currency transactions in the

116 WisdomTree International Dividend Funds

Notes to Financial Statements (continued)

Statements of Operations. Certain foreign exchange gains and losses included in realized and unrealized gains or losses are included in, or are a reduction of ordinary income in accordance with U.S. Federal income tax regulations.

(d) Investment Income - Dividend income is recognized on the ex-dividend date, net of any foreign taxes withheld. Interest income is accrued daily. The value of additional securities received as dividend payments is recorded as income and as an increase to the cost basis of such securities.

(e) Expenses/Reimbursements - WisdomTree Asset Management, Inc. ("WTAM") has agreed to pay all expenses of the Funds, except for: (i) brokerage expenses and

Edgar Filing: WisdomTree Trust - Form N-CSR

other expenses (such as stamp taxes) connected with the execution of portfolio transactions or in connection with creation and redemption transactions; (ii) legal fees or expenses in connection with any arbitration, litigation or pending or threatened arbitration or litigation, including any settlements in connection therewith; (iii) compensation and expenses of each Independent Trustee; (iv) compensation and expenses of counsel to the Independent Trustees; (v) compensation and expenses of the Trust's chief compliance officer; (vi) extraordinary expenses; (vii) distribution fees and expenses paid by the Trust under any distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act; and (viii) the advisory fee payable to WTAM. Pursuant to a separate contractual arrangement, WTAM has paid the expenses described in (iii), (iv) and (v) through July 31, 2007.

Pursuant to a separate contractual arrangement, effective August 1, 2007, WTAM has arranged for the provision of chief compliance officer ("CCO") services to the Funds, and is liable and responsible for, and administers, payments to the CCO, the Independent Trustees and counsel to the Independent Trustees, in exchange for a service fee paid by each Fund of up to 0.0044% of the Fund's average daily net assets. Trustees fees, which are included in Service Fees on the Statements of Operation of \$152,482 have been paid on behalf of the Funds of the Trust to the Independent Trustees.

(f) Security Lending - Each Fund may lend portfolio securities to certain creditworthy borrowers, including the Funds' securities lending agent. The loans are collateralized at all times by cash and/or high grade debt obligations in an amount at least equal to 102% of the market value of domestic securities loaned (105% in the case of foreign securities loaned) as determined at the close of business on the preceding business day. Each Fund receives compensation for lending its securities from interest or dividends earned on the cash or U.S. government securities held as collateral, net of fee rebates paid to the borrower plus reasonable administrative and custody fees. The dividend and interest income earned on the securities loaned is accounted for in the same manner as other dividend and interest income. The borrower pays to the Funds an amount equal to any dividends or interest received on loaned securities. The Funds retain all or a portion of the interest received on investment of cash collateral or receives a fee from the borrower. Lending portfolio securities could result in a loss or delay in recovering each Fund's securities if the borrower defaults.

The securities lending income earned by the Funds is disclosed on the Statements of Operations.

(g) Dividends and Distributions to Shareholders - It is each Fund's policy to comply with all requirements of the Internal Revenue Code of 1986, as amended (the "Code"). Each Fund intends to qualify for and to elect treatment as a separate Regulated Investment Company ("RIC") under Subchapter M of the Code. It is the policy of each Fund to pay out dividends, if any, to investors at least annually. Taxable net realized gains from investment transactions, reduced by capital loss carryforwards, if any, are declared and distributed to shareholders at least annually. The capital loss carryforward amount, if any, is available to offset future net capital gains. The Funds may occasionally be required to make supplemental distributions at some other time during the year. The Trust reserves the right to declare special distributions if, in its reasonable discretion, such action is necessary or advisable to preserve the status of each Fund as a RIC or to avoid imposition of income or excise taxes on undistributed income. Dividends and distributions to shareholders are recorded on the ex-dividend date. The amount of dividends and distributions from net investment income and net realized capital gains are determined in accordance with Federal income tax regulations which may differ from U.S. GAAP. These book/tax differences are either considered temporary or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the components of net assets based on their Federal tax

Edgar Filing: WisdomTree Trust - Form N-CSR

basis treatment; temporary differences do not require reclassification. Dividends and distributions, which exceed earnings and profit for tax purposes, are reported as a tax return of capital.

The Funds adopted the provisions of Financial Accounting Standards Board ("FASB") Interpretation No. 48, Accounting for Uncertainty in Income Taxes ("FIN 48"). This interpretation prescribes a minimum threshold for financial statement recognition of the benefit of a tax position taken or expected to be taken in a tax return. Foreign taxes are provided for based on each Fund's understanding of the tax rules and rates that exist in the foreign markets in which it invests. Taxes are accrued and applied to net investment income, net realized capital gains and net unrealized appreciation, as applicable, as the income is earned or capital gains are recorded. If applicable, the Funds will recognize interest accrued related to unrecognized tax benefits in interest expense and penalties in "Other" expenses on the Statements of Operations. Management has evaluated the application of FIN 48 to the Funds, and has determined that there is no impact resulting from the adoption of this interpretation on the Funds' financial statements.

WisdomTree International Dividend Funds 117

Notes to Financial Statements (continued)

(h) Short-Term Investments - Each Fund may invest a portion of its assets in high-quality money market instruments on an ongoing basis to provide liquidity or for other reasons. The instruments in which a Fund may invest include short-term obligations issued by the U.S. Government, negotiable certificates of deposit ("CDs"), fixed time deposits and bankers' acceptances of U.S. and foreign banks and similar institutions, commercial papers, repurchase agreements and money market funds. CDs are short-term negotiable obligations of commercial banks. Time deposits are non-negotiable deposits maintained in banking institutions for specified periods of time at stated interest rates. Banker's acceptances are time drafts drawn on commercial banks by borrowers, usually in connection with international transactions.

3. ADVISER FEES

Adviser Fees - WTAM provides investment management services to each Fund pursuant to an Investment Advisory Agreement. As compensation for services rendered, facilities furnished, and expenses borne by WTAM, each Fund pays WTAM a fee, as listed below, which is accrued daily and paid monthly, based on the average daily net assets of the Fund. Included in the expenses borne by WTAM are fees paid to the Sub-Adviser, BNY Investment Advisors, all accounting, administration, custody, transfer agent fees to The Bank of New York, tax and audit services, as well as printing and postage.

Each Fund may purchase shares of an affiliated ETF in secondary market transactions. For the period ended March 31, 2008, there were no transactions in affiliated ETFs.

