Item 8.01 Other Events.

On October 12, 2018, we entered into an underwriting agreement with H.C. Wainwright & Co., LLC, relating to the issuance and sale of 16,537,500 shares of our common stock (or pre-funded warrants to purchase common stock in lieu thereof), and common warrants to purchase up to an aggregate of 16,537,500 shares of our common stock in an underwritten public offering. Each share of common stock and, as applicable, pre-funded warrant was sold together with a common warrant to purchase one share of common stock. The combined price to the public of each share of common stock and accompanying common warrant was \$0.40, and \$0.39 for each pre-funded warrant and accompanying common warrant. The pre-funded warrants are immediately exercisable at a price of \$0.01 per share of common stock. The common warrants are immediately exercisable at a price of \$0.40 per share of common stock and will expire five years from the date of issuance. The offering closed on October 16, 2018. The shares of common stock and pre-funded warrants, and the accompanying common warrants, were issued separately and became immediately separable upon issuance.

We granted the underwriter a 30-day option to purchase up to an additional 2,480,625 shares of common stock and/or common warrants to purchase up to 2,480,625 shares of our common stock, at the public offering price less discounts and commissions. As of the date of this report, the option to purchase additional shares of our common stock has been exercised for 462,500 shares and the option to purchase additional common warrants has been exercised for common warrants exercisable for 962,500 shares. As of immediately following the closing of the offering, there were 32,293,308 shares of our common stock outstanding.

Gross proceeds to us from the offering, before deducting underwriting discounts and commissions and other offering expenses, were \$6.8 million. We anticipate using the net proceeds from the offering for general corporate purposes, including manufacturing expenses, research and development expenses and general and administrative expenses. We believe that our existing resources, together with the net proceeds from the offering, will be sufficient to fund our planned operations until mid-2019. We cannot provide assurances that our plans will not change or that changed circumstances will not result in the depletion of our capital resources more rapidly than we currently anticipate.

A registration statement relating to these securities (File No. 333-226959) was declared effective by the Securities and Exchange Commission (“SEC”) on October 11, 2018. The offering was made only by means of a prospectus forming a part of the effective registration statement.

The disclosures in this report shall not constitute an offer to sell or a solicitation of an offer to buy the securities described herein, nor shall there be any sale of these securities in any state or other jurisdiction in which such offer, solicitation or sale would be unlawful prior to the registration or qualification under the securities laws of any such state or other jurisdiction.
