PROXY STATEMENT

Annual Meeting of Stockholders

This proxy statement is furnished in connection with the solicitation of proxies by BearingPoint, Inc. (the Company, we or us) on behalf its Board of Directors. The proxies are to be voted at the Annual Meeting of Stockholders to be held on August 3, 2004, and at any adjournment or postponement thereof (the Annual Meeting). This proxy statement and accompanying proxy card (proxy) are being mailed to stockholders on or about July 9, 2004.

Who Can Vote

Only stockholders of record on the close of business on June 7, 2004, the record date, may vote at the Annual Meeting. On the record date, we had 196,431,609 shares of common stock outstanding and entitled to vote at the Annual Meeting. For each share of common stock you hold on the record date, you will be entitled to one vote on the election of each director, on the ratification of the appointment of our independent registered public accountant and on any other matter properly brought before the Annual Meeting. There is no cumulative voting.

How You Can Vote

Before the Annual Meeting, you have three options for voting and submitting your proxy:

over the Internet,

by telephone, or

by completing, signing and returning the enclosed proxy card.

The laws of Delaware, under which we are incorporated, specifically permit electronically transmitted proxies, provided that each such proxy contains or is submitted with information from which the inspectors of election can determine that such proxy was authorized by the

Edgar Filing: BEARINGPOINT INC - Form DEF 14A

stockholder. The voting procedures available to registered stockholders for the Annual Meeting are designed to authenticate each stockholder by use of a Voter Control Number (located on the proxy card), to allow stockholders to vote their shares, and to confirm that their instructions have been properly recorded.

You may go to <http://www.eproxyvote.com/be> to vote on the Internet. You will be required to provide the Voter Control Number contained on your proxy card. After providing the correct Voter Control Number, you should follow the instructions provided.

You may use a touch-tone telephone to vote by calling 1-877-779-8683 (toll free) and following the recorded instructions.

If you hold your shares through an account with a bank or a broker, your ability to vote over the Internet or by telephone depends on the voting procedures of the bank or broker. Please follow the directions that your bank or broker provides.

You may vote your shares at the Annual Meeting if you attend in person. Even if you plan to attend the Annual Meeting, we encourage you to vote your shares by proxy.

How Proxies Will Be Voted

Each properly executed proxy will be voted in accordance with the instructions on the proxy. In the absence of specific instructions, a proxy will be voted **FOR**:

the election of the nominees for director who are named in this proxy statement, and

the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accountants for the six months ended December 31, 2003.

We know of no other matters to be presented at the Annual Meeting. If any other matter is properly brought before the Annual Meeting, including, but not limited to, the election of one or more persons to fill any vacancy that exists on the Board of Directors at the time of the Annual Meeting, the proxy holders intend to vote on such matters in accordance with their judgment as to the best interests of the Company and its stockholders with respect to such matters.

Quorum and Required Vote

In order for us to conduct our Annual Meeting, a majority of our outstanding shares of common stock as of the record date must be present in person or by proxy at the Annual Meeting. This is referred to as a quorum. Your shares are counted as present at the Annual Meeting if you attend the Annual Meeting and vote in person or if you properly return a proxy by Internet, telephone or mail. Abstentions and broker non-votes will be counted as present for purposes of establishing a quorum at the Annual Meeting. Generally, a broker non-vote occurs on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner of the shares, and instructions are not given.

Nominees for director will be elected by a plurality of the votes cast. The affirmative vote of a majority of the votes cast by the stockholders present in person or by proxy at the Annual Meeting is required for the ratification of the appointment of PricewaterhouseCoopers LLP. Abstentions and broker non-votes will have no effect on the outcome of these votes.

How to Revoke Your Proxy

Any proxy given pursuant to this solicitation may be revoked by the stockholder at any time prior to exercise of the proxy. Such right of revocation is not limited or subject to compliance with any formal procedure.

You can revoke your proxy at any time prior to the Annual Meeting by:

signing another proxy card with a later date and returning it to us prior to the meeting,

Edgar Filing: BEARINGPOINT INC - Form DEF 14A

voting again by telephone or over the Internet prior to 11:59 p.m., Eastern Time, on Monday, August 2, 2004, or

by attending the Annual Meeting in person, if you are the stockholder of record, and casting a ballot.