4. CAPITAL SHARE TRANSACTIONS

As of March 31, 2008, there was an unlimited number of \$0.001 par value shares of beneficial interest authorized by the Trust. Shares are issued and redeemed by each Fund only in Creation Units or multiples thereof. Except when aggregated in Creation Units, shares of each Fund are not redeemable. Transactions in shares for each Fund are disclosed in detail in the Statements of Changes in Net Assets. The consideration for the purchase of Creation Units of a Fund generally consist of the in-kind contribution of a designated portfolio of equity securities constituting a portfolio sampling representation of the securities included in the relevant Fund's underlying index and an amount of cash. Investors purchasing and redeeming Creation Units may be charged a purchase transaction fee and a redemption transaction fee to offset transfer and other transaction costs associated with the issuance and redemption of Creation Units.

Notes to Financial Statements (concluded)

7. FAS 157

On September 15, 2006, the FASB released Statement of Financial Accounting Standards No. 157, Fair Value Measurements ("FAS 157") which provides enhanced guidance for measuring fair value. The standard requires companies to provide expanded information about the assets and liabilities measured at fair value and the potential effect of these fair valuations on an entity's financial performance. The standard does not expand the use of fair value in any new circumstances, but provides clarification on acceptable fair valuation methods and applications. Adoption of FAS 157 is required for fiscal years beginning after November 15, 2007 and interim periods within those fiscal years. At this time, management does not believe the adoption of FAS 157 will impact the amounts reported in the financial statements; however, additional disclosures will be required about the inputs used to develop the measurements of fair value and the effect of certain measurements reported in the Statements of Operations for the fiscal period.

Report of Independent Registered Public Accounting Firm

The Board of Trustees and Shareholders of WisdomTree Trust:

We have audited the accompanying statements of assets and liabilities, including the schedules of investments, of WisdomTree DEFA Fund, WisdomTree DEFA High-Yielding Equity Fund, WisdomTree Europe Total Dividend Fund, WisdomTree Europe High-Yielding Equity Fund, WisdomTree Europe SmallCap Dividend Fund, WisdomTree Japan Total Dividend Fund, WisdomTree Japan High-Yielding Equity Fund, WisdomTree Japan SmallCap Dividend Fund, WisdomTree Pacific ex-Japan Total Dividend Fund, WisdomTree Pacific ex-Japan High-Yielding Equity Fund, WisdomTree International LargeCap Dividend Fund, WisdomTree International Dividend Top 100(SM) Fund, WisdomTree International MidCap Dividend Fund, WisdomTree International SmallCap Dividend Fund, WisdomTree International Real Estate Fund, WisdomTree Emerging Markets High-Yielding Equity Fund and WisdomTree Emerging Markets SmallCap Dividend Fund (seventeen of the investment funds constituting the WisdomTree Trust (the "Trust")) as of March 31, 2008, and the related statements of operations, and the changes in net assets and financial highlights for the periods indicated therein. These financial statements and financial highlights are the responsibility of the Trust's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. We were not engaged to perform an audit of the Trust's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control over financial reporting.

Edgar Filing: WisdomTree Trust - Form N-CSR

Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of March 31, 2008, by correspondence with the custodian and brokers or by other appropriate auditing procedures where replies from brokers were not received. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of WisdomTree DEFA Fund, WisdomTree DEFA High-Yielding Equity Fund, WisdomTree Europe Total Dividend Fund, WisdomTree Europe High-Yielding Equity Fund, WisdomTree Europe SmallCap Dividend Fund, WisdomTree Japan Total Dividend Fund, WisdomTree Japan High-Yielding Equity Fund, WisdomTree Japan SmallCap Dividend Fund, WisdomTree Pacific ex-Japan Total Dividend Fund, WisdomTree Pacific ex-Japan High-Yielding Equity Fund, WisdomTree International LargeCap Dividend Fund, WisdomTree International Dividend Top 100(SM) Fund, WisdomTree International MidCap Dividend Fund and WisdomTree International SmallCap Dividend Fund, WisdomTree International Real Estate Fund, WisdomTree Emerging Markets High-Yielding Equity Fund and WisdomTree Emerging Markets SmallCap Dividend Fund of WisdomTree Trust at March 31, 2008, the results of their operations, the changes in their net assets and the financial highlights for the indicated periods, in conformity with U.S. generally accepted accounting principles.

Approval of Investment Advisory Agreement and Sub-Advisory Agreement (unaudited)

The Board of Trustees of the Trust, including a majority of the Independent Trustees, has the responsibility under the 1940 Act to approve each Fund's Investment Advisory Agreement and Sub-Advisory Agreement (collectively, the "Investment Advisory Agreements"). In addition, the Trust's Board of Trustees will receive, review and evaluate information concerning the services and personnel of the Investment Adviser and the Sub-Adviser at each quarterly meeting of the Board of Trustees. While particular emphasis will be placed on information concerning profitability, comparability of fees and total expenses, and the Trust's investment performance at any future meeting at which a renewal of the Investment Advisory Agreements is considered, the process of evaluating the Investment Adviser and the Sub-Adviser and the Trust's investment arrangements is an ongoing one. In this regard, the Board's consideration of the nature, extent and quality of the services to be provided by the Investment Adviser and the Sub-Adviser under the Investment Advisory Agreements will include deliberations at future quarterly meetings.

Approval of Investment Advisory Agreement. The Trust and the Investment Adviser have entered into an investment advisory agreement covering each Fund discussed herein. At a meeting held on February 25, 2008, the Board of Trustees reapproved the Investment Advisory Agreement for the Funds. The Board reviewed and analyzed the factors it deemed relevant, including: (i) the nature, quality and extent of the services to be provided to the Funds by WTAM; (ii) the investment performance of the Funds; (iii) the costs of services to be provided

Edgar Filing: WisdomTree Trust - Form N-CSR

and the profits to be realized by WTAM from its relationship with the Funds; (iv) the extent to which economies of scale would be realized as the Funds grow; and (v) whether the fee levels reflect these economies of scale for the benefit of investors.

The Board also considered the nature and quality of the services to be provided by WTAM to the Funds, recognizing WTAM's operational capabilities and resources. The Board also noted the extensive responsibilities that WTAM has as investment adviser to the Funds, including the selection of the Funds' sub-adviser and oversight of the sub-adviser's compliance with Fund policies and objectives, oversight of general Fund compliance with federal and state laws, and the implementation of Board directives as they relate to the Funds.

