**EXPLANATORY NOTE**

This Amendment No. 1 on Form 10-Q/A is being filed for the purpose of amending Items 1 and 4 of Part I of the Quarterly Report on Form 10-Q for the quarter ended June 30, 2005 of Prudential Financial, Inc. ( Prudential Financial ) to reflect the restatement of Prudential Financial's Unaudited Interim Consolidated Statements of Cash Flows for the six months ended June 30, 2005 and 2004, as described in Footnote 1 to the Unaudited Interim Consolidated Financial Statements included in this Form 10-Q/A. All other Items of the original filing on Form 10-Q made on August 4, 2005 are unaffected by the changes to the Unaudited Interim Consolidated Statements of Cash Flows and such Items have not been included in this Amendment. Information in this Form 10-Q/A is generally stated as of June 30, 2005 and does not reflect any subsequent information or events other than the restatement of the Unaudited Interim Consolidated Statements of Cash Flows. More current information with respect to Prudential Financial is contained within its Quarterly Report on Form 10-Q for the quarter ended September 30, 2005, and other filings with the Securities and Exchange Commission.

**Table of Contents**

Throughout this Quarterly Report on Form 10-Q/A, *Prudential Financial* and the *Registrant* refer to Prudential Financial, Inc., the ultimate holding company for all of our companies. *Prudential Insurance* refers to The Prudential Insurance Company of America, before and after its demutualization on December 18, 2001. *Prudential, the Company, we and our* refer to our consolidated operations before and after demutualization.

**PRUDENTIAL FINANCIAL, INC.**

**Notes to Unaudited Interim Consolidated Financial Statements**

**1. BUSINESS AND BASIS OF PRESENTATION**

Prudential Financial, Inc. ( Prudential Financial ) and its subsidiaries (collectively, Prudential or the Company ) provide a wide range of insurance, investment management, and other financial products and services to both retail and institutional customers throughout the United States and in many other countries. Principal products and services provided include life insurance, annuities, mutual funds, pension and retirement related investments and administration, and asset management. In addition, the Company provides securities brokerage services indirectly through a minority ownership in a joint venture. The Company has organized its principal operations into the Financial Services Businesses and the Closed Block Business. The Financial Services Businesses operate through three operating divisions: Insurance, Investment, and International Insurance and Investments. Businesses that are not sufficiently material to warrant separate disclosure and businesses to be divested are included in Corporate and Other operations within the Financial Services Businesses. The Closed Block Business, which includes the Closed Block (see Note 4), is managed separately from the Financial Services Businesses. The Closed Block Business was established on the date of demutualization and includes the Company's in force participating insurance and annuity products and assets that are used for the payment of benefits and policyholder dividends on these products, as well as other assets and equity that support these products and related liabilities. In connection with the demutualization, the Company has ceased offering these participating products.

*Restatement of Unaudited Interim Consolidated Statements of Cash Flows*

The Unaudited Interim Consolidated Statements of Cash Flows for the six months ended June 30, 2005 and 2004 have been restated to reflect the following:

1. Changes in the net receivable/payable from unsettled investment purchases and sales, previously classified within adjustments to reconcile net income to cash provided by operating activities, have been reclassified to cash flows from investing activities, to the extent such balances pertained to investments classified as either available for sale or held to maturity.
2. The deconsolidation of a previously consolidated subsidiary is now reported as having no impact to cash flows from operating activities or cash flows from (used in) financing activities in the six months ended June 30, 2004. Previously, the deconsolidation was reflected in the Unaudited Interim Consolidated Statements of Cash Flows for the six months ended June 30, 2004 as adjustment to cash flows of operating activities and cash flows of financing activities.
3. The net change in the policy loans receivable, previously reported in cash flows from operating activities, is now reported as a component of cash flows of investing activities.

Edgar Filing: PRUDENTIAL FINANCIAL INC - Form 10-Q/A

4. Changes in the presentation of bank overdrafts, certain commercial loans, proprietary investments, certain variable product investments, and various other items.

**Table of Contents****PRUDENTIAL FINANCIAL, INC.****Notes to Unaudited Interim Consolidated Financial Statements (Continued)**

As a result of the restatements, previously reported cash flows from operating activities, cash flows used in investing activities and cash flows from (used in) financing activities were increased or reduced for the six months ended June 30, 2005 and 2004 as follows:

	<u>Six Months Ended June 30,</u>	
	<u>2005</u>	<u>2004</u>
<b>Cash flows from operating activities:</b>		
As originally reported	\$ 1,935	\$ 4,542
Impact of restatements	632	(1,656)
	<u>          </u>	<u>          </u>
Revised for restatements	\$ 2,567	\$ 2,886
	<u>          </u>	<u>          </u>
<b>Cash flows used in investing activities:</b>		
As originally reported	\$ (5,052)	\$ (7,822)
Impact of restatements	(926)	84
	<u>          </u>	<u>          </u>
Revised for restatements	\$ (5,978)	\$ (7,738)
	<u>          </u>	<u>          </u>
<b>Cash flows from financing activities:</b>		
As originally reported	\$ 3,333	\$ 1,230
Impact of restatements	298	1,568
	<u>          </u>	<u>          </u>
Revised for restatements	\$ 3,631	\$ 2,798
	<u>          </u>	<u>          </u>

The restatements had no impact on the total change in cash and cash equivalents within the Unaudited Interim Consolidated Statements of Cash Flows or on the Unaudited Interim Consolidated Statements of Operations or Unaudited Interim Consolidated Statements of Financial Position.

***Basis of Presentation***

The Unaudited Interim Consolidated Financial Statements include the accounts of Prudential Financial, its majority-owned subsidiaries, as well as variable interest entities in which the Company is considered the primary beneficiary, and those partnerships and joint ventures in which the Company has a majority financial interest, except for those partnerships and joint ventures where the Company cannot exercise control because the minority owners have substantive participating rights in the operating and capital decisions of the entity. The Unaudited Interim Consolidated Financial Statements have been prepared in accordance with accounting principles generally accepted in the United States of America ( GAAP ) on a basis consistent with reporting interim financial information in accordance with instructions to Form 10-Q and Article 10 of Regulation S-X of the Securities and Exchange Commission ( SEC ). Intercompany balances and transactions have been eliminated.

In the opinion of management, all adjustments necessary for a fair statement of the financial position and results of operations have been made. All such adjustments are of a normal, recurring nature. Interim results are not necessarily indicative of the results that may be expected for the full year. These financial statements should be read in conjunction with the Company's audited Consolidated Financial Statements included in the Company's Annual Report on Form 10-K/A for the year ended December 31, 2004.

*Use of Estimates*

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, in particular deferred policy acquisition costs, valuation of business acquired, investments, future policy benefits, provision for income taxes, disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

**Table of Contents**

**PRUDENTIAL FINANCIAL, INC.**

**Notes to Unaudited Interim Consolidated Financial Statements (Continued)**

***Reclassifications***

Certain amounts in prior periods have been reclassified to conform to the current period presentation.

**2. ACCOUNTING POLICIES AND PRONOUNCEMENTS**

***SFAS 154***

In May 2005, the Financial Accounting Standards Board ( FASB ) issued Statement of Financial Accounting Standard ( SFAS ) No. 154, Accounting Changes and Error Corrections a replacement of APB Opinion No. 20 and FASB Statement No. 3. SFAS No. 154 requires the retrospective application of changes in accounting principles to prior periods financial statements. This Statement applies to all voluntary changes in accounting principles made after December 15, 2005, and for the limited instance when a new accounting pronouncement does not provide transition provisions.

