EXPLANATORY NOTE

This amendment to the Quarterly Report on Form 10-Q/A (“Amendment No. 1”) is being filed in order to correct previously disclosed pro forma information in *Note 3 — Acquisitions* in the financial statements included in the original Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2014, filed on November 13, 2014 (the “Original Filing”).

These corrections have no impact, for any previously reported interim or annual period, on the Company’s consolidated balance sheets, consolidated statements of income and comprehensive income, consolidated statements of stockholders’ equity, or consolidated statements of cash flows, or any note related to such financial statements (other than Note 3).

A detailed description of the amended financial information is set forth in this Amendment No. 1 under *Note 3 — Acquisitions* to the Company's Consolidated Financial Statements, which presents a reconciliation between pro forma information in Note 3 contained in the Original Filing and adjusted pro forma information in Note 3 contained in this Amendment No. 1, relating to unaudited pro-forma revenue, unaudited pro-forma net income, and unaudited pro-forma basic and diluted earnings per share, each giving effect to the acquisitions of Exhaust Technologies, Inc., Universal Air Tool Company Limited, and Air Tool Service Company, as if they were consummated on January 1, 2013. Amendment No. 1 also amends the Company’s disclosures relating to the Company’s controls and procedures.

This Amendment No. 1 amends only Item 1 (Financial Statements) and Item 4 (Controls and Procedures) of Part I of the Original Filing as discussed above. The Company is also updating the Signature Page, Exhibit Index and certifications of our Chief Executive and Financial Officers contained in Exhibits 31.1, 31.2, 32.1 and 32.2. Except for the foregoing amended information, this Amendment No. 1 continues to describe conditions as of the date of the Original Filing, and the Company has not updated the disclosures contained herein to reflect events that occurred at a later date.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (unaudited)

NOTE 1 - SUMMARY OF ACCOUNTING POLICIES

Basis of Financial Statement Presentation

The accompanying unaudited Consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”) for interim financial information, and with the rules and regulations of the Securities and Exchange Commission regarding interim financial reporting. Accordingly, these interim financial statements do not include all of the information and footnotes required by GAAP for complete financial statements. In the opinion of the Company, as defined below, these unaudited consolidated financial statements include all adjustments necessary to present fairly the information set forth therein. All such adjustments are of a normal recurring nature. Results for interim periods are not necessarily indicative of results to be expected for a full year.

The consolidated balance sheet information as of December 31, 2013 was derived from the audited Consolidated financial statements included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2013. The interim financial statements contained herein should be read in conjunction with that Report.

The consolidated financial statements have been reported in U.S. dollars by translating asset and liability amounts of a foreign wholly-owned subsidiary at the closing exchange rate, equity amounts at historical rates and the results of operations and cash flow at the average of the prevailing exchange rates during the periods reported. As a result, the Company is exposed to foreign currency translation gain or losses. These gains or losses are presented in its Consolidated Financial Statements as “Other comprehensive income (loss) - foreign currency translation adjustments”.

Principles of Consolidation

The unaudited Consolidated financial statements contained herein include the accounts of P&F Industries, Inc. and its subsidiaries, (“P&F” or the “Company”). All significant intercompany balances and transactions have been eliminated in consolidation. Certain amounts in the financial statements and related footnotes have been reclassified to conform to

classifications used in the current year.

The Company

The Company operates in two primary lines of business, or segments: (i) tools and other products (“Tools”) and (ii) hardware and accessories (“Hardware”).

Tools

The Company conducts its Tools business through a wholly-owned subsidiary, Continental Tool Group, Inc. (“Continental”), which in turn currently operates through its wholly-owned subsidiaries, Florida Pneumatic Manufacturing Corporation (“Florida Pneumatic”) and Hy-Tech Machine, Inc. (“Hy-Tech”). During the third quarter of 2014, the Company acquired Exhaust Technologies Inc. and Universal Air Tool Company Limited. Both companies are subsidiaries of Florida Pneumatic. Additionally, during the third quarter of 2014, the Company acquired substantially all the assets of Air Tool Service Company, which business operates through a company, which is a wholly-owned subsidiary of Hy-Tech. (See Note 3 – Acquisitions, for additional information relating to these acquisitions)

Florida Pneumatic is engaged in the importation and sale of pneumatic hand tools, primarily for the retail, industrial and automotive markets, and the importation and sale of compressor air filters. Florida Pneumatic also markets, through its Berkley Tool division (“Berkley”), a product line which includes pipe and bolt dies, pipe taps, wrenches, vises and stands, pipe and tubing cutting equipment, hydrostatic test pumps, and replacement electrical components for a widely-used brand of pipe cutting and threading machines.