The Board gave substantial consideration to the fees payable under the Advisory Agreement. In this connection, the Board evaluated WTAM's anticipated costs and profitability in serving as investment adviser to the Funds, including the costs associated with the personnel, systems and equipment necessary to manage the Funds and the costs associated with compensating the sub-adviser. The Board also examined the fees to be paid by each Fund in light of fees paid to other investment managers by comparable funds and the method of computing each Fund's fee. After comparing the fees with those of comparable funds and in light of the quality and extent of services to be provided and the costs anticipated to be incurred by WTAM, the Board concluded that the level of the fees paid to WTAM with respect to each Fund is fair and reasonable.

The Board also approved the Sub-Advisory Agreement with the sub-adviser to the Funds, BNY Investment Advisors ("BNYIA"), using essentially the same criteria it used for WTAM. The Board considered BNYIA's operational capabilities and resources and BNYIA's experience in serving as an adviser to ETFs, noting that BNYIA currently provides investment advisory and management services to other ETFs. The Board considered the investment performance of the Funds, and the expertise and performance of the BNYIA personnel. The Board also noted that Bank of New York ("BNY"), an affiliate of BNYIA, serves as the Funds' administrator, accountant, custodian and transfer agent and receives compensation for acting in these capacities and is responsible for, among other things, coordinating the Funds' audits, financial statements and tax returns, managing expenses and budgeting for the Funds, processing trades on behalf of each Fund and custodial Fund assets. As such, the Board concluded that the benefits accruing to BNYIA and its affiliates by virtue of their relationship to the Trust are reasonable and fair in comparison with the anticipated costs of providing the relevant services. The Board noted that WTAM, not the Funds, pays the fees to BNYIA under the Sub-Advisory Agreement.

Based on these considerations and the overall high quality of the personnel, operations, financial condition, investment advisory capabilities, methodologies, and performance of WTAM and BNYIA, the Board determined that the approval of the Advisory Agreement and the Sub-Advisory Agreement was in the best interests of each Fund. After full consideration of these and other factors, the Board, including a majority of the Independent Trustees, with the assistance of independent counsel, approved the Advisory Agreement and Sub-Advisory Agreement.

Frequency Distribution of Discounts & Premiums (unaudited)

The chart below presents information about differences between the per share net asset value ("NAV") of each Fund and the market trading price of shares of each Fund. For these purposes, the "market price" is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the

Edgar Filing: WisdomTree Trust - Form N-CSR

exchange where Fund shares are listed. The term "premium" is sometimes used to describe a market price in excess of NAV and the term "discount" is sometimes used to describe a market price below NAV. The chart presents information about the size and frequency of premiums or discounts. As with other exchange traded funds, the market price of Fund shares is typically slightly higher or lower than the Fund's per share NAV. Factors that contribute to the differences between market price and NAV include the supply and demand for Fund shares and investors' assessments of the underlying value of a Fund's portfolio securities.

Differences between the closing times of U.S. and non-U.S. markets may contribute to differences between the NAV and market price of Fund shares. Many non-U.S. markets close prior to the close of the U.S. securities exchanges. Developments after the close of such markets as a result of ongoing price discovery may be reflected in a Fund's market price but not in its NAV (or vice versa).

There are risks associated with investing, including possible loss of principal. Past performance does not guarantee future results. Indexes are unmanaged and you can not invest directly in an index.

There are risks associated with investing including possible loss of principal. In addition to the normal risks of investing, foreign investing involves special risks, such as risk of loss from currency fluctuation or political or economic uncertainty. Investments in real estate involve additional special risks, such as credit risk, interest rate fluctuations and the effect of varied economic conditions. Funds that focus its investments in one country increase the impact of events and developments associated with the region which can adversely affect performance. Funds focusing on a single country, sector and/or smaller companies generally experience greater price volatility. Investments in emerging markets are generally less liquid and less efficient than developed markets. Please read the funds prospectus for specific details regarding the fund's risk profile. Transactions in fund shares will result in brokerage commissions and will generate tax consequences. Shares may be sold through brokerage accounts, but may be redeemed from the funds only in large amounts of 50,000 shares or more.

Letter to Shareholders

Dear Shareholders:

It is a pleasure to report highlights for the funds of the WisdomTree Trust for the fiscal year that ended March 31, 2008.

Over this period, many U.S. and international stock markets declined between 5% and 15%, disappointing equity investors. With toxic sub-prime loans causing huge write-downs in the value of assets held at large banks and brokerage firms, financial stocks dramatically underperformed the broader market. For the first time since 1999, value stocks underperformed growth stocks in 2007, both domestically and internationally. WisdomTree's smaller capitalization U.S. funds, with greater exposure to real estate and financial stocks, generated sub-par returns for the period. Nevertheless, despite the challenging environment, 21 of WisdomTree's 36 funds with one-year track records outperformed their comparable capitalization weighted benchmark over the 12 months ended March 31, 2008.

Some of WisdomTree's strongest relative performance occurred in the developing world. Within the past year, the Trust added the WisdomTree Emerging Markets High-Yielding Equity Fund (DEM) and the WisdomTree Emerging Markets SmallCap Dividend Fund (DGS), the first ETF to offer investors access to the small-cap segment of emerging equity markets. Since the inception of the funds (July 13, 2007 and October 30, 2007, respectively) through March 31, 2008, both DEM and DGS outperformed the capitalization-weighted barometer for the emerging markets: the MSCI Emerging Markets Index. In February, WisdomTree launched the industry's first India ETF, the WisdomTree India Earnings Fund (EPI), which gives U.S. investors exposure to local shares trading in India. By March 31, 2008, overall assets under management in the WisdomTree Trust stood at approximately \$4.3 billion, up from approximately \$3 billion a year earlier.

The past fiscal year was also punctuated by an initiative that has the potential to significantly expand WisdomTree's reach: a platform that allows plan sponsors to use ETFs within employee 401(k) programs. This program gives

Edgar Filing: WisdomTree Trust - Form N-CSR

clients the ability to use traditional index funds, actively managed mutual funds or ETFs within their retirement plans. Increasingly, investors view WisdomTree products as alternatives to both types of investments. Like traditional index funds, WisdomTree ETFs provide broad exposure to equity markets in 42 countries. But unlike traditional capitalization-weighted indexes, which set weights based on a company's market value, WisdomTree sets component weights based on income streams, such as earnings or dividends. WisdomTree is presenting advisors, plan sponsors, and self-directed investors a new way to understand and invest in equity markets. This report contains another full year of real-time performance data that will, I hope, provide greater clarity as to whether we are meeting our goal of delivering market-beating returns in a passive structure.

