AMREP CORPORATION AND SUBSIDIARIES

Notes to Consolidated Financial Statements (Unaudited)

Six Months Ended October 31, 2017 and 2016

(1) BASIS OF PRESENTATION

The accompanying unaudited consolidated financial statements have been prepared by AMREP Corporation (the “Company”) pursuant to the rules and regulations of the Securities and Exchange Commission (the “SEC”) for interim financial information, and do not include all the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. The Company, through its subsidiaries, is primarily engaged in two business segments: the real estate business operated by AMREP Southwest Inc. (“AMREP Southwest”) and its subsidiaries and the fulfillment services business operated by Palm Coast Data LLC (“Palm Coast”) and its affiliates. The Company’s foreign sales are insignificant. All significant intercompany accounts and transactions have been eliminated in consolidation.

In the opinion of management, these unaudited consolidated financial statements include all adjustments, which are of a normal recurring nature, considered necessary to reflect a fair presentation of the results for the interim periods presented. The results of operations for such interim periods are not necessarily indicative of what may occur in future periods. Unless otherwise qualified, all references to 2018 and 2017 are to the fiscal years ending April 30, 2018 and 2017 and all references to the second quarter and first six months of 2018 and 2017 mean the fiscal three month and six month periods ended October 31, 2017 and 2016.

The unaudited consolidated financial statements herein should be read in conjunction with the Company’s annual report on Form 10-K for the year ended April 30, 2017, which was filed with the SEC on July 18, 2017 (the “2017 Form 10-K”). Certain 2017 balances in these financial statements have been reclassified to conform to the current year presentation with no effect on the net income or shareholders’ equity.

Recently Issued Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board (the “FASB”) issued Accounting Standards Update (“ASU”) No. 2014-09, *Revenue from Contracts with Customers*. Since that date, the FASB has issued additional ASUs providing further revenue recognition guidance (collectively, “Topic 606”). Topic 606 clarifies the principles for recognizing revenues and costs related to obtaining and fulfilling customer contracts, with the objective of improving financial reporting. The core principle of Topic 606 is to recognize revenues when promised goods or services are transferred to

customers in an amount that reflects the consideration the Company expects to receive in exchange for those goods or services. Topic 606 defines a five-step process to achieve this core principle, and more judgment and estimates may be required under Topic 606 than are currently required under generally accepted accounting principles. The two permitted transition methods under Topic 606 are (i) the full retrospective method, in which case the standard would be applied to each prior reporting period presented, or (ii) the modified retrospective method, in which case the cumulative effect of applying the standard would be recognized at the date of adoption. The Company intends to use the modified retrospective transition method upon adoption. In August 2015, the FASB issued ASU No. 2015-14, *Revenue from Contracts with Customers (Topic 606): Deferral of the Effective Date*, which deferred the required adoption date until May 1, 2018, although an earlier adoption is permitted. The Company does not intend to early adopt Topic 606.

The Company has established an implementation team to evaluate the impact of Topic 606 on the Company's accounting policies, processes and system requirements, as well as its consolidated financial statements. Depending on the results of the evaluation, there could be changes to the timing of recognition of revenues and related costs. As the Company considers itself to be in the early stages of its evaluation of the impact of Topic 606, the Company does not know and cannot reasonably estimate quantitative information related to the impact of these new ASUs on its consolidated financial statements, including the effect on the Company's operating results, if any. The implementation team has reported its progress on its evaluation to the Audit Committee of the Company's Board of Directors.

In February 2016, the FASB issued ASU No. 2016-02, *Leases*. ASU 2016-02 requires that a lessee recognize the assets and liabilities that arise from operating leases. A lessee should recognize in its balance sheet a liability to make lease payments and a right-of-use asset representing its right to use the underlying asset for the lease term. For leases with a term of twelve months or less, a lessee is permitted to make an accounting policy election by class of underlying asset not to recognize lease assets and lease liabilities. In transition, lessees and lessors are required to recognize and measure leases at the beginning of the earliest period presented using a modified retrospective approach. This ASU will be effective for the Company for fiscal year 2020 beginning on May 1, 2019. The Company has not yet concluded how the new standard will impact its consolidated financial statements.

In August 2016, the FASB issued ASU 2016-15, *Statement of Cash Flows (Topic 230): Classification of Certain Cash Receipts and Cash Payments*. The purpose of ASU 2016-15 is to reduce the diversity in practice regarding how certain cash receipts and cash payments are presented and classified in the statement of cash flows. ASU 2016-15 is effective for the Company's fiscal year 2019 beginning May 1, 2018. Early adoption is permitted, but the Company does not intend to early adopt ASU 2016-15. A retrospective transition method is to be used in the application of this amendment. The adoption of ASU 2016-15 by the Company is not expected to have a material effect on its consolidated financial statements.