Hy-Tech manufactures and distributes its own line of industrial pneumatic tools. Hy-Tech also produces and markets impact wrenches, grinders, drills, and motors. Further, it also manufactures tools to customer specifications. Its customers include refineries, chemical plants, power generation, heavy construction, oil and mining companies. In addition, Hy-Tech manufactures an extensive line of pneumatic tool replacement parts that are sold competitively to the original equipment manufacturer (“OEM”). It also manufactures and distributes high pressure stoppers for hydrostatic testing fabricated pipe, gears, sprockets, splines and racks and produces a line of siphons.

Hardware

The Company conducts its Hardware business through a wholly-owned subsidiary, Countrywide Hardware, Inc. (“Countrywide”). Countrywide conducts its business operations through its wholly-owned subsidiary, Nationwide Industries, Inc. (“Nationwide”). Nationwide is an importer and manufacturer of door, window and fencing hardware and accessories, including rollers, hinges, window operators, sash locks, custom zinc castings and door closers.

Additionally, Nationwide marketed a Kitchen and Bath product line. However, effective November 12, 2013, Nationwide sold to an unrelated third party all inventory, intangibles and certain fixed assets attributable to its Kitchen and Bath product line.

Management Estimates

The preparation of financial statements and related disclosures in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses in those financial statements. Certain significant accounting policies that contain subjective management estimates and assumptions include those related to revenue recognition, inventory, goodwill, intangible assets and other long-lived assets, income taxes and deferred taxes. Descriptions of these policies are discussed in the Company’s Annual Report on Form 10-K for the year ended December 31, 2013. Management evaluates its estimates and assumptions on an ongoing basis using historical experience and other factors, including the current economic environment, and makes adjustments when facts and circumstances dictate. As future events and their effects cannot be determined with precision, actual results could differ significantly from those estimates and assumptions. Significant changes, if any, in those estimates resulting from continuing changes in the economic environment will be reflected in the Consolidated financial statements in future periods.

Recently Adopted Accounting Standards

Management does not believe that any recently issued, but not yet effective accounting standards, if currently adopted would have a material effect on our Consolidated financial statements.

NOTE 2 - EARNINGS PER SHARE

Basic earnings per common share is based only on the average number of shares of common stock outstanding for the periods. Diluted earnings per common share reflect the effect of shares of common stock issuable upon the exercise of

options, unless the effect on earnings is antidilutive.

Diluted earnings per common share is computed using the treasury stock method. Under this method, the aggregate number of shares of common stock outstanding reflects the assumed use of proceeds from the hypothetical exercise of any outstanding options to purchase shares of the Company's Class A Common Stock ("Common Stock"). The average market value for the period is used as the assumed purchase price.

The following table sets forth the elements of basic and diluted earnings per common share:

	Three months ended September 30,		Nine months ended September 30,	
	2014	2013	2014	2013
Numerator for basic and diluted earnings per common share:				
Net income	\$816,000	\$810,000	\$1,850,000	\$2,306,000
Denominator:				
For basic earnings per share - weighted average common shares outstanding	3,792,000	3,694,000	3,737,000	3,684,000
Dilutive securities (1)	176,000	218,000	180,000	204,000
For diluted earnings per share - weighted average common shares outstanding	3,968,000	3,912,000	3,917,000	3,888,000

(1) Dilutive securities consist of "in the money" stock options.

At September 30, 2014 and 2013 and during the three and nine-month periods ended September 30, 2014 and 2013, there were outstanding stock options whose exercise prices were higher than the average market values of the underlying Class A Common Stock for the period. These options are antidilutive and are excluded from the computation of earnings per share. The weighted average antidilutive stock options outstanding were as follows:

	Three months ended		Nine months ended	
	September 30,		September 30,	
	2014	2013	2014	2013
Weighted average antidilutive stock options outstanding	184,000	296,000	232,000	236,000

NOTE 3 – ACQUISITIONS

Exhaust Technologies Inc.