Thank you for your continued support.

WisdomTree International Dividend Sector Funds 1

Management's Discussion of Funds' Performance

The 10 international sector ETFs developed by the WisdomTree Trust give investors alternatives to market capitalization-weighted index funds in major economic sectors of the industrialized world outside of the U.S. equity market. All of the WisdomTree international sector ETFs track specific indexes that are derived from the WisdomTree Dividend Index of Europe, Far East Asia and Australasia (WisdomTree DEFA). The WisdomTree DEFA Index measures the performance of dividend-paying companies in developed countries outside of the U.S. and Canada. Unlike ETFs that track traditional market capitalization-weighted indexes, WisdomTree's international sector ETFs are designed to track indexes that are weighted based on the dividends that companies pay. For ease of comparison, this report provides index performance data on each ETF's underlying WisdomTree Index and a comparable capitalization weighted benchmark index.

The MSCI EAFE Index, which measures stock performance in the developed world outside the U.S. and Canada, declined by 2.68% in the year that ended March 31, 2008. International sectors with exposure to energy and commodities performed well over this period, whereas sectors with exposure to bad loans emanating from the U.S. and a weakening consumer performed poorly. For the period that

Edgar Filing: WisdomTree Trust - Form N-CSR

ended March 31, 2008, 5 of the 10 WisdomTree international sector funds outperformed their comparable capitalization-weighted benchmark.

The highest returns for the Trust's sector funds were generated by the WisdomTree International Energy Sector Fund (DKA), which returned 13.84% at NAV for the period, followed closely by the WisdomTree International Basic Materials Sector Fund (DBN), which advanced 13.04% at NAV.

The lowest returns for the Trust's sector funds were generated by the WisdomTree International Consumer Cyclical Sector Fund (DPC), which declined by 10.82%, followed closely by the WisdomTree International Financial Sector Fund (DRF), which lost 10.29% of its value at NAV.

Fund performance assumes reinvestment of dividends and capital gain distributions. An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore index returns do not reflect deductions for fees or expenses. In comparison, the Funds' performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes on transactions in Fund shares that a shareholder would pay on Fund distributions. Past performance is no guarantee of future results. The WisdomTree International Basic Materials Sector Fund seeks investment results that closely correspond to the price and yield performance, before fees and expenses, of the WisdomTree International Basic Materials Sector Index.

The WisdomTree International Basic Materials Sector Fund (DBN) returned 13.09% at net asset value ("NAV") for the fiscal year ended March 31, 2008 (for more complete performance information, please see below). United Kingdom contributed most significantly to this performance, comprising on average 22.49% of the Fund and returned 35.97% over the period. Rio Tinto Plc was the top performing security in the Fund. Japan contributed the least to the Fund returning -21.31% over the period and comprising on average 15.05% of the portfolio.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for

The WisdomTree International Energy Sector Fund seeks investment results that closely correspond to the price and yield performance, before fees and expenses, of the WisdomTree International Energy Sector Index.

The WisdomTree International Energy Sector Fund (DKA) returned 13.84% at net asset value ("NAV") for the fiscal year ended March 31, 2008 (for more complete performance information, please see below). Australia contributed most significantly to this performance, comprising on average 12.75% of the Fund and returned 30.36% over the period. CNOOC Ltd. was the top performing security in the Fund. Japan contributed the least to the Fund returning -24.99% over the period and comprising on average 8.90% of the portfolio.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market returns assume that dividends and capital gain distributions have been reinvested in the Fund at NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for fund shares and investors assessments of the underlying value of a fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore index returns do not reflect deductions for fees or expenses and are not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns

Edgar Filing: WisdomTree Trust - Form N-CSR

do not reflect brokerage commissions or taxes on transactions in Fund shares or that a shareholder would pay on Fund distributions. The annual expense ratio of the Fund is 0.58%.

Performance quoted represents past performance and past performance does not guarantee future results. Current performance may be higher or lower than the performance quoted. For the most recent month-end performance information visit www.wisdomtree.com. Investment in the Fund poses investment risk including the possible loss of principal. The investment return and principal value of an investment will fluctuate, so that shares, when sold or redeemed, may be worth more or less than their original cost. The returns do not reflect the deduction of taxes that a shareholder would pay on Fund distributions or on the redemption of Fund shares. Total returns for a period less than one year have not been annualized. Index returns do not reflect expenses paid by the Fund.

The WisdomTree International Utilities Sector Fund seeks investment results that closely correspond to the price and yield performance, before fees and expenses, of the WisdomTree International Utilities Sector Index.

The WisdomTree International Utilities Sector Fund (DBU) returned 11.05% at net asset value ("NAV") for the fiscal year ended March 31, 2008 (for more complete performance information, please see below). Germany contributed most significantly to this performance, comprising on average 13.15% of the Fund and returned 34.75% over the period. E.ON AG was the top performing security in the Fund. Japan contributed the least to the Fund returning -11.17% over the period and comprising on average 9.52% of the portfolio.

The following performance chart is provided for comparative purposes and represents the period noted. The Fund's per share NAV is the value of one share of the Fund and is calculated by dividing the value of total assets less total liabilities by the number of shares outstanding. The NAV return is based on the NAV of the Fund and the market return is based on the market price per share of the Fund. The price used to calculate market price returns is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. NAV and market returns assume that dividends and capital gain distributions have been reinvested in the Fund at

Edgar Filing: WisdomTree Trust - Form N-CSR

NAV and market price, respectively. As with other ETFs, NAV returns and market price returns may differ because of factors such as the supply and demand for fund shares and investors assessments of the underlying value of a fund's portfolio securities.

An index is a statistical measure of a specified financial market or sector. An index does not actually hold a portfolio of securities, incur expenses or pay any transaction costs. Therefore index returns do not reflect deductions for fees or expenses and are not available for direct investment. In comparison, the Fund's performance is negatively impacted by these deductions. Fund returns do not reflect brokerage commissions or taxes on transactions in Fund shares or that a shareholder would pay on Fund distributions. The annual expense ratio of the Fund is 0.58%.

Shareholder Expense Examples (unaudited)

As a shareholder of a WisdomTree Fund, you incur two types of costs: (1) transaction costs, including brokerage commissions on purchases and sales of your Fund shares and (2) ongoing costs, including management fees and other Fund expenses. The following example is intended to help you understand your ongoing costs (in dollars and cents) of investing in a Fund and to compare these costs with the ongoing costs of investing in other funds.

