Forward-Looking Statements

This Amendment contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Any statements contained in this Amendment that are not statements of historical fact may be deemed forward-looking statements.

Forward-looking statements generally are identified by the words “expects,” “anticipates,” “believes,” “intends,” “estimates,” “aims,” “plans,” “may,” “will,” “will continue,” “seeks,” “should,” “believe,” “potential” or the negative of such terms and similar expressions. Forward-looking statements speak only as of the date they are made, and the Company undertakes no obligation to update any forward-looking statement in light of new information or future events, except as expressly required by law. Forward-looking statements involve inherent risks and uncertainties, most of which are difficult to predict and are generally beyond the Company’s control. The Company cautions you that a number of important factors could cause actual results or outcomes to differ materially from those expressed in, or implied by, the forward-looking statements. These factors include, among other factors: the Company’s ability (or inability) to continue as a going concern, the willingness of the Company’s majority stockholders, TGR Capital, LLC and Enerfund, LLC (which are controlled by our director, Mike Zoi), and/or other affiliates of the Company to continue investing in the Company’s business to fund working capital requirements, the Company’s ability (or inability) to obtain additional financing in sufficient amounts or on acceptable terms when needed, the Company’s ability (or inability) to adequately address the material weaknesses in its internal control over financial reporting, development or acquisition of additional businesses, attracting and retaining competent management and other personnel, successful implementation of the Company’s business strategy, continued development and market acceptance of the Company’s technology, protection of the Company’s intellectual property, and successful integration and promotion of any business developed or acquired by the Company. If these or other risks and uncertainties (including those incorporated by reference into this Amendment in Item 2.01 of this Amendment under the heading “Risk Factors” and those described in the most recent annual report on Form 10-K and subsequently filed quarterly reports on Form 10-Q and current reports on Form 8-K filed by each of the Company and Net Element with the Securities and Exchange Commission (the “SEC”) and future reports and other filings by the Company with the SEC) materialize, or if the assumptions underlying any of these statements prove incorrect, the Company’s actual results may be materially different from those expressed or implied by such statements.

Item 2.01 Completion of Acquisition or Disposition of Assets.

On October 2, 2012, Cazador Acquisition Corporation Ltd., a Cayman Islands exempted company (“Cazador”), completed its merger (the “Merger”) with Net Element, Inc. (“Net Element”), and the various transactions contemplated by the Agreement and Plan of Merger, dated as of June 12, 2012 (the “Merger Agreement”), between Cazador and Net Element were consummated. Immediately prior to the effectiveness of the Merger, Cazador changed its jurisdiction of incorporation by discontinuing as an exempted company in the Cayman Islands and continuing and domesticating as a corporation incorporated under the laws of the State of Delaware. Effective upon consummation of the Merger (the “Closing”), (i) Net Element was merged with and into Cazador, resulting in Net Element ceasing to exist and Cazador continuing as the surviving company, and (ii) Cazador changed its name to “Net Element International, Inc.” (the “Company”). The Merger, the Merger Agreement and the transactions effected in connection therewith are more fully disclosed under the headings “Summary – The Proposed Business Combination,” “The Business Combination” and “The Merger Agreement” in the Definitive Joint Proxy Statement and Prospectus, dated September 4, 2012 (the “Final Prospectus”), filed by the Company with the Securities and Exchange Commission (“SEC”), which disclosures are incorporated herein by reference. Capitalized terms used herein but not defined have the meanings ascribed to them in the Final Prospectus.

Upon consummation of the Merger, the common stock, par value \$0.0001 per share, of the Company (the “Company’s Common Stock”) was listed on The NASDAQ Capital Market under the symbol “NETE.” Additionally, upon consummation of the Merger, the warrants of Cazador are now quoted on the OTCBB under the symbol “NETEW.” Further, in connection with Cazador’s changing its jurisdiction of incorporation from the Cayman Islands to Delaware, the outstanding units of Cazador automatically separated into the underlying ordinary shares and warrants of Cazador. As a result, the Cazador units are no longer listed on The NASDAQ Capital Market.

The description of the terms of the Merger Agreement is qualified in its entirety by reference to the complete text of the Merger Agreement, which is filed as Exhibit 2.1 to this Form 8-K which is incorporated herein by reference.

Pursuant to the terms of the Merger Agreement, upon completion of the Merger, each share of then-issued and outstanding common stock of Net Element was automatically cancelled and converted into the right to receive one-fortieth (1/40) of a share of the Company’s Common Stock.

On October 2, 2012, the Company issued a press release announcing that it had completed the Merger and that the Company’s Common Stock began trading under new ticker symbol “NETE.” A copy of the press release is attached hereto as Exhibit 99.1 and is incorporated by reference herein.

Prior to the Merger, the Company was a blank check company with no operations, formed as a vehicle for an acquisition of an operating business. The following information, which is required by Item 2.01(f) of Form 8-K, reflects the post-merger Company on a consolidated basis.

Business

The business of the Company is described in the Final Prospectus in the sections entitled “Information About Net Element – Business Description,” “Information About Net Element – Development of Business,” “Information About Net Element – Proprietary Technologies,” “Information About Net Element – Other Technology Advancements,” “Information About Net Element – Development Team,” “Information About Net Element – Product Development,” “Information About Net Element – Regulation,” “Information About Net Element – Competition,” “Information About Net Element – Employees,” “The Business Combination,” and “Where you Can Find More Information,” each of which is incorporated herein by reference.

Risk Factors

The risks associated with the Company’s business are described in the Final Prospectus in the sections entitled “Risk Factors – Risk Factors Relating to Net Element” and “Risk Factors – Risk Factors Relating to the Business Combination,” each of which is incorporated herein by reference.

Management Discussion and Analysis of Financial Condition and Results of Operations

The following discussion should be read and evaluated in conjunction with the unaudited condensed consolidated financial statements and notes thereto of Net Element included in this Amendment beginning on page F-1, the audited consolidated financial statements and notes thereto of Net Element incorporated by reference into this Amendment under the heading “Financial Statements” below, and with the discussion under “Forward-Looking Statements” on page 1 of this Amendment and the Risk Factors incorporated by reference into this Amendment under the heading “Risk Factors” above.

Overview; Recent Developments

As of September 30, 2012, Net Element had two reportable business segments, consisting of (i) Net Element’s mobile commerce payment processing services, and (ii) Net Element’s online businesses in music, film, motorsport and professional marketing services.

In June 2012, Net Element formed its indirect wholly-owned subsidiary OOO TOT Money (a Russian limited liability company) to adapt the existing revenue sharing platform used in Openfilm.com to a mobile commerce payment platform. TOT Money launched operations in Russia during the third quarter of 2012. TOT Money has entered into contracts with the three largest mobile phone operators in Russia, Mobile TeleSystems OJSC, MegaFon OJSC and OJSC VimpelCom, to facilitate payments using SMS (short message services, which is a text messaging service) and MMS (multimedia message services) for their mobile phone subscribers in Russia. Net Element plans to increasingly generate most of its revenues from TOT Money’s mobile commerce payment platform.

Net Element continues to pursue a strategy to develop and/or acquire technology and applications for use in the online media industry. In furtherance of this strategy, Net Element acquired Openfilm, LLC on December 14, 2010 and Motorsport, LLC and Music1, LLC on February 1, 2011. Music1, LLC has a 97%-owned subsidiary, A&R Music Live, LLC. Net Element developed and launched in the fourth quarter of 2011 a beta test version of the Yapik mobile application on Android and iOS platforms and Net Element launched a beta test version of the website legalguru.com in the second quarter of 2012.

Net Element believes that its technology platforms and development expertise are able to enhance the digital distribution of content in a variety of industries. Accordingly, Net Element is exploring the possibility of acquiring other Internet portal properties and companies with similar goals of connecting people in various vertical markets, such as the medical, educational and sports markets.

Since Net Element's inception, it has not generated significant revenues, and it has incurred significant operating losses (for additional information, see "Liquidity and Capital Resources" below). Net Element's failure to maintain its relationships with mobile phone providers in Russia and with content providers, lenders and other business partners, or failure to expand its base of advertisers or generate and maintain high quality content on its websites, could harm Net Element's revenue prospects. Net Element faces all of the risks inherent in a new business, including management's potential underestimation of initial and ongoing costs, and potential delays and other problems in connection with developing its technologies, Internet websites and operations.

On November 11, 2010, Net Element changed its fiscal year end from March 31 to December 31. Accordingly, Net Element's first full 12-month fiscal year ending on December 31 ran from January 1, 2011 through December 31, 2011. The nine-month period from April 1, 2010 through December 31, 2010 is presented as comparative information in Net Element's audited financial statements for the periods ended December 31, 2011 and 2010. Accordingly, in the below discussion under "Results of Operations for the Twelve Months Ended December 31, 2011 Compared to the Nine Months Ended December 31, 2010," fiscal 2011 reflects twelve months of operations as an online media company and fiscal 2010 reflects the nine-month transition period from April 1 through December 31, 2010 when Net Element had no significant operations until it acquired Openfilm, LLC on December 14, 2010.

Merger into Cazador

On June 12, 2012, Net Element entered into an Agreement and Plan of Merger with Cazador Acquisition Corporation Ltd., a Cayman Islands limited corporation. On October 2, 2012, Net Element completed its Merger with Cazador and consummated the various transactions contemplated by the Merger Agreement. Immediately prior to the effectiveness of the Merger, Cazador changed its jurisdiction of incorporation by discontinuing as an exempted company in the Cayman Islands and continuing and domesticating as a corporation incorporated under the laws of the State of Delaware. Effective upon consummation of the Merger, (i) Net Element was merged with and into Cazador, resulting in Net Element ceasing to exist and Cazador continuing as the Surviving Company in the Merger, and (ii) Cazador changed its name to Net Element International, Inc. Pursuant to the terms of the Merger Agreement, upon completion of the Merger, each share of then-issued and outstanding common stock of Net Element was automatically cancelled and converted into the right to receive one-fortieth (1/40) of a share of the common stock of the Surviving Company. The Merger is intended to qualify as a tax-free reorganization. Upon consummation of the Merger, the common stock of the Surviving Company was listed on The NASDAQ Capital Market under the symbol "NETE." For additional information, see Note 16 to Net Element's accompanying unaudited financial statements for the period ended September 30, 2012.

Critical Accounting Policies and Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of revenues and expenses during the reporting period. Actual results could differ materially from those estimates.

In applying estimates, management uses its judgment to determine the appropriate assumptions to be used in the determination of certain estimates. Those estimates are based on Net Element's historical experience, terms of existing contracts, its observance of trends in its industries, information provided by outside sources, trade journals and other sources, as appropriate.

Deferred Taxes. Estimates of deferred income taxes and items giving rise to deferred tax assets and liabilities reflect management's assessment of actual future taxes to be paid on items reflected in the financial statements, giving consideration to both timing and the probability of the realization. Actual income taxes could vary from these estimates for a variety of reasons including changes in tax law, operating results that vary from budget or the review of Net Element's tax returns by the IRS.

Valuation of Stock Based Compensation. Stock based compensation has been provided by Net Element in order to preserve the cash flow necessary to grow its business. Net Element believes the estimate of stock based compensation is a “critical accounting estimate” that significantly affects its results of operations. Management of Net Element has discussed the development and selection of this critical accounting estimate with its board of directors and the board of directors has reviewed Net Element’s disclosure relating to it in this report.

Capitalized Website Costs. Net Element capitalizes certain software development costs. Generally, costs for developing website application and infrastructure, creating the initial graphics of the website, and adding upgrades and enhancements are capitalized whereas costs for planning, adding content, and operating the website are expensed as incurred. Net capitalized website costs are recorded at cost less accumulated amortization. Amortization is provided for on a straight-line basis over the expected useful life of the website. Net Element evaluates the recoverability of intangible assets periodically and takes into account events or circumstances that warrant revised estimates of useful lives or that indicate impairment exists.

Revenue. Net Element recognizes revenue when the persuasive evidence of an arrangement exists, no significant company obligations remain, collection of the related receivable is reasonably assured, and fees or interest are fixed or determinable. Net Element recognizes fee revenue from transactions on Net Element’s affiliate marketing networks on a net basis where Net Element acts as an agent in these transactions and the payments to publishers are the contractual obligation of the advertiser customers. Net Element’s subsidiary, TOT Money, recognizes interest income and service fees in connection with its mobile payment processing business in Russia.

