RISK FACTORS

Investment in our common stock involves risks. In addition to other information contained or incorporated by reference in this prospectus or in an accompanying prospectus supplement, you should carefully consider the following factors before acquiring shares of common stock offered by this prospectus. The occurrence of any of the following risks might cause you to lose all or a part of your investment. Please refer to the section entitled "Forward Looking Statements" on page 13.

General economic conditions may adversely affect our financial condition and results of operations.

Periods of economic slowdown or recession in the United States and in other countries, declining demand for leased office or industrial properties or rising interest rates, or the public perception that any of these events may occur, could result in a general decline in rents or an increased incidence of defaults under existing leases, either of which could adversely affect our financial condition, results of operations, cash flow, quoted per share trading price of our common stock and ability to satisfy our debt service obligations and to pay distributions to you.

Future terrorist activity or declaration of war by the United States may have an adverse affect on our financial condition and operating results.

Future terrorist attacks in the United States, such as the attacks that occurred in New York and Washington, D.C. on September 11, 2001 and other acts of terrorism or war, may result in declining economic activity, which could harm the demand for and the value of our properties. In addition, the public perception that certain locations are at greater risk for attack, such as major airports, ports and rail facilities, may decrease the demand for and the value of our properties near such sites. A decrease in demand would make it difficult for us to renew or release our properties at these sites at lease rates equal to or above historical rates. Terrorist activities also could directly impact the value of our properties through damage, destruction or loss, and the availability of insurance for such acts may be less, and cost more, which would adversely affect our financial condition. To the extent that our tenants are impacted by future attacks, their businesses similarly could be adversely affected, including their ability to continue to honor their existing leases.

Terrorist acts and a declaration of war by the United States also may adversely affect the markets in which our securities trade, and may cause further erosion of business and consumer confidence and spending and may result in increased volatility in national and international financial markets and economies. Any one of these events may cause a decline in the demand for office and industrial leased space, delay the time in which our new or renovated properties reach stabilized occupancy, increase our operating expenses, such as those attributable to increased physical security for our properties, and limit our access to capital or increase our cost of raising capital.

We depend on significant tenants.

As of June 30, 2003, our ten largest office tenants represented approximately 28.9% of our total annual base rental revenues and our ten largest industrial tenants represented approximately 9.0% of our total annual base rental revenues. Of this amount, our largest tenant, The Boeing Company, leased an aggregate of approximately 0.8 million rentable square feet of office space, representing approximately \$14.4 million of our total annual base rental revenues at June 30, 2003.

Edgar Filing: KILROY REALTY CORP - Form S-3/A

As previously reported, Peregrine Systems, Inc. (Peregrine), our second largest tenant at March 31, 2003, filed for bankruptcy in September 2002. Peregrine had leased four office buildings totaling approximately 423,900 rentable square feet under four separate leases. Peregrine was also committed to lease a fifth building, encompassing approximately 114,800 rentable square feet, which was completed in the third quarter of 2002. In July 2003, the bankruptcy court approved Peregrine s plan of reorganization. Peregrine had filed a voluntary petition for relief under Chapter 11 of the bankruptcy code on September 22, 2002. Under terms of the plan of reorganization and in accordance with a settlement agreement previously approved by the bankruptcy court, we

Table of Contents

received a payment in August 2003 of approximately \$18 million and will receive four additional payments of approximately \$750,000 to be paid annually over the next four years.

As part of the bankruptcy court's approval of Peregrine's reorganization plan, the court approved Peregrine's rejection of its lease with us for 3811 Valley Centre Drive, which was effective July 31, 2003. This 112,067 square-foot building is currently 58% subleased to other tenants. The bankruptcy court also approved Peregrine's continuation, in part, of the lease with us for 3611 Valley Centre Drive. Under the revised terms of this lease, Peregrine will lease 78,037 square feet of this 129,680 square foot building that is currently 100% leased to Peregrine. The revised lease terms commence on August 28, 2003. We have executed leases with new tenants for approximately 297,000 rentable square feet of the approximately 461,000 rentable square feet rejected and/or terminated by Peregrine.

One of our other significant tenants, Brobeck, Phleger & Harrison, LLP (Brobeck) dissolved in February 2003, and as a result we terminated the two leases Brobeck had with us encompassing 161,500 rentable square feet. One of the buildings totaling approximately 72,300 rentable square feet was re-leased on an interim basis to one tenant in conjunction with a longer-term lease at another one of our buildings. The interim lease will terminate when the tenant improvements are complete and that building is ready for occupancy. We have also executed a fifteen year lease with another tenant for the same 72,300 rentable square foot building and approximately 23,900 rentable square feet in the adjacent 89,200 rentable square foot building, which is expected to commence in the fourth quarter of 2003.

Although we have been able to mitigate the impact of tenant defaults to our financial condition, revenues and results of operations, our financial condition, revenues and results of operations could be adversely affected if we are unable to re-lease the remaining space vacated by Peregrine or Brobeck on a long-term basis. In addition, our financial condition, revenues and results of operations would be adversely affected if any of our other significant tenants fail to renew their leases, renew their leases on terms less favorable to us or if any of them become bankrupt or insolvent or otherwise unable to satisfy their lease obligations.

Downturns in our tenants' businesses may reduce our cash flows.

For the six months ended June 30, 2003, we derived 95.3% of our revenues from continuing operations from rental income and tenant reimbursements. A tenant may experience a downturn in its business, which may weaken its financial condition and result in its failure to make timely rental payments. In the event of default by a tenant, we may experience delays in enforcing our rights as landlord and may incur substantial costs in protecting our investment. As discussed under the caption "We depend on significant tenants," our second largest tenant at March 31, 2003, Peregrine, filed for bankruptcy in September 2002. Prior to filing for bankruptcy the leases with Peregrine represented approximately 7.9% of our annual base rental revenues. In addition, as discussed above, Brobeck dissolved and began winding up its operations in February 2003.

The bankruptcy or insolvency of a major tenant also may adversely affect the income produced by our properties. If any tenant becomes a debtor in a case under the Bankruptcy Code, we cannot evict the tenant solely because of the bankruptcy. In addition, the bankruptcy court might authorize the tenant to reject and terminate its lease. Our claim against the tenant for unpaid, future rent would be subject to a statutory cap that might be substantially less than the remaining rent actually owed under the lease. Even so, our claim for unpaid rent would likely not be paid in full. Any losses resulting from the bankruptcy of any of our other tenants could adversely impact our financial condition, results from operations, cash flows, quoted per share trading price of our common stock and ability to satisfy our debt service obligations and to pay distributions to you.

We may be unable to renew leases or re-let available space.

Edgar Filing: KILROY REALTY CORP - Form S-3/A

As of June 30, 2003, we had office and industrial space available for lease representing approximately 9.1% of the total square footage of our stabilized portfolio. In addition, leases representing approximately 4.4% and

Table of Contents

10.0% of the square footage of our properties are scheduled to expire during the remainder of 2003 and in 2004, respectively. Above market rental rates on some of our properties may force us to renew or re-lease expiring leases at rates below current lease rates. We believe that the average rental rates for all of our properties generally are equal to the current average quoted market rate, although individual properties within any particular submarket presently may be leased at above or below the rental rates within that submarket. For leases scheduled to expire in the remainder of 2003 and in 2004, we believe the rental rates on average are 10% to 15% above current average quoted market rates, which is primarily related to one lease expiring in 2004. We cannot give any assurance that leases will be renewed or that available space will be re-leased at rental rates equal to or above the current rental rates. If the average rental rates for our properties decrease, our existing tenants do not renew their leases or we do not re-lease a significant portion of our available space, our financial condition, results of operations, cash flows, quoted per share trading price of our common stock and ability to satisfy our debt service obligations and to pay distributions to you would be adversely affected.

Most of our properties depend upon the Southern California economy.

As of June 30, 2003, 93.0% of the aggregate square footage of our stabilized portfolio and 94.9% of our annualized base rent, excluding expense reimbursements and rental abatements, came from properties located in Southern California. In addition, as of June 30, 2003, all of our lease-up, in-process and future development projects were located in Southern California. Our ability to make expected distributions to you depends on our ability to generate Funds From Operations, as defined by NAREIT, in excess of scheduled principal payments on debt, payments on the preferred limited partnership units issued by Kilroy Realty, L.P. and capital expenditure requirements. Events and conditions applicable to owners and operators of real property that are beyond our control may decrease funds available for distribution and the value of our properties. These events include:

local oversupply or reduction in demand of office, industrial or other commercial space;

inability to collect rent from tenants;

vacancies or our inability to rent spaces on favorable terms;

inability to finance property development and acquisitions on favorable terms;

increased operating costs, including insurance premiums, utilities and real estate taxes;

costs of complying with changes in governmental regulations;

the relative illiquidity of real estate investments;

changing submarket demographics; and

property damage resulting from seismic activity.

Edgar Filing: KILROY REALTY CORP - Form S-3/A

The geographic concentration of our properties may expose us to greater economic risks than if we owned properties in several geographic regions. Any adverse economic or real estate developments in the Southern California region could adversely impact our financial condition, results from operations, cash flows, quoted per share trading price of our common stock and ability to satisfy our debt service obligations and to pay distributions to you.

Increasing utility costs and power outages in California may have an adverse effect on our operating results and occupancy levels.

The State of California continues to address issues related to the supply of electricity and natural gas. Since June 2000, shortages of electricity have resulted in increased costs for consumers and certain interruptions in service. Increased consumer costs and consumer perception that the State is not able to effectively manage its energy needs may reduce demand for leased space in California office and industrial properties. A significant reduction in demand for office and industrial space would adversely affect our future financial condition, results of operations, cash flows, quoted per share trading price of our common stock and ability to satisfy our debt service obligations and to pay distributions to you.

Table of Contents

Our debt level reduces cash available for distribution and may expose us to the risk of default under our debt obligations.

Payments of principal and interest on borrowings may leave us with insufficient cash resources to operate our properties or to pay the distributions necessary to maintain our REIT qualification. Our level of debt and the limitations imposed on us by our debt agreements may have important consequences, including the following:

we may be unable to refinance our indebtedness at maturity or the refinancing terms may be less favorable than the terms of our original indebtedness;

cash flow may be insufficient to meet required principal and interest payments;

we may be forced to dispose of one or more of our properties, possibly on disadvantageous terms;

we may default on our obligations and the lenders or mortgagees may foreclose on our properties that secure their loans and receive an assignment of rents and leases; and

our default under one mortgage loan with cross default provisions could result in a default on other indebtedness.

If any one or more of these events were to occur, our financial condition, results of operations, cash flows, quoted per share trading price of our common stock and ability to satisfy our debt service obligations and to pay distributions to you could be adversely affected. In addition, foreclosures could create taxable income without accompanying cash proceeds, a circumstance which could require us to pay income or excise tax notwithstanding our tax status as a REIT under the Internal Revenue Code of 1986, as amended (the Internal Revenue Code). As of June 30, 2003, we had approximately \$765.5 million aggregate principal amount of indebtedness, \$71.6 million of which is contractually due prior to December 31, 2003. Our total debt represented 42.6% of our total market capitalization at June 30, 2003.

We face significant competition which may decrease the occupancy and rental rates of our properties.

We compete with several developers, owners and operators of office, industrial and other commercial real estate, many of which own properties similar to ours in the same submarkets in which our properties are located, but which have lower occupancy rates than our properties. For instance, occupancy rates for our El Segundo stabilized office property portfolio at June 30, 2003 was 93.9% in comparison to 81.5% for the El Segundo office submarkets in total. Leases representing approximately 7,000 and 330,000 square feet, or 1.0% and 45.7% of the total leased square feet in our El Segundo office property portfolio, are scheduled to expire during the remainder of 2003 and in 2004, respectively. In addition, we have one development project in the lease-up phase and one redevelopment office project under construction in El Segundo encompassing approximately 133,700 and 248,100 rentable square feet, respectively. We believe that our higher occupancy rates mean that, on average, our competitors have more space currently available for lease than we do. As a result, our competitors have an incentive to decrease rental rates until their available space is leased. If our competitors offer space at rental rates below the rates currently charged by us for comparable space, we may be pressured to reduce our rental rates below those currently charged in order to retain tenants when our tenant leases expire. As a result, our financial condition, results of operations, cash flows, quoted per share trading price of our common stock and ability to satisfy our debt service obligations and to pay distributions to you may be adversely affected.

Potential losses may not be covered by insurance.

We carry comprehensive liability, fire, extended coverage and rental loss insurance covering all of our properties. We believe the policy specifications and insured limits are appropriate given the relative risk of loss, the cost of the coverage and industry practice. We do not carry insurance for generally uninsurable losses such as loss from riots or acts of God. Some of our policies, like those covering losses due to floods, are subject to limitations involving large deductibles or co-payments and policy limits.

Table of Contents

Earthquake damage to our Properties could have an adverse effect on our financial condition and operating results. We carry earthquake insurance on our properties located in areas known to be subject to earthquakes in an amount and with deductibles which we believe are commercially reasonable. As of June 30, 2003, 128 of our 129 properties, representing approximately 98.9% of our stabilized portfolio based on aggregate square footage and approximately 99.6% based on annualized base rent, were located in areas known to be subject to earthquakes. While we presently carry earthquake insurance on these properties, the amount of our earthquake insurance coverage may not be sufficient to cover losses from earthquakes. In addition, we may discontinue earthquake insurance on some or all of our properties in the future if the cost of premiums for earthquake insurance exceeds the value of the coverage discounted for the risk of loss. If we experience a loss which is uninsured or which exceeds policy limits, we could lose the capital invested in the damaged properties as well as the anticipated future cash flows from those properties. In addition, if the damaged properties are subject to recourse indebtedness, we would continue to be liable for the indebtedness, even if the properties were irreparable.

We may be unable to complete acquisitions and successfully operate acquired properties.

We continue to evaluate the market of available properties and may acquire office and industrial properties when strategic opportunities exist. Our ability to acquire properties on favorable terms and successfully operate them is subject to the following risks:

potential inability to acquire a desired property because of competition from other real estate investors with significant capital, including both publicly traded REITs and institutional investment funds;

even if we enter into agreements for the acquisition of office and industrial properties, these agreements are subject to customary conditions to closing, including completion of due diligence investigations to our satisfaction;

we may be unable to finance the acquisition on favorable terms;

we may spend more than budgeted amounts to make necessary improvements or renovations to acquired properties; and

we may lease the acquired properties at below expected rental rates.

If we cannot finance property acquisitions on favorable terms or operate acquired properties to meet our financial expectations, our financial condition, results of operations, cash flows, quoted per share trading price of our common stock and ability to satisfy our debt service obligations and to pay distributions to you could be adversely affected.

We may be unable to successfully complete and operate developed properties.

Property development involves the following significant risks:

we may be unable to obtain construction financing on favorable terms or at all;

Edgar Filing: KILROY REALTY CORP - Form S-3/A

we may be unable to obtain permanent financing at all or on advantageous terms if we finance development projects through construction loans;

we may be unable to lease developed properties at expected rental rates or within projected timeframes;

we may not complete development projects on schedule or within budgeted amounts;

we may expend funds on and devote our time to projects which we may not complete; and

we may encounter delays or refusals in obtaining all necessary zoning, land use, building, occupancy and other required governmental permits and authorizations.

For example, during the fourth quarter of 1998, we withdrew our participation from a master planned commercial development prior to the commencement of construction. Also, during the third quarter of 2000, we delayed commencement of construction on one of our projects by four months. The project was an assemblage in

Table of Contents

an urban infill location that required the relocation of some existing businesses. We encountered delays when one of the existing tenants experienced difficulty in relocating as a result of the high leasing demand and tight supply constraints in that submarket.

Lastly, in the second quarter of 2003, we added an office development project to our stabilized portfolio since it had been one year since substantial completion. As of June 30, 2003, this property was not occupied. We have executed leases for 48% of the space in this building commencing in the third quarter of 2003.

If one or more of these events were to occur in connection with our projects currently planned for development, our financial condition, results of operations, cash flows, quoted per share trading price of our common stock and ability to satisfy our debt service obligations and to pay distributions to you could be adversely affected.

While we primarily develop office and industrial properties in Southern California markets, we may in the future develop properties for retail or other use and expand our business to other geographic regions where we expect the development of property to result in favorable risk-adjusted returns on our investment. Presently, we do not possess the same level of familiarity with development of other property types or outside markets, which could adversely affect our ability to develop properties or to achieve expected performance.

We could default on leases for land on which some of our properties are located.

As of June 30, 2003 we owned ten office buildings located on various parcels, each of which we lease on a long-term basis. If we default under the terms of any particular lease, we may lose the property subject to the lease. Upon expiration of a lease and all of its options, we may not be able to renegotiate a new lease on favorable terms, if at all. The loss of these properties or an increase of our rental expense would have an adverse effect on our financial condition, results of operations, cash flows, quoted per share trading price of our common stock and ability to satisfy our debt service obligations and to pay distributions to you. As of June 30, 2003 we had approximately 1.5 million aggregate rentable square feet of rental space located on these leased parcels. The leases for the land under the Kilroy Airport Center, Long Beach expire in 2084. The leases for the land under the SeaTac Office Center, including renewal options, expire in 2062.

Real estate assets are illiquid and we may not be able to sell our properties when we desire.

Our investments in our properties are relatively illiquid which limits our ability to sell our properties quickly in response to changes in economic or other conditions. In addition, the Internal Revenue Code generally imposes a 100% prohibited transaction tax on profits we derive from sales of properties held primarily for sale to customers in the ordinary course of business, which could affect our ability to sell properties. These restrictions on our ability to sell our properties could have an adverse effect on our financial condition, results of operations, cash flows, quoted per share trading price of our common stock and ability to satisfy our debt service obligations and to pay distributions to you.

Existing conditions at some of our properties may expose us to liability related to environmental matters.

Edgar Filing: KILROY REALTY CORP - Form S-3/A

Independent environmental consultants have conducted Phase I or similar environmental site assessments on all of our properties. We generally obtain these assessments prior to the acquisition of a property and may later update them as required for subsequent financing of the property or as requested by a tenant. Site assessments generally include a historical review, a public records review, an investigation of the surveyed site and surrounding properties, and the issuance of a written report. These assessments do not generally include soil samplings or subsurface investigations. Through June 30, 2003, Phase I site assessments revealed that 33, or 26%, of our properties, representing approximately 30% of the aggregate square footage of our properties, contain asbestos-containing materials. No remedial action is necessary with respect to these properties in connection with the asbestos-containing materials.

Our site assessments also revealed that historical operations at or near some of our properties, including the operation of underground storage tanks, may have caused soil or groundwater contamination. The prior owners of the affected properties conducted clean-up of known contamination in the soils on the properties and we do

Table of Contents

not believe that further clean-up of the soils is required. None of our site assessments revealed any other environmental liability that we believe would have a material adverse effect on our business, assets or results of operations. We are not aware of any such condition, liability or concern by any other means that would give rise to material environmental liability. However:

the assessments may have failed to reveal all environmental conditions, liabilities or compliance concerns;

there may be material environmental conditions, liabilities or compliance concerns that arose at a property after the review was completed;

future laws, ordinances or regulations may impose material additional environmental liability; and

current environmental conditions at our properties may be affected in the future by tenants, third parties or the condition of land or operations near our properties, such as the presence of underground storage tanks.

We cannot give assurance that costs of future environmental compliance will not affect our ability to make distributions to you.

The use of hazardous materials by some of our tenants may expose us to liability.

Some of our tenants routinely handle hazardous substances and wastes on our properties as part of their routine operations. Environmental laws and regulations subject these tenants, and potentially us, to liability resulting from such activities. We require our tenants, in their leases, to comply with these environmental laws and regulations and to indemnify us for any related liabilities. As of June 30, 2003, less than 5% of our tenants, representing less than 10% of the aggregate square footage of our properties, handled hazardous substances and/or wastes on our properties as part of their routine operations. These tenants are primarily involved in the life sciences and the light industrial and warehouse business. We are not aware of any material noncompliance, liability or claim relating to hazardous or toxic substances or petroleum products in connection with any of our properties, and we do not believe that on-going activities by our tenants will have a material adverse effect on our operations.

We could incur significant costs related to government regulation and private litigation over environmental matters.