***Adoption of SOP 03-1***

In July 2003, the Accounting Standards Executive Committee ( AcSEC ) of the American Institute of Certified Public Accountants ( AICPA ) issued Statement of Position ( SOP ) 03-1, Accounting and Reporting by Insurance Enterprises for Certain Nontraditional Long-Duration Contracts and for Separate Accounts. AcSEC issued this SOP to address the need for interpretive guidance in three areas: separate account presentation and valuation; the classification and valuation of certain long-duration contract liabilities; and the accounting recognition given sales inducements (bonus interest, bonus credits and persistency bonuses).

The Company adopted SOP 03-1 effective January 1, 2004. One element of this guidance addressed the accounting for liabilities related to insurance products that provide contractholders with a return based on a contractually referenced pool of investments. These products pass the economics related to the referenced pool of investments to the contractholder. Effective with the Company s adoption of SOP 03-1, the contractholder liabilities associated with these products are required to be adjusted for changes in the fair value of the related pool of investments.

The effect of adopting SOP 03-1 was a charge of \$79 million, net of \$44 million of taxes, which was reported as a Cumulative effect of accounting change, net of taxes in the results of operations for the six months ended June 30, 2004. This charge reflects the net impact of converting large group annuity contracts and certain individual market value adjusted annuity contracts from separate account accounting

## Edgar Filing: PRUDENTIAL FINANCIAL INC - Form 10-Q/A

treatment to general account accounting treatment, including carrying the related liabilities at accreted value, and the effect of establishing reserves for guaranteed minimum death benefit provisions of the Company's variable annuity and variable life contracts. The Company also recognized a cumulative effect of accounting change related to unrealized investment gains within Other comprehensive income, net of taxes of \$73 million, net of \$42 million of taxes, for the six months ended June 30, 2004. Upon adoption of SOP 03-1, \$3.3 billion in Separate account assets were reclassified resulting in a \$2.8 billion increase in Fixed maturities, available for sale, at fair value and a \$0.6 billion increase in Trading account assets supporting insurance liabilities, at fair value, as well as changes in other non-separate account assets. Similarly, upon adoption, \$3.3 billion in Separate account liabilities were reclassified resulting in increases in Policyholders' account balances and Future policy benefits, as well as changes in other non-separate account liabilities.

In June 2004, the FASB issued FASB Staff Position ( FSP ) No. 97-1, Situations in Which Paragraphs 17(b) and 20 of FASB Statement No. 97, Accounting and Reporting by Insurance Enterprises for Certain Long-Duration Contracts and for Realized Gains and Losses from the Sale of Investments, Permit or Require Accrual of an Unearned Revenue Liability. FSP 97-1 clarifies the accounting for unearned revenue liabilities of certain

**Table of Contents****PRUDENTIAL FINANCIAL, INC.****Notes to Unaudited Interim Consolidated Financial Statements (Continued)**

universal-life type contracts under SOP 03-1. The Company's adoption of FSP 97-1 on July 1, 2004, did not change the accounting for unearned revenue liabilities and, therefore, had no impact on the Company's consolidated financial position or results of operations. In September 2004, the AICPA SOP 03-1 Implementation Task Force issued a Technical Practice Aid ( TPA ) to clarify certain aspects of SOP 03-1. The TPA did not have a material impact on the Company's consolidated financial position or results of operations.

**Share-Based Compensation**

Effective January 1, 2003, the Company changed its accounting for employee stock options to adopt the fair value recognition provisions of SFAS No. 123, Accounting for Stock-Based Compensation, as amended, prospectively for all new stock options granted to employees on or after January 1, 2003. Prior to January 1, 2003, the Company accounted for employee stock options using the intrinsic value method of Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees, and related interpretations. Under this method, the Company did not recognize any stock-based compensation expense for employee stock options as all options granted had an exercise price equal to the market value of the underlying Common Stock on the date of grant. If the Company had accounted for all employee stock options granted prior to January 1, 2003 under the fair value based accounting method of SFAS No. 123 for the three and six months ended June 30, 2005 and 2004, net income and earnings per share would have been as follows:

In December 2004, the FASB issued SFAS No. 123(R), Share-Based Payment, which replaces FASB Statement No. 123, Accounting for Stock-Based Compensation. SFAS No. 123(R) requires all entities to apply the fair value based measurement method in accounting for share-based payment transactions with employees except for equity instruments held by employee share ownership plans. Under this method, compensation costs of awards to employees, such as stock options, are measured at fair value and expensed over the period during which an employee is required to provide service in exchange for the award (the vesting period). The Company had previously adopted the fair value recognition provisions of the original SFAS No. 123, prospectively for all new stock options issued to employees on or after January 1, 2003. As issued, SFAS No. 123(R) was effective for interim and annual periods beginning after June 15, 2005. However, in April 2005, the SEC deferred the effective date and as a result the Company will adopt SFAS No. 123(R) on January 1, 2006. By that date, there will be no unvested stock options issued prior to January 1, 2003.

The fair value of each option issued prior to January 1, 2003 for purposes of the pro forma information presented above was estimated on the date of grant using a Black-Scholes option-pricing model. For options issued on or after January 1, 2003, the fair value of each option was estimated on the date of grant using a binomial option-pricing model.

The Company accounts for non-employee stock options using the fair value method of SFAS No. 123 in accordance with Emerging Issue Task Force No. 96-18 Accounting for Equity Instruments That Are Issued to Other Than Employees and related interpretations in accounting for its non-employee stock options.

*Share-Based Compensation Awards with Non-Substantive Vesting Conditions*

The Company issues employee share-based compensation awards under an authorized plan that are subject to specific vesting conditions; generally the awards vest ratably over a three year period, the nominal vesting period, or at the date the employee retires (as defined by the plan), if earlier. For awards that specify an employee vests in the award upon retirement, we account for the awards using the nominal vesting period

**Table of Contents**

**PRUDENTIAL FINANCIAL, INC.**

**Notes to Unaudited Interim Consolidated Financial Statements (Continued)**

approach. Under this approach, the Company records compensation expense over the nominal vesting period. If the employee retires before the end of the nominal vesting period, any remaining unrecognized compensation expense is recorded at the date of retirement.

Upon the Company's adoption of SFAS No. 123(R), the Company will revise its approach to apply the non-substantive vesting period approach to all new share-based compensation awards. Under this approach, compensation cost will be recognized immediately for awards granted to retirement-eligible employees, or over the period from the grant date to the date retirement eligibility is achieved, if that is expected to occur during the nominal vesting period. The Company will continue to apply the nominal vesting period approach for any new awards granted prior to the Company's adoption of SFAS No. 123(R), and for the remaining portion of then unvested outstanding awards.

If the Company had accounted for all share-based compensation awards granted after January 1, 2003 under the non-substantive vesting period approach, net income of the Financial Services Businesses for the three months ended June 30, 2005 and 2004 would have been reduced by \$0 million and \$1 million, respectively, with no reportable impact to the earnings per share of Common Stock. For the six months ended June 30, 2005 and 2004, net income would have been reduced by \$3 million, or \$0.01 per share of Common Stock, on a basic and diluted basis, and \$10 million, or \$0.02 per share of Common Stock, on a basic and diluted basis, respectively.

**3. ACQUISITIONS AND DISPOSITIONS**

***Acquisition of Aoba Life Insurance Company, Ltd.***

On November 1, 2004, the Company acquired Aoba Life Insurance Company, Ltd. ( Aoba Life ) for \$191 million of total consideration from Tawa S.A., a subsidiary of Artemis S.A. Aoba Life is a Japanese life insurer with a run-off book of insurance and is not selling new policies. In recording the transaction, \$6.4 billion was allocated to assets acquired and \$6.2 billion to liabilities assumed. Pro forma information for this acquisition is omitted as the impact is not material.