Results of Operations for the Three-Month Periods Ended September 30, 2012 and 2011

Net Element reported a net loss of \$1,814,304, or \$(0.00) per share, for the three months ended September 30, 2012, as compared with a net loss of \$1,491,824, or \$(0.00) per share, for the three months ended September 30, 2011. Basic and diluted weighted average shares outstanding were 772,575,167 and 740,397,800 for the quarters ended September 30, 2012 and 2011, respectively.

Net revenues consist of service fees, advertising fees, membership fees and license fees. Net revenues for the three months ended September 30, 2012 and 2011 were \$191,400 and \$39,784, respectively. The following table provides a breakdown of revenue by entity or property for the three months ended September 30, 2012 and 2011.

Entity / Property	3Q2012 Revenue	3Q2011 Revenue	Change
TOT Money	\$155,562	\$-	\$155,562
A&R Music Live / Music1	15,129	20,877	(5,748)
Motorsport.com	14,386	3,064	11,322
Openfilm.com	6,323	15,078	(8,755)
Netlab Systems	-	765	(765)
Total Revenue	\$191,400	\$39,784	\$151,616

Revenues generated by TOT Money from service fees represent revenues received from the spread between money collected from mobile operators and money paid to merchants. The three months ended September 30, 2012 is the first quarter in which TOT Money generated these service fees. A&R Music Live / Music1 revenues for the three months ended September 30, 2012 decreased \$5,748, or 28%, compared to revenues for the three months ended September 30, 2011 as a result of management time spent making updates to the website during the three months ended September 30, 2012. As such, we were not marketing and delivering service at the same level. Motorsport.com revenues increased from \$3,064 for the three months ended September 30, 2011 to \$14,386 for the three months ended September 30, 2012 due to increased advertising on the site. Additionally, Motorsport.com cancelled the majority of its low value advertising contracts in an effort to obtain higher value advertising for the site, which management believes helped contribute to the increase in advertising revenues from Motorsport.com. Openfilm.com revenues decreased \$8,755, or 58%, for the three months ended September 30, 2012 compared to the three months ended September 30, 2011 due to decreased subscription fees, video income and license fees (from Launchpad) generated for the 2012 period.

Operating expenses totaled \$2,510,033 for the three months ended September 30, 2012, as compared to total operating expenses of \$1,594,100 for the three months ended September 30, 2011. Most of total operating expenses in each of such periods consisted of general and administrative expenses. For the three months ended September 30, 2012, general and administrative expenses were \$2,136,808, or 85% of total operating expenses during that period. For the three months ended September 30, 2011, general and administrative expenses were \$1,194,357, or 75% of total

operating expenses during that period. The components of Net Element's general and administrative expenses are discussed below.

Cost of revenues represents direct costs of generating revenues, including commissions, hosting, content acquired and created and certain payroll and consulting expenses that are directly related to revenue creation. Cost of revenues for the three months ended September 30, 2012 were \$90,860 as compared to \$109,135 for the three months ended September 30, 2011, which represents a decrease of \$18,275, or 17%, primarily due to a decrease in commissions and hosting expenses of \$12,015 for Openfilm / Launchpad and a decrease of \$4,623 in Motorsport expenses for reduced travel and contract services expenses. This was offset by an increase of \$10,390 that related primarily to increased hosting and streaming expenses in A&R Music / Music1.

Business development expenses consist of direct costs associated with developing Net Element's brand and developing revenue opportunities. Business development expenses decreased by \$56,228, or 81%, to \$13,508 for the three months ended September 30, 2012 as compared with \$69,736 for the three months ended September 30, 2011. For the quarter ended September 30, 2012, business development expenses were primarily attributable to corporate activities (\$5,057), LegalGuru (\$5,498) and Motorsport (\$2,129). Business development expenses for the three months ended September 30, 2011 were primarily attributable to corporate activities (\$52,416), Yapik (\$12,153) and Motorsport (\$4,533). Business development expenses attributable to corporate activities related primarily to business development of new company-wide website and services opportunities. LegalGuru business development expenses related primarily to marketing efforts. For the three months ended September 30, 2011, Motorsport business development expenses related primarily to branding through the use of paid marketing professionals at race events and the purchase of promotional items. Motorsport did not have either of these expenses in the three months ended September 30, 2012. Yapik business development expenses relate to on campus marketing efforts. The primary reasons for the decrease in business development expense for the three months ended September 30, 2012 was \$46,625 of expense related to promotion at Ferrari North American Challenge during the three months ended September 30, 2011 that we did not incur during the three months ended September 30, 2012.

General and administrative expenses were \$2,136,808 for the three months ended September 30, 2012 as compared to \$1,194,357 for the three months ended September 30, 2011. General and administrative expenses for the three months ended September 30, 2012 and 2011 consisted of operating expenses not otherwise delineated in Net Element's Unaudited Condensed Consolidated Statements of Operations, including certain salaries, benefits, professional fees, travel, rent, Internet expenses and other expenses required to run Net Element's business. General and administrative expenses for the three months ended September 30, 2012 and 2011 were attributable to the properties or subsidiaries of Net Element as follows. The 2011 presentation has been reclassified to be consistent with 2012.

Property or Entity	Three months ended September 30, 2012	Three months ended September 30, 2011	Change
Net Element Corporate	\$ 1,131,744	\$ 665,607	\$466,137
Yapik	52,141	50,531	1,610
Openfilm / Launchpad	40,774	62,932	(22,158)
LegalGuru	68,428	19,422	49,006
Motorsport	68,506	57,074	11,432
A&R Music Live / Music1	83,457	65,366	18,091
OOO Net Element Russia	325,966	-	325,966
Netlab Systems / Splinx	365,792	273,425	92,367
Total general and administrative	\$ 2,136,808	\$ 1,194,357	\$942,451

General and administrative expenses for Net Element Corporate were \$1,131,744 for the three months ended September 30, 2012 as compared to \$665,607 for the three months ended September 30, 2011, representing an increase of \$466,137, or 70%. The primary reasons for this increase were a \$213,881 increase in professional fees incurred in connection with Net Element's merger with Cazador and a \$171,150 increase in non-cash compensation expense incurred primarily as a result of stock options issued to employees as a retention bonus in connection with Net Element's merger with Cazador.

General and administrative expenses of Openfilm / Launchpad decreased \$22,158, or 35%, to \$40,774 for the three months ended September 30, 2012 as compared to \$62,932 for the three months ended September 30, 2011. Payroll expenses explain the majority of the decrease (\$24,583) as Openfilm had fewer people at lower salaries for the three months ended September 30, 2012 as compared to the three months ended September 30, 2011. This decrease was offset by an increase in telephone expense of \$3,031 as Openfilm incurred roaming expenses for employees working in Russia to develop business.

General and administrative expenses for LegalGuru increased \$49,006 to \$68,428 for the three months ended September 30, 2012 as compared to \$19,422 in general and administrative expenses for the three months ended September 30, 2011. During the three months ended September 30, 2011, LegalGuru was just beginning operations and general and administrative expenses consisted primarily of payroll expenses of \$12,442 and consulting fees of \$6,873. For the three months ended September 30, 2012, payroll expenses were \$50,285 and consulting fees were \$11,246.

Motorsport general and administrative expenses increased \$11,432, to \$68,506 for the three months ended September 30, 2012 as compared to \$57,074 for the three months ended September 30, 2011. The primary reason for this increase was an increase in legal expenses of \$8,285 for acquisition related matters and an increase in travel expenses of \$1,851 for travel to races during the three months ended September 30, 2012.

A&R Music Live / Music1 expenses increased to \$83,457 for the three months ended September 30, 2012 from \$65,366 for the three months ended September 30, 2011, resulting in an increase of \$18,091. This increase is primarily attributable to an increase in payroll expenses of \$10,963 as we had additional headcount added during 2012 to develop the business and an increase in rent expense of \$5,800 due to the settlement of a dispute related to a lease agreement that we cancelled in 2012.

General and administrative expenses attributable to OOO Net Element Russia, which is the 100% owner of TOT Money, were \$325,966 for the three months ended September 30, 2012 as compared to \$0 for the three months ended September 30, 2011. OOO Net Element Russia began operations in mid-2012.

General and administrative expenses attributable to Netlab Systems / Splinx increased by \$92,367 primarily due to higher payroll (\$70,561) and higher travel expenses (\$7,783) resulting from higher headcount, increased salaries and increased travel relating to the development and showcasing of new technologies.

Product development expense was \$136,924 for the three months ended September 30, 2012 as compared to \$44,121 for the three months ended September 30, 2011 when Net Element had more limited product development efforts. Product development expense consists of research and development on new ideas for existing and to be formed websites and services as well as work that may result in Net Element seeking patents for particular technology or business processes.

Depreciation and amortization expense consists of depreciation expense on fixed assets used by Net Element and the amortization of capitalized website development, intellectual property and deferred compensation expenses. Depreciation and amortization expense was \$131,933 for the three months ended September 30, 2012 as compared with \$176,751 for the three months ended September 30, 2011, resulting in a decrease of \$44,818, or 25%. This decrease was due to an adjustment in 2011 depreciation expense for the quarter ended September 30, 2011 to adjust year to date depreciation expense incurred in 2011.

Capitalized costs related to website development and intangible assets were \$632,508, net at September 30, 2012 as compared with \$608,823 at September 30, 2011. Capitalized website development and intangible assets of \$632,508 at September 30, 2012 includes \$402,586 of capitalized web development, \$26,377 for the direct costs of acquiring patents and trademarks and \$203,545 related to website content, customer lists and domain names (Motorsport, LLC (\$114,375) and Music1, LLC (\$86,925)).

Interest income was \$388,407 for the three months ended September 30, 2012 as compared with interest expense of \$48,456 for the three months ended September 30, 2011. Interest income for the three months ended September 30, 2012 includes interest income generated by TOT Money of \$630,914 on short term loans made to RM-Invest (a

mobile payment processing company located in Russia), offset by \$242,507 in interest expense primarily due to convertible loans and working capital advances from Enerfund to Net Element (\$54,102 in interest expense at 5% per annum) with principal balances totaling \$4,760,234, a loan from Enerfund to Openfilm with a principal balance of \$1,667,762 (\$21,247 in interest expense at 5% per annum), a loan from SAT-Moscow (a company owned by a director and shareholder of Net Element, Kenges Rakishev) in the amount of \$4,632,890 (\$88,037 in interest expense at 8.15% per annum), a loan from Green Venture Group, LLC (owned by a director and shareholder of Net Element, Mike Zoi) in the amount of \$4,537,589 (\$76,508 in interest expense at 8.15% per annum). The General Director of TOT Money owns a 20% equity interest in RM-Invest. The interest expense for the three months ended September 30, 2011 was primarily attributable to a loan from Enerfund to Openfilm, LLC (\$21,018 in interest expense) with a principal balance of \$1,667,762 and an interest rate of 5% per annum and a loan from Enerfund to Net Element with a principal balance of \$2,710,138 (\$27,634 in interest expense at 5% per annum).

Other income for the three months ended September 30, 2012 was \$17,524 as compared to \$0 for the three months ended September 30, 2011. Other income for the three months ended September 30, 2012 was related to the value of a minority interest in OOO Music1 (Russia) which was issued to Igor Yakovlevich Krutoy. The opening minority interest balance was calculated as 33% of the equity balance in OOO Music1 as of the date of issuance (September 6, 2012).

Total general and administrative	\$ 5,527,898	\$ 22,820,211	\$(17,292,313)

General and administrative expenses for Net Element Corporate were \$3,154,383 for the nine months ended September 30, 2012 as compared to \$21,200,527 for the nine months ended September 30, 2011. Payroll expense decreased due to a reduction in headcount and salaries. Professional fees increased due to the increase in legal and accounting expenses associated with Net Element's merger with Cazador. Travel expenses decreased as a result of the reduced headcount and reduced traveling during the nine months ended September 30, 2012. Recruiting expenses are paid on a percentage of salary and bonuses for the position recruited. Recruiting expenses decreased during the nine months ended September 30, 2012 because we recruited a Chief Operating Officer, a Chief Revenue Officer and Administrative Assistant in 2011. During 2012, we recruited two business unit heads but recruiting expenses were lower because salaries for each business unit head were lower than the compensation for the Chief Operating Officer and Chief Revenue Officer.