Under applicable environmental laws and regulations, we are liable for the costs of removal or remediation of certain hazardous or toxic substances present or released on our properties. These laws could impose liability without regard to whether we are responsible for, or even knew of, the presence or release of the hazardous materials. Government investigations and remediation actions may have substantial costs and the presence or release of hazardous substances on a property could result in personal injury or similar claims by private plaintiffs. For instance, if asbestos-containing materials, toxic mold, or other hazardous or toxic substances were found on our properties, third parties might seek recovery from us for personal injuries associated with those substances. Various laws also impose liability on persons who arrange for the disposal or treatment of hazardous or toxic substances for the cost of removal or remediation of hazardous substances at the disposal or treatment facility. These laws often impose liability whether or not the person arranging for the disposal ever owned or operated the disposal facility. As the owner and operator of our properties, we may be considered to have arranged for the disposal or treatment of hazardous or toxic substances.

Potential environmental liabilities may exceed our environmental insurance coverage limits.

We carry what we believe to be sufficient environmental insurance to cover any potential liability for soil and groundwater contamination and the presence of asbestos-containing materials at the affected sites identified in the environmental site assessments. However, we cannot provide any assurance that our insurance coverage

Table of Contents

will be sufficient or that our liability, if any, will not have a material adverse effect on our financial condition, results of operations, and cash flows, quoted per share trading price of our common stock and our ability to satisfy debt service obligations and to pay distributions to you.

We may incur significant costs complying with other governmental regulations.

Our properties are also subject to regulation under other laws, such as the Americans with Disabilities Act of 1990 under which all public accommodations must meet federal requirements related to access and use by disabled persons, and state and local laws addressing earthquake, fire and life safety requirements. Although we believe that our properties substantially comply with present requirements under applicable governmental regulations, none of our properties have been audited or investigated for compliance by any regulatory agency. If we were not in compliance with material provisions of the ADA or other regulations affecting our properties, we might be required to take remedial action which could include making modifications or renovations to our properties. Federal, state or local governments may also enact future laws and regulations that could require us to make significant modifications or renovations to our properties. If we were to incur substantial costs to comply with the ADA or any other regulations, our financial condition, results of operations, and cash flows, quoted per share trading price of our common stock and our ability to satisfy our debt service obligations and make distributions to you could be adversely affected.

Common limited partners of Kilroy Realty, L.P. have limited approval rights which may prevent us from completing a change of control transaction which may be in the best interests of stockholders.

We may not withdraw from Kilroy Realty, L.P. or transfer our general partnership interest or admit another general partner without the approval of a majority of the common limited partnership unitholders, except in the case of a termination transaction described in the section entitled Description of Material Provisions of the Partnership Agreement of Kilroy Realty, L.P. Transferability of Partnership Interests, which requires the approval of 60% of the common unitholders, including the common units we hold in our capacity as general partner. The right of common limited partners to vote on these transactions could limit our ability to complete a change of control transaction that might otherwise be in the best interests of our stockholders.

Limited partners of Kilroy Realty, L.P. must approve the dissolution of Kilroy Realty, L.P. and the disposition of properties they contributed.

For as long as limited partners own at least 5% of all of the common units of Kilroy Realty, L.P., we must obtain the approval of limited partners holding a majority of the common units before we may:

dissolve the partnership, or

sell the property located at 2260 East Imperial Highway at Kilroy Airport Center in El Segundo prior to January 31, 2004.

As of June 30, 2003, limited partners owned approximately 13.3% of the outstanding interests in Kilroy Realty, L.P. In addition, Kilroy Realty, L.P. has agreed to use commercially reasonable efforts to minimize the tax consequences to common limited partners resulting from the repayment, refinancing, replacement or restructuring of debt, or any sale, exchange or other disposition of any of its other assets. The exercise of one or more of these approval rights by the limited partners could delay or prevent us from completing a transaction which may be in the best

interest of our stockholders.

The Chairman of our board of directors and our President and Chief Executive Officer each have substantial influence over our affairs.

John B. Kilroy, Sr. is the Chairman of our board of directors and John B. Kilroy, Jr. is our President and Chief Executive Officer. Each is a member of our board of directors and together they beneficially own 606,132 shares of common stock, common limited partnership units exchangeable for an aggregate of 1,748,072 shares of common stock and currently vested options to purchase an aggregate of 207,715 shares of

common stock, representing a total of approximately 8.7% of the total outstanding shares of common stock as of June 30, 2003, assuming the exchange, at our option, of the common limited partnership units held by Messrs. Kilroy into shares of our common stock and the exercise of their currently vested options. Pursuant to our charter no other stockholder may own, actually or constructively, more than 7.0% of our common stock without obtaining a waiver from the board of directors. The board of directors has waived the ownership limits with respect to John B. Kilroy, Sr., John B. Kilroy, Jr., members of their families and some affiliated entities. These named individuals and entities may own either actually or constructively, in the aggregate, up to 21% of our outstanding common stock. Consequently, Messrs. Kilroy have substantial influence on us and could exercise their influence in a manner that is not in the best interests of our stockholders. Also, they may in the future have a substantial influence on the outcome of any matters submitted to our stockholders for approval.

There are limits on the ownership of our capital stock which limit the opportunities for a change of control at a premium to existing stockholders.

Provisions of the Maryland General Corporation Law, our charter, our bylaws and Kilroy Realty, L.P.'s partnership agreement may delay, defer or prevent a change in control over us or the removal of existing management. Any of these actions might prevent our stockholders from receiving a premium for their shares of stock over the then prevailing market prices.

The Internal Revenue Code sets forth stringent ownership limits on us as a result of our decision to be taxed as a REIT, including:

no more than 50% in value of our capital stock may be owned, actually or constructively, by five or fewer individuals, including some entities, during the last half of a taxable year;

our common stock shares must be held by a minimum of 100 persons for at least 335 days of a 12-month taxable year, or a proportionate part of a short taxable year; and

if we, or any entity which owns 10% or more of our capital stock, actually or constructively owns 10% or more of one of our tenants, or a tenant of any partnership in which we are a partner, then any rents that we receive from the tenant in question will not be qualifying income for purposes of the Internal Revenue Code's REIT gross income tests, regardless of whether we receive the rents directly or through a partnership.

Our charter establishes clear ownership limits to protect our REIT status. No single stockholder may own, either actually or constructively, more than 7.0% of our common stock outstanding. Similarly, no single holder of our Series A Preferred Stock, Series C Preferred Stock and Series D Preferred Stock may actually or constructively own any class or series of our preferred stock, so that their total capital stock ownership would exceed 7.0% by value of our total capital stock, and no single holder of Series B Preferred Stock, if issued, may actually or constructively own more than 7.0% of our Series B Preferred Stock.

The board of directors may waive the ownership limits if it is satisfied that the excess ownership would not jeopardize our REIT status and if it believes that the waiver would be in our best interests. The board of directors has waived the ownership limits with respect to John B. Kilroy, Sr., John B. Kilroy, Jr., members of their families and some affiliated entities. These named individuals and entities may own either actually or constructively, in the aggregate, up to 21% of the outstanding common stock.

If anyone acquires shares in excess of any ownership limits:

the transfer to the transferee will be void with respect to these excess shares;

the excess shares will be automatically transferred from the transferee or owner to a trust for the benefit of a qualified charitable organization;

the purported transferee or owner will have no right to vote those excess shares; and

the purported transferee or owner will have no right to receive dividends or other distributions from these excess shares.

Table of Contents

Our charter contains provisions that may delay, defer or prevent a change of control transaction.

Our board of directors is divided into classes that serve staggered terms. Our board of directors is divided into three classes with staggered terms. The staggered terms for directors may reduce the possibility of a tender offer or an attempt to complete a change of control transaction even if a tender offer or a change in control were in our stockholders' interests.

We could issue preferred stock without stockholder approval. Our charter authorizes our board of directors to issue up to 30,000,000 shares of preferred stock, including convertible preferred stock, without stockholder approval. The board of directors may establish the preferences, rights and other terms, including the right to vote and the right to convert into common stock any shares issued. The issuance of preferred stock could delay or prevent a tender offer or a change of control even if a tender offer or a change of control were in our stockholders' interests. Kilroy Realty, L.P. has issued 1,500,000 Series A Cumulative Redeemable Preferred units which in the future may be exchanged one-for-one into shares of 8.075% Series A Cumulative Redeemable Preferred Stock, 700,000 Series C Cumulative Redeemable Preferred units which in the future may be exchanged one-for-one into shares of 9.375% Series C Cumulative Redeemable Preferred Stock and 900,000 Series D Cumulative Redeemable Preferred units which in the future may be exchanged one-for-one into shares of 9.25% Series D Cumulative Redeemable Preferred Stock. In addition, we have designated and authorized the issuance of up to 400,000 shares of Series B Junior Participating Preferred Stock in connection with our stockholders' rights plan. However, no shares of preferred stock of any series are currently issued or outstanding.

We have a stockholders' rights plan. Each share of our common stock includes the right to purchase one one-hundredth (1/100th) of a share of our Series B Junior Participating Preferred Stock. The rights have anti-takeover effects and would cause substantial dilution to a person or group that attempts to acquire us on terms that our board of directors does not approve. We may redeem the shares for \$.01 per right prior to the time that a person or group has acquired beneficial ownership of 15% or more of our common stock. Therefore, the rights should not interfere with any merger or business combination approved by our board of directors.

The staggered terms for directors, the future issuance of additional common or preferred stock and our stockholders' rights plan may:

delay or prevent a change of control over us, even if a change of control might be beneficial to our stockholders;

deter tender offers that may be beneficial to our stockholders; or

limit stockholders' opportunity to receive a potential premium for their shares if an investor attempted to gain shares beyond our ownership limits or otherwise to effect a change of control.

Loss of our REIT status would have significant adverse consequences to us and the value of our stock.

We currently operate and have operated since 1997 in a manner that is intended to allow us to qualify as a REIT for federal income tax purposes under the Internal Revenue Code.

Edgar Filing: KILROY REALTY CORP - Form S-3/A

If we were to lose our REIT status, we would face serious tax consequences that would substantially reduce the funds available for distribution to you for each of the years involved because:

we would not be allowed a deduction for distributions to stockholders in computing our taxable income and would be subject to federal income tax at regular corporate rates;

we also could be subject to the federal alternative minimum tax and possibly increased state and local taxes; and

unless entitled to relief under applicable statutory provisions, we could not elect to be taxed as a REIT for four taxable years following the year during which we were disqualified.

In addition, if we fail to qualify as a REIT, we will not be required to make distributions to stockholders, and all distributions to stockholders will be subject to tax as regular corporate dividends to the extent of our current and accumulated earnings and profits.

Table of Contents

As a result of all these factors, our failure to qualify as a REIT also could impair our ability to expand our business and raise capital and would adversely affect the value of our common stock.

Qualification as a REIT involves the application of highly technical and complex Internal Revenue Code provisions for which there are only limited judicial and administrative interpretations. The complexity of these provisions and of the applicable treasury regulations that have been promulgated under the Internal Revenue Code is greater in the case of a REIT that, like us, holds its assets through a partnership. The determination of various factual matters and circumstances not entirely within our control may affect our ability to qualify as a REIT. For example, in order to qualify as a REIT, at least 95% of our gross income in any year must be derived from qualifying sources. Also, we must make distributions to stockholders aggregating annually at least 90% of our net taxable income, excluding capital gains. In addition, legislation, new regulations, administrative interpretations or court decisions may adversely affect our investors or our ability to qualify as a REIT for federal income tax purposes or the desirability of an investment in a REIT relative to other investments. Although our management believes that we are organized and operate in a manner to qualify as a REIT, no assurance can be given that we have been or will continue to be organized or able to operate in a manner to qualify or remain qualified as a REIT for federal income tax purposes.

To maintain our REIT status, we may be forced to borrow funds on a short-term basis during unfavorable market conditions.

To qualify as a REIT, we generally must distribute to our stockholders at least 90% of our net taxable income each year, excluding capital gains, and we will be subject to regular corporate income taxes to the extent that we distribute less than 100% of our net taxable income each year. In addition, we will be subject to a 4% non-deductible excise tax on the amount, if any, by which distributions paid by us in any calendar year are less than the sum of 85% of our ordinary income, 95% of our capital gain net income and 100% of our undistributed income from prior years. In order to maintain our REIT status and avoid the payment of federal income and excise taxes, we may need to borrow funds on a short-term basis to meet the REIT distribution requirements even if the then prevailing market conditions are not favorable for these borrowings. These short-term borrowing needs could result from differences in timing between the actual receipt of income and inclusion of income for federal income tax purposes, or the effect of non-deductible capital expenditures, the creation of reserves or required debt or amortization payments.

Our growth depends on external sources of capital which are outside of our control.

We are required under the Internal Revenue Code to distribute at least 90% of our net taxable income, determined without regard to the dividends-paid deduction and excluding any net capital gain, and we will be subject to regular corporate income taxes to the extent that we distribute less than 100% of our net taxable income each year. Because of this distribution requirement, we may not be able to fund future capital needs, including any necessary acquisition financing, from operating cash flow. Consequently, we rely on third-party sources of capital to fund our capital needs. We may not be able to obtain the financing on favorable terms or at all. Any additional debt we incur will increase our leverage. Access to third-party sources of capital depends, in part, on:

general market conditions;

the market's perception of our growth potential;

our current and expected future earnings;

our cash flow and cash distributions; and

the market price per share of our common stock.

If we cannot obtain capital from third-party sources, we may not be able to acquire properties when strategic opportunities exist, satisfy our debt service obligations or make the cash distributions to our stockholders necessary to maintain our qualification as a REIT.

Table of Contents

Our board of directors may change our investment and financing policies without stockholder approval and become more highly leveraged, which may increase our risk of default under our debt obligations.

We are not limited in our ability to incur debt. Our financing policies and objectives are determined by our board of directors. Our goal is to limit our dependence on leverage and maintain a conservative ratio of debt to total market capitalization. Total market capitalization is the market value of our capital stock, including common limited partnership units exchangeable for shares of capital stock, and the liquidation value of Series A, Series C and Series D Preferred units plus total debt. However, our organizational documents do not limit the amount or percentage of indebtedness, funded or otherwise, that we may incur. At June 30, 2003, total debt constituted approximately 42.6% of our total market capitalization. This ratio may be increased or decreased without the consent of our stockholders. Therefore, we could become more highly leveraged without stockholder approval, which would result in an increase in our debt service and which could adversely affect cash flow and the ability to make distributions to you. Higher leverage also increases the risk of default on our obligations and limits our ability to incur additional financing in the future.

We may issue additional shares of capital stock without stockholder approval which may dilute your investment. We may issue shares of our common stock, preferred stock or other equity or debt securities without stockholder approval. Similarly, we may cause Kilroy Realty, L.P. to offer its common or preferred units for contributions of cash or property without approval by the limited partners of Kilroy Realty, L.P. or our stockholders. Existing stockholders have no preemptive rights to acquire any of these securities, and any issuance of equity securities may dilute your investment.

We may invest in securities related to real estate which could adversely affect our ability to make distributions to you. We may purchase securities issued by entities which own real estate and may in the future also invest in mortgages. In general, investments in mortgages are subject to several risks, including:

borrowers may fail to make debt service payments or pay the principal when due;

the value of the mortgaged property may be less than the principal amount of the mortgage note securing the property; and

interest rates payable on the mortgages may be lower than our cost for the funds used to acquire these mortgages.

Owning these securities may not entitle us to control the ownership, operation and management of the underlying real estate. In addition, we may have no control over the distributions with respect to these securities, which could adversely affect our ability to make distributions to you.

Sales of a substantial number of shares of common stock, or the perception that this could occur, could result in decreasing the market price per share for our common stock. We cannot predict whether future issuances of shares of our common stock or the availability of shares for resale in the open market will result in decreasing the market price per share of our common stock.

As of June 30, 2003, 27,564,739 shares of our common stock were issued and outstanding and we had reserved for future issuance the following shares of common stock:

Edgar Filing: KILROY REALTY CORP - Form S-3/A

4,218,752 shares issuable upon the exchange, at our option, of common units issued in connection with the formation of Kilroy Realty, L.P. and in connection with property acquisitions;

1,386,770 shares issuable under our 1997 Stock Option and Incentive Plan; and

1,000,000 shares issuable under our Dividend Reinvestment and Direct Stock Purchase Plan.

Of the 27,564,739 shares of common stock outstanding at June 30, 2003, all but 153,271 restricted shares were freely tradable in the public market. In addition, we have filed or have agreed to file registration statements covering all of the shares of common stock reserved for future issuance. Consequently, if and when the shares are issued, they may be freely traded in the public markets.

THE COMPANY

We are a REIT which owns, operates, develops and acquires Class A suburban office and industrial real estate in key suburban submarkets, primarily in Southern California that we believe have strategic advantages and strong barriers to entry. We were incorporated in September 1996 in Maryland and commenced operations upon the completion of our initial public offering on January 31, 1997. We are the successor to the real estate business of Kilroy Industries, a California corporation, and certain of its affiliated corporations, partnerships and trusts.

As of June 30, 2003, our stabilized portfolio of operating properties was comprised of 79 office buildings and 50 industrial buildings, which encompassed an aggregate of approximately 6.9 million and 4.9 million rentable square feet, respectively. Our properties include ten properties that we developed and then stabilized during 2002 and 2001 encompassing an aggregate of approximately 436,200 and 312,400 rentable square feet, respectively. As of June 30, 2003, our office properties were approximately 86.9% leased to 264 tenants, and our industrial properties were approximately 96.5% leased to 74 tenants. All but five of our properties are located in Southern California.

Our stabilized portfolio excludes development and redevelopment projects currently under construction, or in pre-development, and lease-up properties. We define lease-up properties as properties recently developed or redeveloped by us that have not yet reached 95% occupancy and are within one year following substantial completion. We had two development office properties and one redevelopment office property in the lease-up phase at June 30, 2003, encompassing an aggregate of approximately 325,000 rentable square feet. As of June 30, 2003, we had one development office property and three redevelopment office properties under construction which when completed are expected to encompass an aggregate of approximately 209,000 and 394,900 rentable square feet, respectively. In addition, as of June 30, 2003, we owned approximately 58.2 acres of undeveloped land upon which we currently expect to develop an aggregate of approximately 1.1 million rentable square feet of office space during the next three to five years, depending upon market conditions. All of our lease-up properties and in-process development projects are located in Southern California in the Los Angeles and San Diego regions. All of our undeveloped land parcels are located in Southern California in the San Diego region.

We own our interests in all of our properties through Kilroy Realty, L.P., a Delaware limited partnership and Kilroy Realty Finance Partnership, L.P., a Delaware limited partnership. We conduct substantially all of our activities through Kilroy Realty, L.P. in which, as of June 30, 2003, we owned an approximate 86.7% general partnership interest. The remaining 13.3% limited partnership interest in Kilroy Realty, L.P. was owned by certain of our executive officers and directors, certain of their affiliates and other outside investors, which includes all of the selling stockholders. In the event of redemption of all the common units of limited partnership interest that are held by the selling stockholders for common stock, we would own 91.1% general partnership interest and the limited partners would own 8.9%. We are the sole general partner of Kilroy Realty, L.P. and have control over its management. Kilroy Realty, L.P. owns 111 properties of our 129 properties. The remaining properties are owned by Kilroy Realty Finance Partnership, L.P. Kilroy Realty Finance Inc., our wholly-owned subsidiary, is the sole general partner of Kilroy Realty Finance Partnership, L.P. and owns a 1% general partnership interest. Kilroy Realty, L.P. owns the remaining 99% limited partnership interest of Kilroy Realty Finance Partnership, L.P. We conduct substantially all of our development services through our wholly-owned subsidiary, Kilroy Services, LLC.

Our common stock is listed on the New York Stock Exchange under the symbol KRC. Our principal executive offices are located at 12200 West Olympic Boulevard, Suite 200, Los Angeles, California 90064. Our telephone number is (310) 481-8400.

USE OF PROCEEDS

We are filing the registration statement of which this prospectus is a part pursuant to our contractual obligation to the holders named in the section entitled Selling Stockholders. We will not receive any of the proceeds from the issuance of shares of common stock to the holder or the resale of the shares by the holder. However, we will pay registration expenses which we estimate to be approximately \$121,000.