***Acquisition of CIGNA Corporation's Retirement Business***

On April 1, 2004, the Company purchased the retirement business of CIGNA Corporation ( CIGNA ) for \$2.1 billion, including \$2.1 billion of cash consideration and \$20 million of transaction costs. The assets acquired and liabilities assumed and the results of operations have been included in the Company's consolidated financial statements as of that date. The acquisition of this business included the purchase by the Company of all the shares of CIGNA Life Insurance Company ( CIGNA Life ), which became an indirect wholly owned subsidiary of the Company. Prior to the acquisition, CIGNA Life entered into reinsurance arrangements with CIGNA to effect the transfer of the retirement business included in the transaction to CIGNA Life. Subsequent to its acquisition, the Company changed the name of CIGNA Life to Prudential Retirement Insurance and Annuity Company ( PRIAC ).

The reinsurance arrangements between PRIAC and CIGNA include coinsurance-with-assumption, modified-coinsurance-with-assumption, and modified-coinsurance-without-assumption.

The coinsurance-with-assumption arrangement applies to the acquired general account defined contribution and defined benefit plan contracts. Prior to the acquisition, CIGNA Life assumed from CIGNA all of the insurance liabilities associated with these contracts, totaling \$15.9 billion, and received from CIGNA the related investments. PRIAC has established a trust account for the benefit of CIGNA to secure its obligations to CIGNA under the coinsurance agreement. The Company is in the process of requesting the pension plan customers to agree to substitute PRIAC for CIGNA in their respective contracts, and expects this process to be substantially complete by the end of 2005.

**Table of Contents**

**PRUDENTIAL FINANCIAL, INC.**

**Notes to Unaudited Interim Consolidated Financial Statements (Continued)**

The modified-coinsurance-with-assumption arrangements apply to the majority of separate account contracts, and the general account defined benefit guaranteed-cost contracts acquired. Under the modified coinsurance arrangement associated with the separate account contracts, CIGNA retained the separate account and other assets as well as the related separate account and other liabilities until the agreed upon dates of asset transfer but, beginning on the date of acquisition, cedes all of the net profits or losses and related net cash flows associated with the contracts to PRIAC. At the date of acquisition, the statement of financial position for PRIAC included a reinsurance receivable of \$32.4 billion and reinsurance payable of \$32.4 billion established under these modified coinsurance arrangements and reflected in Reinsurance recoverables and Reinsurance payables, respectively. Through the first quarter of 2005, PRIAC has received from CIGNA the separate account assets and concurrently assumed the associated separate account liabilities, which are primarily included in Separate account assets and Separate account liabilities, respectively, in the Company's Unaudited Interim Consolidated Statement of Financial Position. The Company is in the process of requesting customers to agree to substitute PRIAC for CIGNA in their respective contracts.

The modified-coinsurance-with-assumption arrangement associated with the general account defined benefit guaranteed-cost contracts is similar to the arrangement associated with the separate account contracts; however, beginning two years after the acquisition, the Company may commute this modified coinsurance arrangement in exchange for cash consideration from CIGNA, at which time PRIAC would no longer have a related reinsurance liability or recoverable and the defined benefit guaranteed cost contracts would remain with CIGNA. If PRIAC does not commute the modified coinsurance arrangement, this arrangement will convert to a coinsurance-with-assumption arrangement. After the conversion, this coinsurance arrangement will be similar to the arrangement associated with the defined contribution and defined benefit pension plan contracts described above. At the date of acquisition, PRIAC established a reinsurance receivable of \$1.8 billion and a reinsurance payable of \$1.8 billion under the modified coinsurance arrangement, which are reflected in Reinsurance recoverables and Reinsurance payables, respectively. The net profits earned by PRIAC during the two-year period that the modified coinsurance arrangement is in effect are included in Commissions and other income.

The modified-coinsurance-without-assumption arrangement applies to the remaining separate account contracts acquired and is similar to the modified coinsurance arrangement associated with the separate account contracts described above; however, CIGNA will retain the separate account and other assets and the related liabilities while ceding the net profits or losses and the associated net cash flows to PRIAC for the remaining lives of the contracts. At the date of acquisition, PRIAC established a reinsurance receivable of \$1.0 billion and a reinsurance payable of \$1.0 billion for this modified coinsurance arrangement, which are reflected in Reinsurance recoverables and Reinsurance payables, respectively.

**Table of Contents****PRUDENTIAL FINANCIAL, INC.****Notes to Unaudited Interim Consolidated Financial Statements (Continued)**

The following table presents an allocation of the purchase price to assets acquired and liabilities assumed at April 1, 2004:

	<b>(in millions)</b>
Total invested assets at fair value(1)	\$ 17,103
Cash and cash equivalents	45
Accrued investment income	181
Valuation of business acquired ( VOBA )	421
Goodwill	580
Reinsurance recoverable(2)	35,184
Other assets	178
Separate account assets	25
	<hr/>
Total assets acquired	53,717
Future policy benefits assumed	(9)
Policyholders' account balances assumed	(15,865)
Reinsurance payable(2)	(35,184)
Other liabilities	(511)
Separate account liabilities	(25)
	<hr/>
Total liabilities assumed	(51,594)
	<hr/>
Net assets acquired	\$ 2,123
	<hr/>

- (1) Total invested assets include \$11.1 billion of Trading account assets supporting insurance liabilities, which is primarily comprised of fixed maturities.
- (2) The reinsurance recoverable and reinsurance payable amounts represent amounts receivable and payable under the modified coinsurance arrangements described above.

**VOBA**

Valuation of business acquired ( VOBA ), which is established in accordance with purchase accounting guidance, represents the present value of future profits embedded in the acquired contracts. VOBA is determined by estimating the net present value of future cash flows expected to result from contracts in force at the date of the transaction. Future positive cash flows include investment spreads, and fees and other charges assessed to the contracts for as long as they remain in force, while future negative cash flows include costs to administer the contracts and taxes. Contract balances, from which the cash flows arise, are projected using assumptions for add-on deposits, participant withdrawals, contract surrenders, and investment returns. VOBA is further explicitly adjusted to reflect the cost associated with the capital invested in the business. VOBA will be amortized over the expected life of the contracts (approximately 40 years) in proportion to estimated gross profits arising principally from fees in excess of actual expenses based upon historical and estimated future experience, which is updated periodically.

## Edgar Filing: PRUDENTIAL FINANCIAL INC - Form 10-Q/A

The following table provides estimated future amortization of VOBA relating to the acquired CIGNA retirement business from June 30, 2005 and thereafter.

	<b>(in millions)</b>
2005	\$ 10
2006	\$ 9
2007	\$ 5
2008	\$ 4
2009	\$ 3
2010 and thereafter	\$ 367

**Table of Contents****PRUDENTIAL FINANCIAL, INC.****Notes to Unaudited Interim Consolidated Financial Statements (Continued)***Goodwill*

Goodwill is the excess of the cost of an acquired entity over the net amounts assigned to assets acquired and liabilities assumed. Goodwill resulting from the acquisition of CIGNA's retirement business amounted to \$580 million, of which the Company currently estimates 100% to be deductible for tax purposes. In accordance with GAAP, goodwill will not be amortized but rather will be tested at least annually for impairment. The goodwill associated with this acquisition is reflected as \$461 million in the Retirement segment, and as \$119 million in the Asset Management segment.

The following supplemental information presents selected unaudited pro forma information for the Company assuming the acquisition had occurred as of January 1, 2004. This pro forma information does not purport to represent what the Company's actual results of operations would have been if the acquisition had occurred as of the date indicated or what such results would be for any future periods.

