Edgar Filing: CREDITRISKMONITOR COM INC - Form 10QSB

(Unaudited)

(1) Basis of Presentation

The condensed consolidated financial statements included herein have been prepared by CreditRiskMonitor.com, Inc. (the "Company" or "CRM"), without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in consolidated financial statements prepared in accordance with accounting principles generally accepted in the United States have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures herein are adequate to make the information presented not misleading. These financial statements should be read in conjunction with the financial statements and the notes thereto in the Company's annual audited report on Form 10-KSB for the year ended December 31, 2004.

In the opinion of the Company, the unaudited consolidated financial statements reflect all adjustments (consisting of normal recurring adjustments) considered necessary to present fairly the Company's financial position as of September 30, 2005 and the results of its operations and its cash flows for the periods ended September 30, 2005 and 2004.

Results of operations for the three and nine-month periods ended September 30, 2005 and 2004 are not necessarily indicative of the results of a full year.

Certain prior year amounts have been reclassified to conform with the fiscal 2005 presentation.

(2) Stock-Based Compensation

The Company accounts for its stock-based employee compensation plan using the intrinsic value method in accordance with the provisions of APB No. 25, "Accounting for Stock Issued to Employees" and related Interpretations. No stock-based employee compensation cost for employee stock options is reflected in net loss, as all options granted under this plan had an exercise price equal to or greater than the market value of the underlying common stock on the date of grant.

In accordance with SFAS No. 123, "Accounting for Stock-Based Compensation," as amended by SFAS No. 148, "Accounting for Stock-Based Compensation--Transition and Disclosure," the following table presents the effect on net income (loss) and net income (loss) per share had compensation cost for the Company's stock plan been determined using a fair value based method and amortized over the vesting period consistent with SFAS No. 123 for the three and nine months ended September 30:

	3 Months Ended September 30,		9 Months Ended September 30,	
	2005	2004	2005	2004
Net income (loss)				
As reported	\$ (8,217)	\$ 6,752	\$948,861	\$(92,104)
Less: Total stock-based employee compensation expense determined				

Edgar Filing: CREDITRISKMONITOR COM INC - Form 10QSB

under fair value based method for all awards, net of related tax benefits or effects	11,188	(5,250)	13,342	2,067
	-----	-----	-----	-----
Pro forma	\$ (19,405)	\$ 12,002	\$935,519	\$ (94,171)
	=====	=====	=====	=====
Net income (loss) per share - basic and diluted				
As reported	\$ (0.00)	\$ 0.00	\$ 0.12	\$ (0.01)
Pro forma	\$ (0.00)	\$ 0.00	\$ 0.12	\$ (0.01)

The above stock-based employee compensation costs determined under the fair value based method were calculated using the Black-Scholes option valuation model with the following weighted-average assumptions:

	3 Months Ended September 30,		9 Months Ended September 30,	
	2005	2004	2005	2004
	----	----	----	----
Risk-free interests rate	4.22%	4.63%	4.26%	4.50%
Dividend yield	0.00%	0.00%	0.00%	0.00%
Volatility factor	-0.18	0.96	-1.20	1.02
Weighted-average expected life of options (in years)	9	9	9	9

The Black-Scholes option valuation model was developed for use in estimating the fair value of traded options, which have no vesting restrictions, are fully transferable, and do not include a discount for large block trades. In addition, option valuation models require the input of highly subjective assumptions including the expected stock price volatility, expected life of the option and other estimates. Because the Company's employee stock options have characteristics significantly different from those of traded options, and because changes in the subjective input assumptions can materially affect the fair value estimate, in management's opinion, the existing models do not necessarily provide a reliable single measure of the fair value of its employee stock options.

(3) Income Taxes

Deferred tax assets are evaluated quarterly to assess the likelihood of realization, which is ultimately dependent upon generating future taxable income prior to the expiration of the net operating loss carryforwards. The Company has recorded certain U.S. federal deferred tax assets for which it has provided a full valuation allowance as of December 31, 2004. The full valuation allowance on the U.S. federal deferred tax assets was determined to be appropriate at December 31, 2004 due to continuing losses. Although the Company had pre-tax income for the nine months ended September 30, 2005, at September 30, 2005, the Company continues to believe a full valuation allowance is required because such income was derived primarily from a nonrecurring gain on settlement of litigation (see Note 4). Should it be determined in the future that it is more likely than not that these assets

will be realized, the valuation allowance would be removed against some or all of the deferred tax assets.