Soliciting Proxies and Expenses

The solicitation of proxies generally will be by mail and by our directors, officers and regular employees. In some instances, solicitation may be made by telephone, facsimile or other means. All costs incurred in connection with the solicitation of proxies will be borne by us. Arrangements may be made with brokers and other custodians, nominees and fiduciaries to send proxies and proxy material to their principals, and we may reimburse them for reasonable out-of-pocket and clerical expenses. We have retained Georgeson Shareholder Communications, Inc. to assist in the solicitation of proxies from stockholders for a fee of approximately \$7,500 plus a charge for contacting specific stockholders and reasonable out-of-pocket expenses and disbursements.

For the twelve-month period ended June 30, 2003, during their respective terms as directors, each director of the Company attended 75% or more of the aggregate of all Board meetings and meetings of Committees of which he or she was a member.

Director Attendance at Annual Stockholder Meetings

We typically schedule a Board meeting in conjunction with our annual meeting of stockholders and expect that our directors will attend our annual meeting of stockholders, absent a valid reason. All directors who were serving at the time attended our 2003 annual meeting of stockholders.

Director's Fees

Under current policy, an annual fee of \$40,000 is paid to the directors who are not employed by us on a full-time or other basis. Directors also are paid a fee of \$2,000 for attendance in person at any meeting of the Board or a committee of the Board and \$1,000 for attendance via telephone. Members of the Audit Committee are paid \$2,000 for attendance at Audit Committee meetings whether attended in person or via telephone.

Under our Amended and Restated 2000 Long-Term Incentive Plan, non-employee directors receive stock option grants of 15,000 shares of common stock upon their initial election, and the Chair of the Audit Committee receives an additional 5,000-share stock option grant upon his or

her initial appointment to this position. Each director also receives an additional grant of 8,000 shares of restricted Common Stock immediately following each Annual Meeting.

CORPORATE GOVERNANCE

The Board has adopted the BearingPoint, Inc. Corporate Governance Guidelines, and the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee have each recommended to the entire Board that their respective charters be adopted, and the Board has adopted them. Code of Business Conduct and Ethics

We are committed to high standards of integrity and ethical conduct and have adopted a Code of Business Conduct and Ethics. The Code of Business Conduct and Ethics provides guidance for conducting our business in a legal, ethical and responsible manner. The Code of Business Conduct and Ethics applies to our directors, officers and employees and constitutes the Code of Ethics for our Chief Executive Officer and senior financial officers in accordance with SEC requirements.

You may view our Code of Business Conduct and Ethics on our corporate website at www.bearingpoint.com in the Corporate Governance section of the Investors webpage. We intend to satisfy the disclosure requirement regarding any amendments to, or waivers from, the Code of Business Conduct and Ethics as it relates to our Chief Executive Officer and senior financial officers by posting such amendment or waiver on our website.

Director Independence

Under the Corporate Governance Guidelines, the Board must have a majority of independent directors who meet the applicable criteria for independence required by the NYSE. All members of the Board of Directors, other than Mr. Blazer, are independent as defined under Section 303A of the NYSE Listed Company Manual.

Executive Sessions of the Board

The non-management directors meet in executive sessions at least four times a year, generally at the conclusion of each regular Board meeting. If any of the non-management directors are not independent, as required by the NYSE listing standards, then at least one annual meeting of only independent directors will take place. Currently, all non-management directors are independent. The non-management directors have designated Mr. McGeary as a Presiding Director. Mr. McGeary generally presides as chair at the executive sessions.

Nomination for Director

The Nominating and Corporate Governance Committee is responsible for identifying, screening and recommending candidates to the entire Board for Board membership. The committee considers all qualified

Table of Contents

candidates identified by members of the committee, by other members of the Board, by senior management and by stockholders. The committee follows the same process and uses the same criteria for evaluating all candidates.

When evaluating a candidate, the committee reviews the candidate's experience, skills and personal qualities. In particular, the committee will consider whether candidates for director possess the following attributes:

the highest standards of moral and ethical character and personal integrity;

aptitude or experience to understand fully the legal responsibilities of a director and the governance processes of a public company;

personal qualities to be able to make a substantial, active contribution to Board deliberations;

substantial business experience relevant to the Company's business;

demonstrated leadership ability, with broad experience, diverse perspectives, and ability to exercise sound business judgment;

qualification to serve on specialized Board committees, such as the Audit Committee or Compensation Committee; and

willingness and ability to commit sufficient time to fulfill the responsibilities of a member of the Board.