(6) OTHER LIABILITIES AND DEFERRED REVENUE; OTHER REVENUES

Refer to Note 9 to the consolidated financial statements contained in the 2017 Form 10-K for detail about the settlement agreement entered into between Palm Coast and the State of Florida in the first quarter of 2018. As a result of the settlement agreement, in the first quarter of 2018, Palm Coast reduced its previously recorded liability of \$3,000,000 and a related \$26,000 interest accrual by \$1,620,000 to \$1,406,000 by recognizing a pre-tax gain of \$1,318,000 and recording a deferred gain of \$302,000. In connection with the settlement, Palm Coast made a payment of \$163,000 to the State of Florida during the first quarter of 2018 thereby reducing its remaining liability to \$1,243,000. The \$1,318,000 pre-tax gain is included in Other revenues in the accompanying financial statements. The deferred gain of \$302,000 was reduced to \$262,000 as of October 31, 2017, which \$262,000 will be recognized over a period of seven and a half years from October 31, 2017.

In addition, refer to Note 10 to the consolidated financial statements contained in the 2017 Form 10-K for detail about the Oil and Gas Lease and the Addendum thereto with Thrust Energy, Inc. and Cebolla Roja, LLC. No royalties under the Lease were received during the first quarter of 2018. Revenue from this transaction is being recorded over the lease term and approximately \$57,000 and \$114,000 was recognized during the second quarter and first six months of each of 2018 and 2017. At October 31, 2017, there was \$189,000 of deferred revenue remaining to be recognized before the end of the lease term in September 2018.

During the first quarter of 2017, a subsidiary of AMREP Southwest sold a single tenant retail commercial building in Rio Rancho, New Mexico, which resulted in a pre-tax gain of \$1,496,000 that was included in Other revenues for that quarter.

Other revenues for the second quarter and first six months of 2018 and 2017 consist of:

	Second Quarter of 2018 of 2017 (in thousands)

(7) BENEFIT PLANS

Retirement plan

The Company has a defined benefit retirement plan for which accumulated benefits were frozen and future service credits were curtailed as of March 1, 2004. The Company has secured \$4,535,000 of accrued pension-related obligations with first lien mortgages on certain real property in favor of the Pension Benefit Guaranty Corporation (the "PBGC"). On an annual basis, the Company is required to provide updated appraisals on each mortgaged property and, if the appraised value of the mortgaged properties is less than two times the amount of the accrued pension-related obligations secured by the mortgages, the Company is required to make a payment to its pension plan in an amount equal to one-half of the amount of the shortfall. During the second quarter of 2018, there was no change in the appraised value of the mortgaged properties that required the Company to make any additional payments to its pension plan.

Equity compensation plan

In September 2016, the AMREP Corporation 2016 Equity Compensation Plan (the “2016 Equity Plan”) replaced the AMREP Corporation 2006 Equity Compensation Plan (together with the 2016 Equity Plan, the “Equity Plans”). The Company issued 14,500 and 25,750 shares of restricted common stock under the 2016 Equity Plan during the second quarter and first six months of 2018. In addition, 5,000 shares of restricted common stock issued under the 2006 Equity Plan prior to 2018 were returned to the Company during the second quarter of 2018 and will not vest due to the retirement of an employee. During the second quarter and first six months of 2018, 2,500 and 10,500 shares of restricted common stock previously issued under the Equity Plans vested leaving 34,750 restricted shares issued under the Equity Plans that had not vested as of October 31, 2017. For the second quarter and first six months of 2018, the Company recognized \$27,000 and \$45,000 of compensation expense related to the restricted shares of common stock issued, and \$20,000 and \$35,000 for the same periods of 2017. As of October 31, 2017, there was \$169,000 of unrecognized compensation expense related to restricted shares of common stock issued under the Equity Plans which had not vested as of that date, which is expected to be recognized over the remaining vesting term not to exceed three years.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

INTRODUCTION

AMREP Corporation (the "Company"), through its subsidiaries, is primarily engaged in two business segments: the real estate business operated by AMREP Southwest Inc. ("AMREP Southwest") and its subsidiaries and the fulfillment services business operated by Palm Coast Data LLC ("Palm Coast") and its affiliates. Information concerning industry segments is set forth in Note 8 of the notes to the consolidated financial statements included in this report on Form 10-Q. All significant intercompany accounts and transactions have been eliminated in consolidation. The Company's foreign sales and activities are not significant.