The example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period from October 1, 2007 to March 31, 2008.

Actual expenses

The first line under each Fund in the table on the next page provides information about actual account values and actual expenses. You may use the information in this line, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line for your Fund under the heading entitled "Expenses Paid During Period 10/01/07 to 3/31/08" to estimate the expenses you paid on your account during this period.

Hypothetical example for comparison purposes

The second line under each Fund in the table on the next page provides information about hypothetical account values and hypothetical expenses based on each Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in your Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as brokerage commissions paid on purchases and sales of Fund shares. Therefore, the second line under each Fund in the table is useful in comparing ongoing Fund costs only and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

WisdomTree International Dividend Sector Funds 51

Notes to Financial Statements

1. ORGANIZATION

WisdomTree Trust (the "Trust") is registered under the Investment Company Act of 1940, as amended (the "1940 Act"), as an open-end management investment company. The Trust was established as a Delaware statutory trust pursuant to a Trust Instrument dated December 15, 2005. As of March 31, 2008, the Trust offered 40 investment funds (each a "Fund", collectively, the "Funds"). Each Fund is considered to be non-diversified. The Funds described herein, commenced operations on October 13, 2006.

These financial statements relate only to the WisdomTree International Basic Materials Sector Fund ("International Basic Materials Sector Fund"), WisdomTree International Communications Sector Fund ("International Communications Sector Fund"), WisdomTree International Consumer Cyclical Sector Fund ("International Consumer Cyclical Sector Fund"), WisdomTree International Consumer Non-Cyclical Sector Fund ("International Consumer Non-Cyclical Sector Fund"), WisdomTree International Energy Sector Fund ("International Energy Sector Fund"), WisdomTree International Financial Sector Fund ("International Financial Sector Fund"), WisdomTree International Health Care Sector Fund ("International Health Care Sector Fund"), WisdomTree International Industrial Sector Fund ("International Industrial Sector Fund"), WisdomTree International Technology Sector Fund ("International Technology Sector Fund") and WisdomTree International Utilities Sector Fund ("International Utilities Sector Fund"), together the "International Dividend Sector Funds."

Each Fund seeks investment returns that closely correspond to the price and

Edgar Filing: WisdomTree Trust - Form N-CSR

yield performance, before fees and expenses, of a particular index ("Index") developed by WisdomTree Investments, Inc. ("Wisdom Tree Investments"). Each Index consists of dividend paying securities in the market suggested by its name that meet specific criteria developed by WisdomTree Investments. "WisdomTree" and "WisdomTree Investments" are service marks of WisdomTree Investments licensed for use by the Trust. WisdomTree Investments has patent applications pending on the methodology and operation of its Indexes and the Funds.

In the normal course of business the Funds may enter into contracts that contain a variety of representations or that provide indemnification for certain liabilities. The Funds' maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Funds that have not yet occurred. However, the Funds have not had prior claims or losses pursuant to these contracts and expect the risk of loss to be remote.

The preparation of financial statements in conformity with U.S. Generally Accepted Accounting Principles ("U.S. GAAP"), requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in the net assets from operations during the reporting period. Actual results could differ from those estimates.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Investment Valuation - The Net Asset Value ("NAV") of each Fund's shares is calculated each day the national securities exchanges are open for trading as of the close of regular trading on the New York Stock Exchange, generally 4:00 p.m. New York time. NAV per share is calculated by dividing a Fund's net assets by the number of Fund shares outstanding. Securities traded on any recognized U.S. or non-U.S. exchange are valued at the last sale price or official closing price on the exchange or system on which they are principally traded. Events occurring after the close of trading on non-U.S. exchanges may result in adjustments to the valuation of foreign securities to more accurately reflect their fair value as of the close of regular trading on the New York Stock Exchange. The Fund may rely on an independent fair valuation service in adjusting the valuations of foreign securities. Unlisted equity securities are valued at the last quoted sale price or, if no sale price is available, at the mean between the most recently quoted bid and asked prices. Securities for which market quotations are not readily available are valued at fair value as determined by management and in accordance with procedures approved by the Board of Trustees. Short-term securities with 60 days or less remaining to maturity are valued using the amortized cost method, which approximates current market value.

(b) Investment Transactions - Investment transactions are recorded as of the date that the securities are purchased or sold (trade date). Realized gains and losses on sales of portfolio securities are calculated using the identified-cost method.

(c) Foreign Currency Translation - The accounting records of the Funds are maintained in U.S. dollars. Foreign currencies, as well as investment securities and other assets and liabilities denominated in foreign currencies, are translated into U.S. dollars using exchange rates deemed appropriate by the investment adviser. Realized and unrealized foreign exchange gains or losses on investments are included as a component of net realized and unrealized gain or loss on foreign currency transactions in the Statements of Operations. Certain foreign exchange gains and losses included in realized and unrealized gains or losses are included in, or are a reduction of, ordinary income in accordance with U.S. Federal income tax regulations.

Edgar Filing: WisdomTree Trust - Form N-CSR

(d) Investment Income - Dividend income is recognized on the ex-dividend date, net of any foreign taxes withheld. Interest income is accrued daily. The value of additional securities received as dividend payments is recorded as income and as an increase to the cost basis of such securities.

52 WisdomTree International Dividend Sector Funds

Notes to Financial Statements (continued)

(e) Expenses/Reimbursements - WisdomTree Asset Management ("WTAM") has agreed to pay all expenses of the Funds, except for: (i) brokerage expenses and other expenses (such as stamp taxes) connected with the execution of portfolio transactions or in connection with creation and redemption transactions; (ii) legal fees or expenses in connection with any arbitration, litigation or pending or threatened arbitration or litigation, including any settlements in connection therewith; (iii) compensation and expenses of each Independent Trustee; (iv) compensation and expenses of counsel to the Independent Trustees; (v) compensation and expenses of the Trust's chief compliance officer; (vi) extraordinary expenses; (vii) distribution fees and expenses paid by the Trust under any distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act; and (viii) the advisory fee payable to WTAM. Pursuant to a separate contractual arrangement, WTAM has paid the expenses described in (iii), (iv) and (v) through July 31, 2007.

Pursuant to a separate contractual arrangement, effective August 1, 2007, WTAM has arranged for the provision of chief compliance officer ("CCO") services to the Funds, and is liable and responsible for, and administers, payments to the CCO, the Independent Trustees and counsel to the Independent Trustees, in exchange for a service fee paid by each Fund of up to 0.0044% of the Fund's average daily net assets. Trustees fees, which are included in Service Fees on the Statements of Operation, of \$152,482 have been paid on behalf of the Funds of the Trust to the Independent Trustees.

