Notification of Transactions of Directors and Persons Discharging Managerial Responsibility

Awards

On 24 February 2011, the Company granted share-based awards to Executive Directors and Persons Discharging Managerial Responsibility (PDMRs) under the GlaxoSmithKline 2009 Performance Share Plan (the 2009 Performance Share Plan) and the GlaxoSmithKline 2009 Deferred Annual Bonus Plan (the 2009 Deferred Annual Bonus Plan).

2009 Performance Share Plan

The 2009 Performance Share Plan was approved by shareholders on 20 May 2009, and allows awards to be made to senior executives in the Group, including the Executive Directors.

Under the terms of the 2009 Performance Share Plan, contingent awards are granted over a designated number of Ordinary Shares or American Depositary Shares (ADSs), and the percentage of awards ultimately vesting is dependent on performance.

In 2010, the Remuneration Committee reviewed the long-term incentive performance measures in order to align long-term incentives more closely with the Group's key strategic priorities.

The Performance Share Plan awards made on 24 February 2011 are therefore based on four equally weighted performance measures ("Performance Measures") which directly link to the company's strategy:

Key strategic priorities	Performance Measure	% of each award
Deliver value to shareholders	Total Shareholder Return ("TSR") measure	25
Simplify the operating model	Adjusted free cash flow measure	25
Deliver more products of value	R&D new product measure	25
Grow a diversified global business	Business diversification measure	25

The performance period for each element of the awards is three years (1 January 2011 to 31 December 2013).

TSR measure:-

To focus on delivery of value to shareholders, 25% of each award will be based on relative TSR. This measure compares the TSR of the Company's Shares over the performance period with the TSR of the shares of ten (10) other global pharmaceutical companies. The Ordinary Shares (or ADSs) will vest depending on how the Company's TSR over the performance period ranks when compared to the TSR of the other companies in the TSR Comparator Group over the same period. This element of the award will not vest if the Company delivers returns which, when ranked among these companies, rank below the median. At median position, vesting is at 30%. Above median, vesting is staggered between median and upper quartile of the comparator group, i.e., at 5th place 55% vests, at 4th place 80% vests and at 3rd or above 100% vests.

The companies in the TSR Comparator Group are Abbott Laboratories, AstraZeneca, Bristol-Myers Squibb, Eli Lilly, Johnson & Johnson, Merck, Novartis, Pfizer, Roche, Sanofi-Aventis and GlaxoSmithKline.

Adjusted free cash flow measure:-

To recognise the importance of effective working capital and cash management, 25% of each award will be based on adjusted free cash flow. Adjusted free cash flow represents the operating profit of the business adjusted for material factors which would typically include exchange rate movements and may include legal and major taxation settlements and special pension contributions. The impact of any acquisition or divestment will be quantified and adjusted for at the time of the event. The adjusted free cash flow threshold for these awards is £16.15 billion, where vesting for this element of each award will be at 25%, at £16.65 billion 50% will vest, at £18.32 billion 75% will vest, and there will be maximum vesting for this element of the award at £19.15 billion. Below £16.15 billion, none of this element will vest.

R&D new product measure

To recognise the importance of R&D to the future growth of the business, 25% of each award will be based on R&D new product performance. This measure represents the delivery of specific targets for New Product Sales ("NPS"), which measures aggregate sales within the performance period for products launched within a five year period, i.e. within the performance period and the two preceding years.

Due to commercial sensitivity, the Remuneration Committee has decided that the R&D new product target cannot be published at the time of grant. The target and vesting outcome will be disclosed in full at the end of the performance period.

25% of this element will vest if the threshold level is attained, rising to 100% for stretching performance exceeding the set threshold by 22%. Below the set threshold, none of this element will vest.

Business diversification measure

To incentivise growth of a global, diversified business, 25% of each award will be based on the business diversification measure. This measure will focus on the delivery of an aggregate revenue target within the performance period for the Vaccines, Dermatology, Consumer Healthcare and Emerging Markets and Japan businesses.

Due to commercial sensitivity, the Remuneration Committee has decided that the business diversification target cannot be published at the time of grant. The target and vesting outcome will be disclosed in full at the end of the performance period.

25% of this element will vest if the threshold level is attained, rising to 100% for stretching performance exceeding the set threshold by 14%. Below the set threshold, none of this element will vest.

To the extent that each element of an award does not vest after the appropriate performance period, it will lapse.

The individuals in the tables below, who are all Executive Directors or PDMRs, were each granted an award under the terms of the 2009 Performance Share Plan. Awards granted are of the Company's 25p Ordinary shares or the Company's ADSs. One ADS equals two Ordinary shares. The table below shows the number of Ordinary Shares or ADSs which can vest.

Dividends accrue on the shares during the performance period and vest to the extent that awards vest at the end of the relevant performance period (these are not included in the figures below).