DESCRIPTION OF CAPITAL STOCK

We have summarized the material terms and provisions of our capital stock in this section. For more detail you should refer to our charter, which we have previously filed with the SEC and which we incorporate by reference as an exhibit to the registration statement of which this prospectus is a part.

Common stock.

General. Our charter authorizes us to issue 150,000,000 shares of common stock, par value \$0.01 per share. As of June 30, 2003, we had 27,564,739 shares of common stock issued and outstanding. The 27,564,739 outstanding shares excludes the 4,218,752 shares of common stock, as of June 30, 2003, which we may issue in exchange for presently outstanding common units which may be tendered for redemption to Kilroy Realty, L.P., including the 1,398,068 offered pursuant to this prospectus.

Shares of our common stock:

are entitled to one vote per share on all matters presented to stockholders generally for a vote, including the election of directors, with no right to cumulative voting;

do not have any conversion rights;

do not have any exchange rights;

do not have any sinking fund rights;

do not have any redemption rights;

do not have any appraisal rights;

do not have any preemptive rights to subscribe for any of our securities; and

are subject to restrictions on ownership and transfer.

We may pay distributions on shares of common stock, subject to the preferential rights of, when issued, our Series A Preferred Stock, the Series B Preferred Stock, the Series C Preferred Stock, the Series D Preferred Stock and any other series or class of capital stock which we may issue in the future. However, we may only pay distributions when our board of directors authorizes a distribution out of legally available funds. We make, and intend to continue to make, quarterly distributions on outstanding shares of common stock.

Table of Contents

Our board of directors may:

reclassify any unissued shares of common stock into other classes or series of capital stock;

establish the number of shares in each of these classes or series of capital stock;

establish any preference rights, conversion rights and other rights, including voting powers, of each of these classes or series of capital stock;

establish restrictions, such as limitations and restrictions on ownership, dividends or other distributions of each of these classes or series of capital stock; and

establish qualifications and terms or conditions of redemption for each of these classes or series of capital stock.

Material provisions of Maryland General Corporation Law. Under the Maryland General Corporation Law, our stockholders are generally not liable for our debts or obligations. If we liquidate, we will first pay all debts and other liabilities, including debts and liabilities arising out of our status as general partner of Kilroy Realty, L.P., and any preferential distributions on any outstanding shares of preferred stock. Each holder of common stock then will share ratably in our remaining assets. All shares of common stock have equal distribution, liquidation and voting rights, and have no preference or exchange rights, subject to the ownership limits in our charter or as permitted by our board of directors.

Under the Maryland General Corporation Law, we generally require approval by our stockholders by the affirmative vote of at least two-thirds of the votes entitled to vote before we can:

dissolve;

amend our charter;

merge;

sell all or substantially all of our assets;

engage in a share exchange; or

engage in similar transactions outside the ordinary course of business.

Because the term "substantially all of a Company's assets" is not defined in the Maryland General Corporation Law it is subject to Maryland common law and to judicial interpretation and review in the context of the unique facts and circumstances of any particular transaction.

Edgar Filing: KILROY REALTY CORP - Form S-3/A

Although the Maryland General Corporation Law allows our charter to establish a lesser percentage of affirmative votes by our stockholders for approval of those actions, our charter does not include this provision.

Rights to purchase Series B Preferred Stock. Each share of our common stock includes a right to purchase from us, once the rights become exercisable, one one-hundredth (1/100th) of a share of our Series B Preferred Stock, at a purchase price of \$71.00 per share, subject to anti-dilution adjustments. Once exercisable, the rights may be exercised until we redeem them, until they are exchanged or terminated, or until they expire on October 2, 2008.

The rights will be transferred only with shares of our common stock until the earlier to occur of:

- (1) ten days following a public announcement that a person or group of affiliated or associated persons, which we refer to as an acquiring person, has acquired, or obtained the right to acquire, beneficial ownership of:

15% or more of the shares of our common stock or,

in the case of John B. Kilroy, Sr., the Chairman of our board of directors, John B. Kilroy, Jr., our President and Chief Executive Officer, and Kilroy Industries, and their respective affiliates, of more than 21% of the shares of our common stock, and

Table of Contents

- (2) ten business days, or on a later date as may be determined by our board of directors, prior to the time that any person or group of affiliated persons becomes an acquiring person, following the commencement or announcement of an intention to make a tender offer or exchange offer for shares of our common stock, the consummation of which would result in the beneficial ownership by:

a person or group of 15% or more of the shares of our common stock or,

in the case of John B. Kilroy, Sr., the Chairman of our board of directors, John B. Kilroy, Jr., our President and Chief Executive Officer, and Kilroy Industries, and their respective affiliates, of more than 21% of the shares of our common stock.

We refer to the earlier of these dates as the distribution date. The rights will be transferred only with shares of our common stock until the distribution date, earlier redemption or expiration of the rights. Our board of directors may not postpone the exercisability and transferability of the rights. As soon as practicable after the distribution date, separate right certificates will be issued to holders of record of shares of common stock as of the close of business on the distribution date. Subject to the termination of the right of redemption, the rights will become exercisable and transferable. Right certificates initially will represent the right to purchase one share of common stock for each share of our common stock currently outstanding.

If a person or group becomes an acquiring person, or if we are the surviving corporation in a merger with an acquiring person or any affiliate or associate of an acquiring person and shares of common stock are not changed or exchanged, each holder of a right, other than rights that are or were acquired or beneficially owned by the acquiring person, may receive upon exercise that number of shares of common stock having a market value of two times the then current purchase price of one right. The rights that are or were acquired or beneficially owned by the acquiring person will then be void.

We will adjust the number of rights associated with each share of our common stock as necessary if we distribute shares of common stock as dividends, or declare a stock split or reverse stock split in our common stock. If after a person has become an acquiring person we are acquired in a merger or other business combination transaction or more than 50% of our assets or earning power are sold, each holder of a right will receive, upon the exercise of a right at the then current purchase price, the number of shares of common stock of the acquiring company which at the time of that transaction would have a market value of two times the then current purchase price of one right.

At any time after a person becomes an acquiring person and prior to the earlier of one of the events described in the last sentence in the previous paragraph or the acquisition by the acquiring person of 50% or more of our then outstanding common stock, we may exchange the rights, other than rights owned by an acquiring person which have become void, in whole or in part, for shares of common stock having an aggregate value equal to the difference between the value of the common stock issuable upon exercise of the rights and the purchase price payable upon the exercise.

Our board of directors may:

redeem the rights in whole, but not in part, at a redemption price of \$.01 per right at any time prior to the time a person becomes an acquiring person;

in its sole discretion establish when the redemption of the rights may be made effective, on what basis and under what conditions; and

Edgar Filing: KILROY REALTY CORP - Form S-3/A

amend any of the provisions of the rights agreement for so long as the rights are redeemable.

Immediately upon any redemption of the rights, a stockholder's right to exercise the rights will terminate and the holders of rights may then only receive the redemption price. After the rights are no longer redeemable, we may amend or supplement the rights agreement only in a manner that does not adversely affect the interests of the holders of the rights.

Table of Contents

We may adjust from time to time the purchase price payable, and the number of one one-hundredths of a share of Series B Preferred Stock or other securities or property issuable, upon exercise of the rights to prevent dilution:

in the event of a stock dividend on, or a subdivision, combination or reclassification of, the Series B Preferred Stock,

upon the grant to holders of the shares of Series B Preferred Stock of some rights or warrants to subscribe to or purchase shares of Series B Preferred Stock or convertible securities at less than the current market price of the Series B Preferred Stock, or

upon the distribution to holders of shares of Series B Preferred Stock of evidences of indebtedness, cash, securities or assets or of subscription rights or warrants, other than those referred to above.

The distributions referred to above exclude:

regular periodic cash dividends at a rate not in excess of 125% of the rate of the last regular periodic cash dividend paid or,

in case regular periodic cash dividends have not been paid, at a rate not in excess of 50% of our average net income per share for the four quarters ended immediately prior to the payment of the dividend, or dividends payable in shares of Series B Preferred Stock which will be subject to the adjustment described above.

Until a right is exercised, the holder of the right will have no rights as a stockholder beyond those as an existing stockholder, including, without limitation, the right to vote or to receive dividends.

Preferred stock.

Our charter authorizes us to issue 30,000,000 shares of preferred stock, par value \$.01 per share. Of the 30,000,000 authorized shares of preferred stock, we have classified and designated 1,700,000 shares as Series A Preferred Stock, 400,000 as Series B Preferred Stock, 700,000 shares as Series C Preferred Stock and 900,000 shares as Series D Preferred Stock. No shares of preferred stock are currently issued and outstanding.

We may classify, designate and issue additional shares of preferred stock, in one or more classes, as authorized by our board of directors without the prior consent of our stockholders. The board of directors may afford the holders of preferred stock preferences, powers and rights voting or otherwise senior to the rights of holders of shares of common stock. Our board of directors can authorize the issuance of preferred stock with terms and conditions that could have the effect of delaying or preventing a change of control transaction that might involve a premium price for holders of shares of common stock or otherwise be in their best interest. All shares of preferred stock which are issued and become outstanding will be fully paid and nonassessable. Before we may issue any shares of preferred stock of any class, the Maryland General Corporation Law and our charter require our board of directors to determine the following:

the designation;

the terms;

preferences;

conversion and other rights;

voting powers;

restrictions;

limitations as to distributions;

qualifications; and

terms or conditions of redemption.

implemented in a way that holders of our common stock will receive, per share, consideration, other than capital stock, valued in excess of 50% of the then market price of each share of our common stock with respect to, or in exchange for, the common stock,

then, immediately upon the occurrence of that event, we will redeem a number of shares of Series D Preferred Stock of each holder thereof, at a price of \$50.00 per share plus all accrued dividends with respect to that share, equal to a fraction, the numerator of which is the per share value of such consideration paid to the holders of the common stock and the denominator of which is the then market price of each share of common stock.

Limited voting rights. If we do not pay dividends on any shares of Series A Preferred Stock, Series C Preferred Stock or Series D Preferred Stock for six or more quarterly periods, including any periods during which we do not make distributions in respect of Series A Preferred Units, Series C Preferred Units and Series D Preferred Units prior to their exchange into shares of Series A Preferred Stock, Series C Preferred Stock and Series D Preferred Stock, as applicable, whether or not consecutive, the holders of Series A Preferred Stock, Series C Preferred Stock and Series D Preferred Stock will have the right to vote as a single class with all other shares of capital stock ranking on parity with the Series A Preferred Stock, Series C Preferred Stock and Series D Preferred Stock which have similar vested voting rights for the election of two additional directors to our board of directors. The directors will be elected by a plurality of the votes cast in the election for a one-year term and until their successors are duly elected and qualify or until the director's right to hold the office terminates, whichever occurs earlier, subject to the director's earlier death, disqualification, resignation or removal. The election will take place at:

special meetings called by the holders of at least 10% of the outstanding shares of Series A Preferred Stock, Series C Preferred Stock, Series D Preferred Stock or the holders of shares of any other class or series of stock on parity with the Series A Preferred Stock, the Series C Preferred Stock and the Series D Preferred Stock with respect to which dividends are also accrued and unpaid if this request is received more than 90 days before the date fixed for our next annual or special meeting of stockholders or, if we receive the request for a special meeting less than 90 days before the date fixed for our next annual or special meeting of stockholders, at our annual or special meeting of stockholders, and

at each subsequent annual meeting until all dividends accumulated on the Series A Preferred Stock, the Series C Preferred Stock and the Series D Preferred Stock for all past dividend periods and the dividend for the then current dividend period, including accrued but unpaid distributions in respect of Series A Preferred Units, Series C Preferred Units and Series D Preferred Units at the time they are exchanged for shares of Series A Preferred Stock or Series C Preferred Stock, as applicable, have been fully paid or declared and a sum sufficient for the payment of the dividends is irrevocably set aside in trust for payment in full.

When all of the dividends have been paid in full, the holders of Series A Preferred Stock, Series C Preferred Stock and Series D Preferred Stock will be divested of their voting rights and the term of any member of our board of directors elected by the holders of Series A Preferred Stock, Series C Preferred Stock, Series D Preferred Stock and holders of any other shares of stock on parity with the Series A Preferred Stock, the Series C Preferred Stock and the Series D Preferred Stock will terminate.

In addition, if any shares of Series A Preferred Stock, Series C Preferred Stock or Series D Preferred Stock are outstanding, without the consent of two-thirds of the holders of the series of preferred stock then outstanding, as applicable, we may not:

authorize or create or increase the authorized or issued amount of any shares of capital stock ranking senior to the Series A Preferred Stock, the Series C Preferred Stock and the Series D Preferred Stock,

reclassify any of our authorized shares of capital stock into any shares ranking senior to the Series A Preferred Stock, the Series C Preferred Stock and the Series D Preferred Stock,

designate or create, or increase the authorized or issued amount of, or reclassify any of our authorized shares of capital stock into any stock on parity with the Series A Preferred Stock, the Series C Preferred Stock and the Series D Preferred Stock, or create, authorize or issue any obligations or security convertible into or evidencing the right to purchase any such shares, but only to the extent the shares on parity with the Series A Preferred Stock, the Series C Preferred Stock and the Series D Preferred Stock are issued to one of our affiliates, or

either

consolidate, merge into or with, or convey, transfer or lease our assets substantially as an entirety, to any corporation or other entity, or

amend, alter or repeal the provisions of our charter, whether by merger, consolidation or otherwise, in each case that would materially and adversely affect the powers, special rights, preferences, privileges or voting power of the Series A Preferred Stock, Series C Preferred Stock and Series D Preferred Stock or the holders of Series A Preferred Stock, Series C Preferred Stock and Series D Preferred Stock.

The Series A Preferred Stock, Series C Preferred Stock and Series D Preferred Stock will have no voting rights other than as discussed above.

Liquidation preference. Each share of Series A Preferred Stock, Series C Preferred Stock and Series D Preferred Stock is entitled to a liquidation preference of \$50.00 per share, plus any accrued but unpaid dividends, in preference to any other class or series of our capital stock, other than those equity securities expressly designated as ranking on a parity with or senior to the Series A Preferred Stock, Series C Preferred Stock and Series D Preferred Stock.

Series B Junior Participating Preferred Stock.

General. Of our 30,000,000 authorized preferred shares, we designated 400,000 shares as Series B Junior Participating Preferred Stock. The Series B Preferred Stock is issuable upon exercise of the rights to purchase shares of Series B Preferred Stock, as described above in the section entitled Common stock Rights to purchase Series B Preferred Stock.

Ranking. The Series B Preferred Stock, if and when issued, will rank:

junior to our Series A Preferred Stock, Series C Preferred Stock and Series D Preferred Stock, if and when issued, and all other classes or series of preferred stock designated as ranking senior to the Series B Preferred Stock with respect to distributions and rights upon liquidation, dissolution, or winding-up;

senior to all classes or series of preferred stock designated as ranking junior to the Series B Preferred Stock; and

on a parity with all other classes or series of stock designated as ranking on a parity with the Series B Preferred Stock.

Edgar Filing: KILROY REALTY CORP - Form S-3/A

Dividends. Each share of Series B Preferred Stock will be entitled, when, and if declared, to the greater of:

a minimum preferential cumulative quarterly dividend payment of \$1.00 per share paid on the first day of March, June, September and December, and

an aggregate dividend of 100 times the dividend, if any, declared per share of common stock, other than a dividend payable in shares of common stock, since the last quarterly dividend payment date.

We will adjust the right to dividends per share of the Series B Preferred Stock if we increase or decrease the number of shares of common stock by declaring or paying a dividend on the common stock payable in shares of common stock, or subdividing, combining or consolidating the outstanding shares of common stock. Accrued

and unpaid dividends shall not bear interest. Dividends paid on shares of Series B Preferred Stock which are less than the total amount of the dividends accrued and payable on these shares shall be allocated pro rata on a share-by-share basis among all of the outstanding shares of Series B Preferred Stock.

Until dividends or distributions payable on the Series B Preferred Stock, whether or not declared, have been paid in full, we may not:

declare or pay dividends, or make any other distributions, including upon liquidation, dissolution or winding up, on any shares of capital stock ranking:

junior to the Series B Preferred Stock;

on parity with the Series B Preferred Stock, except dividends paid ratably on the Series B Preferred Stock and any parity stock on which dividends are payable or in arrears in proportion to the total amounts to which the holders of all shares are then entitled;

redeem or purchase or otherwise acquire for consideration:

shares of any capital stock ranking junior, either as to dividends or upon liquidation, dissolution or winding up, to the Series B Preferred Stock, except as provided in our charter to protect our REIT status or if we acquire shares of junior stock in exchange for shares of any of our capital stock ranking junior both as to dividends and upon dissolution, liquidation or winding up, to the Series B Preferred Stock; or

any shares of Series B Preferred Stock, or any shares of capital stock ranking on parity with the Series B Preferred Stock, except as provided for in our charter to protect our REIT status or in accordance with a written or published purchase offer to all holders of the shares on terms that our board of directors shall determine in good faith will result in fair and equitable treatment among the respective series or classes.

We will not permit any of our subsidiaries to purchase or otherwise acquire for consideration any shares of our capital stock unless we could purchase or otherwise acquire the shares at that time and in the manner set forth above.

Liquidation preference. If we liquidate, dissolve or wind-up our business, the holders of shares of Series B Preferred Stock will be entitled, *pro rata* with any shares of preferred stock ranking on parity with the Series B Preferred Stock, to an aggregate preferential liquidation payment of 100 times the payment made per share of common stock. In no event may the liquidation payment be less than \$100 per share plus any accrued and unpaid dividends. We will adjust the liquidation preference per share of the Class B Preferred Stock if we increase or decrease the number of shares of common stock by declaring or paying a dividend on the common stock payable in shares of common stock, or subdividing, combining or consolidating the outstanding shares of common stock.

Voting rights. Each holder of a share of Series B Preferred Stock is entitled to 100 votes on all matters submitted to our stockholders having general voting rights. We will adjust as necessary the votes per share of the Series B Preferred Stock if we increase or decrease the number of shares of common stock by declaring or paying a dividend on the common stock payable in shares of common stock, or subdividing, combining or consolidating the outstanding shares of common stock.

Except as required by law, we do not require the consent of holders of Series B Preferred Stock for taking any corporate action, unless they are entitled to vote with holders of common stock. Generally, any holder of Series B Preferred Stock, common stock or any other shares of stock that have general voting powers will vote together as one class on all matters submitted to those stockholders having general voting rights.

Business combinations. If we enter into any consolidation, merger, combination or other transaction, shares of our common stock may be exchanged for or changed into other stock or securities, cash and/or any

other property. In that case, each share of Series B Preferred Stock shall at the same time be similarly exchanged or changed into an amount per share equal to 100 times the aggregate amount of stock, securities, cash and/or any other property, payable in kind, as the case may be, into or for which each share of common stock is changed or exchanged. We will adjust the amount of per share consideration to be received by holders of Series B Preferred Stock upon any of these transactions if we increase or decrease the number of shares of common stock by declaring or paying a dividend on the common stock payable in shares of common stock, or subdividing, combining or consolidating the outstanding shares of common stock.

Redemption. We may not redeem the Series B Preferred Stock at any time.

Restrictions on ownership and transfer of capital stock.

Internal Revenue Code requirements.

To maintain our tax status as a REIT, five or fewer individuals, as that term is defined in the Internal Revenue Code, which includes certain entities, may not own, actually or constructively, more than 50% in value of our issued and outstanding capital stock at any time during the last half of a taxable year. Constructive ownership provisions in the Internal Revenue Code determine if any individual or entity constructively owns our capital stock for purposes of this requirement. In addition, 100 or more persons must beneficially own our capital stock during at least 335 days of a taxable year or during a proportionate part of a short taxable year. Also, rent from tenants in which we actually or constructively own a 10% or greater interest is not qualifying income for purposes of the gross income tests of the Internal Revenue Code. To help ensure we meet these tests, our charter restricts the acquisition and ownership of shares of our capital stock.

Transfer restrictions in our charter.

Subject to exceptions specified in our charter, no holder may own, either actually or constructively under the applicable constructive ownership provisions of the Internal Revenue Code:

more than 7%, by number of shares or value, whichever is more restrictive, of the outstanding shares of our common stock;

if and when issued, more than 7%, by number of shares or value, whichever is more restrictive, of our Series B Preferred Stock; or

if and when issued, shares of our Series A Preferred Stock, Series C Preferred Stock and/or Series D Preferred Stock, which, taking into account all other shares of our capital stock actually or constructively held, would cause a holder to own more than 7% by value of our outstanding shares of capital stock.