Edgar Filing: CREDITRISKMONITOR COM INC - Form 10QSB

The actual tax expense for the nine months ended September 30, 2005 differs from the "expected" tax expense for those periods (computed by applying the applicable United States federal corporate tax rate to income (loss) before income taxes) as follows:

	3 Months Ended September 30,		9 Months Ended September 30,	
	2005	2004	2005	2004
	-----	-----	-----	-----
Computed "expected" provision	\$ --	\$ --	\$ 284,465	\$ --
Utilization of net operating loss carryforward	--	--	(284,465)	--
State and local income taxes	563	--	1,738	226
	-----	-----	-----	-----
Provision for income taxes	\$ 563	\$ --	\$ 1,738	\$ 226
	=====	=====	=====	=====

(4) Legal Proceedings

On April 27, 2005, the Company executed an agreement (the "Stipulation of Settlement") which settled all of the lawsuits between it and a competitor, as previously reported, and the competitor simultaneously paid the Company \$1.1 million. In addition, the competitor agreed in the Stipulation of Settlement to assume certain potential liabilities against the Company and defend the Company in connection with the Decision Strategies litigation discussed below.

As previously reported: (a) in July 2004, the Company commenced an action in Nassau County against Decision Strategies LLC ("Decision Strategies"), the court-appointed forensic computer expert in the enforcement proceeding, for breach of its services contract and seeking a declaration of the rights of the parties under the terms of the contract; (b) also in July 2004, Decision Strategies commenced an action in New York against the Company and the competitor for fees in excess of the limitations provided in the services contract; (c) Decision Strategies successfully moved to dismiss the Company's Nassau County action because Decision Strategies had commenced an action in New York County; and (d) at a conference in New York County held in June 2005, the Court denied a motion to move the action to Nassau County.

Pursuant to the Stipulation of Settlement, the competitor has agreed to assume certain potential liabilities and defend the Company in the Decision Strategies litigation, as noted above.

(5) Net Income (Loss) Per Share

The computation of diluted net income (loss) per share excludes the effects of the assumed exercise of all options since their inclusion would be anti-dilutive. For the nine-months ended September 30, 2005 and three-months ended September 30, 2004, 546,500 and 486,000 options, respectively, were excluded as their exercise prices were above market value. For the three-months ended September 30, 2005 and nine-months ended September 30, 2004, 678,000 and 468,000 options, respectively, were excluded because the Company had losses in those periods.

Edgar Filing: CREDITRISKMONITOR COM INC - Form 10QSB

of Operations

FINANCIAL CONDITION, LIQUIDITY AND CAPITAL RESOURCES

At September 30, 2005, the Company had cash and cash equivalents of \$2.00 million compared to \$877,000 at December 31, 2004. The Company's working capital deficit at September 30, 2005 was approximately \$205,000 compared to a working capital deficit of approximately \$1.05 million at December 31, 2004, due primarily to an increase of \$1.12 million in cash and cash equivalents reflecting receipt of the settlement proceeds of \$1.1 million referred to below. Additionally, the working capital deficit at September 30, 2005 is mainly derived from the \$2.26 million in deferred revenue, which should not require any future cash outlay other than the cost of preparation and delivery of the applicable commercial credit reports. The deferred revenue is recognized as income over the subscription term, which approximates twelve months. The Company has no bank lines of credit or other currently available credit sources.

Excluding cash expenditures of \$91,000 and \$228,000 in the first nine months of fiscal 2005 and 2004, respectively, incurred in connection with the Contempt Proceeding, the Competitor Action and the other litigation described in Part II, Item 1 or previously reported (collectively, the "Litigation"), and before giving effect to the settlement proceeds of \$1.1 million, the Company had positive cash flow of \$114,000 and \$33,000 for the nine months ended September 30, 2005 and 2004, respectively.

On April 27, 2005, a Stipulation of Settlement was filed with the Supreme Court of the State of New York, Nassau County, pursuant to which: (i) the Company, the competitor and all other parties agreed to settle the Litigation (other than the Decision Strategies litigation referred to above), and (ii) the Company received payment of \$1.1 million from the competitor.