On July 1, 2014, the Company acquired Exhaust Technologies, Inc. (“ETI”), a developer and distributor of pneumatic tools, through a merger between a newly formed wholly-owned subsidiary of Florida Pneumatic and ETI. ETI markets its AIRCAT and NITROCAT brand pneumatic tools primarily to the automotive market. ETI’s business will operate through Florida Pneumatic. The purchase price for this acquisition consisted of \$10,377,000 in cash plus the assumption of certain payables. The Company financed this acquisition from the Company's Revolver Loan (“Revolver”) provided for within the Credit Agreement with Capital One Business Credit Corp. (“COBC”), which is further described in Note 8 to these Consolidated Financial Statements

Universal Air Tool Company Limited

On July 29, 2014, the Company acquired all of the outstanding shares of Universal Air Tool Company Limited (“UAT”), a distributor of pneumatic tools. The purchase price for this acquisition consisted of approximately \$1,950,000 in cash and is subject to a post-closing working capital adjustment. In addition, there is a potential contingent consideration payment due to the former shareholders of UAT of a maximum of approximately \$400,000. UAT, located in High Wycombe, England, markets pneumatic tools to the automotive market sector primarily in the United Kingdom and Ireland. The Company financed this acquisition from the Company's Revolver.

Air Tool Service Company

Edgar Filing: P&F INDUSTRIES INC - Form 10-Q/A

On August 13, 2014, the Company, through a newly formed wholly owned subsidiary of Hy-Tech, acquired substantially all of the assets comprising the business of Air Tool Service Company (“ATSCO”), an Ohio based corporation engaged in the design, manufacture and distribution of pneumatic tools and parts. The purchase price consisted of approximately \$7,659,000 in cash and the assumption of certain payables and liabilities, and is subject to a post-closing working capital adjustment. The Company financed this acquisition from the Company's Revolver and a new Term Loan provided for within the Credit Agreement with COBC, which is further described in Note 8 to these Consolidated Financial Statements

The purchase price for the acquisitions completed during the three-month period ended September 30, 2014 was as follows:

	ETI	UAT	ATSCO	Total
Cash paid at closing	\$9,850,000	\$1,947,000	\$7,659,000	\$19,456,000

The excess of the total purchase price over the fair value of the net assets acquired, including the value of the identifiable intangible assets, has been allocated to goodwill. Goodwill attributable to ATSCO will be amortized for fifteen years for tax purposes, but not deductible for financial reporting purposes. Goodwill attributable to ETI and UAT is not amortizable for tax purposes or deductible for financial reporting purposes. The fair values and estimated lives of the identifiable intangible assets are based on current information and are subject to change. The ATSCO intangible assets subject to amortization will be amortized over fifteen years for tax purposes. The ETI and UAT intangible assets are not subject to amortization for tax purposes. For financial reporting purposes, useful lives have been assigned as follows:

In connection with one of the aforementioned transactions, the Company, in accordance the Accounting Standards Codification 740-10, recorded in Accrued liabilities an uncertain tax position of \$866,000 on its Consolidated Balance Sheet as of September 30, 2014. The parties to such transaction entered into a tax exposure-related escrow agreement which the Company believes adequately covers the entire potential exposure related to the uncertain tax position, and as a result, such liability was offset by an indemnification asset recorded in Prepaid expenses and other current assets in the Consolidated Balance Sheet.

The number of shares of Common Stock available for issuance under the 2012 Stock Incentive Plan as of September 30, 2014 was 194,517. At September 30, 2014, there were 113,500 options outstanding, issued under the 2012 Stock Incentive Plan and 397,000 options outstanding issued, under the 2002 Stock Incentive Plan.

Treasury Stock

On March 31, 2014, the Company received 792 shares of its Common Stock, tendered as payment for the exercise of options to purchase 1,500 shares of Common Stock. The value of the tendered shares of Common Stock, was approximately \$6,000, and was based on the fair value of such shares, determined by closing price of the Company's Common Stock on the day prior. The Company recorded this transaction as an increase to its Treasury Stock.

