**Item 2.02 Results of Operations and Financial Condition.**

The Third Quarter 2004 Press Release attached hereto as Exhibit 99.1, and the Question and Answer document attached hereto as Exhibit 99.2, which are incorporated in this Item 2.02 by reference, were posted on the Schlumberger internet web site ([www.slb.com/ir](http://www.slb.com/ir)) on October 22, 2004.

In addition to financial results determined in accordance with generally accepted accounting principles (GAAP) that are included in the attached Third Quarter 2004 Press Release and Question and Answer document, these documents also include the following non-GAAP financial measures (as defined under the SEC's Regulation G):

- ***Net debt:*** Net debt is gross debt less cash, short-term investments and fixed income investments held to maturity. Management believes that net debt provides useful information regarding the level of the Company's indebtedness by reflecting cash and investments that could be used to repay debt, and that the level of net debt provides useful information as to the results of the Company's deleveraging efforts.
- ***Income from continuing operations before credits and charges, diluted earnings per share before charges and credits and effective tax rate before credits and charges:***

The following is a reconciliation of:

- *Income from continuing operations* per the *Consolidated Statement of Income* to Income from continuing operations before charges and credits.
- Diluted earnings per share before charges and credits.
- Effective tax rate before charges and credits.