In addition, because rent from tenants in which we actually or constructively own a 10% or greater interest is not qualifying rent for purposes of the gross income tests under the Internal Revenue Code, our charter provides that no holder may own, either actually or constructively by virtue of the constructive ownership provisions of the Internal Revenue Code, which differ from the constructive ownership provisions used for purposes of the preceding sentence:

Edgar Filing: KILROY REALTY CORP - Form S-3/A

more than 9.8%, by number of shares or value, whichever is more restrictive, of the outstanding shares of our common stock;

if and when issued, more than 9.8% by number of shares or value, whichever is more restrictive, of our Series B Preferred Stock; or

if and when issued, shares of our Series A Preferred Stock, Series C Preferred Stock and/or Series D Preferred Stock, which, taking into account all other shares of our capital stock actually or constructively held, would cause a holder to own more than 9.8% by value of our outstanding shares of capital stock.

Table of Contents

We refer to the limits described in this paragraph, together, as the ownership limits.

The constructive ownership provisions set forth in the Internal Revenue Code are complex, and may cause shares of our capital stock owned actually or constructively by a group of related individuals and/or entities to be constructively owned by one individual or entity. As a result, the acquisition of shares of our capital stock in an amount that does not exceed the ownership limits, or the acquisition of an interest in an entity that actually or constructively owns our capital stock, could, nevertheless cause that individual or entity, or another individual or entity, to own constructively shares in excess of the ownership limits and thus violate the ownership limits described above or otherwise permitted by our board of directors. In addition, if and when such shares are issued, a violation of the ownership limits relating to the Series A Preferred Stock, Series C Preferred Stock or Series D Preferred Stock could occur as a result of a fluctuation in the relative value of this stock and our common stock, even absent a transfer or other change in actual or constructive ownership.

Our board of directors may waive the ownership limits with respect to a particular stockholder if it:

determines that the ownership will not jeopardize our status as a REIT; and

otherwise decides that this action would be in our best interest.

As a condition of this waiver, our board of directors may require opinions of counsel satisfactory to it and/or undertakings or representations from the applicant with respect to preserving our REIT status. Our board of directors has waived the ownership limit applicable to our common stock for John B. Kilroy, Sr. and John B. Kilroy, Jr., as well as members of their families and entities which are deemed to own Messrs. Kilroy's common stock, allowing them to own up to 21% of our common stock. However, the board of directors conditioned this waiver upon the receipt of undertakings and representations from Messrs. Kilroy which it believed were reasonably necessary in order to conclude that the waiver would not cause us to fail to qualify and maintain our status as a REIT.

In addition to the foregoing ownership limits, no holder may own, either actually or constructively under the applicable attribution rules of the Internal Revenue Code, any shares of any class of our capital stock if, as a result of this ownership:

more than 50% in value of our outstanding capital stock would be owned, either actually or constructively under the applicable constructive ownership provisions of the Internal Revenue Code, by five or fewer individuals, as defined in the Internal Revenue Code,

our capital stock would be beneficially owned by less than 100 persons, determined without reference to any constructive ownership provisions, or

we would fail to qualify as a REIT.

Any person who acquires or attempts or intends to acquire actual or constructive ownership of our shares of capital stock that will or may violate any of the foregoing restrictions on transferability and ownership must give us notice immediately and provide us with any other information that we may request in order to determine the effect of the transfer on our status as a REIT. The foregoing restrictions on transferability and ownership will not apply if our board of directors determines that it is no longer in our best interest to attempt to qualify, or to continue to qualify, as a REIT.

Effect of violation of ownership limits and transfer restrictions.

If any attempted transfer of our capital stock or any other event would result in any person violating the ownership limits described above, unless otherwise permitted by our board of directors, then the purported transfer will be void and of no force or effect with respect to the attempted transferee as to that number of shares in excess of the applicable ownership limit, and the transferee shall acquire no right or interest in the excess shares. In the case of any event other than a purported transfer, the person or entity holding record title to any of the excess shares shall cease to own any right or interest in the excess shares.

Table of Contents

Any excess shares described above will be transferred automatically, by operation of law, to a trust, the beneficiary of which will be a qualified charitable organization selected by us. The automatic transfer will be effective as of the close of business on the business day prior to the date of the violative transfer.

The trustee must:

within 20 days of receiving notice from us of the transfer of shares to the trust,

sell the excess shares to a person or entity who could own the shares without violating the ownership limits or as otherwise permitted by our board of directors, and

distribute to the prohibited transferee or owner, as applicable, an amount equal to the lesser of the price paid by the prohibited transferee or owner for the excess shares or the sales proceeds received by the trust for the excess shares;

in the case of any excess shares resulting from any event other than a transfer, or from a transfer for no consideration, such as a gift,

sell the excess shares to a qualified person or entity, and

distribute to the prohibited transferee or owner, as applicable, an amount equal to the lesser of the market price of the excess shares as of the date of the event or the sales proceeds received by the trust for the excess shares;

in either case above, distribute any proceeds in excess of the amount distributable to the prohibited transferee or owner, as applicable, to the charitable organization selected by us as beneficiary of the trust.

The trustee shall be designated by us and be unaffiliated with us and any prohibited transferee or owner. Prior to a sale of any excess shares by the trust, the trustee will receive, in trust for the beneficiary, all dividends and other distributions paid by us with respect to the excess shares, and may also exercise all voting rights with respect to the excess shares.

Subject to Maryland law, effective as of the date that the shares have been transferred to the trust, the trustee shall have the authority, at the trustee's sole discretion,

to rescind as void any vote cast by a prohibited transferee or owner, as applicable, prior to our discovery that our shares have been transferred to the trust, and

to recast the vote in accordance with the desires of the trustee acting for the benefit of the beneficiary of the trust.

However, if we have already taken irreversible corporate action, then the trustee may not rescind and recast the vote. Any dividend or other distribution paid to the prohibited transferee or owner, prior to our discovery that the shares had been automatically transferred to a trust as

Edgar Filing: KILROY REALTY CORP - Form S-3/A

described above, must be repaid to the trustee upon demand for distribution to the beneficiary of the trust. If the transfer to the trust as described above is not automatically effective, for any reason, to prevent violation of the applicable ownership limit or as otherwise permitted by the board of directors, then our charter provides that the transfer of the excess shares will be void.

If shares of capital stock are transferred to any person in a manner which would cause us to be beneficially owned by fewer than 100 persons, the transfer shall be null and void in its entirety, and the intended transferee will acquire no rights to the stock.

Table of Contents

If our board of directors shall at any time determine in good faith that a person intends to acquire or own, has attempted to acquire or own, or may acquire or own our capital stock in violation of the limits described above, it shall take actions to refuse to give effect to or to prevent the ownership or acquisition, including, but not limited to:

authorizing us to repurchase stock,

refusing to give effect to the ownership or acquisition on our books, or

instituting proceedings to enjoin the ownership or acquisition.

All certificates representing shares of our capital stock bear a legend referring to the restrictions described above.

All persons who own at least a specified percentage of the outstanding shares of our stock must file with us a completed questionnaire annually containing information about their ownership of the shares, as set forth in the applicable treasury regulations. Under current treasury regulations, the percentage is between 0.5% and 5.0%, depending on the number of record holders of our shares. In addition, each stockholder may be required to disclose to us in writing information about the actual and constructive ownership of our shares as our board of directors deems necessary to comply with the provisions of the Internal Revenue Code applicable to a REIT or to comply with the requirements of any taxing authority or governmental agency.

These ownership limitations could discourage a takeover or other transaction in which holders of some, or a majority, of our shares of capital stock might receive a premium for their shares over the then prevailing market price or which stockholders might believe to be otherwise in their best interest.

**DESCRIPTION OF MATERIAL PROVISIONS OF THE
PARTNERSHIP AGREEMENT OF KILROY REALTY, L.P.**

We have summarized the material terms and provisions of the Fourth Amended and Restated Agreement of Limited Partnership of Kilroy Realty L.P. which we refer to as the partnership agreement. This summary is not complete. For more detail, you should refer to the partnership agreement itself, which we have previously filed with the SEC and which we incorporate by reference as an exhibit to the registration statement of which this prospectus is a part.

Management of the partnership.

Kilroy Realty, L.P. is a Delaware limited partnership. We are the sole general partner of Kilroy Realty, L.P. and conduct substantially all of our business through it, except for development and certain other services which are conducted through Kilroy Services, LLC.

As the sole general partner of Kilroy Realty, L.P., we exercise exclusive and complete discretion in its day-to-day management and control. We can cause Kilroy Realty, L.P. to enter into certain major transactions including acquisitions, dispositions and refinancings and cause changes in its line of business, capital structure and distribution policies. Kilroy Realty, L.P. has both preferred limited partnership interests and common limited partnership interests. As of June 30, 2003, Kilroy Realty, L.P. has issued and outstanding 1,500,000 Series A Preferred Units, no Series B Preferred Units, 700,000 Series C Preferred Units, 900,000 Series D Preferred Units and 4,218,752 common units. We refer collectively to the Series A Preferred Units, Series B Preferred Units, Series C Preferred Units, Series D Preferred Units and the common units as the units. Limited partners may not transact business for, or participate in the management activities or decisions of, Kilroy Realty, L.P., except as provided in the partnership agreement and as required by applicable law.

Indemnification of our officers and directors.

To the extent permitted by applicable law, the partnership agreement indemnifies us, as general partner, and our officers and directors and any other persons we may designate, to the same extent that our charter provides for indemnification of our officers and directors. Similarly, the partnership agreement limits our liability, as well as that of our officers and directors, to Kilroy Realty, L.P. to the same extent that our charter limits the liability of our officers and directors.

Transferability of partnership interests.

Generally, we may not voluntarily withdraw from or transfer or assign our interest in Kilroy Realty, L.P. without the consent of the holders of at least 60% of the common partnership interests including our interests. The limited partners may not transfer, assign, sell, encumber or otherwise dispose of their interest in Kilroy Realty, L.P., other than to family members or accredited investors. These family members and accredited investors must agree to assume the transferor's obligations under the partnership agreements. This transfer is subject to our right of first refusal to purchase the limited partner's units for our benefit.

Edgar Filing: KILROY REALTY CORP - Form S-3/A

In addition, without our consent, limited partners may not transfer their units:

to any person who lacks the legal capacity to own the units;

in violation of applicable law;

where the transfer is for only a portion of the rights represented by the units, such as the partner's capital account or right to distributions;

if we believe the transfer would cause the termination of Kilroy Realty, L.P. or would cause it to no longer be classified as a partnership for federal or state income tax purposes;

Table of Contents

if the transfer would cause Kilroy Realty, L.P. to become a party-in-interest within the meaning of ERISA or would cause its assets to constitute assets of an employee benefit plan under applicable regulations;

if the transfer would require registration under applicable federal securities laws;

if the transfer could cause Kilroy Realty, L.P. to become a publicly traded partnership under applicable treasury regulations;

if the transfer could cause Kilroy Realty, L.P. to be regulated under the Investment Company Act of 1940 or the Employee Retirement Income Security Act of 1974; or

if the transfer would adversely affect our ability to maintain our qualification as a REIT.

We may not engage in any termination transaction without the approval of at least 60% of the common units in Kilroy Realty, L.P., including our general partner interest in Kilroy Realty, L.P. Examples of termination transactions include:

a merger;

a consolidation or other combination with or into another entity;

a sale of all or substantially all of our assets; or

a reclassification, recapitalization or change of our outstanding equity interests.

In connection with a termination transaction, all common limited partners must either receive, or have the right to elect to receive, for each common unit an amount of cash, securities or other property equal to the product of:

the number of shares of common stock into which each common unit is then exchangeable; and

the greatest amount of cash, securities or other property paid to the holder of one share of common stock in consideration for one share of common stock pursuant to the termination transaction.

If, in connection with a termination transaction, a purchase, tender or exchange offer is made to holders of our common stock, and the common stockholders accept this purchase, tender or exchange offer, each holder of common units must either receive, or must have the right to elect to receive, the greatest amount of cash, securities or other property which that holder would have received if immediately prior to the purchase, tender or exchange offer it had exercised its right to redemption, received shares of common stock in exchange for its common units, and accepted the purchase, tender or exchange offer.

Edgar Filing: KILROY REALTY CORP - Form S-3/A

We also may merge or otherwise combine our assets with another entity with the approval of at least 60% of the common units if:

substantially all of the assets directly or indirectly owned by the surviving entity are held directly or indirectly by Kilroy Realty, L.P. as the surviving partnership or another limited partnership or limited liability company is the surviving partnership of a merger, consolidation or combination of assets with Kilroy Realty, L.P.;

the common limited partners own a percentage interest of the surviving partnership based on the relative fair market value of the net assets of Kilroy Realty, L.P. and the other net assets of the surviving partnership immediately prior to the consummation of this transaction;

the rights, preferences and privileges of the common limited partners in the surviving partnership are at least as favorable as those in effect immediately prior to the consummation of the transaction and as those applicable to any other limited partners or non-managing members of the surviving partnership; and

Table of Contents

the common limited partners may exchange their interests in the surviving partnership for either:

the consideration available to the common limited partner pursuant to the preceding paragraph, or

if the ultimate controlling person of the surviving partnership has publicly traded common equity securities, shares of those common equity securities, at an exchange ratio based on the relative fair market value of those securities and our common stock.

The board of directors will reasonably determine relative fair market values and rights, preferences and privileges of the limited partners as of the time of the termination transaction. These values may not be less favorable to the limited partners than the relative values reflected in the terms of the termination transaction.

We must use commercially reasonable efforts to structure transactions like those described above to avoid causing the common limited partners to recognize gain for federal income tax purposes by virtue of the occurrence of or their participation in the transaction. In addition, Kilroy Realty, L.P. must use commercially reasonable efforts to cooperate with the common limited partners to minimize any taxes payable in connection with any repayment, refinancing, replacement or restructuring of indebtedness, or any sale, exchange or other disposition of its assets.

Issuance of additional units representing partnership interests.

As sole general partner of Kilroy Realty, L.P., we have the ability to cause it to issue additional units representing general and limited partnership interests. These units may include units representing preferred limited partnership interests, subject to the approval rights of holders of the Series A Preferred Units with respect to the issuance of preferred units ranking senior to the Series A Preferred Units, of holders of Series C Preferred Units with respect to the issuance of preferred units ranking senior to the Series C Preferred Units and holders of Series D Preferred Units with respect to the issuance of preferred units ranking senior to the Series D Preferred Units as described under the sections entitled 8.075% Series A Cumulative Redeemable Preferred Units, 9.375% Series C Cumulative Redeemable Preferred Units and 9.25% Series D Cumulative Redeemable Preferred Units.

Capital contributions by us to Kilroy Realty, L.P.

We may borrow additional funds in excess of the funds available from borrowings or capital contributions from a financial institution or other lender or through public or private debt offerings. We may then lend these funds to Kilroy Realty, L.P. on the same terms and conditions that applied to us. Alternatively, we may contribute these funds as an additional capital contribution to Kilroy Realty, L.P. and increase our interest in it on a proportionate basis and decrease the interests of the limited partners on a proportionate basis.

The effect of awards granted under our stock incentive plan.

If options to purchase shares of our common stock granted in connection with our 1997 Stock Option and Incentive Plan are exercised at any time, or restricted shares of common stock are issued under the plan, we must contribute to Kilroy Realty, L.P. the exercise price that we receive

in connection with the issuance of the shares of common stock to the exercising participant or the proceeds that we receive when we issue the shares. In exchange, we will be issued units in Kilroy Realty, L.P. equal to the number of shares of common stock issued to the exercising participant in the plan.

the remainder, if any, will be allocated to us.

The allocations described above are subject to special allocations relating to depreciation deductions and to compliance with the provisions of Sections 704(b) and 704(c) of the Internal Revenue Code and the associated treasury regulations. In addition, to the extent we issue Series B Preferred Units, the partnership agreement will be amended to provide for the allocation of income and loss which is preferred with respect to common units and subordinate to Series A Preferred Units, Series C Preferred Units and Series D Preferred Units. See the section entitled Material Federal Income Tax Considerations Tax Aspects of Kilroy Realty, L.P., the Subsidiary Partnerships and Limited Liability Companies.

either consolidate, merge into or with, or convey, transfer or lease its assets substantially as an entirety to, any corporation or other entity or amend, alter or repeal the provisions of the partnership agreement, whether by merger, consolidation or otherwise, in each case in a manner that would materially and adversely affect the powers, special rights, preferences, privileges or voting power of the Series A Preferred Units, the Series C Preferred Units and the Series D Preferred Units or the holders of Series A Preferred Units, the Series C Preferred Units and the Series D Preferred Units.

Furthermore, for so long as any Series D Preferred Units are outstanding, Kilroy Realty Corporation will not in some circumstances, without the affirmative vote of the holders of at least two-thirds of the Series D Preferred Units, take any action, including the issuance of any securities, if that action would require the consent of the holders of the Series D Preferred Stock if any shares of Series D Preferred Stock were outstanding at the time. This consent is not required in connection with the action if Kilroy Realty, L.P. agrees to redeem the Series D Preferred Units for cash upon their exchange.

Redemption and exchange. We may redeem the Series A Preferred Units on and after February 6, 2003, the Series C Preferred Units on and after November 24, 2003 and the Series D Preferred Units on or after December 9, 2004, in each case out of proceeds from the issuance of our capital stock, at a redemption price equal to \$50.00 per unit, plus accrued and unpaid distributions to the date of redemption. The Series A Preferred Units, the Series C Preferred Units and Series D Preferred Units also are exchangeable, in whole but not in part, if Kilroy Realty, L.P. believes, or the initial holder believes, based upon the opinion of counsel, that the character of Kilroy Realty, L.P.'s assets and income would not allow it to qualify as a REIT if it were a corporation. We may, in lieu of exchanging the Series A Preferred Units for shares of Series A Preferred Stock, the Series C Preferred Units for shares of Series C Preferred Stock or the Series D Preferred Units for shares of Series D Preferred Stock, elect to redeem all or a portion of the Series A Preferred Units, the Series C Preferred Units or the Series D Preferred Units for cash in an amount equal to \$50.00 per unit plus accrued and unpaid distributions. The right of the holders of Series A Preferred Units, Series C Preferred Units and Series D Preferred Units to exchange their units for shares of Series A Preferred Stock, Series C Preferred Stock or Series D Preferred Stock, as applicable, will in each case be subject to the ownership limitations in our charter in order for us to maintain our qualification as a REIT for federal income tax purposes.

with a liquidation preference to each holder equal to their capital contributions, plus any accrued but unpaid distributions, in preference to any other class or series of partnership interest.

Series B Junior Participating Preferred Units.

General. Under the terms of the partnership agreement, if we issue any shares of Series B Preferred Stock, we must contribute the proceeds to Kilroy Realty, L.P. In exchange for the contribution of these proceeds, Kilroy Realty, L.P. will issue to us Series B Preferred Units equal to the number of shares of Series B Preferred Stock that we issued. As of the date of this prospectus, no Series B Preferred Units have been issued.

Distributions. Each Series B Preferred Unit is entitled to receive preferential cumulative distributions payable on or before the first day of March, June, September and December, of each year at a rate in an amount per unit equal to the greater of:

The preferential distributions will be paid in preference to any payment made on any other class or series of partnership interest of Kilroy Realty, L.P., other than the Series A Preferred Units, the Series C Preferred Units, the Series D Preferred Units and any other class or series of partnership interest expressly designated as ranking on parity with or senior to the Series B Preferred Units.

Ranking. The Series B Preferred Units will rank:

on parity with all classes or series of preferred partnership units designated as ranking on a parity with the Series B Preferred Units with respect to distributions and rights upon liquidation, dissolution, or winding-up,

senior to all classes or series of preferred partnership units designated as ranking junior to the Series B Preferred Units, and

junior to the Series A Preferred Units, the Series C Preferred Units, the Series D Preferred Units and all other classes or series of preferred partnership units designated as ranking senior to the Series B Preferred Units.

Approval rights. The Series B Preferred Units have no approval rights.