(f) Security Lending - Each Fund may lend portfolio securities to certain creditworthy borrowers, including the Funds' securities lending agent. The loans are collateralized at all times by cash and/or high grade debt obligations in an amount at least equal to 102% of the market value of domestic securities loaned (105% in the case of foreign securities loaned) as determined at the close of business on the preceding business day. Each Fund receives compensation for lending its securities from interest or dividends earned on the cash or U.S. government securities held as collateral, net of fee rebates paid to the borrower plus reasonable administrative and custody fees. The dividend and interest income earned on the securities loaned is accounted for in the same manner as other dividend and interest income. The borrower pays to the Funds an amount equal to any dividends or interest received on loaned securities. The Funds retain all or a portion of the interest received on investment of cash collateral or receives a fee from the borrower. Lending portfolio securities could result in a loss or delay in recovering each Fund's securities if the borrower defaults.

The securities lending income earned by the Funds is disclosed on the Statements of Operations.

(g) Tax Information and Dividends and Distributions to Shareholders - It is each Fund's policy to comply with all requirements of the Internal Revenue Code of 1986, as amended (the "Code"). Each Fund intends to qualify for and to elect treatment as a separate Regulated Investment Company ("RIC") under Subchapter M of the Code. It is the policy of each Fund to pay out dividends, if any, to investors at least annually. Taxable net realized gains from investment

Edgar Filing: WisdomTree Trust - Form N-CSR

transactions, reduced by capital loss carryforwards, if any, are declared and distributed to shareholders at least annually. The capital loss carryforward amount, if any, is available to offset future net capital gains. The Funds may occasionally be required to make supplemental distributions at some other time during the year. The Trust reserves the right to declare special distributions if, in its reasonable discretion, such action is necessary or advisable to preserve the status of each Fund as a RIC or to avoid imposition of income or excise taxes on undistributed income. Dividends and distributions to shareholders are recorded on the ex-dividend date. The amount of dividends and distributions from net investment income and net realized capital gains are determined in accordance with Federal income tax regulations which may differ from U.S. GAAP. These book/tax differences are either considered temporary or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the components of net assets based on their Federal tax basis treatment; temporary differences do not require reclassification. Dividends and distributions, which exceed earnings and profit for tax purposes, are reported as a tax return of capital.

The Funds adopted the provisions of Financial Accounting Standards Board ("FASB") Interpretation No. 48, Accounting for Uncertainty in Income Taxes ("FIN 48"). This interpretation prescribes a minimum threshold for financial statement recognition of the benefit of a tax position taken or expected to be taken in a tax return. Foreign taxes are provided for based on each Fund's understanding of the tax rules and rates that exist in the foreign markets in which it invests. Taxes are accrued and applied to net investment income, net realized capital gains and net unrealized appreciation, as applicable, as the income is earned or capital gains are recorded. If applicable, the Funds will recognize interest accrued related to unrecognized tax benefits in interest expense and penalties in "Other" expenses on the Statements of Operations. Management has evaluated the application of FIN 48 to the Funds, and has determined that there is no impact resulting from the adoption of this interpretation on the Funds' financial statements.

(h) Short-Term Investments - Each Fund may invest a portion of its assets in high-quality money market instruments on an ongoing basis to provide liquidity or for other reasons. The instruments in which a Fund may invest include short-term obligations issued by the U.S. Government, negotiable certificates of deposit ("CDs"), fixed time deposits and bankers' acceptances of U.S. and foreign banks and similar institutions, commercial papers, repurchase agreements and money market funds. CDs are short-term negotiable obligations of commercial banks. Time deposits are non-negotiable deposits maintained in banking institutions for specified periods of time at stated interest rates. Banker's acceptances are time drafts drawn on commercial banks by borrowers, usually in connection with international transactions.

3. ADVISER FEES

Adviser Fees - WTAM provides investment management services to each Fund pursuant to an Investment Advisory Agreement. As compensation for services rendered, facilities furnished, and expenses borne by WTAM, each Fund pays WTAM a fee, as listed below, which is accrued daily and paid monthly, based on the average daily net assets of the Fund. Included in the expenses borne by WTAM are fees paid to the Sub-Adviser, Bank of New York Investment Advisors, all accounting, administration, custody, transfer agent fees to The Bank of New York, tax and audit services, as well as printing and postage.

Each Fund may purchase shares of an affiliated ETF in secondary market transactions. For the fiscal year ended March 31, 2008, there were no transactions in affiliated ETFs.

4. CAPITAL SHARE TRANSACTIONS

As of March 31, 2008, there was an unlimited number of \$0.001 par value shares of beneficial interest authorized by the Trust. Shares are issued and redeemed by each Fund only in Creation Units or multiples thereof. Except when aggregated in Creation Units, shares of each Fund are not redeemable. Transactions in shares for each Fund are disclosed in detail in the Statements of Changes in Net Assets. The consideration for the purchase of Creation Units of a Fund generally consists of the in-kind contribution of a designated portfolio of equity securities constituting a portfolio sampling representation of the securities included in the relevant Fund's underlying index and an amount of cash. Investors purchasing and redeeming Creation Units may be charged a purchase transaction fee and a redemption transaction fee to offset transfer and other transaction costs associated with the issuance and redemption of Creation Units.

Currency and capital losses incurred after October 31 ("post-October capital losses") within the taxable year are deemed to arise on the first business day of each Fund's next taxable year.

During the fiscal year ended March 31, 2008, the following Funds incurred and elected to defer net post-October losses as follows:

Fund	Post-October Currency Losses	Post-October Capital Losses
International Basic Materials Sector Fund	\$ 8,241	\$ 19,424
International Communications Sector Fund	-	863,974
International Consumer Cyclical Sector Fund	397	73,843

International Technology Sector Fund	-	187,926
International Utilities Sector Fund	-	563,395

At March 31, 2008, the effect of permanent "book/tax" reclassifications resulted in increases (decreases) to the components of net assets as follows:

Fund	Undistributed Net Investment Income/(Loss)	Accumulated Net Realized Gain/(Loss)	Paid-in
International Basic Materials Sector Fund	\$ 5,361	\$ (3,151,182)	\$ 3,
International Communications Sector Fund	(728)	(1,391,225)	1,

International Technology Sector Fund	2,131	(623,830)	
International Utilities Sector Fund	13,479	(3,681,115)	3,

These differences are primarily due to redemptions-in-kind and currency gain/loss.