Yapik and LegalGuru both started accumulating expenses in March of 2011 as start-up businesses and OOO Net Element Russia (which is the 100% owner of TOT Money) was formed during the second quarter of 2012, which explains the variance between general and administrative expenses of those entities for the nine months ended September 30, 2012 versus the nine months ended September 30, 2011.

Openfilm / Launchpad general and administrative expense decreased \$203,809, or 63%, for the nine months ended September 30, 2012 compared to the nine months ended September 30, 2011 primarily due to reductions in payroll expenses (\$114,601), travel (\$28,220), consulting fees (\$18,147) and professional services (\$8,020). Expenses were lower in 2012 due to lower headcount and a reduced budget for Openfilm during 2012 as compared to 2011.

Motorsport and A&R Music Live / Music1 were both purchased on February 1, 2011 so the nine months ended September 30, 2011 only includes eight months of operating expenses for each of those subsidiaries. Additionally, subsequent to acquisition, Net Element increased its development efforts for both of those entities, which contributed to higher general and administrative expenses in the nine months ended September 30, 2012 as compared to the nine months ended September 30, 2011.

General and administrative expenses for Netlab / Splinx were \$947,079 for the nine months ended September 30, 2012 as compared to general and administrative expenses of \$773,225 for the nine months ended September 30, 2011, resulting in an increase of \$173,854, or 22%. Payroll expenses increased \$149,193 for the nine months ended September 30, 2012 as compared to the nine months ended September 30, 2011 primarily due to higher headcount in the Ukrainian development office and higher salaries of United States based employees. Rent increased \$11,888 as

office space was renewed at higher rates and travel increased \$11,159 due to increased travel to demonstrate newly developed products in 2012.

Product development expense was \$174,130 for the nine months ended September 30, 2012 as compared to \$90,706 for the nine months ended September 30, 2011 when Net Element had more limited product development efforts. Product development expense consists of research and development on new ideas for existing and to be formed websites and services as well as work that may result in Net Element seeking patents for particular technology or business processes.

Depreciation and amortization expense consists of depreciation expense on fixed assets used by Net Element and the amortization of capitalized website development, intellectual property and deferred compensation expenses. Depreciation and amortization expense was \$323,619 for the nine months ended September 30, 2012 as compared with \$241,630 for the nine months ended September 30, 2011. The increase was due to higher levels of fixed assets and web development amortization in 2012 versus 2011.

Capitalized costs related to website development and intangible assets were \$632,508, net at September 30, 2012 as compared with \$608,823 at September 30, 2011. Capitalized website development and intangible assets of \$632,508 at September 30, 2012 includes \$402,586 of capitalized web development, \$26,377 for the direct costs of acquiring patents and \$203,545 related primarily to website content, customer lists and domain names (Motorsport, LLC (\$114,375) and Music1, LLC (\$86,925)).

Interest income for the nine months ended September 30, 2012 includes interest income generated by TOT Money of \$630,914 on short term loans made to RM-Invest (a mobile payment processing company located in Russia), offset by \$151,486 in interest expense primarily due to convertible loans and working capital advances from Enerfund to Net Element with principal balances totaling \$4,760,234, a loan from Enerfund to Openfilm with a principal balance of \$1,667,762 (\$62,827 in interest expense at 5% per annum), a loan from SAT-Moscow (a company owned by a director and shareholder of Net Element, Kenges Rakishev) in the amount of \$4,632,890 (\$88,037 in interest expense at 8.15% per annum), a loan from Green Venture Group, LLC (owned by a director and shareholder of Net Element, Mike Zoi) in the amount of \$4,573,589 (\$76,508 in interest expense at 8.15% per annum). The General Director of TOT Money owns a 20% equity interest in RM-Invest. The interest expense for the nine months ended September 30, 2011 was primarily attributable to a loan from Enerfund to Openfilm, LLC (\$59,622 in interest expense) with a principal balance of \$1,667,762 and an interest rate of 5% per annum and a loan from Enerfund to Net Element with a principal balance of \$2,710,138 (\$29,554 in interest expense at 5% per annum).

Other expenses totaled \$393,701 for the nine months ended September 30, 2012 compared to other expenses of \$45,942 for the nine months ended September 30, 2011. Category	Twelve Months Ended	Nine Months Ended	Variance

Totals	\$ 23,831,750	\$ 3,066,261	\$20,765,489

Non-cash compensation expense from subscription agreements and share based compensation was \$19,350,902 for the twelve months ended December 31, 2011 compared to \$2,262,224 for the nine months ended December 31, 2010. The non-cash compensation expenses were higher for the twelve months ended December 31, 2011 as compared with the nine months ended December 31, 2010 primarily due to the intrinsic value charges from the stock issued pursuant to the Enerfund Subscription Agreement (as described below), the increased use of stock options as compensation for contractors, advisors and employees in 2011 and the acquisition of Openfilm late in the year (December 14, 2010).

On December 31, 2010, Net Element entered into a Subscription Agreement with Enerfund (the “Enerfund Subscription Agreement”) pursuant to which it received an aggregate of \$2,000,000 in exchange for the issuance of 200,000,000 shares of Net Element Common Stock and warrants to purchase 100,000,000 shares of Net Element Common Stock at an exercise price of \$0.05 per share for a period of five years from the date of issuance. However, Net Element did not have a sufficient number of authorized shares of Net Element Common Stock to fully issue these securities to Enerfund at December 31, 2010. Accordingly, this transaction was accounted for as a purchase by Enerfund as of December 31, 2010 of 112,000,000 shares of Net Element Common Stock and fully vested warrants to purchase 56,000,000 shares of Net Element Common Stock for \$0.05 per share in exchange for \$1,120,000. A compensation charge of \$560,000 was recorded for the nine months ended December 31, 2010 as one of Net Element’s officers is also a principal of Enerfund. This amount is calculated as the Black-Scholes valuation of the warrants issued as of December 31, 2010. The balance of the proceeds of \$880,000 was accounted for as an advance until March 7, 2011, when Net Element issued the balance of the shares and warrants. Since Enerfund is owned by an officer/director, Net Element recorded a compensation charge of \$18,920,000 during the twelve months ended December 31, 2011, which is comprised of the Black-Scholes value of the warrants (\$6,600,000) and the intrinsic market value of the Net Element Common Stock issued (\$12,320,000). For the nine months ending December 31, 2010, compensation charges included the \$560,000 (discussed above) for the Enerfund Subscription Agreement (2010 portion), \$1,620,787 for Net Element’s first subscription agreement (as amended) with TGR Capital, LLC, \$25,464 for vesting options during the year and \$10,140 for shares for services.

Salaries and benefits expenses were \$3,104,261 for the twelve months ended December 31, 2011 compared to \$465,127 for the nine months ended December 31, 2010. Salaries and benefits for the twelve months ended December 31, 2011 were higher than for the nine months ended December 31, 2010 due to an increase in Net Element, Inc. (Corporate) headcount mostly in November and December 2010, the shortened fiscal year period in 2010, the acquisition of Openfilm late in the year (December 14, 2010) and the addition of several new web properties during 2011 (including LegalGuru, Yapik, Music and Motorsport). Salaries and benefits attributable to Net Element, Inc. (Corporate) and the properties or subsidiaries of Net Element for the twelve months ended December 31, 2011 versus the nine months ended December 31, 2010 were as follows:

Web Property/Group of Properties	Salaries and Benefits for the Twelve Months Ended December 31, 2011	Salaries and Benefits for Nine Months Ended December 31, 2010

General legal expenses increased in 2011 primarily due to business development work in China and Russia, which totaled approximately \$100,000. For 2011, Net Element also spent \$20,941 to establish Cayman operations and \$11,729 to defend Net Element in a California employment matter. Tax compliance and planning expenses increased \$66,029 due to increased tax compliance efforts in 2011 and an increased number of tax returns/information returns required to be prepared.

Consulting fees increased \$235,604 in 2011 primarily due to consulting fees for Motorsport (\$91,303), Music (\$64,259), Yapik (\$25,895), LegalGuru (\$25,623) and \$27,500 paid for consulting related to the development of additional advertising revenues.

Rent expenses were \$247,953 for the twelve months ended December 31, 2011 compared to \$37,970 for the nine months ended December 31, 2010. The increase in rent expenses was primarily due to Net Element's move to new corporate headquarters in mid-November 2010 at a higher monthly rent (\$15,648 per month under the new lease versus \$1,000 per month under Net Element's prior lease).

Filing fees consist of printing costs associated with SEC filings and registration fees paid to various states. Filing fees were \$32,708 for the twelve months ended December 31, 2011 compared to \$35,604 for the nine months ended December 31, 2010.

Interest expense for the twelve months ended December 31, 2011 was \$171,319 as compared to \$0 for the nine months ended December 31, 2010. For 2011, Net Element had interest expense primarily related to several loans made by Enerfund to Net Element or its subsidiaries to fund operations at the end of 2010 and during 2011, as described under "Liquidity and Capital Resources" below.

Other expenses totaled \$45,942 for the twelve months ended December 31, 2011 compared to other income of \$2,946 for the nine months ended December 31, 2010. Other expenses for the twelve months ended December 31, 2011 related primarily to the write-down of Net Element's investment in Korlea-TOT. For the nine months ended December 31, 2010, other income was primarily attributed to contest fees from Openfilm.

Going Concern

Net Element had a net loss of \$6,346,014 for the nine months ended September 30, 2012, a net loss of \$24,853,100 for the twelve months ended December 31, 2011 and a net loss of \$3,101,146 for the nine months ended December 31, 2010. Net Element had negative cash flow from operations of \$4,069,472 and \$3,768,569 for the nine months ended September 30, 2012 and 2011, respectively, and had an accumulated deficit of \$57,620,045 and shareholders' deficiency of \$6,019,678 at September 30, 2012. Net Element's ability to continue operating is limited without continued availability of financing, of which there can be no assurance. These matters have raised substantial doubt about Net Element's ability to continue as a going concern. Further, Net Element's independent registered public accounting firm, in its report for the fiscal years ended December 31, 2011 and 2010, included an emphasis of matter paragraph regarding the substantial doubt about Net Element's ability to continue as a going concern. The accompanying consolidated financial statements do not include any adjustments that might be necessary if Net Element is unable to continue as a going concern. As a result of Net Element's merger with Cazador on October 2, 2012, Net Element's business received a cash infusion of approximately \$12 million after repaying certain related party debt totaling approximately \$13 million. The Company's management anticipates that the Company's available cash resources following the merger and its cash flows from operations will be sufficient to meet its presently anticipated working capital and capital expenditure requirements through at least the next 12 months. See also "Liquidity and Capital Resources" below.

Net Element had negative cash flows from operations of \$4,069,472 for the nine months ended September 30, 2012 and negative cash flows from operations of \$3,768,569 for the nine months ended September 30, 2011.

Net Element had a net loss of \$24,853,100 for the twelve months ended December 31, 2011 and a net loss of \$3,101,146 for the nine months ended December 31, 2010. Net Element had negative cash flows from operations of \$4,979,221 for the twelve months ended December 31, 2011 and negative cash flows from operations of \$1,519,972 for the nine months ended December 31, 2010.

Net Element has historically been primarily dependent upon TGR Capital, LLC, Enerfund, LLC or Mike Zoi (as a result of his controlling interest in TGR Capital and Enerfund) to fund its operations. Pursuant to a Subscription Agreement entered into with TGR Capital dated August 7, 2008, as amended on January 12, 2010, TGR Capital was obligated to invest up to \$4,000,000 to fund Net Element's working capital requirements in exchange for up to 200,000,000 shares of Net Element Common Stock and warrants to purchase up to 100,000,000 shares of Net Element Common Stock with an exercise price of \$0.05 per share. The shares and warrants were issued quarterly and Net Element recorded an appropriate compensation expense as necessary based on the fair value of the securities on the last day of each fiscal quarter (the date of issuance). At December 31, 2010, TGR Capital had fulfilled its investment obligations under that Subscription Agreement, as amended.

On December 14, 2010, Net Element assumed a \$1,667,762 loan to Openfilm from Enerfund when Net Element purchased Openfilm on that date. The loan agreement is dated December 10, 2010 and was scheduled to mature two years from that date. The annual interest rate was 5% payable annually on December 31. The loan was repaid with interest on October 3, 2012 for an aggregate amount of \$1,846,173.