Restricted Stock

On May 21, 2014, the Company granted 666 restricted shares of its common stock to each non-employee member of its Board of Directors totaling 3,330 restricted shares. These restricted shares cannot be traded earlier than the first anniversary of the grant date. The Company determined the fair value of these shares to be \$7.43, which was the closing price of the Company's Common Stock on the date of the grant. As a result of the aforementioned grants, the Company will recognize non-cash director fees expense of approximately \$2,100 per month in its selling, general and administrative expenses through May 2015.

The weighted average amortization period for intangible assets was 10.3 years at September 30, 2014 and 6.8 years at December 31, 2013.

NOTE 8 - DEBT

SHORT-TERM LOANS

P&F, along with Florida Pneumatic, Hy-Tech and Nationwide, as borrowers, entered into a Loan and Security Agreement in October 2010, as amended (“Credit Agreement”), with Capital One Business Credit Corp., formerly known as Capital One Leverage Finance Corporation, as agent and lender (“COBC”). The Credit Agreement expires December 19, 2017, (the “Maturity Date”). Further, the Credit Agreement provides for a Revolver Loan (“Revolver”), borrowings under which are secured by the Company’s accounts receivable, mortgages on its real property located in Cranberry, PA, Jupiter, FL and Tampa, FL (“Real Property”), inventory and equipment, and are cross-guaranteed by certain of our subsidiaries (the “Subsidiary Guarantors”). Revolver borrowings bear interest at either LIBOR (London InterBank Offered Rate) or the Base Rate, as defined in the Credit Agreement (“Base Rate”), plus the Applicable Margin (the “Applicable Margin”), as defined in the Credit Agreement. The interest rate, either LIBOR or Base Rate, which is added to the Applicable Margin, is at the option of the Company, subject to limitations on the number of LIBOR borrowings.

Contemporaneously with the ATSCO acquisition described in Note 3, the Company, on August 13, 2014, entered into an Amended and Restated Loan and Security Agreement, (the “Restated Loan Agreement”), with COBC. The Restated Loan Agreement, among other things, amended the Credit Agreement by: (1) increasing the total amount of the credit facility to approximately \$33,657,000, (2) increasing the Revolver from \$20,000,000 to \$22,000,000, (3) creating a new Term Loan, as defined in the Restated Loan Agreement (“Term Loan B”), and (4) re-designating as “Term Loan A”, the previously existing outstanding Term Loan, which relates primarily to the Company’s real property. In addition, the Restated Loan Agreement also reset certain financial covenants.

At September 30, 2014 and December 31, 2013, the balance of Revolver borrowings outstanding was \$14,419,000 and \$360,000, respectively. The primary cause for the increase in the Company’s Revolver balance at September 30, 2014, was due to the funding necessary to complete the acquisitions of ETI, UAT and ATSCO that occurred during the third quarter of 2014. Applicable Margins added to Revolver borrowings at LIBOR and the Base Rate were 2.0% and 1.0%, respectively at September 30, 2014 and were 1.75% and 0.75%, respectively, at December 31, 2013.

The Company is required to provide, among other things, monthly financial statements, monthly borrowing base certificates and certificates of compliance with various financial covenants. The Company believes that at September 30, 2014, it is in compliance with all covenants. As part of the Credit Agreement, if an event of default occurs, COBC has the option to, among other things, increase the interest rate by two percent per annum during the period of default.

LONG-TERM LOANS

The Restated Loan Agreement also provides for a \$6,533,000 Term Loan A, which is secured by mortgages on the Real Property, accounts receivable, inventory and equipment. Term Loan borrowings incur interest at LIBOR or the Base Rate plus the Applicable Margins, which were 3.0% and 2.0%, respectively, at September 30, 2014 and December 31, 2013.

Additionally, the Restated Loan Agreement provides for a Term Loan B, pursuant to which the Company borrowed the maximum principal amount of \$3,000,000 as part of the ATSCO acquisition. This Term Loan B is to be repaid in 36 consecutive monthly payments of \$83,000, with an additional mandatory repayment each year equal to 50% of the Company's Excess Cash Flow (as defined in the Restated Loan Agreement) for such year, if any. Term Loan B borrowings incur interest at LIBOR or the Base Rate plus the Applicable Margins, which was 3.25% and 2.25% at September 30, 2014.