In addition to the above considerations, the committee will consider the current composition of the Board; the attributes and qualifications of the current members of the Board; additional attributes and qualifications that should be represented on the Board; and whether the candidate could provide those additional attributes and qualifications, such as diversity of experience and background and financial, business, academic, public or other expertise on the board and its committees. In addition, the committee will take into account the nature of and time involved in a director's service on other boards in evaluating a candidate.

The committee will not recommend any candidate unless that candidate has indicated a willingness to serve as a director and has agreed to comply, if elected, with the requirements of Board service.

Stockholders who wish to recommend director nominees to the Board or nominate a person for election as a director at our annual meeting of stockholders must follow the procedures set forth in *Stockholder Proposals for 2005 Annual Meeting* *Stockholders Submitting Director Recommendations and Nominations*.

Any director may review the log at any time, and request copies of any communication received.

**COMPENSATION COMMITTEE REPORT ON
EXECUTIVE OFFICER COMPENSATION**

The Compensation Committee of the Board of Directors (the "Committee") is pleased to present its report on executive compensation for the six-month period ended December 31, 2003. At December 31, 2003, the Committee was composed of three independent directors of the Company, Messrs. McGeary (Chair), Allred and Mohebbi. Effective May 2004, the Committee consists of Messrs. Mohebbi (Chair) and Allred and Ms. Bernard. The Committee's responsibilities include reviewing and approving the compensation of the Company's executive officers.

OVERALL COMPENSATION PHILOSOPHY AND OBJECTIVES

The Company has an overall compensation program and specific compensation plans that are designed to enhance corporate performance and stockholder value by aligning the financial interests of its executives with those of its stockholders. This linkage is established by tying a significant portion of executive compensation to the Company's financial performance. In pursuit of these objectives, the Company's compensation program is designed to attract to the Company and retain the best possible executive talent; to motivate these executives to achieve a level of financial performance that will result in long-term positive returns for the Company's stockholders; to reinforce and link executive and stockholder interests through equity-based plans; and to recognize individual performance.

The Committee has primary responsibility for evaluating the Company's compensation program and specific compensation plans and establishing policies that meet the objectives described above. The Committee determines the compensation of the Chief Executive Officer and the other executive officers of the Company. The Committee considers the performance of the Company in its industry, an individual's current contribution to the Company's performance, and an individual's expected contribution to the Company's future performance. In reviewing the individual performance of the Company's executive officers (other than the Chief Executive Officer), the Committee considers the views of the Chief Executive Officer to whom these officers are responsible.

PRINCIPAL COMPONENTS OF EXECUTIVE COMPENSATION

The principal elements of the Company's executive compensation program consist of both annual and long-term programs and include base salary, annual incentive cash bonuses and, at appropriate intervals, long-term incentive compensation in the form of stock option grants and other stock-based awards. The Company also provides retirement, medical and other fringe benefits generally available to Company employees.

Base Salaries

Base salaries for executive officers are determined by evaluating the responsibilities of the position held and the experience and performance of the individual, and comparing such salaries to the competitive marketplace for executive talent, with special emphasis on the Company's primary competitors in the information technology consulting industry. Salary adjustments, if any, are determined by the Committee, upon recommendation from the Chief Executive Officer, by evaluating the performance of the Company and its executive officers, taking into account any additional or new responsibilities assumed by individual executive officers in connection with promotions or organizational changes.

Annual Incentive Bonus

The Company's executive officers and other key persons are eligible for an annual cash bonus. As indicated above, the cash bonus awards of the executive officers are based upon the Company's annual financial performance (with special emphasis on meeting earnings per share goals), the financial or other performance of the industry group or function for which the individual is responsible and the specific performance of the individual. As a result, cash bonus awards may vary significantly from year to year. No cash bonuses were awarded with respect to the six-month period ending December 31, 2003.