On December 31, 2010, Net Element entered into a Subscription Agreement with Enerfund pursuant to which Net Element received an aggregate of \$2,000,000 in exchange for the issuance of 200,000,000 shares of Net Element Common Stock and warrants to purchase 100,000,000 shares of Net Element Common Stock at an exercise price of \$0.05 per share for a period of five years from the date of issuance. However, Net Element did not have a sufficient number of authorized shares of Net Element Common Stock to fully issue these securities to Enerfund at December 31, 2010. Accordingly, this transaction was accounted for as a purchase by Enerfund as of December 31, 2010 of 112,000,000 shares of Net Element Common Stock and fully vested warrants to purchase 56,000,000 shares of Net Element Common Stock for \$0.05 per share in exchange for \$1,120,000. The balance of the proceeds of \$880,000 was accounted for as an advance until March 7, 2011, when Net Element issued the balance of the shares and warrants.

On February 1, 2011, Net Element purchased all of the equity interests in Motorsport, LLC from Enerfund. As consideration for that acquisition, Net Element paid to Enerfund \$130,000 and agreed to take over responsibility for the obligations of Motorsport, LLC under a Stock Purchase Agreement dated December 17, 2010 pursuant to which Motorsport, LLC would acquire all of the equity interests in Motorsport.com, Inc. At the time of Net Element's acquisition of Motorsport, LLC, pursuant to the December 17, 2010 Stock Purchase Agreement, Motorsport, LLC had already acquired 80% of the outstanding common stock of Motorsport.com, Inc., although Motorsport, LLC remained obligated under the Stock Purchase Agreement to pay an aggregate of \$450,000 to the sellers in four quarterly installments beginning on December 1, 2013. Pursuant to an amendment to the Stock Purchase Agreement dated January 10, 2012, that payment obligation was amended to provide that: (i) Motorsport, LLC must pay to the sellers \$300,000 in cash in four equal annual installments of \$75,000 each beginning on January 10, 2012, with each subsequent installment payable on each annual anniversary thereafter until such \$300,000 is paid in full; and (ii) Net Element must issue to the sellers an aggregate of 1,333,333 shares of Net Element Common Stock. The initial \$75,000 installment was paid by Net Element and Net Element issued such 1,333,333 shares of Net Element Common Stock to the sellers. The sellers have a security interest in the Internet domain names of Motorsport.com, Inc. as collateral for Net Element's and Motorsport's remaining payment obligations.

The December 17, 2010 Stock Purchase Agreement provided Motorsport, LLC an option until December 16, 2018 to purchase the remaining 20% of the outstanding common stock of Motorsport.com, Inc. for a price per share of between \$0.1075 and \$0.1435 (or an aggregate of between \$400,330 and \$534,394) depending upon when the option was exercised, payable in either cash or shares of preferred stock of Motorsport.com, Inc. having an equivalent value. If the option was exercised before December 17, 2015, then the purchase price for the remaining 20% interests would have been \$0.1075 per share, or an aggregate of \$400,330. Pursuant to the January 10, 2012 amendment to the Stock Purchase Agreement, Motorsport, LLC exercised its option to acquire the remaining 20% interests for a purchase price consisting solely of the Net Element's issuance to the sellers of an aggregate of 3,333,333 shares of Net Element Common Stock.

On January 31, 2011, Motorsport, LLC entered into a loan agreement with Enerfund, LLC in the principal amount of \$184,592. The annual interest rate was 5% payable annually on December 31. The loan was scheduled to mature on the third anniversary of each funding under the loan agreement, which fundings occurred from October 2010 through January 2011, with accrued interest due at that time. This loan was repaid in full on February 24, 2011 for an aggregate of \$186,808.

On February 1, 2011, Net Element purchased all of the equity interests in Music1, LLC from Enerfund for an aggregate purchase price of \$15,000. Net Element was required to invest at least \$500,000 in Music1 by December 31, 2012, which requirement was met during the fourth quarter of 2011.

On January 31, 2011, Music1, LLC entered into a loan agreement with Enerfund in the principal amount of \$128,890. The annual interest rate was 5% payable annually on December 31. Net Element owns a 70% interest in LegalGuru LLC and Mr. Wolfe, who is a director and Secretary of the Company and Chief Executive Officer and Chairman of LegalGuru LLC, through Lobos Advisors, LLC (a company of which Mr. Wolfe is the President and managing member), owns a 30% interest in LegalGuru LLC. The amended and restated joint venture agreement required Net Element and Mr. Wolfe to invest up to an aggregate of \$900,000 in LegalGuru LLC, with Mr. Wolfe investing up to an aggregate of \$100,000 and Net Element investing up to an aggregate of \$800,000. Net Element satisfied its funding obligations to LegalGuru LLC during the first quarter of 2012 and Mr. Wolfe satisfied his funding obligations to LegalGuru LLC during the second quarter of 2012.

This agreement was modified in July 2011 to provide for monthly remuneration of \$7,000 and 5,000 shares. August and September 2011 were revised to \$6,500 per month plus 5,000 shares per month. Beginning in October 2011, Net Element agreed to the same terms, as revised, on a month to month basis.

On April 15, 2011, Net Element entered into a two-year cross advertising transaction with Ferrari North America, Inc. whereby Net Element contracted to pay \$50,000 per year in cash and provide \$200,000 per year in advertising value on its websites in exchange for a Platinum Sponsorship for the Ferrari Challenge over two race seasons. This arrangement provides Net Element with marketing outreach and exposure to potential investors. The agreement stipulates that the Ferrari Challenge must advertise on any Net Element website within one year from date of execution. Accordingly, Net Element will recognize \$200,000 in advertising revenue as Ferrari utilizes the advertisements. Of the total cash expense of the sponsorship (\$100,000 over two years), \$50,000 was recognized as a charge to operations over the five month period May to September 2011 during the Ferrari Challenge. Additionally, Net Element recorded a \$200,000 expense during 2011 for the value of website services provided in exchange for the sponsorship.

The annual interest rate was 5.0% and principal and interest was due on or before April 27, 2014. The related party investor, who is employed by Yapik, has an option, which is exercisable for 36 months, to convert the 15% ownership interest in Yapik LLC into 1,500,000 shares of Net Element Common Stock. This conversion right was exercised on October 2, 2012.

On November 10, 2011, Net Element and the selling shareholder mutually agreed to terminate and unwind that transaction. The 10 million shares of Net Element Common Stock issuable pursuant to that transaction were not delivered to the selling shareholder. Amounts advanced and costs incurred by Net Element through September 30, 2012 (\$201,557), are reflected as advances in Net Element's consolidated balance sheets. As consideration for amounts advanced to Stratuscore, Stratuscore agreed to issue Net Element a convertible promissory note convertible into equity in Stratuscore at the same rate as Ms. Muyco agrees to accept investment from a bona fide third party in the next investment round or lender terms. In the event that there is no further investment in Stratuscore, then the amount invested in Stratuscore by Net Element would be based on Net Element's original valuation of Stratuscore.

The companies TGR Capital, LLC, MZ Capital, LLC (Delaware), MZ Capital, LLC (Florida) and Enerfund are directly or indirectly owned and controlled by Mike Zoi. Pursuant to the Shareholder Rights Agreement, the parties agreed to certain corporate governance matters pertaining to Net Element and Net Element granted registration rights to each of Mark Global Corporation, Kenges

Rakishev, TGR Capital, LLC, Mike Zoi and certain of their assignees. The parties terminated the Shareholder Rights Agreement effective as of October 2, 2012.

On April 6, 2012, Net Element entered into a Joint Venture Agreement with Igor Yakovlevich Krutoy. Sat-Moscow is indirectly controlled by Kenges Rakishev, Chairman of the Board of Directors of the Company. On October 2, 2012, the loan with Sat-Moscow was assigned to the Company and simultaneously repaid in full.

On August 17, 2012, TOT Money entered into a Credit Agreement with Alfa-Bank. Pursuant to the Credit Agreement, Alfa-Bank agreed to provide a line of credit to TOT Money with the credit line limit set at 300 million Russian rubles (or approximately US\$9,348,707 based on the currency exchange rate as of the close of business on August 17, 2012). The interest rate on the initial amount borrowed under the Credit Agreement is 3.55% per annum. Alfa-Bank has the unilateral right to change the interest rate on amounts borrowed under the Credit Agreement from time to time in the event of changes in certain market rates or in Alfa-Bank's reasonable discretion, provided that the interest rate may not exceed 14% per annum. Interest must be repaid on a monthly basis on the 25th of each month. Amounts borrowed under the Credit Agreement must be repaid within six months of the date borrowed. The duration of the line of credit is set from August 17, 2012 through May 21, 2014. TOT Money's obligations under the Credit Agreement are secured by a pledge of TOT Money's deposits in its deposit account with Alfa-Bank and by a guarantee given by AO SAT & Company. AO SAT & Company is an affiliate of Kenges Rakishev. As of September 30, 2012, Net Element had restricted cash pursuant the Credit Agreement of \$1,763,386.

On September 28, 2012, TOT Money entered into a factoring agreement with Alfa-Bank. The amount loaned by Alfa-Bank pursuant to the agreement with respect to any particular account receivable is limited to 80% of the amount of the account receivable assigned to Alfa-Bank. Pursuant to the agreement, Alfa-Bank is required to track the status of TOT Money's

accounts receivable, monitor timeliness of payment of such accounts receivable and provide related services. The term of the agreement is from September 28, 2012 until December 5, 2013. Alfa-Bank's compensation pursuant to the agreement for providing services for the administrative management of accounts receivable ranges from 10 Russian rubles to 100 Russian rubles per account receivable, depending upon whether financing was provided related to the particular account receivable and the form of the documentation related to the particular account receivable. Alfa-Bank's compensation pursuant to the agreement for providing financing to TOT Money is calculated as a financing rate that ranges from 9.70% to 11.95% of the amounts borrowed, depending upon the amount borrowed and the number of days in the period from the date financing is provided until the date the applicable account receivable is paid; however, Alfa-Bank has the unilateral right to change such financing rates in the event of changes in certain market rates or in Alfa-Bank's reasonable discretion. TOT Money's obligations under the Agreement also are secured by a guarantee given by AO SAT & Company. AO SAT & Company is an affiliate of Kenges Rakishev.

As a result of Net Element's history of recurring losses and its accumulated deficit and shareholders' deficiency, the audit report of its independent registered public accounting firm as of December 31, 2011 contains a statement expressing substantial doubt as to Net Element's ability to continue as a going concern. As a result of Net Element's merger with Cazador on October 2, 2012, Net Element's business received a cash infusion of approximately \$12 million after repaying certain related party debt totaling approximately \$13 million. The Company's management anticipates that the Company's available cash resources following the merger and its cash flows from operations will be sufficient to meet its presently anticipated working capital and capital expenditure requirements through at least the next 12 months. However, in the event that the Company's business requires additional funds, such additional funds may be raised through debt financing and/or the issuance of equity securities, there being no assurance that any type of financing on terms satisfactory to the Company will be available or otherwise occur. Debt financing must be repaid regardless of whether the Company generates revenues or cash flows from operations and may be secured by substantially all of its assets. Any equity financing or debt financing that requires the issuance of equity securities or warrants to the lender would cause the percentage ownership by the Company's current shareholders to be diluted, which dilution may be substantial. Also, any additional equity securities issued may have rights, preferences or privileges senior to those of existing shareholders. If such financings are not available when required or are not available on acceptable terms, the Company may be unable to implement its business plans or take advantage of business opportunities, any of which could have a material adverse effect on its business prospects, financial condition and results of operations.

Off-balance sheet arrangements

At September 30, 2012, Net Element did not have any off-balance sheet arrangements as defined in Item 303(a)(4) of Regulation S-K.

Recently Issued Accounting Pronouncements

In May 2011, the FASB issued Accounting Standards Update 2011-04, "Fair Value Measurement" ("ASU 2011-04"). The primary focus of ASU 2011-04 is the convergence of accounting requirements for fair value measurements and related financial statement disclosures under United States generally accepted accounting principals, or GAAP, and International Financial Reporting Standards, or IFRS. While ASU 2011-04 does not significantly change existing guidance for measuring fair value, it does require additional disclosures about fair value measurements and changes the wording of certain requirements in the guidance to achieve consistency with IFRS. ASU 2011-04 is effective for interim and annual periods beginning after December 15, 2011, and is required to be applied prospectively. There was no material impact to the consolidated financial statements upon adoption in 2012.

