GENERAL INFORMATION

This Prospectus may be supplemented or updated from time to time by delivery of additional documents to Plan Participants. Unless the context indicates otherwise, references to the Prospectus refer to both this document and any additional documents delivered hereunder.

INFORMATION REGARDING THE PLAN

A copy of the Plan is available for inspection in the office of the Secretary of the Corporation at the address specified above under Available Information . Reference is made to the Plan for complete information. The information in this Prospectus is a summary only and is subject to and qualified by such reference.

General. The Plan has been adopted by the Board of Directors of the Corporation and was approved by AT&T Corp. (AT&T) as sole stockholder of the Corporation prior to the distribution, in the form of a dividend (the Distribution), of the Common Stock to the stockholders of AT&T on December 31, 1996. The Plan became effective on January 1, 1997 (the Effective Date). The purposes of the Plan are to encourage selected key employees of the Corporation and its affiliates to acquire a proprietary and vested interest in the growth and performance of the Corporation, to generate an increased incentive to contribute to the Corporation 's future success and prosperity, thus enhancing the value of the Corporation for the benefit of holders of Common Stock, and to enhance the ability of the Corporation and its affiliates to attract and retain individuals of exceptional managerial talent upon whom, in large measure, the sustained progress, growth and profitability of the Corporation depends.

The Plan provides for the grant of incentive stock options (ISOs) that qualify under Section 422 of the Internal Revenue Code of 1986, as amended (the Code), nonstatutory stock options (Nonstatutory Stock Options), stock appreciation rights (SARs), restricted stock awards (Restricted Stock), performance awards (Performance Awards), other stock unit awards and other rights, interests or options relating to shares of Common Stock (collectively Awards) to employees and non-employee directors (except that

non-employee directors may not receive ISOs). The total number of shares of Common Stock (the Shares) available for grant under the Plan for each calendar year will be 5.6% for 1997 and 4% in each calendar year thereafter of the total outstanding shares of Common Stock as of the first day of each such year for which the Plan is in

effect. Such number will be increased in any year by the number of Shares available for grant under the Plan in prior years but not covered by Awards in such years and by the number of Shares subject to Awards that are forfeited or otherwise terminated without issuance of Shares or other consideration in lieu of Shares (to the extent of such forfeiture or termination) if no Participant received the benefits of ownership in respect of such Shares. In addition, no more than one million Shares may be cumulatively available for the grant of ISOs and no Participant may be granted Awards in any one calendar year with respect to more than one million Shares.

In addition, Awards granted or Shares issued by the Corporation (i) pursuant to an Employee Benefits Agreement between AT&T and the Corporation, dated as of November 20, 1996, as amended, modified or otherwise supplemented, or (ii) through the assumption of, or in substitution or exchange for, employee benefit awards or the right or obligation to make future employee benefit awards, in connection with the acquisition of another corporation or business entity (clauses (i) and (ii) collectively, the Substitute Awards) will not reduce the shares available for grants under the Plan or to a Participant in any calendar year.

In the event of any merger, reorganization, consolidation, recapitalization, stock dividend, stock split, reverse stock split, spin off or similar transaction or other change in corporate structure affecting the Shares, such adjustments and other substitutions will be made to the Plan and to Awards as the Committee (as defined herein) in its sole discretion deems equitable or appropriate, provided that the number of Shares or other securities subject to any Award shall always be a whole number.

The Plan is not subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA) and is not qualified under Section 401(a) of the Internal Revenue Code of 1986, as amended (the Code). The Committee is authorized to establish procedures for election by Participants to satisfy withholding taxes by delivery of, or directing the Corporation to retain, Shares.

Participants may obtain additional information about the Plan and its administrators from the Corporation at the address and telephone number set forth above under Available Information.

Term of the Plan. No Award shall be granted pursuant to the Plan after 10 years from the Effective Date, but any Award theretofore granted may extend beyond that date.

Administration. The Plan provides that it will be administered by the Compensation Committee of the Board of Directors of the Corporation (the Committee). The Committee is composed of no fewer than three directors, each of whom is a non-employee director within the meaning of Rule 16b-3(b)(3) under the Exchange Act and an outside director within the meaning of Section 162(m) of the Code. There are no material relationships between the members of the Committee and the Participants, the Corporation or its affiliates, other than serving as directors of the Corporation. Members of the Committee are appointed and removed by resolution of the Board of Directors.