Redemption and exchange. Kilroy Realty, L.P. may not redeem the Series B Units at any time and the Series B Preferred Units are not exchangeable into any of our securities or any other security of Kilroy Realty, L.P.

Liquidation preference. The distribution and income allocation provisions of the partnership agreement have the effect of providing each Series B Preferred Unit with a liquidation preference to us equal to our capital contributions, plus any accrued but unpaid distributions, in preference to any other class or series of partnership interest ranking junior to the Series B Preferred Units.

Common limited partnership units.

General. The partnership agreement provides that, subject to the distribution preferences of the Series A, Series B, Series C and Series D Preferred Units, common units are entitled to receive quarterly distributions of available cash on a pro rata basis in accordance with their respective percentage interests. As of June 30, 2003, 4,218,752 common units are issued and outstanding, including the 1,398,068 common units held by the selling stockholders, all of which may be redeemed for shares of common stock offered pursuant to this prospectus and are included in the Company's calculation of the 13.3% limited partnership interest referenced on page 14.

Redemption/Exchange rights. Common limited partners have the right to require Kilroy Realty, L.P. to redeem part or all of their common units for cash based upon the fair market value of an equivalent number of shares of common stock at the time of the redemption. Alternatively, we may elect to acquire those units tendered for redemption in exchange for shares of our common stock. Our acquisition will be on a one-for-one basis, subject to adjustment in the event of stock splits, stock dividends, issuance of some rights, some extraordinary distributions and similar events. However, even if we elect not to acquire tendered units in exchange for shares of common stock, holders of common units that are corporations or limited liability companies may require that we issue common stock in exchange for their common units, subject to applicable ownership limits or any other limit as provided in our charter or as otherwise determined by our board of directors, as applicable. We presently anticipate that we will elect to issue shares of common stock in exchange for common units in connection with each redemption request, rather than having Kilroy Realty, L.P. redeem the common units for cash. With each redemption or exchange, we increase our percentage ownership interest in Kilroy Realty, L.P. Common limited partners may exercise this redemption right from time to time, in whole or in part, except when, as a consequence of shares of common stock being issued, any person's actual or constructive stock ownership would exceed the ownership limits, or any other limit as provided in our charter or as otherwise determined by our board of directors as described under the section entitled "Description of Capital Stock" Restrictions on ownership and transfer of capital stock.

Common limited partner approval rights. The partnership agreement provides that if the common limited partners own at least 5% of the outstanding common units, including those common units held by us, we will not, on behalf of Kilroy Realty, L.P. and without the prior consent of the holders of more than 50% of the common units representing limited partner interests and excluding common units held by us, take any of the following actions:

dissolve Kilroy Realty, L.P., or

prior to January 31, 2004, sell the office property located at 2260 E. Imperial Highway, at Kilroy Airport Center-El Segundo,

unless the dissolution or sale is incident to a merger or a sale of substantially all of our assets.

EXCHANGE OF COMMON UNITS FOR COMMON STOCK

Terms of the exchange.

The holders of common units of Kilroy Realty, L.P. who hold common units which may be currently redeemed for shares of our common stock issued under this prospectus are referred to as the selling stockholders. The selling stockholders may require Kilroy Realty, L.P. to redeem up to 1,398,068 of their common units, issued to such selling stockholders on March 25, 2002 for cash by delivering to us, as general partner of Kilroy Realty, L.P., a notice of redemption. These common units were redeemable from March 25, 2003. Upon receipt of the notice of redemption, we may, in our sole and absolute discretion, subject to the limitations on ownership and transfer of common stock set forth in our charter, elect to exchange those common units for shares of common stock on a one-for-one basis, subject to adjustment as described in the section entitled

Description of Material Provisions of the Partnership Agreement of Kilroy Realty, L.P. Common limited partnership units Redemption/Exchange rights. However, even if we elect not to acquire tendered units in exchange for shares of common stock, as holders of common units that is a corporation, the selling stockholders may require us to issue shares of common stock in exchange for their common units, subject to applicable ownership limits or any other limit as provided in our charter or as otherwise determined by our board of directors.

Once we receive a notice of redemption from a common limited partner, we will determine whether to redeem the tendering partner's common units for cash or exchange the tendering partner's common units for shares of common stock. We will promptly notify the tendering partner if we decide to exchange the tendering partner's common units for shares of common stock. Any shares of common stock that we issue will be duly authorized, validly issued, fully paid and nonassessable shares, free of any pledge, lien, encumbrance or restriction other than those provided in:

our charter,

our bylaws,

the Securities Act,

relevant state securities or blue sky laws, and

any applicable registration rights agreement with respect to the shares entered into by the tendering partner.

Each tendering partner will continue to own all common units subject to any redemption or exchange, and be treated as a limited partner with respect to the common units for all purposes, until the limited partner transfers the common units to us, is paid for them or receives shares of common stock in exchange for them. Until that time, the limited partner will have no rights as one of our stockholders with respect to the shares issued under this prospectus.

Conditions to the exchange.

Edgar Filing: KILROY REALTY CORP - Form S-3/A

We will issue shares of common stock in exchange for the common units to a tendering partner if each of the following conditions is satisfied or waived:

the exchange would not cause the tendering partner or any other person to violate the ownership limits;

the redemption is for more than 500 common units, or if the tendering partner holds less than 500 common units, the redemption is for all of the common units held by the tendering partner;

the redemption is effected during the period before the record date that we established for a distribution from Kilroy Realty, L.P. to its partners and after the record date that we established for a distribution to our common stockholders; and

the consummation of any redemption or exchange will be subject to the expiration or termination of any applicable waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended.

Comparison of the rights, privileges and preferences of ownership of common units and common stock.

Generally, the nature of an investment in our common stock is similar in several respects to an investment in common units of Kilroy Realty, L.P. Holders of common stock and holders of common units generally receive the same distributions. Common stockholders and holders of common units generally share in the risks and rewards of ownership in our business conducted through Kilroy Realty, L.P. However, there are differences between ownership of units and ownership of common stock, some of which may be material to investors.

The information below highlights a number of the significant differences between Kilroy Realty, L.P. and us relating to, among other things, form of organization, management control, voting rights, liquidity and federal income tax considerations. These comparisons are intended to assist limited partners in understanding how their investment changes if they exchange their common units for shares of our common stock. **This discussion is summary in nature and does not constitute a complete discussion of these matters, and holders of common units should carefully review the rest of this prospectus and the registration statement of which this prospectus is a part for additional important information about us.**

KILROY REALTY, L.P.

Under the partnership agreement, the common limited partners have voting rights only as to the dissolution of Kilroy Realty, L.P., a merger or the sale of all or substantially all of its assets and amendments of the partnership agreement, as described more fully below. Otherwise, all decisions relating to the day-to-day operation and management of Kilroy Realty, L.P. are made by us in our capacity as general partner. As of June 30, 2003, we owned an approximate 86.7% interest in Kilroy Realty, L.P. As units are redeemed or exchanged by limited partners, our percentage ownership will increase. If additional units are issued to third parties, our percentage ownership will decrease.

The following is a comparison of the voting rights of the common limited partners of Kilroy Realty, L.P. and our common stockholders as they relate to some major events or transactions:

A. Amendment of the Partnership Agreement or our Charter and Bylaws

The partnership agreement may be amended through a proposal by the general partner or common limited partners holding 25% or more of the then outstanding common units. The partnership agreement may be amended in the following manner:

generally, if approved by partners holding 60% of the common units;

to cause the transfer of our general partner interest to any person other than Kilroy Realty, L.P. if approved by limited partners holding a majority of the common limited partnership interests;

with our approval and the approval of each limited partner that would be adversely affected, for amendments to:

KILROY REALTY CORPORATION

by or at the direction of our board of directors; or

by a stockholder who is entitled to vote at the meeting and has complied with the advance notice procedures set forth in our bylaws.

Voting and Consent Rights

We are managed and controlled by our board of directors. Stockholders elect the directors to staggered three-year terms at our annual meetings. Maryland law requires that some major corporate transactions, including most amendments to the charter, may not be consummated without the approval of stockholders as set forth below. All holders of common stock have one vote per share. Our charter permits our board of directors to classify and issue preferred stock in one or more classes having voting power which may differ from that of the common stock. See the section entitled Description of Capital Stock.

The approval of a majority vote of our board of directors and the approval of the holders of at least two-thirds of the shares entitled to vote at a meeting of our stockholders is required to amend our charter. Our bylaws generally may be amended either by a majority of the members of our board of directors or by the holders of a majority of the shares of common stock entitled to vote.

However, the following bylaw provisions may be amended only by the approval of a majority of the shares of common stock entitled to vote:

alter the rights of a partner to receive distributions, except as permitted in the partnership agreement, or

alter or modify the rights of redemption provided in the partnership agreement, and

with only our approval as general partner for amendments affecting ministerial matters and for the admission of limited partners pursuant to the partnership agreement.

B. Dissolution of Kilroy Realty, L.P. or Kilroy Realty Corporation

As long as common limited partners represent at least 5% of the outstanding partnership interests in the partnership, we may not dissolve or enter into any transaction that would result in the dissolution of Kilroy Realty, L.P. without the prior consent of the holders of a majority of the outstanding common limited partnership units.

Subject to the preceding paragraph, we may not withdraw as general partner, or transfer or assign our general partner interest in connection with a merger, consolidation or sale of substantially all of our assets without the approval of 60% of the partners holding common units, including the common units we hold in our capacity as general partner.

C. Vote Required to Merge, Consolidate or Sell Assets

As long as common limited partners represent at least 5% of the outstanding partnership interests in the partnership, we cannot enter into any merger or consolidation transaction which results in the dissolution of Kilroy Realty, L.P. or, prior to January 31, 2004, sell the office property located at 2260 E. Imperial Highway, at Kilroy Airport Center El Segundo, except in each case in connection with a transaction described in the following paragraph.

provisions governing amendment of our bylaws.

In addition, the holders of a majority of the outstanding shares of our common stock must approve an election to be subject to the business combinations statute, as discussed in the section entitled Material Provisions of Maryland Law and of our Charter and Bylaws. We are not subject to the Maryland business combination statute.

Under applicable Maryland law, a decision causing us to dissolve requires:

approval by a majority of our entire board of directors; and

approval by at least two-thirds of the total number of shares of capital stock outstanding and entitled to vote.

Under Maryland law, the sale of all or substantially all our assets or our merger or consolidation generally requires the approval of:

a majority of the members of our board of directors; and

the holders of two-thirds of the shares entitled to vote on the matter.

Our stockholders are not required to approve all mergers or the sale of less than all or substantially all of our assets.

Compensation, Fees and Distributions

We do not receive any compensation for our services as general partner. As a partner, however, we have a right to allocations and distributions similar to other partners. In addition, Kilroy Realty, L.P. will reimburse us for all expenses incurred relating to our ongoing operations and any issuance of additional partnership interests.

Our non-employee directors and officers receive compensation for their services.

Liability of Investors

Under the partnership agreement and applicable Delaware law, the liability of the limited partners for debts and obligations is generally limited to the amount of their current investment in Kilroy Realty, L.P., measured as an amount equal to their respective capital account balance.

Under Maryland law, our stockholders generally are not personally liable for our debts or obligations.

Liquidity

Limited partners may generally transfer their units to accredited investors without restriction, provided that we have a right of first refusal for any proposed transfer. Transfer of partnership interests must also satisfy certain other requirements described in the section entitled Description of Material Provisions of the Partnership Agreement of Kilroy Realty, L.P. contained in this prospectus.

A stockholder is entitled to freely transfer the shares of common stock received in exchange for units, subject to prospectus delivery and other requirements for registered securities and subject to the restrictions on ownership and transfer of shares of our stock contained in our charter. Our common stock is listed on the New York Stock Exchange. The success of the secondary market for shares of our common stock depends, among other things, upon the number of shares outstanding, our financial results and prospects, the general interest in us and other real estate investments, and our dividend yield compared to that of other debt and equity securities.

Taxes

Kilroy Realty, L.P. itself is not subject to federal income taxes. Instead, each holder of units includes its allocable share of partnership taxable income or loss in determining its individual federal income tax liability. Income and loss generally is subject to passive activity limitations. Under the passive activity rules, partners can generally offset income and loss that is considered passive against income and loss from other investments that constitute passive activities.

Partnership cash distributions are generally not taxable to a holder of units except to the extent they exceed the holder's basis in its partnership interest, which will include such holder's allocable share of nonrecourse debt.

Holders of units are required, in some cases, to file state income tax returns and/or pay state income taxes in the states in which Kilroy Realty, L.P. owns property, even if they are not residents of those states.

Distributions made by us to our taxable domestic stockholders out of current or accumulated earnings and profits generally will be taxed as ordinary income. However, distributions that are designated as capital gain dividends generally will be taxed as gains from the sale or disposition of a capital asset. Dividends paid by us will be treated as portfolio income to stockholders, and stockholders cannot offset these dividends with losses from passive activities. Distributions in excess of current or accumulated earnings and profits will be treated as a nontaxable return of basis to the extent of a stockholder's adjusted basis in his, her or its common stock, with the excess taxed as capital gain.

Stockholders who are individuals generally will not be required to file state income tax returns and/or pay state income taxes outside of their state of residence with respect to our operations and distributions.

MATERIAL PROVISIONS OF MARYLAND LAW AND OF OUR CHARTER AND BYLAWS

We have summarized the material terms and provisions of the Maryland General Corporation Law and our charter and bylaws. This summary is qualified by the provisions of our charter and bylaws and the Maryland General Corporation Law. For more detail, you should refer to our charter and bylaws, which we have previously filed with the SEC and which we incorporate by reference as exhibits to the registration statement of which this prospectus is a part. Note that this summary may not contain all information that is important to investors.

The board of directors.

Our charter provides that the number of our directors shall be established by our bylaws, but cannot be less than the minimum number required by the Maryland General Corporation Law, which is one. Our bylaws allow our board of directors to fix or change the number to not fewer than three and not more than 13 members. The number of directors is currently fixed at seven. A majority of our remaining board of directors may fill any vacancy, other than a vacancy caused by removal. A majority of our board of directors may fill a vacancy resulting from an increase in the number of directors. The stockholders entitled to vote for the election of directors at an annual or special meeting of our stockholders may fill a vacancy resulting from the removal of a director.

Our charter and bylaws provide that a majority of the board of directors must be independent directors. An independent director is a director who is not:

an employee, officer or affiliate of us or one of our subsidiaries or divisions;

a relative of a principal executive officer; or

an individual member of an organization acting as advisor, consultant or legal counsel, who receives compensation on a continuing basis from us in addition to director's fees.

Classified board of directors. Our charter divides our board of directors into three classes. Each class of director serves a staggered three-year term. As the term of each class expires, stockholders elect directors in that class for a term of three years and until their successors are duly elected and qualified. The directors in the other two classes continue in office, serving the remaining portion of their respective three-year term. We believe that classification of our board of directors helps to assure the continuity and stability of our business strategies and policies.

The classified board of directors makes removing incumbent directors more time consuming and difficult and discourages a third party from making a tender offer for our capital stock or otherwise attempting to obtain control of us, even if it might benefit us and our stockholders. The classified board increases the likelihood that incumbent directors will retain their positions by requiring at least two annual meetings of stockholders, rather than one, to elect a new majority of the board of directors. Holders of shares of common stock have no right to cumulative voting for the election of directors. Consequently, at each annual meeting of our stockholders, the holders of a majority of the shares of common stock entitled to vote will be able to elect all of the successors of the class of directors whose term expires at that meeting.

Removal of directors. Our charter provides that our stockholders may remove a director only for cause and only by the affirmative vote of at least two-thirds of the shares entitled to vote in the election of directors. The Maryland General Corporation Law does not define the term cause. As a result, removal for cause is subject to Maryland common law and to judicial interpretation and review in the context of the unique facts and circumstances of any particular situation.

We are not subject to the Maryland business combination statute.

We are not subject to the business combination provisions of the Maryland General Corporation Law (sections 3-601 through 3-604) and we cannot elect to be subject these business combination provisions without the approval of holders of a majority of the shares entitled to vote.

Table of Contents

In the event that we decide to be subject to the business combinations provision, business combinations between a Maryland corporation and an interested stockholder or an affiliate of an interested stockholder are generally prohibited for five years after the most recent date on which the interested stockholder becomes an interested stockholder. A business combination includes a merger, consolidation or share exchange. A business combination may also include an asset transfer or issuance or reclassification of equity securities. An interested stockholder is defined in the Maryland General Corporation Law as:

any person who beneficially owns, directly or indirectly, ten percent or more of the voting power of the corporation's shares; or

an affiliate of the corporation who, at any time within the two-year period prior to the date in question, was the beneficial owner of ten percent or more of the voting power of the then outstanding voting stock of the corporation.

At the conclusion of the five-year prohibition, any business combination between the Maryland corporation and an interested stockholder generally must be recommended by the board of directors of the corporation and approved by the affirmative vote of at least:

80% of the votes entitled to be cast by holders of outstanding shares of voting stock of the corporation; and

two-thirds of the votes entitled to be cast by holders of voting stock of the corporation other than shares held by the interested stockholder with whom or with whose affiliate the business combination is to be effected.

These super-majority vote requirements do not apply if the corporation's common stockholders receive a minimum price, as defined under Maryland law, for their shares in the form of cash or other consideration in the same form as previously paid by the interested stockholder for its shares. None of these provisions of Maryland law will apply, however, to business combinations that are approved or exempted by the board of directors of the corporation prior to the time that the interested stockholder becomes an interested stockholder.

As a result of our decision not to be subject to the business combinations statute, an interested stockholder would be able to effect a business combination without complying with the requirements discussed above, which may make it easier for stockholders who become interested stockholders to consummate a business combination involving us. However, we cannot assure you that any business combinations will be consummated or, if consummated, will result in a purchase of shares of common stock from our stockholders at a premium.

We are not subject to the Maryland control share acquisition statute.

We are not subject to the control share acquisition statute of the Maryland General Corporation Law (sections 3-701 through 3-710). If we want to be subject to these provisions, our bylaws would need to be amended. Such amendments would require the approval of the holders of a majority of the shares entitled to vote.

Maryland law provides that control shares of a company acquired in a control share acquisition have no voting rights except to the extent approved by a vote of two-thirds of the votes entitled to vote, excluding shares owned by the acquiror or by officers or directors who are employees of the company. Control shares are voting shares of stock which, if aggregated with all other voting shares of stock previously acquired by the acquiror, or over which the acquiror is able to directly or indirectly exercise voting power, except solely by revocable proxy, would entitle the acquiror to exercise voting power in electing directors within one of the following ranges of voting power:

one-tenth or more but less than one-third;

one-third or more but less than a majority; or

a majority of all voting power.

Table of Contents

Control shares do not include shares of stock the acquiring person is entitled to vote having obtained prior stockholder approval. Generally, control share acquisition means the acquisition of control shares.

A person who has made or proposes to make a control share acquisition may compel the board of directors to call a special meeting of stockholders to consider voting rights for the shares. The meeting must be held within 50 days of demand. If no request for a meeting is made, we may present the question at any stockholders meeting.

If voting rights are not approved at the meeting or if the acquiring person does not deliver an acquiring person statement as required by the statute, then, subject to conditions and limitations, the corporation may redeem any or all of the control shares, except those for which voting rights previously have been approved, for fair value. Fair value is determined without regard to the absence of voting rights for control shares, as of the date of the last control share acquisition or of any meeting of stockholders at which the voting rights of control shares are considered and not approved. If voting rights for control shares are approved at a stockholders meeting and the acquiror becomes entitled to vote a majority of the shares entitled to vote, all other stockholders may exercise appraisal rights. The fair value of the shares as determined for purposes of these appraisal rights may not be less than the highest price per share paid in the control share acquisition. Limitations and restrictions otherwise applicable to the exercise of dissenters rights do not apply in the context of a control share acquisition.

The control share acquisition statute does not apply to shares acquired in a merger, consolidation or share exchange if the company is a party to the transaction, or to acquisitions approved or exempted by its charter or bylaws. Because we are not subject to these provisions, stockholders who acquire a substantial block of common stock do not need approval of the other stockholders before exercising full voting rights with respect to their shares on all matters. This may make it easier for any of these control share stockholders to effect a business combination with us. However, we cannot assure you that any business combinations will be consummated or, if consummated, will result in a purchase of shares of common stock from any stockholder at a premium.