After giving effect to the Stipulation of Settlement and the receipt of the \$1.1 million settlement proceeds, the Company believes that it will have sufficient resources to meet its working capital and capital expenditure needs, including debt service, for the foreseeable future.

OFF-BALANCE SHEET ARRANGEMENTS

The Company is not a party to any off-balance sheet arrangements.

Net income (loss)	(\$ 8,217)	-0.84%	\$ 6,752	0.79%
	=====	=====	=====	=====

Operating revenues increased 16% for the three months ended September 30, 2005 versus the same period last year. This increase was primarily due to an increase in the number of subscribers to the Company's Internet subscription service offset in part by a decrease in the number of subscribers to the Company's subscription service for third-party international credit reports.

Data and product costs increased 6% for the third quarter of 2005 compared to the same period of fiscal 2004. This increase was primarily due to higher salary and related employee benefit costs, offset in part by a reduction in consulting fees that were incurred last year in connection with setting up the Company's data center due to its move to a new facility.

Selling, general and administrative expenses increased 34% for the third quarter of fiscal 2005 compared to the same period of fiscal 2004. This increase was primarily due to higher salary and related employee benefit costs due to an increase in the Company's sales force during the past 12 months and an increase in marketing expenses, partially offset by a decrease in rent expense due to a doubling up of rent expense in last year's third quarter as the Company moved to its new leased facility prior to the expiration of the lease on its old location as well as moving expenses incurred in the third quarter of 2004 related to the Company's relocation.

Litigation related legal fees and expenses were down 100% for the third quarter of 2005 compared to the same period last year as a settlement to the Litigation was reached during this year's second quarter.

Depreciation and amortization increased 8% for the third quarter of fiscal 2005 compared to the same period of fiscal 2004. This increase was due to the depreciation expense on assets either purchased or leased in connection with the Company's move and the decision to co-locate its production servers in the third quarter of fiscal 2004 as well as on new servers acquired during the past 12 months.

Other income increased 353% for the third quarter of fiscal 2005 compared to the same period last year. This increase primarily reflects the investing of the settlement proceeds received in the second quarter in interest bearing accounts, as well as a higher interest rate received on funds invested in interest bearing accounts during the current quarter compared to the same period last year.

Edgar Filing: CREDITRISKMONITOR COM INC - Form 10QSB

Interest expense decreased 12% for the third quarter of fiscal 2005 compared to the same period of fiscal 2004. This decrease was due to a lower outstanding promissory note balance.

The Company reported a net loss of \$8,000 versus net income of \$7,000 for the three months ended September 30, 2005 and 2004, respectively.

	9 Months Ended September 30,

Income (loss) before income taxes	950,599	33.59%	(91,878)	-3.70%
Provision for income taxes	1,738	0.06%	226	0.01%
Net income (loss)	\$ 948,861	33.53%	\$ (92,104)	-3.70%

Operating revenues increased 14% for the nine months ended September 30, 2005 versus the first nine months of 2004. This increase was primarily due to an increase in the number of subscribers to the Company's Internet subscription service offset in part by a decrease in the number of subscribers to the Company's subscription service for third-party international credit reports.

Data and product costs increased 2% for the first nine months of fiscal 2005 compared to the same period of fiscal 2004. This increase was primarily due to higher salary and related employee benefits as well as the cost of leasing the co-location facility that commenced in the third quarter of 2004, offset in part by the lower cost of acquiring additional third-party international credit reports and by a reduction in consulting fees that were incurred last year in connection with setting up the Company's data center due to its move to a new facility.

Selling, general and administrative expenses increased 30% for the first nine months of fiscal 2005 compared to the same period of fiscal 2004. This increase

Edgar Filing: CREDITRISKMONITOR COM INC - Form 10QSB

was primarily due to higher salary and related employee benefit costs due to an increase in the Company's sales force during the past 12 months, an increase in rent expense due to the Company's relocation to new leased

11

facilities in the third quarter of 2004, and an increase in marketing expenses, offset in part by the moving expenses incurred in 2004.

Litigation related legal fees and expenses were down 22% for the first nine months of fiscal 2005 compared to the same period of fiscal 2004 as a result of the settlement of the Litigation which was reached during this year's second quarter.