The following provides information that management believes is relevant to an assessment and understanding of the Company's consolidated results of operations and financial condition. The information contained in this section should be read in conjunction with the unaudited consolidated financial statements and related notes thereto appearing elsewhere in this quarterly report on Form 10-Q and with the Company's annual report on Form 10-K for the year ended April 30, 2017, which was filed with the Securities and Exchange Commission on July 18, 2017 (the "2017 Form 10-K"). Many of the amounts and percentages presented in this Item 2 have been rounded for convenience of presentation. Unless otherwise qualified, all references to 2018 and 2017 are to the fiscal years ending April 30, 2018 and 2017 and all references to the second quarter and first six months of 2018 and 2017 mean the fiscal three month and six month periods ended October 31, 2017 and 2016.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

Management's discussion and analysis of financial condition and results of operations is based on the accounting policies used and disclosed in the 2017 consolidated financial statements and accompanying notes that were prepared in accordance with accounting principles generally accepted in the United States of America and included as part of the 2017 Form 10-K. The preparation of those consolidated financial statements required management to make estimates and assumptions that affected the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual amounts or results could differ from those estimates.

The critical accounting policies, assumptions and estimates are described in Item 7 of Part II of the 2017 Form 10-K. There have been no changes in these accounting policies.

The significant accounting policies of the Company are described in Note 1 to the consolidated financial statements contained in the 2017 Form 10-K. Information concerning the Company's implementation and the impact of recent accounting standards issued by the Financial Accounting Standards Board is included in the notes to the consolidated financial statements contained in the 2017 Form 10-K and in the notes to the unaudited consolidated financial statements included in this quarterly report on Form 10-Q. The Company did not adopt any accounting policy in the first six months of 2018 that had a material impact on its consolidated financial statements.

RESULTS OF OPERATIONS

For the second quarter of 2018, the Company recorded net income of \$278,000, or \$0.03 per share, compared to net income of \$112,000, or \$0.01 per share, for the second quarter of 2017. For the first six months of 2018, the Company recorded net income of \$1,726,000, or \$0.21 per share, compared to net income of \$742,000, or \$0.09 per share, for the same period of 2017. Revenues were \$9,175,000 and \$20,501,000 for the second quarter and first six months of 2018 compared to \$11,465,000 and \$23,673,000 for the same periods of the prior year.

Revenues from land sales at AMREP Southwest and its subsidiaries were \$1,416,000 and \$4,093,000 for the second quarter and first six months of 2018 compared to \$3,529,000 and \$6,249,000 for the same periods of 2017. \$2,044,000 of the \$4,093,000 of revenues from land sales for the first six months of 2018 was for an approximate five acre undeveloped commercial property in Colorado, which was sold in the first quarter of 2018 and had a gross profit percentage of 65%.

For the second quarter and first six months of 2018 and 2017, the Company's land sales in New Mexico were as follows (dollars in thousands):

	Ended October 31, 2017			Ended October 31, 2016		
	Acres Sold	Revenue	Revenue Per Acre	Acres Sold	Revenue	Revenue Per Acre
Three months:						
Developed						
Residential	3.9	\$ 1,411	\$ 362	8.4	\$ 3,513	\$ 418
Commercial	-	-	-	-	-	-
Total Developed	3.9	1,411	362	8.4	3,513	418
Undeveloped	1.1	5	5	.4	16	40
Total	5.0	\$ 1,416	\$ 283	8.8	\$ 3,529	\$ 401
Six months:						
Developed						
Residential	5.7	\$ 2,009	\$ 352	18.2	\$ 6,141	\$ 337
Commercial	-	-	-	-	-	-
Total Developed	5.7	2,009	\$ 352	18.2	6,141	337
Undeveloped	3.6	40	11	4.7	108	23
Total	9.3	\$ 2,049	\$ 220	22.9	\$ 6,249	\$ 273

The average gross profit percentage on New Mexico land sales was 20% and 19% for the second quarter and first six months of 2018 compared to 17% and 12% for the same periods of 2017. The increased profit percentage was attributable to the mix of lots sold with 2018 reflecting more favorable lot pricing relative to costs on developed lots compared to 2017. As a result of many factors, including the nature and timing of specific transactions and the type and location of land being sold, revenues, average selling prices and related average gross profits from land sales can vary significantly from period to period and prior results are not necessarily a good indication of what may occur in future periods.