Under the Plan, the Committee is generally authorized to (i) select employees of the Corporation and its affiliates to whom Awards may be granted, (ii) determine the types of Award to be granted to each Participant, (iii) determine the number of Shares to be covered by each Award, (iv) determine the terms and conditions of any Award, (v) determine whether, to what extent and under what circumstances Awards may be settled in cash, Shares or other property or cancelled or suspended, (vi) determine whether, to what extent and under what circumstances cash, Shares and other property and other amounts payable with respect to Awards shall be deferred either automatically or at the election of the Participant, (vii) interpret and administer the Plan and any instrument or agreement entered into under the Plan, (viii) establish such rules and regulations and appoint such agents as it shall deem appropriate for the proper administration of the Plan, and (ix) make any other determination and take any other action that the Committee deems necessary or desirable for administration of the Plan.

Decisions of the Committee will be final, conclusive and binding upon all persons, including the Corporation, any Participant, any stockholder and any employee of the Corporation or of any affiliate of the Corporation.

Eligibility and Participation. Any employee of the Corporation or of any affiliate of the Corporation is eligible to be selected as a Participant. The Corporation may permit non-employee directors to be eligible to receive either (or both) discretionary or formula-based Awards under the Plan. Such formula may be set forth in a policy or in the Plan.

Amendment and Termination. The Board of Directors may amend, alter or discontinue the Plan, but no amendment, alteration or discontinuation may be made that would impair the rights of an optionee or Participant under an Award previously granted, without the optionee's or Participant's consent. The Committee may amend the terms of any Award previously granted, prospectively or retroactively, but no such amendment may impair the rights of any Participant without such Participant's consent. The Committee may also substitute new Awards for previously granted Awards, including without limitation previously granted options having higher option prices.

Stock Options. ISOs and Nonstatutory Stock Options granted under the Plan (collectively, Options) are subject to the following terms and conditions and to such additional terms and conditions, not inconsistent with the provisions of the Plan as the Committee shall deem desirable. The purchase price per Share purchasable under an Option will be determined by the Committee in its sole discretion; provided that except in the case of an Option pursuant to a Substitute Award, such purchase price may not be less than the fair market value of the Share, determined by such methods or procedures as may be established by the Committee (the Fair Market Value), on the date of the grant of the Option. The term of each Option will be fixed by the Committee in its sole discretion; provided that no ISO may be exercisable after the expiration of ten years from the date the Option is granted. Options will be exercisable at such time or times as determined by the Committee at or subsequent to grant. Unless otherwise determined by the Committee at or subsequent to grant, no ISO may be exercisable during the year ending on the day before the first anniversary date of the granting of the ISO. Subject to the other provisions of the Plan and any applicable award agreement, any Option may be exercised by the Participant in whole or in part at such time or times, and the Participant may make payment of the option price in such form or forms, including, without limitation, payment by delivery of cash, Shares held for more than six months or other consideration (including, where permitted by law and the Committee, Awards) having a Fair Market Value on the exercise date equal to the total option price, or by any combination of cash, Shares and other consideration as the Committee may specify in the applicable award agreement.

In accordance with rules and procedures established by the Committee, the aggregate Fair Market Value (determined as of the time of grant) of the Shares with respect to which ISOs held by any Participant which are exercisable for the first time by such Participant during any calendar year under the Plan (and under any other benefit plans of the Corporation or of any parent or subsidiary corporation of the Corporation) may not exceed \$100,000 or, if different, the maximum limitation in effect at the time of grant under Section 422 of

the Code, or any successor provision, and any regulations promulgated thereunder. The terms of any ISO granted under the Plan will comply in all respects with the provisions of Section 422 of the Code, or any successor provision, and any regulation promulgated thereunder.

Stock Appreciation Rights. The Plan authorizes the Committee to grant SARs either alone or in addition to other Awards granted under the Plan. SARs may, but need not, relate to a specific Option. An SAR entitles a Participant to receive, upon exercise by the Participant, the excess of (i) the Fair Market Value of one Share on the date of exercise or, if the Committee so determines in the case of any such right other than one related to any ISO, at any time during a specified period before the date of exercise over (ii) the grant price of the right on the date of grant, or if granted in connection with an outstanding Option on the date of grant of the related Option, as specified by the Committee in its sole discretion, which, other than in the case of Substitute Awards, may not be less than the Fair Market Value of one Share on such date of grant of the right or the related Option, as the case may be.