Depreciation and amortization increased 4% for the first nine months of fiscal 2005 compared to the same period of fiscal 2004. This increase was due to the depreciation expense on assets either purchased or leased in connection with the Company's move and the decision to co-locate its production servers in the second half of fiscal 2004 offset by lower depreciation expense during the fiscal 2005 period on certain items that have been fully depreciated but are still in use.

Other income increased 246% for the first nine months of fiscal 2005 compared to the same period last year. This increase was primarily due to the settlement proceeds received at the end of April 2005 that were invested in interest bearing accounts as well as a higher interest rate received on funds invested in interest bearing accounts during the current period compared to the same period last year.

Interest expense decreased 8% for the first nine months of fiscal 2005 compared to the same period of fiscal 2004. This decrease was due to a lower outstanding promissory note balance.

The Company reported net income of \$949,000 versus a net loss of \$92,000 for the nine months ended September 30, 2005 and 2004, respectively.

FUTURE OPERATIONS

The Company over time intends to expand its operations by expanding the breadth and depth of its product and service offerings and the introduction of new or complementary products. Gross margins attributable to new business areas may be lower than those associated with the Company's existing business activities.

As a result of the Company's limited operating history and the emerging nature of the markets in which it competes, the Company's ability to accurately forecast its revenues, gross profits and operating expenses as a percentage of net sales is limited. The Company's current and future expense levels are based largely on its investment plans and estimates of future revenues and to a large extent are fixed. Sales and operating results generally depend on the Company's ability to attract and retain customers and the volume of and timing of their subscriptions for the Company's services, which are difficult to forecast. The Company may be unable to adjust spending in a timely manner to compensate for any unexpected revenue shortfall. Accordingly, any significant shortfall in revenues in relation to the Company's planned expenditures would have an immediate adverse effect on the Company's business, prospects, financial condition and results of operations. Further, as a strategic response to changes in the competitive environment, the Company may from time to time make certain pricing, service, marketing or acquisition decisions that could have a material adverse effect on its business, prospects, financial condition and results of operations.

Achieving profitability depends on the Company's ability to generate and sustain increased revenue levels. The Company believes that its success will depend in large part on its ability to (i) extend its brand position, (ii) provide its customers with outstanding value, and (iii) achieve sufficient sales volume to realize economies of scale. Accordingly, the Company intends to continue to invest in marketing and promotion, product development and technology and operating infrastructure development. There can be no assurance that the Company will be able to achieve these objectives within a meaningful time frame.

The Company expects to experience significant fluctuations in its future quarterly operating results due to a variety of factors, some of which are outside the Company's control. Factors that may adversely affect the Company's quarterly operating results include, among others, (i) the Company's ability to retain existing customers, attract new customers at a steady rate and maintain customer satisfaction, (ii) the Company's ability to maintain gross margins in its existing business and in future product lines and markets, (iii) the development of new services and products by the Company and its competitors, (iv) price competition, (v) the level of use of the Internet and online services and increasing acceptance of the Internet and other online services for the purchase of products such as those offered by the Company, (vi) the Company's ability to upgrade and develop its systems and infrastructure, (vii) the Company's ability to attract new personnel in a timely and effective manner, (viii) the level of traffic on the Company's Web site, (ix) the Company's ability to manage effectively its development of new business segments and markets, (x) the Company's ability to successfully manage the integration of operations and technology of acquisitions or other business combinations, (xi) technical difficulties, system downtime or Internet brownouts, (xii) the amount and timing of operating costs and capital expenditures relating to expansion of the Company's business, operations and infrastructure, (xiii) governmental regulation and taxation policies, (xiv) disruptions in service by common carriers due to strikes or otherwise, (xv) risks of fire or other casualty, (xvi) litigation costs or other unanticipated expenses, (xvii) interest rate risks and inflationary pressures, and (xviii) general economic conditions and economic conditions specific to the Internet and online commerce.

Due to the foregoing factors and the Company's limited forecasting abilities, the Company believes that period-to-period comparisons of its revenues and operating results are not necessarily meaningful and should not be relied on as an indication of future performance.