Revenues from the Company's fulfillment services operations decreased from \$7,858,000 and \$15,686,000 for the second quarter and first six months of 2017 to \$7,673,000 and \$14,916,000 for the same periods in 2018. The lower revenues were attributable to reduced business volumes from existing customers, certain price concessions on renewed contracts and lost business. Magazine publishers are one of the principal customers of the Company's fulfillment services operations, and these customers have continued to be negatively impacted by increased competition from new media sources, alternative technologies for the distribution, storage and consumption of media content, weakness in advertising revenues and increases in paper costs, printing costs and postal rates. The result has been reduced subscription sales, which has caused publishers to close some magazine titles, change subscription fulfillment providers and seek more favorable terms from Palm Coast and its competitors when contracts are up for bid or renewal. One customer of the fulfillment services business whose revenues were approximately 10.6% of the total Company revenues for the first six months of 2018 has given notice that a significant portion of its business will be transferred from Palm Coast during 2018. Operating and selling expenses for fulfillment services decreased from

Edgar Filing: AMREP CORP. - Form 10-Q

\$6,707,000 and \$13,380,000 for the second quarter and first six months of 2017 to \$5,983,000 and \$12,077,000 for the same periods in 2018, primarily attributable to lower payroll and benefits, resulting from reduced business volumes, together with lower communications, software and equipment maintenance costs.

Other revenues were \$86,000 and \$1,492,000 for the second quarter and first six months of 2018 compared to \$78,000 and \$1,738,000 for the same periods of 2017. Other revenues for the first six months of 2018 were primarily due to a pre-tax gain of \$1,318,000 related to a settlement agreement with the State of Florida by Palm Coast (refer to Note 6 of the notes to the consolidated financial statements included in this report on Form 10-Q). Other revenues for the first six months of 2017 were primarily the result of the sale of a retail commercial property by AMREP Southwest, which resulted in a pre-tax gain of \$1,496,000. Operating and selling expenses for real estate increased from \$407,000 and \$818,000 for the second quarter and first six months of 2017 to \$582,000 and \$1,093,000 for the same periods of 2018, primarily due to increased employee costs, land maintenance expenses and broker commissions on sales activity, offset in part by lower consulting costs.

Fulfillment services general and administrative expenses decreased from \$327,000 and \$680,000 for the second quarter and first six months of 2017 to \$308,000 and \$657,000 for the same periods of 2018, primarily due to lower payroll and benefits, professional costs, bank fees and amortization of intangible assets. Real estate general and administrative expenses decreased from \$134,000 and \$303,000 in the second quarter and first six months of 2017 to \$86,000 and \$200,000 for the same periods in 2018, primarily due to reduced costs related to payroll and benefits, rent, outside services and insurance. Corporate general and administrative expenses decreased from \$744,000 and \$1,577,000 in the second quarter and first six months of 2017 to \$696,000 and \$1,504,000 for the same periods of 2018, primarily due to lower professional fees and pension costs, offset in part by increased payroll and benefits costs.

Interest expense was \$18,000 and \$31,000 for the second quarter and first six months of 2018 compared to \$82,000 and \$306,000 for the same periods of 2017. Interest expense in 2018 was primarily related to the settlement and remaining liability with the State of Florida noted above and interest expense in 2017 was primarily related to two notes payable of AMREP Southwest that were paid in full during 2017. There was no capitalized interest for the first six months of 2018 compared to \$38,000 for the same period in 2017.

The Company's effective tax rate was 23.4% and 33.0% for the second quarter and first six months of 2018 compared to 6.7% and 31.7% for the same periods of 2017. The difference between the statutory tax rate and the effective rate of the tax provision in 2018 and 2017 was primarily due to state income taxes. The total tax effect of gross unrecognized tax benefits in the accompanying financial statements at both October 31, 2017 and April 30, 2017 was \$58,000, which, if recognized, would have an impact on the effective tax rate. The Company believes it is reasonably possible that the liability for unrecognized tax benefits will not change in the next twelve months.

LIQUIDITY AND CAPITAL RESOURCES

The Company's primary sources of funding for working capital requirements are cash flow from operations and existing cash balances. The Company may also seek bank financing on specific real estate projects. The Company's liquidity is affected by many factors, including some that are based on normal operations and some that are related to

the industries in which the Company operates and the economy generally. Except as described below, there have been no material changes to the Company's liquidity and capital resources as reflected in the Liquidity and Capital Resources section of Management's Discussion and Analysis of Financial Condition and Results of Operations in the 2017 Form 10-K.

