**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Plan Administrator of the Donnelley Deferred Compensation and Voluntary Savings Plan

We have audited the accompanying statements of net assets available for benefits of the **Donnelley Deferred Compensation and Voluntary Savings Plan** (the Plan) as of December 31, 2003 and 2002, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2003 and December 31, 2002, and the changes in its net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2003, is presented for purposes of additional analysis and is not a required part of the basic financial statements but is a supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, as amended. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

**DONNELLEY DEFERRED COMPENSATION AND**

**VOLUNTARY SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS**

**DECEMBER 31, 2003 and 2002**

**NOTE 1 PLAN DESCRIPTION**

The following brief description of the Donnelley Deferred Compensation and Voluntary Savings Plan (the Plan) of R.R. Donnelley & Sons Company (the Company) is provided for general information only. Refer to the summary plan description or the Plan document for more complete information. The Plan was established to allow employees to save for retirement on a tax-advantaged basis. It is intended to qualify as a cash or deferred arrangement under Section 401(k) of the Internal Revenue Code (the Code) and it is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA), as amended.

**Contributions**

Subject to certain limitations, members of the Plan may contribute up to 30% of pay on a before-tax basis, and up to 20% of pay on an after-tax basis. Effective July 1, 1999 the Company generally matches participant contributions 50 cents for every before-tax dollar, up to 3% of pay. Participants may invest up to 20% of their account balance and up to 20% of their current contributions in the Donnelley Stock Fund, and may shift their contributions into and out of the Donnelley Stock Fund at any time. All (100%) of the employer match is invested in the Donnelley Stock Fund. Prior to August 1, 2002, participants were not allowed to transfer any of the employer match out of the Donnelley Stock Fund. Effective August 1, 2002, the employer match may be transferred to other funds of the Plan. Also, effective August 1, 2002, participants who are age 50 and older may make catch-up contributions to the Plan.

Contributions are funded by payroll deductions and must be made in whole percentages of employee earnings. Earnings of the Plan, as well as pretax contributions to the Plan, are not taxable to the participants until withdrawn.

**Administration**

The Plan's administrative and record keeping services are provided by AMVESCAP Retirement, Inc. in accordance with the terms of the Plan. The Trustee of the Donnelley Deferred Compensation and Voluntary Savings Plan Trust is AMVESCAP National Trust Company. The custodian is State Street Bank and Trust Company (State Street). Investment management fees and recordkeeping fees are paid either by the Plan or the Company.

**Membership**

As of March 1, 1994, employees became eligible to participate in the Plan on the first day of employment with the Company.

**Vesting**

Participants are 100% vested with respect to all contributions and earnings of the Plan.

**NOTE 1 PLAN DESCRIPTION (continued)**

**Participant Loans**

The Plan was amended effective January 1, 1992 to establish a loan program. Members are permitted to borrow the lesser of 50% of their Deferred Compensation Savings and rollover account balance or \$50,000, reduced by the highest outstanding loan balance in the last 12 months. The minimum loan amount is \$1,000. The loans are secured by the balance in the participants' accounts and bear interest at a rate equal to 1% over the prime rate, as published in the Wall Street Journal. The interest rate for the loans during 2003 ranged from a low of 5.00% to a high of 5.25%. Repayment is made through payroll deductions for a maximum period of four years. Effective September 1, 1997, an administrative fee of \$25 is paid by the participant to AMVESCAP for each participant loan.

**NOTE 2 -SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The financial statements of the Plan are prepared under the accrual method of accounting.

**Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value. Stocks, notes and bonds are valued at their quoted market prices. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Participant loans are valued at cost, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The realized and unrealized gains or losses on investments are determined based on revalued cost. Revalued cost is the fair value of investments at the beginning of the year or the average cost of investments if purchased in the current year.

#### **Payment of Benefits**

Benefits are recorded when paid.

**NOTE 4 INVESTMENT CONTRACTS**

The Plan has entered into several benefit-responsive investment contracts with various insurance companies and other financial institutions. The contract providers maintain the contributions in a general account. Some investment contracts are purchased in conjunction with the investment by the Plan in fixed-income securities. Investment contracts provide for the payment of a specified rate of interest. The account is credited with earnings at the specified rate and charged for participant withdrawals and administrative expenses. The contracts are included in the financial statements at contract value, as reported to the Plan by the contract providers. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The weighted average yield and crediting interest rates for all such contracts were approximately 4.87% and 5.16% for 2003 and 2002, respectively. The crediting interest rate generally cannot be less than the contract rate.

**NOTE 5 TAX STATUS OF THE PLAN**

The Plan obtained its latest determination letter on November 22, 2002, in which the Internal Revenue Service stated that the Plan, as then designed, was in accordance with applicable requirements of the Code. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

**NOTE 6 DERIVATIVE FINANCIAL INSTRUMENTS**

The Plan has limited transactions that fall under the accounting rules of SFAS No. 133. The Plan does not use derivatives for trading purposes. The Plan owns shares in a commingled international equity fund, and the managers of this fund may, from time to time, use currency futures and forward contracts to manage the fund's currency position. The Plan also invests in commingled domestic equity funds. The managers of these funds have the authority to invest in futures contracts in the Standards & Poor's 500 stock index to create exposure to equity securities as part of the fund's cash management strategy. Daily margin settlement for future contracts results in maintaining a zero market value for the contracts. The plan also invests in a co-mingled bond fund, and the manager of the fund may, from time to time, use derivatives for asset allocation and hedging purposes.

**NOTE 7 PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

**NOTE 8 RELATED PARTY TRANSACTIONS**

AMVESCAP National Trust Company administers the Plan, State Street is the custodian, and the Company is the sponsor. Therefore, these transactions qualify as party-in-interest transactions. However, they are exempt from the prohibited transactions rules of ERISA.