Amendment of our charter and bylaws.

Our charter may generally be amended only if the amendment is declared advisable by our board of directors and approved by our stockholders by the affirmative vote of at least two-thirds of the shares entitled to vote on the amendment. Our bylaws generally may be amended by the affirmative vote of a majority of the board of directors or of a majority of our shares entitled to vote. However, the following bylaw provisions may be amended only by the approval of a majority of our shares of capital stock entitled to vote:

provisions opting out of the control share acquisition statute;

provisions requiring approval by the independent directors for selection of operators of our properties or of transactions involving John B. Kilroy, Sr. and John B. Kilroy, Jr. and their affiliates; and

provisions governing amendment of our bylaws.

Meetings of stockholders.

Edgar Filing: KILROY REALTY CORP - Form S-3/A

Our bylaws provide for annual meetings of our stockholders to elect one class of directors to our board of directors and to transact other business properly brought before the meeting. In addition, a special meeting of stockholders may be called by:

the president;

the board of directors;

the chairman of the board;

holders of 50% or more of our outstanding common stock entitled to vote by making a written request;

Table of Contents

holders of 10% of our Series A Preferred Stock for the stockholders of Series A Preferred Stock and all other classes or series of preferred stock ranking on parity with the Series A Preferred Stock to elect two additional directors to our board of directors if dividends on any shares of Series A Preferred Stock remain unpaid for six or more quarterly periods, whether or not consecutive;

holders of 10% of our Series C Preferred Stock for the stockholders of Series C Preferred Stock and all other classes or series of preferred stock ranking on parity with the Series C Preferred Stock to elect two additional directors to our board of directors if dividends on any shares of Series C Preferred Stock remain unpaid for six or more quarterly periods, whether or not consecutive; and

holders of 10% of our Series D Preferred Stock for the stockholders of Series D Preferred Stock and all other classes or series of preferred stock ranking on parity with the Series D Preferred Stock to elect two additional directors to our board of directors if dividends on any shares of Series D Preferred Stock remain unpaid for six or more quarterly periods, whether or not consecutive.

The Maryland General Corporation Law provides that our stockholders also may act by unanimous written consent without a meeting with respect to any action that they are required or permitted to take at a meeting. To do so, each stockholder entitled to vote on the matter must sign the consent setting forth the action.

Advance notice of director nominations and new business.

Our bylaws provide that with respect to an annual meeting of stockholders, nominations of persons for election to our board of directors and the proposal of other business to be considered by stockholders at the meeting may be made only:

pursuant to our notice of the meeting;

by or at the direction of our board of directors; or

by a stockholder who is entitled to vote at the meeting and has complied with the advance notice procedures of our bylaws.

Our bylaws also provide that with respect to special meetings of stockholders, only the business specified in the notice of meeting may be brought before the meeting.

The advance notice provisions of our bylaws could have the effect of discouraging a takeover or other transaction in which holders of some, or a majority, of the shares of common stock might receive a premium for their shares over the then prevailing market price or which holders of our common stock believe is in their best interests.

Dissolution of the Company.

Edgar Filing: KILROY REALTY CORP - Form S-3/A

Under the Maryland General Corporation Law, we may be dissolved if a majority of our entire board of directors determines by resolution that dissolution is advisable and submits a proposal for dissolution for consideration at any annual or special meeting of stockholders, and this proposal is approved, by the vote of the holders of two-thirds of the shares of our capital stock entitled to vote on the dissolution.

Indemnification and limitation of directors and officers liability.

Our charter and the partnership agreement provide for indemnification of our officers and directors against liabilities to the fullest extent permitted by the Maryland General Corporation Law, as amended from time to time.

The Maryland General Corporation Law permits us to indemnify our directors and officers and other parties against judgments, penalties, fines, settlements, and reasonable expenses actually incurred by them in connection

Table of Contents

with any proceeding to which they may be made a party by reason of their service in those or other capacities unless it is established that:

the act or omission of the director or officer was material to the matter giving rise to the proceeding and was committed in bad faith or was the result of active and deliberate dishonesty;

the director or officer actually received an improper personal benefit in money, property or services; or

in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful.

Under the Maryland General Corporation Law, we may indemnify our directors or officers against judgments, penalties, fines, settlements and reasonable expenses that they actually incur in connection with the proceeding unless the proceeding is one by us or in our right and the director or officer has been found to be liable to us. In addition, we may not indemnify a director or officer in any proceeding charging improper personal benefit to them if they were found to be liable on the basis that personal benefit was received. The termination of any proceeding by conviction, or upon a plea of *nolo contendere* or its equivalent, or an entry of any order of probation prior to judgment, creates a rebuttable presumption that the director or officer did not meet the requisite standard of conduct required for indemnification to be permitted.

As permitted by the Maryland General Corporation Law, our charter limits the liability of our directors and officers to us and our stockholders for money damages, subject to specified restrictions. However, the liability of our directors and officers to us and our stockholders is not limited if:

it is proved that the director or officer actually received an improper personal benefit in money, property or services; or

a judgment or other final adjudication is entered in a proceeding based on a finding that the director's or officer's action, or failure to act, was the result of active and deliberate dishonesty and was material to the cause of action adjudicated in the proceeding.

This provision does not limit our ability or our stockholders' ability to obtain other relief, such as an injunction or rescission.

The partnership agreement provides that we, as general partner, and our officers and directors are indemnified to the same extent our officers and directors are indemnified in our charter. The partnership agreement limits our liability and the liability of our officers and directors to Kilroy Realty, L.P. and its partners to the same extent that our charter limits the liability of our officers and directors to us and our stockholders. See the discussion in this prospectus under the section entitled "Description of Material Provisions of the Partnership Agreement of Kilroy Realty, L.P. Indemnification of our officers and directors."

Insofar as the foregoing provisions permit indemnification of directors, officers or persons controlling us for liability arising under the Securities Act, we have been informed that in the opinion of the SEC, this indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Indemnification agreements.

We have entered into indemnification agreements with each of our executive officers and directors. The indemnification agreements provide that:

we must indemnify our executive officers and directors to the fullest extent permitted by applicable law and advance to our executive officers and directors all expenses related to the defense of indemnifiable claims against them, subject to reimbursement if it is subsequently determined that indemnification is not permitted;

Table of Contents

we must indemnify and advance all expenses incurred by executive officers and directors seeking to enforce their rights under the indemnification agreements; and

we may cover executive officers and directors under our directors and officers liability insurance.

Our indemnification agreements with our officers and directors offer substantially the same scope of coverage afforded by applicable law. In addition, as contracts, these indemnification agreements provide greater assurance to our directors and executive officers that indemnification will be available because they cannot be modified unilaterally in the future by the board of directors or the stockholders to eliminate the rights that they provide.

MATERIAL FEDERAL INCOME TAX CONSIDERATIONS

In the opinion of Latham & Watkins LLP, the following sets forth the material federal income tax considerations regarding Kilroy Realty Corporation and the common stock we are registering. This summary is based on current law, is for general information only and is not tax advice, and the anticipated income tax treatment described in this prospectus may be changed, perhaps retroactively, by legislative, administrative or judicial action at any time.

This summary deals only with shares of common stock and common units held as capital assets i.e., generally, property held for investment within the meaning of Section 1221 of the Internal Revenue Code. Your tax treatment will vary depending on your particular situation, and this discussion does not purport to deal with all aspects of taxation that may be relevant to a holder of common stock or common units in light of his or her personal investment or tax circumstances, or to holders who receive special treatment under the federal income tax laws except to the extent discussed under the headings Taxation of Tax-Exempt Stockholders and Taxation of Non-U.S. Stockholders. Holders of common stock or common units receiving special treatment include, without limitation:

insurance companies;

financial institutions, broker-dealers or dealers in securities;

S corporations;

United States expatriates;

pension plans and other tax-exempt organizations;

stockholders holding securities as part of a conversion transaction, or a hedge or hedging transaction (or other risk reduction or constructive sale transaction) or as a position in a straddle for tax purposes;

foreign entities or individuals who are not citizens or residents of the United States;

Edgar Filing: KILROY REALTY CORP - Form S-3/A

persons whose functional currency is other than the United States dollar; and

persons who are subject to the alternative minimum tax provisions of the Internal Revenue Code.

In addition, this summary does not purport to deal with aspects of taxation that may be relevant to a limited partner of Kilroy Realty, L.P. except to the extent described in Tax Consequences of an Exchange of Common Units for Common Stock. Furthermore, the summary below does not consider the effect of any foreign, state, local or other tax laws that may be applicable to us, or to you as a holder of common units or our common stock.

Table of Contents

The information in this section is based on:

the Internal Revenue Code;

current, temporary and proposed treasury regulations promulgated under the Internal Revenue Code;

the legislative history of the Internal Revenue Code;

current administrative interpretations and practices of the Internal Revenue Service; and

court decisions;

in each case, as of the date of this prospectus. In addition, the administrative interpretations and practices of the Internal Revenue Service include its practices and policies as expressed in private letter rulings which are not binding on the Internal Revenue Service except with respect to the particular taxpayers who requested and received those rulings. Future legislation, treasury regulations, administrative interpretations and practices and/or court decisions may adversely affect the tax considerations described in this prospectus. Any such change could apply retroactively to transactions preceding the date of the change. We have not requested, and do not plan to request, any rulings from the Internal Revenue Service concerning our tax treatment, and the statements in this prospectus are not binding on the Internal Revenue Service or any court. Thus, we can provide no assurance that the tax considerations contained in this summary will not be challenged by the Internal Revenue Service or will be sustained by a court if challenged by the Internal Revenue Service.

You are urged to consult your tax advisor regarding the specific tax consequences to you of:

a disposition of common units;

the acquisition, ownership and sale or other disposition of our common stock, including the federal, state, local, foreign and other tax consequences of such an acquisition, ownership and sale or other disposition;

our election to be taxed as a real estate investment trust for federal income tax purposes; and

potential changes in applicable tax laws.

Tax Consequences of an Exchange of Common Units for Common Stock

If you exercise your right to require Kilroy Realty, L.P. to acquire all or part of your common units, and we elect to acquire some or all of your common units in exchange for our common stock, the exchange will be a fully taxable transaction. You will generally recognize gain in an amount equal to the value of our common stock received, plus the amount of liabilities of Kilroy Realty, L.P. allocable to your common units

Edgar Filing: KILROY REALTY CORP - Form S-3/A

being exchanged, less your tax basis in those common units. The recognition of any loss is subject to a number of limitations set forth in the Internal Revenue Code. The character of any gain or loss as capital or ordinary will depend on the nature of the assets of Kilroy Realty, L.P. at the time of the exchange. The tax treatment of any acquisition of your common units by Kilroy Realty, L.P. in exchange for cash may be similar, depending on your circumstances.

Taxation of Kilroy Realty Corporation

General. We elected to be taxed as a REIT under Sections 856 through 860 of the Internal Revenue Code, commencing with our taxable year ended December 31, 1997. We believe we have been organized and have operated in a manner which allows us to qualify for taxation as a REIT under the Internal Revenue Code commencing with our taxable year ended December 31, 1997. We currently intend to continue to operate in this manner. However, qualification and taxation as a REIT depends upon our ability to meet the various qualification tests imposed under the Internal Revenue Code, including through actual annual operating results, asset diversification, distribution levels and diversity of stock ownership. Accordingly, no assurance can be given that

Table of Contents

we have operated or will continue to operate in a manner so as to qualify or remain qualified as a REIT. See the section below entitled Failure to Qualify.

The sections of the Internal Revenue Code that relate to qualification and operation as a REIT are highly technical and complex. The following sets forth the material aspects of the sections of the Internal Revenue Code that govern the federal income tax treatment of a REIT and its stockholders. This summary is qualified in its entirety by the applicable Internal Revenue Code provisions, relevant rules and regulations promulgated under the Internal Revenue Code, and administrative and judicial interpretations of the Internal Revenue Code and these rules and regulations.

Latham & Watkins LLP has acted as our tax counsel in connection with this registration of our common stock and our election to be taxed as a REIT. Latham & Watkins LLP has rendered an opinion to us to the effect that, commencing with our taxable year ended December 31, 1997, we have been organized and have operated in conformity with the requirements for qualification and taxation as a real estate investment trust, and that our proposed method of operation will enable us to continue to meet the requirements for qualification and taxation as a real estate investment trust under the Internal Revenue Code. It must be emphasized that this opinion is based on various assumptions and representations as to factual matters, including representations in a factual certificate provided by one of our officers. In addition, this opinion is based upon our factual representations set forth in this prospectus. Latham & Watkins LLP undertakes no obligation to update its opinion subsequent to its date. Moreover, our qualification and taxation as a real estate investment trust depends upon our ability to meet the various qualification tests imposed under the Internal Revenue Code discussed below, including through actual annual operating results, asset diversification, distribution levels and diversity of stock ownership, the results of which have not been and will not be reviewed by Latham & Watkins LLP. Accordingly, no assurance can be given that our actual results of operation for any particular taxable year have satisfied or will satisfy those requirements. Further, the anticipated income tax treatment described in this prospectus may be changed, perhaps retroactively, by legislative, administrative or judicial action at any time. See Failure to Qualify.

If we qualify for taxation as a REIT, we generally will not be required to pay federal corporate income taxes on our net income that is currently distributed to our stockholders. This treatment substantially eliminates the double taxation that typically results from investment in a C corporation. A C corporation is generally a corporation required to pay full corporate-level tax. Double taxation generally means taxation that occurs once at the corporate level when income is earned and once again at the stockholder level when the income is distributed. We will be required to pay federal income tax, however, as follows:

First, we will be required to pay tax at regular ordinary and capital gain corporate tax rates on any undistributed REIT taxable income, including undistributed net capital gains.

Second, we may be required to pay the alternative minimum tax on our items of tax preference under some circumstances.

Third, if we have (1) net income from the sale or other disposition of foreclosure property which is held primarily for sale to customers in the ordinary course of business or (2) other nonqualifying income from foreclosure property, we will be required to pay tax at the highest corporate rate on this income. Foreclosure property is generally defined as property we acquired through foreclosure or after a default on a loan secured by the property or a lease of the property.

Fourth, we will be required to pay a 100% tax on any net income from prohibited transactions. Prohibited transactions are, in general, sales or other taxable dispositions of property held as inventory or primarily for sale to customers in the ordinary course of business, other than foreclosure property.

Edgar Filing: KILROY REALTY CORP - Form S-3/A

Fifth, if we fail to satisfy the 75% or 95% gross income test, as described below, but have otherwise maintained our qualification as a REIT because certain other requirements are met, we will be required to pay a tax equal to (1) the greater of (A) the amount by which 75% of our gross income exceeds the

Table of Contents

amount qualifying under the 75% gross income test, and (B) the amount by which 90% of our gross income exceeds the amount qualifying under the 95% gross income test, multiplied by (2) a fraction intended to reflect our profitability.

Sixth, we will be required to pay a 4% excise tax on the excess of the required distribution over the amounts actually distributed if we fail to distribute during each calendar year at least the sum of (1) 85% of our REIT ordinary income for the year, (2) 95% of our REIT capital gain net income for the year, and (3) any undistributed taxable income from prior periods.

Seventh, if we acquire any asset from a corporation which is or has been a C corporation in a transaction in which the basis of the asset in our hands is determined by reference to the basis of the asset in the hands of the C corporation, and we recognize gain on the disposition of the asset during the ten-year period beginning on the date on which we acquired the asset, then we will be required to pay tax at the highest regular corporate tax rate on this gain to the extent of the excess of (1) the fair market value of the asset over (2) our adjusted basis in the asset, in each case determined as of the date on which we acquired the asset. The results described in this paragraph with respect to the recognition of such gain assume that we will make or refrain from making the appropriate elections under existing temporary treasury regulations to be treated in this manner on our tax return for the year in which we acquire an asset from a C corporation.

Eighth, we will be subject to a 100% tax on any redetermined rents, redetermined deductions or excess interest. In general, redetermined rents are rents from real property that are overstated as a result of services furnished by a taxable REIT subsidiary of ours to any of our tenants. See Ownership of Interests in Taxable REIT Subsidiaries. Redetermined deductions and excess interest generally represent amounts that are deducted by a taxable REIT subsidiary of ours for amounts paid to us that are in excess of the amounts that would have been deducted based on arm's length negotiations.

Requirements for Qualification as a Real Estate Investment Trust. The Internal Revenue Code defines a REIT as a corporation, trust or association:

- (1) that is managed by one or more trustees or directors;
- (2) that issues transferable shares or transferable certificates to evidence its beneficial ownership;
- (3) that would be taxable as a domestic corporation but for Sections 856 through 860 of the Internal Revenue Code;
- (4) that is not a financial institution or an insurance company within the meaning of the Internal Revenue Code;
- (5) that is beneficially owned by 100 or more persons;
- (6) not more than 50% in value of the outstanding stock of which is owned, actually or constructively, by five or fewer individuals, as defined in the Internal Revenue Code to include certain entities, during the last half of each taxable year; and
- (7) that meets other tests, described below, regarding the nature of its income and assets and the amount of its distributions.

The Internal Revenue Code provides that conditions (1) to (4), inclusive, must be met during the entire taxable year and that condition (5) must be met during at least 335 days of a taxable year of twelve months, or during a proportionate part of a taxable year of less than twelve months. Conditions (5) and (6) do not apply until after the first taxable year for which an election is made to be taxed as a REIT. For purposes of condition (6), pension funds and other specified tax-exempt entities generally are treated as individuals, except that a look-through exception

applies with respect to pension funds.

We believe that we have satisfied conditions (1) through (7), inclusive, during the relevant time periods. In addition, our charter provides for restrictions regarding ownership and transfer of shares. These restrictions are

Table of Contents

intended to assist us in continuing to satisfy the share ownership requirements described in conditions (5) and (6) above. These stock ownership and transfer restrictions are described in Description of Capital Stock Restrictions on ownership and transfer of capital stock. These restrictions, however, may not ensure that we will, in all cases, be able to satisfy the share ownership requirements described in conditions (5) and (6) above. If we fail to satisfy these share ownership requirements, except as provided in the next sentence, our status as a REIT will terminate. If, however, we comply with the rules contained in applicable treasury regulations that require us to ascertain the actual ownership of our shares and we do not know, or would not have known through the exercise of reasonable diligence, that we failed to meet the requirement described in condition (6) above, we will be treated as having met this requirement. See Failure to Qualify.

In addition, we may not maintain our status as a REIT unless our taxable year is the calendar year. We have and will continue to have a calendar taxable year.

Ownership of Interests in Partnerships, Limited Liability Companies and Qualified REIT Subsidiaries. Treasury regulations provide that, in the case of a REIT which is a partner in a partnership or a member in a limited liability company that is treated as a partnership for tax purposes, the REIT will be deemed to own its proportionate share of the assets of the partnership or limited liability company, as the case may be. Also, the REIT will be deemed to be entitled to the income of the partnership or limited liability company attributable to its proportionate share of the assets. The character of the assets and gross income of the partnership or limited liability company retains the same character in the hands of the REIT for purposes of Section 856 of the Internal Revenue Code, including satisfying the gross income tests and the asset tests. We have included a brief summary of the rules governing the federal income taxation of partnerships and limited liability companies below in Tax Aspects of Kilroy Realty, L.P., the Subsidiary Partnerships and Limited Liability Companies. We have direct control of Kilroy Realty, L.P. and the subsidiary partnerships and limited liability companies discussed in that section below, and we intend to continue to operate them in a manner consistent with the requirements for qualification as a REIT.

A corporation will qualify as a qualified REIT subsidiary if we own 100% of the corporation's stock, and the corporation is not a taxable REIT subsidiary, as described below. A qualified REIT subsidiary will not be treated as a separate corporation. All assets, liabilities and items of income, deduction and credit of a qualified REIT subsidiary we own will be treated as our assets, liabilities and such items, for all purposes of the Internal Revenue Code, including the REIT qualification tests. For this reason, references under Material Federal Income Tax Considerations to our income and assets shall include the income and assets of any qualified REIT subsidiary. A qualified REIT subsidiary will not be required to pay federal income tax, and our ownership of the stock of a qualified REIT subsidiary will not violate the restrictions against ownership of securities of any one issuer which constitute more than 10% of the voting power or value of such issuer's securities or more than 5% of the value of our total assets, as described below under Asset Tests.