	<b>Six Months Ended</b>
	<b>June 30, 2004</b>

*Acquisition of Hyundai Investment and Securities Co., Ltd.*

## Edgar Filing: PRUDENTIAL FINANCIAL INC - Form 10-Q/A

On February 27, 2004, the Company acquired an 80% interest in Hyundai Investment and Securities Co., Ltd. and its subsidiary Hyundai Investment Trust Management Co., Ltd., a Korean asset management firm, from the Korean Deposit Insurance Corporation ( KDIC ), an agency of the Korean government, for \$301 million in cash, including \$210 million used to repay debt assumed. The Company may choose to acquire, or be required to acquire, from the KDIC the remaining 20% three to six years after closing. Subsequent to the acquisition, the Company was renamed Prudential Investment & Securities Co., Ltd. Pro forma information for this acquisition is omitted as the impact is not material.

The Company's Unaudited Interim Consolidated Statements of Operations include the operating results of Prudential Investment & Securities Co., Ltd. from the date of acquisition. In connection with the acquisition, Prudential Investment & Securities Co., Ltd. entered into an agreement with the Korean government related to the provision of asset management and brokerage services, which agreement extends until February 27, 2009.

**Table of Contents****PRUDENTIAL FINANCIAL, INC.****Notes to Unaudited Interim Consolidated Financial Statements (Continued)**

Fees due from the Korean government under the terms of this agreement are recorded in *Commissions and other income* and were \$6 million and \$12 million, respectively, for the three and six months ended June 30, 2005 and \$7 million for both the three and six months ended June 30, 2004.

In the second quarter of 2004, the Company completed its purchase accounting for the transaction, which resulted in a \$20 million extraordinary gain as the fair value of the assets acquired of \$2.4 billion less the fair value of liabilities assumed of \$2.3 billion exceeded the purchase price. There are no income taxes associated with the extraordinary gain based on the assumption that foreign investment and subsequent earnings are not to be repatriated to the U.S.

**Discontinued Operations**

Loss from discontinued operations, including charges upon disposition, are as follows:

	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2005	2004	2005	2004
	(in millions)			
Dryden Wealth Management	\$ (41)	\$ (6)	\$ (50)	\$ (7)
International securities operations	(8)	(6)	(12)	(29)
Healthcare operations		6	18	6
Consumer banking operations		(7)		1
Loss from discontinued operations before income taxes	(49)	(13)	(44)	(29)
Income tax expense (benefit)	(5)	(2)	1	(11)
Loss from discontinued operations, net of taxes	\$ (44)	\$ (11)	\$ (45)	\$ (18)

The Company's Unaudited Interim Consolidated Statements of Financial Position include total assets and total liabilities related to discontinued operations of \$573 million and \$499 million, respectively, as of June 30, 2005 and \$775 million and \$649 million, respectively, as of December 31, 2004. Charges recorded in connection with the disposals of operations include estimates that are subject to subsequent adjustment. It is possible that such adjustments might be material to future net income of a particular quarterly or annual period.

## Edgar Filing: PRUDENTIAL FINANCIAL INC - Form 10-Q/A

On June 30, 2005, the Company entered into a definitive agreement to sell its Dryden Wealth Management business ( Dryden ), which offers financial advisory, private banking and portfolio management services primarily to retail investors in Europe and Asia, to a subsidiary of Fortis N.V. for a purchase price approximately equal to book value, adjusted for certain pension liabilities to be retained by the Company and subject to adjustments based on client asset levels and other factors. The book value of Dryden as of June 30, 2005 was approximately \$80 million. Completion of the transaction, currently expected to occur during the fourth quarter of 2005, is subject to receipt of regulatory approvals and the satisfaction of other conditions to closing. As a result of the agreement to sell, results of Dryden, which commencing with the fourth quarter of 2004 had been included in the divested businesses of the Company's Corporate and Other operations, are now included in discontinued operations for all periods presented. Results for the three and six months ended June 30, 2005 include \$32 million and \$38 million, respectively, of transaction and transaction related costs. The Company currently estimates it will incur approximately \$10 million in additional transaction and transaction related costs during 2005 in connection with the sale.

#### **4. CLOSED BLOCK**

On the date of demutualization, Prudential Insurance established a Closed Block for certain individual life insurance policies and annuities issued by Prudential Insurance in the U.S. The recorded assets and liabilities

**Table of Contents**

**PRUDENTIAL FINANCIAL, INC.**

**Notes to Unaudited Interim Consolidated Financial Statements (Continued)**

were allocated to the Closed Block at their historical carrying amounts. The Closed Block forms the principal component of the Closed Block Business. The Company established a separate closed block for participating individual life insurance policies issued by the Canadian branch of Prudential Insurance. Due to the substantially smaller number of outstanding Canadian policies, this separate closed block is insignificant in size and is not included in the information presented below.

The policies included in the Closed Block are specified individual life insurance policies and individual annuity contracts that were in force on the effective date of the Plan of Reorganization and for which Prudential Insurance is currently paying or expects to pay experience-based policy dividends. Assets have been allocated to the Closed Block in an amount that has been determined to produce cash flows which, together with revenues from policies included in the Closed Block, are expected to be sufficient to support obligations and liabilities relating to these policies, including provision for payment of benefits, certain expenses, and taxes and to provide for continuation of the policyholder dividend scales in effect in 2000, assuming experience underlying such scales continues. To the extent that, over time, cash flows from the assets allocated to the Closed Block and claims and other experience related to the Closed Block are, in the aggregate, more or less favorable than what was assumed when the Closed Block was established, total dividends paid to Closed Block policyholders in the future may be greater than or less than the total dividends that would have been paid to these policyholders if the policyholder dividend scales in effect in 2000 had been continued. Any cash flows in excess of amounts assumed will be available for distribution over time to Closed Block policyholders and will not be available to stockholders. If the Closed Block has insufficient funds to make guaranteed policy benefit payments, such payments will be made from assets outside of the Closed Block. The Closed Block will continue in effect as long as any policy in the Closed Block remains in force unless, with the consent of the New Jersey insurance regulator, it is terminated earlier.

The excess of Closed Block Liabilities over Closed Block Assets at the date of the demutualization (adjusted to eliminate the impact of related amounts in Accumulated other comprehensive income (loss) ) represented the estimated maximum future earnings at that date from the Closed Block expected to result from operations attributed to the Closed Block after income taxes. In establishing the Closed Block, the Company developed an actuarial calculation of the timing of such maximum future earnings. If actual cumulative earnings of the Closed Block from inception through the end of any given period are greater than the expected cumulative earnings, only the expected earnings will be recognized in income. Any excess of actual cumulative earnings over expected cumulative earnings will represent undistributed accumulated earnings attributable to policyholders, which are recorded as a policyholder dividend obligation. The policyholder dividend obligation represents amounts to be paid to Closed Block policyholders as an additional policyholder dividend unless otherwise offset by future Closed Block performance that is less favorable than originally expected. If the actual cumulative earnings of the Closed Block from its inception through the end of any given period are less than the expected cumulative earnings of the Closed Block, the Company will recognize only the actual earnings in income. However, the Company may reduce policyholder dividend scales in the future, which would be intended to increase future actual earnings until the actual cumulative earnings equaled the expected cumulative earnings. As of June 30, 2005, the Company has recognized a policyholder dividend obligation of \$35 million to Closed Block policyholders for the excess of actual cumulative earnings over the expected cumulative earnings, to be paid to Closed Block policyholders unless otherwise offset by future experience. Additionally, net unrealized investment gains that have arisen subsequent to the establishment of the Closed Block have been reflected as a policyholder dividend obligation of \$3.529 billion as of June 30, 2005, to be paid to Closed Block policyholders unless otherwise offset by future experience, with an offsetting amount reported in Accumulated other comprehensive income (loss).

