Item 1.01 Entry into a Material Definitive Agreement

Secured Convertible Notes

On June 3, 2014, Vuzix Corporation (the “**Company**”) entered into a Securities Purchase Agreement (the “**Purchase Agreement**”) with various institutional shareholders (the “**Investors**”) whereby the Company issued and sold to Investors a total of \$3,000,000 in 5% Senior Secured Convertible Notes (the “**Notes**”) in a private placement transaction. There are no scheduled principal payments on the Notes, which are due on June 3, 2017. Interest is payable quarterly in shares of the Company’s Common Stock, provided certain conditions are met. The Notes are convertible into common stock at an initial conversion price of \$2.25 per share, subject to adjustment as set forth in the Note, and are secured by all the present and future assets of the Company and its subsidiaries pursuant to a security agreement, dated June 3, 2014 (the “**Security Agreement**”). The Company is not otherwise permitted to prepay any portion of the principal amount of the Notes without the prior written consent of the Investors. Pursuant to a registration rights agreement, dated June 3, 2014 (the “**Registration Rights Agreement**”), the Company has agreed to file a registration statement(s), relating to the resale of common stock issuable upon conversion of the Notes and interest by the Investors, within 30 days and to cause such registration statement to become effective within 120 days after it is filed.

The Notes and related Security Agreement contains certain customary Events of Default (including, but not limited to, default in payment of principal or interest thereunder, breaches of covenants, agreements, representations or warranties thereunder, the occurrence of an event of default under certain material contracts of the Company, including the transaction documents relating to this Note Transaction, changes in control of the Company and the entering or filing of certain monetary judgments against the Company). Upon the occurrence of any such Event of Default, the outstanding principal amount of the Debenture, plus liquidated damages, interest and other amounts owing in respect thereof through the date of acceleration, shall become, at the Investors’ election, immediately due and payable in cash. Commencing five days after the occurrence of any Event of Default, the interest rate on the Debenture shall accrue at an interest rate equal to the lesser of 16% per annum or the maximum rate permitted under applicable law. The Company is also subject to certain customary non-financial covenants under the Note and related Security Agreement.

The Company granted the Investors a first priority security interest in all of the present and future assets of the Company and its subsidiaries, including the equity interests of its subsidiaries, to secure the prompt payment, performance and discharge in full of all of the Company’s obligations under the Notes in accordance with the Security Agreement.