7. FAS 157

On September 15, 2006, the FASB released Statement of Financial Accounting Standards No. 157, Fair Value Measurements ("FAS 157") which provides enhanced guidance for measuring fair value. The standard requires companies to provide expanded information about the assets and liabilities measured at fair value and the potential effect of these fair valuations on an entity's financial performance. The standard does not expand the use of fair value in any new circumstances, but provides clarification on acceptable fair valuation methods

Edgar Filing: WisdomTree Trust - Form N-CSR

and applications. Adoption of FAS 157 is required for fiscal years beginning after November 15, 2007 and interim periods within those fiscal years. At this time, management does not believe the adoption of FAS 157 will impact the amounts reported in the financial statements; however, additional disclosures will be required about the inputs used to develop the measurements of fair value and the effect of certain measurements reported in the Statements of Operations for the fiscal period.

Report of Independent Registered Public Accounting Firm

The Board of Trustees and Shareholders of WisdomTree Trust:

We have audited the accompanying statements of assets and liabilities, including the schedules of investments, of WisdomTree International Basic Materials Sector Fund, WisdomTree International Communications Sector Fund, WisdomTree International Consumer Cyclical Sector Fund, WisdomTree International Consumer Non-Cyclical Sector Fund, WisdomTree International Energy Sector Fund, WisdomTree International Financial Sector Fund, WisdomTree International Health Care Sector Fund, WisdomTree International Industrial Sector Fund, WisdomTree International Technology Sector Fund and WisdomTree International Utilities Sector Fund (ten of the investment funds constituting the WisdomTree Trust (the "Trust")) as of March 31, 2008, and the related statements of operations for the year then ended and the changes in net assets and financial highlights for the periods indicated therein. These financial statements and financial highlights are the responsibility of the Trust's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. We were not engaged to perform an audit of the Trust's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of March 31, 2008, by correspondence with the custodian and brokers or by other appropriate auditing procedures where replies from brokers were not received. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of WisdomTree International Basic Materials Sector Fund, WisdomTree International Communications Sector Fund, WisdomTree International Consumer Cyclical Sector Fund, WisdomTree International Consumer Non-Cyclical Sector Fund, WisdomTree International Energy Sector Fund, WisdomTree International Financial Sector Fund, WisdomTree International Health Care Sector Fund, WisdomTree International Industrial Sector Fund, WisdomTree International Technology Sector Fund and WisdomTree International Utilities Sector Fund of WisdomTree Trust at March 31, 2008, the results of their operations for the year then

Approval of Investment Advisory and Sub-Advisory Agreement (unaudited)

The Board of Trustees of the Trust, including a majority of the Independent Trustees, has the responsibility under the 1940 Act to approve each Fund's Investment Advisory Agreement and Sub-Advisory Agreement (collectively, the "Investment Advisory Agreements"). In addition, the Trust's Board of Trustees will receive, review and evaluate information concerning the services and personnel of the Investment Adviser and the Sub-Adviser at each quarterly meeting of the Board of Trustees. While particular emphasis will be placed on information concerning profitability, comparability of fees and total expenses, and the Trust's investment performance at any future meeting at which a renewal of the Investment Advisory Agreements is considered, the process of evaluating the Investment Adviser and the Sub-Adviser and the Trust's investment arrangements is an ongoing one. In this regard, the Board's consideration of the nature, extent and quality of the services to be provided by the Investment Adviser and the Sub-Adviser under the Investment Advisory Agreements will include deliberations at future quarterly meetings.

Approval of Investment Advisory Agreement. The Trust and the Investment Adviser have entered into an investment advisory agreement covering each Fund discussed herein. At a meeting held on February 25, 2008, the Board of Trustees reapproved the Investment Advisory Agreement for the Funds. The Board reviewed and analyzed the factors it deemed relevant, including: (i) the nature, quality and extent of the services to be provided to the Funds by WTAM; (ii) the investment performance of the Funds; (iii) the costs of services to be provided and the profits to be realized by WTAM from its relationship with the Funds; (iv) the extent to which economies of scale would be realized as the Funds grow; and (v) whether the fee levels reflect these economies of scale for the benefit of investors.

The Board also considered the nature and quality of the services to be provided by WTAM to the Funds, recognizing WTAM's operational capabilities and resources. The Board also noted the extensive responsibilities that WTAM has as investment adviser to the Funds, including the selection of the Funds' sub-adviser and oversight of the sub-adviser's compliance with Fund policies and objectives, oversight of general Fund compliance with federal and state laws, and the implementation of Board directives as they relate to the Funds.

The Board gave substantial consideration to the fees payable under the Advisory Agreement. In this connection, the Board evaluated WTAM's anticipated costs and profitability in serving as investment adviser to the Funds, including the costs associated with the personnel, systems and equipment necessary to manage the Funds and the costs associated with compensating the sub-adviser. The Board also examined the fees to be paid by each Fund in light of fees paid to other investment managers by comparable funds and the method of computing each Fund's fee. After comparing the fees with those of comparable funds and in light of

Edgar Filing: WisdomTree Trust - Form N-CSR

the quality and extent of services to be provided and the costs anticipated to be incurred by WTAM, the Board concluded that the level of the fees paid to WTAM with respect to each Fund is fair and reasonable.

The Board also approved the Sub-Advisory Agreement with the sub-adviser to the Funds, BNY Investment Advisors ("BNYIA"), using essentially the same criteria it used for WTAM. The Board considered BNYIA's operational capabilities and resources and BNYIA's experience in serving as an adviser to ETFs, noting that BNYIA currently provides investment advisory and management services to other ETFs. The Board considered the investment performance of the Funds, and the expertise and performance of the BNYIA personnel. The Board also noted that Bank of New York ("BNY"), an affiliate of BNYIA, serves as the Funds' administrator, accountant, custodian and transfer agent and receives compensation for acting in these capacities and is responsible for, among other things, coordinating the Funds' audits, financial statements and tax returns, managing expenses and budgeting for the Funds, processing trades on behalf of each Fund and custodial Fund assets. As such, the Board concluded that the benefits accruing to BNYIA and its affiliates by virtue of their relationship to the Trust are reasonable and fair in comparison with the anticipated costs of providing the relevant services. The Board noted that WTAM, not the Funds, pays the fees to BNYIA under the Sub-Advisory Agreement.