**Table of Contents****PRUDENTIAL FINANCIAL, INC.****Notes to Unaudited Interim Consolidated Financial Statements (Continued)**

Closed Block Liabilities and Assets designated to the Closed Block, as well as maximum future earnings to be recognized from Closed Block Liabilities and Closed Block Assets, are as follows:

**5. STOCKHOLDERS' EQUITY****Share Repurchase Program**

On November 9, 2004, Prudential Financial's Board of Directors authorized a stock repurchase program under which Prudential Financial was authorized to purchase up to \$1.5 billion of its outstanding Common Stock in 2005. Effective June 7, 2005, Prudential Financial's Board of Directors authorized an increase in the share repurchase program from \$1.5 billion to \$2.1 billion for calendar year 2005. The timing and amount

## Edgar Filing: PRUDENTIAL FINANCIAL INC - Form 10-Q/A

of any repurchases under the authorization will be determined by management based on market conditions and other considerations, and such repurchases may be effected in the open market or through negotiated transactions. This stock repurchase program supersedes all previous repurchase programs. During the first six months of 2005, the Company acquired 14.3 million shares of its Common Stock at a total cost of approximately \$843 million.

**Table of Contents****PRUDENTIAL FINANCIAL, INC.****Notes to Unaudited Interim Consolidated Financial Statements (Continued)****Comprehensive Income (Loss)**

The components of comprehensive income (loss) are as follows:

	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2005	2004	2005	2004
	(in millions)			
Net income	\$ 883	\$ 549	\$ 1,812	\$ 950
Other comprehensive income (loss), net of taxes:				
Change in foreign currency translation adjustments	(85)	(26)	(150)	65
Change in net unrealized investments gains (losses)	746	(1,408)	232	(1,091)
Additional pension liability adjustment	3	(1)	1	(1)
Cumulative effect of accounting change				73
Other comprehensive income (loss)(1)	664	(1,435)	83	(954)
Comprehensive income (loss)	\$ 1,547	\$ (886)	\$ 1,895	\$ (4)

(1) Amounts are net of taxes of \$342 million and \$(708) million for the three months ended June 30, 2005 and 2004, respectively, and \$81 million and \$(591) million for the six months ended June 30, 2005 and 2004, respectively.

The balance of and changes in each component of Accumulated other comprehensive income (loss) for the six months ended June 30, 2005 are as follows (net of taxes):

Accumulated Other Comprehensive Income (Loss)			
Foreign	Net	Pension	Total
Currency	Unrealized	Liability	Accumulated
Translation	Investment	Adjustment	Other
Adjustments	Gains (Losses)		Comprehensive

	(in millions)			<u>Income (Loss)</u>
Balance, December 31, 2004	\$ 326	\$ 2,021	\$ (156)	\$ 2,191
Change in component during period	(150)	232	1	83
Balance, June 30, 2005	<u>\$ 176</u>	<u>\$ 2,253</u>	<u>\$ (155)</u>	<u>\$ 2,274</u>

## 6. EARNINGS PER SHARE

The Company has outstanding two separate classes of common stock. The Common Stock reflects the performance of the Financial Services Businesses and the Class B Stock reflects the performance of the Closed Block Business. Accordingly, earnings per share is calculated separately for each of these two classes of common stock.

Net income for the Financial Services Businesses and the Closed Block Business is determined in accordance with GAAP and includes general and administrative expenses charged to each of the respective businesses based on the Company's methodology for the allocation of such expenses. Cash flows between the Financial Services Businesses and the Closed Block Business related to administrative expenses are determined by a policy servicing fee arrangement that is based upon insurance and policies in force and statutory cash premiums. To the extent reported administrative expenses vary from these cash flow amounts, the differences are recorded, on an after tax basis, as direct equity adjustments to the equity balances of the businesses. The direct equity adjustments modify the earnings available to each of the classes of common stock for earnings per share purposes.

**Table of Contents****PRUDENTIAL FINANCIAL, INC.****Notes to Unaudited Interim Consolidated Financial Statements (Continued)****Common Stock**

A reconciliation of the numerators and denominators of the basic and diluted per share computations is as follows:

	Three Months Ended June 30,					
	2005			2004		
	Income	Weighted Average Shares	Per Share Amount	Income	Weighted Average Shares	Per Share Amount
(in millions, except per share amounts)						
<b>Basic earnings per share</b>						
Income from continuing operations before extraordinary gain on acquisition and cumulative effect of accounting change attributable to the Financial Services Businesses	\$ 798			\$ 510		
Direct equity adjustment	22			23		
Income from continuing operations before extraordinary gain on acquisition and cumulative effect of accounting change attributable to the Financial Services Businesses available to holders of Common Stock after direct equity adjustment	\$ 820	516.5	\$ 1.59	\$ 533	521.5	\$ 1.02
<b>Effect of dilutive securities and compensation programs</b>						
Stock options		5.8			4.0	
Deferred and long-term compensation programs		2.9			2.0

Deferred and long-term compensation programs		2.8			2.0	
Equity security units					4.7	
<b>Diluted earnings per share</b>						
Income from continuing operations before extraordinary gain on acquisition and cumulative effect of accounting change attributable to the Financial Services Businesses available to holders of Common Stock after direct equity adjustment	\$ 1,609	527.6	\$ 3.04	\$ 928	536.0	\$ 1.73

For the three months ended June 30, 2005 and 2004, 4.09 million and 5.16 million options, respectively, weighted for the portion of the period they were outstanding, with a weighted average exercise price of \$55.86 and \$44.98 per share, respectively, were excluded from the computation of diluted earnings per share because the options, based on application of the treasury stock method, were antidilutive. For the six months ended June 30, 2005 and 2004, 3.19 million and 3.96 million options, respectively, weighted for the portion of the period they were outstanding, with a weighted average exercise price of \$55.81 and \$44.88 per share, respectively, were excluded from the computation of diluted earnings per share because the options, based on application of the treasury stock method, were antidilutive.

*Class B Stock*

## Edgar Filing: PRUDENTIAL FINANCIAL INC - Form 10-Q/A

Net income per share of Class B Stock was \$53.50 and \$3.50 for the three months ended June 30, 2005 and 2004, respectively, and \$124.00 and \$49.50 for the six months ended June 30, 2005 and 2004, respectively.

The net income attributable to the Closed Block Business available to holders of Class B Stock after direct equity adjustment for the three months ended June 30, 2005 and 2004 amounted to \$107 million and \$7 million, respectively. The direct equity adjustment resulted in a decrease in the net income attributable to the Closed Block Business applicable to holders of Class B Stock for earnings per share purposes of \$22 million and \$23 million for the three months ended June 30, 2005 and 2004, respectively. The net income attributable to the Closed Block Business available to holders of Class B Stock after direct equity adjustment for the six months ended June 30, 2005 and 2004, amounted to \$248 million and \$99 million, respectively. The direct equity

**Table of Contents****PRUDENTIAL FINANCIAL, INC.****Notes to Unaudited Interim Consolidated Financial Statements (Continued)**

adjustment resulted in a decrease in the net income attributable to the Closed Block Business applicable to holders of Class B Stock for earnings per share purposes of \$44 million and \$42 million for the six months ended June 30, 2005 and 2004, respectively. For the three and six months ended June 30, 2005 and 2004, the weighted average number of shares of Class B Stock used in the calculation of basic earnings per share amounted to 2.0 million shares. There are no potentially dilutive shares associated with the Class B Stock.

**7. EMPLOYEE BENEFIT PLANS**

The Company has funded and non-funded contributory and non-contributory defined benefit pension plans, which cover substantially all of its employees. For some employees, benefits are based on final average earnings and length of service, while benefits for other employees are based on a notional account balance that increases based on age, service and salary during their career.

The Company provides certain life insurance and health care benefits for its retired employees, their beneficiaries and covered dependents ( other postretirement benefits ). The health care plan is contributory; the life insurance plan is non-contributory. Substantially all of the Company's U.S. employees may become eligible to receive other postretirement benefits if they retire after age 55 with at least 10 years of service or under certain circumstances after age 50 with at least 20 years of continuous service.