Ownership of Interests in Taxable REIT Subsidiaries. A taxable REIT subsidiary of ours is a corporation other than a REIT in which we directly or indirectly hold stock and that has made a joint election with us to be treated as a taxable REIT subsidiary. A taxable REIT subsidiary also includes any corporation other than a REIT with respect to which a taxable REIT subsidiary owns securities possessing more than 35% of the total voting power or value of the outstanding securities of such corporation. Other than some activities relating to lodging and health care facilities, a taxable REIT subsidiary may generally engage in any business, including the provision of customary or non customary services to tenants of its parent REIT. A taxable REIT subsidiary is subject to federal income tax, and state and local income tax where applicable, as a regular C corporation. In addition, a taxable REIT subsidiary of ours may be prevented from deducting interest on debt that we directly or indirectly fund if certain tests regarding the taxable REIT subsidiary's debt-to-equity ratio and interest expense are satisfied. We own interests in Kilroy Realty TRS, Inc., and we have jointly elected with it to have it be treated as a taxable REIT subsidiary. We may acquire interests in additional taxable REIT subsidiaries in the future. As a result, our ownership of securities of Kilroy Realty TRS, Inc. and any additional taxable REIT subsidiaries will not be subject to the 10% asset test described below, and their operations will be subject to the provisions described above which are applicable to a taxable REIT subsidiary. See Asset Tests.

Table of Contents

Income Tests. We must satisfy two gross income requirements annually to maintain our qualification as a REIT. First, in each taxable year we must derive directly or indirectly at least 75% of our gross income, excluding gross income from prohibited transactions, from investments relating to real property or mortgages on real property, including rents from real property and, in certain circumstances, interest, or from certain types of temporary investments. Second, in each taxable year we must derive at least 95% of our gross income, excluding gross income from prohibited transactions, from these real property investments, dividends, interest and gain from the sale or disposition of stock or securities, or from any combination of the foregoing. For these purposes, the term interest generally does not include any amount received or accrued, directly or indirectly, if the determination of the amount depends in whole or in part on the income or profits of any person. However, an amount received or accrued generally will not be excluded from the term interest solely by reason of being based on a fixed percentage or percentages of receipts or sales.

Rents we receive from a tenant will qualify as rents from real property for the purpose of satisfying the gross income requirements for a REIT described above only if the following conditions are met:

The amount of rent must not be based in whole or in part on the income or profits of any person. However, an amount we receive or accrue generally will not be excluded from the term rents from real property solely by reason of being based on a fixed percentage or percentages of receipts or sales;

We, or an actual or constructive owner of 10% or more of our stock, must not actually or constructively own 10% or more of the interests in the assets or net profits of the tenant or, if the tenant is a corporation, 10% or more of the total combined voting power of all classes of stock entitled to vote or 10% or more of the total value of all classes of stock of the tenant. Rents received from such tenant that is a taxable REIT subsidiary, however, will not be excluded from the definition of rents from real property if at least 90% of the space at the property to which the rents relate is leased to third parties, and the rents paid by the taxable REIT subsidiary are comparable to rents paid by our other tenants for comparable space;

Rent attributable to personal property, leased in connection with a lease of real property, is not greater than 15% of the total rent received under the lease. If this requirement is not met, then the portion of rent attributable to personal property will not qualify as rents from real property ; and

We generally must not operate or manage the property or furnish or render services to the tenants of the property, subject to a 1% de minimis exception, other than through an independent contractor from whom we derive no revenue. We may, however, directly perform certain services that are usually or customarily rendered in connection with the rental of space for occupancy only and are not otherwise considered rendered to the occupant of the property. Examples of such services include the provision of light, heat, or other utilities, trash removal and general maintenance of common areas. In addition, we may employ a taxable REIT subsidiary, which may be wholly or partially owned by us, to provide both customary and non-customary services to our tenants without causing the rent we receive from those tenants to fail to qualify as rents from real property. Any amounts we receive from a taxable REIT subsidiary with respect to the taxable REIT subsidiary's provision of non-customary services will, however, be nonqualified income under the 75% gross income test and, except to the extent received through the payment of dividends, the 95% gross income test.

We generally do not intend, and as a general partner of Kilroy Realty, L.P., do not intend to permit Kilroy Realty, L.P., to take actions we believe will cause us to fail to satisfy the rental conditions described above. However, we may intentionally fail to satisfy some of these conditions to the extent the failure will not, based on the advice of our tax counsel, jeopardize our tax status as a REIT.

If we fail to satisfy one or both of the 75% or 95% gross income tests for any taxable year, we may nevertheless qualify as a REIT for the year if we are entitled to relief under certain provisions of the Internal Revenue Code. Generally, we may avail ourselves of the relief provisions if:

our failure to meet these tests was due to reasonable cause and not due to willful neglect;

Table of Contents

we attach a schedule of the sources of our income to our federal income tax return; and

any incorrect information on the schedule was not due to fraud with intent to evade tax.

It is not possible, however, to state whether in all circumstances we would be entitled to the benefit of these relief provisions. For example, if we fail to satisfy the gross income tests because nonqualifying income that we intentionally accrue or receive exceeds the limits on nonqualifying income, the Internal Revenue Service could conclude that our failure to satisfy the tests was not due to reasonable cause. If these relief provisions do not apply to a particular set of circumstances, we will not qualify as a REIT. As discussed above in *Taxation of Kilroy Realty Corporation* General, even if these relief provisions apply, and we retain our status as a REIT, a tax would be imposed with respect to our nonqualifying income. We may not always be able to comply with the gross income tests for REIT qualification despite periodic monitoring of our income.

Prohibited Transaction Income. Any gain we realize on the sale of property held as inventory or other property held primarily for sale to customers in the ordinary course of business, including our share of any such gain realized by our partnerships, limited liability companies or qualified REIT subsidiaries, will be treated as income from a prohibited transaction that is subject to a 100% penalty tax. This prohibited transaction income may also adversely affect our ability to satisfy the income tests for qualification as a REIT. Under existing law, whether property is held as inventory or primarily for sale to customers in the ordinary course of a trade or business is a question of fact that depends on all the facts and circumstances surrounding the particular transaction. We intend to hold our properties for investment with a view to long-term appreciation, to engage in the business of acquiring, developing and owning our properties and to make occasional sales of the properties consistent with our investment objectives. However, the Internal Revenue Service may contend that one or more of these sales is subject to the 100% penalty tax.

Redetermined Rents. Any redetermined rents, redetermined deductions or excess interest we generate will be subject to a 100% penalty tax. In general, redetermined rents are rents from real property that are overstated as a result of services furnished by one of our taxable REIT subsidiaries to any of our tenants, and redetermined deductions and excess interest represent amounts that are deducted by a taxable REIT subsidiary for amounts paid to us that are in excess of the amounts that would have been deducted based on arm's length negotiations. Rents we receive will not constitute redetermined rents if they qualify for the safe harbor provisions contained in the Internal Revenue Code. Safe harbor provisions are provided where generally:

Amounts are received by a REIT for services customarily furnished or rendered in connection with the rental of real property;

Amounts are excluded from the definition of impermissible tenant service income as a result of satisfying the 1% de minimis exception;

The taxable REIT subsidiary renders a significant amount of similar services to unrelated parties and the charges for such services are substantially comparable;

Rents paid to the REIT by tenants who are not receiving services from the taxable REIT subsidiary are substantially comparable to the rents paid by the REIT's tenants leasing comparable space who are receiving such services from the taxable REIT subsidiary and the charge for the services is separately stated; and

The taxable REIT subsidiary's gross income from the service is not less than 150% of the subsidiary's direct cost in furnishing or rendering the service.

Asset Tests. At the close of each quarter of our taxable year, we must also satisfy four tests relating to the nature and diversification of our assets. First, at least 75% of the value of our total assets, including assets held by our qualified REIT subsidiaries and our allocable share of the assets held by the partnerships and limited liability companies in which we own an interest, must be represented by real estate assets, cash, cash items and government securities. For purposes of this test, real estate assets include stock or debt instruments that are

Table of Contents

purchased with the proceeds of a stock offering or a public offering of debt with a term of at least five years, but only for the one-year period beginning on the date we receive such proceeds. Second, not more than 25% of the value of our total assets may be represented by securities, other than those securities includable in the 75% asset test. Third, of the investments included in the 25% asset class and except for investments in REITs, qualified REIT subsidiaries and taxable REIT subsidiaries, the value of any one issuer's securities may not exceed 5% of the value of our total assets and we may not own more than 10% of the total vote or value of the outstanding securities of any one issuer. Fourth, not more than 20% of the value of our total assets may be represented by the securities of one or more taxable REIT subsidiaries. The 10% value limitation and the 20% asset test are part of recently enacted legislation and are effective for taxable years ending after December 31, 2000.

We own 100% of the outstanding stock of Kilroy Realty TRS, Inc. Kilroy Realty TRS, Inc. elected, together with us, to have it be treated as a taxable REIT subsidiary. So long as Kilroy Realty TRS, Inc. qualifies as a taxable REIT subsidiary, we will not be subject to the 5% asset test, 10% voting securities limitation or 10% value limitation with respect to our ownership of securities in Kilroy Realty TRS, Inc. We or Kilroy Realty TRS, Inc. may acquire securities in other taxable REIT subsidiaries in the future. We believe that the aggregate value of our taxable REIT subsidiaries will not exceed 20% of the aggregate value of our gross assets. With respect to each issuer in which we currently own an interest that does not qualify as a REIT, a qualified REIT subsidiary or a taxable REIT subsidiary, we believe that (1) the value of the securities of any such issuer has not exceeded 5% of the total value of our assets and (2) our ownership of the securities of any such issuer has complied with the 10% voting securities limitation and 10% value limitation. No independent appraisals have been obtained to support these conclusions. In addition, there can be no assurance that the Internal Revenue Service will not disagree with our determinations of value.

The asset tests must be satisfied not only on the date that we acquire, directly or through our partnerships, limited liability companies or qualified REIT subsidiaries, securities in the applicable issuer, but also each time we increase our ownership of securities of such issuer, including as a result of increasing our interest in Kilroy Realty, L.P. For example, our indirect ownership of securities of each issuer will increase as a result of our capital contributions to Kilroy Realty, L.P. and as limited partners exercise their redemption/exchange rights. After initially meeting the asset tests at the close of any quarter, we will not lose our status as a REIT for failure to satisfy the asset tests at the end of a later quarter solely by reason of changes in asset values. If we fail to satisfy an asset test because we acquire securities or other property during a quarter (including an increase in our interests in Kilroy Realty, L.P.), we can cure this failure by disposing of sufficient nonqualifying assets within 30 days after the close of that quarter. Although we believe that we have satisfied the asset tests and plan to take steps to ensure that we satisfy such tests for any quarter with respect to which retesting is to occur, there can be no assurance that such steps will always be successful, or will not require a reduction in Kilroy Realty, L.P.'s overall interest in an issuer. If we fail to timely cure any noncompliance with the asset tests, we would cease to qualify as a REIT.

Distribution Requirements. To maintain our qualification as a REIT, we are required to distribute dividends, other than capital gain dividends, to our stockholders in an amount at least equal to the sum of:

90% of our real estate investment trust taxable income; and

90% of our after tax net income, if any, from foreclosure property; minus

the excess of the sum of certain items of non-cash income over 5% of the real estate investment trust taxable income.

Our real estate investment trust taxable income is computed without regard to the dividends paid deduction and our net capital gain. In addition, for purposes of this test, non-cash income means income attributable to leveled stepped rents, original issue discount on purchase money debt, cancellation of indebtedness or a like-kind exchange that is later determined to be taxable. This 90% distribution requirement was 95% for taxable years beginning prior to January 1, 2001.

Table of Contents

In addition, if we dispose of any asset we acquired from a corporation which is or has been a C corporation in a transaction in which our basis in the asset is determined by reference to the basis of the asset in the hands of that C corporation, within the ten-year period following our acquisition of such asset, we would be required to distribute at least 90% of the after-tax gain, if any, we recognized on the disposition of the asset, to the extent that gain does not exceed the excess of the fair market value of the asset on the date we acquired the asset over our adjusted basis in the asset on the date we acquired the asset.

We must pay these distributions in the taxable year to which they relate, or in the following taxable year if they are declared during the last three months of the taxable year, payable to stockholders of record on a specified date during such period and paid during January of the following year. In addition, at our election, a distribution for a taxable year may be declared before we timely file our tax return for such year and paid on or before the first regular dividend payment after such declaration, provided such payment is made during the twelve-month period following the close of such year. Except as provided in *Taxation of Taxable U.S. Stockholders Generally* below, these distributions are taxable to stockholders, other than tax-exempt entities, as discussed below, in the year in which paid. This is so even though these distributions relate to the prior year for purposes of our 90% distribution requirement. The amount distributed must not be preferential (i.e., every stockholder of the class of stock to which a distribution is made must be treated the same as every other stockholder of that class, and no class of stock may be treated otherwise than in accordance with its dividend rights as a class). To the extent that we do not distribute all of our net capital gain or distribute at least 90%, but less than 100%, of our real estate investment trust taxable income, as adjusted, we will be required to pay tax on that amount at regular ordinary and capital gain corporate tax rates. We believe we have made, and intend to continue to make, timely distributions sufficient to satisfy these annual distribution requirements. In this regard, the partnership agreement authorizes us, as general partner of Kilroy Realty, L.P., to take such steps as may be necessary to cause Kilroy Realty, L.P. to distribute to its partners an amount sufficient to permit us to meet these distribution requirements.

We expect that our real estate investment trust taxable income will be less than our cash flow because of depreciation and other non-cash charges included in computing real estate investment trust taxable income. Accordingly, we anticipate that we will generally have sufficient cash or liquid assets to enable us to satisfy the distribution requirements described above. However, from time to time, we may not have sufficient cash or other liquid assets to meet these distribution requirements due to timing differences between the actual receipt of income and actual payment of deductible expenses, and the inclusion of income and deduction of expenses in arriving at our taxable income. If these timing differences occur, we may need to arrange for short-term, or possibly long-term, borrowings or need to pay dividends in the form of taxable stock dividends in order to meet the distribution requirements.

Under some circumstances, we may be able to rectify an inadvertent failure to meet the distribution requirement for a year by paying deficiency dividends to our stockholders in a later year, which may be included in our deduction for dividends paid for the earlier year. Thus, we may be able to avoid being taxed on amounts distributed as deficiency dividends. However, we will be required to pay interest to the Internal Revenue Service based upon the amount of any deduction claimed for deficiency dividends.

Furthermore, we will be required to pay a 4% excise tax on the excess of the required distribution over the amounts actually distributed if we fail to distribute during each calendar year, or in the case of distributions with declaration and record dates falling in the last three months of the calendar year, by the end of January immediately following such year, at least the sum of 85% of our real estate investment trust ordinary income for such year, 95% of our real estate investment trust capital gain net income for the year and any undistributed taxable income from prior periods. Any real estate investment trust taxable income and capital gain net income on which this excise tax is imposed for any year is treated as an amount distributed during that year for purposes of calculating such tax.

Like-Kind Exchanges. We have in the past disposed of properties in transactions intended to qualify as like-kind exchanges under the Internal Revenue Code, and may continue this practice in the future. Such

Table of Contents

like-kind exchanges are intended to result in the deferral of gain for federal income tax purposes. The failure of any such transaction to qualify as a like-kind exchange could subject us to federal income tax, possibly including the 100% prohibited transaction tax, depending on the facts and circumstances surrounding the particular transaction.

Failure to Qualify

If we fail to qualify for taxation as a REIT in any taxable year, and the relief provisions of the Internal Revenue Code do not apply, we will be required to pay tax, including any alternative minimum tax, on our taxable income at regular ordinary and capital gain corporate tax rates. Distributions to stockholders in any year in which we fail to qualify as a REIT will not be deductible by us, and we will not be required to distribute any amounts to our stockholders. As a result, we anticipate that our failure to qualify as a REIT would reduce our cash available for distribution to our stockholders. In addition, if we fail to qualify as a REIT, all distributions to stockholders will be taxable as regular corporate dividends to the extent of our current and accumulated earnings and profits, and, subject to certain limitations of the Internal Revenue Code, corporate distributees may be eligible for the dividends-received deduction. Unless entitled to relief under specific statutory provisions, we will also be disqualified from taxation as a REIT for the four taxable years following the year during which we lost our qualification. It is not possible to state whether in all circumstances we would be entitled to this statutory relief.

Tax Aspects of Kilroy Realty, L.P., the Subsidiary Partnerships and Limited Liability Companies

General. Substantially all of our investments are held indirectly through Kilroy Realty, L.P. In addition, Kilroy Realty, L.P. holds certain of its investments indirectly through subsidiary partnerships and limited liability companies. In general, entities that are classified as partnerships for federal income tax purposes are pass-through entities which are not required to pay federal income tax. Rather, partners or members of such entities are allocated their proportionate shares of the items of income, gain, loss, deduction and credit of the entity, and are potentially required to pay tax thereon, without regard to whether the partners or members receive a distribution of cash from the entity. We will include in our income our proportionate share of the foregoing items for purposes of the various REIT income tests and in the computation of our real estate investment trust taxable income. Moreover, for purposes of the REIT asset tests, we will include our proportionate share of assets held by Kilroy Realty, L.P., including its share of assets held by its subsidiary partnerships and limited liability companies. See Taxation of Kilroy Realty Corporation.

Entity Classification. Our interests in Kilroy Realty, L.P. and its subsidiary partnerships and limited liability companies involve special tax considerations, including the possibility that the Internal Revenue Service might challenge the status of any of these entities as a partnership, as opposed to an association taxable as a corporation for federal income tax purposes. If Kilroy Realty, L.P., a subsidiary partnership or a limited liability company were treated as an association, it would be taxable as a corporation and would be required to pay an entity-level tax on its income. In this situation, the character of our assets and items of gross income would change and could preclude us from satisfying the asset tests and possibly the income tests (see Taxation of Kilroy Realty Corporation Asset Tests and Income Tests). This, in turn, would prevent us from qualifying as a REIT. See Failure to Qualify for a discussion of the effect of our failure to meet these tests for a taxable year. In addition, a change in Kilroy Realty, L.P.'s, a subsidiary partnership's or a limited liability company's status for tax purposes might be treated as a taxable event. If so, we might incur a tax liability without any related cash distributions.

Treasury regulations that apply for tax periods beginning on or after January 1, 1997 provide that a domestic business entity not otherwise organized as a corporation and which has at least two members may elect to be taxed as a partnership for federal income tax purposes. Unless it elects otherwise, an eligible entity in existence prior to January 1, 1997 will have the same classification for federal income tax purposes that it claimed under the entity classification treasury regulations in effect prior to this date. In addition, an eligible entity which did not exist, or did not claim a classification, prior to January 1, 1997, will be classified as a partnership for federal

Table of Contents

income tax purposes unless it elects otherwise. Kilroy Realty, L.P. and each of our other partnerships and limited liability companies intend to claim classification as partnerships under the final regulations. As a result, we believe these entities will be classified as partnerships for federal income tax purposes.

Allocations of Income, Gain, Loss and Deduction. A partnership or limited liability company agreement will generally determine the allocation of income and losses among partners or members. These allocations, however, will be disregarded for tax purposes if they do not comply with the provisions of Section 704(b) of the Internal Revenue Code and the related treasury regulations. Generally, Section 704(b) of the Internal Revenue Code and the related treasury regulations require that partnership and limited liability company allocations respect the economic arrangement of the partners or members.