Based on these considerations and the overall high quality of the personnel, operations, financial condition, investment advisory capabilities, methodologies, and performance of WTAM and BNYIA, the Board determined that the approval of the Advisory Agreement and the Sub-Advisory Agreement was in the best interests of each Fund. After full consideration of these and other factors, the Board, including a majority of the Independent Trustees, with the assistance of independent counsel, approved the Advisory Agreement and Sub-Advisory Agreement.

Frequency Distribution of Discounts & Premiums (unaudited)

The chart below presents information about differences between the per share net asset value ("NAV") of each Fund and the market trading price of shares of each Fund. For these purposes, the "market price" is the mid-point of the highest bid and lowest offer for Fund shares as of the close of trading on the exchange where Fund shares are listed. The term "premium" is sometimes used to describe a market price in excess of NAV and the term "discount" is sometimes used to describe a market price below NAV. The chart presents information about the size and frequency of premiums or discounts. As with other exchange traded funds, the market price of Fund shares is typically slightly higher or lower than the Fund's per share NAV. Factors that contribute to the differences between market price and NAV include the supply and demand for Fund shares and investors' assessments of the underlying value of a Fund's portfolio securities.

Differences between the closing times of U.S. and non-U.S. markets may contribute to differences between the NAV and market price of Fund shares. Many non-U.S. markets close prior to the close of the U.S. securities exchanges. Developments after the close of such markets as a result of ongoing price discovery may be reflected in a Fund's market price but not in its NAV (or vice versa).

Investors should consider the investment objectives, risks, charges and expenses of the funds carefully before investing. A prospectus, containing this and other information, is available at www.wisdomtree.com, or by calling 1-866-909-WISE (9473). Investors should read the prospectus carefully before investing. There are risks associated with investing, including possible loss of principal. Past performance does not guarantee future results. Indexes are unmanaged and you can not invest directly in an index.

There are risks associated with investing including possible loss of principal. In addition to the normal risks of investing, foreign investing involves special risks, such as risk of loss from currency fluctuation or political or economic uncertainty. Investments in real estate involve additional special risks, such as credit risk, interest rate fluctuations and the effect of varied economic conditions. Funds that focus its investments in one country increase the impact of events and developments associated with the region which can adversely affect performance. Funds focusing on a single country, sector and/or smaller companies generally experience greater price volatility. Investments in emerging markets are generally less liquid and less efficient than developed markets. Please read the funds prospectus for specific details regarding the fund's risk profile. Transactions in fund shares will result in brokerage

Item 2. Code of Ethics.

The Registrant has adopted a code of ethics (the "Code of Ethics") that applies to persons appointed by the Registrant's Board of Trustees as the President and Chief Executive Officer, Chief Financial Officer, Treasurer and/or Chief Accounting Officer, and any persons performing similar functions. For the fiscal year ended March 31, 2008, there were no amendments to any provision of the Code of Ethics. A copy of this code is filed with this Form N-CSR under Item 12(a)(1)

Item 3. Audit Committee Financial Expert.

The Registrant's Board of Trustees has determined that the Registrant has one audit committee financial expert, as that term is defined under Item 3(b) and 3(c), serving on its audit committee. The audit committee financial expert serving on the Registrant's audit committee is Greg Barton, who is an independent Trustee of the Trust, as that term is defined under Item 3(a)(2).

Item 4. Principal Accountant Fees and Services.

The principal accountant fees disclosed in item 4(a), 4(b), 4(c), 4(d) and 4(g) are for the forty funds of the Registrant for which the fiscal year-end is

Edgar Filing: WisdomTree Trust - Form N-CSR

March 31, 2008 and whose annual financial statements are reported in Item 1.

(a) Audit Fees. The aggregate fees billed from the Trust's fiscal year ended March 31, 2008 for professional services rendered by the principal accountant for the audit of the Trust's annual financial statements or services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements are as follows:

2008: \$789,600
2007: \$686,000

(b) Audit-Related Fees. The aggregate fees billed from the Trust's fiscal year ended March 31, 2008 for professional services rendered for assurance and related services by the principal accountant that are reasonably related to the performance of the audit of the Trust's financial statements and are not reported above in Item 4(a) are as follows:

2008: \$0
2007: \$0

(c) Tax Fees. The aggregate fees billed from the Trust's fiscal year ended March 31, 2008 for professional services rendered by the principal accountant for tax compliance, tax advice and tax planning are as follows:

2008: \$280,425
2007: \$60,000

(d) All Other Fees. The aggregate fees billed from the Trust's fiscal year ended March 31, 2008 for products and services provided by the principal accountant, other than the services reported above in Items 4(a) through (c) are as follows:

2008: \$118,840
2007: \$37,500

(e) Audit Committee Pre-Approval Policies and Procedures.

(i) Per Rule 2-01(c) (7) (A), the Registrant's audit committee charter provides that the audit committee shall select and approve in advance the retention of independent accountants to annually audit and provide their opinion on the Registrant's financial statements. The audit committee must also approve prior to appointment the engagement of the principal accountant to provide other audit services to the Registrant or to provide non-audit services to the Registrant, its investment adviser, or any entity controlling, controlled by, or under common control with its investment adviser ("adviser/affiliate") that provides ongoing services to the Registrant, if the engagement by the investment adviser or adviser affiliate relates directly to the operations and financial reporting of the Registrant. The audit committee must also, prior to appointment of the engagement of the principal accountant, review and approve the fees proposed to be charged to the Registrant by the auditors for each audit and non-audit service. The audit committee must also consider whether non-audit services provided by the Registrant's principal accountant to the Registrant's investment adviser, or adviser/affiliate that provides ongoing services to the Trust are compatible with maintaining the auditor's independence.

(ii) The Registrant's Audit Committee has approved 100% of services described in each of Items 4(b) through (d) pursuant to paragraph (c) (7) (A) of Rule 2-01 of Regulation S-X.

(f) The percentage of hours expended on the principal accountant's engagement to audit the Trust's financial statements for the most recent fiscal year

Edgar Filing: WisdomTree Trust - Form N-CSR

attributable to work performed by persons other than the principal accountant's full-time, permanent employees was 0%.

(g) The aggregate non-audit fees billed by the Trust's accountant for services rendered to the Trust, the Advisor or any entity controlling, controlled by, or under common control with the Advisor that provides ongoing services to the Trust (except for any sub-advisor whose role is primarily portfolio management and is sub-contracted with or overseen by another investment advisor) that for the fiscal year ended March 31, 2008 are as follows:

2008: \$399,265

2007: \$97,500

(h) Not applicable.

Item 5. Audit Committee of Listed Registrants.