Any SAR related to a Nonstatutory Stock Option may be granted at the same time such Option is granted or at any time thereafter before exercise or expiration of such Option. Any SAR related to an ISO must be granted at the same time such option is granted. In the case of any SAR related to any Option, the SAR or applicable portion thereof will terminate and no longer be exercisable upon the termination or exercise of the related Option, except that a SAR granted with respect to less than the full number of Shares covered by a related Option will not be reduced until the exercise or termination of the related Option exceeds the number of shares not covered by the SAR. Any Option related to any SAR will no longer be exercisable to the extent the related SAR has been exercised. The Committee may impose such conditions or restrictions on the exercise of any SAR as it deems appropriate.

Restricted Stock. The Plan also permits the Committee to grant shares of Restricted Stock to a Participant, for no cash consideration or for such minimum consideration as may be required by applicable law, either alone or in addition to other Awards granted under the Plan. Any Restricted Stock issued under the Plan may be evidenced in such manner as the Committee in its sole discretion deems appropriate, including, without limitation, book-entry registration or issuance of a stock certificate or certificates. In the event any stock certificate is issued in respect of shares of Restricted Stock awarded under the Plan, such certificate will be registered in the name of the Participant, and will bear an appropriate

legend referring to the terms, conditions, and restrictions applicable to such Award. Except as otherwise determined by the Committee at the time of grant, upon termination of employment for any reason during the restriction period, all shares of Restricted Stock still subject to restriction will be forfeited by the Participant and reacquired by the Corporation, provided that, in the event of a Participant's retirement, permanent disability, other termination of employment or death, or in cases of special circumstances, the Committee may, in its sole discretion, when it finds that a waiver would be in the best interests of the Corporation, waive in whole or in part any or all remaining restrictions with respect to such Participant's shares of Restricted Stock. Unrestricted Shares, evidenced in such manner as the Committee deems appropriate, will be issued to the grantee promptly after the period of forfeiture, as determined or modified by the Committee, expires.

Performance Awards. The Plan permits Performance Awards to be issued to Participants, for no cash consideration or for such minimum consideration as may be required by applicable law, either alone or in addition to other Awards granted under the Plan. The performance criteria to be achieved during any period established by the Committee at the time the Performance Award is granted or at any time thereafter during which performance goals are to be measured (the Performance Period) and the length of the Performance Period will be determined by the Committee upon the grant of each Performance Award. Performance Awards will be distributed only after the end of the relevant Performance Period. Performance Awards may be paid in cash, Shares, other property or any combination thereof, in the sole discretion of the Committee at the time of payment. The performance levels to be achieved for each Performance Period and the amount of the Award to be distributed shall be conclusively determined by the Committee. Performance Awards may be paid in a lump sum or in installments following the close of the Performance Period. The maximum value of the property, including cash, that may be paid or distributed to any Participant pursuant to a grant of Performance Units made in any one calendar year shall be two million dollars (\$2,000,000).

Other Awards. Other Awards of Shares and other Awards that are valued in whole or in part by reference to, or are otherwise based on, Shares or other property (Other Stock Unit Awards) may be granted under the Plan to Participants, either alone or in addition to other Awards granted under the Plan. Other Stock Unit Awards may be paid in Shares, other securities of the Corporation, cash or any other form of property as the Committee shall determine. Subject to the provisions of the Plan, the Committee has sole and complete authority to determine the employees of the Corporation and its

affiliates to whom and the time or times at which such Awards shall be made, the number of Shares to be granted pursuant to such Awards, and all other conditions of the Awards.

Shares (including securities convertible into Shares) granted pursuant to Other Stock Unit Awards may be issued for no cash consideration or for such minimum consideration as may be required by applicable law; Shares (including securities convertible into Shares) purchased pursuant to a purchase right awarded pursuant to Other Stock Unit Awards shall be purchased for such consideration as the Committee shall in its sole discretion determine, which shall not be less than the Fair Market Value of such Shares or other securities as of the date such purchase right is awarded.