In June 2011, the FASB issued Accounting Standards Update 2011-05, "Presentation of Comprehensive Income" ("ASU 2011-05"). This guidance requires companies to present the components of comprehensive income either in a single continuous statement of comprehensive income or in two separate but consecutive statements. Under either method,

amounts reclassified from Other Comprehensive Income, or OCI, to net income for each reporting period must be displayed as components of both net income and OCI on the face of the financial statements. The guidance does not change the items that are reported in OCI. ASU 2011-05 is effective for interim and annual periods beginning after December 15, 2011. Other than presentational changes, there was not a significant impact to the consolidated financial statements upon adoption in 2012.

In September 2011, the FASB issued amendments to its accounting guidance on testing goodwill for impairment. The amendments allow entities to use a qualitative approach to test goodwill for impairment. This permits an entity to first perform a qualitative assessment to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying value. If it is concluded that this is the case, it is required to perform the currently prescribed two-step goodwill impairment test. Otherwise, the two-step goodwill impairment test is not required. This guidance is effective for annual and interim goodwill impairment test performed for fiscal years beginning after December 15, 2011 and early adoption is permitted. Net Element did not early adopt this guidance and there was not a material impact to the consolidated financial statements upon adoption in 2012.

Certain Relationships and Related Transactions, and Director Independence

The information in the section of the Final Prospectus entitled “Post-Merger NEI Executive Officers and Directors - Director Independence” is incorporated herein by reference.

Certain of Net Element’s and Cazador’s executive officers and directors had financial interests in the Merger that are different from, or in addition to, the interests of Cazador’s shareholders and Net Element’s shareholders, other than the

insider shareholders. In the case of Net Element, immediately prior to the effectiveness of the Merger, the principal amounts of all outstanding convertible debt of Net Element owned by Enerfund, LLC, a Florida limited liability company (“Enerfund, LLC”) (which is owned and controlled by Mike Zoi and totals \$3.6 million) was converted into 32,727,274 shares of Net Element Common Stock, and subsequently converted into 818,182 shares of the Company’s Common Stock in the Merger and, immediately following the Closing, the Company paid to Enerfund an amount, in cash, representing payment in full of all non-convertible notes and payables of Net Element owed to Mike Zoi or any of his affiliates which were then outstanding (which totaled approximately \$7.9 million (including accrued interest)). In the case of Cazador, Mike Zoi, through Enerfund, previously paid, on behalf of Cazador, \$150,000 of Cazador’s legal fees in connection with the Merger Agreement.

Following consummation of the Merger, Francesco Piovanetti and David P. Kelley II own 3,609,631 and 14,000 warrants, respectively, to purchase an aggregate of 3,623,631 shares of the Company’s Common Stock (the “Director’s Warrants”). The Director’s Warrants are identical to the other outstanding warrants to purchase the Company’s Common Stock, except that the Director’s Warrants (i) are non-redeemable, so long as they are held by either Messrs. Piovanetti or Kelley or their permitted transferees; (ii) are exercisable on a cashless basis at the election of the holder, so long as they are held by either Messrs. Piovanetti or Kelley, or their permitted transferees, rather than at the Company’s sole discretion; and (iii) are not transferable or saleable by the either Messrs. Piovanetti or Kelley (except to permitted transferees) until six months after the Closing. The Director’s Warrants are not exercisable and are held in an escrow account maintained by Continental Stock Transfer & Trust Company, acting as escrow agent, while they are subject to the foregoing transfer restrictions.

On September 28, 2012, Net Element’s subsidiary OOO TOT Money entered into a factoring agreement with Alfa-Bank. Pursuant to the agreement, TOT Money will assign to Alfa-Bank its accounts receivable as security for financing in an aggregate amount of up to 300 million Russian rubles (or approximately US\$9,615,385 based on the currency exchange rate as of the close of business on September 28, 2012) provided by Alfa-Bank to TOT Money. The amount loaned by Alfa-Bank pursuant to the agreement with respect to any particular account receivable is limited to 80% of the amount of the account receivable assigned to Alfa-Bank. Pursuant to the agreement, Alfa-Bank is required to track the status of TOT Money’s accounts receivable, monitor timeliness of payment of such accounts receivable and provide related services. The term of the agreement is from September 28, 2012 until December 5, 2013. Alfa-Bank’s compensation pursuant to the agreement for providing services for the administrative management of accounts receivable ranges from 10 Russian rubles to 100 Russian rubles per account receivable, depending upon whether financing was provided related to the particular account receivable and the form of the documentation related to the particular account receivable. Alfa-Bank’s compensation pursuant to the agreement for providing financing to TOT Money is calculated as a financing rate that ranges from 9.70% to 11.95% of the amounts borrowed, depending upon the amount borrowed and the number of days in the period from the date financing is provided until the date the applicable account receivable is paid; however, Alfa-Bank has the unilateral right to change such financing rates in the event of changes in certain market rates or in Alfa-Bank’s reasonable discretion. TOT Money’s obligations under the Agreement also are secured by a guarantee given by AO SAT & Company. Indemnification of Directors and Officers

The Net Element International, Inc. Amended and Rested Certificate of Incorporation (the "Company Charter") provides that each person (and the heirs, executors or administrators of such person) who was or is a party or is threatened to be made a party to, or is involved in any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that such person is or was a director or officer of the Company or is or was serving at the request of the Company as a director or officer of another corporation, partnership, joint venture, trust or other enterprise, shall be indemnified and held harmless by the Company to the fullest extent permitted by the Delaware General Corporation (the "DGCL"). The right to indemnification conferred shall also include the right to be paid by the Company the expenses incurred in connection with any such proceeding in advance of its final disposition to the fullest extent authorized by the DGCL.

Section 145 of the DGCL concerning indemnification of officers, directors, employees and agents is set forth below.

Section 145. Indemnification of officers, directors, employees and agents; insurance.

(a) A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with such action, suit or proceeding if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe the person's conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that the person's conduct was unlawful.

(b) A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that the person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by the person in connection with the defense or settlement of such action or suit if the person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery or the court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.

(c) To the extent that a present or former director or officer of a corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in subsections (a) and (b) of this section, or in defense of any claim, issue or matter therein, such person shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection therewith.

(d) Any indemnification under subsections (a) and (b) of this section (unless ordered by a court) shall be made by the corporation only as authorized in the specific case upon a determination that indemnification of the present or former

director, officer, employee or agent is proper in the circumstances because the person has met the applicable standard of conduct set forth in subsections (a) and (b) of this section. Such determination shall be made, with respect to a person who is a director or officer of the corporation at the time of such determination:

- (1) By a majority vote of the directors who are not parties to such action, suit or proceeding, even though less than a quorum; or
- (2) By a committee of such directors designated by majority vote of such directors, even though less than a quorum; or
- (3) If there are no such directors, or if such directors so direct, by independent legal counsel in a written opinion; or

(4) By the stockholders.

(e) Expenses (including attorneys' fees) incurred by an officer or director of the corporation in defending any civil, criminal, administrative or investigative action, suit or proceeding may be paid by the corporation in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such director or officer to repay such amount if it shall ultimately be determined that such person is not entitled to be indemnified by the corporation as authorized in this section. Such expenses (including attorneys' fees) incurred by former directors and officers or other employees and agents of the corporation or by persons serving at the request of the corporation as directors, officers, employees or agents of another corporation, partnership, joint venture, trust or other enterprise may be so paid upon such terms and conditions, if any, as the corporation deems appropriate.

(f) The indemnification and advancement of expenses provided by, or granted pursuant to, the other subsections of this section shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in such person's official capacity and as to action in another capacity while holding such office. A right to indemnification or to advancement of expenses arising under a provision of the certificate of incorporation or a bylaw shall not be eliminated or impaired by an amendment to the certificate of incorporation or the bylaws after the occurrence of the act or omission that is the subject of the civil, criminal, administrative or investigative action, suit or proceeding for which indemnification or advancement of expenses is sought, unless the provision in effect at the time of such act or omission explicitly authorizes such elimination or impairment after such action or omission has occurred.

(g) A corporation shall have power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against such person and incurred by such person in any such capacity, or arising out of such person's status as such, whether or not the corporation would have the power to indemnify such person against such liability under this section.

(h) For purposes of this section, references to "the corporation" shall include, in addition to the resulting corporation, any constituent corporation (including any constituent of a constituent) absorbed in a consolidation or merger which, if its separate existence had continued, would have had power and authority to indemnify its directors, officers, and employees or agents, so that any person who is or was a director, officer, employee or agent of such constituent corporation, or is or was serving at the request of such constituent corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, shall stand in the same position under this section with respect to the resulting or surviving corporation as such person would have with respect to such constituent corporation if its separate existence had continued.

(i) For purposes of this section, references to “other enterprises” shall include employee benefit plans; references to “fines” shall include any excise taxes assessed on a person with respect to any employee benefit plan; and references to “serving at the request of the corporation” shall include any service as a director, officer, employee or agent of the corporation which imposes duties on, or involves services by, such director, officer, employee or agent with respect to an employee benefit plan, its participants or beneficiaries; and a person who acted in good faith and in a manner such person reasonably believed to be in the interest of the participants and beneficiaries of an employee benefit plan shall be deemed to have acted in a manner “not opposed to the best interests of the corporation” as referred to in this section.

(j) The indemnification and advancement of expenses provided by, or granted pursuant to, this section shall, unless otherwise provided when authorized or ratified, continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

(k) The Court of Chancery is hereby vested with exclusive jurisdiction to hear and determine all actions for advancement of expenses or indemnification brought under this section or under any bylaw, agreement, vote of stockholders or disinterested directors, or otherwise. The Court of Chancery may summarily determine a corporation’s obligation to advance expenses (including attorneys’ fees).

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers, and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment of expenses incurred or paid by a director, officer or controlling person in a successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the Company's securities, we will, unless in the opinion of counsel the matter has been settled by controlling precedent, submit to the court of appropriate jurisdiction the question whether such indemnification is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

Paragraph I of Article VIII of the Company Charter provides:

A director of the Company shall not be liable to the Company or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to the Company or its stockholders, (ii) for acts or omissions not in good faith or which involved intentional misconduct or a knowing violation of law, (iii) under Section 174 of the DGCL, or (iv) for any transaction from which the director derived an improper personal benefit.

Item 3.01 Notice of Delisting or Failure to Satisfy a Continued Listing Rule or Standard; Transfer of Listing.

On October 2, 2012, in connection with the consummation of the Merger, the Company notified the NASDAQ Stock Market LLC that the Merger had become effective and requested that the NASDAQ Stock Market LLC file a Notification of Removal From Listing and/or Registration under Section 12(b) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), on Form 25 to notify the Securities and Exchange Commission (the "SEC") that the Cazador units and warrants were to be delisted and deregistered under Section 12(b) of the Exchange Act. As a result of the Merger having become effective, the NASDAQ Stock Market LLC determined to permanently suspend trading of the Cazador units and warrants prior to the open of trading on October 3, 2012. The deregistration will become effective 10 days from the filing of the Form 25.

In accordance with Rule 12g-3(a) under the Exchange Act, the shares of the Company's Common Stock, as the successor to Cazador, are deemed to be registered under Section 12(b) of the Exchange Act. The Company's Common

Stock is currently listed for trading on The NASDAQ Capital Market under the symbol “NETE.” The warrants to purchase shares of Common Stock of the Company are quoted on the OTCBB under the symbol “NETEW” and deemed to be registered under Section 12(g) of the Exchange Act. Following the Closing, the CUSIP numbers relating to the Company’s Common Stock and warrants changed to 64111R 102 and 64111R 110, respectively.

On the effective date of the Domestication, the outstanding units of Cazador automatically separated into the underlying Cazador Ordinary Shares and Cazador warrants. As a result, the Cazador units are no longer listed on The NASDAQ Capital Market.

Item 3.03 Material Modification to Rights of Security Holders.

Effective October 2, 2012, the Company changed its jurisdiction of incorporation from the Cayman Islands to the State of Delaware (the “Domestication”). The Company discontinued its existence as a Cayman Island exempted company as provided under Article 206 of the Companies Law (2011 Revision) of the Cayman Islands and, pursuant to Section 388 of the DGCL, continued its existence under the DGCL as a corporation incorporated in the State of Delaware.

In connection with the Domestication, each currently issued and outstanding ordinary share of Cazador (“Cazador Ordinary Shares”) automatically converted by operation of law, on a one-for-one basis, into shares of the Company’s Common Stock. Consequently, each holder of an outstanding Cazador Ordinary Shares immediately prior to the Domestication now holds a share of the Company’s Common Stock.