Table of Contents

Long-Term Incentive Plan

The purpose of the Company's 2000 Long-Term Incentive Plan (the "LTIP") is to provide a meaningful equity interest in the Company to senior Company executives and other key employees in a format that is designed to motivate these executives and key employees and align their financial interests with those of stockholders. With respect to the executive officers, awards are especially intended to motivate the officers to achieve Company performance that will result in positive long-term returns for the Company's stockholders, which will also produce financial gains for the officers. The awards are also intended to promote retention of the key officers who are especially important to the Company's success. Stock awards, and especially option awards, are particularly important for providing long-term incentives and rewards.

Stock Options

Stock options are granted by the Committee under the U.S. and International Stock Option Model that was approved by the Committee in February 2000 and modified in August 2000 and April 2003. Stock options are granted with an exercise price equal to the current market price of the Common Stock and typically are subject to vesting over a period of years. Stock options thus are designed to align the interests of executives with those of Company stockholders, since no benefit inures to the employee unless the stock price increases.

Restricted Stock Awards

The Committee is authorized to grant restricted stock awards upon such terms and conditions as it may approve. The awards may be subject to restrictions that lapse over time and that may cause forfeiture of the applicable shares if the executive voluntarily leaves the employ of the Company or is discharged.

Other Awards

The Committee also is authorized to grant bonus stock awards (which are vested upon grant), performance share awards and stock appreciation rights.

CHIEF EXECUTIVE OFFICER COMPENSATION

For the six month period ended December 31, 2003, the compensation of Mr. Blazer was determined by the Committee. Mr. Blazer received an annual salary of \$1,000,000, which was the same salary as in fiscal years 2001, 2002 and 2003. In addition, the Committee determined that based on the Company's financial performance in fiscal year 2003 (especially as measured by earnings per share), no cash bonus would be paid.

In August 2003, the Committee also made long-term incentive awards to Mr. Blazer. These awards are intended to encourage long-term performance and to align the executive's interests with those of the Company's stockholders because the value of the awards is realized only over

Edgar Filing: BEARINGPOINT INC - Form DEF 14A

a number of years. Specifically, Mr. Blazer received stock options for 450,000 shares, which vest ratably over three years. To realize the full value of the long-term incentive awards, Mr. Blazer thus must continue to contribute to the Company's performance for three years.

DEDUCTIBILITY OF CERTAIN EXECUTIVE COMPENSATION EXPENSE UNDER FEDERAL TAX LAWS

The Committee has considered the effect of Section 162(m) of the Internal Revenue Code of 1986 (the "Code") that, in certain circumstances, disallows tax deductions for the excess over \$1 million a year of the compensation that is paid to each of a public corporation's Chief Executive Officer and its four other most highly compensated officers. A transition rule in the regulations promulgated under Code Section 162(m) temporarily relieves certain newly public corporations such as the Company from this tax deduction limitation until after the close of the third calendar year following the end of the calendar year in which the corporation became a public corporation. Because this transition rule is still applicable to the Company, the Company is not now subject to the

Table of Contents

tax deduction limitations of Code Section 162(m). In addition, the Company expects that its compensation plans will not be subject to the tax deduction limitations of Code Section 162(m) after this transition rule is no longer applicable to the Company.

(1) Effective May 2004, Mr. McGeary ceased to serve on the Compensation Committee and Ms. Bernard joined the Compensation Committee.

EXECUTIVE COMPENSATION

The following table sets forth information concerning the annual, long-term and other compensation for services in all capacities to us for the six months ended December 31, 2003 and the fiscal years ended June 30, 2001, 2002 and 2003 of those persons who were the Chief Executive Officer and our four other most highly compensated executive officers for the twelve months ended December 31, 2003. The amounts reported below under the columns captioned Salary and Bonus are payable under and in accordance with our annual compensation plan and are intended to reward the executive for current performance relating to the relevant fiscal period. The amounts reported under the column captioned

Long-Term Compensation are payable under and in accordance with our 2000 Long-Term Incentive Plan and are intended to incentivize the executive's future performance and to align the executive's interests with those of our stockholders, since the long-term awards consist of stock options and restricted stock awards, and the executive only realizes the value of the long-term compensation over a number of years.