The Kilroy Realty, L.P. partnership agreement provides for preferred distributions of cash and preferred allocations of income to the holders of Series A, Series C and Series D Preferred Units. We will acquire these units upon any exchange of such units for shares of our preferred stock. In addition, to the extent that we issue Series B Preferred Stock, Kilroy Realty, L.P. will issue Series B Preferred Units to us, and the partnership agreement will be amended to provide for similar preferred distributions of cash and preferred allocations of income to us with respect to our Series B Preferred Units, although these distributions and allocations will be subordinate to the Series A, Series C and Series D Preferred Units. As a consequence, we will receive distributions from Kilroy Realty, L.P. and distributions attributable to our other assets that we will use to pay dividends on any issued shares of Series A, Series B, Series C or Series D Preferred Stock before any other partner in Kilroy Realty, L.P. receives a distribution, other than a holder of Series A, Series C or Series D Preferred Units, if these units are not then held by us. In addition, if necessary, income will be specially allocated to us, and losses will be allocated to the other partners of Kilroy Realty, L.P., in amounts necessary to ensure that the balance in our capital account will at all times to the extent possible be equal to or in excess of the amount that we must pay on any issued shares of Series A, Series B, Series C or Series D Preferred Stock upon liquidation or redemption. As long as we do not hold the Series A, Series C or Series D Preferred Units, similar preferred distributions and allocations will be made for the benefit of the holders of these units. In general, all remaining items of income and loss will be allocated to the holders of common units in proportion to the number of common units held by each unit holder. Some limited partners have agreed to guarantee debt of Kilroy Realty, L.P., either directly or indirectly through an agreement to make capital contributions to it under limited circumstances. As a result, and notwithstanding the above discussion of allocations of income and loss to holders of common units, these limited partners could under limited circumstances be allocated a disproportionate amount of net loss upon a liquidation, which net loss would have otherwise been allocable to us.

If an allocation is not recognized for federal income tax purposes, the item subject to the allocation will be reallocated in accordance with the partners or members' interests in the partnership or limited liability company. This reallocation will be determined by taking into account all of the facts and circumstances relating to the economic arrangement of the partners or members with respect to such item. Kilroy Realty, L.P.'s allocations of taxable income and loss are intended to comply with the requirements of Section 704(b) of the Internal Revenue Code and the treasury regulations promulgated under this section of the Internal Revenue Code.

Tax Allocations with Respect to the Properties. Under Section 704(c) of the Internal Revenue Code, income, gain, loss and deduction attributable to appreciated or depreciated property that is contributed to a partnership or limited liability company in exchange for an interest in the partnership or limited liability company, must be allocated in a manner so that the contributing partner or member is charged with the unrealized gain, or benefits from the unrealized loss, associated with the property at the time of the contribution. The amount of the unrealized gain or unrealized loss is generally equal to the difference between the fair market value or book value and the adjusted tax basis of the property at the time of contribution. These allocations are solely for federal income tax purposes and do not affect the book capital accounts or other economic or legal arrangements among the partners or members. Kilroy Realty, L.P. was formed by way of contributions of appreciated property, i.e., property having an adjusted tax basis less than its fair market value at the time of contribution. Moreover, subsequent to the formation of Kilroy Realty, L.P., additional appreciated property has

Table of Contents

been contributed to Kilroy Realty, L.P. in exchange for interests in Kilroy Realty, L.P. The partnership agreement requires that these allocations be made in a manner consistent with Section 704(c) of the Internal Revenue Code.

In general, the partners of Kilroy Realty, L.P. who acquired their limited partnership interests through a contribution of appreciated property will be allocated depreciation deductions for tax purposes that are lower than such deductions would have been if they had been determined on a pro rata basis. In addition, in the event of the disposition of any of the contributed assets which have such a book-tax difference, all income attributable to such book-tax difference generally will be allocated to the contributing partners. These allocations will tend to eliminate the book-tax difference over the life of Kilroy Realty, L.P. However, the special allocation rules of Section 704(c) of the Internal Revenue Code do not always entirely eliminate the book-tax difference on an annual basis or with respect to a specific taxable transaction such as a sale. Thus, the carryover basis of the contributed assets in the hands of Kilroy Realty, L.P. may cause us or other partners to be allocated lower depreciation and other deductions, and possibly an amount of taxable income in the event of a sale of such contributed assets in excess of the economic or book income allocated to us or other partners as a result of the sale. Such an allocation might cause us or other partners to recognize taxable income in excess of cash proceeds, which might adversely affect our ability to comply with the REIT distribution requirements. See [Taxation of Kilroy Realty Corporation](#) [Requirements for Qualification as a Real Estate Investment Trust](#) and [Distribution Requirements](#).

Treasury regulations issued under Section 704(c) of the Internal Revenue Code provide partnerships and limited liability companies with a choice of several methods of accounting for book-tax differences, including retention of the traditional method or the election of certain methods which would permit any distortions caused by a book-tax difference to be entirely rectified on an annual basis or with respect to a specific taxable transaction such as a sale. We and Kilroy Realty, L.P. have determined to use the traditional method for accounting for book-tax differences for the properties initially contributed to Kilroy Realty, L.P. and for certain assets contributed subsequently. We and Kilroy Realty, L.P. have not yet decided what method will be used to account for book-tax differences for properties acquired by Kilroy Realty, L.P. in the future.

Any property acquired by Kilroy Realty, L.P. in a taxable transaction will initially have a tax basis equal to its fair market value, and Section 704(c) of the Internal Revenue Code will not apply.

Taxation of Taxable U.S. Stockholders Generally

When we use the term U.S. stockholder, we mean a holder of shares of common stock who, for United States federal income tax purposes:

is a citizen or resident of the United States;

is a corporation, partnership, limited liability company or other entity created or organized in or under the laws of the United States or of any state thereof or in the District of Columbia, unless, in the case of a partnership or limited liability company, treasury regulations provide otherwise;

is an estate whose income is subject to United States federal income taxation regardless of its source; or

is a trust whose administration is subject to the primary supervision of a United States court and that has one or more United States persons who have the authority to control all substantial decisions of the trust.

Edgar Filing: KILROY REALTY CORP - Form S-3/A

Notwithstanding the preceding sentence, to the extent provided in the treasury regulations, certain trusts in existence on August 20, 1996, and treated as United States persons prior to this date that elect to continue to be treated as United States persons, shall also be considered U.S. stockholders. If you hold shares of common stock and are not a U.S. stockholder, you are a non-U.S. stockholder. See Taxation of Non-U.S. Stockholders.

Distributions Generally. As long as we qualify as a REIT, distributions out of our current or accumulated earnings and profits, other than capital gain dividends discussed below, will constitute dividends taxable to our

Table of Contents

taxable U.S. stockholders as ordinary income. As long as we qualify as a REIT, these distributions will not be eligible for the dividends-received deduction in the case of U.S. stockholders that are corporations. For purposes of determining whether distributions to holders of common stock are out of current or accumulated earnings and profits, our earnings and profits will be allocated first to the outstanding preferred stock, if any, and then to the common stock.

To the extent that we make distributions, other than capital gain dividends discussed below, in excess of our current and accumulated earnings and profits, these distributions will be treated first as a tax-free return of capital to each U.S. stockholder. This treatment will reduce the adjusted tax basis which each U.S. stockholder has in his shares of stock for tax purposes by the amount of the distribution, but not below zero. Distributions in excess of a U.S. stockholder's adjusted tax basis in his shares will be taxable as capital gains, provided that the shares have been held as a capital asset, and will be taxable as long-term capital gain if the shares were held for more than one year. Dividends we declare in October, November, or December of any year and payable to a stockholder of record on a specified date in any of these months will be treated as both paid by us and received by the stockholder on December 31 of that year, provided we actually pay the dividend on or before January 31 of the following calendar year. Stockholders may not include in their own income tax returns any of our net operating losses or capital losses.

Capital Gain Distributions. Distributions that we properly designate as capital gain dividends will be taxable to taxable U.S. stockholders as gains from the sale or disposition of a capital asset, to the extent that those gains do not exceed our actual net capital gain for the taxable year. Depending on the characteristics of the assets which produced these gains, and on specified designations, if any, which we may make, these gains may be taxable to non-corporate U.S. stockholders at a 20% or 25% rate. U.S. stockholders that are corporations may, however, be required to treat up to 20% of some capital gain dividends as ordinary income. If we properly designate any portion of a dividend as a capital gain dividend, your share of such capital gain dividend would be an amount which bears the same ratio to the total amount of dividends, as determined for federal income tax purposes, paid to you for the year as the aggregate amount designated as a capital gain dividend bears to the aggregate amount of all dividends, as determined for federal income tax purposes, paid on all classes of shares of our capital stock for the year.

Passive Activity Losses and Investment Interest Limitations. Distributions we make and gain arising from the sale or exchange by a U.S. stockholder of our shares will not be treated as passive activity income. As a result, U.S. stockholders generally will not be able to apply any passive losses against this income or gain. Distributions we make, to the extent they do not constitute a return of capital, generally will be treated as investment income for purposes of computing the investment interest limitation. Gain arising from the sale or other disposition of our shares, however, may not be treated as investment income depending upon your particular situation.

Retention of Net Long-Term Capital Gains. We may elect to retain, rather than distribute as a capital gain dividend, our net long-term capital gains. If we make this election, we would pay tax on our retained net long-term capital gains. In addition, to the extent we designate, a U.S. stockholder generally would:

include its proportionate share of our undistributed long-term capital gains in computing its long-term capital gains in its return for its taxable year in which the last day of our taxable year falls, subject to certain limitations as to the amount that is includable;

be deemed to have paid the capital gains tax imposed on us on the designated amounts included in the U.S. stockholder's long-term capital gains;

receive a credit or refund for the amount of tax deemed paid by it;

increase the adjusted basis of its common stock by the difference between the amount of includable gains and the tax deemed to have been paid by it; and

Table of Contents

in the case of a U.S. stockholder that is a corporation, appropriately adjust its earnings and profits for the retained capital gains in accordance with treasury regulations to be prescribed by the Internal Revenue Service.

Dispositions of Common Stock. If you are a U.S. stockholder and you sell or dispose of your shares of common stock, you will recognize gain or loss for federal income tax purposes in an amount equal to the difference between the amount of cash and the fair market value of any property you receive on the sale or other disposition and your adjusted basis in the shares for tax purposes. This gain or loss will be capital if you have held the common stock as a capital asset. This gain or loss will be long-term capital gain or loss if you have held the common stock for more than one year. In general, if you are a U.S. stockholder and you recognize loss upon the sale or other disposition of common stock that you have held for six months or less, after applying the relevant holding period rules, the loss you recognize will be treated as a long-term capital loss, to the extent you received distributions from us which were required to be treated as long-term capital gains.

Backup Withholding

We report to our U.S. stockholders and the Internal Revenue Service the amount of dividends paid during each calendar year, and the amount of any tax withheld. Under the backup withholding rules, a stockholder may be subject to backup withholding with respect to dividends paid unless the holder is a corporation or comes within certain other exempt categories and, when required, demonstrates this fact, or provides a taxpayer identification number, certifies as to no loss of exemption from backup withholding, and otherwise complies with applicable requirements of the backup withholding rules. A U.S. stockholder that does not provide us with his correct taxpayer identification number may also be subject to penalties imposed by the Internal Revenue Service. Backup withholding is not an additional tax. Any amount paid as backup withholding will be creditable against the stockholder's federal income tax liability. In addition, we may be required to withhold a portion of capital gain distributions to any stockholders who fail to certify their non-foreign status. See *Taxation of Non-U.S. Stockholders*.

Taxation of Tax-Exempt Stockholders

The Internal Revenue Service has ruled that amounts distributed as dividends by a REIT do not constitute unrelated business taxable income when received by a tax-exempt entity. Based on that ruling, except as described below, dividend income from us and gain from the sale of our shares will not be unrelated business taxable income to a tax-exempt stockholder. This income or gain will be unrelated business taxable income, however, if the tax-exempt stockholder holds its shares as debt financed property within the meaning of the Internal Revenue Code or if the shares are used in a trade or business of the tax-exempt stockholder. Generally, debt financed property is property, the acquisition or holding of which was financed through a borrowing by the tax-exempt stockholder.

For tax-exempt stockholders that are social clubs, voluntary employee benefit associations, supplemental unemployment benefit trusts, and qualified group legal services plans exempt from federal income taxation under Internal Revenue Code Sections 501(c)(7), (c)(9), (c)(17) and (c)(20), respectively, income from an investment in our shares will constitute unrelated business taxable income unless the organization is able to properly claim a deduction for amounts set aside or placed in reserve for certain purposes so as to offset the income generated by its investment in our shares. These prospective investors should consult their tax advisors concerning these set aside and reserve requirements.

Notwithstanding the above, however, a portion of the dividends paid by a pension-held REIT shall be treated as unrelated business taxable income as to certain types of trusts which hold more than 10%, by value, of the interests in the REIT. A REIT will not be a pension-held REIT if it is able to satisfy the not closely held requirement without relying upon the look-through exception with respect to certain trusts. As a result of certain limitations on the transfer and ownership of stock contained in our charter, we do not expect to be classified as a pension-held REIT, and as a result, the tax treatment described in this paragraph should be inapplicable to our stockholders.

Taxation of Non-U.S. Stockholders

The preceding discussion does not address the rules governing United States federal income taxation of the ownership and disposition of common stock by persons that are not U.S. stockholders. In general, non-U.S. stockholders may be subject to special tax withholding requirements on distributions from us with respect to their sale or other disposition of our common stock, except to the extent reduced or eliminated by an income tax treaty between the United States and the non-U.S. stockholder's country. A non-U.S. stockholder who is a stockholder of record and is eligible for reduction or elimination of withholding must file an appropriate form with us in order to claim such treatment. Non-U.S. stockholders should consult their own tax advisors concerning the federal income tax consequences to them of an acquisition of shares of our common stock, including the federal income tax treatment of dispositions of interests in, and the receipt of distributions from, us.

Other Tax Consequences

We may be required to pay tax in various state or local jurisdictions, including those in which we transact business, and our stockholders may be required to pay tax in various state or local jurisdictions, including those in which they reside. Our state and local tax treatment may not conform to the federal income tax consequences discussed above. In addition, your state and local tax treatment may not conform to the federal income tax consequences discussed above. Consequently, you should consult your tax advisors regarding the effect of state and local tax laws on an investment in our shares or a disposition of common units.

Tax Rate Changes

The maximum tax rate for non-corporate taxpayers for (i) most capital gains has been reduced from 20% to 15% (for taxable years ending on or after May 6, 2003 and before January 1, 2009) and (ii) most dividends has been reduced from 38.6% to 15% (for taxable years beginning after December 31, 2002 and before January 1, 2009). In general, dividends paid by REITs are not eligible for the reduced tax rate on corporate dividends, except to the extent the REIT's dividends are attributable to dividends received from taxable corporations (such as our taxable REIT subsidiaries), to income that was subject to tax at the corporate/REIT level (for example, if we distribute taxable income that we retained and paid tax on in the prior taxable year) or to dividends properly designated by us as capital gain dividends. Although these tax rate changes do not adversely affect the taxation of REITs or dividends paid by REITs, the more favorable treatment of regular corporate dividends could cause investors who are individuals to consider stocks of other corporations that pay dividends to be more attractive relative to stocks of REITs.

Proposed Legislation

Recently, legislation was introduced in the United States House of Representatives and the Senate that would amend certain rules relating to REITs. As of the date hereof, this legislation has not been enacted into law. The proposed legislation includes, among other things, the following changes:

As discussed above under the caption entitled "Taxation of Kilroy Realty Corporation Asset Tests," we may not own more than 10% by vote or value of any one issuer's securities. If we fail to meet this test at the end of any quarter and such failure is not cured within 30 days thereafter, we would fail to qualify as a REIT. Under the proposed legislation, after the 30 day cure period, a REIT could dispose of sufficient assets to cure such a violation that does not exceed the lesser of 1% of the REIT's assets at the end of the relevant quarter

or \$10,000,000. For violations due to reasonable cause that are larger than this amount, the legislation would permit the REIT to avoid disqualification as a REIT, after the 30 day cure period, by taking steps including the disposition of sufficient assets to meet the asset test and paying a tax equal to the greater of \$50,000 or the highest corporate tax rate multiplied by the net income generated by the non-qualifying assets.

The proposed legislation also would change the formula for calculating the tax imposed for certain violations of the 75% and 95% gross income tests described above under the caption Taxation of

Table of Contents

Kilroy Realty Corporation Income Tests and would make certain changes to the requirements for availability of the applicable relief provisions for failure to meet such tests.

The proposed legislation would clarify a rule regarding our ability to enter into leases with our taxable REIT subsidiaries.

As discussed above under the caption Taxation of Kilroy Realty Corporation Redetermined Rents, amounts received by a REIT for services customarily furnished or rendered in connection with the rental of real property are excluded from treatment as redetermined rents and therefore avoid the 100% penalty tax. The proposed legislation would eliminate this exclusion.

The discussion is a non-exhaustive list of changes that would be made by the proposed legislation. The provisions contained in this proposed legislation relating to our ability to enter into leases with our taxable REIT subsidiaries would apply to taxable years ending after December 31, 2000, and the remaining provisions generally would apply to taxable years beginning after the date the legislation is enacted.

As of the date of this prospectus, it is not possible to predict with any certainty whether the proposed legislation discussed above will be enacted in its current form, if at all.

ERISA CONSIDERATIONS

The following is a summary of certain material considerations arising under the Employee Retirement Income Securities Act of 1974, as amended (ERISA) and the prohibited transaction provisions of Section 4975 of the Internal Revenue Code that may be relevant to a prospective purchaser. The following summary may also be relevant to a prospective purchaser that is not an employee benefit plan which is subject to ERISA, but is a tax-qualified retirement plan or an individual retirement account, individual retirement annuity, medical savings account or education savings account, which we refer to collectively as an IRA. This discussion does not address all aspects of ERISA or Section 4975 of the Internal Revenue Code or, to the extent not preempted, state law that may be relevant to particular employee benefit plan stockholders in light of their particular circumstances, including plans subject to Title I of ERISA, other employee benefit plans and IRAs subject to the prohibited transaction provisions of Section 4975 of the Internal Revenue Code, and governmental, church, foreign and other plans that are exempt from ERISA and Section 4975 of the Internal Revenue Code but that may be subject to other federal, state, local or foreign law requirements.

A fiduciary making the decision to invest in shares of common stock on behalf of a prospective purchaser which is an ERISA plan, a tax qualified retirement plan, an IRA or other employee benefit plan is advised to consult its legal advisor regarding the specific considerations arising under ERISA, Section 4975 of the Internal Revenue Code and, to the extent not preempted, state and local law with respect to the purchase, ownership or sale of shares of our common stock by the plan or IRA.

Prior to making an investment in the shares offered in this prospectus, prospective employee benefit plan investors, whether or not subject to ERISA or Section 4975 of the Internal Revenue Code, should consult with their legal and other advisors concerning the impact of ERISA and the Internal Revenue Code (and, particularly in the case of non-ERISA plans and arrangements, any additional state, local and foreign law considerations), as applicable, and the potential consequences in their specific circumstances of an investment in such shares.

Plans should also consider the entire discussion under the heading Material Federal Income Tax Considerations, as material contained in that section is relevant to any decision by an employee benefit plan, tax-qualified retirement plan or IRA to purchase our common stock.

Employee benefit plans, tax-qualified retirement plans and IRAs.

Each fiduciary of an ERISA plan, which is an employee benefit plan subject to Title I of ERISA, should carefully consider whether an investment in shares of common stock is consistent with its fiduciary responsibilities under ERISA. In particular, the fiduciary requirements of Part 4 of Subtitle B of Title I of ERISA require that:

an ERISA plan make investments that are prudent and in the best interests of the ERISA plan, its participants and beneficiaries;

an ERISA plan make investments that are diversified in order to reduce the risk of large losses, unless it is clearly prudent for the ERISA plan not to do so;

an ERISA plan's investments are authorized under ERISA and the terms of the governing documents of the ERISA plan; and

Edgar Filing: KILROY REALTY CORP - Form S-3/A

the fiduciary not cause the ERISA plan to enter into transactions prohibited under Section 406 of ERISA and certain corresponding provisions of the Internal Revenue Code.

In determining whether an investment in shares of common stock is prudent for ERISA purposes, the appropriate fiduciary of an ERISA plan should consider all of the facts and circumstances, including whether the investment is reasonably designed, as a part of the ERISA plan's portfolio for which the fiduciary has investment

responsibility, to meet the objectives of the ERISA plan, taking into consideration the risk of loss and opportunity for gain or other return from the investment, the diversification, cash flow and funding requirements of the ERISA plan, and the liquidity and current return of the ERISA plan's portfolio. A fiduciary should also take into account the nature of our business, the length of our operating history and other matters described in the section entitled Risk Factors.

The fiduciary of an IRA or an employee benefit plan not subject to Title I of ERISA because it is a governmental or church plan, if no election has been made under Section 410(d) of the Internal Revenue Code, or because it does not cover common law employees should consider that it may only make investments that are either author