Similarly, upon effectiveness of the Domestication, outstanding options, warrants and other rights to acquire Cazador Ordinary Shares automatically converted to become options, warrants or rights to acquire the corresponding shares of the Company's Common Stock. No other changes were made to the terms of any outstanding options, warrants and other rights to acquire Cazador Ordinary Shares as a result of the domestication.

It is not necessary for stockholders to exchange their existing Cazador Ordinary Share certificates for new stock certificates of the Company's Common Stock. Until surrendered and exchanged, each certificate evidencing Cazador Ordinary Shares will be deemed for all purposes of the Company to evidence the identical number of shares of the Company's Common Stock. Holders of uncertificated Cazador Ordinary Shares immediately prior to the Domestication continued as holders of uncertificated shares of the Company's Common Stock upon effectiveness of the Domestication.

The rights of holders of the Company's Common Stock are now governed by the Company Charter, its Amended and Restated Bylaws (the "Company Bylaws") and the DGCL. If you are a U.S. holder of the Company's Common Stock or warrants, you may be subject to U.S. federal income tax as a result of the Domestication unless you make a timely election on your filing with the Internal Revenue Service. In addition, if you are a non-U.S. holder of the Company's Common Stock or warrants, you may become subject to withholding tax on any dividends paid on such Common Stock subsequent to the effectiveness of the Domestication.

The sections of the Final Prospectus entitled "Description of NEI Securities," "The Business Combination - The Cazador Domestication," "Comparison of Shareholder Rights," and "Material U.S. Federal Income Tax Consequences – Material U.S. Federal Income Tax Consequences of the Cazador Domestication" are incorporated herein by reference. The Company Charter and the Company Bylaws are filed as Exhibits 3.2 and 3.3 to this Current Report on 8-K, respectively, and are hereby incorporated by reference into this Item 3.03. The description of the Company Charter and the Company Bylaws referenced above is a summary and does not purport to be a complete description of those documents and is qualified in its entirety by reference to the copies of those documents filed as exhibits hereto.

Item 5.01 Changes in Control of Registrant.

As a result of the consummation of the Merger, the former shareholders of Net Element own approximately 94.8% of the outstanding Company's Common Stock (or approximately 75.8% of the outstanding Company's Common Stock (calculated on a fully diluted basis)) and the former holders of Cazador Ordinary Shares own approximately 5.2% of the outstanding Company's Common Stock (or approximately 24.2% of the outstanding Company's Common Stock (calculated on a fully diluted basis)).

The information set forth in 2.01 above is incorporated herein by reference.

Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

Effective as of the Closing, each of Carlos Valle, Shai Novik and Facundo Bacardí resigned as directors of Cazador. The Company made a payment of \$100,000 to Mr. Novik in connection with his resignation.

Item 5.03 Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.

Additionally, upon the Closing of the Merger, the Company adopted the Company Bylaws, a copy of which is filed hereto as Exhibit 3.3 and incorporated herein by reference.

NET ELEMENT, INC.

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Basis of Presentation

Net Element, Inc., formerly TOT Energy, Inc., was organized on February 6, 2004 under the laws of the State of Delaware under the name Splinx Technology, Inc., which was a wholly-owned subsidiary of Splinx, LLC, a Florida limited liability company that is currently known as TGR Capital, LLC (a company indirectly wholly-owned by our former Chairman and Chief Executive Officer, Mike Zoi). In these Notes to Unaudited Condensed Consolidated Financial Statements, the terms “we,” “us,” “our,” or the “Company” refer to Net Element Inc. prior to October 2, 2012 and Net Element International Inc. on or after October 2, 2012. On January 18, 2005, the Company merged with a subsidiary of Ener1, Inc., a public reporting company. Pursuant to that merger, the Company issued 5,000,000 shares of its common stock to Ener1, Inc., which then distributed those shares as a dividend to its shareholders. That distribution was registered with the Securities and Exchange Commission (the “SEC”), which resulted in the Company becoming a public reporting company.

Since April 1, 2010, we have pursued a strategy to develop and acquire technology and applications for use in the online media industry. During September 2010, we changed our name to Net Element, Inc. in furtherance of our shift in business focus. As part of our strategy to develop an online media company, on December 14, 2010, we acquired Openfilm, LLC, a Florida limited liability company that is engaged in the development of technology and operation of a website that supports the advancement of independent film on the Internet. Additionally, on February 1, 2011, we acquired Motorsport, LLC, a Florida limited liability company that now holds 100% (initial purchase was for an 80% interest and we subsequently bought out the remaining minority position) of the outstanding common stock of Motorsport.com, Inc., a Florida corporation engaged in the operation of a news and information website relating to the international motorsport industry, and Music1, LLC, a Florida limited liability company that owns 97% of the membership interests in A&R Music Live, LLC, a Georgia limited liability company that owns and operates two websites that provide an online social community and marketplace for musicians, songwriters, producers and record companies and an opportunity to showcase artist talents. As a result of these acquisitions, we now operate several online media websites in the film, auto racing and emerging music talent markets.

On June 12, 2012, we entered into an Agreement and Plan of Merger (the “Merger Agreement”) with Cazador Acquisition Corporation Ltd., a Cayman Islands limited corporation (“Cazador”). On October 2, 2012, we completed our merger (the “Merger”) with Cazador and consummated the various transactions contemplated by the Merger Agreement. Immediately prior to the effectiveness of the Merger, Cazador changed its jurisdiction of incorporation by discontinuing as an exempted company in the Cayman Islands and continuing and domesticating as a corporation

incorporated under the laws of the State of Delaware. Effective upon consummation of the Merger, (i) the Company was merged with and into Cazador, resulting in the Company ceasing to exist and Cazador continuing as the surviving company in the Merger (the “Surviving Company”), and (ii) Cazador changed its name to Net Element International, Inc. Pursuant to the terms of the Merger Agreement, upon completion of the Merger, each share of then-issued and outstanding common stock of Net Element was automatically cancelled and converted into the right to receive one-fortieth (1/40) of a share of the Company’s Common Stock. The Merger is intended to qualify as a tax-free reorganization. Cazador was incorporated on April 2, 2010 for the purpose of effecting a merger, share capital exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more operating businesses or assets. Upon consummation of the Merger, the common stock, par value \$0.0001 per share, of the Surviving Company was listed on The NASDAQ Capital Market under the symbol “NETE.” See also Note 16.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities as of the balance sheet date and the reported amounts of expenses for the period presented. Actual results could differ from those estimates.

All non-interest bearing transaction accounts are fully insured, regardless of the balance in the account, at all FDIC insured institutions. As such, our bank balances did not exceed FDIC limits at September 30, 2012 and December 31, 2011.

Fixed Assets

We depreciate our furniture, servers, data center software and equipment over a term of 5 years. Computers and client software are depreciated over terms between 2 and 5 years. Leasehold improvements are depreciated over the shorter of the economic life or terms of each lease. All of our assets are depreciated on a straight-line basis for financial statement purposes.

Intangible Assets

We capitalize our costs that are directly related to website development. These costs include platform services, engineering, Internet hosting, Internet streaming, content delivery network fees and general and administrative expenses to directly support engineering services from the point of start to the point the application, service or website is publicly launched.

Website development costs include projects that are significant in terms of functional value added to the site, product or service. A capitalized project would be closer to a full product launch than an incremental or point release update. Costs for updates are expensed as incurred. Capitalized costs are amortized to depreciation and amortization expense over twenty-four months on a straight-line basis. We also capitalize start-up projects from the point of start to the point the application, service or website is publicly launched. Amortization is straight-line over twenty-four months and charged to depreciation and amortization. Impairment is reviewed quarterly to ensure only viable active project costs are capitalized.

We also capitalize direct expenses associated with filing of patents and patent applications and amortize the capitalized intellectual property costs over five years beginning when the patent is approved.

Additionally, we capitalize the fair value of intangible assets acquired in business combinations. The Company performs valuations of assets acquired and liabilities assumed on each acquisition accounted for as a business combination and allocates the purchase price of each acquired business to its respective net tangible and intangible assets. Acquired intangible assets include: trade names, non-compete agreements, owned website names, customer relationships, technology, media content, and content publisher relationships.

Goodwill is recorded when the purchase price paid for an acquisition exceeds the estimated fair value of the net identified tangible and intangible assets acquired. Goodwill and certain intangible assets are assessed for impairment using fair value measurement techniques. Specifically, goodwill impairment is determined using a two-step process. The first step of the goodwill impairment test is to identify potential impairment by comparing the fair value of the reporting unit with its net book value (or carrying amount), goodwill. If the fair value of the reporting unit exceeds its carrying amount, goodwill of the reporting unit is considered not impaired and the second step of the impairment test is unnecessary.

If the carrying amount of the reporting unit exceeds its fair value, the second step of the goodwill impairment test is performed to measure the amount of impairment loss, if any. The second step of the goodwill impairment test compares the implied fair value of the reporting unit's goodwill with the carrying amount of that goodwill. If the carrying amount of the reporting unit's goodwill exceeds the implied fair value of that goodwill, an impairment loss is

recognized in an amount equal to that excess. The implied fair value of goodwill is determined in the same manner as the amount of goodwill recognized in a business combination. That is, the fair value of the reporting unit is allocated to all of the assets and liabilities of that unit (including any unrecognized intangible assets) as if the reporting unit had been acquired in a business combination and the fair value of the reporting unit was the purchase price paid to acquire the reporting unit. The impairment test for other intangible assets consists of a comparison of the fair value of the intangible asset with its carrying value. If the carrying value of the intangible asset exceeds its fair value, an impairment loss is recognized in an amount equal to that excess.

Foreign Currency Transactions

We are subject to exchange rate risk in our foreign operations in Ukraine and Russia where we incur service fee revenues, product development, engineering website development, interest income and expense, general and administrative costs. The Ukrainian and Russian engineering operations pay a majority of their operating expenses in their local currencies, exposing us to exchange rate risk. Ukrainian salaries and consulting fees are negotiated and paid in U.S. dollars. The majority of Russian salaries are negotiated and paid in U.S. dollars.

We do not engage in any currency hedging activities.

Revenue Recognition

We recognize revenue when four basic criteria are met: persuasive evidence of a sales arrangement exists; performance of services has occurred, the sales price is fixed or determinable, and collectability is reasonably assured. We consider persuasive evidence of a sales arrangement to be the receipt of a signed contract or insertion order. Collectability is assessed based on a number of factors, including transaction history with the customer and the credit worthiness of the customer. If it is determined that the collection is not reasonably assured, revenue is not recognized until collection becomes reasonably assured, which is generally upon receipt of cash. We record cash received in advance of revenue recognition as deferred revenue.

We periodically engage in transactions involving the exchange of certain advertising services for various goods and services from third parties (Barter transactions). These transactions are recorded at the estimated fair value of the goods or services received. Revenue from trade transactions is recognized when the related advertisements are broadcast. Expense is recognized when services or merchandise received are used.

Our revenues for the three and nine months ended September 30, 2012 and 2011 were principally derived from the following fees and services:

Interest Income. Interest revenues are generated from lending arrangements made by our Russian subsidiary OOO TOT Money.

License Fees. License fees are generated from customers who utilize Launchpad to operate and manage on-line contests.

Service Fees. Service fees are generated primarily from OOO TOT Money's payment processing and from A&R Music Live where aspiring artists pay industry professionals to review, critique and suggest improvements of music submitted on-line for review.

Advertising Revenue. Advertising revenue is generated by performance-based Internet advertising, such as cost-per-click, or CPC, in which an advertiser pays only when a user clicks on its advertisement that is displayed on our owned and operated websites; fees generated by users viewing third-party website banners and text-link advertisements; fees generated by enabling customer leads or registrations for partners; and fees from referring users to, or from users making purchases on, sponsors' websites. In determining whether an arrangement exists, we ensure that a binding arrangement is in place, such as a standard insertion order or a fully executed customer-specific

agreement. Obligations pursuant to our advertising revenue arrangements typically include a minimum number of impressions or the satisfaction of the other performance criteria. Revenue from performance-based arrangements, including referral revenues, is recognized as the related performance criteria are met.

In certain cases, we record revenue based on available and preliminary information from third parties. Amounts collected on the related receivables may vary from reported information based upon third party refinement of estimated and reported amounts owing that occurs typically within 30 days of the period end.