- (1) The information provided is for the six-month period ended December 31, 2003. For example, the salary information is for six months rather than 12 months.
- (2) The information provided is for the twelve-month period ended June 30, 2003.
- (3) In July 2001, the Compensation Committee made long-term incentive awards to the executive officers. The long-term incentive awards consisted of stock options and restricted stock. Since the purpose of the awards is to incentivize long-term performance and align the executive's interests with those of our stockholders, the awards vest over a number of years, and the executive receives the full value of the awards only by continuing to contribute to the Company's performance. The restricted shares were granted under our 2000 Long-Term Incentive Plan, and the restrictions lapsed as to one-third of the shares on June 30 in each of the years 2002 through 2004.
- (4) Mr. Blazer received 140,000 restricted shares of the Company's Common Stock, which had a value of \$13.30 per share on July 24, 2001, the date of grant. Due to the vesting schedule set forth in note (3) above, Mr. Blazer will receive the full value of the restricted shares over a three-year period, and the value he receives will depend on the Company's stock price over time. As of December 31, 2003, Mr. Blazer had aggregate restricted shareholdings of 46,668 shares of the Company's Common Stock having a value of \$470,880 based on the \$10.09 closing price of the Company's Common Stock on December 31, 2003.
- (5) In July 2001, Mr. Schwartz received 70,000 restricted shares, Mr. Donahue received 35,000 restricted shares, Mr. Black received 15,000 restricted shares, and Mr. Peck received 7,500 restricted shares. The terms of the restricted share awards are set forth in note (3) above.
- (6) As of December 31, 2003, Mr. Schwartz had aggregate restricted shareholdings of 23,334 shares of the Company's Common Stock having a value of \$235,440, Mr. Donahue had 11,668 restricted shares having a value of \$117,730, Mr. Black had 5,000 restricted shares having a value of \$50,450, and Mr. Peck had 2,500 restricted shares having a value of \$25,225. These share values are based on the closing price of the Company's Common Stock on December 31, 2003 of \$10.09 per share.
- (7) Constitutes matching contributions under our 401(k) Savings Plan.

Table of Contents**OPTIONS AND STOCK APPRECIATION RIGHTS**

The following table sets forth each grant of stock options during the six months ended December 31, 2003 to each of the named executive officers. The options listed in the table have a term of 10 years and vest as described in the notes to the table.

Option Grants During the Six Months Ended December 31, 2003

- (1) The options for Messrs. Blazer, Schwartz, Donahue, Black and Peck that expire on August 28, 2013 become exercisable to the extent of one-third of the grant on August 28 in each of the years 2004-2006.
- (2) The values for the grants are based on the Black-Scholes option pricing model. With respect to the options that expire on August 28, 2013, an interest rate of 3.67% based on a 5-year Treasury note rate, stock price volatility of 70.54%, no dividend yield and option exercises occurring after 6 years are assumed. Based on these assumptions, the model produces a per option share value of \$5.3574.

The following table summarizes information relating to stock option exercises during the six-month period ended December 31, 2003 and the number and value of unexercised stock options previously granted to the executive officers named in the Summary Compensation Table.

**EMPLOYMENT CONTRACTS, TERMINATION OF
EMPLOYMENT AND CHANGE OF CONTROL ARRANGEMENTS
AND DEFERRED COMPENSATION PLAN**

Special Termination Agreements

Effective November 7, 2001, the Company entered into special termination agreements (the *Agreements*) with each of its executive officers, including our named executive officers. The purpose of the *Agreements* is to ensure that these executives are properly protected in the event of a Change of Control of the Company (as defined in the *Agreements*), thereby enhancing our ability to hire and retain key personnel. The Board approved the *Agreements* as being in the best interests of the Company. The term of the *Agreements* is two years (subject to potential one-year extensions) or, if later, two years after a Change of Control. The protective provisions of the *Agreements* become operative only upon a Change of Control or, in certain circumstances, in anticipation of a Change of Control.