Net periodic (benefit) cost included in General and administrative expenses includes the following components:

	<b>Three Months Ended June 30,</b>			
	<b>Pension Benefits</b>		<b>Other Postretirement Benefits</b>

**PRUDENTIAL FINANCIAL, INC.**

**Notes to Unaudited Interim Consolidated Financial Statements (Continued)**

**8. SEGMENT INFORMATION**

*Segments*

The Company has organized its principal operations into the Financial Services Businesses and the Closed Block Business. Within the Financial Services Businesses, the Company operates through three divisions, which together encompass seven reportable segments. Businesses that are not sufficiently material to warrant separate disclosure and businesses to be divested are included in Corporate and Other operations. Collectively, the businesses that comprise the three operating divisions and Corporate and Other are referred to as the Financial Services Businesses.

*Adjusted Operating Income*

In managing the Financial Services Businesses, the Company analyzes the operating performance of each segment using adjusted operating income. Adjusted operating income does not equate to income from continuing operations before income taxes, extraordinary gain on acquisition and cumulative effect of accounting change as determined in accordance with GAAP but is the measure of segment profit or loss used by the Company to evaluate segment performance and allocate resources, and, consistent with SFAS No. 131, Disclosures about Segments of an Enterprise and Related Information, is the measure of segment performance presented below.

Adjusted operating income is calculated by adjusting each segment's income from continuing operations before income taxes, extraordinary gain on acquisition and cumulative effect of accounting change to exclude the following items, which are described in greater detail below:

realized investment gains (losses), net, except as indicated below, and related charges and adjustments;

net investment gains and losses on trading account assets supporting insurance liabilities and changes in experience-rated contractholder liabilities due to asset value changes; and

the contribution to income/loss of divested businesses that have been or will be sold or exited but that did not qualify for discontinued operations accounting treatment under GAAP.

The excluded items are important to an understanding of overall results of operations. Adjusted operating income is not a substitute for net income determined in accordance with GAAP, and the Company's definition of adjusted operating income may differ from that used by other companies. However, the Company believes that the presentation of adjusted operating income as measured for management purposes enhances

## Edgar Filing: PRUDENTIAL FINANCIAL INC - Form 10-Q/A

the understanding of results of operations by highlighting the results from ongoing operations and the underlying profitability factors of the Financial Services Businesses.

*Realized investment gains (losses), net, and related charges and adjustments.* Adjusted operating income excludes realized investment gains (losses), net, except as indicated below. A significant element of realized losses is impairments and losses from sales of credit-impaired securities, the timing of which depends largely on market credit cycles and can vary considerably across periods. The timing of other sales that would result in gains or losses is largely subject to the Company's discretion and influenced by market opportunities. Trends in the underlying profitability of the Company's businesses can be more clearly identified without the fluctuating effects of these transactions.

Charges that relate to realized investment gains (losses), net, are also excluded from adjusted operating income. The related charges, which are offset against net realized investment gains and losses in the schedules below, relate to policyholder dividends; amortization of deferred policy acquisition costs, VOBA and unearned revenue reserves; reserves for future policy benefits; payments associated with the market value adjustment

**Table of Contents****PRUDENTIAL FINANCIAL, INC.****Notes to Unaudited Interim Consolidated Financial Statements (Continued)**

features related to certain of the annuity products we sell; and minority interest in consolidated operating subsidiaries. The related charges associated with policyholder dividends include a percentage of net realized investment gains on specified Gibraltar Life assets that is required to be paid as dividends to Gibraltar Life policyholders. Deferred policy acquisition costs, VOBA and unearned revenue reserves for certain products are amortized based on estimated gross profits, which include net realized investment gains and losses on the underlying invested assets. The related charge for these items represent the portion of this amortization associated with net realized investment gains and losses. The reserves for certain policies are adjusted when cash flows related to these policies are affected by net realized investment gains and losses, and the related charge for reserves for future policy benefits represents that adjustment. Certain of our annuity products contain a market value adjustment feature that requires us to pay to the contractholder or entitles us to receive from the contractholder, upon surrender, a market value adjustment based on the crediting rates on the contract surrendered compared to crediting rates on newly issued contracts or based on an index rate at the time of purchase compared to an index rate at time of surrender, as applicable. These payments mitigate the net realized investment gains or losses incurred upon the disposition of the underlying invested assets. The related charge represents the payments or receipts associated with these market value adjustment features. Minority interest expense is recorded for the earnings of consolidated subsidiaries owed to minority investors. The related charge for minority interest in consolidated operating subsidiaries represents the portion of these earnings associated with net realized investment gains and losses.

Adjustments to Realized investment gains (losses), net, for purposes of calculating adjusted operating income, include the following:

Gains and losses pertaining to derivative contracts that do not qualify for hedge accounting treatment, other than derivatives used for trading purposes, are included in Realized investment gains (losses), net. This includes mark-to-market adjustments of open contracts as well as periodic settlements. As discussed further below, adjusted operating income includes a portion of realized gains and losses pertaining to certain derivative contracts.

Adjusted operating income of the International Insurance and International Investments segments reflect the impact of an intercompany arrangement with Corporate and Other operations pursuant to which those segments results in certain countries for a particular year, including its interim reporting periods, are translated at fixed currency exchange rates. The fixed rates are determined in connection with a currency hedging program designed to mitigate the risk that unfavorable rate changes will reduce those segments U.S. dollar equivalent earnings. Pursuant to this program, the Company executes forward sale contracts in the hedged currency in exchange for U.S. dollars at a specified exchange rate. The maturities of these contracts correspond with the future periods in which the non-U.S. earnings are expected to be generated. These contracts do not qualify for hedge accounting under GAAP and, as noted above, all resulting profits or losses from such contracts are included in Realized investment gains (losses), net. When the contracts are terminated in the same period that the expected earnings emerge, the resulting positive or negative cash flow effect is included in adjusted operating income (losses of \$20 million and losses of \$22 million for the three months ended June 30, 2005 and 2004, respectively, and losses of \$56 million and \$47 million for the six months ended June 30, 2005 and 2004, respectively). As of June 30, 2005 and December 31, 2004, the fair value of open contracts used for this purpose was a net liability of \$5 million and \$230 million, respectively.

The Company utilizes interest and currency swaps and other derivatives to manage interest and currency exchange rate exposures arising from mismatches between assets and liabilities, including duration mismatches. For the derivative contracts that do not qualify for hedge accounting treatment, mark-to-market adjustments of open contracts as well as periodic settlements are included in Realized investment gains (losses), net. However, the periodic swap settlements, as well as other derivative related yield adjustments, are included in adjusted operating income to reflect the after-hedge yield of the underlying instruments. Adjusted operating income

**Table of Contents**

**PRUDENTIAL FINANCIAL, INC.**

**Notes to Unaudited Interim Consolidated Financial Statements (Continued)**

includes gains of \$15 million and \$0 million for the three months ended June 30, 2005 and 2004, respectively, and gains of \$33 million and \$8 million for the six months ended June 30, 2005 and 2004, respectively, due to periodic settlements and yield adjustments of such contracts.

The Company invests in fixed maturities that, in addition to a stated coupon, provide a return based upon the results of an underlying portfolio of fixed income investments and related investment activity. The Company accounts for these investments as available for sale fixed maturities containing embedded derivatives that are marked to market through Realized investment gains (losses), net, based upon the change in value of the underlying portfolio. Adjusted operating income includes a portion of the cumulative realized investment gains on these embedded derivatives on an amortizing basis over the remaining life of the securities. However, adjusted operating income includes any cumulative realized investment losses immediately. Adjusted operating income includes losses of \$13 million for the three and six months ended June 30, 2005, related to these embedded derivatives. There were no adjustments for the three and six months ended June 30, 2004.