Subscription Services and Social Media Services. Subscription services revenue is generated through the sale of memberships to access content available on certain owned and operated websites and to be eligible to enter our contests. The majority of Openfilm's memberships have a one month term and renew automatically at the end of each month, if not previously cancelled. Membership revenue is recognized as billed.

Net Loss Per Share

Basic net loss per common share is computed by dividing net loss applicable to common stockholders by the weighted-average number of common shares outstanding during the period. Diluted net loss per common share is determined using the weighted-average number of common shares outstanding during the period, adjusted for the dilutive effect of common stock equivalents, consisting of shares issuable upon exercise of common stock options or warrants. In periods when losses are reported, the weighted-average number of common shares outstanding excludes common stock equivalents because their inclusion would be anti-dilutive.

Fair Value of Financial Instruments

Our financial instruments consist mainly of cash deposits, short-term payables and related party payables. We believe that the carrying amounts of third-party financial instruments approximate fair value, due to their short-term maturities.

Impairment of Long-Lived Assets

We review our long-lived assets for impairment whenever events or changes indicate that the carrying amount of an asset or group of assets may not be recoverable. No impairment losses were recorded during the nine months ended September 30, 2012 and the twelve months ended December 31, 2011.

Uncertain Tax Positions

We review uncertain tax positions on an ongoing basis and related reserves are adjusted in light of changing facts and circumstances, including progress of tax audits, developments in case law, and expirations of statutes of limitations. On October 22, 2012, the IRS abated \$53,000 in penalties (See Note 15).

NOTE 2. GOING CONCERN CONSIDERATIONS

Our condensed consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the settlement of liabilities and commitments in the normal course of business. We had negative cash flows from continuing operating activities of \$4,069,472 for the nine months ended September 30, 2012, and a working capital deficit of \$3,733,300 and accumulated deficit of \$57,620,045 at September 30, 2012.

The Company plans to increasingly generate most of its revenues from the mobile commerce payment processing platform from its subsidiary TOT Money. Failure to successfully develop that payment processing platform and maintain contracts with mobile phone carriers and content providers to use that platform, or failure to expand the Company's base of advertisers or generate and maintain high quality content on its websites could harm the Company's revenue prospects. The Company faces all of the risks inherent in a new business, including management's potential underestimation of initial and ongoing costs, and potential delays and other problems in connection with developing its technologies, Internet websites and operations.

Management is continuing with its plan to further grow and expand the Company's mobile commerce payment processing platform and leverage its existing entertainment and culture assets in emerging markets, particularly in Russia and surrounding countries. Management believes that its current operating strategy will provide the opportunity for us to continue as a going concern; however, there is no assurance this will occur. The accompanying condensed consolidated financial statements do not include any adjustments that might be necessary if we are unable to continue as a going concern.

Our independent auditors' report on our consolidated financial statements for the period ended December 31, 2011 contains an explanatory paragraph about our ability to continue as a going concern. Management believes that its current operating strategy, as described herein, provides the opportunity for the Company to continue as a going concern; however, there is no assurance this will occur.

NOTE 3. RESTRICTED CASH

Restricted cash of \$1,763,386 and \$0 as of September 30, 2012 and 2011 respectively consists of cash deposited by the Company in a segregated bank account pursuant to the Alfa Bank Credit Facility Agreement.

NOTE 4. SEGMENT INFORMATION

At September 30, 2011, our sole reportable business segment was our online businesses in music, film, motorsport and professional marketing services.

In June 2012, Net Element formed its indirect wholly-owned subsidiary OOO TOT Money (a Russian limited liability company) to adapt the existing revenue sharing platform used in Openfilm.com to a mobile commerce payment platform. TOT Money launched operations in Russia during the third quarter of 2012. TOT Money has entered into contracts with the three largest mobile phone operators in Russia, Mobile TeleSystems OJSC, MegaFon OJSC and OJSC VimpelCom, to facilitate payments using SMS (short message services, which is a text messaging service) and MMS (multimedia message services) for their mobile phone subscribers in Russia. TOT Money earns service fee revenues for payment processing. Net Element plans to increasingly generate most of its revenues from TOT Money's mobile commerce payment platform.

On July 12, 2012, TOT Money entered into a loan agreement pursuant to which it agreed to loan RM Invest up to a maximum of 200 million Russian rubles. The interest rate on the loan agreement is 10% from the date of advance to the date of repayment. The maximum loan amount was increased to 300 million Russian rubles on August 16, 2012. As of September 30, 2012, the outstanding principal loan balance was 298.5 million rubles. The stated maturity date of the loan was October 31, 2012. Currently, the parties are in discussions to refinance the loan for at least another six months. The General Director of TOT Money is a 20% shareholder in RM Invest.

The following summary reflects the TOT Money business operations for the three months ended September 30, 2012:

On February 1, 2011, we entered into a purchase agreement with Enerfund, LLC, a company controlled by Mike Zoi, to purchase all of the issued and outstanding interests in Motorsport, LLC, a Florida limited liability company that held 80% of the outstanding common stock of Motorsport.com, Inc., a Florida corporation engaged in the operation of a news and information website relating to the international motorsport industry. Motorsport, LLC purchased its 80% interest in Motorsport.com, Inc. on December 17, 2010. We paid Enerfund an aggregate of \$130,000 (exclusive of a \$20,000 contingent payment relating to the purchase of certain domain names) and agreed to take over responsibility for the obligations of Motorsport, LLC contained in the Stock Purchase Agreement dated December 17, 2010 pursuant to which Motorsport, LLC acquired its 80% interest in Motorsport.com, Inc., which obligations included, among other things, the aggregate payment to the original stockholders of Motorsport.com, Inc. of an additional \$450,000 payable in four quarterly installments, without interest, commencing on December 1, 2013. The domain names and related registrations were not purchased, as required, by June 16, 2011; hence the contingent amount (\$20,000) will not be paid. The original sellers have a security interest in the domain names of Motorsport.com, Inc. as collateral for payment of the additional purchase price.

On January 10, 2012, the terms of the December 17, 2010 Stock Purchase Agreement were amended, reducing the \$450,000 payment to \$300,000, payable in four annual cash installments of \$75,000 commencing January 10, 2012, plus the issuance of 1,333,333 shares of the Company's common stock on January 10, 2012. In addition, on January 10, 2012, Motorsport exercised its option to acquire the remaining 20% interest in Motorsport.com, Inc. held by the original stockholders for the issuance to the sellers of an aggregate of 3,333,333 shares of the Company's common stock. Also on February 1, 2011, we acquired Music1, LLC, a Florida limited liability company, from Enerfund, LLC (a company controlled by Mike Zoi), for an aggregate purchase price of \$15,000. Music1, LLC owns 97% of the

membership interests in A&R Music Live, LLC, a Georgia limited liability company that operates a website that provides a musical artist discovery service. NOTE 6. JOINT VENTURES AND NEW WHOLLY OWNED SUBSIDIARIES

We formed a joint venture in the Czech Republic, Korlea-TOT Energy s.r.o., in July 2008 with Korlea Invest Holding AG of Switzerland (“Korlea”). We invested \$56,000 in exchange for our 51% of the share capital in the joint venture. Korlea-TOT was expected to engage in marketing and trading of oil and natural gas in Eastern Europe. To date, the joint venture has not engaged in any significant operating activity. We deconsolidated Korlea-TOT as of January 1, 2011 and we have adjusted the investment to its net realizable value. We transferred our ownership interest in Korlea-TOT to Korlea on October 26, 2012 in exchange for a cash payment equal to 51% of the cash balance in the joint venture on the date of sale less certain costs to consummate the transaction (approximately \$31,000). See Note 16.

On March 17, 2011, we formed a wholly-owned subsidiary, Splinx, LLC, a Florida limited liability company. Splinx, LLC develops technology and web services for use in our products and services and certain other licensed applications focused in the areas of three dimensional (3D) imagery and video. During 2011, Splinx issued 15% of its equity to certain of its employees and consultants as incentive and equity based compensation.

Effective as of March 29, 2011, we entered into a joint venture arrangement (the "LegalGuru JV Agreement") with Curtis Wolfe in connection with the formation of LegalGuru LLC, a Florida limited liability company. The Company owns a 70% interest in LegalGuru LLC and Mr. Wolfe, who is a former director and Secretary of the Company and current Secretary of Net Element International, Inc. and Chief Executive Officer and Chairman of LegalGuru LLC, through Lobos Advisors, LLC (a company of which Mr. Wolfe is the President and managing member), owns a 30% interest in LegalGuru LLC.

On June 16, 2011, we entered into a Subscription Agreement with a related party that is employed by Yapik LLC, pursuant to which we sold a 15% ownership interest in our subsidiary Yapik LLC in exchange for a \$100,000 investment in Yapik LLC, which was received on June 20, 2011. The investor has an option, which is exercisable for 36 months, to convert the 15% ownership interest in Yapik LLC into 1,500,000 shares of common stock of the Company. This conversion right was exercised on October 2, 2012.

On April 24, 2012, we entered into an amended and restated joint venture agreement, dated as of December 31, 2011 (the "Amended Agreement"), with Curtis Wolfe regarding the Company's subsidiary LegalGuru LLC. The Amended Agreement amends and restates the LegalGuru JV Agreement described above (the "Original Agreement"). The Amended Agreement requires the Company and Mr. Wolfe to invest up to an aggregate of \$900,000 in LegalGuru LLC, with Mr. Wolfe investing up to an aggregate of \$100,000 and the Company investing up to an aggregate of \$800,000. As noted above, the Original Agreement required the Company and Mr. Wolfe to invest up to an aggregate of \$1,000,000 in LegalGuru LLC, with Mr. Wolfe investing up to an aggregate of \$200,000 and the Company investing up to an aggregate of \$800,000. In connection with the \$100,000 reduction in the amount required to be invested in LegalGuru LLC by Mr. Wolfe, Mr. Wolfe agreed to maintain his current salary until LegalGuru LLC generates at least \$500,000 in revenue. Mr. Wolfe has the right, for 36 months from March 29, 2011, to convert his interest in LegalGuru LLC into 3,000,000 shares of our common stock.

In June 2012, Net Element formed its indirect wholly-owned subsidiary OOO TOT Money (a Russian limited liability company) to adapt the existing revenue sharing platform used in Openfilm.com to a mobile commerce payment platform. Net Element plans to increasingly generate most of its revenues from the mobile commerce payment platform being developed by TOT Money. TOT Money launched operations in Russia during the third quarter of 2012, using its mobile commerce payment platform to facilitate payments using SMS (short message services, which is a text messaging service).

NOTE 7. GOODWILL AND INTANGIBLE ASSETS

We capitalize certain costs for website development projects. Specifically, we capitalize projects that are significant in terms of functional value added to the site. A capitalized project would be closer to a full product launch than an incremental or point release update. Costs for updates are expensed as incurred. Capitalized costs are amortized to depreciation and amortization expense over twenty-four months on a straight-line basis. We also capitalize start-up projects from the point of start to the point the application, service or website is publicly launched. Amortization is straight-line over twenty-four months and charged to depreciation and amortization. Impairment is reviewed quarterly to ensure only viable active project costs are capitalized.

Capitalized website development costs are included in other assets. For the three months ended September 30, 2012, we amortized \$71,103 to depreciation and amortization expense leaving a balance of \$402,585 for capitalized website development. For the three months ended September 30, 2012, we amortized \$11,599 in patent and other intangible expenses, leaving a balance of \$299,923 for capitalized patent costs and other intangible assets on that date. For the nine months ended September 30, 2012, we amortized \$166,239 of capitalized website development to depreciation and amortization expense. Additionally, we amortized \$44,355 of patent and other intangible assets to expense for the nine months ended September 30, 2012.

Edgar Filing: Net Element International, Inc. - Form 8-K/A

NOTE 8. FIXED ASSETS

NOTE 16. SUBSEQUENT EVENTS

On October 2, 2012, the Company completed its Merger with Cazador and the various transactions contemplated by the Merger Agreement, dated June 12, 2012 between Cazador and the Company. Immediately prior to the effectiveness of the Merger, Cazador changed its jurisdiction of incorporation by discontinuing as an exempted company in the Cayman Islands and continuing and domesticating as a corporation incorporated under the laws of the State of Delaware. Effective upon consummation of the Merger, (i) the Company was merged with and into Cazador, resulting in the Company ceasing to exist and Cazador continuing as the Surviving Company in the Merger, and (ii) Cazador changed its name to Net Element International, Inc. Pursuant to the terms of the Merger Agreement, upon completion of the Merger, each share of then-issued and outstanding common stock of Net Element was automatically cancelled and converted into the right to receive one-fortieth (1/40) of a share of the Company's Common Stock. The Merger is intended to qualify as a tax-free reorganization. Cazador was incorporated on April 2, 2010 for the purpose of effecting a merger, share capital exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more operating businesses or assets. Upon consummation of the Merger, the common stock, par value \$0.0001 per share, of the Surviving Company was listed on The NASDAQ Capital Market under the symbol "NETE."