The vesting date for these awards will be the date, following the end of the three year performance period, on which the Remuneration Committee determines the extent to which the performance conditions have been satisfied or such other later date as determined by the Remuneration Committee.

Edgar Filing: GLAXOSMITHKLINE PLC - Form 6-K

All of the above awards were made on 24 February 2011. The awards made were determined, in accordance with the 2009 Performance Share Plan rules, using an Ordinary share price of £11.78 and an ADS share price of US \$38.13 which were the closing prices of Ordinary shares and ADSs respectively on 24 February 2011.

2009 Deferred Annual Bonus Plan

The 2009 Deferred Annual Bonus Plan ("DABP") was approved by shareholders on 20 May 2009, and allows awards to be made to eligible employees. All Executive Directors and Corporate Executive Team ("CET") members are now eligible to participate in the DABP, which is a voluntary programme.

Up to 50% of any bonus earned may be deferred into shares for three years (Deferred Bonus Award). The Company will match shares up to one-for-one depending on the Performance Measures, as set out above (Matching Award). The Performance Measures, vesting schedules and performance period for the Matching Award will be consistent with the 2009 Performance Share Plan awards described above.

The awards of Deferred and Matching shares have been granted as nil-cost options granted over Ordinary shares for UK-based pre-tax participants and conditional shares over American Depositary Shares for US pre-tax participants. As noted above, the percentage of Matching shares ultimately vesting will be dependent on performance.

Dividends accrue on the Deferred shares during the performance period. Dividends also accrue on the Matching shares during the performance period, but only vest to the extent that the Matching shares vest at the end of the relevant performance period. These dividends are not included in the figures below.

The following individuals have elected to participate in the DABP in respect of their 2010 bonus on a gross or pre-tax basis. Post-Tax DABP Awards will be the subject of a separate announcement following the date of the award:

This notification sets out information relating to the vesting of share options granted in 2008 under the GlaxoSmithKline Share Option Plan ("SOP").

The 2008 SOP awards were made to CET members and Executive Directors in 2008 on three separate grant dates during the year as set out below:

Vesting of 2008 GlaxoSmithKline Performance Share Plan Awards

This notification sets out information relating to the vesting of awards granted in 2008 under the GlaxoSmithKline Performance Share Plan (the Performance Share Plan).

The three-year performance period for these awards commenced on 1 January 2008 and ended on 31 December 2010.

The Remuneration Committee has considered the performance achieved in respect of the PSP awards and determined the following.

Awards granted to Executive Directors and CET members

Awards granted to Executive Directors and CET members in office in 2008 were dependent wholly on Total Shareholder Return (TSR) performance. The Company ranked at the median amongst the comparator group and therefore 35% of the awards subject to the TSR measure vested.

The table below shows the proportion of these Performance Share Plan awards that vested on 25 February 2011.

Awards vesting under TSR measure - 35% of award

	Ordinary Shares	ADSs
Mr A Witty*	100,450	
Mr J S Heslop*	36,750	
Mr M Slaoui*		24,150
Mr J M Clarke	26,950	
Mr M Dunoyer	10,150

Mr W C Louv		8,750
Mr D Pulman		8,750
Mr D Troy		20,213

* denotes an Executive Director

The table below shows the remaining proportion of these awards that lapsed on 25 February 2011.

Awards lapsed under TSR measure - 65% of award

	Ordinary Shares	ADSs
Mr A Witty*	186,550	
Mr J S Heslop*	68,250	
Mr M Slaoui*		44,850
Mr J M Clarke	50,050	
Mr M Dunoyer	18,850	
Mr E Gray	32,500	
Mr A Hussain	29,196	
Mr W C Louv		16,250
Mr D Pulman		16,250
Mr D Troy		37,537

Awards granted to senior executives who have since been appointed a CET member

Awards granted in 2008 to senior executives who have since been appointed a CET member, were dependent on TSR performance (50% of award) and EPS performance (remaining 50% of award). Half of these awards lapsed as GSK's EPS performance conditions were not met, and 35% of the proportion of the awards subject to the TSR performance measure vested. This means that 17.5% of the full award has vested.

The table below shows the proportion of these Performance Share Plan awards that vested and lapsed on 25 February 2011.

	Awards vesting under TSR measure - 35% of TSR portion of award (17.5% of total award)	Awards that have not vested under TSR measure - 65% of TSR portion of award (32.5% of total award)	Awards that have not vested under EPS measure (50% of total award)
	Ordinary Shares	Ordinary Shares	Ordinary Shares
Mr S M Bicknell	1,554	2,886	4,440
Mr D S Redfern	2,065	3,835	5,900
Mr J R Stephenne	4,655	8,645	13,300
Ms C Thomas	1,554	2,886	4,440
Dr P Vallance	6,416	11,914	18,330

The Company, Executive Directors and PDMRs were advised of these transactions on 25 February 2011.