Adjustments are also made for the purposes of calculating adjusted operating income for the following items:

The Company's Japanese insurance operations invest in reverse dual currency fixed maturities and loans, which pay interest in U.S. dollars, while the principal is payable in Japanese Yen. For fixed maturities that are categorized as held to maturity, and loans where the Company's intent is to hold them to maturity, the change in value related to foreign currency fluctuations associated with the U.S. dollar interest payments is recorded in Commissions and other income. Since these instruments will be held until maturity, the foreign exchange impact will ultimately be realized as net investment income as earned and is therefore excluded from current period adjusted operating income. This change in value related to foreign currency fluctuations recorded within Commissions and other income is excluded from adjusted operating income as an adjustment to Realized investment gains (losses), net, and was an increase of \$3 million for the three and six months ended June 30, 2005. There were no adjustments for the three and six months ended June 30, 2004.

As part of the acquisition of CIGNA's retirement business, the Company entered into reinsurance agreements with CIGNA, including a modified-coinsurance-with-assumption arrangement that applies to the defined benefit guaranteed-cost contracts acquired. The net results of these contracts are recorded in Commissions and other income, as a result of the reinsurance arrangement, and such net results include realized investment gains and losses. These realized investment gains and losses are excluded from adjusted operating income as an adjustment to Realized investment gains (losses), net. Net realized investment gains were excluded for the three months ended June 30, 2005 and 2004 of \$1 million and \$3 million, respectively, and for the six months ended June 30, 2005 and 2004 of \$13 million and \$3 million, respectively.

*Investment gains and losses on trading account assets supporting insurance liabilities and changes in experience-rated contractholder liabilities due to asset value changes.* Certain products included in the retirement business acquired from CIGNA, as well as certain products included in the International Insurance segment, are experience-rated in that investment results associated with these products will ultimately inure to contractholders. The investments supporting these experience-rated products, excluding mortgage loans, are classified as trading. These trading investments are reflected on the statements of financial position as Trading account assets supporting insurance liabilities, at fair value and all investment results are reported in Commissions and other income. Mortgage loans that support these experience-rated products are carried at unpaid principal, net of unamortized discounts and an allowance for losses, and are reflected on the statements of financial position as Commercial loans.

Adjusted operating income excludes net investment gains and losses on trading account assets supporting insurance liabilities. This is consistent with the exclusion of realized investment gains and losses with respect to other investments supporting insurance liabilities managed on a consistent basis, as discussed above. In addition,

**Table of Contents****PRUDENTIAL FINANCIAL, INC.****Notes to Unaudited Interim Consolidated Financial Statements (Continued)**

to be consistent with the historical treatment of charges related to realized gains and losses on available for sale securities, adjusted operating income also excludes the change in contractholder liabilities due to asset value changes in the pool of investments (including mortgage loans) supporting these experience-rated contracts, which are reflected in Interest credited to policyholders' account balances. The result of this approach is that adjusted operating income for these products includes only net fee revenue and interest spread the Company earns on these experience-rated contracts, and excludes changes in fair value of the pool of investments, both realized and unrealized, that inure to the contractholders.

*Divested businesses.* The contribution to income/loss of divested businesses that have been or will be sold or exited, but that did not qualify for discontinued operations' accounting treatment under GAAP, are excluded from adjusted operating income as the results of divested businesses are not relevant to understanding the Company's ongoing operating results.

The summary below reconciles adjusted operating income to income from continuing operations before income taxes, extraordinary gain on acquisition and cumulative effect of accounting change:

	Three Months Ended		Six Months Ended

**9. CONTINGENCIES AND LITIGATION AND REGULATORY MATTERS***Contingencies*

On an ongoing basis, the Company's internal supervisory and control functions review the quality of sales, marketing and other customer interface procedures and practices and may recommend modifications or enhancements. In certain cases, if appropriate, the Company may offer

customers remediation and may incur charges, including the cost of such remediation, administrative costs and regulatory fines.

It is possible that the results of operations or the cash flow of the Company in a particular quarterly or annual period could be materially affected as a result of payments in connection with the matters discussed above or other matters depending, in part, upon the results of operations or cash flow for such period. Management believes, however, that ultimate payments in connection with these matters, after consideration of applicable reserves, should not have a material adverse effect on the Company's financial position.

***Litigation and Regulatory Matters***

The Company is subject to legal and regulatory actions in the ordinary course of its businesses. Pending legal and regulatory actions include proceedings relating to aspects of our businesses and operations that are specific to the Company and proceedings that are typical of the businesses in which the Company operates, including in both cases businesses that have either been divested or placed in wind-down status. Some of these proceedings have been brought on behalf of various alleged classes of complainants. In certain of these matters, the plaintiffs are seeking large and/or indeterminate amounts, including punitive or exemplary damages.

As more fully described in Prudential Financial's Annual Report on Form 10-K for 2004, commencing in 2003, the Company received formal requests for information from regulators and law enforcement authorities

**Table of Contents**

**PRUDENTIAL FINANCIAL, INC.**

**Notes to Unaudited Interim Consolidated Financial Statements (Continued)**

relating to the purchase and sale of mutual fund shares and variable annuities. They include, among others, the Securities and Exchange Commission ( SEC ), the New York Stock Exchange, the National Association of Securities Dealers, the New Jersey Bureau of Securities, the State of New York Attorney General's Office ( NYAG ), the Securities Division of Massachusetts and the United States Attorney, District of Massachusetts. The matters under investigation principally concern allegations relating to market timing in the retail brokerage operations of the former Prudential Securities and in certain American Skandia products.

In connection with Prudential Securities, the Company believes that the pending investigations will likely result in proceedings and/or settlements. The Company is engaged in ongoing discussions with all relevant authorities and is fully cooperating with them. The Company has established a reserve for anticipated settlement costs, but there are no assurances that this reserve will prove adequate.

Civil charges have been brought against certain former Prudential Securities brokers and branch managers, and, on August 2, 2005, criminal charges were brought by the United States Attorney, District of Massachusetts, against a former Prudential Securities broker, relating to the matters under investigation. It is possible that additional civil and/or criminal charges may be brought against these and other former Prudential Securities employees.

In connection with American Skandia, the Company believes that the investigations of the SEC and the NYAG are likely to lead to proceedings and/or settlements. The Company is fully cooperating with these investigations. Any regulatory settlement involving an American Skandia entity would be subject to the indemnification provisions of the acquisition agreement pursuant to which Prudential Financial purchased the American Skandia entities in May 2003 from Skandia Insurance Company Ltd. (publ) ( Skandia ). With Skandia's approval, an offer was made by American Skandia to these regulators to settle the matters relating to market timing in variable annuities by paying restitution and a civil penalty of \$95 million in the aggregate, and there are ongoing discussions with these regulators regarding settlement of these matters.

The Company currently uses reinsurance primarily to transfer mortality risk, to acquire or dispose of blocks of business and to manage its capital more effectively. As indicated in the Current Report on Form 8-K filed by Prudential Financial on June 7, 2005, given the recent publicity surrounding certain reinsurance transactions involving other companies in the insurance industry, the Company voluntarily commenced a review of the accounting for its reinsurance arrangements to confirm that it complied with applicable accounting rules. This review includes an inventory and examination of current and past arrangements, including those relating to the Company's wind down and divested businesses and discontinued operations. This review is ongoing and not yet complete. Subsequent to commencing its voluntary review, the Company received formal requests for information from the Connecticut Attorney General, the Connecticut Insurance Department and the Securities and Exchange Commission requesting information regarding the Company's participation in certain reinsurance transactions. The Company believes that a number of other insurance industry participants have also received similar requests. It is possible that the Company may receive additional requests from regulators relating to reinsurance arrangements. The Company intends to cooperate fully with all such requests.