To the extent a holder of Net Element common stock would receive fewer than 100 shares of common stock of the Surviving Company in the Merger, such holder will receive an additional number of shares of common stock of the Surviving Company to bring such holder's aggregate equity holdings in the Surviving Company to 100 shares of common stock. No fractional shares will be issued in the Merger; instead, the Surviving Company will issue one share of common stock to the holder of any shares of Net Element common stock that would otherwise be entitled to receive a fraction of a share of common stock of the Surviving Company.

Immediately prior to the effective time of the Merger, all outstanding shares of unvested restricted stock of Net Element accelerated and became fully vested and, at the effective time of the Merger, such shares were cancelled and converted into the right to receive shares of common stock of the Surviving Company on the same basis as other issued and outstanding shares of Net Element common stock as described above. Immediately prior to the effective time of the Merger, all outstanding convertible debt instruments of Net Element were converted into shares of Net

Element common stock pursuant to the terms of such instruments and, at the effective time of the Merger, such shares were cancelled and converted into the right to receive shares of common stock of the Surviving Company on the same basis as other issued and outstanding shares of Net Element common stock as described above. Immediately prior to the effective time of the Merger, all outstanding Net Element stock options and warrants (collectively, "Convertible Securities") accelerated and became fully vested and exercisable (to the extent that they were unvested). If the Convertible Securities were "in-the-money" (meaning that the exercise price was lower than the product obtained by multiplying the price of a Cazador ordinary share as of the close of The NASDAQ Capital Market on the day immediately prior to the closing date by 0.025, which product equaled \$0.25 (the "Cashless Share Price")), then, immediately prior to the effective time of the Merger, they were terminated and exercised into the number of shares of Net Element common stock that would have been issuable if the Convertible Securities were exercised on a cashless basis based on the Cashless Share Price, and, at the effective time of the Merger, such shares of Net Element common stock were cancelled and converted into the right to receive shares of common stock of the Surviving Company on the same basis as other issued and outstanding shares of Net Element common stock as described above. Any Convertible Securities that were "out-of-the-money" (meaning that the exercise price was equal to or higher than the Cashless Share Price) were cancelled at the effective time of the Merger and no consideration will be delivered in exchange therefor; provided that, with respect to "out-of-the-money" Net Element stock options that were granted to employees under Net Element's 2011 Equity Incentive Plan in lieu of cash compensation in connection with compensation reductions previously implemented by Net Element, employees had the right to be paid the amount of cash compensation that was previously foregone in connection with the compensation reductions. With respect to "in-the-money" Net Element stock options that were granted to employees under Net Element's 2011 Equity Incentive Plan in lieu of cash compensation in connection with compensation reductions previously implemented by Net Element, employees of Net Element were given a choice to, immediately prior to the effective time of the Merger, either (i) exercise such stock options on a cashless basis as described above or (ii) cancel all of such stock options and be paid the amount of cash compensation that was previously foregone in connection with the compensation reductions.

On October 8, 2012, the Company revised its intercompany note with OOO Net Element Russia to increase the loan amount available to \$8,100,000.

On October 26, 2012 the Company transferred its interest in Korlea-TOT Energy s.r.o. (Prague, Czech Republic) to the partnerships minority partner Korlea Invest Holding AG in exchange for CZK 756,758 (approximately \$39,097). The Company expects to receive these monies within 10 business days from closing date and will incur legal and filing expenses (approximately \$8,000) that will be billed separately.

On October 22, 2012, the Company received notice from the IRS that all assessed 5471 Penalties (\$53,000 for 2007, 2008 and 2009) were abated in appeals process. Accordingly, the company reversed \$53,000 in accrued tax penalty expense for the three months ended September 30, 2012. See Note 15.

On October 31, 2012, the Company executed a termination agreement and release with Roger Elliot providing a \$20,000 cash payment in exchange for content provided. No shares will be issued as a result of this settlement.

The unaudited financial statements of Cazador as of September 30, 2012 and for the three and nine months ended September 30, 2012 and 2011 and the period from April 20, 2010 (inception) to September 30, 2012 and the related notes;

The audited financial statements of Net Element as of December 31, 2011 and December 31, 2010 and the twelve and nine months ended December 31, 2011 and December 31, 2010, respectively, and the related notes incorporated herein by reference; and

The unaudited financial statements of Net Element as of September 30, 2012 and for the three and nine months ended September 30, 2012 and 2011 and the related notes included elsewhere in this document.

The unaudited pro forma consolidated combined financial information has been presented for informational purposes only and is not necessarily indicative of what the combined company’s financial position or results of operations actually would have been had the business combination been completed as of the dates indicated. In addition, the unaudited pro forma consolidated combined financial information does not purport to project the future financial position or operating results of the combined company.

The unaudited pro forma consolidated combined financial information has been prepared in accordance with the applicable guidance for business combinations under existing GAAP standards (i.e., ASC 805-10), which are subject to change and interpretation. As explained in more detail in the accompanying notes to the unaudited pro forma consolidated combined financial statements, the merger will be accounted for as a reverse recapitalization, whereby Net Element will be the continuing entity for financial reporting purposes and will be deemed, for accounting purposes, to be the acquiror of Cazador. Following the closing of the merger: (i) the current shareholders of Net Element hold a majority of the issued and outstanding shares of NEI Common Stock, on a fully diluted basis, and, therefore, have voting control of NEI; (ii) the senior management of Net Element are the majority of the senior management of NEI; (iii) the majority of the NEI board was appointed by Net Element as set forth in the Merger Agreement; and (iv) Net Element's operations are the core business of the combined entity following completion of the merger.

F-27

Therefore, in accordance with the applicable accounting guidance for a reverse capitalization, since Cazador is not determined to be the acquiror for accounting purposes, the accounting for the merger contemplated by the Merger Agreement will be similar to that of a capital infusion, as the only significant pre-merger assets of Cazador are cash and cash equivalents, which are already recognized by Cazador at fair value. No intangible assets or goodwill will be recognized as a result of the accounting for the merger. Net Element will record the shares of NEI Common Stock issued in exchange for shares of Net Element Common Stock based on the value of the assets and liabilities of Cazador as of the closing date of the merger.

The unaudited pro forma consolidated financial information does not reflect any cost savings, operating synergies or revenue enhancements that the combined companies may achieve as a result of the business combination or the costs to combine the operations of Cazador and Net Element or the costs necessary to achieve these cost savings, operating synergies and revenue enhancements.

The pro forma data and related notes, which should be read in their entirety, have been prepared using two different assumptions: (i) that none of the holders of Cazador Ordinary Shares exercise their redemption rights under the Cazador Cayman Charter; and (ii) that holders of 2,258,370, or approximately 49.09% of, Public Cazador Ordinary Shares exercise their redemption rights, which is the estimated maximum number of Public Cazador Ordinary Shares that may be redeemed whereby Cazador will continue have at least \$23.5 million of cash held in the trust account (after giving effect to payment of all holders of Public Cazador Ordinary Shares who exercise their redemption right but excluding payments to be made for transaction fees and related expenses and pay-off of related party debt), which was a condition to close the merger.

Notes to the Unaudited Pro Forma Consolidated Combined Financial Statements

Note 1: Description of the business combination

Net Element International, Inc. (formerly Cazador Acquisition Corporation Ltd.) (hereafter, “Cazador”) and Net Element, Inc. (“Net Element”) have entered into the Merger Agreement pursuant to which, on October 2, 2012, Net Element merged with and into Cazador, with Cazador as the surviving entity, under the name of Net Element International, Inc. (“NEI”). As a result of the transaction contemplated by the Merger Agreement, former Net Element shareholders own shares of NEI Common Stock, which are listed for trading on The NASDAQ Stock Market.

As a condition to the closing of the transaction, Cazador changed its jurisdiction of incorporation from the Cayman Islands to Delaware by effecting the Cazador domestication. On the effective date of the Cazador domestication, each Cazador Ordinary Share that was issued and outstanding converted into one share of NEI Common Stock. Similarly, outstanding options, warrants and other rights to acquire Cazador Ordinary Shares became options, warrants or rights to acquire the corresponding shares of NEI Common Stock. No other changes were made to the terms of any outstanding options, warrants and other rights to acquire Cazador Ordinary Shares as a result of the Cazador domestication.

Pursuant to the terms of the Merger Agreement, upon completion of the merger, each share of then-issued and outstanding Net Element Common Stock (other than Net Element excluded shares, which were cancelled upon effectiveness of the merger) were automatically cancelled and converted into the right to receive the number of shares of NEI Common Stock equal to the Exchange Ratio. The Exchange Ratio is 0.025 shares of NEI Common Stock per share of Net Element Common Stock, which reflects a 256% premium over the last reported sale price of the Net Element Common Stock on the OTCQB electronic quotation system of \$0.07 per share on August 31, 2012. The Exchange Ratio was subject to adjustment to reflect appropriately the effect of any stock split, reverse stock split, stock dividend, extraordinary cash dividends, reorganization, recapitalization, reclassification, combination, exchange of shares or other like change, although no such events have occurred. However, the Exchange Ratio was not subject to adjustment to reflect any changes in the market prices of Cazador Ordinary Shares, NEI Common Stock or Net Element Common Stock. Notwithstanding the foregoing, to the extent a holder of Net Element Common Stock would have received fewer than 100 shares of NEI Common Stock as a result of the Exchange Ratio, Cazador issued to such a holder an additional number of shares of NEI Common Stock so that such holder would receive, in the aggregate, 100 shares of NEI Common Stock in connection with the merger.

Note 2: Basis of presentation

Both Net Element and Cazador prepare their financial statements in accordance with US GAAP. In determining the accounting treatment of the transactions contemplated by the Merger Agreement, the respective management of Cazador and Net Element has evaluated all the criteria set forth in Accounting Concept Statement Topic 805 – 10, “*Business Combinations — Overall*” (“ASC 805 – 10”), which essentially provides that in identifying the acquiring entity in a combination effected through an transfer of additional assets and exchange of equity interest, all pertinent facts and circumstances must be considered, including the relative voting rights of the shareholders of the constituent companies in the combined entity, the composition of the board of directors and senior management of the combined company, the relative size of each company and the terms of the exchange of additional assets and equity securities in the business combination, including payment of any premium. There is no hierarchical guidance on determining the acquiror in a transaction effected through an exchange of equity interests.

The respective management of Net Element and Cazador have concluded that Cazador is not the accounting acquiror based on their evaluation of the following facts and circumstances of the merger.

- Net Element is the larger of the two entities and is the only operating company of the combining companies;

· five out of seven of the members of the NEI board following the completion of the merger were appointed by Net Element as set forth in the Merger Agreement. These five directors were members of the board of directors of Net Element prior to the merger;

the senior management of Net Element prior to the merger continue to retain the majority of the senior management of NEI following completion of the merger;

following completion of the business combination, the holders of Net Element Common Stock prior to the merger hold a majority of the issued and outstanding shares of NEI Common Stock, on a fully diluted basis, and, therefore, have voting control of NEI; and

prior to the merger, Cazador was a blank check special purpose acquisition company formed for the sole purpose of effecting a business combination. Therefore, prior to the merger, Cazador was considered a shell company with no operations, and, therefore, essentially continues with Net Element's operations as its core business following completion of the business combination.

Based on the above facts, the respective management of Net Element and Cazador believe that Cazador is not considered as the accounting acquiror, and therefore, the merger contemplated by the Merger Agreement will be accounted for as a reverse recapitalization. The accounting of the merger will be similar to that of a capital infusion, as the only significant pre-merger assets of Cazador consist of cash and cash equivalents. No intangible assets or goodwill will be recognized as a result of the merger; accordingly, Net Element will record the shares of NEI Common Stock issued in exchange for shares of Net Element Common Stock based on the carrying value of the assets and liabilities received as of the closing date of the merger.