Qualified Performance-Based Awards. Notwithstanding any other provision of the Plan, if the Committee determines at the time Restricted Stock, a Performance Award or an Other Stock Unit Award is granted to a Participant that such Participant is, or is likely to be at the time he or she recognizes income for federal income tax purposes in connection with such Award, a covered employee within the meaning of Section 162(m)(3) of the Code, then the Committee may provide that the lapsing of restrictions thereon and the distribution of cash, Shares or other property pursuant thereto, as applicable, will be subject to the achievement of one or more objective performance goals established by the Committee, which will be based on the attainment of one or any combination of performance goals specified in the Plan. In addition, with respect to any such Award, the Committee may not adjust upwards the amount payable pursuant to such Award, nor may it waive the achievement of the applicable performance goals except in the case of the death or disability of the Participant. The Committee also has the power to impose such other restrictions on such Awards as it may deem necessary or appropriate to ensure that such Awards satisfy all requirements for performance-based compensation within the meaning of Section 162(m)(4)(B) of the Code.

Effect of a Change in Control. Notwithstanding any other provision of the Plan to the contrary, unless the Committee determines otherwise at the time of grant with respect to a particular Award, in the event of a Change in Control (as defined in the Plan): (i) any Options and SARs outstanding as of the date such Change in Control is determined to have occurred, and which are not then exercisable and vested, will become fully exercisable and vested to the full extent of the original grant; (ii) the restrictions and deferral limitations applicable to any Restricted Stock will lapse, and such Restricted Stock will become free of all restrictions and limitations and become fully vested and

transferable to the full extent of the original grant; (iii) all Performance Awards will be considered to be earned and payable in full, and any deferral or other restriction will lapse and such Performance Awards will be immediately settled or distributed; (iv) the restrictions and deferral limitations and other conditions applicable to any Other Stock Unit Awards or any other Awards will lapse, and such Other Stock Unit Awards or such other Awards will become free of all restrictions, limitations or conditions and become fully vested and transferable to the full extent of the original grant.

Notwithstanding any other provision of the Plan, during the 60-day period from and after a Change in Control (the Exercise Period), if the Committee determines at, or at any time after, the time of grant, a Participant holding an Option shall have the right, whether or not the Option is fully exercisable and in lieu of the payment of the purchase price for the Shares being purchased under the Option and by giving notice to the Corporation, to elect (within the Exercise Period) to surrender all or part of the Option to the Corporation and to receive cash, within 30 days of such notice, in an amount equal to the amount by which the Change in Control Price (as defined in the Plan) per Share on the date of such election exceeds the purchase price per Share under the Option multiplied by the number of Shares granted under the Option as to which this right granted under the Plan shall have been exercised.

Assignments and Transfers. Unless the Committee determines otherwise at the time the Award is granted, no Award, and no Shares subject to Other Stock Unit Awards, which have not been issued or as to which any applicable restriction, performance or deferral period has not lapsed, may be sold, assigned, transferred, pledged or otherwise encumbered, except by will or by the laws of descent and distribution; provided that, if so determined by the Committee, a Participant may, in the manner established by the Committee, designate a beneficiary to exercise the rights of the Participant with respect to any Award upon the death of the Participant. Each Option and SAR will be exercisable, during the Participant's lifetime, only by the Participant or, if permissible under applicable law, by the Participant's guardian or legal representative.

Employee Rights Under the Plan. No employee or Participant will have any claim to be granted any Award under the Plan and there is no obligation for uniformity of treatment of employees or Participants under the Plan.

Restrictions on Resale. No person who acquires Shares under the Plan may, during any period of time that such person is an affiliate of the Corporation within the meaning of the rules and regulations of the Commission under the Securities Act, offer or sell such shares of Stock unless such offer and sale is made (i) pursuant to an effective registration statement under the Securities Act, or (ii) pursuant to an appropriate exemption from the registration requirements of the Securities Act, such as that set forth in Rule 144 promulgated under the Securities Act.

Under Section 16 of the Exchange Act, any person who is a beneficial owner of more than 10% of any equity security of the Corporation registered under the Exchange Act (such as the Common Stock), or an executive officer or director of the Corporation, may be liable to the Corporation for any profit realized from any sale of any equity security of the Corporation within a period of less than six months before or after any purchase of an equity security of the Corporation, irrespective of the intention on the part of such person in entering the transaction. In determining whether any person is a beneficial owner of more than 10% of any equity security of the Corporation registered under the Exchange Act, such person may be required to include shares issuable on exercise of options or warrants or upon conversion of convertible securities.