The Company borrowed \$380,000 and \$519,000 in March 2012 and September 2012, respectively, as loans primarily for machinery and equipment ("Capex Term Loans"). Applicable Margins added to these Capex Term Loans at both September 30, 2014 and December 31, 2013 were 3.00% and 2.00%, for borrowings at LIBOR and the Base Rate, respectively.

Long-term debt consists of:

	September 30, 2014	December 31, 2013
Term Loan A - \$23,000 payable monthly January 2013 through December 2017, balance due December 19, 2017.	\$ 6,510,000	\$ 6,720,000
Term Loan B - \$83,000 payable monthly September 2014 through August 2017.	2,917,000	—
Capex Term Loan - \$6,000 payable monthly May 2012 through April 2017.	197,000	254,000

Less current maturities	1,460,000	460,000
	\$ 8,475,000	\$ 6,903,000

NOTE 9 - RELATED PARTY TRANSACTIONS

The president of one of the Company's subsidiaries is part owner of one of that subsidiary's vendors. During the three and nine-month periods ended September 30, 2014, the Company purchased approximately \$254,000 and \$672,000, respectively, of product from this vendor. During the three and nine-month periods ended September 30, 2013, the Company purchased approximately \$120,000 and \$622,000, respectively, of product from this vendor. At September 30, 2014 and 2013, the Company owed this vendor \$84,000 and \$49,000, respectively. All transactions were made at arms-length.

NOTE 10 - BUSINESS SEGMENTS

P&F operates in two primary lines of business, Tools and Hardware. For reporting purposes, Florida Pneumatic and Hy-Tech are combined in the Tools segment, while Nationwide is currently the only subsidiary in the Hardware segment. The Company evaluates segment performance based primarily on segment operating income. The accounting policies of each of the segments are the same as those referred to in Note 1.

NOTE 11 - SUBSEQUENT EVENT

On October 14, 2014, the Company acquired 208,325 shares of the Company's Class A Common Stock from Timothy J. Stabosz in a privately negotiated transaction pursuant to a purchase agreement, at a purchase price of \$7.60 per share, which was at a discount to the then market price of the Company's Common Stock, with an aggregate purchase price of approximately \$1,583,000. The purchase agreement contains certain covenants, including standstill restrictions imposed on the Seller with respect to shares of Common Stock for a three-year period.

Item 4. Controls and Procedures

Disclosure Controls and Procedures

We maintain disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) that are designed to ensure that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to management, including our principal executive officer and principal financial officer, as appropriate, to allow timely decisions regarding required disclosure. As required by Exchange Act Rule 13a-15(b), as of the end of the period covered by this Quarterly Report, with the participation of our principal executive officer and principal financial officer, we evaluated the effectiveness of our disclosure controls and procedures. Our principal executive officer and principal financial officer concluded that our disclosure controls and procedures were not effective as of September 30, 2014 because of the material weakness in our internal control over financial reporting described below.

Material Weakness in Internal Control over Financial Reporting

In connection with an internal review of the Company's consolidated financial statements, we concluded that there was a material weakness in our internal control over financial reporting as of September 30, 2014. A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the Company's annual or interim financial statements will not be prevented or detected on a timely basis.

This material weakness related to the Company's review process of a spreadsheet that was utilized to prepare the Company's pro-forma footnote, the impact of which is discussed further in the Explanatory Note to this Amendment No. 1 and in Note 3 - Acquisitions to the consolidated financial statements included in Item 1 of this Amendment No. 1. As a result of such material weakness, the Company restated Note 3 to the consolidated financial statements for the three and nine-month periods ended September 30, 2014, to correct the computation of certain unaudited pro-forma financial information contained in Note 3, which information gives effect to the acquisitions of ETI, UAT and ATSCO, as if they were consummated on January 1, 2013.

The Company is committed to remediating the material weakness by implementing changes to our internal control over financial reporting. We have already implemented additional procedures to address the underlying causes of the material weakness prior to filing this Amendment No. 1, and we plan to continue to implement changes and improvements in the internal control over financial reporting to remediate the control deficiency that caused the material weakness. We plan to continue to assess the effectiveness of our remediation efforts with our future assessments of the effectiveness of internal control over financial reporting.

Changes in Internal Control over Financial Reporting

There was no change in our internal control over financial reporting, identified in connection with the evaluation required by Exchange Act Rule 13a-15(d), that occurred during our most recently completed fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.