As previously reported, in *Azar, et al. v. Prudential Insurance*, plaintiffs brought an action based upon the alleged failure to disclose adequately the increased costs associated with payment of life insurance premiums on a modal basis. In July 2005, the District Court of Valencia County, New Mexico, certified a class of only New Mexico residents who purchased insurance policies during the class period and paid modal premiums for their policies, but denied plaintiffs' motion to include purchasers from 35 additional state jurisdictions.

**Table of Contents**

**PRUDENTIAL FINANCIAL, INC.**

**Notes to Unaudited Interim Consolidated Financial Statements (Continued)**

In June 2005, a motion by all defendants in *Enron Corp. v. J.P. Morgan Securities, et al.* to dismiss Enron's complaint in this bankruptcy preference action was denied by the United States Bankruptcy Court for the Southern District of New York.

The Company's litigation is subject to many uncertainties, and given its complexity and scope, its outcome cannot be predicted. It is possible that the results of operations or the cash flow of the Company in a particular quarterly or annual period could be materially affected by an ultimate unfavorable resolution of pending litigation and regulatory matters depending, in part, upon the results of operations or cash flow for such period. Management believes, however, that the ultimate outcome of all pending litigation and regulatory matters, after consideration of applicable reserves, should not have a material adverse effect on the Company's financial position.

**Table of Contents**

**PRUDENTIAL FINANCIAL, INC.**

**Notes to Unaudited Interim Supplemental Combining Financial Information**

**1. BASIS OF PRESENTATION**

The supplemental combining financial information presents the consolidated financial position and results of operations for Prudential Financial, Inc. and its subsidiaries (together, the Company), separately reporting the Financial Services Businesses and the Closed Block Business. The Financial Services Businesses and the Closed Block Business are both fully integrated operations of the Company and are not separate legal entities. The supplemental combining financial information presents the results of the Financial Services Businesses and the Closed Block Business as if they were separate reporting entities and should be read in conjunction with the Unaudited Interim Consolidated Financial Statements.

The Company has outstanding two classes of common stock. The Common Stock reflects the performance of the Financial Services Businesses and the Class B Stock reflects the performance of the Closed Block Business.

The Closed Block Business was established on the date of demutualization and includes the assets and liabilities of the Closed Block (see Note 4 to the Unaudited Interim Consolidated Financial Statements for a description of the Closed Block). It also includes assets held outside the Closed Block necessary to meet insurance regulatory capital requirements related to products included within the Closed Block; deferred policy acquisition costs related to the Closed Block policies; the principal amount of the IHC debt (as discussed in Note 2 below) and related unamortized debt issuance costs, as well as an interest rate swap related to the IHC debt; and certain other related assets and liabilities. The Financial Services Businesses consist of the Insurance, Investment, and International Insurance and Investments divisions and Corporate and Other operations.

**2. ALLOCATION OF RESULTS**

This supplemental combining financial information reflects the assets, liabilities, revenues and expenses directly attributable to the Financial Services Businesses and the Closed Block Business, as well as allocations deemed reasonable by management in order to fairly present the financial position and results of operations of the Financial Services Businesses and the Closed Block Business on a stand alone basis. While management considers the allocations utilized to be reasonable, management has the discretion to make operational and financial decisions that may affect the allocation methods and resulting assets, liabilities, revenues and expenses of each business. In addition, management has limited discretion over accounting policies and the appropriate allocation of earnings between the two businesses. The Company is subject to agreements which provide that, in most instances, the Company may not change the allocation methodology or accounting policies for the allocation of earnings between the Financial Services Businesses and Closed Block Business without the prior consent of the Class B Stock holders or IHC debt bond insurer.

General corporate overhead not directly attributable to a specific business that has been incurred in connection with the generation of the businesses' revenues is generally allocated based on the general and administrative expenses of each business as a percentage of total general and administrative expenses for all businesses.

Prudential Holdings, LLC, a wholly owned subsidiary of Prudential Financial, Inc., has outstanding senior secured notes (the IHC debt ), of which net proceeds of \$1.66 billion were allocated to the Financial Services Businesses concurrent with the demutualization on December 18, 2001. The IHC debt is serviced by the cash flows of the Closed Block Business, and the results of the Closed Block Business reflect interest expense associated with the IHC debt.

**Table of Contents**

**PRUDENTIAL FINANCIAL, INC.**

**Notes to Unaudited Interim Supplemental Combining Financial Information (Continued)**

Income taxes are allocated between the Financial Services Businesses and the Closed Block Business as if they were separate companies based on the taxable income or losses and other tax characterizations of each business. If a business generates benefits, such as net operating losses, it is entitled to record such tax benefits to the extent they are expected to be utilized on a consolidated basis.

Holders of Common Stock have no interest in a separate legal entity representing the Financial Services Businesses; holders of the Class B Stock have no interest in a separate legal entity representing the Closed Block Business; and holders of each class of common stock are subject to all of the risks associated with an investment in the Company.

In the event of a liquidation, dissolution or winding-up of the Company, holders of Common Stock and holders of Class B Stock would be entitled to receive a proportionate share of the net assets of the Company that remain after paying all liabilities and the liquidation preferences of any preferred stock.

The results of the Financial Services Businesses are subject to certain risks pertaining to the Closed Block. These include any expenses and liabilities from litigation affecting the Closed Block policies as well as the consequences of certain potential adverse tax determinations. In connection with the sale of the Class B Stock and IHC debt, the cost of indemnifying the investors with respect to certain matters will be borne by the Financial Services Businesses.

**Item 4. Controls and Procedures**

In order to ensure that the information we must disclose in our filings with the Securities and Exchange Commission is recorded, processed, summarized, and reported on a timely basis, the Company's management, including our Chief Executive Officer and Chief Financial Officer, previously reviewed and evaluated the effectiveness of our disclosure controls and procedures, as defined in Exchange Act Rule 13a-15(e), as of June 30, 2005. Based on such evaluation, the Chief Executive Officer and Chief Financial Officer previously concluded that, as of June 30, 2005, our disclosure controls and procedures were effective in timely alerting them to material information relating to us (and our consolidated subsidiaries) required to be included in our periodic SEC filings. No change in our internal control over financial reporting, as defined in Exchange Act Rule 13a-15(f), occurred during the quarter ended June 30, 2005, that materially affected, or is reasonably likely to materially affect, our internal control over financial reporting. These conclusions are not affected by the misclassifications in the Company's Consolidated Statements of Cash Flows discussed in the following paragraph, which were identified subsequent to the filing of the Company's Quarterly Report on Form 10-Q for the quarter ended June 30, 2005.

As reported in a Current Report on Form 8-K filed by the Company on February 6, 2006, management of the Company concluded that certain amounts were incorrectly classified in the Company's audited Consolidated Statements of Cash Flows for the years ended December 31, 2004, 2003 and 2002 included in the Company's 2004 Annual Report on Form 10-K (the "2004 Form 10-K") and in the Company's unaudited Consolidated Statements of Cash Flows for the periods ended March 31 and June 30, 2005 and 2004 included in the Company's Quarterly Reports on Form 10-Q for the quarters ended March 31 and June 30, 2005 (the "2005 Forms 10-Q"). In connection with the preparation of the Company's consolidated financial statements for the year ended December 31, 2005, management of the Company concluded on February 1,

## Edgar Filing: PRUDENTIAL FINANCIAL INC - Form 10-Q/A

2006 that the Company should file a Form 10-K/A and Forms 10-Q/A, including this Form 10-Q/A, restating the Consolidated Statements of Cash Flows included in the 2004 Form 10-K and in the 2005 Forms 10-Q. The restatements are limited in scope, relating to the classification of data collected and not to the collection of data or to the numerical accuracy of data collected. The Company has implemented enhancements to its internal control over financial reporting, primarily with respect to the periodic analysis and review of statements of cash flows, designed to provide reasonable assurance that errors of this type in the Company's Consolidated Statements of Cash Flows will not recur.