Participants in the Plan are advised to consult with counsel as to their status as an affiliate of the Corporation and as to the applicability of Section 16(b) of the Exchange Act to the types of awards permitted under the Plan.

Cancellation or Suspension. The Committee has full power and authority to determine whether, to what extent and under what circumstances any Award shall be cancelled or suspended. In particular, but without limitation, all outstanding Awards to any Participant will be cancelled if the Participant, without the consent of the Committee, while employed by the Corporation or after termination of such employment, becomes associated with, employed by, renders services to, or owns any interest in (other than any nonsubstantial interest, as determined by the Committee), any business that is in competition with the Corporation or with any business in which the Corporation has a substantial interest, as determined by the Committee or any one or more senior managers or committee of senior managers to whom the authority to make such determination is delegated by the Committee.

FEDERAL INCOME TAX EFFECTS

The discussion which follows is a summary, based on current law, of some of the significant federal income tax considerations relating to awards under the Plan. Participants in the Plan should consult their tax advisors with respect to their individual federal income tax situation. In addition, because the following discussion is limited to United States federal income tax matters, all Participants subject to taxation by other authorities should consult their tax advisors with respect to any applicable tax laws of state, city, foreign and other jurisdictions.

Nonstatutory Options. A Participant will not realize income at the time an Option which is a Nonstatutory Stock Option is granted. Upon exercise, if the exercise price is paid in cash, the Participant will realize ordinary income in the amount by which the market value of the shares acquired on the exercise date exceeds the Option exercise price. The Corporation will be allowed a deduction in the year of exercise equal to the amount of income realized by the Participant, subject to the provisions of Section 162(m) of the Code (dealing with the deductibility of certain compensation in excess of \$1 million per year payable to certain executives) and Section 280G of the Code (dealing with the deductibility of payments deemed to be contingent on a change of control). When the shares are subsequently sold, any amount recognized in excess of the market value on the exercise date will be reportable as short-term or long-term capital gain, as appropriate, or, if the amount realized is less than the market value of the shares at the time of exercise, any loss recognized will be reportable as short-term or long-term capital loss, as appropriate. If the exercise price of a Nonstatutory Stock Option is paid in whole or in part with already owned shares of Common Stock, the Participant's tax basis in, and holding period for, the old shares will carry over to the same number of shares received upon exercise on a share-for-share basis and the Participant will not recognize compensation income with respect to such shares received. The fair market value of the additional shares (in excess of the number of old shares used to exercise the Options) received will constitute compensation taxable to the Participant as ordinary income. The tax basis for the additional shares received will equal their fair market value as so determined, and their holding period will begin on the day after the date as of which such fair market value is determined. The Corporation will be entitled to a tax deduction equal to the compensation income recognized by the Participant, subject to the provisions of Section 162(m) of the Code and Section 280G of the Code.

Incentive Stock Options. A Participant will not realize income at the time an Option which is an ISO is granted, nor will the Participant realize income upon exercise of an ISO, whether the Participant makes payment in cash or in whole or in part with already owned shares of Common Stock (except under certain circumstances described below, when the already owned shares were acquired through the previous exercise of an ISO). However, the spread at exercise will constitute an item includible in the alternative minimum taxable income, and thereby may subject the optionee to the alternative minimum tax.

If shares acquired upon exercise of an ISO are not disposed of by the Participant within two years from the date of grant or within one year after the transfer of such shares to the Participant (the ISO Holding Period), then (i) no amount will be reportable as ordinary income with respect to such shares by the recipient and (ii) the Corporation will not be allowed a deduction in connection with such ISO or the shares of Common Stock acquired pursuant thereto. If a sale of such Common Stock occurs after the ISO Holding Period has expired, then any amount recognized in excess of the exercise price will be reportable as short-term or long-term capital gain, as appropriate, and any amount recognized below the exercise price will be reportable as short-term or long-term capital loss, as appropriate (assuming such Common Stock was held as a capital asset).