RECENTLY ISSUED ACCOUNTING STANDARDS

In December 2004, the FASB issued SFAS No. 153, "Exchanges of Nonmonetary Assets--an amendment of APB Opinion No. 29," which addresses the measurement of exchanges of nonmonetary assets and eliminates the exception from fair value measurement for nonmonetary exchanges of similar productive assets and replaces it with an exception for exchanges that do not have commercial substance. SFAS No. 153 is effective for nonmonetary asset exchanges occurring in fiscal periods beginning after June 15, 2005, with earlier application permitted. The adoption of SFAS No. 153 will have no impact on our results of operations or our financial position.

In December 2004, the FASB issued SFAS No. 123R, "Share-Based Payment", replacing SFAS No. 123 and superseding APB Opinion No. 25. SFAS No. 123R

Edgar Filing: CREDITRISKMONITOR COM INC - Form 10QSB

requires public companies to recognize compensation expense for the cost of stock options and all other awards of equity instruments. This compensation cost will be measured as the fair value of the award on the grant date estimated using an option-pricing model to be determined. The Company is evaluating the various transition provisions under SFAS No. 123R. This Statement is effective for the Company as of the beginning of the quarter ending March 31, 2006.

No other new accounting pronouncement issued or effective during the fiscal year has had or is expected to have a material impact on the consolidated financial statements.

FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-QSB may contain forward-looking statements, including statements regarding future prospects, industry trends, competitive conditions and litigation issues. Any statements contained herein that are not statements of historical fact may be deemed to be forward-looking statements. Without limiting the foregoing, the words "believes", "expects", "anticipates", "plans" or words of similar meaning are intended to identify forward-looking statements. This notice is intended to take advantage of the "safe harbor" provided by the Private Securities Litigation Reform Act of 1995 with respect to such forward-looking statements. These forward-looking statements involve a number of risks and uncertainties. Among others, factors that could cause actual results to differ materially from the Company's beliefs or expectations are those listed under "Results of Operations" and other factors referenced herein or from time to time as "risk factors" or otherwise in the Company's Registration Statements or Securities and Exchange Commission reports.

Item 3. Controls and Procedures

The Company's management, with the participation of the Company's Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of the Company's disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended) as of the end of the period covered by this report. Based on that evaluation, the Company's Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of such period, the Company's disclosure controls and procedures are effective.

There have not been any changes in the Company's internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Securities Exchange Act of 1934, as amended) during our most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting. Management is aware that there is a lack of segregation of duties due to the small number of employees dealing with general administrative and financial matters. However, management has decided that considering the employees involved and the control procedures in place, risks associated with such lack of segregation are insignificant and the potential benefit of adding employees to clearly segregate duties do not justify the expenses associated with such increase.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

On April 27, 2005, the Company executed an agreement (the "Stipulation of

Edgar Filing: CREDITRISKMONITOR COM INC - Form 10QSB

Settlement"), which settled all of the lawsuits between it and a competitor, as previously reported, and the competitor simultaneously paid the Company \$1.1 million. In addition, the competitor agreed in the Stipulation of Settlement to assume certain potential liabilities against the Company and defend the Company in connection with the Decision Strategies litigation discussed below.

As previously reported: (a) in July 2004, the Company commenced an action in Nassau County against Decision Strategies LLC ("Decision Strategies"), the court-appointed forensic computer expert in the enforcement proceedings, for breach of its services contract and seeking a declaration of the rights of the parties under the terms of the contract; (b) also in July 2004, Decision Strategies commenced an action in New York against the Company and the competitor for fees in excess of the limitations provided in the services contract; (c) Decision Strategies successfully moved to dismiss the Company's Nassau County action because Decision Strategies had commenced an action in New York County; and (d) at a conference in New York County held in June 2005, the Court denied a motion to move the action to Nassau County.

Pursuant to the Stipulation of Settlement, the competitor has agreed to assume certain potential liabilities and defend the Company in the Decision Strategies litigation, as noted above.

Item 2. Changes in Securities and Small Business Issuer Purchases of Equity Securities

The Company is prohibited from paying dividends pursuant to the Loan Security Agreement that secures its Secured Promissory Note in favor of Market Guide Inc.

Item 6. Exhibits

- 31.1 Certification of Chief Executive Officer Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.
- 31.2 Certification of Chief Financial Officer Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.
- 32.1 Certification of Chief Executive Officer Pursuant to 18 U.S.C. Section 1350, as Adopted Pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.
- 32.2 Certification of Chief Financial Officer Pursuant to 18 U.S.C. Section 1350, as Adopted Pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.
