### PART III -- NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

We seek relief pursuant to Rule 12b-25 to file a late Form 10-Q. The Form 10-Q for the period ended September 30, 2005 could not be filed without unreasonable effort or expense and the subject quarterly report will be filed on or before the fifth calendar day following the prescribed due date of November 9, 2005.

On November 8, 2005, MBIA Inc. ("MBIA") announced that it is restating its financial statements for 1998 and thereafter in connection with potential settlements of investigations by the Securities Exchange Commission, the New York Attorney General's Office and the New York State Insurance Department (the "Regulatory Agencies") regarding agreements entered into by its subsidiary, MBIA Insurance Corporation, in 1998 with AXA Re Finance S.A. ("AXA Re"), Muenchener Rueckversicherungs-Gesellschaft (Munich Re) and Converium Re (previously known as Zurich Reinsurance North America). The restatement will correct and restate MBIA's GAAP accounting for the agreements it entered into with Munich Re and AXA Re. As a result, MBIA will account for these agreements as deposits because they did not satisfy the risk transfer requirements for reinsurance accounting under SFAS 113, "Accounting and Reporting for Reinsurance of Short-Duration and Long-Duration Contracts". To date, no settlements have been approved by the Regulatory Agencies. Any settlements may have additional or different terms.

In addition, MBIA is restating results from 2001 to 2005 for derivative transactions that do not technically comply with SFAS 133, "Accounting for Derivative Instruments and Hedging Activities", even though these transactions were highly effective from an economic standpoint. The effect of the restatement

Edgar Filing: MBIA INC - Form NT 10-Q

is an increase to net income of \$14.7 million for the first nine months and \$19.7 million for the third quarter. The cumulative effect of these changes, from 2001 through September 2005, is a non-cash earnings increase of \$6.8 million. Although the cumulative effect of \$6.8 million is not material, since MBIA is restating its financial results for the Munich Re and AXA Re reinsurance agreements, it will restate each quarter and year affected by the prior method of accounting.

We are delaying the filing of our Form 10-Q in order to reflect these restatements where necessary in the Form 10-Q.

PART IV -- OTHER INFORMATION

- (1) Name and telephone number of person to contact in regard to this notification  
 Ram D. Wertheim, Vice President, General Counsel  
 and Secretary (914) 765-3945

---

(Name) (Area Code) (Telephone Number)

- (2) Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed? If answer is no, identify report(s). Yes  No

- (3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof? Yes  No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

As discussed above in Part III of this form, MBIA will correct and restate its 1998 and subsequent years' financial statements. Results for the quarter and the year to date include the effects of a \$75 million accrual for the total amount MBIA estimates, based on discussions to date, it will have to pay in connection with any settlements. MBIA anticipates that the subject report will state that, after giving effect to this restatement and the \$75 million accrual, third quarter diluted net income per share declined 18 percent to \$1.04 from \$1.27 in last year's third quarter, and that MBIA's net income for the third quarter was \$141.8 million, compared to \$183.2 million in last year's third quarter, a 23 percent decrease. MBIA anticipates that the subject report will state other changes from the corresponding period for the last fiscal year once completed.