A disqualifying disposition will result if shares acquired upon the exercise of an ISO (except in the case of the exercise of a decedent's ISO as described in the second following paragraph) are sold before the ISO Holding Period has expired. In such case, at the time of disposition, ordinary income will be recognized in the amount of the difference between the exercise price and the lesser of (i) the fair market value on the date of exercise or (ii) the amount realized on disposition. If the amount realized is less than the exercise price, then no ordinary income will be recognized and the recognized loss will be reportable as short-term or long-term capital loss, as appropriate (assuming such Common Stock was held as a capital asset). Any amount recognized in excess of the market value on the date of exercise will be reportable as a short-term or long-term capital gain, as appropriate (assuming such Common Stock was held as a capital asset). The Corporation will be allowed a deduction in the year of disposition, equal to the ordinary income recognized, subject to the limitations of Sections 162(m) and 280G of the Code referred to above.

In the event of a Participant's retirement or other termination of employment, other than by reason of permanent

and total disability or death, an ISO must be exercised within three months of such termination in order to be eligible for the tax treatment for ISOs described above (assuming that the ISO Holding Period requirements are met). If a Participant terminates employment by reason of permanent and total disability, the ISO will be eligible for such treatment if it is exercised within one year of termination of employment (assuming that the ISO Holding Period requirements are met). In the event of a Participant's death, the ISO will be eligible for such treatment if it is exercised by the Participant's legatees, personal representatives or distributees within two years of death, provided death occurred (i) while the Participant was employed, (ii) within three months of termination of employment or (iii) within the one-year period following the date of termination by reason of permanent and total disability. The Common Stock acquired pursuant to the exercise of an ISO following a Participant's death need not be held for the ISO Holding Period. However, when such shares are sold, assuming that they were held as capital assets, the amount realized in excess of the exercise price will be reported as long-term or short-term capital gain, as appropriate, or, if the amount realized is less than the exercise price, any loss will be reportable as a short-term or long-term capital loss, as appropriate, and the Corporation will not be allowed any deduction in connection with the grant or exercise of the ISO.

If the exercise price of an ISO is paid in whole or in part with already owned shares of Common Stock, other than ISO shares which do not satisfy the ISO Holding Period, any appreciation or depreciation in the value of the old shares after their acquisition dates will not be recognized for tax purposes as a result of such payment. The Participant's tax basis in, and holding period for, the old shares surrendered will carry over to the same number of shares received upon exercise of the ISO on a share-for-share basis. Common Stock received in excess of the shares surrendered will have a tax basis equal to the amount of the exercise price that is paid in cash (if any), and the new shares' holding period will begin on the date of exercise. After the exercise, both the already owned shares and the additional shares acquired will constitute ISO shares.

Stock Appreciation Rights. No income will be realized by a Participant when an SAR is granted. Upon exercise, the holder of an SAR will recognize as ordinary income the amount of cash and/or the fair market value of any Common Stock received, less the amount paid for the stock, if any, and the Corporation will be allowed a deduction in the year of exercise, equal to such income, subject to the limitations of Sections 162(m) and 280G of the Code referred to above. Any shares of Common Stock received upon exercise of an SAR will have a tax basis equal to their fair market value on the date received.

Restricted Stock. A Participant who is granted Restricted Stock may make a Section 83(b) election to have the value of the Restricted Stock on the date of receipt taxed as compensation income at the date of receipt, with the result that any future appreciation (or depreciation) in the value of the shares of Common Stock granted will be taxed as capital gain (or loss) upon a subsequent sale of the shares (assuming they are held as capital assets). However, if the Participant subsequently forfeits the Restricted Stock, no tax deduction will be allowed for the loss. A Section 83(b) election must be made within 30 days of the date of grant.

If the Participant does not make a Section 83(b) election, then the grant will result in compensation income equal to the fair market value of the shares on the date that the restrictions imposed on the shares expire. Unless a Participant makes a Section 83(b) election, any dividends paid on Restricted Stock are also treated as compensation income to the Participant and compensation expense to the Corporation. The Corporation is entitled to an income tax deduction for any compensation income taxed to the Participant, subject to the provisions of Sections 162(m) and 280G of the Code referred to above.

Performance Awards. A Participant who is granted a Performance Award will not realize taxable income at the time the Performance Award is granted and the Corporation will not be entitled to an income tax deduction at such time. The Participant will realize income at the time the Performance Award is paid equal to the amount of cash paid or the value of the shares of Common Stock delivered, and the Corporation will have a corresponding income tax deduction, subject to the provisions of Sections 162(m) and 280G of the Code referred to above.

Item 4. Description of Securities

Not applicable.

Item 5. Interests of Named Experts and Counsel.