If, after a Change of Control and during the term of the *Agreement*, we terminate the executive's employment other than for Cause (as defined in the *Agreements*) or if the executive terminates his employment for specified reasons (including if his responsibilities have been materially reduced or adversely modified or his compensation has been reduced), the executive is entitled to certain benefits. These benefits generally include the payment of three years' compensation (based on salary plus bonus as specified in the *Agreements*), continued coverage under our welfare benefit plans (e.g., medical, life insurance and disability insurance) for two years at no cost, and outplacement counseling. In addition, the executive will receive a gross-up payment to cover any federal excise taxes resulting from such payments. If, prior to or following a Change of Control, the executive voluntarily terminates his employment, dies or becomes permanently disabled or we terminate his employment for Cause, the executive is entitled to no special payments or benefits.

Change of Control Provisions

With respect to all named executive officers, in addition to the provisions in the *Agreements* referred to above, all stock option grants under our 2000 Long-Term Incentive Plan provide that any non-vested portion of a stock option grant will vest in the event of certain changes of control of the Company specified in the plan. If such an event were to occur with respect to a named executive officer, all stock options not yet exercisable, including those set forth above in the table captioned *Aggregated Option Exercises During the Six Months Ended December 31, 2003 and Period End Option Values*, would vest.

Managing Director Agreements

We also provide severance benefits for terminations by us for our managing directors, including our named executive officers. Severance benefits are not provided for discharge for cause. Severance pay generally is equal to six months' salary.

Deferred Compensation Plan

Our deferred compensation plan became effective on September 1, 2001 and was amended and restated on August 1, 2003. The plan is designed to permit a select group of management and highly compensated employees, including our named executive officers, who contribute materially to our continued growth, development and future business success to accumulate additional income for retirement and other personal financial goals through a plan that enables the participants to make elective deferrals of compensation to which they will become entitled in the future. Our deferred compensation plan is nonqualified and unfunded, and participants are unsecured general creditors of the Company as to their accounts.

Plan participants execute an election form to make a pre-tax deferral of a portion of their annual base salary and bonuses, subject to maximum and minimum percentage limitations. Currently, participants may defer a minimum of 10% of their pre-tax commissions and bonuses in a calendar year. Participants may defer a maximum of 50% of annual base salary and 100% of commissions and bonuses.

Table of Contents

The deferred compensation plan allows us, in the discretion of the administrative committee, to make matching contributions with respect to participants. We currently do not match amounts participants elect to defer under our deferred compensation plan.

Generally, benefits to a participant will be distributed in a lump sum or in equal annual installments over a period of not less than two years and not more than fifteen years in accordance with the election made by the participant. If the deferred compensation plan is terminated due to a change in control, benefits will be paid in a lump sum within five business days of the change in control.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under U.S. securities laws, directors and executive officers, as well as persons who beneficially own more than ten percent of our outstanding stock, must report their initial ownership of the common stock and any changes in that ownership to the Securities and Exchange Commission. The Securities and Exchange Commission has designated specific due dates for these reports, and the Company must identify in this Proxy Statement those persons who did not file these reports when due. Based on facts known to us and copies of Forms 3, 4 or 5, we believe that all of its directors and executive officers complied with their applicable filing requirements for the six months ending December 31, 2003.

INDEBTEDNESS OF EXECUTIVE OFFICERS

In fiscal year 2002, certain key executives of the Company, including Messrs. Blazer, Schwartz, Donahue and Black, received restricted shares of Common Stock pursuant to our 2000 Long-Term Incentive Plan. In connection with such stock awards, the recipients incurred immediate taxable income equal to the fair market value of the restricted stock at the time the restricted stock awards were granted to them (the

Compensation Income), but the shares could not be sold due to the restrictions. At the time of the grants, it was common for companies to provide loans to assist the recipients of stock awards in paying the tax obligations associated with such awards. As a result, the Board approved full-recourse loans to such executive officers in amounts equal to the estimated tax liabilities associated with the Compensation Income. Since then, the Company has made no additional loans to its executive officers and, as a result of changes in the law subsequent to the stock awards, currently makes no such loans. The following table lists those executive officers who received loans in connection with the restricted stock awards and whose maximum indebtedness to the Company at any time from July 1, 2003 through June 25, 2004 exceeded \$60,000:

Name of Individual	Relationship with the Company	Maximum Principal Amount of Loans Outstanding from 7/01/03 through 6/25/04(1)	Principal Amount of Loans Outstanding on 6/25/2004

- (1) Interest accrues on the principal amount of the outstanding loans and is payable annually. The interest rate on the loans is 4.5% per year.