Refer to Note 9 to the consolidated financial statements contained in the 2017 Form 10-K for detail about the settlement agreement entered into between Palm Coast and the State of Florida in the first quarter of 2018. As a result of the settlement agreement, in the first quarter of 2018, Palm Coast reduced its previously recorded liability of \$3,000,000 and a related \$26,000 interest accrual by \$1,620,000 to \$1,406,000 by recognizing a pre-tax gain of \$1,318,000 and recording a deferred gain of \$302,000. In connection with the settlement, Palm Coast made a payment of \$163,000 to the State of Florida during the first quarter of 2018 thereby reducing its remaining liability to \$1,243,000. The \$1,318,000 pre-tax gain is included in Other revenues in the accompanying financial statements. The deferred gain of \$302,000 was reduced to \$262,000 as of October 31, 2017, which \$262,000 will be recognized over a period of seven and a half years from October 31, 2017.

Operating Activities

Accounts payable and accrued expenses increased from \$7,035,000 at April 30, 2017 to \$7,271,000 at October 31, 2017, primarily due to the timing of payments to vendors.

Real estate inventory decreased from \$56,090,000 at April 30, 2017 to \$55,930,000 at October 31, 2017, due to real estate land sales at AMREP Southwest. Property, plant and equipment decreased from \$10,852,000 at April 30, 2017 to \$10,246,000 at October 31, 2017 due to normal depreciation of fixed assets.

Other liabilities and deferred revenue decreased from \$3,376,000 at April 30, 2017 to \$1,756,000 at October 31, 2017, primarily due to the previously described settlement agreement between Palm Coast and the State of Florida.

Investing Activities

Capital expenditures totaled \$29,000 for the first six months of 2018 and \$49,000 for the same period of 2017, all for the fulfillment services business.

Statement of Forward-Looking Information

The Private Securities Litigation Reform Act of 1995 (the “Act”) provides a safe harbor for forward-looking statements made by or on behalf of the Company. The Company and its representatives may from time to time make written or oral statements that are “forward-looking”, including statements contained in this report and other filings with the Securities and Exchange Commission, reports to the Company’s shareholders and news releases. All statements that express expectations, estimates, forecasts or projections are forward-looking statements within the meaning of the Act. In addition, other written or oral statements, which constitute forward-looking statements, may be made by or on behalf of the Company. Words such as “expects”, “anticipates”, “intends”, “plans”, “believes”, “seeks”, “estimates”, “projects”, “forecasts”, “may”, “should”, variations of such words and similar expressions are intended to identify such forward-looking statements. These statements are not guarantees of future performance and involve certain risks, uncertainties and contingencies that are difficult to predict. All forward-looking statements speak only as of the date of this report or, in the case of any document incorporated by reference, the date of that document. All subsequent written and oral forward-looking statements attributable to the Company or any person acting on behalf of the Company are qualified by the cautionary statements in this section. Many of the factors that will determine the Company’s future results are beyond the ability of management to control or predict. Therefore, actual outcomes and results may differ materially

from what is expressed or forecasted in or suggested by such forward-looking statements.

The forward-looking statements contained in this report include, but are not limited to, the expected loss of a material customer contract and the effect of such loss, the effect of recent accounting pronouncements on the Company, the timing of recognizing unrecognized compensation expense related to shares of restricted common stock issued under the Equity Plans, the liability for unrecognized tax benefits not changing in the next twelve months, the seeking of bank financing for real estate projects and the future business conditions that may be experienced by the Company. The Company undertakes no obligation to update or publicly release any revisions to any forward-looking statement to reflect events, circumstances or changes in expectations after the date of such forward-looking statement, or to make any other forward-looking statements, whether as a result of new information, future events or otherwise.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

The Company's management, with the participation of the Company's chief financial officer and the other person whose certification accompanies this quarterly report, has evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934) as of the end of the period covered by this report. As a result of such evaluation, the chief financial officer and such other person have concluded that such disclosure controls and procedures are effective to provide reasonable assurance that the information required to be disclosed in the reports the Company files or submits under the Securities Exchange Act of 1934 is (i) recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and (ii) accumulated and communicated to the Company's management, including its chief financial officer and such other person, as appropriate to allow timely decisions regarding disclosure. The Company believes that a control system, no matter how well designed and operated, cannot provide absolute assurance that the objectives of the control system are met, and no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within a company have been detected.

Changes in Internal Control over Financial Reporting

No change in the Company's system of internal control over financial reporting occurred during the most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, internal control over financial reporting.