The legality of the Securities to be issued pursuant to the Plan will be passed upon for the Company by Nelson F. Greene, Law Vice President and Assistant Secretary of the Company.

Item 6. Indemnification of Directors and Officers.

NCR's Articles of Incorporation, as amended and restated (the Charter) limits the personal liability of its directors and officers to the maximum extent permitted by Maryland law. Section 2-405.2 of the Maryland General Corporation Law authorizes the Company to limit the liability of its directors and officers to the Company and its stockholders for money damages except (i) to the extent that it is proved that the director or officer actually received an improper benefit or profit in money, property or services, for the amount of the benefit or profit actually received, or (ii) to the extent that a judgment or other final adjudication adverse to the director or officer is entered in a proceeding based on a finding in the proceeding that the director's or officer's action, or failure to act, was the result of active and deliberate dishonesty and was material to the cause of action adjudicated in the proceeding.

The Charter provides that NCR will indemnify its directors and officers, whether serving the Company or, at its request, any other entity, to the fullest extent required or permitted by the General Laws of the State of Maryland now or hereafter in force, including the advance of expenses under the procedures and to the fullest extent permitted by law. The Company's Bylaws, as amended and restated (the Bylaws) currently contain provisions implementing the foregoing. Under the Bylaws, however, directors and officers are not entitled to indemnification by the Company or the advancement of expenses, unless (i)

the officer or director requesting indemnification has met the requisite standard of conduct, or (ii) indemnification is required under the General Laws of the State of Maryland now or hereafter in force. Under Section 2-418(b) of the Maryland General Corporation Law, an officer or director requesting indemnification shall have met the requisite standard of conduct unless it is established that: (a) the act or omission of the director or officer was material to the matter giving rise to the proceeding, and (i) was committed in bad faith, or (ii) was the result of active and deliberate dishonesty; (b) the director or officer actually received an improper benefit in money, property or services; or (c) in the case of a criminal proceeding, the director or officer had reasonable cause to believe the act or omission was unlawful. Under Section 2-418(b) of the Maryland General Corporation Law, indemnification may be against judgments, penalties, fines, settlements, and reasonable expenses (including attorneys' fees) actually incurred by a director in connection with a proceeding. The foregoing indemnification could apply to liabilities under the Securities Act in certain circumstances. If, however, the proceeding was one by or in the right of the Company and the director was adjudged liable to the Company, the Company may not indemnify the director.

Under the Charter, the rights of indemnification of the Company's officers and directors are not exclusive of any other rights to which they may be entitled. The Board of Directors may take such action as is necessary to carry out such indemnification provisions and is expressly empowered to adopt, approve and amend from time to time such bylaws, resolutions or contracts implementing such provisions or such further indemnification arrangements as may be permitted by law. No amendment of the Charter, or of any such bylaw, resolution or contract, or repeal of any of their provisions will limit or eliminate the right to indemnification provided thereunder with respect to acts or omissions occurring prior to such amendment or repeal.

In addition, NCR's Bylaws provide that the Company shall advance to its directors and officers, whether serving the Company or at its request any other entity, expenses, including the providing by the Company to a director or officer who has been named a party to a proceeding, of legal representation by, or at the expense of, the Company, to the full extent permitted by law and as permitted under the Bylaws. Any request for an advance of expenses by an officer or director shall contain (1) a written affirmation by the officer or director of his or her good faith belief he or she has met the standard of conduct necessary for indemnification, and (2) a written undertaking by or on behalf of the officer or director to repay the amount advanced if it is ultimately determined the he or she did not meet the necessary standard of conduct. The right of an officer or director to indemnification and advance of expenses under the Bylaws shall be enforceable by the officer or director entitled to request indemnification in any court of competent jurisdiction, if (a) the Company denies such request, in whole or in part, or (b) no disposition thereof is made within sixty (60) days.

Maryland corporations also are authorized to obtain insurance to protect officers and directors from certain liabilities, including liabilities against which the corporation cannot indemnify its directors and officers. The Company currently has in effect a directors' and officers' liability insurance policy in order to protect them against liability, including with respect to the matters covered by the foregoing indemnities.

Item 9. Undertakings.

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(i) and (a)(1)(ii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed by the Registrant pursuant to Section 13 or Section 15(d) of the Exchange Act that are incorporated by reference in the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in this registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless, in the opinion of its counsel, the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
